NATIONAL GOVERNMENT
BUDGET IMPLEMENTATION REVIEW REPORT

FIRST NINE MONTHS
FY 2019/20

MAY, 2020

FOREWORD

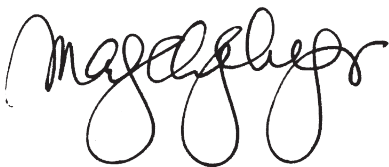

I am pleased to present the National Government Budget Implementation Review Report (BIRR) for the first nine months of the Financial Year (FY) 2019/20. The report has been prepared in fulfilment of Article 228 (6) of the Constitution of Kenya, 2010 and the Controller of Budget Act, 2016, which require the Controller of Budget (COB) to submit to both Houses of Parliament a report on the implementation of budgets of both National and County Governments every four months.

The report covers the period from July 2019 to March 2020 and comes at a time when the Country is containing the spread of the Novel Corona Virus Disease (COVID -19), which was declared a global pandemic by the World Health Organization on March 11, 2020. Kenya's first COVID-19 case was confirmed on March 13, 2020 prompting the government to institute stringent measures to curb its spread. The measures included; suspension of learning in all educational institutions and travel for all persons coming into Kenya from any country with reported COVID-19 cases. Where possible, Government offices, businesses and companies were encouraged to allow employees to work from home except for employees providing essential services. The public was implored to avoid crowded places and use of cashless transactions such as mobile money and credit cards was encouraged while mobile operators and banks were called upon to reduce the cost of transactions during this period.

Despite the COVID-19 challenges, the government continued to make progress in implementing the FY 2019/20 budget as indicated in this report. The report is based on data from the approved budget, financial reports submitted to the Office of Controller of Budget (OCOB) by Government Ministries, Departments and Agencies (MDAs) in line with Section 83(4) of the Public Finance Management Act, 2012 (PFM Act) and data from the Integrated Financial Information System (IFMIS). The key issues that affected budget implementation and appropriate recommendations to address the challenges have been included in the report to enhance budget execution in future.

This report provides budget implementation information to Parliament and the public as required by the Constitution and other Legislations. It is, therefore, expected that information contained in this report will enhance effectiveness in the monitoring of budget implementation by oversight institutions and also help MDAs in assessing their progress.

Preparation of this report was made possible by the concerted efforts of the staff from MDAs and Office of the Controller of Budget, whom I greatly appreciate. In line with Section 39(8) of the PFM Act 2012, OCOB will continue to publish and publicize reports on budget implementation. I encourage public entities to publicly avail information on budget implementation to enhance accountability and openness in the use of public resources.

Dr. Margaret Nyakang'o

EXECUTIVE SUMMARY

This National Government Budget Implementation Review Report covers the first nine months of the FY 2019/20 a period from July 2019 to March, 2020. The report has been prepared in line with Article 228(6) of the Constitution of Kenya 2010 and Section 9 of the Controller of Budget Act, 2016, which require the Controller of Budget to submit to both Houses of Parliament quarterly budget implementation reports for the National and County Governments.

During the period under review, receipts into the Consolidated Fund amounted to **Kshs.1.8 trillion**, representing **67 per cent** of the revised annual target of Kshs.2.7 trillion. This represented an increase of 6.2 per cent over a similar period of FY 2018/19 when receipts stood at Kshs.1.7 trillion. Total exchequer issues to MDAs and County Governments amounted to **Kshs.1.8 trillion**, representing **65.7 per cent** of the revised net estimates and an increase of 6 per cent over a similar period of FY 2018/19 when exchequer issues stood at Kshs.1.7 trillion. The exchequer issues comprised of Kshs.242.2 billion for development programmes, Kshs.1.3 trillion for recurrent activities (Kshs.723.8 billion to MDAs recurrent programmes and Kshs.579.4 billion towards Consolidated Fund Services), and Kshs.207.3 billion to County Governments as shareable revenue from the National Government.

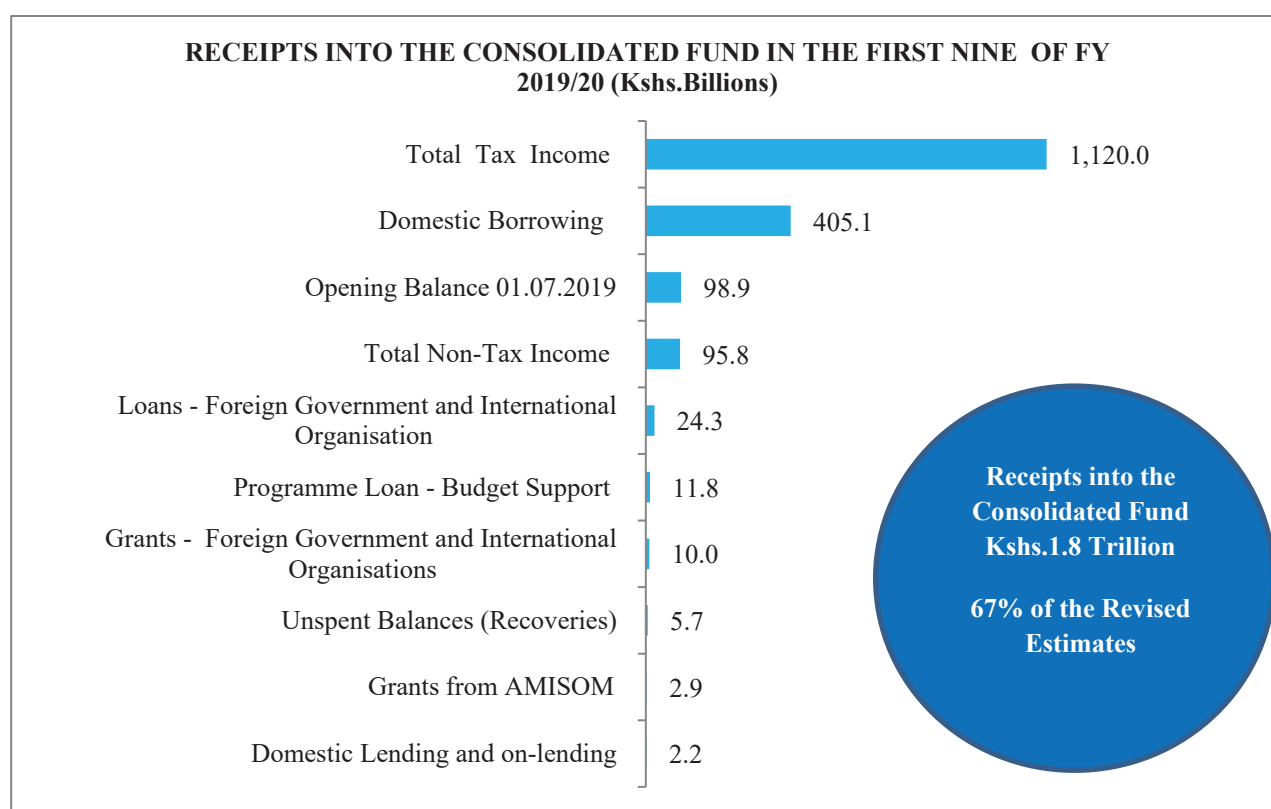

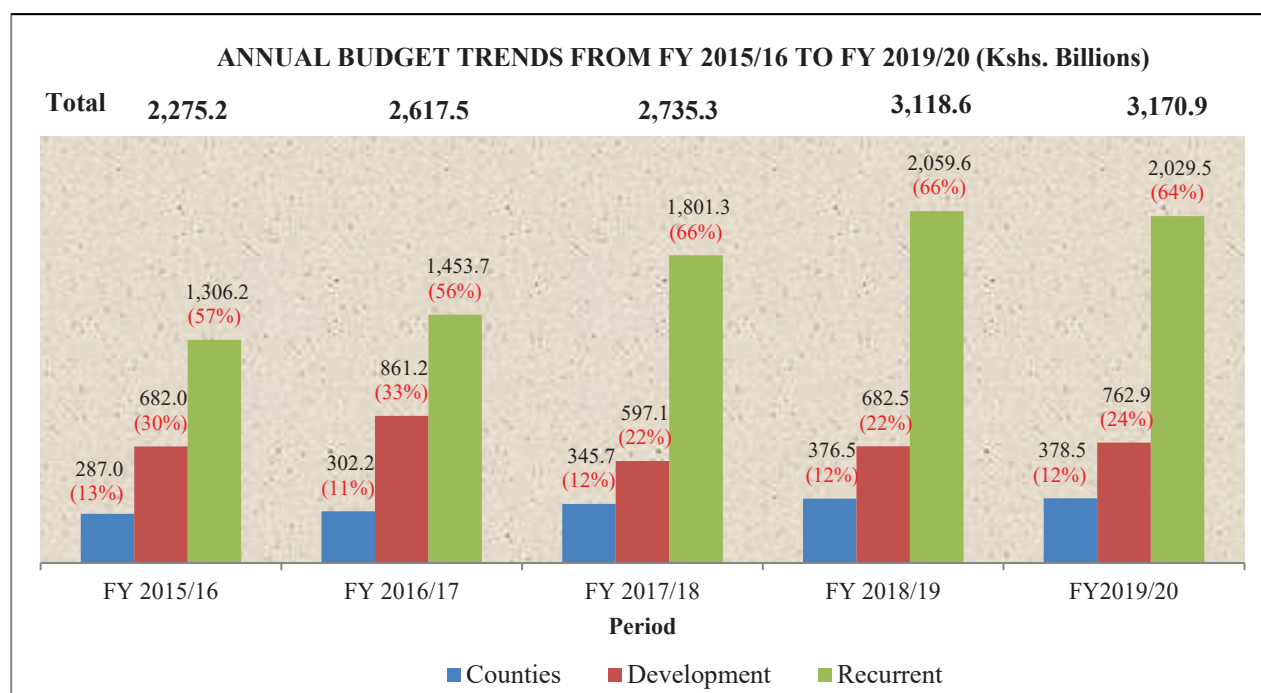

Total expenditure by the National Government was **Kshs.1.8 trillion**, representing **62.9 per cent** of the revised gross estimates, a marginal decline compared to 63.5 per cent (Kshs.1.7 trillion) recorded in a similar period of FY 2018/19. These expenditures comprised of **Kshs.775.6 billion** on MDAs recurrent activities, representing **63.4 per cent** of the revised gross recurrent estimates, **Kshs.518.3 billion** on Consolidated Fund Services, representing **64.3 per cent** of the revised gross estimates and **Kshs.463.6 billion** on development activities, representing an absorption rate of **60.8 per cent**.

An analysis of the recurrent expenditure by economic category shows that Personnel Emoluments (PE) recorded the highest category at Kshs.315.8 billion and represented 40.7 per cent of the gross recurrent expenditure by MDAs. The Teachers Service Commission (TSC) reported the highest expenditure on PE at Kshs.181.7 billion, accounting for 57.7 per cent of the total PE expenditure. Current transfers to Semi-Autonomous Government Agencies (SAGAs) followed at Kshs.190.5 billion, or 24.6 per cent of the gross recurrent expenditure. Other categories with high expenditure included traveling and hospitality at Kshs.12.8 billion and Kshs.4.5 billion respectively.

The report shows that the development budget recorded an absorption rate of 60.8 per cent against the targeted rate of 75 per cent in the first nine months of the financial year. The analysis shows that the capital transfer to SAGAs recorded the highest expenditure at Kshs.255 billion, followed by construction and civil works at Kshs.65.2 billion and refurbishment of buildings and infrastructure at Kshs.44.5 billion.

In the period under review, the report identified some key issues which must be addressed to enhance budget execution. They include; delay in submission of quarterly financial reports to the Controller of Budget, outbreak of COVID-19 which affected the seamless flow of operations of MDAs and failure to report on programme and projects achievements by some MDAs. Accounting Officers should ensure that, quarterly reports are submitted to the Controller of Budget on time as specified in Section 83 (3 & 4) of the PFM Act, 2012. The report also highlights some of the measures that could be implemented to mitigate against the negative economic effects occasioned by COVID-19.

KEY HIGHLIGHTS

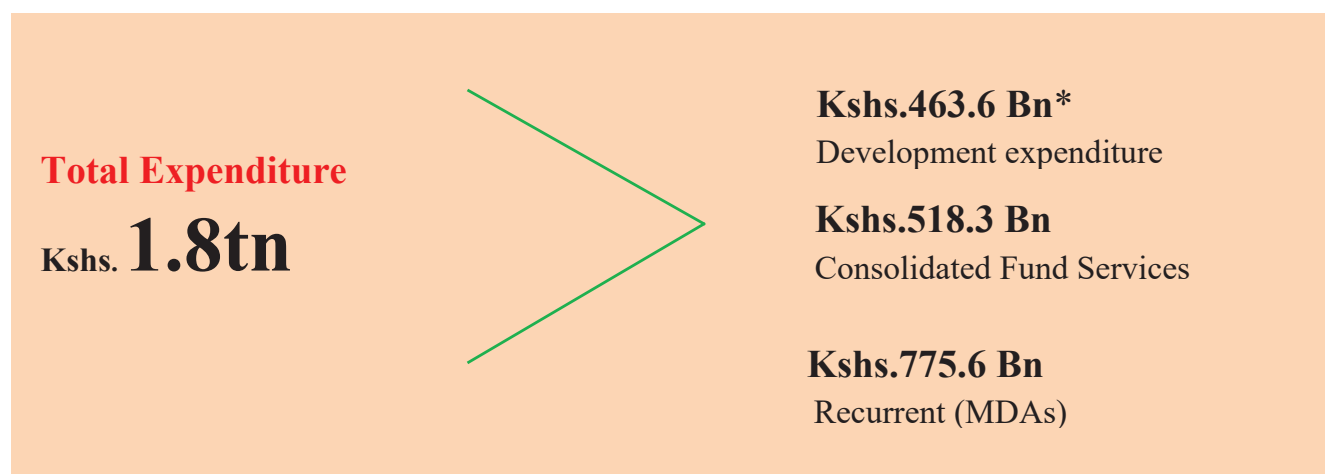

Overall National Government Budget Performance in the First nine months of FY 2019/20

Exchequer Issues

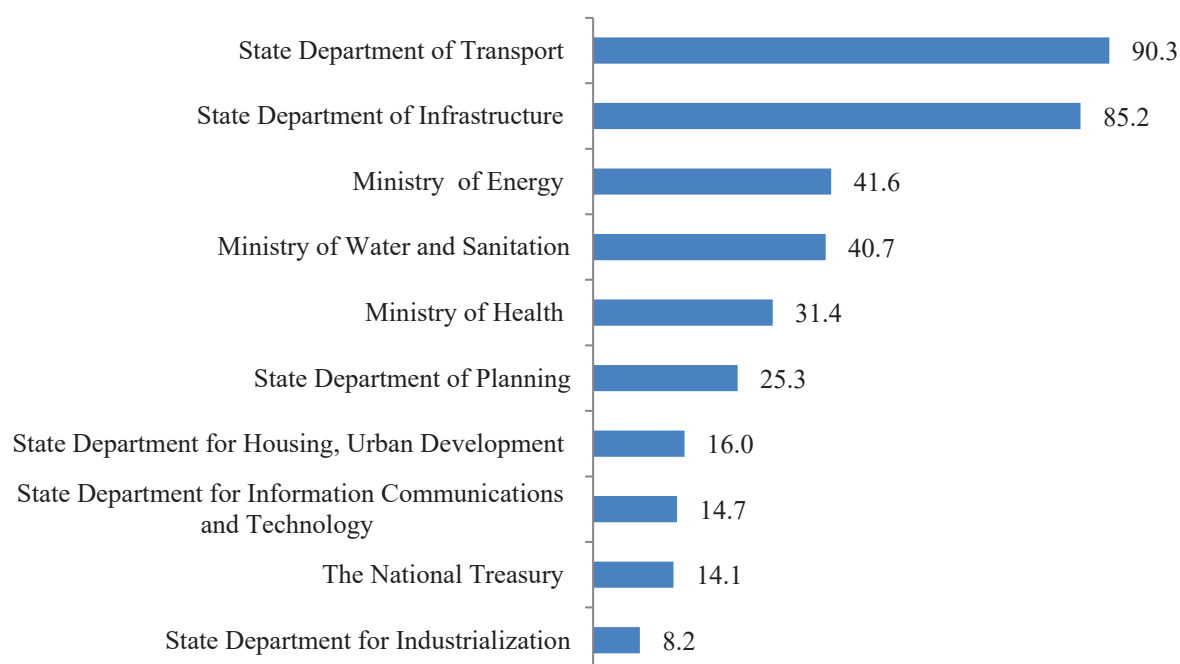

National Government Expenditure

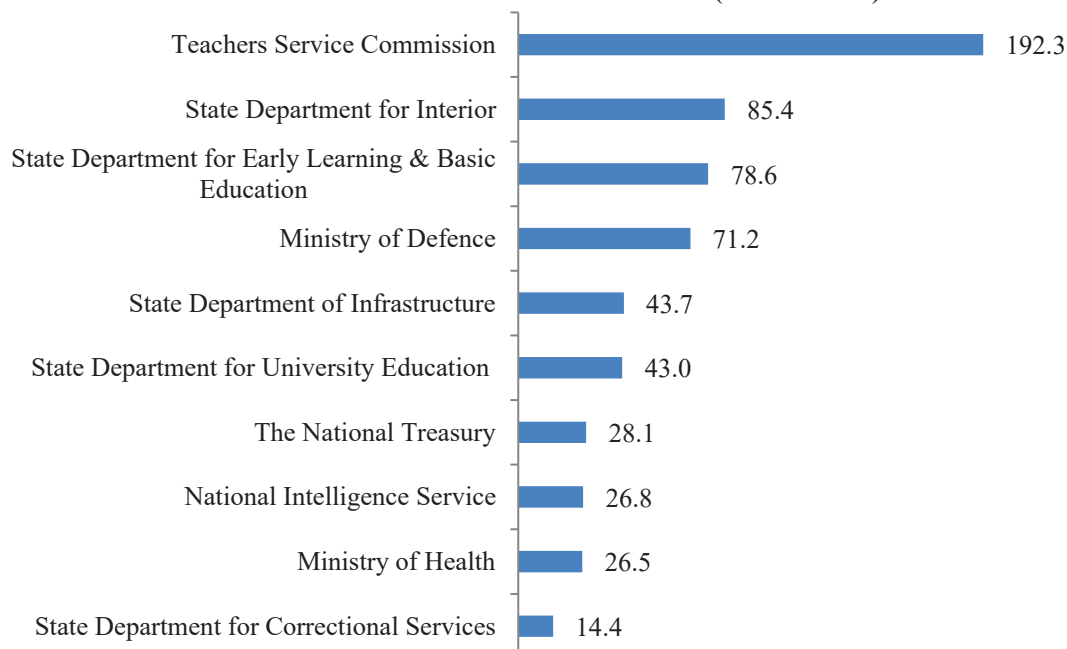

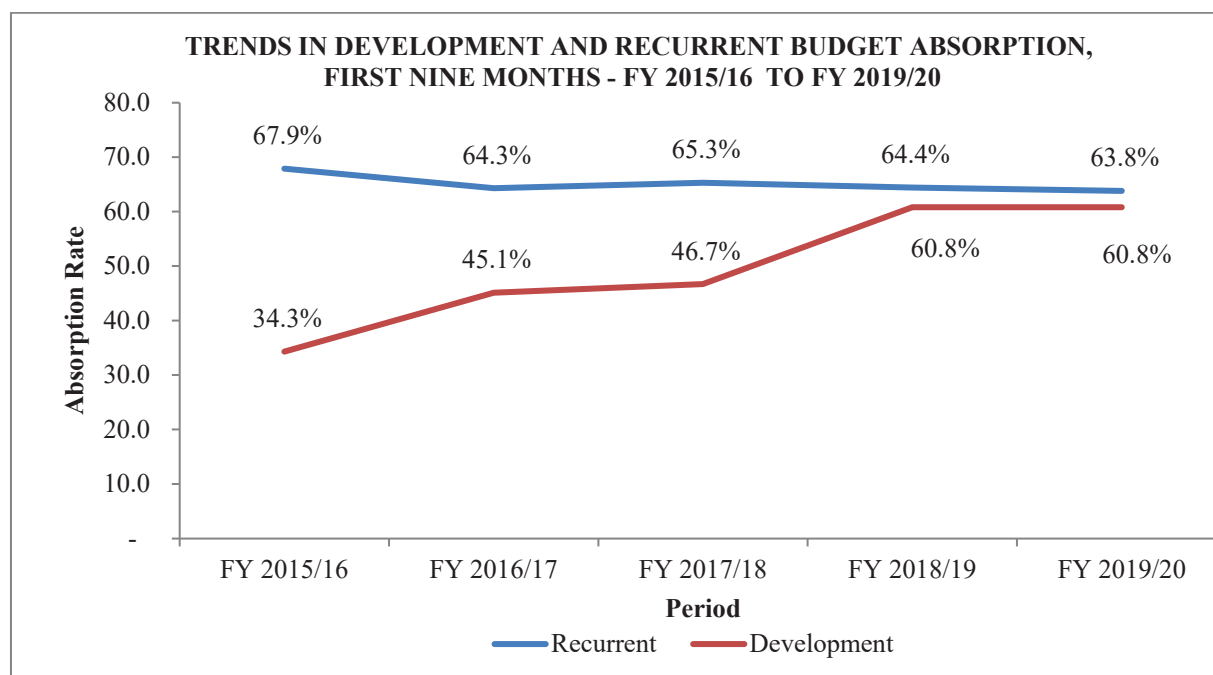

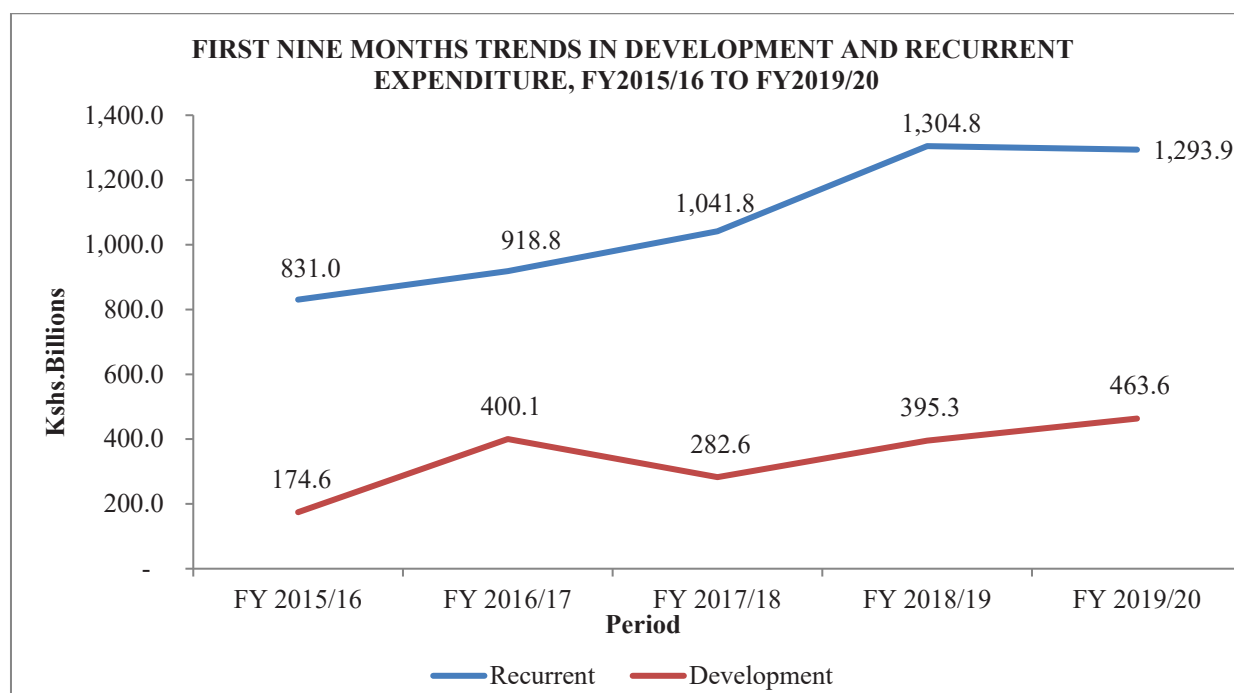

* Development expenditure is significantly higher than the total development exchequers issued due to Appropriations-in-Aid (AIA) and donor funding. AIA is revenue in the form of receipts from user charges collected internally by Ministries and Departments and is spent by the entity that raised the revenue.

1 INTRODUCTION

This report has been prepared in line with the Constitution of Kenya, 2010 and the Controller of Budget Act, 2016, which require the Controller of Budget to regularly report on budget implementation. Specifically, Article 228(6) of the Constitution of Kenya, 2010 and Section 9 of the Controller of Budget Act, 2016 require the Controller of Budget to submit to each House of Parliament a report on budget implementation for both the National and County Governments every four months.

The report presents key indicators that can be used to access the progress made by National Government entities in implementing the FY 2019/20 budget. These include exchequer issues and budget absorption rates. Exchequer issues are funds released to MDAs by the National Treasury to implement planned activities. The absorption rate is used to determine implementation performance and is an expression of expenditure as a percentage of the gross estimates. The gross estimate is the total budgetary allocation to MDAs within the financial year and includes funding through exchequers and Appropriations-in-Aid (AIA).

The report is structured into seven chapters. Chapter one is the introduction. Chapter two presents the summary of receipts into the Consolidated Fund, Exchequer issues to MDAs, Consolidated Fund Services and County Governments. Exchequer issues are further disaggregated into Development and Recurrent expenditure issues. Chapter three provides a summary of overall budget performance. It also provides expenditure analysis by economic items for both development and recurrent expenditures. Development expenditure is further analysed by economic classification comprising of items such as the Refurbishment of Buildings and Infrastructure, Civil Works and Construction and Pre-feasibility Studies, among others. Recurrent expenditure is further disaggregated into Personnel Emoluments, Operations and Maintenance and Current Transfers. Consolidated Fund Services is categorised as recurrent expenditure and consists of, Public debt, Pensions and Gratuity and Salaries, Allowances to holders of Constitutional Offices and other Miscellaneous services.

Chapter four provides a detailed analysis of budget performance by MDAs and is clustered into ten sectors according to the Classification of Functions of the Government (COFOG). The sectors are; (i) Agriculture, Rural and Urban Development, (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources, (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law and Order, (vii) Health, (viii) National Security, (ix) Public Administration and International Relations, and (x) Social Protection, Culture and Recreation. The chapter provides information on both gross and net budget allocations, exchequer issues, expenditure per MDA, and the aggregate expenditure for each of the ten sectors.

Chapter five provides a summary of budget performance by programme for each MDA and provides details on budget allocation, expenditure on both development and recurrent programmes, and progress on budget implementation by programmes. Key issues that affected budget implementation in the first nine months of FY 2019/20 are highlighted in Chapter six. Chapter seven provides the conclusion.

2 ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1 Introduction

This chapter provides a summary of receipts into the Consolidated Fund during the first nine months of the FY 2019/20. It also provides a breakdown on the disbursement of funds received into the Consolidated Fund and is issued to MDAs, Consolidated Fund Services and the forty-seven counties for development and recurrent expenditure.

2.2 Analysis of Revenue Estimates and Receipts into the Consolidated Fund

This section presents a summary of the revenue estimates and actual receipts into the Consolidated Fund during the first nine months of the FY 2019/20. It also illustrates the trend of receipts into the Consolidated Fund over similar periods in the past five financial years.

2.2.1 FY 2019/20 Revenue Estimates

In the Supplementary Budget I, the revised revenue estimates for FY 2019/20 amounted to Kshs.2.7 trillion, recording an increase compared to Kshs.2.6 trillion in FY 2018/19. To finance the budget, the National Treasury targeted various sources of revenue, which include: Tax income (Kshs.1.7 trillion); Non-tax income (Kshs.138.9 billion); Domestic borrowing (Kshs.514 billion); Commercial loans (Kshs.200 billion); and loans from Foreign Governments and International Organisations (Kshs.66.1 billion).

Other revenue sources are: Grants from Foreign Governments and International Organisations of Kshs.17.7 billion; Grants from African Mission in Somalia – (AMISOM) Kshs.4 billion, domestic lending and on-lending of Kshs.4.3 billion, and Programme loan for budget support of Kshs.2 billion.

2.2.2 Receipts into the Consolidated Fund

In the first nine months of FY 2019/20, total receipts into the Consolidated Fund amounted to Kshs.1.8 trillion. This amount comprised of cash from the previous financial year (FY 2018/19), tax and non-tax income, domestic borrowing, loans and grants from foreign governments, international organisations and AMISOM, programme loans for budget support, domestic lending and on-lending, and unspent balances recovered from MDAs from FY 2018/19.

Table 2.1 presents a statement of receipts into the Consolidated Fund in the first nine months of FY 2019/20.

Table 2.1: Statement of Receipts into the Consolidated Fund as at 31st March 2020

Receipts	Original Estimates (Kshs)	Revised Estimates (Kshs.)	Actual Receipts (Kshs.)	Performance by (%)	Contribution by Category (%)

2.3 FY 2019/20 Overall Budget

In the Supplementary Budget I, revised gross estimates for FY 2019/20 amounted to Kshs.3.2 trillion comprising of Kshs.2 trillion for recurrent expenditure, Kshs.762.2 billion for development expenditure and Kshs.378.5 billion towards financing the county governments. Allocations to the County governments comprise of Kshs.316.5 billion as the equitable share of the revenue raised nationally and Kshs.62 billion for Conditional Grants funded by the National Government and Development Partners.

2.4 Exchequer Issues to the MDAs and County Governments

In the first nine months of FY 2019/20, the total exchequer issues to MDAs and County governments amounted to Kshs.1.8 trillion, representing 66.1 per cent of the revised net estimates. This was an increase compared to 64.4 per cent recorded in a similar period of FY 2018/19.

Table 2.3 presents a summary of the exchequer issues in the first nine months, FY 2019/20.

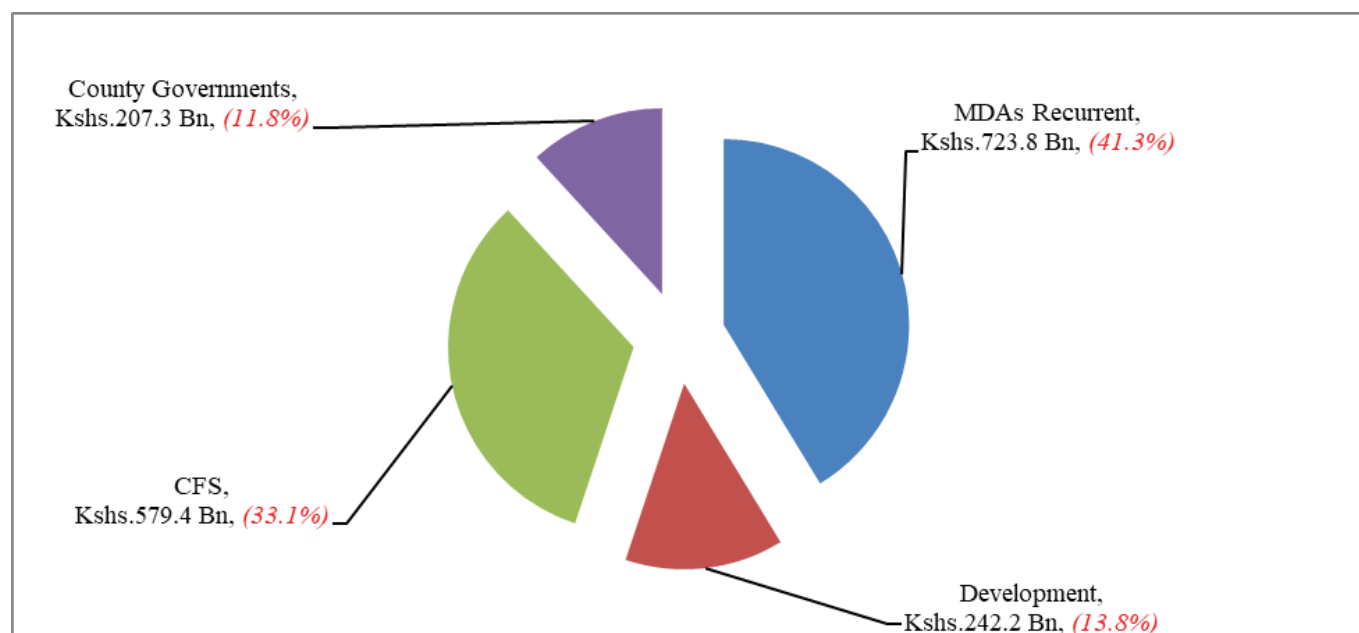

Table 2.3: Summary of Exchequer Issues (Kshs. Billions)

Vote	First nine months FY 2019/20					First nine months FY 2018/19				
	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	% of Exch. Issues to Revised Net Estimates	% of Exchequer issues to total Issues	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	% of Exch. Issues to Revised Net Estimates	% of Exchequer issues to total Issues

2.5 Analysis of Exchequer Issues to National Government MDAs by Sector

MDAs are grouped into ten Sectors according to the Classification of Functions of Government (COFOG). This is designed to support fiscal analysis by breaking down government fiscal statistics by purpose for ease of comparability across governments.

The ten sectors are; (i) Agriculture, Rural and Urban Development (ii) Education (iii) Energy, Infrastructure and Information Communications Technology (iv) Environmental Protection, Water and Natural Resources (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

Table 2.4 shows a breakdown of the revised estimates and exchequer issues by sectors in the first nine months of FY 2019/20

Table 2.4: Revised Estimates and Exchequer Issues by Sector (Kshs. Billions)

Name of the Sector	First nine months FY 2019/20				First nine months FY 2018/19			
	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	Exchequer Issues as % of Revised Net Estimates	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	Exchequer Issues as % of Revised Net Estimates
Agriculture, Rural & Urban Development	58.7	39.2	27.5	70.2	52.5	43.5	33.9	77.8
Education	496.6	433.6	323.6	74.6	438.8	391.5	293.9	75.1

Total	1,986.6	1,483.3	966.1	65.1	1,714.5	1,289.7	859.1	66.6

Source: National Treasury & OCOB

The total exchequer issues to the sectors amounted to Kshs.966.1 billion, representing 65.1 per cent of the revised net estimates, compared to 66.6 per cent recorded in the first nine months of FY 2018/19. The General Economic & Commercial Affairs sector received the highest proportion of exchequer issues to the revised net estimates at 89.4 per cent while the Environmental Protection, Water and Natural Resources sector received the lowest at 49.1 per cent.

2.5.1 Development Exchequer Issues by Sector

In the FY 2019/20, the revised gross allocation to development expenditure was Kshs.762.9 billion. Total exchequer issues in the period under review amounted to Kshs.242.2 billion representing 55.5 per cent of the revised net development estimates, an increase compared to 54.3 per cent recorded in a similar period in FY 2018/19.

Table 2.5 shows revised gross development estimates and exchequer issues by sector in the first nine months of FY 2019/20.

Table 2.5: Revised Development Estimates and Exchequer Issues by Sector (Kshs. Billions)

Name of the Sector	First nine months FY 2019/20				First nine months FY 2018/19

Source: National Treasury & OCOB

An analysis of development Exchequer Issues to MDAs in the first nine months of FY 2019/20 shows that the General Economic and Commercial Affairs Sector received the highest percentage of development exchequer issues to the revised net estimates at 99.3 per cent. On the other hand, the Environmental Protection, Water and Natural Resources sector received the lowest percentage of exchequer issues to the revised gross net estimates at 39.2 per cent.

Table 2.6 shows development exchequer issues to the MDAs in each of the ten sectors in the first nine months of FY 2019/20.

2.5.2 Recurrent Exchequer Issues by Sector

In the FY 2019/20, the revised gross recurrent estimates figure to MDAs was Kshs.1.2 trillion. Total recurrent exchequer issues to MDAs in the first nine months of FY 2019/20 were Kshs.723.8 billion representing 69.1 per cent of the revised net recurrent estimates.

Table 2.7 shows revised recurrent estimates and exchequer issues by sector in the first nine months of FY 2019/20.

Table 2.7: Revised Recurrent Estimates and Exchequer issues by Sector (Kshs. Billions)

Name of the Sector	First nine months FY 2019/20				First nine months FY 2018/19

2.5.3 Exchequer Issues to Consolidated Fund Services (CFS)

The Consolidated Fund Services comprises of funds allocated towards: (i) Repayment of Public Debt (domestic and foreign debt, and government-guaranteed loans to parastatals), (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Office holders and miscellaneous services, and (iv) Subscriptions to International Organizations.

The total allocation to the CFS in FY 2019/20 amounted to Kshs.805.8 billion, representing 25.4 per cent of the revised gross national budget.

Table 2.9 shows the gross estimates and exchequer issues for CFS in the first nine months, FY 2019/20.

Table 2.9: CFS Budgetary Allocation and Exchequer Issues (Kshs. Millions)

Source: National Treasury and OCOB

In the first nine months of FY 2019/20, the total exchequer issues to CFS amounted to Kshs.579.4 billion, representing 71.9 per cent of the gross estimates, an increase compared to 61.1 per cent reported in a similar period of FY 2018/19. Public debt category received the highest proportion of exchequer issues to the gross estimates at 73.6 per cent while Salaries, Allowances and Miscellaneous received the lowest at 56.1 per cent.

3 OVERALL BUDGET PERFORMANCE

3.1 Introduction

This chapter presents the overall budget performance in the first nine months of FY 2019/20. It provides analysis for both development and recurrent expenditure by the national government Ministries, Departments and Agencies (MDAs). The Consolidated Fund Services (CFS) is discussed under recurrent expenditure and provides information on Public debt; Pensions and Gratuities; and Salaries and allowances to Constitutional Office holders and Miscellaneous Services. The chapter also presents expenditure by economic classification by the government entities, for development and recurrent votes respectively.

3.2 Overall Government Budget Performance

In the FY 2019/20, the aggregate budget for the government was Kshs.3.2 trillion, as presented in Table 3.1. It shows the budget estimates for the national government entities and county governments between the FY 2018/19 and FY 2019/20.

Table 3.1: Overall Government Budget Performance (Kshs. Billions)

VOTE	First nine months FY 2019/20						First nine months FY 2018/19

*The County Allocation of Revenue Act, 2019 provided for a total of Kshs.378.5 billion to the County Governments. This comprised Kshs.316.5 billion as equitable share, Kshs.22.9 billion and Kshs.39.1 billion as Conditional Grants funded by National Government and Development Partners respectively. The overall budget for County Governments for the financial year totalled to Kshs.499 billion.

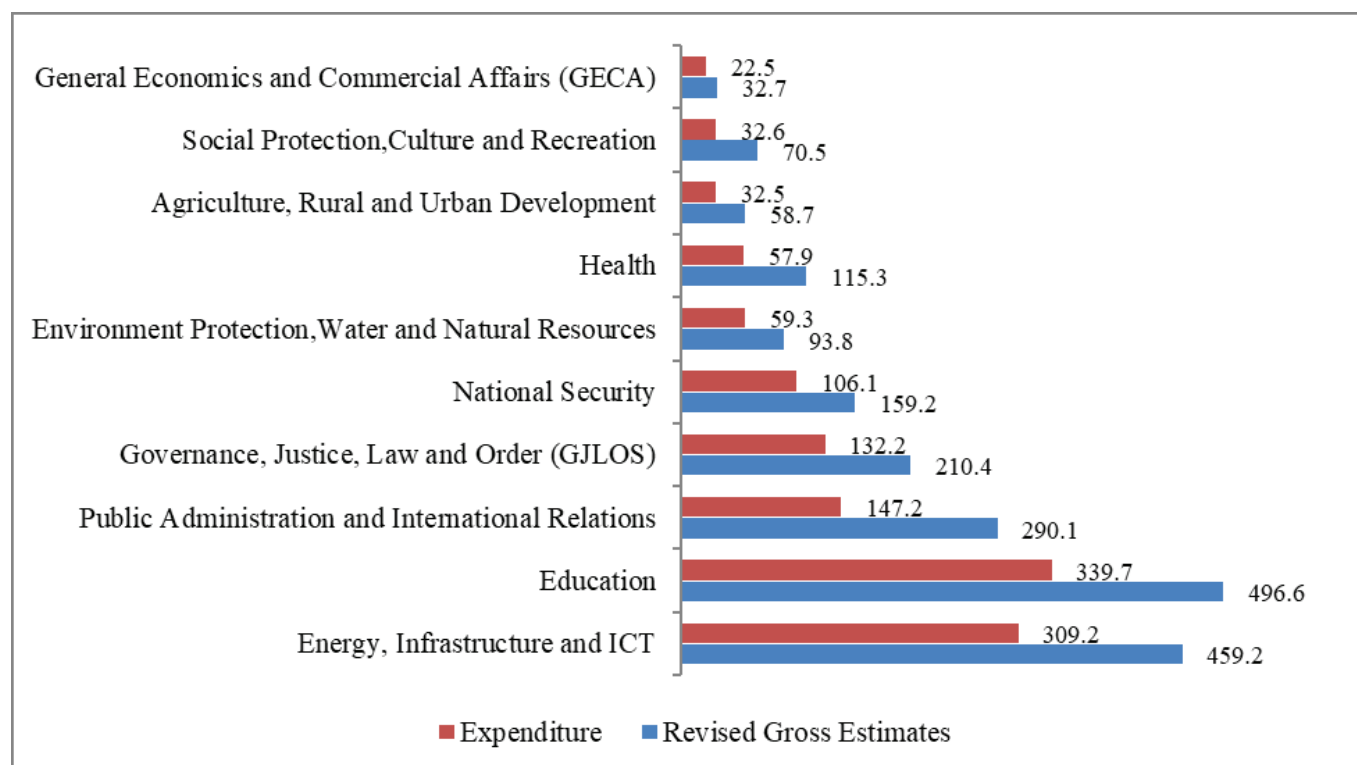

**The difference between the exchequer issues of Kshs.207.3 billion and expenditure of Kshs.241.6 billion was financed by own source revenue and balances brought forward from FY 2018/19.

The total funding by the National Government through exchequer issues in the first nine months of FY 2019/20 amounted to Kshs.1.8 trillion, representing 65.7 per cent of the revised net estimates, a marginal increase from 65.4 per cent recorded in a similar period of FY 2018/19. The exchequer issues comprised of Kshs.242.2 billion for development expenditure, Kshs.1.3 trillion for recurrent expenditure and Kshs.207.3 billion to Counties as shareable revenue. Overall expenditure for both the National and County Governments was Kshs.2 trillion (Kshs.463.6 billion on Development,

Kshs.1.3 trillion on Recurrent and Kshs.241.6 billion by County Governments), representing an overall absorption rate of 63 per cent, a slight decline compared to 64.5 per cent recorded in a similar period of FY 2018/19.

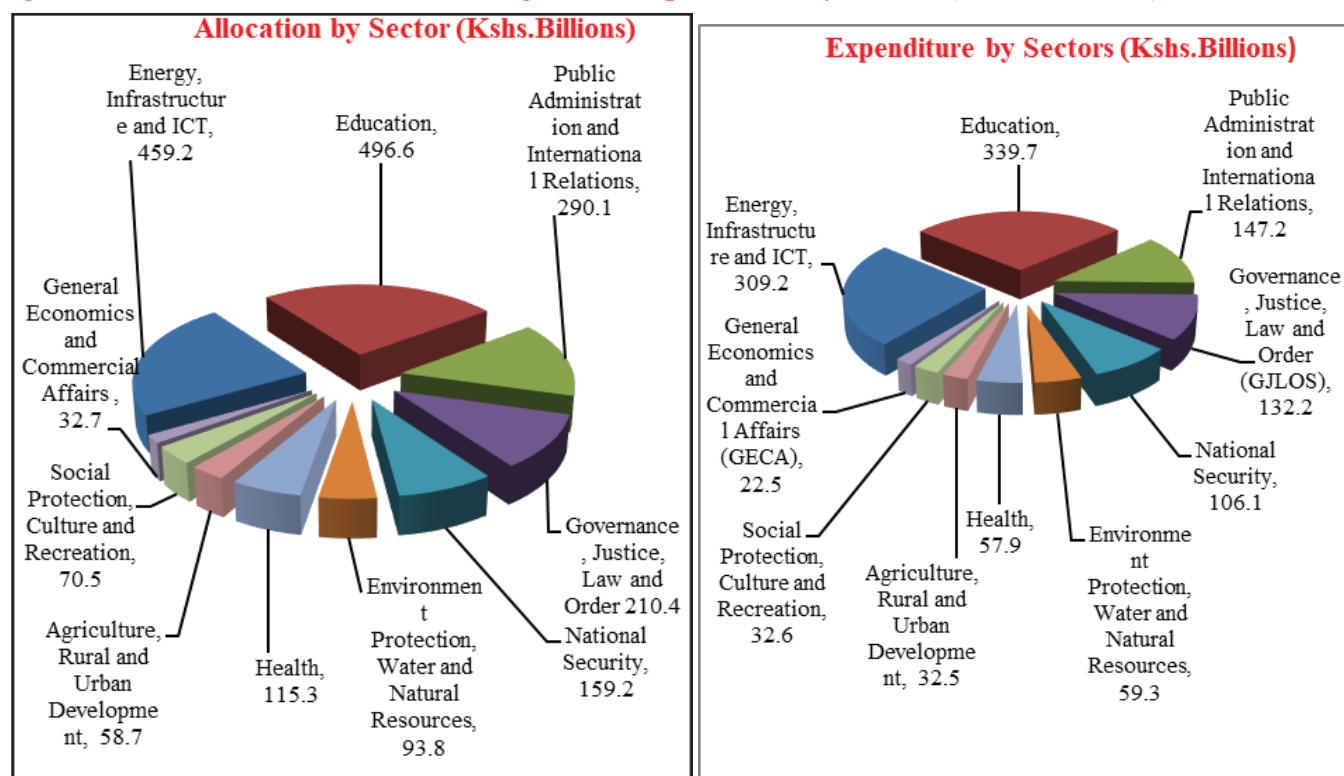

Figure 3.1 and 3.2 provide a comparison of the sectoral annual budget allocation and total expenditure in the first nine months of FY 2019/20.

3.3 Consolidated Fund Services (CFS)

The annual allocation towards CFS amounted to Kshs.805.8 billion representing 25.4 per cent of the revised gross national budget.

Table 3.2 presents a summary of CFS exchequer issues and expenditure performance in the first nine months of FY 2019/20.

Table 3.2: Annual Budget and Cumulative Expenditure for CFS (Kshs. Millions)

Consolidated Fund Services (CFS)	Gross Estimates	Exchequer Releases	Cumulative Expenditure	Expenditure as a Percentage of Gross Estimates (%)
Public Debt	696,554.2	512,588.0	455,228.9	64.5
Pensions and Gratuities	104,488.9	64,155.9	60,383.4	57.8
Salaries, Allowances and Miscellaneous Services	4,736.2	2,659.3	2,671.4	56.4

3.3.1 Public Debt

The allocation towards repayment of public debt in FY 2019/20 amounted to Kshs.696.6 billion recording a 17.9 per cent decline from Kshs.848.3 billion allocated in FY 2018/19. This comprised of Kshs.441.2 billion towards payment of interest and Kshs.255.1 billion for redemptions. Exchequer

issues towards repayment of public debt amounted to Kshs.512.6 billion representing 73.6 per cent of the gross exchequer issues while the total expenditure was Kshs.455.2 billion representing 64.5 per cent of the gross estimates.

3.3.2 Salaries, Allowances and Miscellaneous Services

The allocation towards salaries, allowances and other miscellaneous services in FY 2019/20 was Kshs.4.7 billion, a decline of 30.9 per cent compared to Kshs.6.6 billion allocated in FY 2018/19. This comprised of payment of salaries and allowances for Constitutional Office holders of Kshs.4 billion, Kshs.617 million towards guaranteed debt to State Parastatals and Kshs.128 million towards miscellaneous services.

For the period to March 2020, total exchequer issues amounted to Kshs.2.7 billion representing 56.1 per cent of the gross estimates. Total expenditure towards this vote was Kshs.2.7 billion representing 56.4 per cent of the gross estimates. This comprised of salaries and allowances to Constitutional Office holders at Kshs.2 billion and Kshs.661.2 million towards guaranteed loans to state parastatals.

3.3.3 Pensions and Gratuities

The annual estimates for Pensions and Gratuities in FY 2019/20 amounted to Kshs.104.5 billion, an increase of 29.8 per cent compared to Kshs.80.5 billion allocated in FY 2018/19. Exchequer issues towards payment of Pensions and Gratuities up to March 2020, amounted to Kshs.64.2 billion, representing 61.4 per cent of the gross estimates. Total expenditure amounted to Kshs.60.4 billion, representing 57.8 per cent of the gross estimates.

3.4 MDAs Expenditure Analysis

This section presents the analysis of MDAs expenditure for both development and recurrent activities in the first nine months of FY 2019/20. Development expenditure is analyzed by the main economic items, which include; Capital transfers to Semi-Autonomous Government Agencies, (SAGAs), civil works and construction of residential buildings, refurbishment of buildings and infrastructure, purchase of specialized plant, equipment and machinery, pre-feasibility studies and other development expenditure as shown in Table 3.3

Recurrent expenditure analysis is based on economic classifications namely; Compensation to Employees and Operations and Maintenance (O&M). O&M includes; travel, printing and advertising, rentals and rates for non-residential buildings, training, hospitality, maintenance expenses for motor vehicles and other assets, current transfers to SAGAs and among other expenses.

3.4.1 MDAs Development Expenditure Analysis

In the FY 2019/20, revised allocations towards MDAs development expenditure was Kshs.762.9 billion, representing an 11.7 per cent increase from Kshs.683 billion allocated in the FY 2018/19. Appropriations-in-Aid (AIA) under the development budget was Kshs.326.5 billion while funding from the Exchequer was budgeted at Kshs.436.4 billion.

Table 3.3 shows the analysis of development expenditure by MDAs for the first nine months of FY 2019/20.

Table 3.3: Analysis of Development Expenditure by MDAs (Kshs. Millions)

Source: MDAs and National Treasury (IFMIS)

In the period under review, total development expenditure was Kshs.463.6 billion translating to an absorption rate of 60.8 per cent. From the analysis, Capital Transfers to SAGAs recorded the highest expenditure of Kshs.255 billion, representing 55 per cent of the gross development expenditure. The second-highest category was on Construction and Civil Works at Kshs.65.2 billion representing 14.1 per cent of the gross development expenditure. Other categories with high expenditure included; Refurbishment of Buildings and Infrastructure at Kshs.44.5 billion and purchase of Specialized Plant, Equipment and Machinery at Kshs.7 billion.

Further analysis shows that, the State Department of Infrastructure had the highest capital transfers to SAGAs at Kshs.55.2 billion representing 21.6 per cent of the total capital transfers followed by the Ministry of Water and Sanitation at Kshs.37.8 billion which represented 14.8 per cent. The State Department for Transport recorded Kshs.64.8 billion on construction and civil works, representing 99.2 per cent of the expenditure on construction and civil works. The Ministry of Energy reported the highest spending on the Refurbishment of Buildings and Infrastructure at Kshs.25.2 billion equivalent to 56.5 per cent of the total expenditure under this category.

Figure 3.3 shows the composition of MDAs' development expenditure in the first nine months of FY 2019/20.

Figure 3.3: Summary of MDAs' Development Expenditure (Kshs. Billions)

3.4.2 MDAs Recurrent Expenditure Analysis

In the FY 2019/20, the revised allocation to MDAs recurrent expenditure amounted to Kshs.1.2 trillion representing an increase of 9 per cent compared to Kshs.1.1 trillion allocated in the FY 2018/19.

Analysis of the MDAs' recurrent expenditure for the first nine months of FY 2019/20 is presented on table 3.4.

Table 3.4: Analysis of Recurrent Expenditure by MDAs (Kshs. Millions)

Source: MDAs and National Treasury IFMIS Directorate

Note:

- (1) Expenditure reports from IFMIS and those from MDAs indicated that some MDAs generated and spent Appropriations-in-Aid (AIA) in carrying out their activities
- (2) Expenditure on PE does not include the amount for National Intelligence Service, and Payments to the Military under the Ministry of Defence and are accounted under current transfer to SAGAs and other expenses respectively.

MDAs recurrent expenditure is disaggregated into Compensation to Employees, Operation and Maintenance and Current Transfers to Semi-Autonomous Government Agencies as discussed below.

3.4.2.1 Compensation to Employees

Personnel Emoluments include; basic salaries for permanent employees, basic wages for temporary employees, personal allowances paid as part of salary and employer contributions to compulsory national social security schemes. The total expenditure under PE was Kshs.315.8 billion, with the Teachers' Service Commission recording the highest amount under this category at Kshs.181.7 billion. This represented 57.7 per cent of the total expenditure on Personnel Emoluments. This is attributed to the teacher's resource management by TSC.

3.4.2.2 Operations and Maintenance (O&M)

This category included among others; domestic and foreign travel, printing and advertising, rentals and rates for non-residential buildings, training, hospitality, legal fees, maintenance expenses for motor vehicles and other assets, among other expenses. Some of the items under aggregated expenses include refined fuel and lubricants for transport, contracted professional services, motor vehicle insurance, and medical insurance for the staff, among others.

In the period under review, travelling expenditure recorded Kshs.12.8 billion and comprised of domestic travel at Kshs.8.5 billion and Kshs.4.3 billion on foreign travel. This was followed by Kshs.4.5 billion on hospitality and Kshs.3.6 billion on rentals and rates for non-residential buildings.

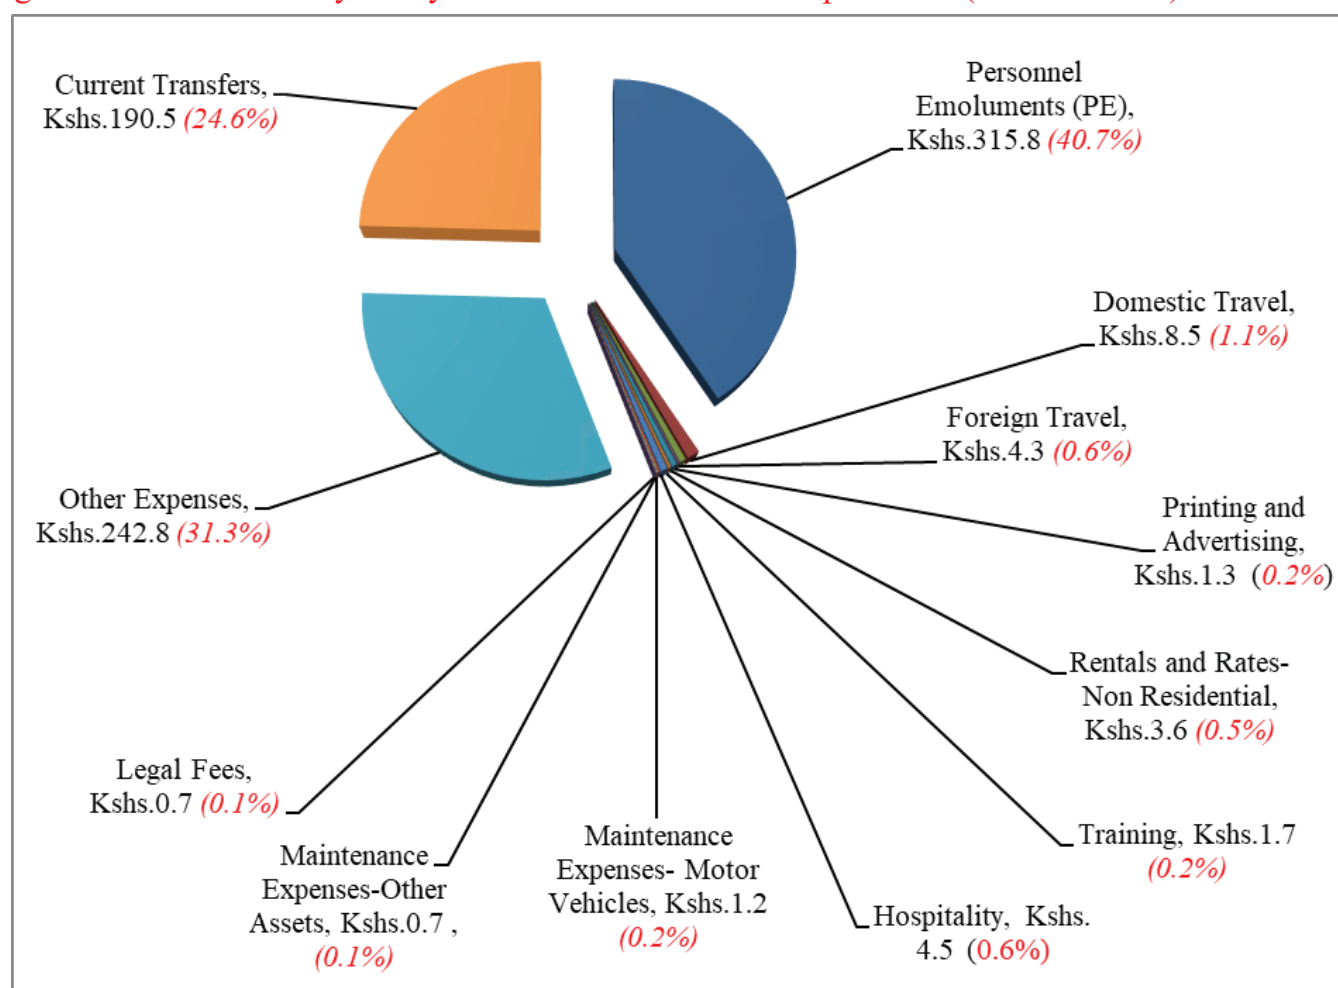

Total expenditure under other expenses was Kshs.242.8 billion. This figure comprises of Kshs.70.4 billion by the Ministry of Defence for payments to Military, Kshs.57.4 billion by the State Department for Early Learning and Basic Education as subsidies (capitation) towards free education programme.

3.4.2.3 Current Transfers to Semi-Autonomous Government Agencies

Transfers to SAGAs by the MDAs are meant to complement activities and mandates executed by SAGAs on behalf of parent ministries. In the period under review, current transfers to SAGAs amounted to Kshs.190.5 billion. The highest transfer was recorded by the State Department for University Education and Research at Kshs.42.8 billion being transfers to public universities and affiliated bodies, representing 22.5 per cent of the total amount spent under this category. The second highest transfer was by the National Intelligence Service at Kshs.26.8 billion to cater for their recurrent expenditure.

Figure 3.4 shows the composition of MDAs recurrent expenditure for the first nine months of FY 2019/20.

4 DEVELOPMENT AND RECURRENT EXPENDITURE ANALYSIS BY SECTOR

4.1 Introduction

This chapter presents an analysis of performance by Sector for both development and recurrent expenditure in the first nine months of FY 2019/20. The Sectors are discussed in alphabetical order as follows; (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environmental Protection, Water and Natural Resources (EWNRR), (v) General Economic and Commercial Affairs (GECA), (vi) Governance, Justice, Law and Order (GJLO), (vii) Health, (viii) National Security, (ix) Public Administration and International Relations (PAIR), (x) Social Protection, Culture and Recreation Sector.

4.2 Agriculture, Rural and Urban Development (ARUD) Sector

The sector consists of seven MDAs namely: Ministry of Lands and Physical Planning (MoLPP), State Department for Crop Development, State Department for Irrigation¹, State Department for Agricultural Research, State Department for Livestock, State Department for Fisheries, Aquaculture and the Blue Economy and the National Land Commission (NLC). The sector has thirty three (33) Semi-Autonomous Government Agencies and eleven (11) Training Institutions.

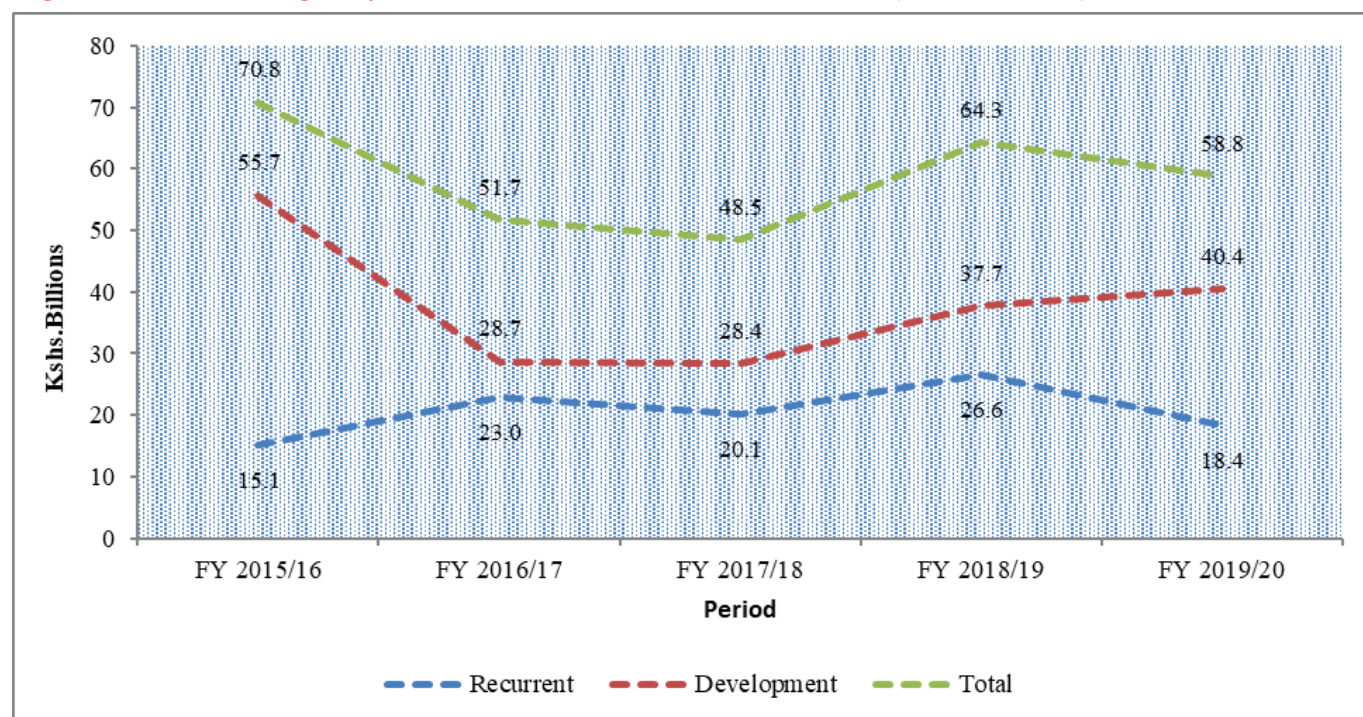

The overall goal of the sector is to attain national food and nutrition security and sustainable management of land and the Blue Economy. It is identified as a key sector that will drive delivery of the 10 per cent economic growth rate envisaged under the vision 2030 and accelerate attainment of the Sustainable Development Goals (SDGs). The sector plays a key role in the economic and social development of the country by enhancing food and nutrition security, employment and wealth creation, foreign exchange earnings, security of land tenure and land management. It is a key contributor to the Gross Domestic Product (GDP) through linkages with manufacturing, distribution and other service-related sectors.

The revised budgetary allocation to the sector in FY 2019/20 amounted to Kshs.58.8 billion representing 2 per cent of the revised gross national budget, a decrease compared to Kshs.64.3 billion allocated in FY 2018/19. The allocation comprised of Kshs.40.4 billion (68.7 per cent) for development budget and Kshs.18.4 billion (31.3 per cent) for recurrent expenditure. The State Department for Crop Development received the highest budgetary allocation of Kshs.22.5 billion equivalent to 38.3 per cent of the sector's total allocation while the National Land Commission had the lowest budgetary allocation of Kshs.1.2 billion equivalent to 2 per cent of the total sector's allocation.

Figure 4.1 shows the budgetary allocation trend for the ARUD sector for the period FY 2015/16 to FY 2019/20.

¹ The State Department for Irrigation was moved to Environmental Protection, Water and Natural Resources Sector in FY 2020/2021 through executive order no.6 of 2019 dated 22nd August, 2019

Figure 4.1: Budgetary Allocation Trend for ARUD Sector (Kshs. Billion)

Source: National Treasury

Total exchequer issues to the sector amounted to Kshs.27.5 billion representing 70.2 per cent of the sector's revised net estimate. This comprised of Kshs.15.9 billion for development expenditure, representing 71.5 per cent of the revised net development estimates and Kshs.11.6 billion for recurrent expenditure, representing 68.4 per cent of the revised net recurrent estimates.

Table 4.1 shows ARUD Sector analysis of exchequer issues and expenditure in the first nine months of FY 2019/20.

In the period under review, the State Department for Crop Development received the highest proportion of development exchequer issues to revised net estimates at over 100 per cent while the State Department for Fisheries, Aquaculture and Blue Economy received the lowest at 25.3 per cent. The State Department for Agricultural Research received the highest proportion of recurrent exchequer issues to revised net estimates at 73.6 per cent, while the Ministry of Lands and Physical Planning received the lowest at 57.4 per cent.

Figure 4.2 shows the exchequer issues to Agriculture, Rural and Urban Development Sector in the first nine months of FY 2019/20.

Figure 4.2: Exchequer Issues to ARUD Sector

Source: National Treasury

The total expenditure for the sector in the first nine months of FY 2019/20 amounted to Kshs.32.5 billion, representing 55.4 per cent of the revised gross estimate, a decrease compared to 72.3 per cent recorded in a similar period of FY 2018/19. The expenditure comprised of Kshs.19.9 billion for development representing an absorption rate of 49.2 per cent and Kshs.12.7 billion for recurrent expenditure representing 69.1 per cent of revised gross estimates.

The State Department for Irrigation recorded the highest absorption on development budget at 99.6 per cent while the State Department for Crop Development recorded the lowest at 22.4 per cent. The State Department for Agricultural Research recorded the highest percentage of recurrent expenditure to revised gross recurrent estimates at 78.8 per cent while the State Department for Irrigation recorded the lowest at 39 per cent.

4.3 Education Sector

The Education sector consists of five MDAs namely: State Department for Early Learning and Basic Education, State Department for University Education, State Department for Vocational and Technical Training, State Department for Post-Training and Skills Development and the Teachers Service Commission (TSC) together with their affiliated agencies and institutions.

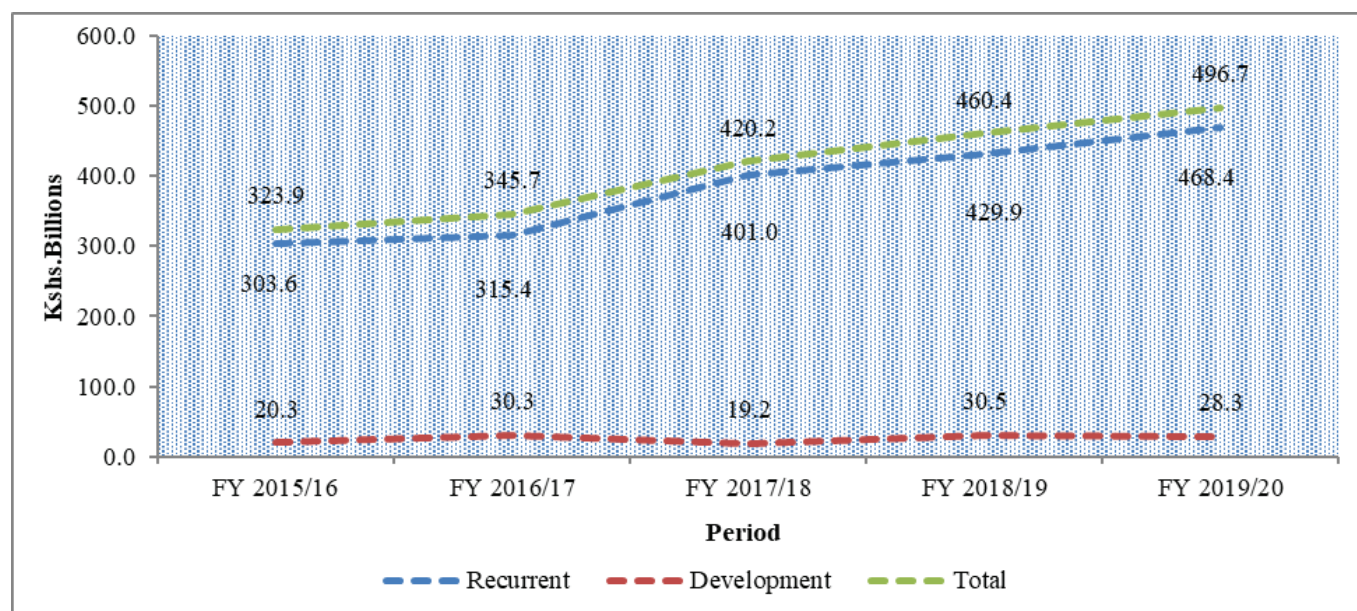

The sector envisions a globally competitive education, training, research and innovation for sustainable development. In order to realize this, the sector undertakes to provide, promote and coordinate quality education. Its overall goal is to increase access to education and training; improve quality and relevance of education; reduce inequality as well as leverage on knowledge and skills in science, technology, and innovation for global competitiveness.

The revised budgetary allocation to the sector in FY 2019/20 amounted to Kshs.496.6 billion representing 15.7 per cent of the revised gross national budget, an increase compared to Kshs.460.4 billion allocated in FY 2018/19. The allocation comprised of Kshs.28.3 billion (5.7 per cent) for the development budget and Kshs.468.4 billion (94.3 per cent) for recurrent expenditure. The Teachers'

Service Commission received the highest allocation of Kshs.253.5 billion (51 per cent of the sector's allocation), while the State Department for Post-Training and Skills Development had the lowest allocation at Kshs.125.6 million.

Figure 4.3 shows budgetary allocation trend for the Education sector from the FY 2015/16 to FY 2019/20.

Figure 4.3: Budgetary Allocation Trend for the Education Sector for the period FY 2015/16 to FY 2019/20

Source: National Treasury

Total exchequer issues to the sector amounted to Kshs.323.6 billion representing 74.6 per cent of the sector's revised net estimate. This comprised of Kshs.9.8 billion for development expenditure, representing 46.8 per cent of the revised development net estimates and Kshs.313.8 billion for recurrent expenditure, representing 76 per cent of the revised net recurrent net estimates.

Table 4.2 shows Education sector analysis of exchequer issues and expenditure in the first nine months of FY 2019/20.

In the first nine months of FY 2019/20, the State Department for University Education received the highest proportion of development exchequer issues to revised net estimates at 70.8 per cent while the State Department for Early Learning and Basic Education received the highest proportion of recurrent exchequer issues to revised net estimates at 90.9 per cent. The State Department for Vocational and Technical Training received the lowest proportion of exchequer issues to revised net estimates for both development and recurrent expenditure at 28 per cent and 43.3 per cent respectively.

Figure 4.4 shows the exchequer issues to the Education Sector in the first nine months of FY 2019/20

Figure 4.4: Exchequer Issues to the Education Sector (Kshs. Billions)

Source: National Treasury

The total expenditure for the sector amounted to Kshs.339.7 billion, representing 68.4 per cent of the revised gross estimate, a decline compared to 67.7 per cent recorded in a similar period of FY 2018/19. The expenditure comprised of Kshs.18 billion for development expenditure, representing an absorption rate of 63.8 per cent, an increase from 50 per cent and Kshs.321.7 billion as recurrent expenditure, representing 68.7 per cent of revised gross recurrent estimates, a decrease from 69.1 per cent recorded in a similar period FY 2018/19.

The State Department for University Education recorded the highest absorption on development budget at 66.8 per cent, while the State Department for Early Learning and Basic Education recorded the lowest at 66.1 per cent. The State Department for Early Learning and Basic Education recorded the highest percentage of recurrent expenditure to revised gross recurrent estimates at 87.4 per cent, while the State Department for University Education recorded the lowest, at 39.5 per cent.

4.4 Energy, Infrastructure and Information Communications Technology (EI & ICT) Sector

This sector consists of nine (9) MDAs namely; State Department for; Infrastructure, Transport, Shipping and Maritime, Housing and Urban Development, Public Works, Information Communications Technology, Broadcasting and Telecommunication, Petroleum and the Ministry of Energy.

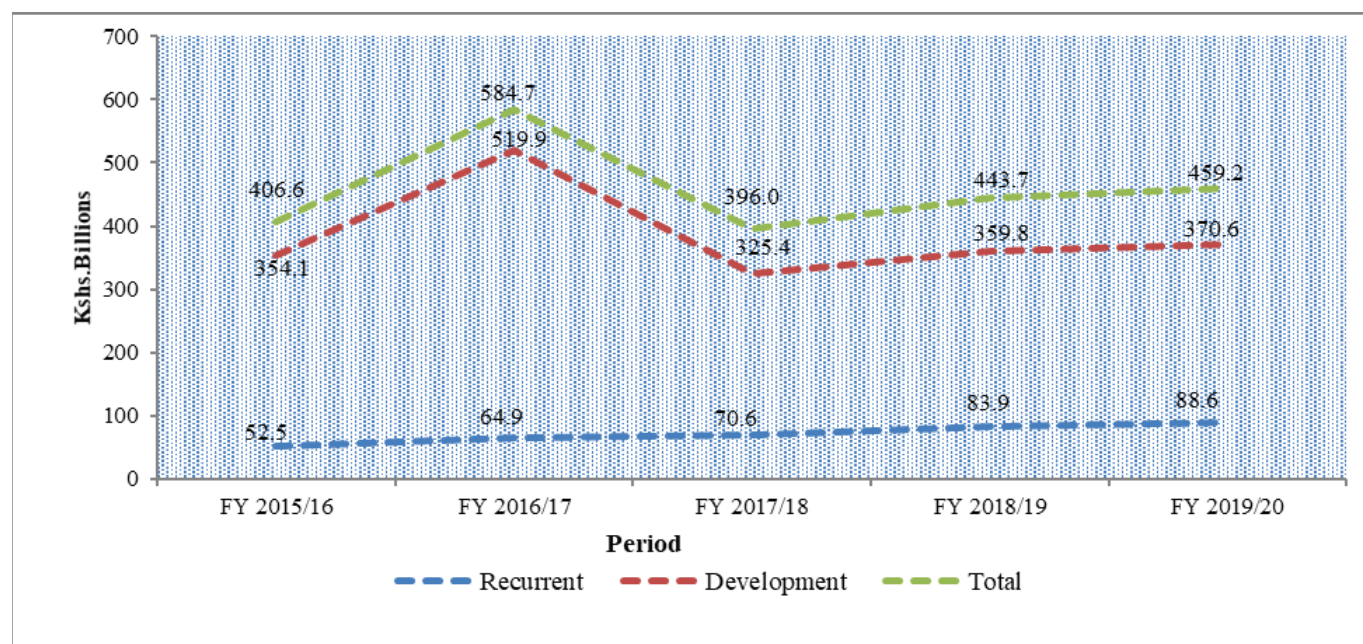

The sector is a key enabler for sustained economic growth and government priorities and initiatives such as the Big 4 Agenda. In the medium term, the sector aims at sustaining and expanding infrastructural facilities to support a rapidly growing economy in line with the priorities contained in the Medium-Term Plan (MTP III) and Vision 2030.

The key strategic goals of the sector are to develop and maintain sustainable services to facilitate efficient movement of goods and people develop and sustain access to opportunities in the shipping and maritime industry, improve universal access to information technology enabled services, improve access to competitive, reliable and safe supply of petroleum products to all Kenyans, among others.

The revised budgetary allocation to the Sector in FY 2019/20 amounts to Kshs.459.2 billion representing 16.5 per cent of the gross national budget, an increase from Kshs.443.7 billion allocated in FY 2018/19. The allocation comprised of Kshs.370.6 billion (80.7 per cent) for development budget and Kshs.88.6 billion (19.3 per cent) for recurrent expenditure. State Department for Infrastructure received the highest budgetary allocation of Kshs.191.8 billion (41.8 per cent of the sector's allocation), while State Department for Shipping and Maritime had the lowest budgetary allocation of Kshs.1.6 billion (0.3 per cent).

Figure 4.5 shows the budgetary allocation trend for the EI & ICT Sector for the period FY 2015/16 to FY 2019/20.

Figure 4.5: Budgetary Allocation Trend for the EI & ICT Sector (Kshs. Billion)

Source: National Treasury

Total exchequer issues to the sector amounted to Kshs.107 billion representing 61.2 per cent of the sector's revised net estimate. This comprised of Kshs.98.1 billion for development expenditure, representing 60.5 per cent of the revised development net estimates and Kshs.8.9 billion for recurrent expenditure, representing 70.3 per cent of the revised net recurrent estimates.

Table 4.3 shows EI & ICT sector breakdown of exchequer issues and expenditure in the first nine months of FY 2019/20.

Source: National Treasury

The total expenditure for the sector amounted to Kshs.309.2 billion, representing 67.3 per cent of the revised gross estimates, a decrease compared to 72.9 per cent recorded in a similar period of FY 2018/19. The expenditure comprised of Kshs.251.1 billion for development expenditure, representing an absorption rate of 67.8 per cent, a decrease from 74.8 per cent recorded in FY 2018/19 and Kshs.58.1 billion as recurrent expenditure, representing 65.6 per cent of revised gross recurrent estimates, a decrease from 65.8 per cent recorded in a similar period FY 2018/19.

The State Department for Transport recorded the highest absorption on development budget at 93.7 per cent while the State Department for Shipping and Maritime recorded the lowest at less than 1 per cent. The State Department for Infrastructure recorded the highest percentage of recurrent expenditure to revised gross recurrent estimates at 71.2 per cent while the State Department Ministry of Energy recorded the lowest, at 26.4 per cent.

4.5 Environmental Protection, Water and Natural Resources Sector

The Environmental Protection, Water and Natural Resources Sector consist of four MDAs namely: Ministry of Environment and Forestry, Ministry of Water and Sanitation, the State Department for Mining and the State Department for Wildlife.

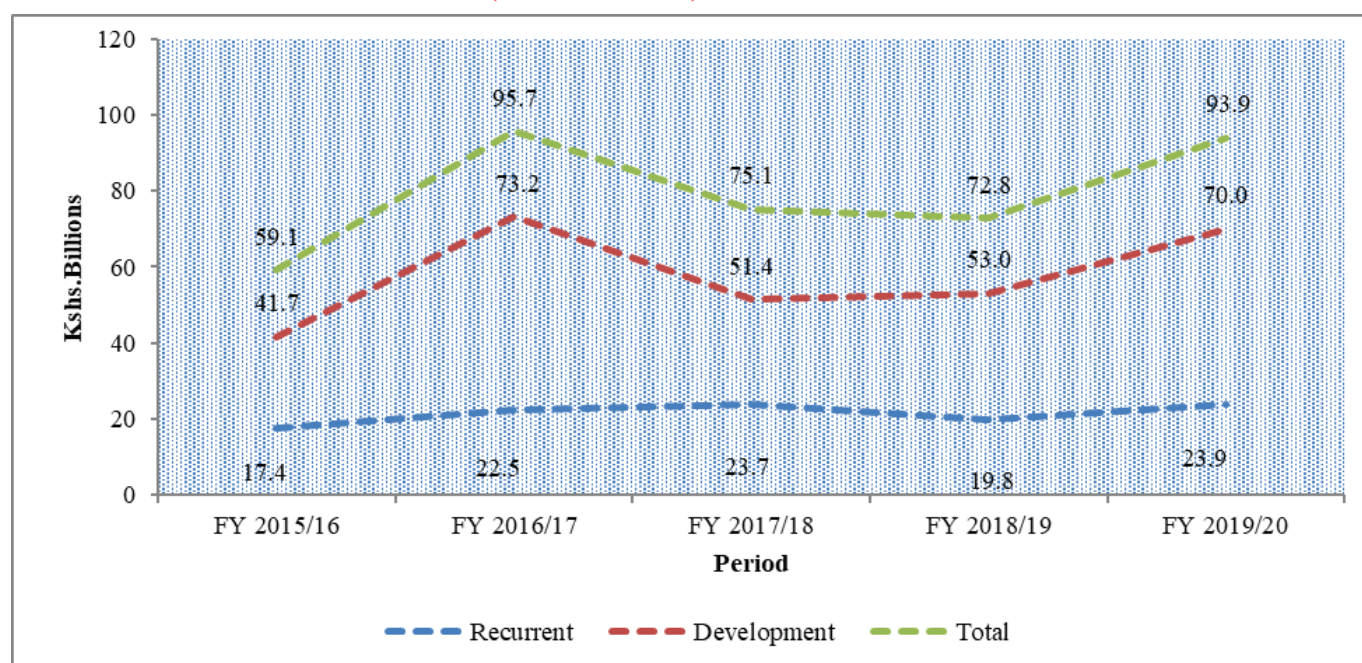

The overall goal of this sector is to ensure sustainable development in a clean and secure environment. Its specific objectives are to: provide policy, legal and integrated framework for sustainable management of the environment and natural resources towards socio-economic development and enhance capacity building for environment, water and natural resources management. It also aims at increasing utilization of land through irrigation, drainage and land reclamation, enhance research

on environment, water and natural resources for sustainable development, protect and reclaim the environment in order to establish a durable and sustainable system of development and resilience to climate change.

The revised budgetary allocation to the sector in FY 2019/20 amounted to Kshs.93.9 billion representing 3 per cent of the revised gross national budget, an increase from Kshs.72.8 billion of allocation in FY 2018/19. The allocation comprised of Kshs.70 billion (74.5 per cent) for development budget and Kshs.23.9 billion (25.5 per cent) for recurrent expenditure. Ministry of Water and Sanitation received the highest allocation of Kshs.66.3 billion (70.6 per cent of the sector's allocation), while the State Department for Mining had the lowest allocation of Kshs.1 billion representing 1.1 per cent.

Figure 4.7 shows the budgetary allocation trend for the Environmental Protection, Water and Natural Resources Sector for the period FY 2015/16 to FY 2019/20.

Figure 4.7: Budgetary Allocation Trend for the Environmental Protection, Water and Natural Resources Sector (Kshs. Billions)

Source: National Treasury

Total exchequer issues to the sector amounted to Kshs.25.6 billion representing 53.9 per cent of the sector's revised net estimate. This comprised of Kshs.13.9 billion for development expenditure, representing 39.2 per cent of the revised net development estimates and Kshs.11.7 billion for recurrent expenditure, representing 70.1 per cent of the revised recurrent net estimates.

Table 4.4 shows Environmental Protection, Water and Natural Resources sector analysis of exchequer issues and expenditure in the first nine months of FY 2019/20.

The total expenditure for the sector amounted to Kshs.59.3 billion, representing 63.2 per cent of the revised gross estimates, an increase compared to 45 per cent recorded in a similar period of FY 2018/19. The expenditure comprised of Kshs.45.2 billion for development activities, representing an absorption rate of 64.6 per cent, an increase compared to 33.3 per cent recorded in a similar period, FY 2018/19 and Kshs.14.1 billion as recurrent expenditure, representing 59 per cent of revised gross recurrent estimates, a decline from 83.3 per cent recorded in a similar period, FY 2018/19.

The State Department for Wildlife recorded the highest absorption on development budget at 70.5 per cent while the Ministry of Environment and Forestry recorded the lowest at 44.7 per cent. Ministry of Environment and Forestry recorded the highest percentage of recurrent expenditure to revised gross estimates at 71.4 per cent while State Department for Wildlife recorded the lowest at 35.1 per cent.

4.6 General Economic and Commercial Affairs (GECA) Sector

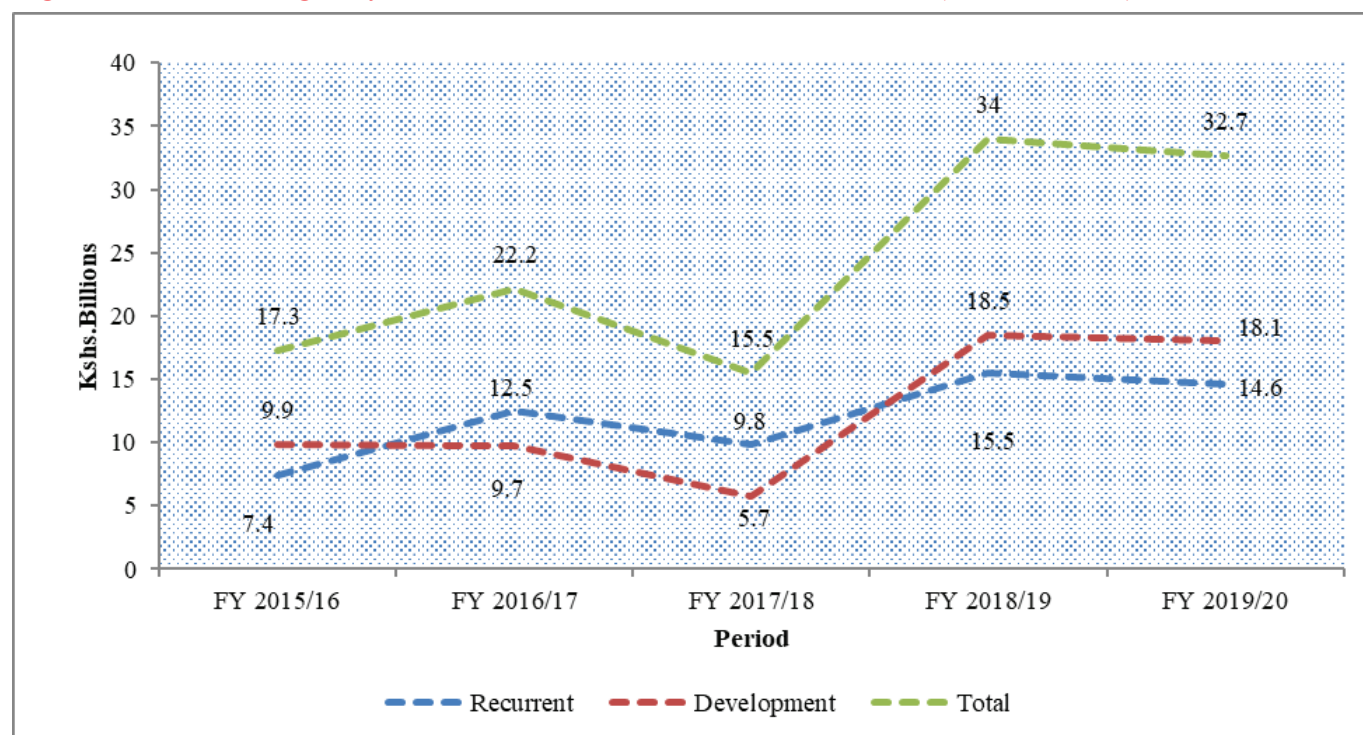

The General Economic and Commercial Affairs (GECA) sector consists of six MDAs, namely: State Department for; Industrialization, Co-operatives, Trade, East African Community, Regional and Northern Corridor Development and Tourism.

The sector is a significant player in job and wealth creation, industrial development, investments and promotion of trade, tourism development, savings mobilization and cooperative development, regional integration and regional development.

The revised budget allocation to the sector in FY 2019/20 amounted to Kshs.32.7 billion, representing 1 per cent of the revised gross national budget, a decrease from Kshs.34.6 billion allocated in FY 2018/19. The allocation comprised of Kshs.18.1 billion (55.4 per cent) for development expenditure and Kshs.14 billion (44.6 per cent) for recurrent expenditure. The State Department for Industrialization received the highest budgetary allocation of Kshs.14 billion (42.8 per cent of the sector's allocation), while the State Department for East African Community had the lowest allocation at Kshs.0.6 billion (1.8 per cent of the sector's allocation).

Figure 4.9 shows the budgetary allocation trend for the GECA Sector from FY 2015/16 to FY 2019/20.

Figure 4.9: Budgetary Allocation Trend for the GECA Sector (Kshs. Billion)

Source: National Treasury

Total exchequer issues to the sector amounted to Kshs.22.6 billion representing 89.4 per cent of the sector's revised net estimates. This comprised of Kshs.16.7 billion for development expenditure, representing 99.3 per cent of the revised development net estimates and Kshs.5.9 billion for recurrent expenditure, representing 69.5 per cent of the revised recurrent net estimates.

In the first nine months of FY 2019/20, the State Department for Trade received the highest proportion of development exchequer issues at 177.6 per cent of the revised net estimates while the State department for Regional and Northern Corridor Development received the lowest at 72.2 per cent. The State Department for Industrialization received the highest proportion of recurrent exchequer issues to revised net estimates at 72.3 per cent, while the State Department for East African Community received the lowest at 53.7 per cent. Table 4.10 shows the exchequer issues to GECA Sector in the first nine months of FY 2019/20.

Figure 4.10: Exchequer Issues to the GECA Sector (Kshs. Billions)

Source: National Treasury

The total expenditure for the sector amounted to Kshs.22.5 billion, representing 68.9 per cent of the revised gross estimate an increase compared to 53.3 per cent recorded in a similar period of FY 2018/19. The expenditure comprised of Kshs.16.5 billion for development expenditure, recording an absorption rate of 91.1 per cent, an increase from 58.7 per cent recorded in a similar period FY 2018/19 and Kshs.6.1 billion as recurrent expenditure, representing 41.1 per cent of revised gross recurrent estimates, a decline from 45.6 per cent recorded in a similar period FY 2018/19.

The State Department for Trade recorded the highest absorption on development budget at 178.2 per cent, while the State Department for Industrialization recorded the lowest at 77 per cent. The State Department for Cooperatives recorded the highest percentage of recurrent expenditure to gross recurrent estimates at 79.8 per cent, while the State Department for Tourism recorded the lowest, at 17.2 per cent.

4.7 Governance, Justice, Law and Order Sector (GJLO)

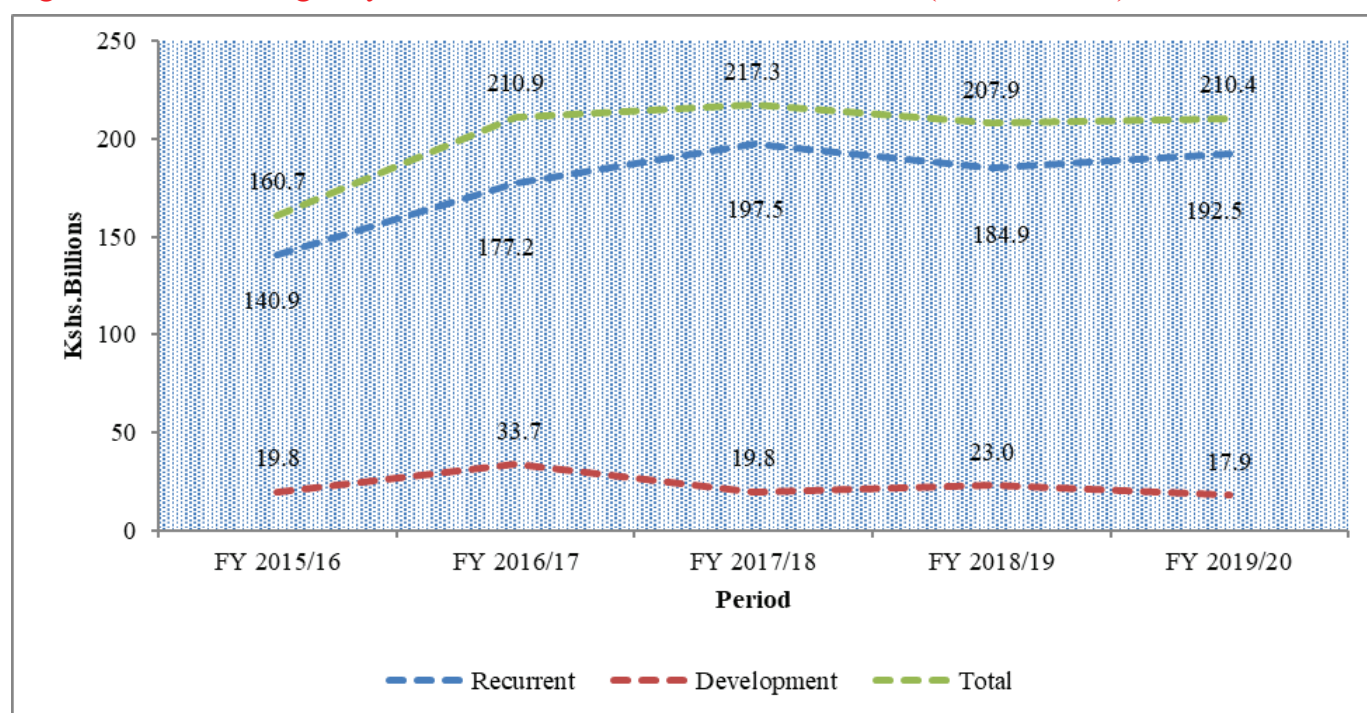

The GJLO sector consists of fifteen MDAs which include: State Department for Interior, State Department for Correctional Services, State Department for Immigration and Citizen Services, State Law Office and Department of Justice, The Judiciary, Ethics and Anti-Corruption Commission (EACC), Office of the Director of Public Prosecutions, Office of the Registrar of Political Parties, Witness Protection Agency (WPA), Kenya National Commission on Human Rights (KNCHR), Independent Electoral and Boundaries Commission (IEBC), Judicial Service Commission (JSC), National Police Service Commission (NPSC), National Gender and Equality Commission (NGEC), and the Independent Policing Oversight Authority (IPOA).

The sector implements the following functions; provision of security, correctional services, legal advisory services to government agencies and administration of justice. It also plays a major role in promoting integrity and the fight against corruption, provision of prosecution services, regulating political parties, protecting witnesses and human rights. Further, the sector plays an instrumental role in the delimitation of electoral boundaries and management of electoral process, promotion of gender equality, inclusion of marginalized groups and communities and civilian policing oversight. Other functions include; border management, peace building and conflict management, registration services, regulation of the gaming industry, provision of population management services, eradication of drugs and substance abuse, crime research and government printing services.

The revised budgetary allocation to the sector in FY 2019/20 was Kshs.210.4 billion representing 7.5 per cent of revised gross national budget, an increase compared to Kshs.207.9 billion allocated in FY 2018/19. The allocation comprised of Kshs.17.9 billion (8.5 per cent) for development expenditure and Kshs.192.5 billion (91.5 per cent) for recurrent expenditure. The State Department for Interior received the highest budgetary allocation of Kshs.140.6 billion (66.8 per cent of the sector's allocation), while the Kenya National Commission on Human Rights had the lowest at Kshs.0.4 million (0.2 per cent of the sector's allocation).

Figure 4.11 shows the budgetary allocation trend for the Governance, Justice, Law and Order Sector for the period FY 2015/16 to FY 2019/20.

Figure 4.11: Budgetary Allocation Trend for the GJLO Sector (Kshs. Billion)

In the first nine months of FY 2019/20, National Gender and Equality Commission received the highest proportion of development exchequer issues to revised net estimates at 84.9 per cent while the State Department for Immigration and Citizen Services received the lowest at 33.5 per cent. The Witness Protection Agency received the highest proportion of recurrent exchequer issues to revised net estimates at 81.4 per cent, while the State Department for Immigration and Citizen Services received the lowest at 55.3 per cent.

Figure 4.12 shows the exchequer issues to the Governance, Justice, Law and Order sector in the first nine months of FY 2019/20.

Figure 4.12: Exchequer Issues to the GJLO Sector

Source: National Treasury

The total expenditure for the sector amounted to Kshs.132.1 billion, representing 62.8 per cent of the revised gross estimate, a decrease compared to 67.5 per cent recorded in a similar period of FY 2018/19. The expenditure comprised of Kshs.6.9 billion for development expenditure, representing an absorption rate of 38.5 per cent, a decrease from 62.1 per cent and Kshs.125.2 billion as recurrent expenditure, representing 65.1 per cent of revised gross recurrent estimates, a decline from 68.3 per cent.

The State Law Office and Department of Justice recorded the highest absorption on development budget at 94.3 per cent while the State Department for Correctional Services recorded the lowest at 2 per cent. Witness Protection Agency recorded the highest percentage of recurrent expenditure to revised gross recurrent estimates at 75.3 per cent while the State Department for Correctional Services recorded the lowest, at 54.7 per cent.

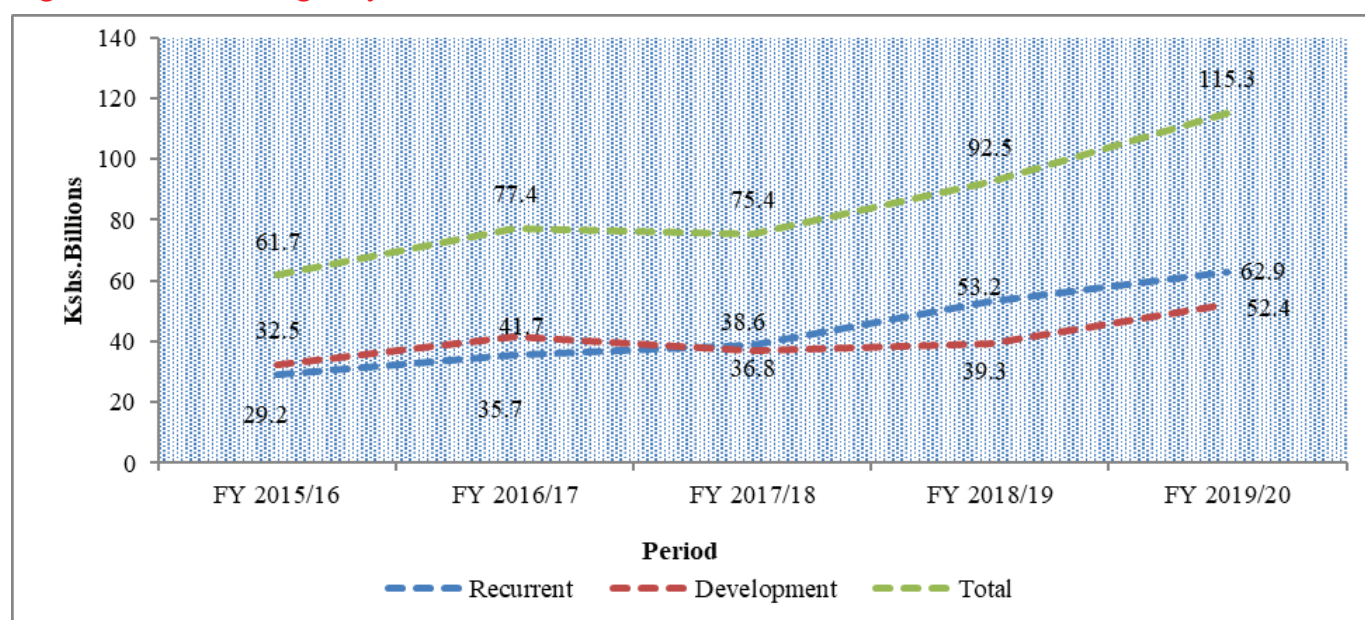

4.8 Health Sector

The Health Sector is responsible for the provision and coordination of the health policy formulation, ensuring quality service delivery and regulation and control of health care. The Sector comprises of Ministry of Health and seven Semi-Autonomous Government Agencies namely; Kenyatta National Hospital (KNH), Moi Teaching and Referral Hospital (MTRH), Kenya Medical Research Institute (KEMRI), Kenya Medical Supplies Authority (KEMSA), Kenya Medical Training College (KEMTC), National AIDS Control Council (NACC), and the National Health Insurance Fund (NHIF).

The revised budgetary allocation to the sector in FY 2019/20 was Kshs.115.3 billion representing 3.6 per cent of gross national budget, an increase from Kshs.90 billion allocated in FY 2018/19. The allocation comprised of Kshs.52.4 billion (45 per cent) for development expenditure and Kshs.62.9 billion (55 per cent) for recurrent expenditure.

Figure 4.13 shows budgetary allocation trend for the Health sector for the period FY 2015/16 to FY 2019/20.

Figure 4.13: Budgetary Allocation Trend for the Health Sector

Source: National Treasury

In the first nine months of FY 2019/20, total exchequer issues to the sector amounted to Kshs.44.9 billion representing 52.4 per cent of the sector's revised net estimate. This comprised of Kshs.17.1billion for development expenditure, representing 39.7 per cent of the revised development net estimates and Kshs.27.8 billion for recurrent expenditure, representing 65.1 per cent of the revised recurrent net estimates.

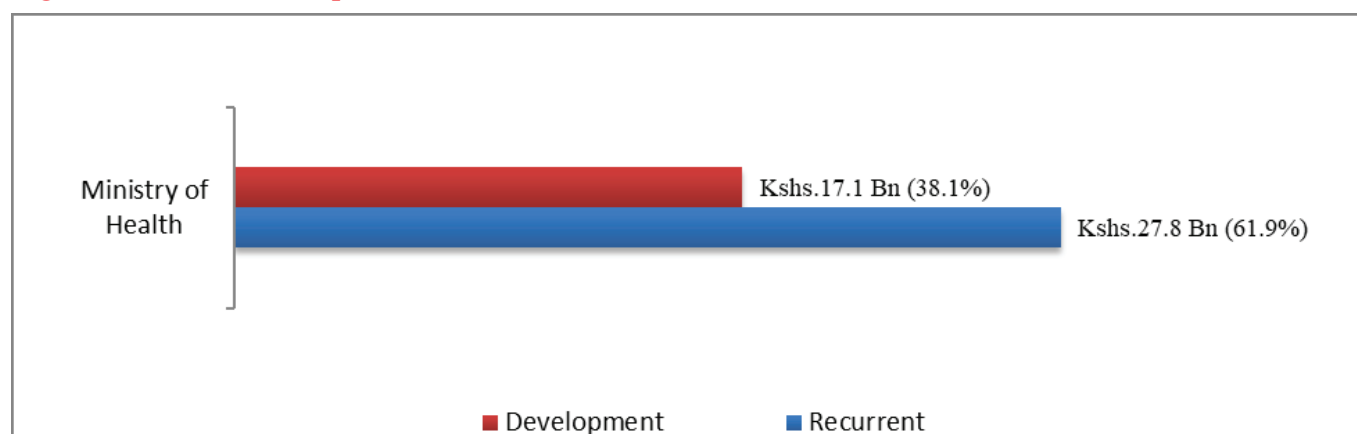

Table 4.7 shows Health sector analysis of exchequer issues and expenditure in the first nine months of FY 2019/20.

The total expenditure for the sector in the period under review amounted to Kshs.57.9 billion, representing 50.2 per cent of the revised gross estimate, an increase compared to 42.3 per cent recorded in a similar period of FY 2018/19. The expenditure comprised of Kshs.31.4 billion for development activities, representing an absorption rate of 59.9 per cent, an increase from 32.4 per cent and Kshs.26.5 billion as recurrent expenditure, representing 42.1 per cent of the revised gross recurrent estimates, a decline compared to 50.6 per cent recorded in a similar period of FY 2018/19.

4.9 National Security Sector

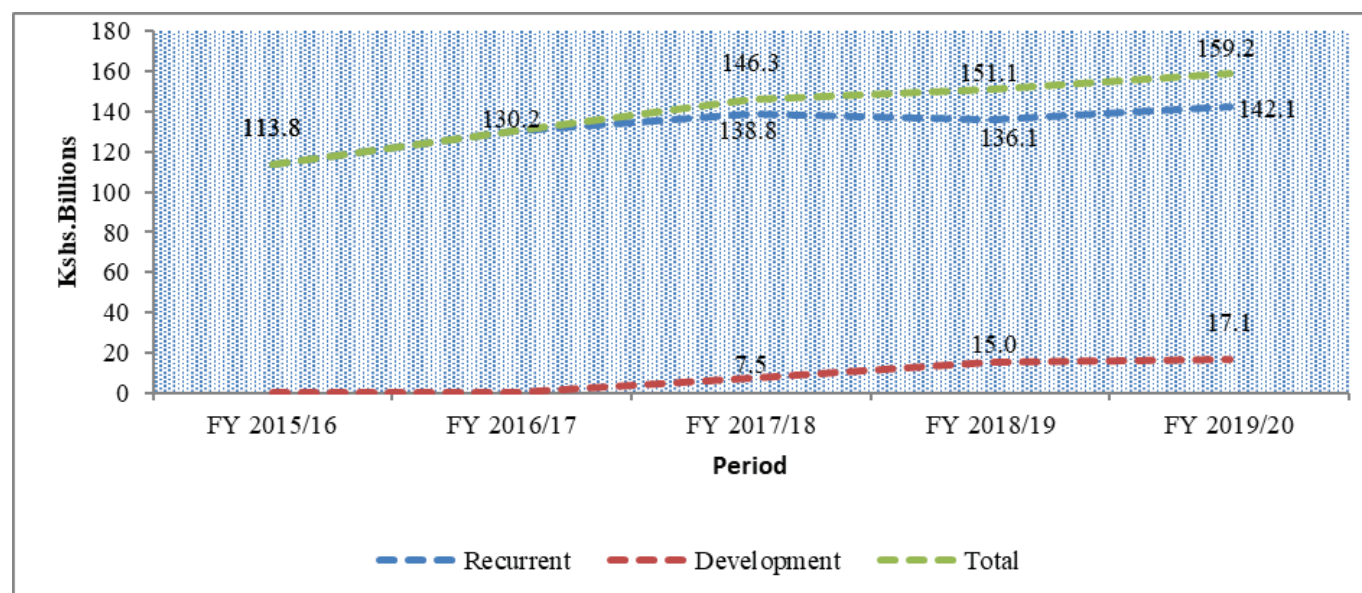

The sector comprises of the Ministry of Defence and the National Intelligence Service (NIS). The mandate of the sector is to ensure security of the country against any threats emanating from within or outside the Kenyan borders, defend the country, and provide support to civil power in maintaining peace and order.

The budgetary allocation to the sector in FY 2019/20 amounted to Kshs.159.2 billion translating to 5 per cent of revised gross national budget, an increase from Kshs.142.2 billion allocated in FY 2018/19. The allocation comprised of Kshs.17.1 billion for development expenditure and Kshs.142.1

billion for recurrent expenditure representing 10.7 per cent and 89.3 per cent of the sector allocation respectively. The Ministry of Defence was allocated Kshs.121.5 billion (76.3 per cent of the sector's allocation), and Kshs.37.7 billion (23.7 per cent of the sector's allocation) to the National Intelligence Service.

Figure 4.15 shows budgetary allocation trend for the National Security sector for the period FY 2015/16 to FY 2019/20.

Figure 4.15: Budgetary Allocation Trend for the National Security Sector

Source: National Treasury

Total Exchequer issues to the sector amounted to Kshs.102.5 billion representing 70.1 per cent of the sector's revised net estimate. The Ministry of Defence received Kshs.2.2 billion towards development activities representing 54.6 per cent of the revised net development estimates. The Ministry of Defence received Kshs.72 billion while the National Intelligence Service received Kshs.28.3 billion, representing 68.9 per cent and 75.1 per cent of the revised recurrent net estimates respectively.

The total expenditure for the sector amounted to Kshs.106.1 billion, representing 66.7 per cent of the revised gross estimate, a decrease compared to 79.1 per cent recorded in a similar period in FY 2018/19. This comprised of Kshs.8 billion for development, expenditure by the Ministry of Defence representing an absorption rate of 46.9 per cent and Kshs.98.1 billion for recurrent expenditure representing 69 per cent of the revised recurrent gross estimates. Recurrent expenditure comprised of Kshs.71.2 billion and Kshs.26.8 billion representing 68.2 per cent and 71.3 per cent of the revised gross estimates, incurred by Ministry of Defence and National Intelligence Service respectively.

4.10 Public Administration and International Relations (PAIR) Sector

The Public Administration and International Relations (PAIR) Sector consists of 16 MDAs namely; The Presidency, State Department for Planning, State Department for Devolution, Ministry of Foreign Affairs, National Treasury, State Department for Public Service, State Department Youth, Parliamentary Service Commission, National Assembly, Parliamentary Joint Services, Commission on Revenue Allocation, Public Service Commission, Salaries and Remuneration Commission, Auditor General, Controller of Budget, and Commission on Administrative Justice.

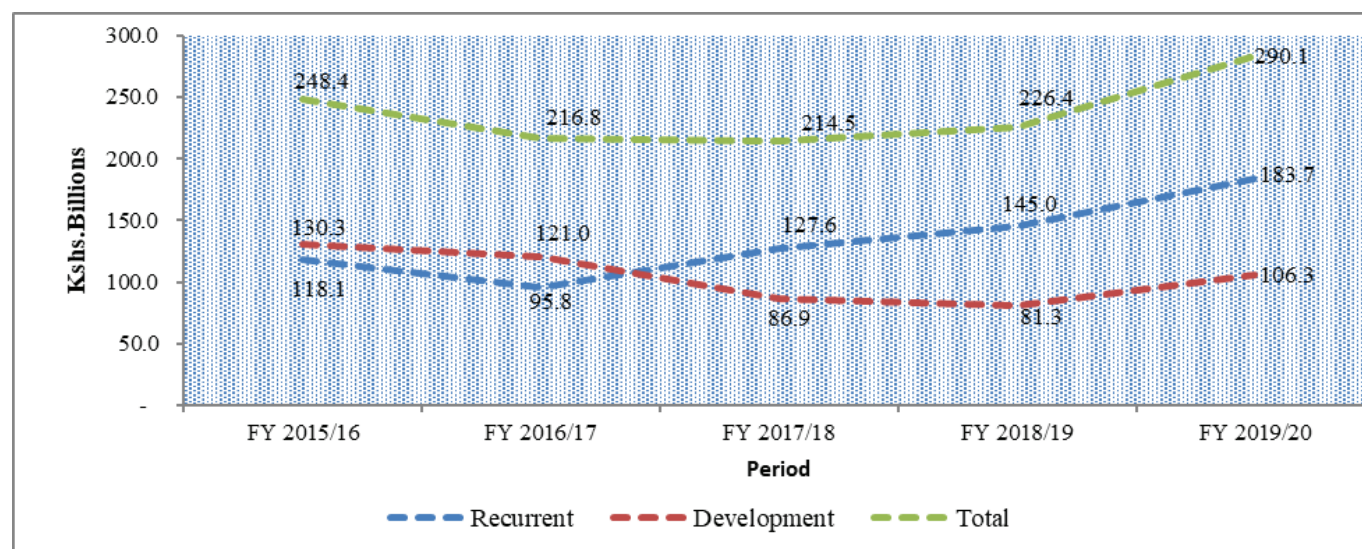

The sector's provides overall policy direction and leadership to the country, oversees national legislation as well as the human resource function in the public service. It further coordinates national policy formulation, implementation, resource mobilization, allocation and management, devolution oversight, coordinating implementation of youth policy and mainstreaming in national development, implementation of Kenya foreign policy, and oversight on use of public resources and service delivery.

The revised budgetary allocation to the sector in FY 2019/20 amounts to Kshs.290.1 billion representing 9 per cent of the revised gross national budget, an increase from Kshs.226.4 billion of allocation in FY 2018/19. The allocation comprised of Kshs.106.3 billion (36.7 per cent) for development budget and Kshs.183.7 billion (63.3 per cent) for recurrent expenditure. The National Treasury received the

highest budgetary allocation of Kshs.113.4 billion (39.9 per cent of the sector's allocation), while The Commission on Revenue Allocation had the lowest budgetary allocation of Kshs.400 million (0.2 per cent).

Figure 4.16 shows the budgetary allocation trend for the PAIR Sector for the period FY 2015/16 to FY 2019/20

In the first nine months of FY 2019/20, the State Department for Devolution received the highest proportion of development exchequer issues to revised net estimates at 82.2 per cent while Public

Service Commission received the lowest at 19 per cent. The State Department for Planning received the highest proportion of recurrent exchequer issues to revised net estimates at 94.5 per cent, while the National Treasury received the lowest at 31.4 per cent.

Figure 4.17 shows the exchequer issues to the PAIR Sector in the first nine months of FY 2019/20.

Figure 4.17: Exchequer Issues to the PAIR Sector

Source: National Treasury

The total expenditure for the sector amounted to Kshs.147.2 billion, representing 50.7 per cent of the revised gross estimates, a marginal decline compared to 50.8 per cent recorded in a similar period of FY 2018/19. The expenditure comprised of Kshs.48.7 billion for development expenditure, representing an absorption rate of 45.8 per cent, an increase from 41.1 per cent and Kshs.98.5 billion as recurrent expenditure, representing 53.6 per cent of revised gross recurrent estimates, a decline from 55.7 per cent recorded in a similar period of FY 2018/19.

Ministry of Foreign Affairs recorded the highest absorption on development budget at 95.8 per cent while the State Department for Devolution recorded the lowest at 9.3 per cent. The State Department for Planning and Statistics recorded the highest percentage of recurrent expenditure to revised gross recurrent estimates at 93.6 per cent while the National Treasury recorded the lowest, at 36.6 per cent.

4.11 Social Protection, Culture and Recreation Sector

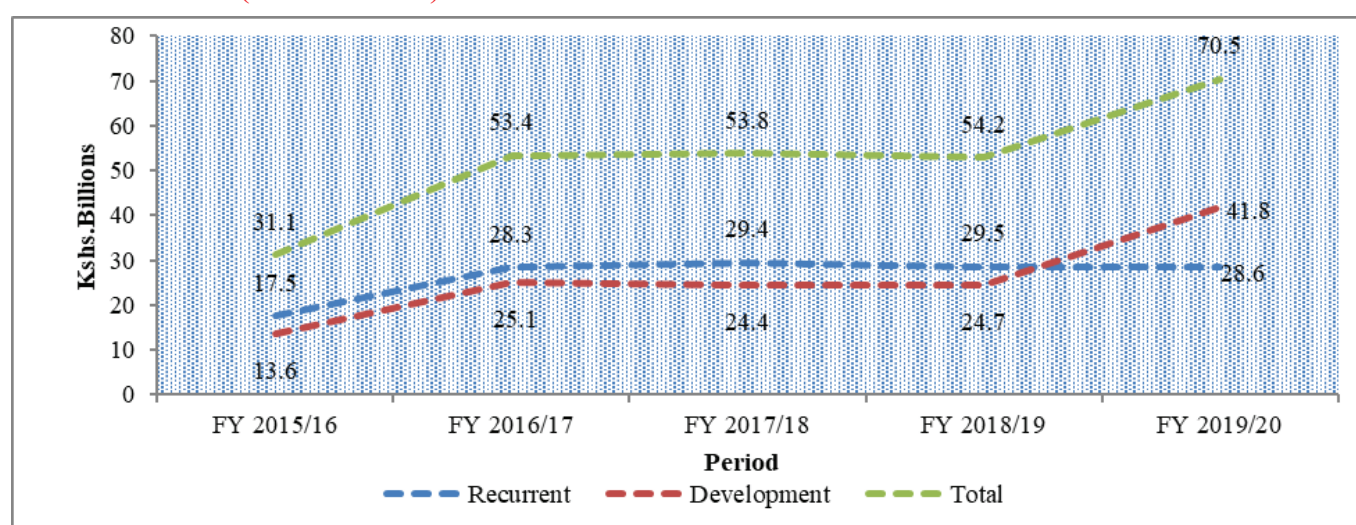

The Social Protection, Culture and Recreation sector comprises of six State Departments namely: Sports, Heritage, Labour, Social Protection, Pensions and Senior Citizens Affairs, Development of Arid and Semi-Arid Lands (ASALs) and Gender.

The sector plays a major role in the country's transformation and Socio-economic development through implementation of special programmes for the development of ASALs, promotion of sustainable employment, harmonious industrial relations, productive workforce and gender equality, empowerment of communities and vulnerable groups, safeguarding children rights, promotion of diverse cultures, arts and sports to enhance cohesiveness and Kenya's regional and international competitiveness.

The revised budgetary allocation to the sector in FY 2019/20 amounts to Kshs.70.5 billion representing 2.5 per cent of the revised gross national budget, an increase from Kshs.54.2 billion of allocation in FY 2018/19. The allocation comprised of Kshs.41.8 billion (59.3 per cent) for development expenditure and Kshs.28.6 billion (40.7 per cent) for recurrent expenditure. The State Department for Social Protection Pensions and Senior Citizens Affairs received the highest budgetary allocation of Kshs.34.8 billion (49.4 per cent of the sector's allocation), while the State Department for Heritage had the lowest budgetary allocation of Kshs.3.5 billion (4.9 per cent).

Figure 4.18 shows the budgetary allocation trend for the Social Protection, Culture Recreation Sector for the period FY 2015/16 to FY 2019/20.

Figure 4.18: Budgetary Allocation Trend for the Social Protection, Culture Recreation Sector (Kshs. Billion).

Source: National Treasury

Total exchequer issues to the sector amounted to Kshs.29.9 billion representing 53.9 per cent of the sector's revised net estimate. This comprised of Kshs.14.7 billion for development expenditure, representing 51.9 per cent of the revised development net estimates and Kshs.15.2 billion for recurrent expenditure, representing 55.9 per cent of the revised recurrent net estimates.

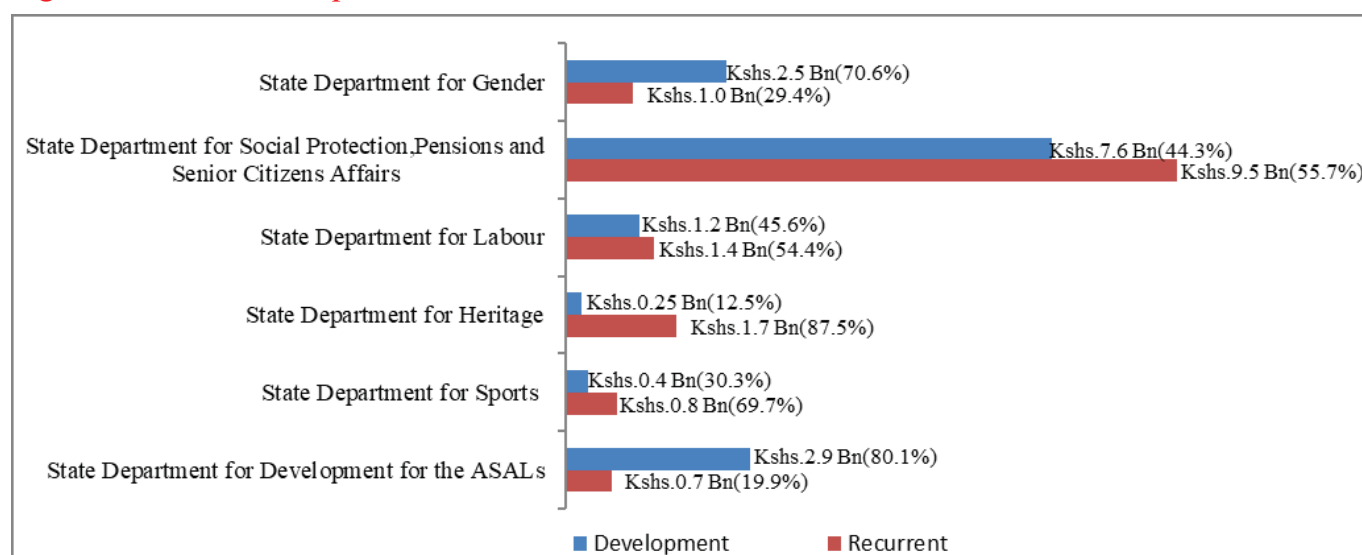

Table 4.10 shows an analysis of exchequer issues and expenditure incurred by the Social Protection, Culture Recreation Sector in the first nine months of FY 2019/20.

The total expenditure for the sector amounted to Kshs.32.5 billion, representing 46.1 per cent of the revised gross estimate, a decline compared to 69.1 per cent recorded in a similar period of FY 2018/19. The expenditure comprised of Kshs.17.9 billion for development expenditure, representing an absorption rate of 42.8 per cent, an increase from 16.4 per cent, and Kshs.14.6 billion as recurrent expenditure, representing 51.1 per cent of revised gross recurrent estimates an increase from 19.4 per cent recorded in a similar period of FY 2018/19.

The State Department for Gender recorded the highest absorption on development budget at 98.1 per cent while the State Department for Sports recorded the lowest at 16 per cent. The State Department for the Development for ASALs recorded the highest percentage of recurrent expenditure to revised gross recurrent estimates at 70.4 per cent while the State Department for Social Protection, Pension and Senior Citizens recorded the lowest, at 45.9 per cent.

5 BUDGET PERFORMANCE BY PROGRAMMES

5.1 Introduction

This chapter presents an overview of MDAs programmes planned for implementation in FY 2019/20 and provides information on allocation to the various programmes for both development and recurrent activities. It also presents expenditure by programmes and their implementation status in the first nine months of the FY 2019/20. The sectors are presented in an alphabetical order.

5.2 Agriculture, Rural and Urban Development (ARUD) Sector

The revised allocation to the ARUD Sector in FY 2019/20 amounts to Kshs.58.8 billion for implementing seventeen (17) programmes. This comprises of Kshs.40.4 billion (68.7 per cent) for development programmes and Kshs.18.4 billion (31.1 per cent) for recurrent programmes. Analysis of ARUD Sector programmes performance in the first nine months of the FY 2019/20 is presented in table 5.1.

*Programme performance report not available

Crop Development and Management programme under the State Department for Crop Development received the highest allocation at Kshs.18.7 billion (36.9 per cent), of the revised gross estimates for the sector, while General Administration, Planning and Support Services programme under the State Department for Fisheries and the Blue Economy received the lowest allocation at Kshs.96 million, (less than 1 per cent), of the revised gross estimates for the sector.

Analysis by programme performance shows that, the General Administration, Planning and Support Services and Crop Development programmes both under the State Department for Crop Development recorded the highest and the lowest proportion of programme expenditure to its revised gross estimates at 90.7 per cent and 23.5 per cent respectively.

5.3 Education Sector

The revised budgetary allocation to the sector in FY 2019/20 amounts to Kshs.496.7 billion for implementing 16 (sixteen) programmes. The allocation comprised of Kshs.28.3 billion (5.7 per cent) for the development programmes and Kshs.468.4 billion (94.3 per cent) for recurrent programmes. The analysis of sector programmes performance in the first nine months of the FY 2019/20 is presented in table 5.2.

The Teacher Resource Management programme under Teachers Service Commission received the highest allocation at Kshs.246.7 billion (49.8 per cent of the revised gross estimates for the sector),

while Post-Training Information Management programme under the State Department for Post Training and Skills Development received the lowest allocation at Kshs.16.7 million (less than 1 per cent of the sector revised allocation).

Analysis by programme performance shows that, the Secondary Education under the State Department for Education recorded the highest proportion of programme expenditure to its revised gross estimates at 94.1 per cent, while General Administration, Planning and Support Services programme under Teachers Service Commission recorded the lowest at 8.6 per cent.

5.4 Energy, Infrastructure and Information Communications Technology (EI & ICT) Sector

The EI & ICT sector's revised allocation in FY 2019/20 amounts to Kshs.459.2 billion for implementing twenty six (26) programmes. This comprises of Kshs.370.6 billion (81 per cent) for development programmes and Kshs.88.6 billion (19 per cent) for recurrent programmes. The analysis of the EI&ICT Sector's programmes performance in the first nine months of the FY 2019/20 is presented in Table 5.3.

Road Transport programme under the State Department for Infrastructure received the highest allocation at Kshs.167.3 billion (36.4 per cent of the revised gross estimates for the sector), while Road Safety programme under the State Department for Transport received the lowest allocation at Kshs.17.3 million, (less than 1 per cent of the allocation to the sector).

Analysis by programme performance shows that, the Film Development Services Programme under the State Department for Information Communications & Technology recorded the highest proportion of programme expenditure to its revised gross estimates at 100.8 per cent, while Alternative Energy Technologies programme under the State Department for Energy recorded the lowest at 3.1 per cent.

5.5 Environmental Protection, Water and Natural Resources Sector

The revised budgetary allocation to the sector in FY 2019/20 amounted to Kshs.93.9 billion for implementing twelve (12) programmes. The allocation comprised of Kshs.70 billion (74.5 per cent) for development programmes and Kshs.23.9 billion (25.5 per cent) for recurrent programmes. The analysis of Environmental Protection, Water and Natural Resources Sector programmes performance in the first nine months of the FY 2019/20 is presented in Table 5.4.

Water and Sewerage Infrastructure Development programme under the Ministry of Water and Sanitation received the highest allocation at Kshs.45.1 billion (50.3 per cent of the revised gross estimates for the sector), while Geological Survey and Geo-Information Management programme under the State Department for Mining received the lowest allocation at Kshs.217.7 million, (less than 1 per cent per cent of the sector allocation).

Analysis by programme performance shows that, the Wildlife Conservation and Management under the State Department for Wildlife recorded the highest proportion of programme expenditure to its revised gross estimates at 93.9 per cent, while Meteorological Services programme under the Ministry of Environment and Forestry recorded the lowest at 44.7 per cent.

5.6 General Economic and Commercial Affairs Sector (GECA)

The Sector's revised allocation in the FY 2019/20 amounts to Kshs.32.7 billion for implementing eight (8) programmes. This comprises of Kshs.18.1 billion (55 per cent) for development programmes and Kshs.14 billion (45 per cent) for recurrent programmes. Analysis of GECA Sector programmes performance in the first nine months of the FY 2019/20 is presented in Table 5.5.

Table 5.5: GECA Sector Budget Performance by Programme (Kshs. Billions)

VOTE	Programme	Revised Gross Estimates			Expenditure			Implementation Rate (%)

Cooperative Development and Management programme under the State Department for Cooperatives received the highest allocation at Kshs.5.2 billion (24 per cent of the revised gross estimates for the sector), while General Administration Planning and Support Services programme under the State Department for Industrialization received the lowest allocation at Kshs.328.4 million, (1.5 per cent of the sector revised gross estimates).

Analysis by programme performance shows that, the Cooperative Development and Management under the State Department for Cooperatives recorded the highest proportion of programme expenditure to its revised gross estimates at 95.1 per cent, while Industrial Development and Investments programme under the State Department for Industrialization recorded the lowest at 27.9 per cent.

5.7 Governance, Justice, Law and Order Sector (GJLOS)

The Sector's revised allocation in the FY 2019/20 was Kshs.210.4 billion for implementing twenty three (23) programmes. The allocation comprised of Kshs.17.9 billion (8.5 per cent) for development programmes and Kshs.192.5 billion (91.5 per cent) for recurrent programmes. Analysis of the GJLO sector programmes performance in the first nine months of the FY 2019/20 is presented in Table 5.6.

Policing Services programme under the State Department for Interior received the highest allocation at Kshs.102.1 billion (53.1 per cent of the revised annual estimates for the sector), while Delimitation of Electoral Boundaries programme under Independent Electoral and Boundaries Commission received the lowest allocation at Kshs.101.3 million, (less than 1 per cent of the allocation to the sector).

Analysis by programme performance shows that, the Delimitation of Electoral Boundaries under Independent Electoral and Boundaries Commission recorded the highest proportion of programme expenditure to its revised gross estimates at 160.7 per cent, while Road Safety programme under the State Department for Interior recorded the lowest at 29.1 per cent.

5.8 Health Sector

The revised budgetary allocation for the sector in the FY 2019/20 was Kshs.115.3 billion for implementing 5 programmes. The allocation comprised of Kshs.52.4 billion (45 per cent) for development programmes and Kshs.62.9 billion (55 per cent) for recurrent programmes. Table 5.7 presents an analysis of the Health sector programmes performance in the first nine months of FY 2019/20.

** Figure presents net revised estimate

The Health Policy, Standards and Regulations programme received the highest allocation at Kshs.42.4 billion (50.3 per cent of the revised gross estimates for the sector), while Health Research and Development programme received the lowest allocation at Kshs.4.6 billion, (5.4 per cent).

Analysis by programme performance shows that, the Health Research and Development recorded the highest proportion of programme expenditure to its revised gross estimates at 101 per cent, while Health Policy, Standards and Regulations programme recorded the lowest at 50.3 per cent.

5.9 National Security Sector

The revised budgetary allocation for the sector in the FY 2019/20 was Kshs.159.2 billion to fund its five (5) programmes. This comprises of Kshs.17.1 billion (11 per cent) for development expenditure and Kshs.142.1 billion (89 per cent) for recurrent expenditure. The analysis of National Security sector programmes performance in the first nine months of the FY 2019/20 is presented in Table 5.8.

Table 5.8 National Security Sector Budget Performance by Programme (Kshs. Billions)

VOTE	Programme	Revised Gross Estimates			Expenditure*			Implementation Rate (%)

Defense programme received an allocation of Kshs.120 billion (75.4 per cent of the total allocation for the sector), while National Space Management received Kshs.200 million (less than 1 per cent of the total allocation for the sector), both under the Ministry of Defence.

Analysis of programme performance shows General Administration, Planning and Support Services recorded implementation rate of 78.7 per cent while National Space Management recorded the lowest at 50 per cent both under the Ministry of Defence.

5.10 Public Administration and International Relations (PAIR) Sector

The Sector's revised allocation in the FY 2019/20 amounts to Kshs.290.1 billion for implementing thirty four (34) programmes. This comprises of Kshs.106.3 billion (36.7 per cent) for development programmes and Kshs.183.7 billion (63.3 per cent) for recurrent programmes. The analysis of PAIR Sector programmes performance in the first nine months of FY 2019/20 is presented in Table 5.9.

*Information by programme not available

Economic Policy and National Planning programme under the State Department for Planning and Statistics received the highest allocation at Kshs.43.7 billion (27.1 per cent of the revised gross estimates for the sector), while Performance and Productivity Management programme under Public Service Commission received the lowest allocation at Kshs.26.4 million, (less than 1 per cent of the allocation to the sector).

Analysis by programme performance shows that, the Special Initiatives under the State Department for Devolution recorded the highest proportion of programme expenditure to its revised gross estimates at 132.4 per cent, while its devolution services programme recorded the lowest at 13.9 per cent.

5.11 Social Protection, Culture and Recreation Sector

The Sector's revised allocation in FY 2019/20 amounts to Kshs.70.5 billion for implementing fifteen (15) programmes. This comprises of Kshs.41.8 billion (59 per cent) for development programmes and Kshs.28.6 billion (41 per cent) for recurrent programmes. Table 5.10 presents an analysis of the Social Protection, Culture and Recreation sector's programme performance in the first nine months of FY 2019/20.

Source: MDAs and National Treasury

National Social Safety Net programme under the State Department for Social Protection, Pension and Senior Citizens Affairs received the highest allocation at Kshs.25.9 billion (43.8 per cent of the revised gross estimates for the sector), while The Arts programme under the State Department for Heritage received the lowest allocation at Kshs.62 million, (less than 1 per cent of the sector's revised budget).

Analysis by programme performance shows that, the Library Services under the State Department for Heritage recorded the highest proportion of programme expenditure to its revised gross estimates at 97.2 per cent, while Sports programme under the State Department for Sports recorded the lowest at 27.1 per cent.

6 KEY ISSUES AND RECOMMENDATIONS

6.1 Introduction

This chapter highlights the issues that affected budget implementation in the first nine months of FY 2019/20. Further, it provides recommendations aimed at improving budget implementation in the subsequent periods in order to achieve effective budget implementation.

6.2 Key Issues and Recommendations

In the course of overseeing budget implementation, the OCOB identified the following key issues which affected budget implementation.

6.2.1 Delay by MDAs to Submit Quarterly Financial Reports to the Controller of Budget

Article 228 (6) of the Constitution of Kenya, 2010, and Section 9 of the Controller of Budget Act, 2016 requires the Controller of Budget to submit to each House of Parliament a report on the implementation of budgets of the national and county governments every four months. Further, Section 39 (8) of the PFM Act, 2012, requires the Controller of Budget to ensure that the public has access to information on budget implementation.

During the reporting period, the OCOB experienced delays in submission of financial reports by some MDAs, which affected timely reporting on budget implementation. The report by the COB is based on reports on financial and non-financial information submitted by the MDAs in line with Section 83 (3 and 4) of the PFM Act, 2012.

The OCOB recommends that, all Accounting Officers should ensure that expenditure reports are submitted not later than fifteen days after the end of each quarter as specified in Section 83 (3, 4) of the PFM Act, 2012. This will ensure timely preparation and publication of Budget Implementation Reports and will enhance oversight on budget implementation.

6.2.2 Economic Effect of the COVID-19 Disease

The first COVID-19 case in Kenya was confirmed in mid-March 2020, prompting the government to institute stringent measures to curb its spread. While the COVID-19 pandemic is primarily a health crisis with far reaching economic ramifications, the responses instituted to control its spread have disrupted millions of livelihoods with disproportionate impact on poor households and small and informal businesses. The pace of this disruption is likely to accelerate in the months ahead.

Given the disruptions occasioned by the decisive actions taken by government to contain spread of the COVID-19 disease, it is clear that the measures will impact on all sectors of the economy. Therefore, there is need for continuous monitoring of the economy by respective institutions on the impact of this crisis, and development of a framework for action aimed at saving lives, protecting households, businesses, and the economy from the fall out of the pandemic.

6.2.3 Failure to Report on Programme and Project Achievements by MDAs

Section 9 (2) of the Controller of Budget Act, 2016 requires the Controller of Budget to report on programme and project achievements by the MDAs. In order to facilitate this reporting, the OCOB developed and shared a template for submission of programme and project achievements in the reporting period. However, despite this effort, some MDAs did not submit information on programme and project achievements.

All Accounting Officers should ensure that, quarterly reports submitted to the Controller of Budget contain sufficient information on achievements of programmes and projects as set in the Programme Based Budget framework. This will promote transparency and accountability in use of public funds.

7 CONCLUSION

This report sought to provide an overview on budget implementation during the first nine months of FY 2019/20 pursuant to Article 228 of the Constitution of Kenya, 2010 which mandates the Controller of Budget to oversee the implementation of Governments Budgets through timely authorization of withdrawals of Public Funds and reporting on the utilization.

Overall budget implementation in the first nine months of the FY 2019/20 shows some growth in development expenditure and a marginal decline in the recurrent expenditure compared to a similar period FY 2018/19. Development expenditure recorded an absorption rate of 60.8 per cent, with a similar percentage recorded in FY 2018/19. Recurrent expenditure declined to 63.8 per cent from 64.4 per cent recorded in the same period FY 2018/19. However, development expenditure recorded growth in absolute amounts (Kshs.463.6 billion), compared to Kshs.395.3 billion recorded in a similar period FY 2019/20 signifying the government's efforts to focus on development activities.

Recurrent expenditure by MDAs amounted to Kshs.775.6 billion recording an absorption rate of 63.4 per cent, a decline compared to 67.7 per cent recorded in a similar period FY 2018/19. This may be attributed to delays in approval of Supplementary Budget II which affected MDA work plans during which only salaries were accessible.

In the period under review, the OCOB identified key issues which affected effective budget implementation. These were delays by some MDAs to submit quarterly financial reports to the OCOB, the economic effect of the COVID-19 disease which was reported in Kenya in the last month of the reporting period and failure to report on programme and project achievements by MDAs. The OCOB recommends that, Accounting Officers ensure expenditure reports are submitted not later than fifteen days after the end of each quarter as specified in Section 83 (3, 4) of the PFM Act, 2012. Regarding the economic effects occasioned by the COVID-19 disease, there is need for development of a framework for continuous monitoring of the economy by the respective institutions and to address emerging issues by government. Finally, Accounting Officers should ensure that the reports submitted to the Controller of Budget contain sufficient information on achievements of programmes and projects as set in the Programme Based Budget framework.
