OFFICE OF THE CONTROLLER OF BUDGET

NATIONAL GOVERNMENT BUDGET IMPLEMENTATION REVIEW REPORT

FOR THE FY 2020/21

AUGUST, 2021

THE REPUBLIC OF KENYA
OFFICE OF THE CONTROLLER OF BUDGET

NATIONAL GOVERNMENT
BUDGET IMPLEMENTATION REVIEW REPORT
FOR THE FY 2020/21

AUGUST, 2021

FOREWORD

The Office of the Controller of Budget (OCoB) is established under Article 228 of the Constitution of Kenya with the key mandate to oversee implementation of the budget for both the national and county governments by approving the withdrawal of funds and reporting to each House of Parliament every four months. Specifically, Article 228(6) of the Constitution of Kenya and the Controller of Budget Act 2016, require that every four months, the Controller of Budget (COB), submit to each House of Parliament a report on the implementation of budgets of national and county governments.

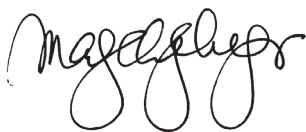

Against this backdrop, I present this National Government Budget Implementation Review Report (BIRR) for the Financial Year (FY) 2020/21, covering the period July 2020 to June 2021. The report presents budget implementation performance by the national government through Ministries, Departments and Agencies (MDAs) in the FY 2020/21. This is the fourth report, following the first, second and third quarterly reports that were submitted to both houses of Parliament for FY 2020/21, a period that was characterised by the prolonged effects of the Corona Virus Disease (COVID-19), which has adversely affected the social, health and economic environments.

Budget performance involves receipts into Consolidated Fund, exchequer issues and expenditure during the reporting period against the budget, while comparing performance with preceding year. The report is prepared based on data from the approved budget, reports on both financial and non-financial information received from the MDAs in line with Section 83(4) of the Public Finance Management Act, 2012, and expenditure data from the Integrated Financial Information System (IFMIS). The report identifies the key challenges that faced budget implementation, considers the emerging issues in the financial year and makes appropriate recommendations to address both the challenges and emerging issues to enhance budget execution.

In line with the Constitutional mandate, the OCoB underscores its commitment to promote prudent utilization of public funds through timely approval of withdrawal of funds and ensuring adherence to the law, while providing regular information on budget implementation. The OCoB remains steadfast in ensuring that budget performance is publicized through the BIRRs according to Section 39(8) of the Public Finance Management Act, 2012.

I, therefore, wish to urge all legislators and stakeholders to continue taking an active interest in the budgeting process, from formulation and implementation to the monitoring and evaluation phases. It is through such measures that all stakeholders will contribute to ensuring that the Government delivers on its objectives, pledges and priorities in line with the approved budget and planning documents, while ensuring expenditure is supported with value for money.

I appreciate the staff from both the MDAs and the OCoB who have made the publication of this report possible.

Dr. Margaret Nyakang'o
CONTROLLER OF BUDGET

EXECUTIVE SUMMARY

This annual National Government Budget Implementation Review Report for the FY 2020/21 has been prepared in line with Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016, which requires the Controller of Budget to submit to Parliament quarterly budget implementation reports for the national and county governments every four months.

During the reporting period, receipts into the consolidated fund amounted to Kshs.2.82 trillion, representing 95.6 per cent of the revised annual target of Kshs.2.95 trillion, a growth of 9 per cent compared to the Kshs.2.58 trillion received in the FY 2019/20. Kenya Revenue Authority (KRA) has attributed the increase in revenue to sustained compliance efforts, revenue enhancement initiatives and improved voluntary compliance by taxpayers.

Total exchequer issues to the MDAs, Consolidated Fund Service (CFS) and County Governments amounted to Kshs.2.80 trillion representing 94.9 per cent of the revised net estimates, a growth compared to 92.5 per cent recorded in the FY 2019/20. The exchequer issues comprised of Kshs.372.49 billion for development expenditure, Kshs.2.04 trillion for recurrent expenditure and Kshs.379.51 billion to the County Governments representing 91.1 per cent, 94.8 per cent and 99.2 per cent of the revised net estimates. However, exchequer issues to county governments included Kshs.29.72 billion as equitable share arrears from FY 2019/20.

The total expenditure by the national government amounted to Kshs.2.59 trillion; representing 85.4 per cent of the revised gross estimates, a slight decline compared to 86.6 per cent recorded in the FY 2019/20. This comprised of development expenditure at Kshs.561.49 billion (absorption rate of 79.5 per cent), recurrent expenditure at Kshs.1.15 trillion (absorption rate of 91.5 per cent) and CFS expenditure at Kshs.878.78 billion (absorption rate of 82.1 per cent). Expenditure was supported through funding by the government and Ministerial Appropriation-in-Aid. (A-I-A)

Analysis of the development expenditure shows that Capital Transfers to Semi-Autonomous Government Agencies (SAGAs) category recorded the highest expenditure at Kshs.323.81 billion representing 57.7 per cent of the gross expenditure. Transfers by the MDAs to SAGAs are meant to complement activities and mandates executed on behalf of parent ministries.

Review of the recurrent expenditure shows that a total of Kshs.498.07 billion was spent on compensation to employees representing 42.4 per cent of the gross recurrent expenditure by MDAs. This excludes personnel emoluments for Military payments and the National Intelligence Service. The Teachers Service Commission (TSC) recorded the highest expenditure on compensation to employees at Kshs.273.41 billion, translating to 55.9 per cent of total expenditure on compensation to employees by the national government. Further, some budget items recorded low levels of expenditure, which was attributed to the impact of the Corona Virus Disease (COVID -19) mitigation measures adopted by government to curb spread of the disease, namely Travelling, Training and Hospitality activities which are some of the major spending budget items by many MDAs.

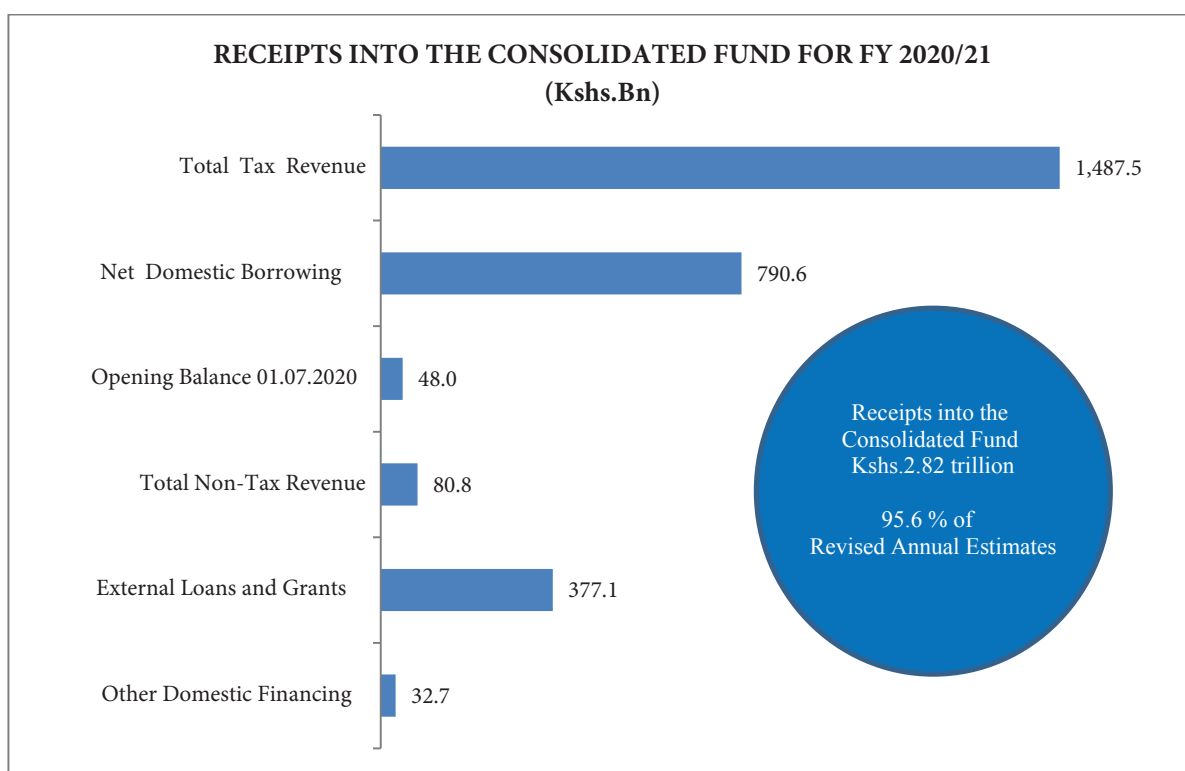

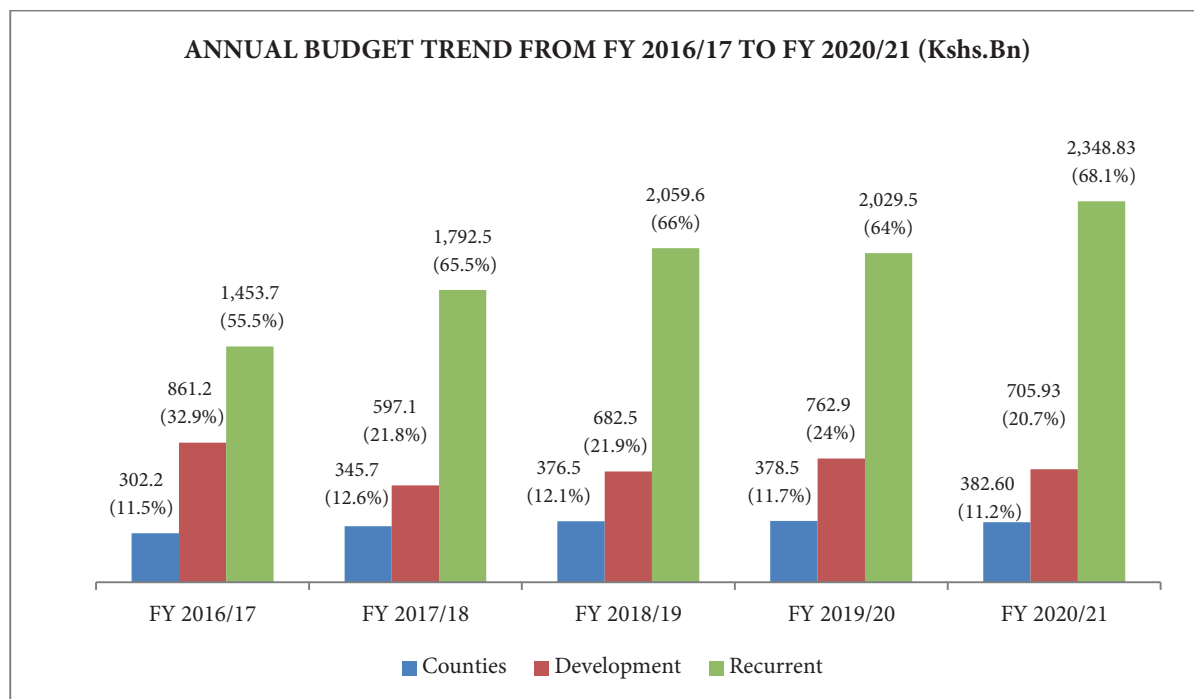

The Office of the Controller of Budget identified several challenges that hindered effective budget implementation in the FY 2020/21. These included delays in submission of financial and non-financial reports to the Office of the Controller of Budget by some MDAs, non-adherence to end of year timelines, pending bills and high levels of public debt.

The report contains recommendations aimed at addressing the identified challenges. They include; submission of MDAs financial and non-financial performance reports to the OCOB within fifteen days following the end of each quarter; National Treasury to liaise with MDAs before effecting budget revisions; National Treasury to prepare the Supplementary Budget in good time and Parliament to consider and approve budget revisions in good time to allow for timely implementation of planned activities.

To check on the burden of public debt and other related fiscal strains, the government should enhance collection of domestic taxes to expand fiscal space and ensure borrowings are used only for financing development expenditure and not for recurrent expenditure and at the minimum cost to reduce the high

cost associated with debt repayment. Further, the Controller of Budget recommends that the government takes stock of all ongoing and stalled projects, provide funds to finish them, and defers any new projects to curb the accumulation of pending bills. In addition, the government should oversee coordination of all joint projects between the two levels of government to avoid duplication of projects aimed at accomplishing similar objectives.

KEY HIGHLIGHTS

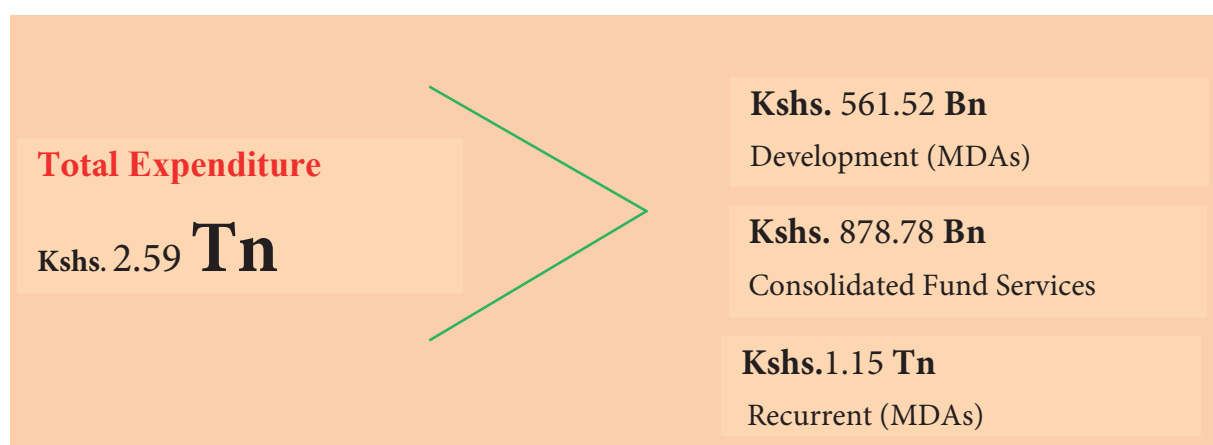

OVERALL NATIONAL GOVERNMENT BUDGET PERFORMANCE IN THE FY 2020/21

Exchequer Issues

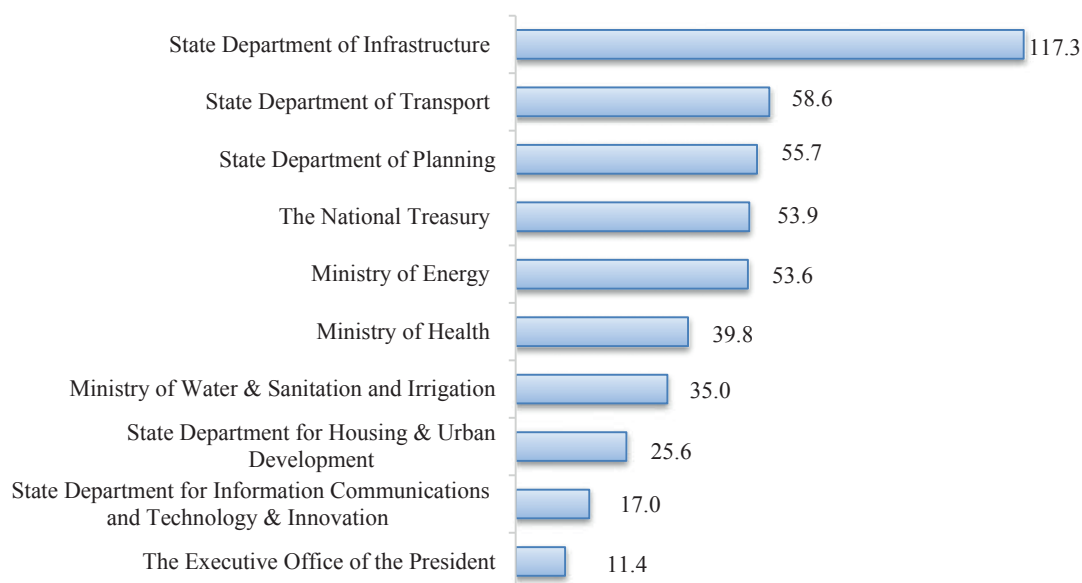

National Government Expenditure

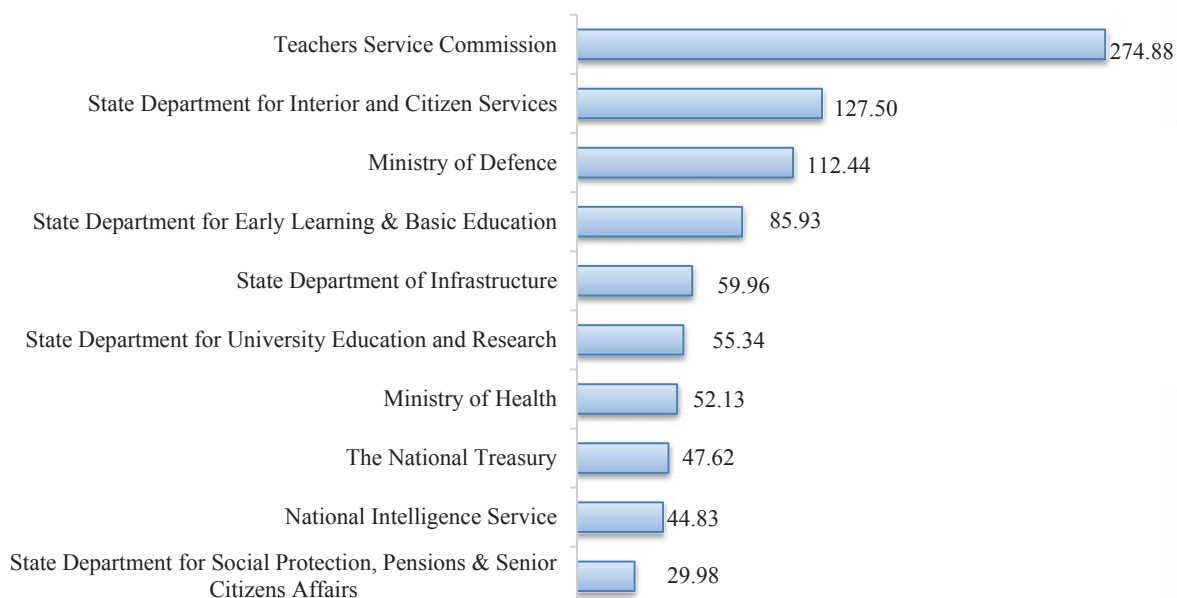

* Expenditure is significantly higher than the total development exchequers issued due to Appropriations-in-Aid (A-I-A) generated by the MDAs and donor funding. A-I-A is revenue in the form of receipts from user charges collected internally by an MDA and is spent by the entity that raised the revenue.

1 INTRODUCTION

The OCoB is established under Article 228 of the Constitution of Kenya and mandated to oversee the implementation of the budgets of the National and County Governments by authorizing withdrawals from public funds under Articles 204, 206 and 207 of the Constitution, and reporting on the implementation of the budgets to each House of Parliament every four months. This report fulfils the requirements of Article 228(6), of the Constitution and Section 9 of the Controller of Budget Act, 2016 by presenting progress on the budget implementation by the national government in the FY 2020/21.

The budget for the FY 2020/21, was prepared against a backdrop of limited fiscal space occasioned by revenue shortfalls and rising expenditure pressures. The Government focused on the need for fiscal consolidation to provide and maintain the necessary balance between revenues and expenditures while reducing the pace of the growth of public debt. Budget allocations in the 2020 Budget Policy Statement were realigned to the “Big Four” Agenda as prioritized in the Medium-Term Plan Three (MTP III). Budgets of all MDAs curtailed spending on non-productive areas to ensure that public expenditures went to the most impactful programmes with the highest welfare benefits to Kenyans.

In implementing the FY 2020/21 budget activities, the National Treasury prepared two Supplementary budgets which were necessitated by the national government’s need to match revenues to expenditures and to settle pending bills accrued by both the National and County governments. To unbundle the budget implementation and performance for the FY 2020/21 through this report, it is presented in eight chapters. Chapter one is the introduction. Chapter two presents the resource basket which was available to finance the budget and comprises revenue receipts into the Consolidated Fund and withdrawals approved by the COB. Chapter three presents the overall budget performance which includes a breakdown of budget spending identifying core spending areas, Consolidated Fund Services and Pending bills for the national government as of 30th June 2021.

Chapter four presents the financial performance by the sixty-eight MDAs which are grouped under the ten Sector working groups. The chapter presents a detailed analysis of sector performances showing allocations to specific MDAs as aligned to their key functions, exchequer issues to net estimates and actual expenditure to gross estimates presented as a percentage of the estimates. The net estimates do not include Appropriations-in-Aid (A-I-A) and present the budget to be funded by the government through the exchequer while the gross estimates include A-I-A. MDAs are classified into ten (10) Sectors according to the Classification of the Functions of the Government. The sectors are (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environmental Protection, Water and Natural Resources (EWNr), (v) General Economic and Commercial Affairs (GECA), (vi) Governance, Justice, Law and Order (GJLO), (vii) Health, (viii) National Security, (ix) Public Administration and International Relations (PAIR), (x) Social Protection, Culture and Recreation (SPCR), sector.

Chapter five presents the budget performance by programmes giving the key drivers of the budget objectives, which encompass programmes and sub-programme performance by MDAs. Chapter six identifies key issues that the COB identified to be hampering effective budget implementation in the financial year. The chapter also makes recommendations aimed at addressing the issues identified as hampering efficient budget implementation. Chapter seven presents emerging issues that the COB has come across that need to be addressed to arrest future impropriety in relation to principles of public finance. Chapter eight provides the conclusion to the report.

The chapters are supported by annexes. A PDF version of the report is available on the COB website, <https://cob.go.ke>.

2 ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1 Introduction

This chapter summarises receipts into the Consolidated Fund and analyses exchequer issues in the FY 2020/21. Exchequer issues comprise disbursements by the National Treasury towards development expenditure, recurrent expenditure and transfers to the forty-seven counties.

2.2 Analysis of Revenue Estimates and Receipts into the Consolidated Fund

This section summarises the revenue estimates and receipts into the Consolidated Fund in the FY 2020/21. The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and is the account into which all money raised or received by or on behalf of the national government is paid. It excludes money that is reasonably excluded from the Fund by an Act of Parliament and payable into another public fund established for a specific purpose or is retained by the State organ that received it to defray its expenses. The section also provides the trend of receipts into the Consolidated Fund over similar periods in the last five financial years.

2.2.1 FY 2020/21 Revenue Estimates

The revised revenue estimates for the FY 2020/21 amounted to Kshs.2.94 trillion, an increase compared to Kshs.2.65 trillion budgeted in the FY 2019/20. To finance the budget, the government, through the National Treasury, budgeted to raise revenue from various sources, which included: Tax revenue (Kshs.1.45 trillion), Non-tax revenue (Kshs.109.32 billion), Domestic borrowing (Kshs.875.09 billion), External Loans and Grants (Kshs.422.41 billion) and other Domestic financing at Kshs.22.81 billion.

2.2.2 Receipts into the Consolidated Fund

In the FY 2020/21, receipts into the Consolidated Fund were Kshs.2.82 trillion, representing 95.6 per cent of the revised annual target, an increase compared to Kshs.2.58 trillion (97.8 per cent of the annual target) recorded in FY 2019/20. The receipts comprised of the opening balances from the previous financial year (FY 2019/20), Tax and non-tax revenues, Domestic borrowing, External Loans and Grants and other Domestic financing. Table 2.1 presents the statement of receipts into the Consolidated Fund in the FY 2020/21.

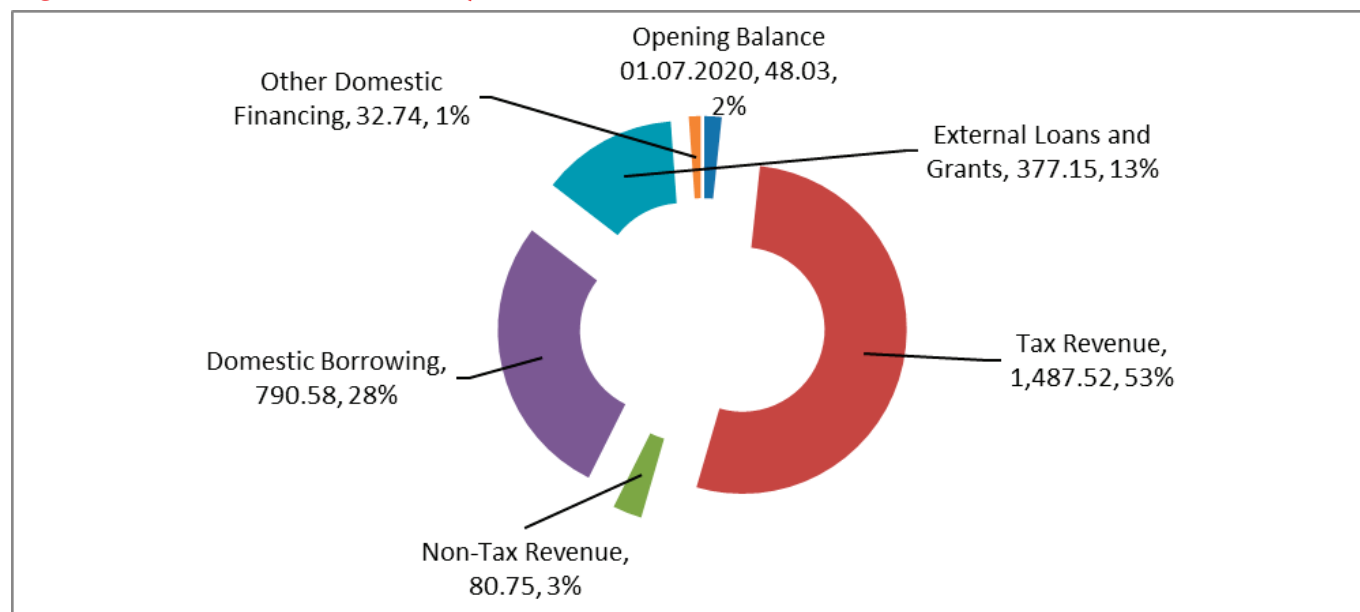

Table 2.1: Statement of Receipts into the Consolidated Fund (Kshs. Billion)

Receipts Category	Original Revenue Estimates	Revised Revenue Estimates	Actual Receipts as of 30 th June 2021	Performance Against Annual Target (%)	Contribution by Category (%)
Opening Balance 01.07.2020	-	48,028,919,425.79	48,028,919,425.79	100.0	1.7
Tax Revenue	1,567,632,123,908.99	1,469,466,601,139.49	1,487,519,775,689.25	101.2	52.8
Non-Tax Revenue	66,134,718,178.01	109,320,218,750.66	80,753,855,736.25	73.9	2.9
Domestic Borrowing	786,648,145,090	875,089,568,008.00	790,577,923,686.10	90.3	28.1
External Loans and Grants	373,196,540,683	422,423,389,258.85	377,149,967,766.70	89.3	13.4
Other Domestic Financing	36,816,500,886	22,811,162,263.21	32,742,755,441.79	143.5	1.2
Total Receipts	2,830,428,028,746	2,947,139,858,846.00	2,816,773,197,745.88	95.6	

Source: National Treasury

The tax revenue category contributed the highest proportion to total receipts at 52.8 per cent while other domestic financing surpassed the revised target at 143.5 per cent. Figure 2.1 shows contribution by category in the consolidated fund in the FY 2020/21.

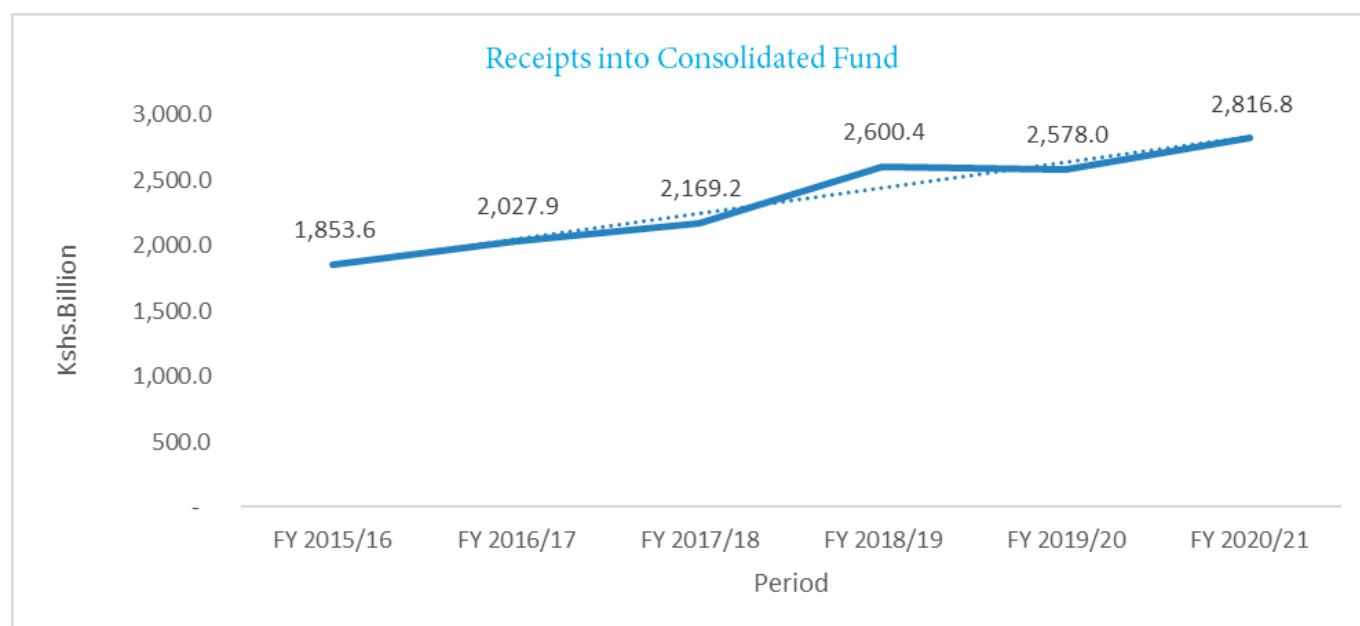

Figure 2.1: Contribution by Source into the Consolidated Fund

Source: National Treasury

Figure 2.2 shows the trend of receipts into the Consolidated Fund from FY 2015/16 to FY 2020/21.

Figure 2.2: Receipts into the consolidated fund from FY 2015/16 to FY 2020/21

Source: National Treasury

Trend analysis shows growth in receipts in the FY 2020/21 compared to a similar period of FY 2019/20. KRA has attributed the increase in revenue to sustained compliance efforts, revenue enhancement initiatives and improved voluntary compliance by taxpayers. The good performance is also attributed to tax base expansion where KRA recruited more taxpayers through the implemented taxes, including Digital Services Tax, Minimum Tax, and Voluntary Tax Disclosure, among others.

2.3 FY 2020/21 Overall Budget

The approved budget for the FY 2020/21 was Kshs.3.29 trillion, comprising Kshs.2.28 trillion for recurrent expenditure, Kshs.633.31 billion for development expenditure, and Kshs.369.87 billion towards financing county governments. This figure was revised to Kshs.3.42 trillion in the Supplementary Budget I comprising Kshs.2.35 trillion for recurrent expenditure, Kshs.696.57 billion for development and Kshs.369.87 billion to the county governments. In Supplementary Budget II, it was revised further to Kshs.3.42 trillion, comprising of Kshs.2.33 trillion for recurrent expenditure, Kshs.705.93 billion for development expenditure and Kshs.382.60 towards county governments.

2.4 Exchequer Issues to MDAs and County Governments

In the FY 2020/21, total exchequer issues from the National Treasury to the MDAs and County governments amounted to Kshs.2.80 trillion representing 94.9 per cent of the revised net estimates, an increase compared to 92.5 per cent of exchequer issues to revised net estimates issued in the FY 2019/20. Table 2.2 summarises the exchequer issues for the FY 2020/21 against the revised net estimates.

Grand Total	3,417.14	2,947.18	2,795.50	94.9	-	3,227.0	2,734.3	2,530.0	92.5	-

Source: National Treasury

Further analysis from table 2.2 shows that the County Governments expenditure vote received the highest percentage of exchequer issues to revised net estimates at 99.2 per cent, while the Development expenditure vote received the lowest at 91.1 per cent.

Figure 2.3 illustrates the proportion of issues by vote. The highest proportion went to recurrent (MDAs) vote at 73.1 per cent, while Development (MDAs) vote received the lowest at 13.3 per cent. However, exchequer issues to county governments included Kshs.29.72 billion as equitable share arrears for FY 2019/20 and therefore, exchequer issues to County government could be the lowest. Figure 2.3 shows the proportion of exchequer issues by vote.

Figure 2.3: Proportion of Exchequer Issues by Vote in the FY 2020/21

2.5 Exchequer Issues to MDAs by Sector.

MDAs are classified into ten Sectors according to the Classification of Functions of Government (COFOG), which is designed to support fiscal analysis by breaking down government fiscal statistics for comparability across governments.

The ten sectors are (i) Agriculture, Rural and Urban Development (ii) Education (iii) Energy, Infrastructure and Information Communications Technology (iv) Environmental Protection, Water and Natural Resources (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

In the FY 2020/21, exchequer issues to MDAs amounted to Kshs.1.44 trillion, representing 96.4 per cent of the revised net estimates compared to 93.4 per cent (Kshs.1.42 trillion) recorded in the FY 2019/20. Table 2.3 shows a summary of exchequer issues by sector in the FY 2020/21.

Table 2.3: Exchequer Issues by Sector in the FY 2020/21 (Kshs. Billion)

Name of the Sector	FY 2020/21				FY 2019/20			
	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	Exchequer Issues as % of Revised Net Estimates	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	Exchequer Issues as % of Revised Net Estimates

Source: National Treasury

The National Security sector received the highest proportion of exchequer issues to revised net estimates at 99.8 per cent, while the Health sector received the lowest exchequer issues at 85.60 per cent.

2.5.1 Development Exchequer Issues by Sector

In the FY 2020/21, the gross allocation to development expenditure was Kshs.633.31 billion, which was revised to Kshs.696.57 billion in the Supplementary Budget I, and Kshs.705.93 billion in Supplementary Budget II representing 35.9 per cent of the revised gross budget to Ministerial expenditure, a decrease compared to Kshs.712.60 billion allocated in the FY 2019/20. Further analysis shows that development expenditure was allocated 21 per cent of the revised gross national budget. Table 2.4 shows sectoral development revised gross estimates and exchequer issues in the FY 2020/21.

Table 2.4: Sectoral Development Estimates and Exchequer Issues (Kshs. Billion)

Sector	FY 2020/21				FY 2019/20			
	Revised Gross Estimates	Revised Net Estimates	Exch. Issues	Exchequer Issues as % of Revised Net Estimates	Revised Gross Estimates	Revised Net Estimates	Exch. Issues	Exchequer Issues as % of Revised Net Estimates

Total	705.93	408.84	372.49	91.1	712.6	439.7	385.8	87.7

Source: National Treasury

Total development expenditure exchequer issues in the FY 2020/21 amounted to Kshs.372.49 billion, representing 91.1 per cent of the revised net estimates. This recorded growth in percentage terms compared to 87.7 per cent issued in FY 2019/20. Analysis of exchequer issues towards development expenditure by sector shows that the National Security sector received the highest proportion of exchequer issues to net estimates at 100 per cent while the Health sector received the lowest at 72.4 per cent. Table 2.5 shows development issues to the MDAs under each of the ten sectors.

Table 2.5: Analysis of Exchequer Development Issues to MDAs by Sectors in the FY 2020/21

2.5.2 Recurrent Exchequer Issues by Sector

In the FY 2020/21, gross recurrent expenditure estimates for MDAs was Kshs.1.25 trillion, revised to Kshs.1.28 trillion in the Supplementary Budget I, and Kshs.1.26 trillion in Supplementary II representing 64.1 per cent of the Ministerial expenditure allocation, an increase compared to Kshs.1.26 trillion allocated in the FY 2019/20. Further analysis shows that recurrent Ministerial expenditure allocation was 36.8 per cent of the revised gross national budget. Table 2.6 shows the sectoral recurrent estimates and exchequer issues in the FY 2020/21.

Table 2.6: Sectoral Recurrent Estimates and Exchequer issues (Kshs. Billion)

Name of the Sector	FY 2020/21				FY 2019/20			
	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	Exchequer Issues as % of Revised Net Estimates	Revised Gross Estimates	Revised Net Estimates	Exchequer Issues	Exchequer Issues as % of Revised Net Estimates

2.5.3 Exchequer Issues to Consolidated Fund Services (CFS)

The Consolidated Fund Services (CFS) comprises funds allocated towards (i) Repayment of Public Debt (domestic and foreign) and government-guaranteed loans to parastatals, (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Office holders and Miscellaneous Services, and (iv) Subscriptions to International Organizations.

The allocation to CFS in FY 2020/21 amounted to Kshs.1.03 trillion, revised to Kshs.1.07 trillion in the Supplementary Budget I and Supplementary II, an increase from the Kshs.807.78 billion allocated in the FY 2019/20. Further analysis shows that CFS was allocated 31.3 per cent of the revised gross national budget. Table 2.8 shows exchequer issues towards CFS in the FY 2020/21.

Table 2.8: CFS Budgetary Allocation and Exchequer Issues (Kshs. Million)

CFS	FY 2020/21			FY 2019/20		
	Revised Net Estimates	Exchequer Issues	% of Ex-chequer to Revised Net Estimates	Revised Net Estimates	Exchequer Issues	% of Ex-chequer to Revised Net Estimates
Public Debt	954,866.22	862,833.16	90.4	778,847.9	707,892.0	90.9
Pensions and Gratuities	111,142.48	110,355.25	99.3	86,988.9	86,989.3	100.0
Salaries, Allowances & Miscellaneous Services	4,167.41	2,620.16	62.9	4,643.7	3,307.1	71.2
Subscriptions to International Organizations	0.50	-	0.0	0.5	-	-
Total	1,070,176.61	975,808.57	91.2	870,481.0	798,188.3	91.7

Source: National Treasury

In the FY 2020/21, exchequer issues to CFS were Kshs.975.81 billion, representing 91.2 per cent of the revised net estimates, and a marginal decrease compared to 91.7 per cent recorded in the FY 2019/20. The Pensions and Gratuities category received the highest proportion of exchequer issues to revised net estimates at 99.3 per cent, while the Salaries, Allowances & Miscellaneous Services category had the lowest at 62.9 per cent.

3 OVERALL BUDGET PERFORMANCE

3.1 Introduction

This chapter presents expenditure analysis for the FY 2020/21 for both development and recurrent expenditure by National Government Ministries, Departments and Agencies (MDAs). The Consolidated Fund Services (CFS) is discussed under recurrent expenditure and provides information on Public debt; Pensions and Gratuities as well as Salaries and allowances to Constitutional Office-holders and Miscellaneous services. The chapter also presents expenditure breakdown by budget items for both the development and recurrent votes.

3.2 Overall Government Budget Performance

In the FY 2020/21, the revised aggregate budget was Kshs.3.42 trillion, as presented in table 3.1. It consists of budget estimates for the MDAs and allocation to County governments from the National government.

Table 3.1: Overall Government Budget Performance (Kshs. Billion)

VOTE	FY 2020/21						FY 2019/20

Notes

The CARA 2020 allocated a total of Kshs.369.87 billion to the County Governments and comprised of Kshs.316.5 billion as equitable share, Kshs.23.16 billion as conditional allocations funded by National Government and Kshs.30.20 as conditional allocations from loans and grants from Development Partners.

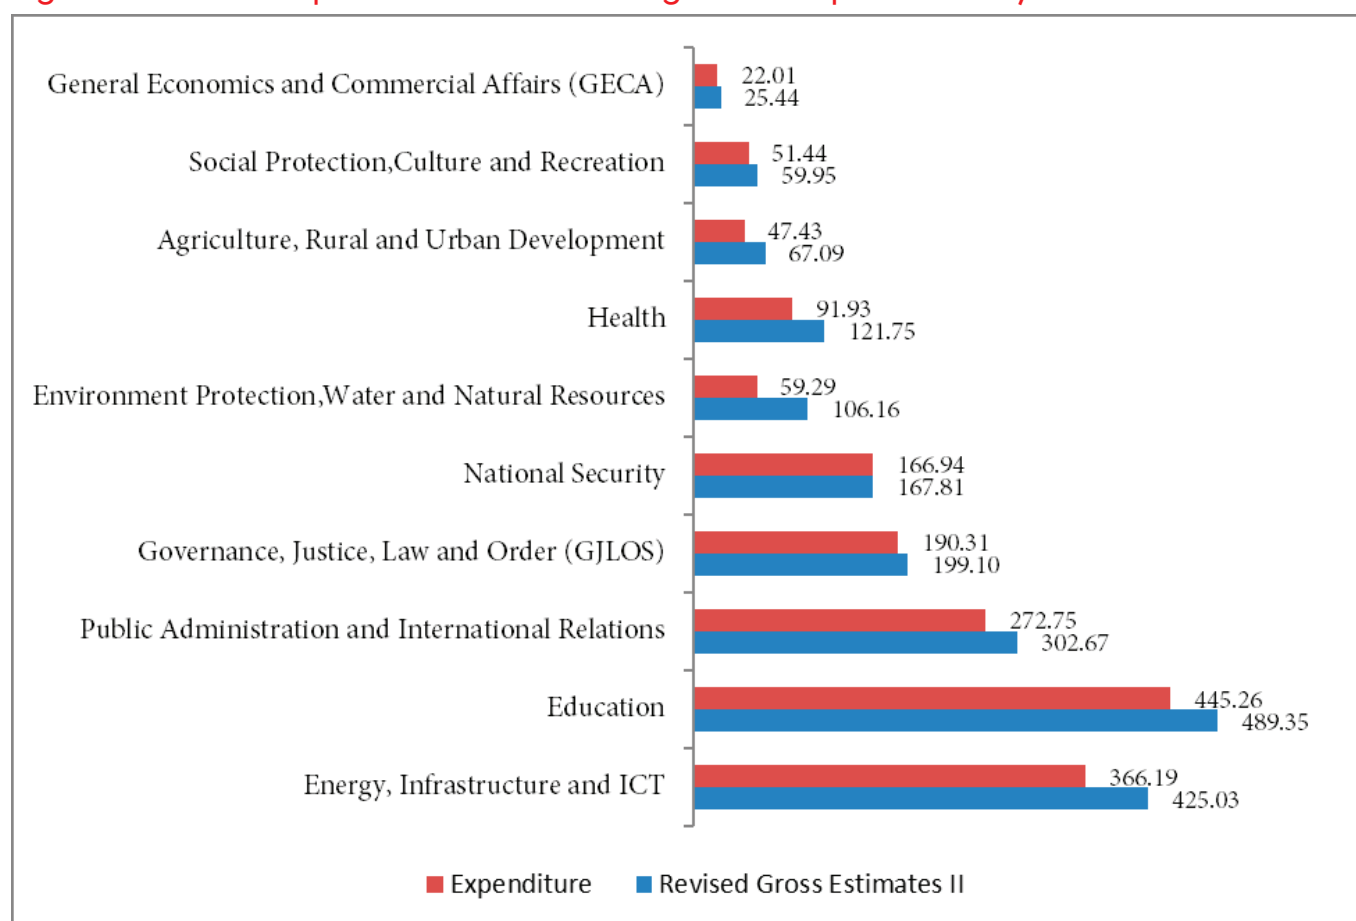

The difference between the exchequer issues of Kshs.379.51 billion and expenditure of Kshs.398.1 billion was financed by own source revenue and balance brought forward for FY 2019/20 by the County Governments.

*Gross County Governments budget for the FY 2020/21 amounted to Kshs.501.7 and the expenditure was Kshs.398.01 billion representing an absorption rate of 79.3 per cent an improvement compared to 76.8 per cent recorded in the FY 2019/20 (Gross budget Kshs.499.6 billion and expenditure of Kshs.383.8 billion).

The total funding available during the FY 2020/21 amounted to Kshs.2.80 trillion representing 94.9 per cent of the revised net estimates, a growth compared to 92.5 per cent achieved in the FY 2019/20. The exchequer issues comprised of Kshs.372.49 billion (91.1 per cent) for development expenditure, Kshs.2.03 trillion for recurrent expenditure (94.8 per cent) and Kshs.379.51 billion to the Counties (99.2 per cent). Overall expenditure for both National and County Governments was Kshs.2.99 trillion, recording an absorption rate of 84.6 per cent, a decline compared to 87.1 per cent recorded in the FY 2019/20.

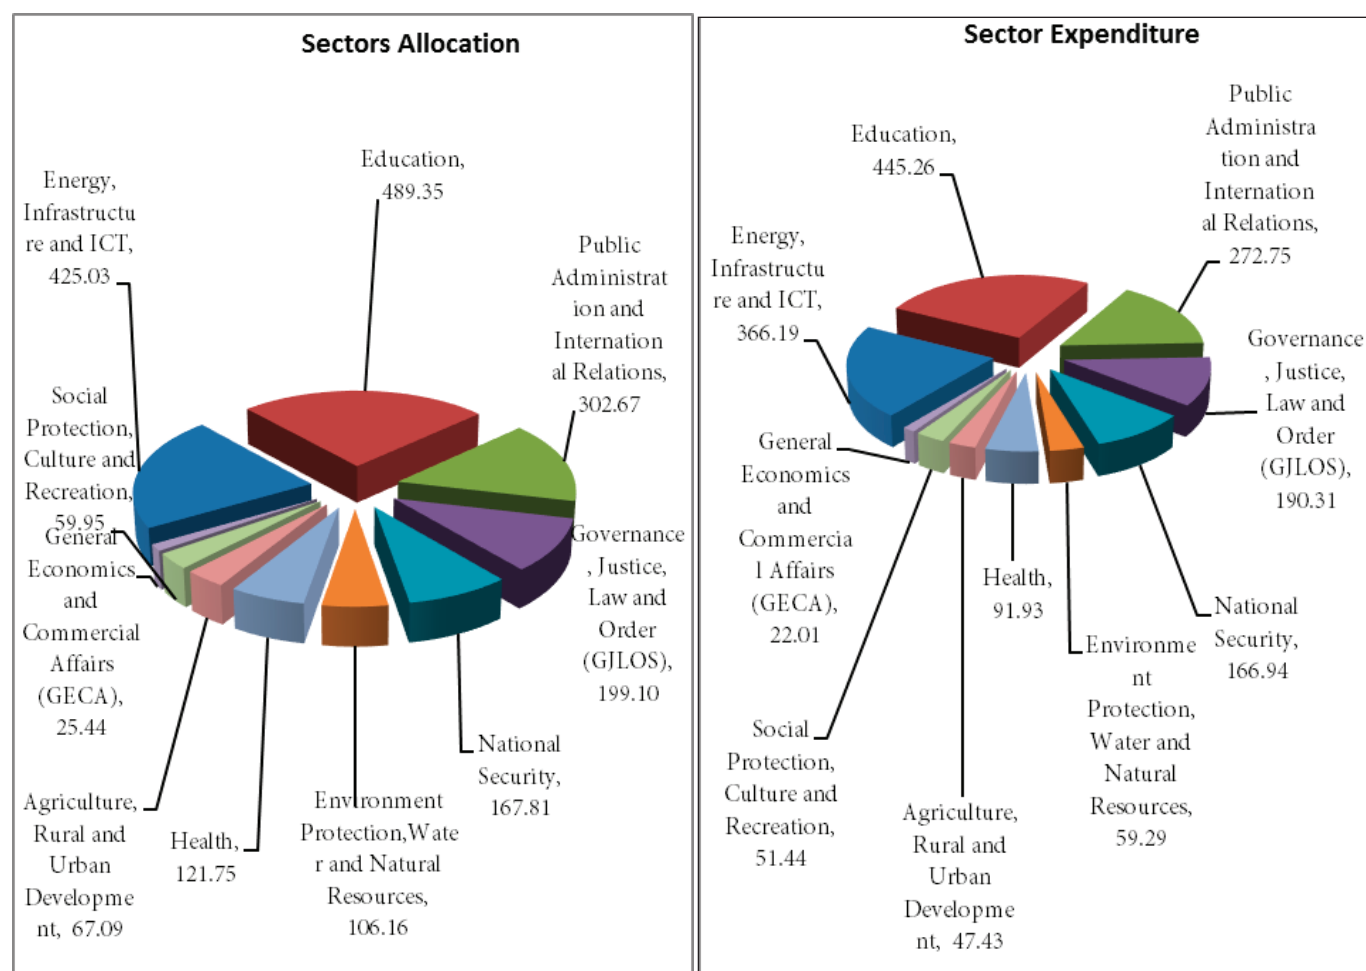

Figure 3.1 shows a comparison of annual budget allocations and expenditure by sector in the FY 2020/21.

Source: MDAs & National Treasury

3.3 Consolidated Fund Services (CFS)

The initial budget allocation to CFS in the FY 2020/21 was Kshs.1.028 trillion. This amount was revised to Kshs.1.073 trillion in Supplementary Budget I and to Kshs.1.070 trillion in Supplementary Budget II, representing 31 per cent of the revised gross national budget. This allocation increased from Kshs.870.48 billion in the FY 2019/20, mainly due to growth in payments to pensioners, interest on debt, and the redemption of external and domestic debt. Table 3.2 presents a summary of the CFS performance status in the FY 2020/21.

Table 3.2: Consolidated Fund Services Expenditure (Kshs. Million)

CFS Category	Original Estimates	Revised Estimates I	Revised Estimates II	Exchequer Issues	Cumulative Expenditure	Expenditure as % of Revised Gross Estimates
Public Debt	905,000.00	958,499.44	954,866.22	862,833.16	765,912.00	80.2
Pensions and Gratuities	119,192.48	111,142.48	111,142.48	110,355.25	110,272.39	99.2
Salaries & Allowances and Miscellaneous Services	4,167.41	4,167.41	4,167.41	2,620.16	2,592.24	62.2
Subscriptions to International Organizations	0.50	0.50	0.50	-	-	-
Total	1,028,360.39	1,073,809.83	1,070,176.61	975,808.57	878,776.63	82.1

Source: National Treasury

The total CFS expenditure in the period under review amounted to Kshs.878.78 billion, representing 82.1 per cent of the revised annual CFS estimates. The spending represented an increase of 8.85 per cent compared to Kshs.807.30 billion (92.7 per cent of revised budget estimates), recorded in the FY 2019/20.

3.3.1 Public Debt

As of 30th June 2021, the total public debt stock stood at Kshs.7.71 trillion, comprising 52.1 per cent due to external lenders and 47.9 per cent to domestic lenders. The debt stock grew by 15.2 per cent from Kshs.6.69 trillion as of 30th June 2020. Table 3.3 presents the public debt stock as of 30th June 2021.

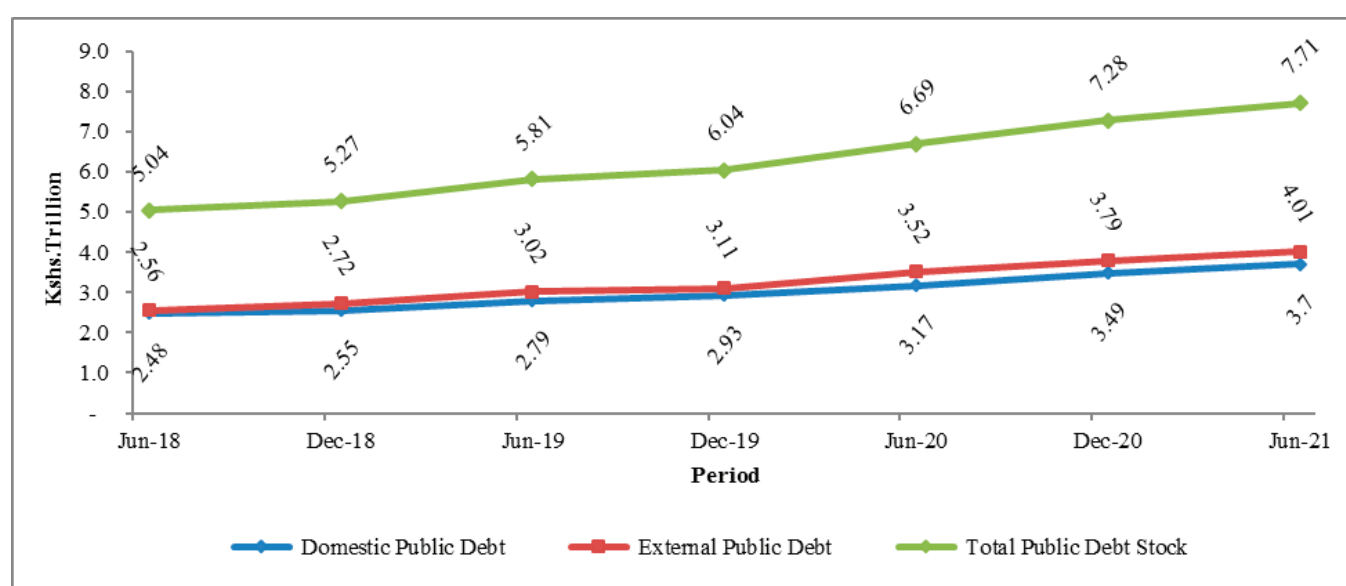

Table 3.3: Overall Public and Publicly Guaranteed Debt position as of 30th June 2021

Loan Category	Amount (Kshs. Million)	Percentage (%)
External Debt		
Bilateral	1,142,121.52	14.8%
Multilateral	1,659,680.68	21.5%
Commercial Banks	1,195,646.48	15.5%
Suppliers Credits	17,850.70	0.2%
Sub-Total External Debt	4,015,299.38	52.1%
Domestic Debt		
Central Bank	88,129.96	1.1%
Commercial Banks	1,815,143.8	23.5%
Sub-total: Banks	1,903,273.79	24.7%
Non-bank	1,764,302.07	22.9%
Others (Non-residents)	31,086.30	0.4%
Sub-Total Domestic	3,698,662.16	47.9%
Grand Total	7,713,961.55	100.0%

Source: National Treasury

Public debt has recorded significant growth which is attributed to uptake of both external and domestic debt during the period. Figure 3.3 shows the trend in public debt stock from 30th June 2018 to 30th June 2021.

Figure 3.3: Trend in Public Debt for the period 30th June 2018 to 30th June 2021

Source: National Treasury

The revised allocation towards servicing public debt amounted to Kshs.954.87 billion, representing 89.2 per cent of the revised budgetary allocation towards CFS, an increase from Kshs.778.85 billion allocated in the FY 2019/20. This allocation comprised Kshs.460.88 billion for loan interest and Kshs.493.99 billion for redemptions respectively. Redemptions comprised Kshs.132.02 billion and Kshs.361.97 billion for external and domestic debt, respectively, while interest payments comprised Kshs.107.74 billion and Kshs.353.14 billion for external and domestic debt, respectively.

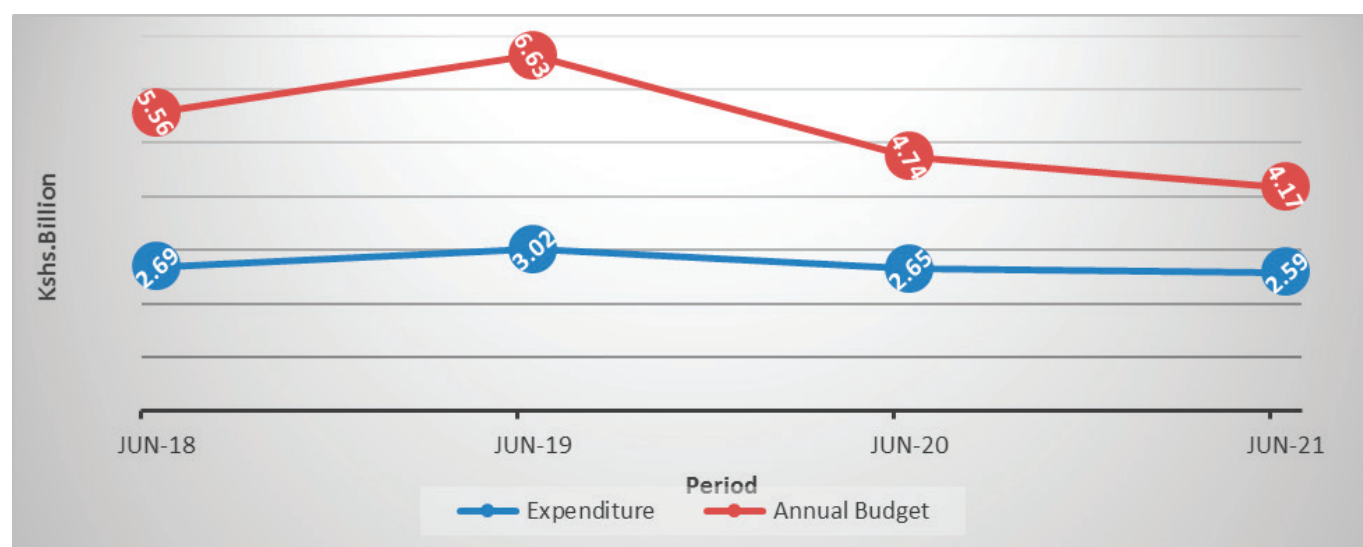

During the reporting period, the total expenditure on public debt amounted to Kshs.765.91 billion, representing 80.2 per cent of the revised annual estimates, thereby representing growth from Kshs.717.65 billion (92.1 per cent) recorded in FY 2019/20. The growth is attributed to principal repayment for domestic and external loans and interest paid on domestic debt.

Further analysis of the CFS expenditure indicates that it comprised of Kshs.285.49 billion towards principal redemptions and Kshs.480.43 billion towards interest payments. External debt servicing amounted to Kshs.234.59 billion and consisted of Kshs.128.28 billion and Kshs.106.31 billion towards principal and interest payments, respectively. Domestic debt payments amounted to Kshs.531.32 billion and comprised Kshs.157.21 billion and Kshs.374.11 billion towards principal and interest payment, respectively.

3.3.2 Salaries, Allowances and Miscellaneous Services (SAM)

The allocations for salaries and allowances for Constitutional Office-holders in the FY 2020/21 amounted to Kshs.4.17 billion, a decline from Kshs.4.64 billion allocated in the FY 2019/20. Total expenditure towards this vote was Kshs.2.59 billion, representing 62.2 per cent of the revised annual estimates, a decline compared to Kshs.3.32 billion (71.4 per cent) recorded in the FY 2019/20. Figure 3.4 shows the budget allocations and expenditure trends on SAM services from 30th June 2018 to 30th June 2021.

Figure 3.4: Trend in Salaries, Allowances and Miscellaneous Services performance from 30th June 2018 to 30th June 2021

Source: National Treasury

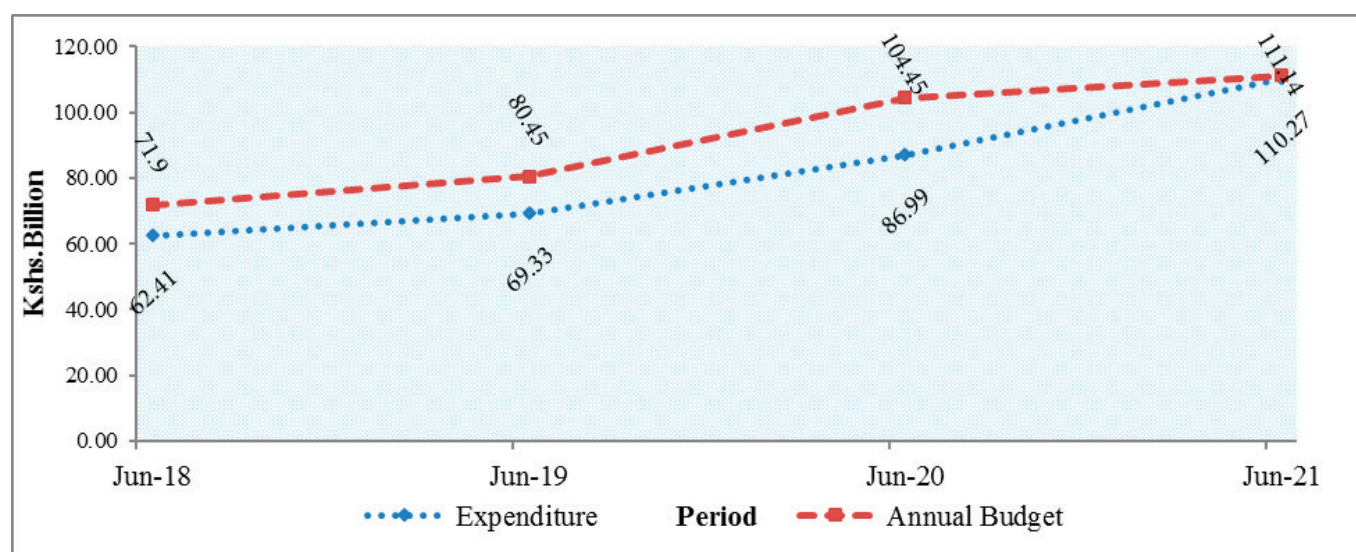

The reduction in both budget provisions and expenditure compared to FY 2019/20 is attributed to the full settlement of the guaranteed State-Owned Enterprises debts in March 2020 (which was budgeted under SAM services).

3.3.3 Pensions and Gratuities

The revised estimates for Pensions and Gratuities for the FY 2020/21 amounted to Kshs.111.14 billion, increasing from Kshs.104.49 billion allocated in the FY 2019/20. Total payments towards Pensions and Gratuities in the

FY 2020/21 amounted to Kshs.110.27 billion, representing 99.2 per cent of the revised gross estimates, an increase compared to Kshs.86.99 billion (100 per cent) recorded in FY 2019/20. Figure 3.5 shows the trend in Pensions and Gratuities performance for four years from June 2018.

Figure 3.5: Trend in Pensions and Gratuity Performance from 30th June 2018 to 30th June 2021

Source: National Treasury

3.3.4 Overdraft Facility

The overdraft (OD) facility is a temporary source of funds to cater for short-term needs, mainly to fund deficit in payments of domestic debt instruments such as the matured Treasury Bills .

The Central Bank of Kenya (CBK) overdraft is restricted to a maximum of five per cent of the most recently audited revenues and is expected to be paid off by the end of the financial year. Section 15 (3) of the PFM Act, 2012 specifies that;

“For the purposes of subsection (2)(c), short term borrowing shall be restricted to management of cash flows, and in case of a bank overdraft facility it shall not exceed five per cent of the most recent audited national government revenue”

In the FY 2020/21, the statement of audited revenues used to set the limit for the OD facility was that of the FY 2018/19 period as there was no substantive Auditor General in place to sign off the audited accounts for FY 2019/20. The limit set was Kshs 65 billion up to the third quarter of FY 2020/21 but was revised to Kshs 75 billion after the new Auditor General signed the audited accounts of FY 2019/20.

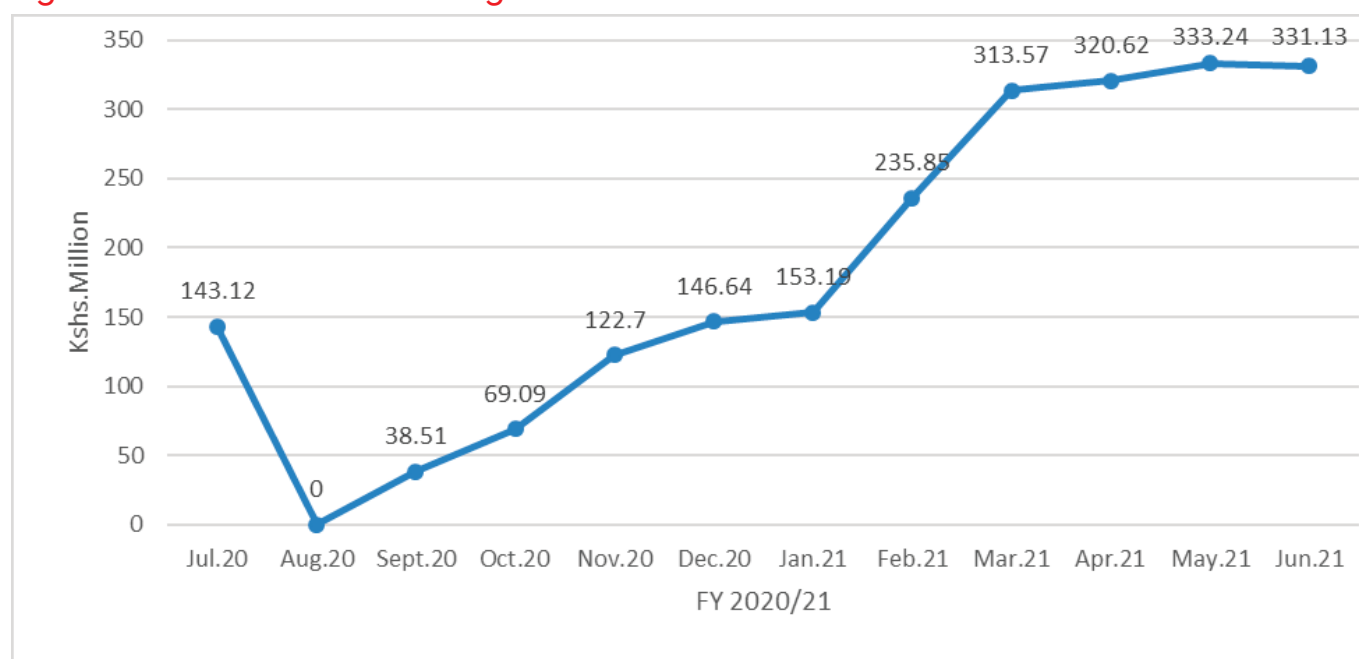

In the FY 2020/21, the total charges on the overdraft facility were Kshs.2.21 billion, charged at 7 per cent per annum on the amounts outstanding at the end of every month. Table 3.4 shows a breakdown of the costs incurred during the year in the utilization of the OD facility.

Table 3.4: Charges on Overdraft Facility by month in the FY 2020/21

Month	20-Jul	20-Aug	20-Sep	20-Oct	20-Nov	20-Dec	21-Jan	21-Feb	21-Mar	21-Apr	21-May	21-Jun	Total
Kshs. Mn	143.12	-	38.51	69.09	122.70	146.64	153.19	235.85	313.57	320.62	333.24	331.13	2,207.66

Source: National Treasury

Figure 3.6 illustrates a graphical presentation of overdraft charges in the FY 2020/21 by CBK.

Figure 3.6: Overdraft Charges in the FY 2020/21

Source: National Treasury

Figure 3.6 shows that charges on the overdraft facility were on the upward trend from September 2020 till the end of the financial year. This increase reflects reliance on the OD facility and prolonged delay in settlement, thereby attracting hefty daily charges.

3.4 MDAs Expenditure Analysis

This section presents an analysis of MDAs expenditure for both development and recurrent activities in the FY 2020/21. Development expenditure is analysed by the main budget items, which include Capital Transfers to SAGAs, Civil Works and Construction of Residential and Non-Residential Buildings, Refurbishment of Buildings/infrastructure, Purchase of Specialized Plant, Equipment and Machinery, Pre-Feasibility studies, while the rest are aggregated under Other expenses.

Recurrent expenditure analysis is based on main budget items namely Compensation to Employees and Operations and Maintenance (O&M). O&M is further disaggregated into the various budget items expenditure which include Travelling, Printing and Advertising, Rentals and Rates for Non-Residential Buildings, Training, Hospitality, Maintenance Expenses for motor vehicles and other assets, Current Transfers to SAGAs, among other expenses.

3.4.1 MDAs Development Expenditure Analysis

In the FY 2020/21, gross allocation towards Ministerial development activities amounted to Kshs.633.31 billion, revised to Kshs.696.57 billion in Supplementary Budget I, and to Kshs.705.93 billion in Supplementary Budget II, a decline compared to Kshs.712.6 billion allocated in FY 2019/20. Table 3.5 shows the breakdown of development expenditure by MDAs in the FY 2020/21.

Table 3.5: Breakdown of Development Expenditure by MDAs (Kshs. Million)

Analysis of MDAs development expenditure by budget item shows that, the highest expenditure by category was on Capital Transfers to SAGAs at Kshs.323.81 billion, representing 57.7 per cent of the gross development expenditure. The second highest spending category was Construction and Civil Works at Kshs.41.2 billion, followed by Refurbishment of buildings/Infrastructure at Kshs.39.78 billion representing 7.4 per cent and 7.1 per cent of the gross development expenditure respectively. Other categories with significant expenditure include Construction of non-residential buildings at Kshs.6.89 billion, and Purchase of specialised Plant, Equipment and Machinery at Kshs.6.0 billion representing 1.2 per cent and 1.1 per cent respectively.

Further analysis shows that the State Department of Infrastructure had the highest Capital Transfers to SAGAs at Kshs.61.01 billion representing 18.8 per cent of the total capital transfers followed by the State Department of Planning at Kshs.55.59 billion which represented 17.1 per cent of the total Capital Transfers. Parliamentary Joint Services incurred the highest expenditure on Construction of Non-residential Buildings at Kshs.2.29 billion, representing 33.4 per cent of the expenditure under this category. Ministry of Energy reported the highest spending on Refurbishment of buildings/Infrastructure at Kshs.32.8 billion which was equivalent to 82.4 per cent of the total expenditure under this category. Figure 3.7 shows the composition of MDAs development expenditure in the FY 2020/21.

3.4.2 MDAs Recurrent Expenditure Analysis

In the FY 2020/21, the allocation towards Ministerial recurrent expenditure amounted to Kshs.1.25 trillion, revised to Kshs.1.28 trillion in the Supplementary Budget I and further to Kshs.1.26 trillion in Supplementary II. Total recurrent expenditure by MDAs in the financial year was Kshs.1.15 trillion representing 91.5 per cent of the revised gross recurrent estimates.

A breakdown of the MDAs total recurrent expenditure in the FY 2020/21 is presented in table 3.6

Table 3.6: Breakdown of Recurrent Expenditure by MDAs (Kshs. Million)

Source: MDAs and National Treasury

The MDAs recurrent expenditure is disaggregated into Compensation to Employees, Operations and Maintenance, and Current Transfers to SAGAs as discussed below.

3.4.2.1 Compensation to Employees

Compensation to Employees includes Basic salaries for permanent employees, wages for temporary employees and personal allowances paid as part of salary among other payments to staff. MDAs total expenditure for compensation to employees in the FY 2020/21 was Kshs.489.07, billion representing 42.4 per cent of the Ministerial gross recurrent expenditure. This does not include salaries for Kenya Defence Forces and National Intelligence Services both under the National Security sector which was reported under Current Transfer to SAGAs. TSC recorded the highest expenditure at Kshs.273.41 billion representing 55.9 per cent of the total expenditure on Compensation to Employees.

3.4.2.2 Operations and Maintenance

This category includes, among others, domestic and foreign travel, printing and advertising, rent and rates for non-residential buildings, training, hospitality, legal fees, and maintenance expenses for motor vehicles and other assets. Some of the items aggregated under other expenses include refined fuels and lubricants for transport, contracted professional services and motor vehicle insurance.

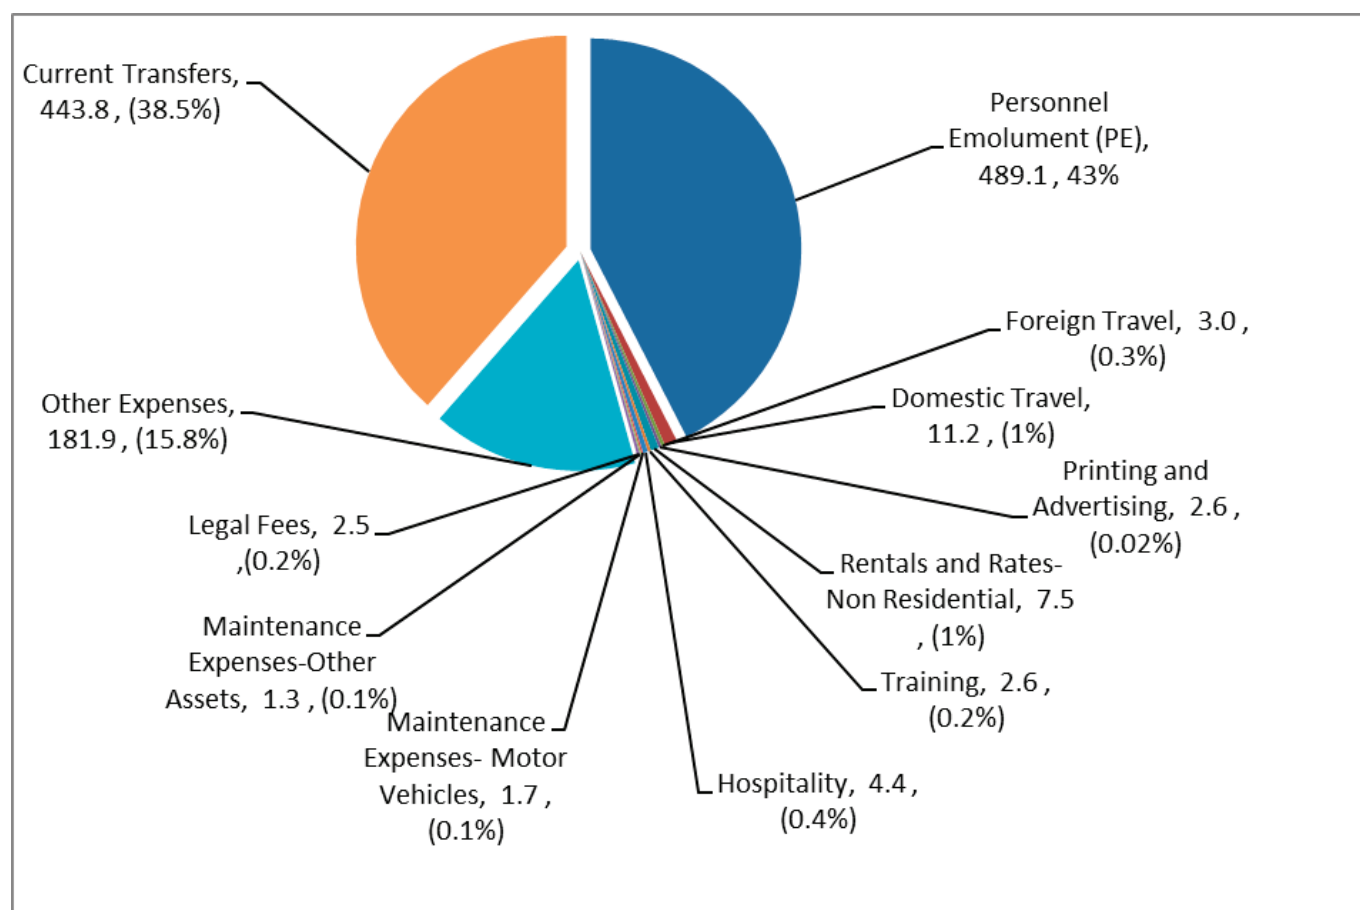

In the FY 2020/21, travelling expenditure was Kshs.14.23 billion, recording a slight decline compared to Kshs.14.6 billion recorded in FY 2019/20. This comprised of domestic travel of Kshs.11.19 billion and Kshs.3.03 billion on foreign travel. The decline can be attributed to the novel (COVID-19) that led to travel restrictions by the government. Expenditure on Rent and Rates-non-Residential Buildings was Kshs.7.47 billion, while hospitality was Kshs.4.39 billion.

Expenditure aggregated under “Other Expenses” was Kshs.181.90 billion. This included the State Department for Early Learning and Basic Education towards public schools’ capitation of Kshs.59.44 billion, the National Treasury expenditure for Contracted Professional Services of Kshs.10.79 billion, the State Department for Crop Development and Agricultural Research’s acquisition of strategic stocks of Kshs.5.58 billion and the State Department for Social Protection, Pensions and Senior Citizen Affairs cash transfers to the vulnerable members of the public of Kshs.26.63 billion. In addition, Kshs.1.6 billion under the State Department for Petroleum was to cater for oil market price stabilization.

3.4.2.3 Transfers to Semi-Autonomous Government Agencies

Transfers by the MDAs to SAGAs are meant to complement activities and mandates executed on behalf of parent ministries. In the FY 2020/21, current transfers to SAGAs amounted to Kshs.443.79 billion, representing 38.5 per cent of the gross MDAs recurrent expenditure. The highest transfer was reported by the Ministry of Defence at Kshs.111.02 billion, being payment to Kenya Defence Forces representing 28.8 per cent of total Current transfers to SAGAs.

Figure 3.8 shows the composition of MDAs recurrent expenditure for the FY 2020/21.

3.5 Pending Bills for National Government for the FY 2020/21

Pending bills refers to unsettled financial obligations by the national and county government entities at the close of financial year. As at 30th June 2021, data available for pending bills for MDAs stood at Kshs.36.35 billion, comprising Kshs.35.11 billion from previous financial years and Kshs.1.24 billion recorded in the FY 2020/21. Table 3.7 presents the national government pending bills status as at 30th June, 2021.

Pending bills data availed by the National Treasury shows that, only seventeen MDAs had submitted their reports as shown in Table 3.7. Therefore, the actual figure for pending bills could be higher than the reported figure of Kshs.36.35 billion.

4 DEVELOPMENT AND RECURRENT EXPENDITURE ANALYSIS BY SECTOR

4.1 Introduction

This chapter analyses performance by sector for both development and recurrent expenditure in the FY 2020/21. Sector performance is presented in alphabetical order as follows: (i) Agriculture, Rural and Urban Development (ARUD) (ii) Education (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT) (iv) Environmental Protection, Water and Natural Resources (EWNr) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sector.

4.2 Agriculture, Rural and Urban Development (ARUD) Sector

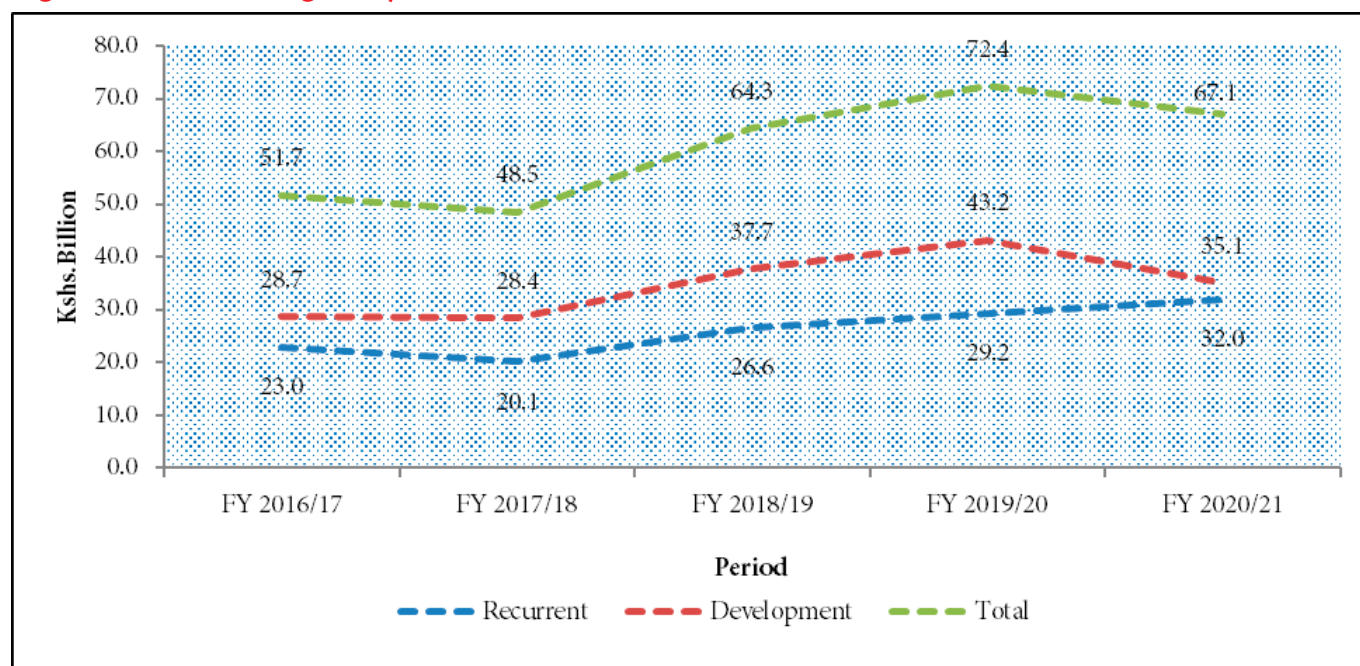

The sector consists of seven MDAs, namely: Ministry of Lands and Physical Planning, State Department for Crop Development and Agricultural Research, State Department for Livestock, State Department for Fisheries, Aquaculture and the Blue Economy and the National Land Commission (NLC), together with affiliated Semi-Autonomous Government Agencies and Training Institutions.

The overall goal of the sector is to attain national food and nutrition security and sustainable management and utilisation of land and the Blue Economy. Kenya's economic blueprint, the Kenya Vision 2030 and the Government Agenda on the 'Big Four' economic strategy both recognise the ARUD sector as a critical player in the economic and social development of the country through food production, employment and wealth creation, foreign exchange earnings, security of land tenure and land management.

The budgetary allocation to the sector in the FY 2020/21 amounted to Kshs.61.61 billion but revised to Kshs.68.15 billion in the Supplementary Budget I and to Kshs.67.09 billion in Supplementary Budget II, representing a 2 per cent on the revised gross national budget, a decrease from the Kshs.72.4 billion allocated in FY 2019/20. The reduction is attributable to the transfer of the State Department for Irrigation to Environmental Protection, Water and Natural Resources sector through Executive Order No.6 of 2019, dated 22nd August 2019.

The allocation comprised Kshs.35.05 billion (52.2 per cent) for development activities and Kshs.32.04 billion (47.8 per cent) for recurrent expenditure. The State Department for Crop Development and Agricultural Research received the highest budgetary allocation at Kshs.50.04 billion (74.6 per cent of the sector's funding), while the National Land Commission had the lowest budgetary allocation at Kshs.1.11 billion (1.7 per cent of the ARUD sector allocation).

The high allocation to the State Department for Crop Development and Agricultural Research is due to its key role in the agricultural policy and research management, national food policy, strategic food reserve, crops development, phytosanitary services and international standards compliance, agricultural farmers training, agricultural land resources inventory and management, among others. Figure 4.1 shows the trend of budgetary allocation for the ARUD sector for the period FY 2016/17 to FY 2020/21.

Figure 4.1: Budgetary Allocation Trend for ARUD Sector

Source: National Treasury

Total exchequer issues to the ARUD sector amounted to Kshs.48.08 billion, representing 98 per cent of the sector's revised net estimates, comprised Kshs.18.75 billion for development expenditure, representing 95.2 per cent of the revised development net estimates and Kshs.29.34 billion for recurrent spending representing 99.8 per cent of revised recurrent net estimates. Table 4.1 shows ARUD sector analysis of exchequer issues and expenditure in the FY 2020/21.

Source: MDAs and National Treasury

In the period under review, the Ministry of Lands and Physical Planning received the highest proportion of development exchequer issues to development expenditure net estimates at 99.9 per cent while the State Department for Fisheries, Aquaculture and the Blue Economy received the lowest at 71.5 per cent. The State Department for Crop Development and Agricultural Research and the State Department for Fisheries, Aquaculture and the Blue Economy recorded the highest proportion of recurrent exchequer issues to recurrent net estimates at 100 per cent while the State Department for Livestock recorded the lowest proportion at 88.5 per cent. Figure 4.2 shows the exchequer issues to ARUD Sector in the FY 2020/21.

Figure 4.2: Exchequer Issues to ARUD Sector

Source: National Treasury

The total expenditure for the ARUD sector amounted to Kshs.49.43 billion, representing 70.7 per cent of the revised gross estimates, a decrease compared to 71.4 per cent recorded in the FY 2019/20, comprised of Kshs.18.38 billion for the development budget representing an absorption rate of 52.4 per cent, a decrease from 79.9 per cent and Kshs.29.05 billion for recurrent expenditure representing 90.7 per cent of the recurrent revised gross estimates, growth compared to 58.9 per cent recorded in the FY 2019/20.

Ministry of Lands and Physical Planning recorded the highest absorption on development budget at 98.3 per cent while the State Department for Livestock recorded the lowest at 42.2 per cent. The State Department for Crop Development and Agricultural Research recorded the highest recurrent expenditure to revised gross estimates at 99.3 per cent, while the State Department for Livestock recorded the lowest at 88.5 per cent.

4.3 Education Sector

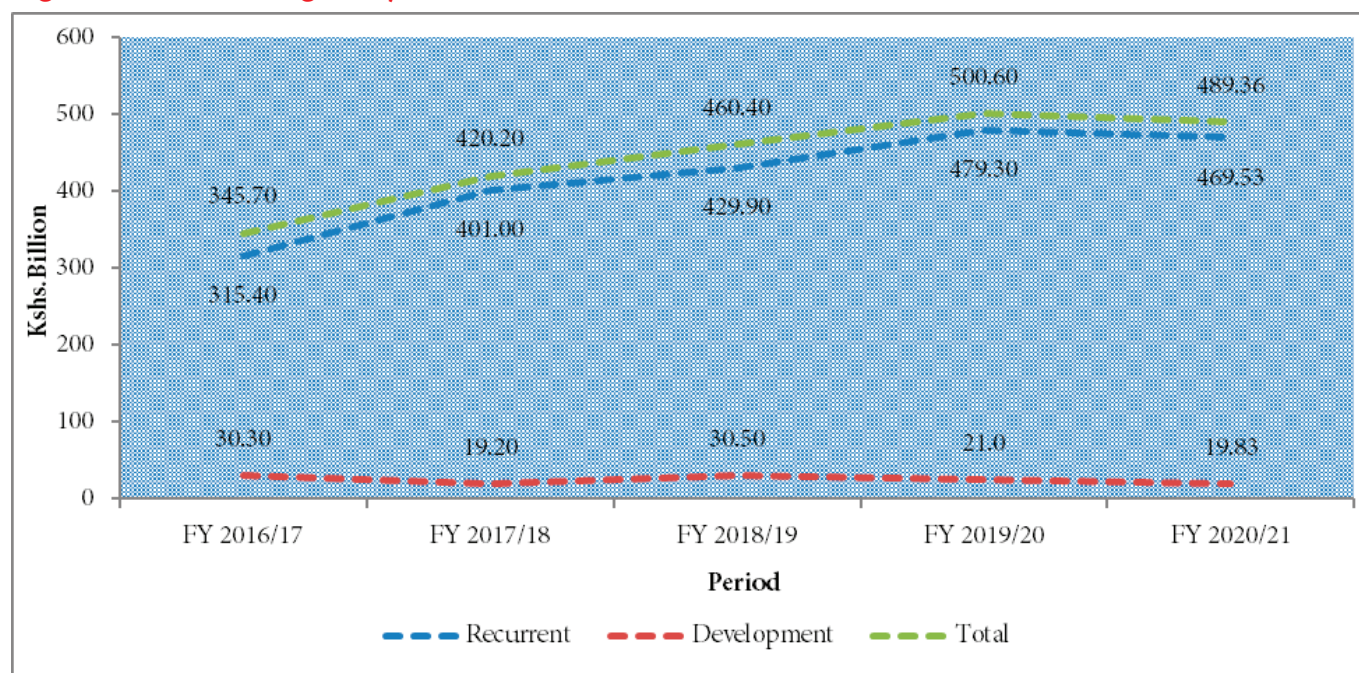

The Education Sector comprises five MDAs, namely the State Department for Early Learning and Basic Education; State Department for University Education; State Department for Vocational and Technical Training; State Department for Post-Training and Skills Development and the Teachers Service Commission (TSC), together with their affiliated Agencies and Institutions.

The Education sector is mandated to provide quality education, training, science, technology, research and skills development. The sector's overall goal is to increase access to education and training, improve the quality and relevance of education, reduce inequality, and leverage knowledge and skills in science, technology, and innovation for global competitiveness. It also envisions contributing to the achievement of the "Big Four Agenda" by providing the requisite skilled human resources and promoting research and development.

The budgetary allocation to the Education Sector in the FY 2020/21 amounted to Kshs.505.1 billion, revised to Kshs.507.74 billion in the Supplementary Budget I, Kshs.489.36 billion in Supplementary Budget II representing 14.3 per cent of the revised gross national budget, a decrease compared to Kshs.500.58 billion allocated in the FY 2019/20. The allocation comprised Kshs.19.83 billion (4.1 per cent) for development activities and Kshs.469.53 billion (95.9 per cent) for recurrent expenditure.

The TSC received the highest budgetary allocation of Kshs.275.19 billion (56.2 per cent of the sector's funding), attributed to its crucial role in teacher management. The State Department for Post Training and Skills Development had the lowest budgetary allocation of Kshs.126.07 million (less than 1 per cent of the sector's budget). This is attributed to its mandate to provide an institutional framework to devise and implement national, sectoral, and workplace strategies to develop and improve the skills of the Kenyan workforce and management of talents and post-training policy. Figure 4.3 shows the budgetary allocation trends of the Education sector for the period FY 2016/17 to FY 2020/21.

Figure 4.3: Budgetary Allocation Trend for the Education Sector

Source: National Treasury

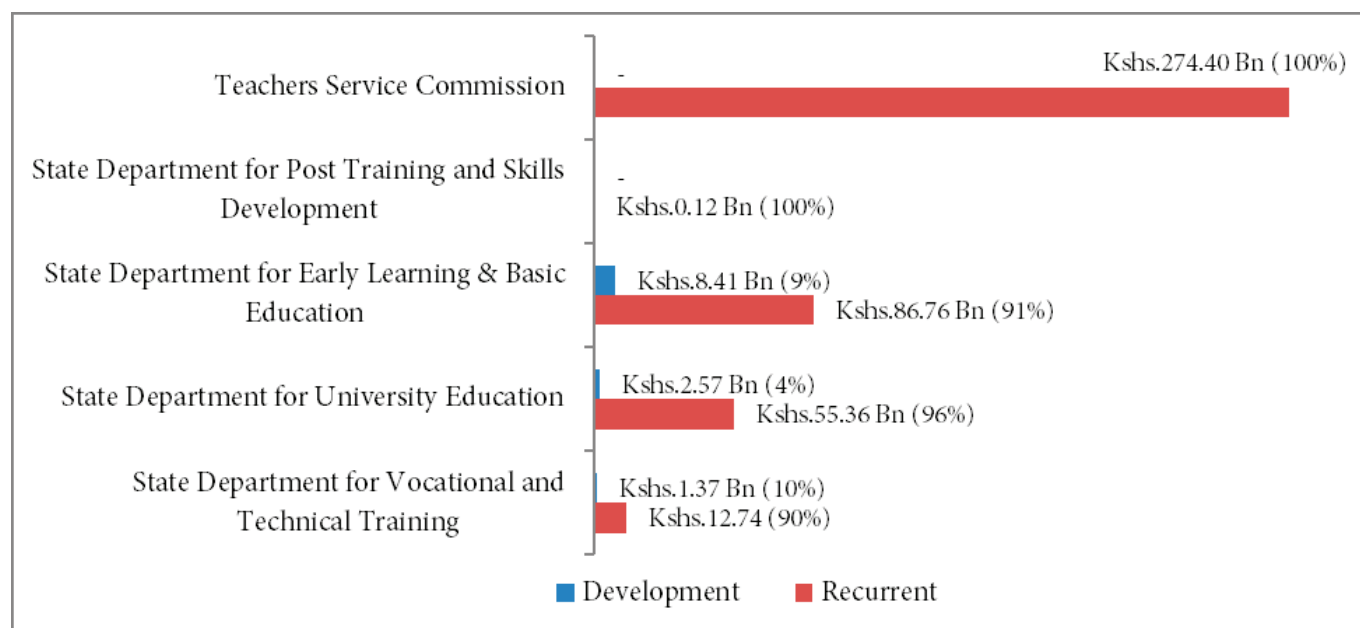

Total exchequer issues to the Education sector amounted to Kshs.441.73 billion, representing 99.6 per cent of the sector's revised net estimates, comprised Kshs.12.35 billion for development expenditure, representing 93.9 per cent of revised development net estimates and Kshs.429.38 billion for recurrent spending representing 99.8 per cent of revised recurrent net estimates. Table 4.2 shows the Education sector analysis of exchequer issues and expenditure in FY 2020/21.

In the FY 2020/21, the State Department for Vocational and Technical Training received the highest proportion of development exchequer issues to revised development net estimates at 97.4 per cent, while the State Department for University Education recorded the lowest at 94.4 per cent. The State Department for University Education, the State Department for Early Learning and Basic Education and the Teachers Service Commission recorded the highest proportion of recurrent exchequer issues to revised recurrent net estimates at 100 per cent, while the State Department for Vocational and Technical Training recorded the lowest at 93.0 per cent. Figure 4.4 shows the exchequer issues to the Education Sector in the FY 2020/21.

Figure 4.4: Exchequer Issues to the Education Sector

Source: National Treasury

The total expenditure for the Education sector amounted to Kshs.445.26 billion, representing 91 per cent of the revised gross estimates, an increase compared to 85.8 per cent recorded in the FY 2019/20, comprised Kshs.15.86 billion for the development budget representing an absorption rate of 80 per cent, a slight increase from 79.1 per cent and Kshs.429.38 billion for recurrent expenditure representing 91.5 per cent of the recurrent revised gross estimates, an increase compared to 86.1 per cent recorded in the FY 2019/20.

The State Department for University Education recorded the highest absorption on development budget at 91 per cent, while the Teachers Service Commission recorded the lowest at 8.5 per cent. The Teachers Service Commission recorded the highest recurrent expenditure to revised gross estimates at 100 per cent, while the State Department for University Education recorded the lowest at 63 per cent.

4.4 Energy, Infrastructure and Information Communications Technology (EI & ICT) Sector

This sector consists of ten MDAs namely, the State Departments for Infrastructure, Transport, Shipping and Maritime, Housing and Urban Development, Public Works, Youth Affairs, Information Communication and Technology, Broadcasting and Telecommunications, Petroleum and the Ministry of Energy.

The Sector aims to provide efficient, affordable and reliable infrastructure critical for the socio-economic transformation underscored in the Third Medium Term Plan (MTP III) 2018-2022 of the Kenya Vision 2030 and catalysing the realisation of the “Big Four Agenda”.

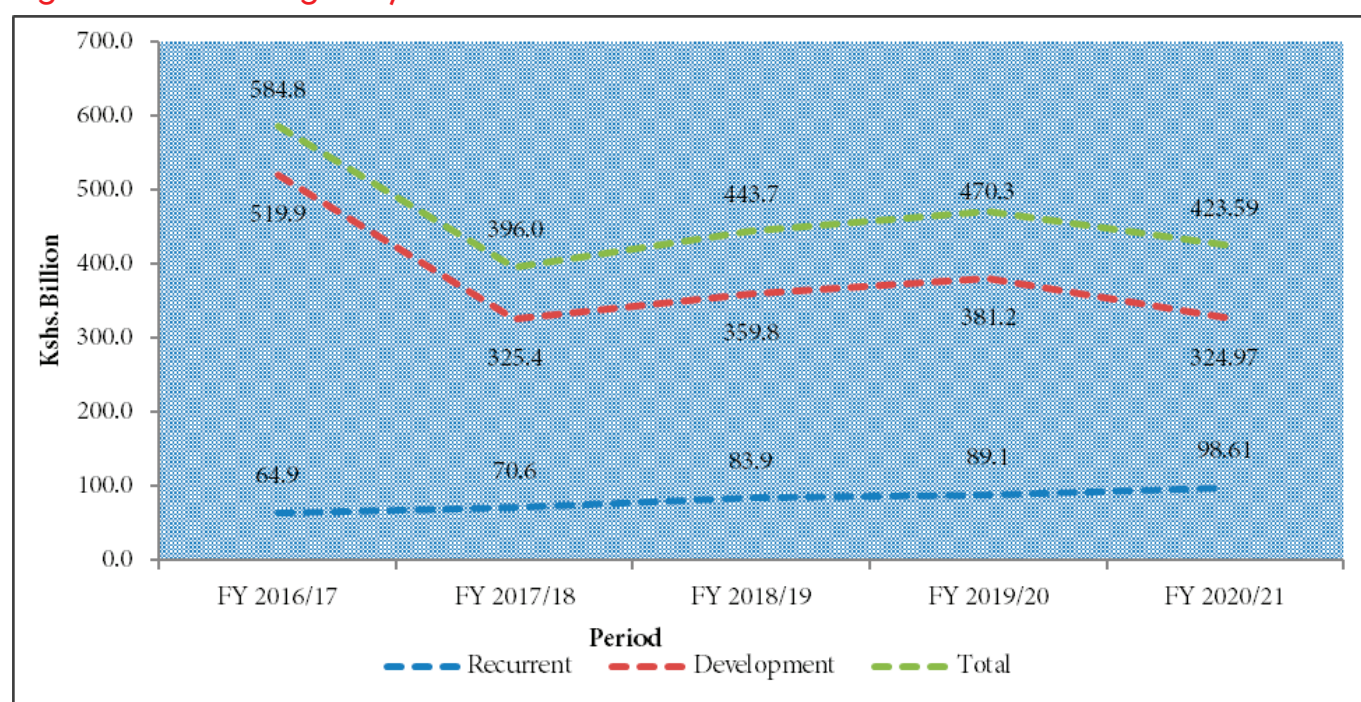

The sector’s key strategic goals include sustainable transport infrastructure and services, vibrant shipping and maritime industry, affordable and sustainable housing infrastructure, regulated construction industry, universal access to ICT services, and sufficient, secure, efficient and affordable energy. To support infrastructural development, the government identified critical activities under the EI&ICT sector in the FY 2020/21 to enhance economic growth, which includes construction, rehabilitation and maintenance of roads, design of roads and bridges, construction of Standard Gauge Railway Phase II (Nairobi to Naivasha), LAPSET project and Mombasa Port Development Project.

The annual budgetary allocation to the EI&ICT sector in the FY 2020/21 was Kshs.366.43 billion, revised to Kshs.423.59 billion in the Supplementary Budget I, and Kshs.425.03 billion in Supplementary Budget

II representing 14 per cent of the revised gross national budget, a decrease compared to Kshs.470.2 billion allocated in the FY 2019/20. The allocation comprised Kshs.98.21 billion (23.1 per cent), for development programmes and Kshs.326.82 billion (76.9 per cent), for recurrent expenditure.

The State Department for Infrastructure received the highest budgetary allocation of Kshs.200.53 billion (47.2 per cent of the sector's budget), attributed to its critical programmes in construction of roads and bridges and rehabilitation and maintenance of roads in the country. The State Department for Shipping and Maritime had the lowest budgetary allocation of Kshs.2.21 billion (0.5 per cent of the sector's allocation). Figure 4.5 shows the budgetary allocation trend for the EI & ICT Sector for FY 2016/17 to FY 2020/21.

Figure 4.5: Budgetary Allocation Trend for the EI & ICT Sector

Source: National Treasury

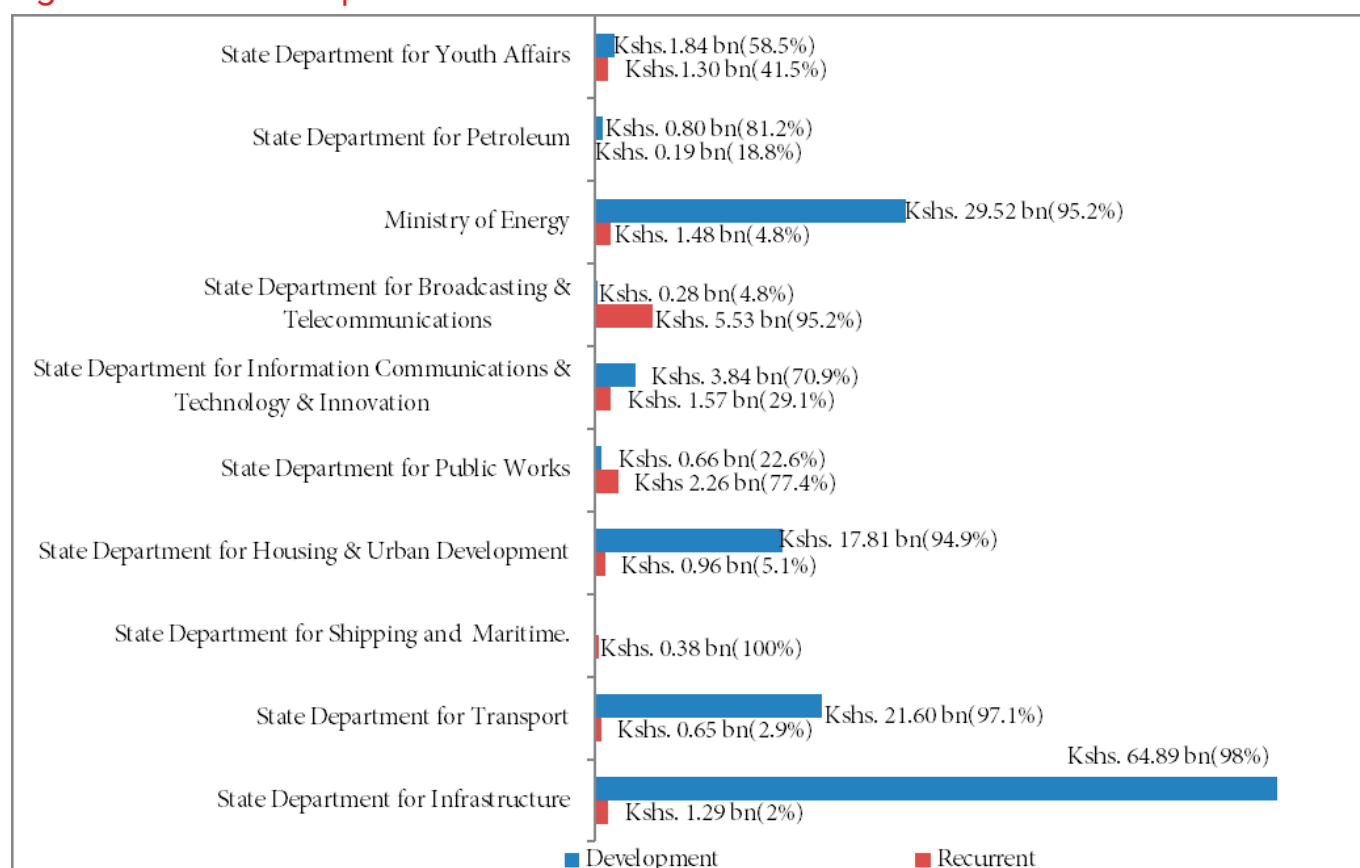

Total exchequer issues to the EI and ICT sector amounted to Kshs.156.86 billion, representing 95.8 per cent of the sector's revised net estimates, comprised Kshs.141.24 billion for development expenditure, representing 95.5 per cent of revised development net estimates and Kshs.15.62 billion for recurrent spending representing 98.8 per cent of revised recurrent net estimates. Table 4.3 shows EI&ICT sector analysis of exchequer issues and expenditure in the FY 2020/21.

In the FY 2020/21, the State Department for Public Works received the highest proportion of exchequer issues to revised net estimates for development and recurrent budget at 100 per cent. The State Department for Petroleum recorded the lowest proportion of development exchequer issues to revised net estimates at 87.5 per cent, while the State Department for Information, Communication and Technology recorded the lowest proportion of recurrent exchequer to revised net estimates at 83.6 per cent. Figure 4.6 shows the exchequer issues to the EI & ICT Sector in the FY 2020/21.

Figure 4.6: Exchequer Issues to the EI & ICT Sector

Source: National Treasury

The total expenditure for the EI&ICT Sector amounted to Kshs.366.19 billion, representing 86.2 per cent of the revised gross estimates, a decrease compared to 89.7 per cent recorded in the FY 2019/20, comprised of Kshs.277.91 billion for the development budget representing an absorption rate of 85.0 per cent, a decrease from 90.6 per cent and Kshs.88.28 billion for recurrent expenditure representing 89.9 per cent of the recurrent revised gross estimates, growth compared to 76.5 per cent recorded in the FY 2019/20.

The State Department for Broadcasting and Telecommunications recorded the highest absorption on development budget at 99.7 per cent, while the State Department for Shipping and Maritime recorded the lowest at 73.6 per cent. The State Department for Youth Affairs recorded the highest absorption of recurrent expenditure to revised gross estimates at over 101 per cent, while the State Department for Broadcasting and Telecommunication recorded the lowest at 79.8 per cent.

4.5 Environmental Protection, Water and Natural Resources Sector

The Environmental Protection, Water and Natural Resources Sector (EPW&NR) comprises four MDAs, namely: Ministry for Environment and Forestry, Ministry of Water, Sanitation and Irrigation, State Department for Mining and State Department for Wildlife.

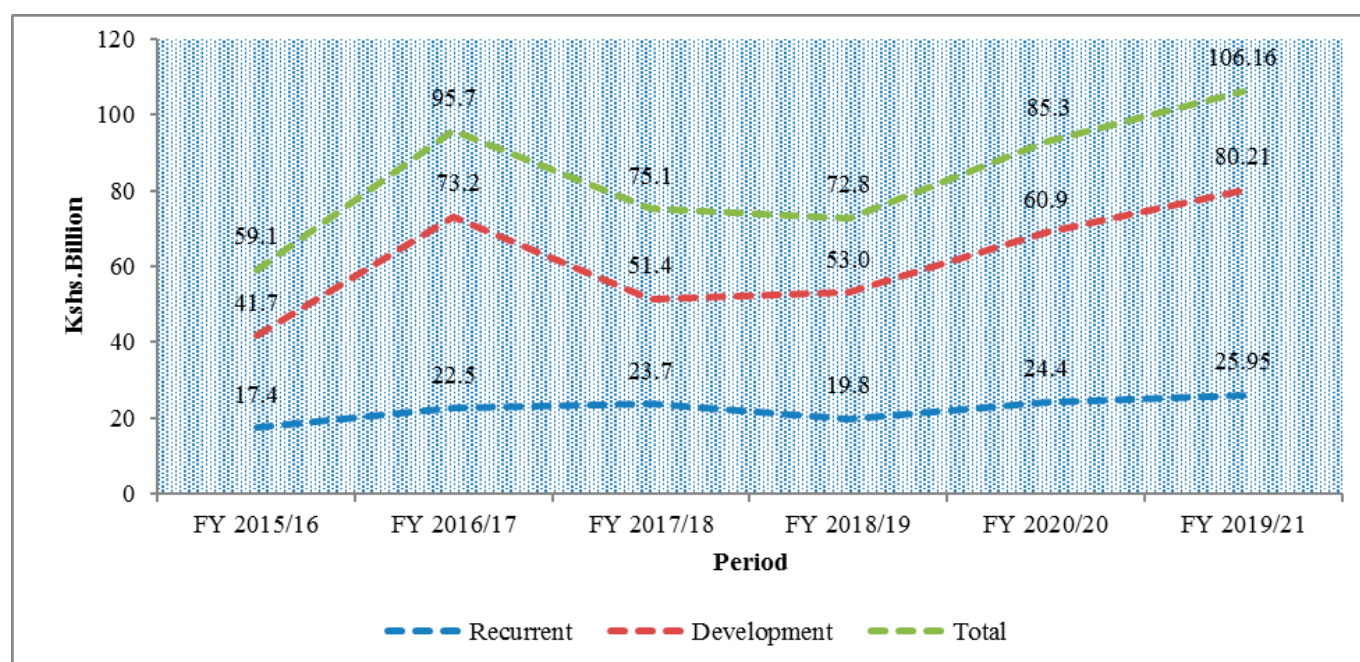

The mandate of the EPW&NR sector is to ensure sustainable development in a clean, healthy and secure environment. Its specific objectives are to: enhance sustainable management of the environment, water, irrigation and natural resources; ensure access to water and natural resources for the benefit of socio-economic development and enhance capacity building for environment, water and natural resources management. It also aims to increase utilisation of land through irrigation, drainage and land reclamation; strengthen research in environment, water and natural resources for sustainable development; protect and reclaim the environment to establish a durable and sustainable system of development and resilience to climate change.

The annual budgetary allocation to the EPW&NR in the FY 2020/21 amounted to Kshs.105.22 billion, revised to Kshs.102.30 billion in the Supplementary Budget I, and Kshs.106.16 billion in Supplementary II representing

3.1 per cent of the revised gross national budget, an increase compared to Kshs.85.3 billion allocated in the FY 2019/20. The increase in the allocation is attributed to the transfer of functions for the State Department for Irrigation under the ARUD sector to the Ministry of Water, Sanitation under Executive order no.6 of 2019 dated 22nd August 2019.

The allocation comprised of Kshs.80.21 billion (75.6 per cent) for development activities and Kshs.25.95 billion (24.4 per cent) for recurrent expenditure. Ministry of Water & Sanitation and Irrigation received the highest budgetary allocation of Kshs.81.80 billion (76.1 per cent of the sector's budget), while the State Department for Mining had the lowest budgetary allocation of Kshs.628.76 million (less than 1 per cent of the sector's allocation). Figure 4.7 shows the budgetary allocation trend for the EPW&NR Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.7: Budgetary Allocation Trend for the Environmental Protection, Water and Natural Resources Sector

Source: National Treasury

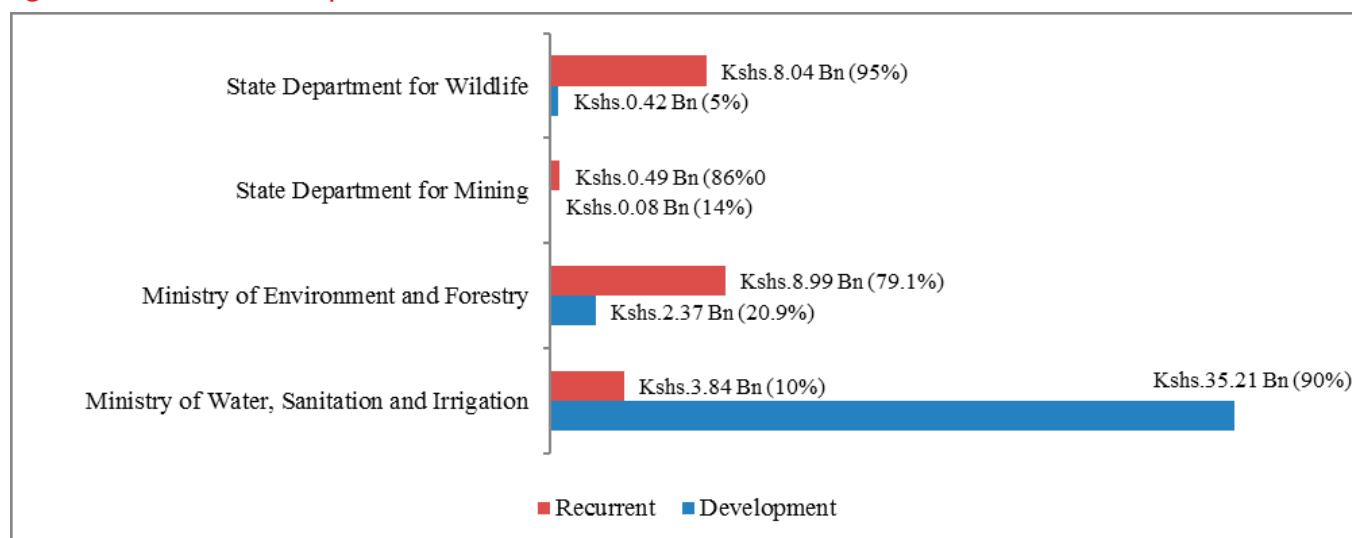

Total exchequer issues to the EPW&NR sector amounted to Kshs.59.44 billion, representing 98.7 per cent of the sector's revised net estimates, comprised of Kshs.38.07 billion for development expenditure, representing 98.1 per cent of revised development net estimates and Kshs.21.36 billion for recurrent spending representing 99.9 per cent of revised recurrent net estimates. Table 4.4 shows EPW&NR sector analysis of exchequer issues and expenditure in the FY 2020/21.

In the FY 2020/21, the Ministry of Water & Sanitation and Irrigation received the highest proportion of development exchequer issues to revised development net estimates at 100.5 per cent, while the Ministry of Environment and Forestry recorded the lowest at 72.7 per cent. The Ministry of Environment and Forestry, the State Department for Mining and the State Department for Wildlife recorded the highest proportion of recurrent exchequer issues to revised recurrent net estimates at 100 per cent, while the Ministry of Water & Sanitation and Irrigation recorded 99.6 per cent. Figure 4.8 shows the exchequer issues to the EPW&NR Sector in the FY 2020/21.

Figure 4.8: Exchequer Issues to EPW&NR Sector

Source: National Treasury

The total expenditure for the EPW&NR sector amounted to Kshs.59.29 billion, representing 55.9 per cent of the revised gross estimates, a decrease compared to 85 per cent recorded in the FY 2019/20, comprised of Kshs.37.96 billion for the development budget representing an absorption rate of 47.3 per cent, a decrease from 86.9 per cent and Kshs.21.33 billion for recurrent expenditure representing 82.2 per cent of the recurrent revised gross estimates, an increase compared to 80.2 per cent recorded in the FY 2019/20.

The State Department for Mining recorded the highest absorption on development budget at 84.4 per cent while the Ministry of Water & Sanitation and Irrigation recorded the lowest at 46.2 per cent. The State Department for Mining recorded the highest recurrent expenditure to revised gross estimates at 93.9 per cent, while the Ministry of Water & Sanitation and Irrigation recorded the lowest at 63 per cent.

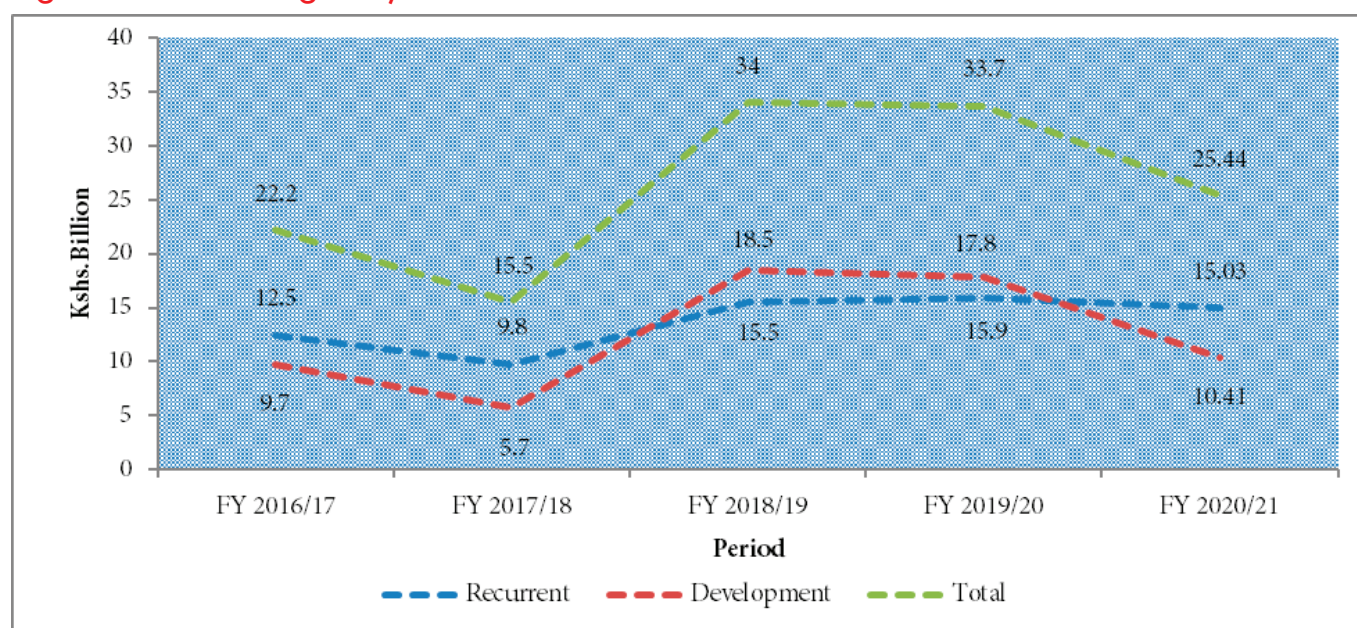

4.6 General Economic and Commercial Affairs (GECA) Sector

The General Economic and Commercial Affairs (GECA) sector consists of six MDAs namely, the State Departments for Industrialization, Co-operatives, Trade, East African Community, Regional and Northern Corridor Development and Tourism.

The sector is a significant player in job and wealth creation, industrial development, investments and promotion of trade, tourism development, savings mobilisation and co-operative development, regional integration and development.

The budgetary allocation to the GECA sector in the FY 2020/21 amounted to Kshs.29.53 billion, revised to Kshs.25.19 billion in the Supplementary Budget I, and Kshs.25.44 billion in Supplementary Budget II, representing 0.7 per cent of the revised gross national budget, a decrease from Kshs.33.70 billion allocated in the FY 2019/20.

The allocation comprised Kshs.10.42 billion (40.9 per cent) for development activities and Kshs.15.3 billion (59.9 per cent) for recurrent expenditure. The State Department for Tourism received the highest budgetary allocation of Kshs.9.56 billion (37.6 per cent of the sector's budget), while the State Department for East Africa Community had the lowest budgetary allocation of Kshs.511.33 million (2 per cent of the sector's funding). Figure 4.9 shows the budgetary allocation trend for the GECA Sector from FY 2016/17 to FY 2020/21.

Figure 4.9: Budgetary Allocation Trend for the GECA Sector

Source: National Treasury

Total exchequer issues to the GECA sector amounted to Kshs.18.31 billion, representing 97.3 per cent of the sector's revised net estimates, comprised Kshs.8.72 billion for development expenditure, representing 94.7 per cent of revised development net estimates and Kshs.9.59 billion for recurrent spending representing 99.8 per cent of revised recurrent net estimates. Table 4.5 presents an analysis of exchequer issues and expenditure to the GECA sector in the FY 2020/21.

In the FY 2020/21, the State Department for Regional and Northern Corridor Development received the highest proportion of development exchequer issues to revised development net estimates at 100 per cent, while the State Department for industrialisation recorded the lowest at 84.9 per cent. The State Department for Co-operatives, State Department for Industrialisation and the State Department for Tourism recorded the highest proportion of recurrent exchequer issues to revised recurrent net estimates at 100 per cent, while the State Department for East African Community recorded the lowest at 98.4 per cent. Figure 4.10 presents exchequer issues to GECA Sector in the FY 2020/21.

Figure 4.10: Exchequer Issues to the GECA Sector (Kshs, Billion)

Source: National Treasury

The total expenditure for the GECA Sector amounted to Kshs.22.01 billion representing 86.5 per cent of the revised gross estimates, a growth compared to the 71.8 per cent recorded in FY 2019/20. This comprised Kshs.8.82 billion for the development budget representing an absorption rate of 84.7 per cent, a decrease from 88.1 per cent and Kshs.13.19 billion for recurrent expenditure representing 87.8 per cent of the recurrent revised gross estimates, an increase compared to 53.4 per cent recorded in the FY 2019/20.

The State Department for Co-operatives recorded the highest absorption on the development budget at 99.8 per cent, while the State Department for Industrialisation recorded the lowest at 64.1 per cent. The State Department for East African Community recorded the highest recurrent expenditure to revised gross estimates at 98.4 per cent, while the State Department for Tourism recorded the lowest at 83.8 per cent.

4.7 Governance, Justice, Law and Order (GJLO) Sector

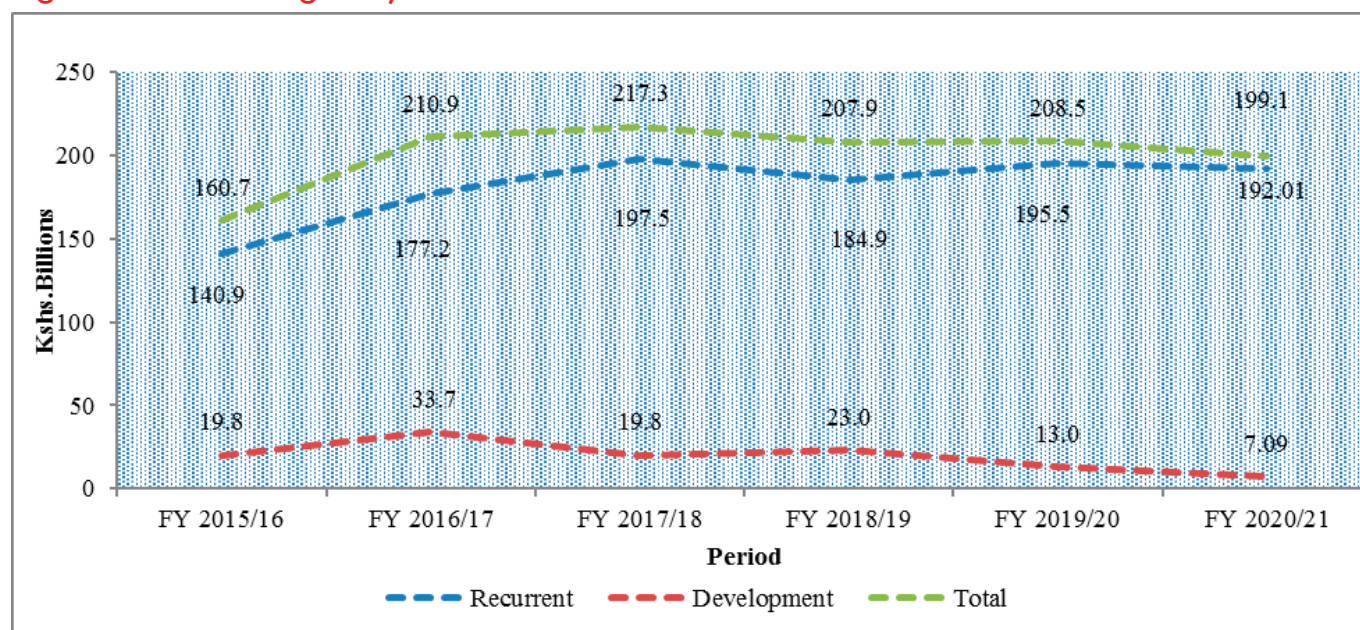

The GJLO sector consists of fourteen MDAs, which include the State Department for Interior and Citizen Services, State Department for Correctional Services, State Law Office and Department of Justice, The Judiciary, Ethics and Anti-Corruption Commission (EACC), Office of the Director of Public Prosecutions (ODPP), Office of the Registrar of Political Parties (ORPP), Witness Protection Agency (WPA), Kenya National Commission on Human Rights (KNCHR), Independent Electoral and Boundaries Commission (IEBC), Judicial Service Commission (JSC), National Police Service Commission (NPSC), National Gender and Equality Commission (NGEC), and the Independent Policing Oversight Authority (IPOA).

The sector implements the functions of providing security, correctional services, legal advisory services to government agencies and administration of justice. The sector also plays a significant role in promoting integrity and the fight against corruption, providing prosecution services, regulating political parties, protecting witnesses and human rights. Further, the sector also plays an instrumental role in the delimitation of electoral boundaries and management of the electoral process, promoting gender equality, the inclusion of marginalised groups and communities, and civilian policing oversight.

Besides, the sector plays a role in border management, peace-building and conflict management, registration services, regulation of the gaming industry, provision of population management services, eradicating drugs and substance abuse, crime research and government printing services. It also plays the crucial role of ensuring national values and the promotion of national cohesion.

The budgetary allocation to the GJLO Sector in the FY 2020/21 amounted to Kshs.197.79 billion, revised to Kshs.198.73 billion in the Supplementary Budget I, and Kshs.199.10 billion in Supplementary Budget II representing 5.8 per cent of the revised gross national budget, a decrease compared to Kshs.208.51 billion allocated in the FY 2019/20.

The allocation comprised of Kshs.7.09 billion (3.6 per cent) for development activities and Kshs.192.01 billion (96.4 per cent) for recurrent expenditure. The State Department for Interior and Citizen Services received the highest budgetary allocation of Kshs.133.42 billion (67 per cent of the sector's allocation), while the Kenya National Commission on Human Rights had the lowest budgetary allocation of Kshs.373.66 million (0.2 per cent of the sector's funding). The high share of budget allocation to the State Department for Interior and Citizen Services is attributed to the National Police Service budget allocation. Figure 4.11 shows the budgetary allocation trend for the GJLO Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.11: Budgetary Allocation Trend for the GJLO Sector

Source: National Treasury

Total exchequer issues to the GJLO sector amounted to Kshs.193.53 billion, representing 99.1 per cent of the sector's revised net estimates, comprised of Kshs.5.41 billion for development expenditure, representing 91.4 per cent of revised development net estimates and Kshs.188.12 billion for recurrent spending representing 99.4 per cent of revised recurrent net estimates. Table 4.6 shows the GJLO sector analysis of exchequer issues and expenditure in the FY 2020/21.

The State Law Office and Department of Justice received the highest proportion of development exchequer issues to revised development net estimates at 98.9 per cent, while the Ethics and Anti-Corruption Commission recorded the lowest at 34.7 per cent. The Judiciary and WPA recorded the highest proportion of recurrent exchequer issues to revised recurrent net estimates at 100 per cent, while the IEBC recorded the lowest at 92.7 per cent. Figure 4.12 shows the exchequer issues to GJLO Sector in the FY 2020/21.

Figure 4.12 shows the exchequer issues to the GJLO Sector in the FY 2020/21.

Figure.4.12: Exchequer Issues to the GJLO Sector

Source: National Treasury

The total expenditure for the sector amounted to Kshs.190.31 billion representing 95.6 per cent of the revised gross estimates, a slight decrease compared to 94.8 per cent recorded in the FY 2019/20, comprised of Kshs.5.90 billion for the development budget representing an absorption rate of 83.3 per cent, a decrease from 101.5 per cent and Kshs.184.41 billion for recurrent expenditure representing 96 per cent of the recurrent revised gross estimates, but an increase compared to 94.4 per cent recorded in the FY 2019/20.

The State Department for Interior and Citizen Services recorded the highest absorption on development budget at 101.9 per cent, while Ethics and Anti-Corruption Commission recorded the lowest at 34.7 per cent. The over absorption of budget by the State Department for Interior and Citizen Services is due to revision of budget downwards during the supplementary budget after Authority to Incur Expenditure had already been issued and funded affecting some budget lines. These included Construction of Residential Buildings, Purchase of Specialized Equipment, Plant and Machinery and Supplies for Production. The Witness Protection Agency recorded the highest recurrent expenditure to revised gross estimates at 99.9 per cent, while the State Law Office and Department of Justice recorded the lowest at 86.4 per cent.

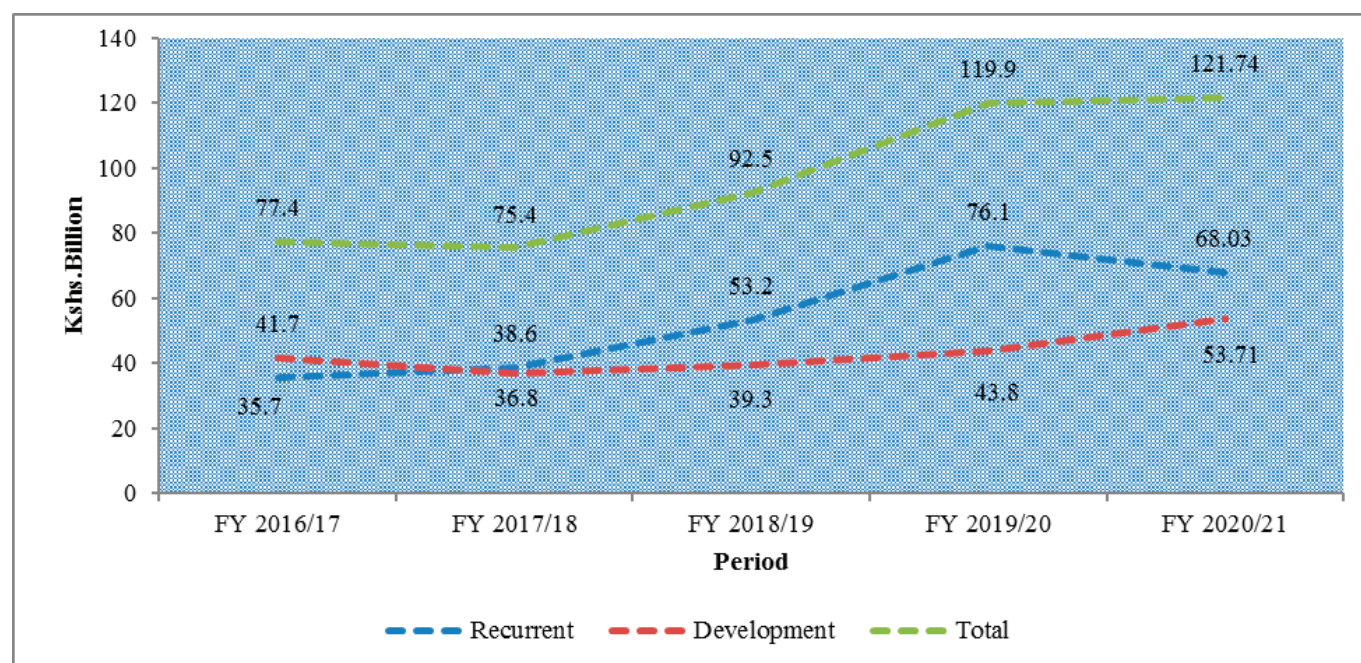

4.8 Health Sector

Health is a devolved function under the Fourth Schedule of the Constitution of Kenya. At the national level, it is responsible for providing and coordinating health policy formulation, ensuring quality service delivery, and regulating health care.

The Health Sector comprises Ministry of Health and Semi-Autonomous Government Agencies, namely: Kenyatta National Hospital (KNH), Moi Teaching and Referral Hospital (MTRH), Kenya Medical Research Institute (KEMRI), Kenya Medical Supplies Authority (KEMSA), Kenya Medical Training College (KMTC), National AIDS Control Council (NACC), Kenyatta University Teaching, Referral and Research Hospital (KUTRRH), National Cancer Institute of Kenya (NCI-K) and the National Health Insurance Fund (NHIF).

The budgetary allocation to the Health Sector in the FY 2020/21 was Kshs.111.70 billion, revised to Kshs.119.20 billion in the Supplementary Budget I, Kshs.121.75 billion on Supplementary II, representing 3.6 per cent of the revised gross national budget, a growth compared to Kshs.119.90 billion allocated in the FY 2019/20. The allocations comprised Kshs.53.71 billion (44.1 per cent) for development activities and Kshs.68.03 billion (55.9 per cent) for recurrent expenditure. Figure 4.13 shows the budgetary allocation for the health sector for the period FY 2016/17 to FY 2020/21.

Figure 4.13: Budgetary Allocation Trend for the Health Sector

Source: National Treasury

Total exchequer issues to the Health sector amounted to Kshs.72.40 billion, representing 85.6 per cent of the sector's revised net estimates, comprised of Kshs.27.49 billion for development expenditure, representing 72.4 per cent of revised development net estimates and Kshs.44.9 billion for recurrent spending representing 96.4 per cent of revised recurrent net estimates. Table 4.7 shows the Health sector analysis of exchequer issues and expenditure in the FY 2020/21.

The total expenditure for the Health Sector in the FY 2020/21 amounted to Kshs.91.93 billion, representing 75.5 per cent of the revised gross budget, comprised of Kshs.39.81 billion spent on development activities representing an absorption rate of 74.1 per cent and Kshs.52.13 billion on recurrent activities representing 76.6 per cent on recurrent revised gross estimates.

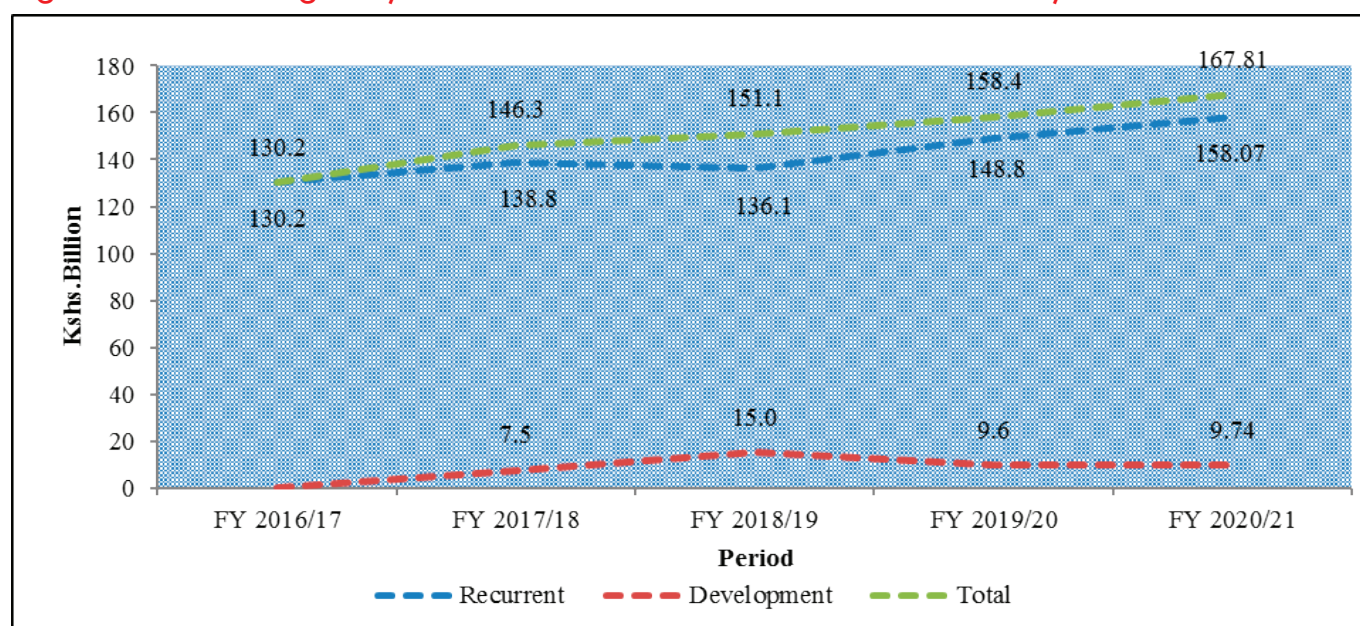

4.9 National Security Sector

The National Security sector comprises the Ministry of Defence and the National Intelligence Service (NIS). The sector's mandate is to ensure the country's secure against any threats emanating from within or outside the Kenyan borders, defend the country, and support the civil powers in maintaining peace and order.

The budgetary allocation to the National Security sector in the FY 2020/21 was Kshs.154.53 billion, revised to Kshs.167.92 billion in the Supplementary Budget I, and Kshs.167.81 billion in Supplementary Budget II, representing 4.9 per cent of the revised gross national budget, an increase from Kshs.158.40 billion allocated in the FY 2019/20. The allocation comprised Kshs.9.74 billion for development expenditure (5.8 per cent of sector's budget) and Kshs.158.07 billion for recurrent expenditure (94.2 per cent of sector's allocation).

The Ministry of Defence was allocated Kshs.122.26 billion (72.8 per cent of the sector's funding), while NIS received Kshs.45.55 billion (27.1 per cent of the sector's allocation). Figure 4.15 below shows the budgetary allocation trend for the National Security sector from FY 2016/17 to FY 2020/21.

Figure 4.15: Budgetary Allocation Trend for the National Security Sector

Source: National Treasury

Exchequer issues to the National Security sector in the FY 2020/21 amounted to Kshs.160.67 billion, representing 99.8 per cent of the sector's revised net estimates, comprised Kshs.3 billion for development expenditure representing 100 per cent of the revised development net estimates, and Kshs.157.67 billion for recurrent spending representing 99.7 per cent of the revised recurrent net estimates. The Ministry of Defence received Kshs.112.51 billion (100 per cent) for recurrent activities, while the National Intelligence Service received Kshs.45.16 billion (99.1 per cent). Table 4.8 shows the National Security sector analysis of exchequer issues and expenditure in the FY 2020/21.

Total expenditure for the National Security sector in the FY 2020/21 amounted to Kshs.166.94 billion, recording 99.5 per cent of the revised gross estimates, an increase compared to 92.4 per cent recorded in the FY 2019/20. The Ministry of Defence spent Kshs.122.11 billion, registering an absorption rate of 99.8 per cent, while NIS spent Kshs.44.83 billion, recording an absorption rate of 98.4 per cent of its gross estimates.

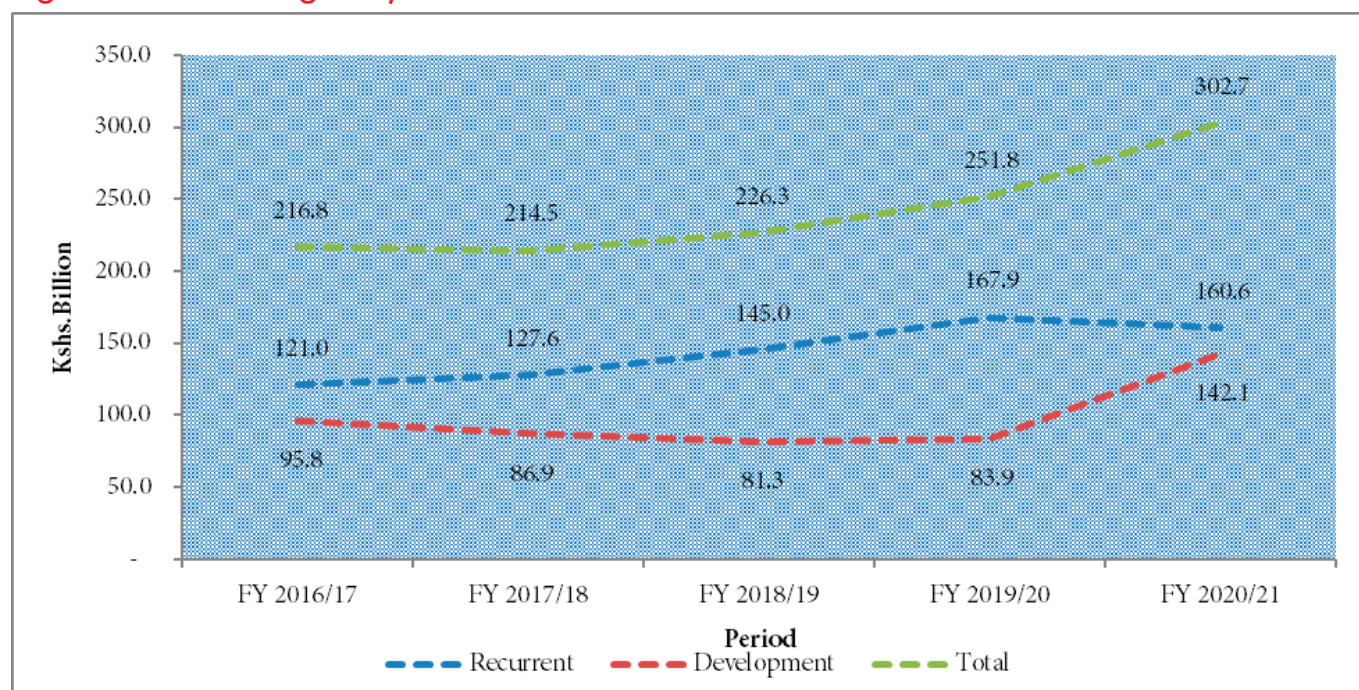

4.10 Public Administration and International Relations (PAIR) Sector

The Public Administration and International Relations (PAIR), Sector consists of 15 MDAs, namely; The Executive Office of the President, State Department for Planning, State Department for Devolution, Ministry of Foreign Affairs, National Treasury, State Department for Public Service, Parliamentary Service Commission, National Assembly, Parliamentary Joint Services, Commission on Revenue Allocation (CRA), Public Service Commission (PSC), Salaries and Remuneration Commission (SRC), Auditor General (AG), Controller of Budget (COB), and Commission on Administrative Justice (CAJ).

The PAIR sector provides overall policy direction and leadership to the country, oversees national legislation, and the human resource function in the public service. Further, it coordinates national policy formulation, implementation, monitoring and evaluation, resource mobilisation and management, devolution oversight, implementation of Kenya foreign policy, and oversight on the use of public resources and service delivery.

The budgetary allocation to the PAIR sector in the FY 2020/21 amounted to Kshs.285.65 billion, revised to Kshs.303.38 billion in the Supplementary Budget I, and Kshs.302.61 billion in Supplementary Budget II, representing 8.9 per cent of the revised gross national budget, an increase compared to Kshs.251.8 billion allocated in the FY 2019/20. The allocation comprised of Kshs.142.12 billion (47 per cent) for development activities and Kshs.160.55 billion (53 per cent) for recurrent expenditure. The National Treasury received the highest budgetary allocation of Kshs.114.53 billion (37.8 per cent of the sector's budget), while the CRA had the lowest budgetary allocation of Kshs.318.95 million (less than 1 per cent of the sector's budget). Figure 4.16 shows the budgetary allocation trend for the PAIR Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.16: Budgetary Allocation Trend for the PAIR Sector

Source: National Treasury

Total exchequer issues to the PAIR sector amounted to Kshs.240.76 billion representing 90.1 per cent of the sector's revised net estimates, comprised Kshs.106.5 billion for development expenditure, representing 88.8 per cent of the revised development net estimates and Kshs.134.26 billion for recurrent spending representing 91.1 per cent of revised recurrent net estimates. Table 4.9 shows an analysis of exchequer issues and expenditure in the FY 2020/21 for the PAIR Sector.

The State Department for Public Service, Public Service Commission and the Auditor General received the highest proportion of development exchequer issues to development net estimates at 100 per cent, while the Executive Office of the President recorded the lowest at 56.8 per cent. The State Department for Planning, The National Treasury and the Auditor General, recorded the highest proportion of recurrent exchequer issues to revised recurrent net estimates at 100 per cent, while the Executive Office of the President recorded the lowest at 67.9 per cent. Figure 4.17 shows the exchequer issues to the PAIR Sector in the FY 2020/21.

Figure 4.17: Exchequer Issues to the PAIR Sector

Source: National Treasury

The total expenditure for the PAIR sector amounted to Kshs.272.75 billion representing 90.1 per cent of the revised gross estimates, an increase compared to 86.7 per cent recorded in the FY 2019/20, comprised Kshs.133.56 billion for the development budget representing an absorption rate of 94 per cent, an increase from 74.6 per cent and Kshs.139.18 billion for recurrent expenditure representing 86.7 per cent of the recurrent revised gross estimates, a decrease compared to 92.7 per cent recorded in the FY 2019/20.

The State Department for Public Service and the Public Service Commission recorded the highest absorption on development budget at 100 per cent while, the Executive Office of the President recorded the lowest at 81.4 per cent. The State Department for Devolution recorded the highest recurrent expenditure to revised gross estimates at 99.4 per cent, while the Parliamentary Joint Services recorded the lowest at 83.9 per cent.

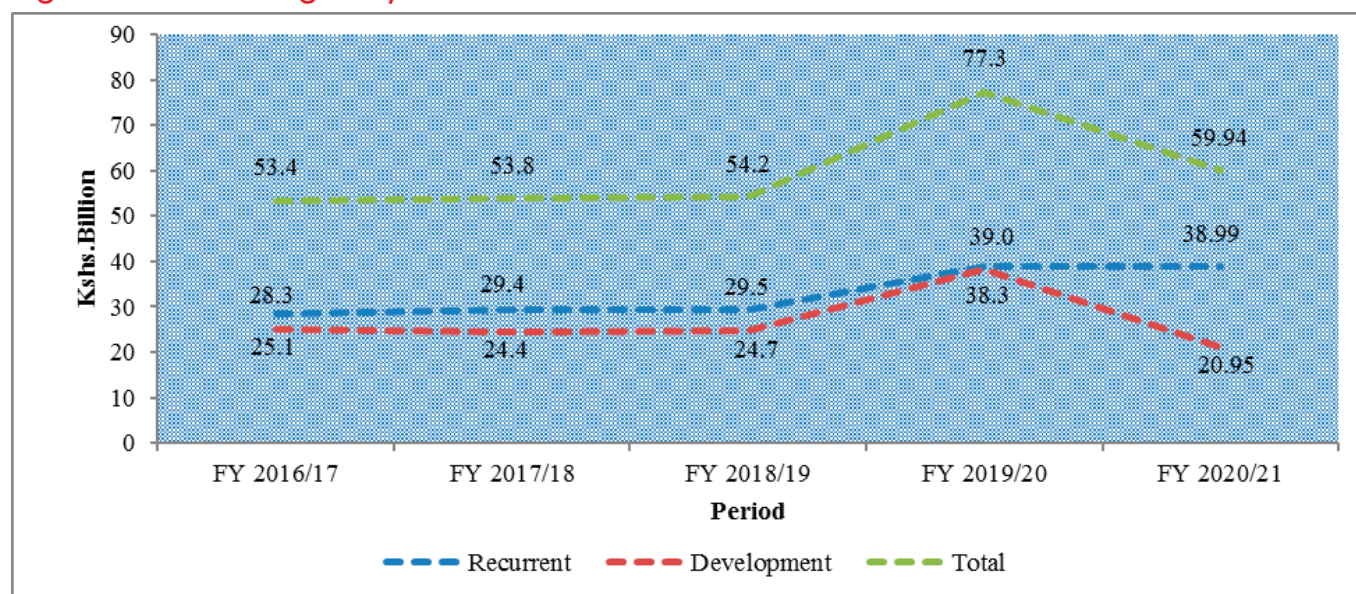

4.11 Social Protection, Culture and Recreation Sector

The Social Protection, Culture and Recreation (SPCR) Sector comprises six State Departments: Sports, Culture and Heritage, Labour, Social Protection, Pensions and Senior Citizens Affairs, Development of Arid and Semi-Arid Lands (ASALs) and Gender.

The SPCR sector plays a strategic role in the country's transformation and socio-economic development by implementing special programmes for the development of the ASALs. The sector undertakes sustainable employment, harmonious industrial relations, a productive workforce and gender equity and equality. Other key roles include empowering communities and vulnerable groups, safeguarding children's rights, promoting diverse cultures, arts and sports to enhance cohesiveness and Kenya's regional and international competitiveness.

The budgetary allocation to the SPCR sector in the FY 2020/21 was Kshs.70.09 billion, revised to Kshs.55.49 billion in the Supplementary Budget I, and Kshs.59.95 billion in Supplementary Budget II, representing 1.8 per cent of the revised gross national budget, a decrease compared to Kshs.77.3 billion allocated in the FY 2019/20. The allocation comprised Kshs.20.95 billion (34.9 per cent), for development activities and Kshs.39.0 billion (65.1 per cent), for recurrent expenditure. The State Department for Social Protection, Pensions and Senior Citizens Affairs received the highest budgetary allocation of Kshs.32.73 billion (54.6 per cent of the sector's budget), while the State Department for Heritage had the lowest budgetary allocation of Kshs.2.49 billion (4.2 per cent of the sector's funding). Figure 4.18 shows the budgetary allocation trend for the SPCR sector for FY 2016/17 to FY 2020/21.

Figure 4.18: Budgetary Allocation Trend for the SPCR Sector

Source: National Treasury

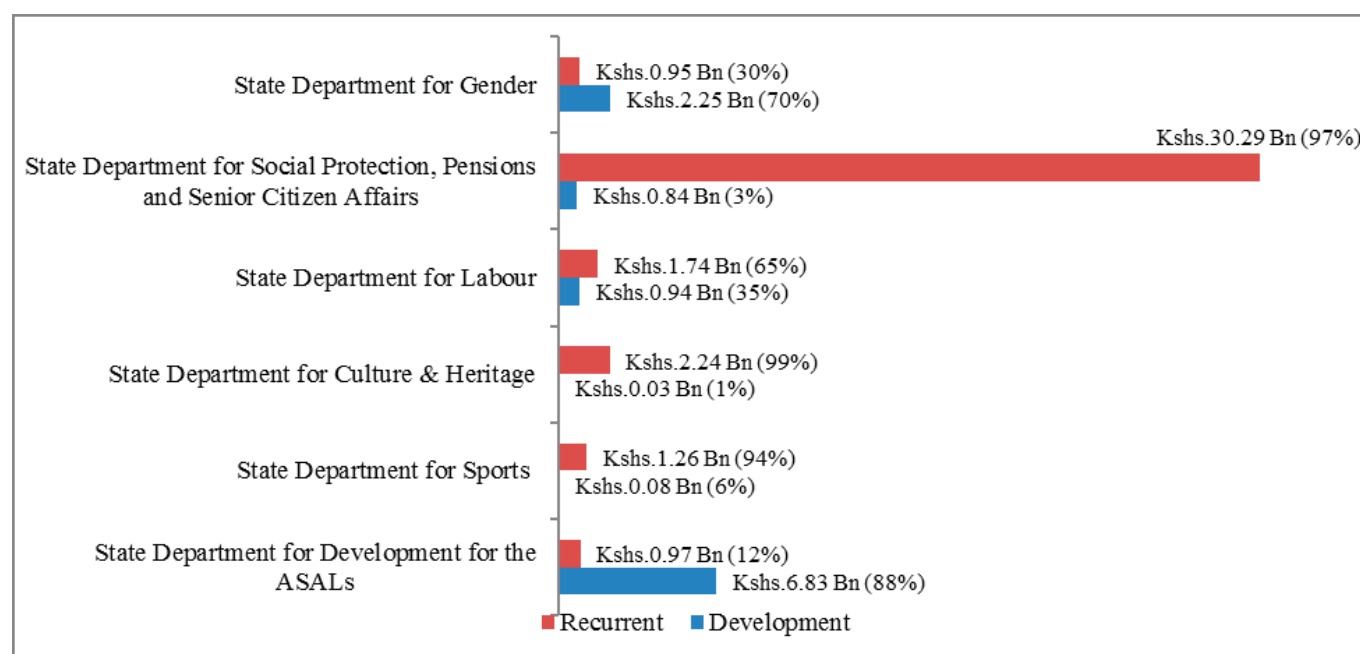

Total exchequer issues to the SPCR sector amounted to Kshs.43.38 billion, representing 95.3 per cent of the sector's revised net estimates, comprised Kshs.10.96 billion for development expenditure, representing 83.3 per cent of revised development net estimates and Kshs.37.42 billion for recurrent spending representing 99.6 per cent of revised recurrent net estimates. Table 4.10 shows the SPCR sector analysis of exchequer issues and expenditure in the FY 2020/21.

The State Department for Sports and the State Department for Culture and Heritage received the highest proportion of development exchequer issues to revised development net estimates at 100 per cent, while the State Department for Social Protection, Pensions and Senior Citizens recorded the lowest at 43.6 per cent. The State Department for Development for the ASALs recorded the highest proportion of recurrent exchequer issues to revised recurrent net estimates at 100 per cent, while the State Department for Gender recorded the lowest at 97.9 per cent. Figure 4.19 shows the exchequer issues to the SPCR sector in the FY 2020/21.

Figure 4.19: Exchequer Issues to the SPCR Sector

Source: National Treasury

The total expenditure for the SPCR sector amounted to Kshs.51.44 billion, representing 85.8 per cent of the revised gross estimates, an increase compared to 75.2 per cent recorded in the FY 2019/20, comprised Kshs.13.63 billion for the development budget representing an absorption rate of 65 per cent, a decrease from 69.9 per cent and Kshs.37.82 billion for recurrent expenditure representing 97 per cent of the recurrent revised gross estimates, an increase compared to 80.4 per cent recorded in the FY 2019/20.

The State Department for Culture and Heritage recorded the highest absorption on development budget at 100 per cent while the State Department for Development for the ASALs recorded the lowest at 38.1 per cent. The State Department for Development for the ASALs recorded the highest recurrent expenditure to revised gross estimates at 99.1 per cent, while the State Department for Gender recorded the lowest at 85.8 per cent.

5 BUDGET PERFORMANCE BY PROGRAMMES

5.1 Introduction

This chapter analyses the MDAs budget performance by programmes implemented in the FY 2020/21. It presents information on budgetary allocation for development and recurrent expenditure by programmes. The Sectors are presented in alphabetical order.

5.2 Agriculture, Rural and Urban Development (ARUD) Sector

In the FY 2020/21, the ARUD sector budget allocation was Kshs.61.61 billion, revised to Kshs.68.15 billion in Supplementary Budget I and Kshs.66.89 billion in Supplementary Budget II. It comprised Kshs.34.85 billion (52.1 per cent) for development activities and Kshs.32.04 billion (47.9 per cent) for recurrent expenditure to fund ten programmes. The analysis of ARUD sector programmes for the period under review is presented in table 5.1.

Table 5.1: ARUD Sector's Programme Performance (Kshs. Billion)

Crop Development and Management programme under the State Department for Crop Development and Agricultural Research received the highest budgetary allocation at Kshs.37.46 billion (56 per cent) of the revised gross estimates for the sector. General Administration Planning and Support Services under the State Department for Fisheries and the Blue Economy had the lowest allocation at Kshs.128.71 million of the revised gross estimates for the sector.

Analysis of programme performance shows that Land Policy and Planning under the Ministry of Lands and Physical Planning recorded the highest proportion of programme expenditure to its revised gross estimates at 95.8 per cent, while Crop Development and Management programme under the State Department for Crop Development and Agricultural Research recorded the lowest at 59.3 per cent.

Further analysis of sub-programme performance shows that Food Security Initiatives sub-programme under Crop Development and Management programme had the highest expenditure at Kshs.14.70 billion,

while Development and management of Fishing Ports and Associated Infrastructure under the General Administration under the State Department for Fisheries, Aquaculture and Blue Economy had the lowest expenditure at Kshs.0.78 million.

5.3 Education Sector

The Education sector's budgetary allocation in the FY 2020/21 was Kshs.505.09 billion and revised to Kshs.507.74 billion in Supplementary Budget I and Kshs. 489.35 billion in Supplementary Budget II, comprised of Kshs. 19.83 billion (4.1 per cent) for development activities and Kshs. 469.46 billion (95.9 per cent) for recurrent expenditure to fund 16 programmes. The analysis of Sector programmes in the FY 2020/21 is presented in table 5.2.

Table 5.2: Education Sector's Programme Performance (Kshs. Billion)

VOTE	Programme	Revised Gross Estimates			Expenditure			Absorption Rate (%)
		Development	Recurrent	Total	Development	Recurrent	Total

Source: MDAs and National Treasury

The Teacher Resource Management programme under the Teachers Service Commission received the highest budgetary allocation at Kshs.267.8 billion (54.6 per cent) of the revised gross estimates for the sector, which is attributed to its crucial role in teacher resource management. Post-Training Information Management under the State Department for Post Training and Skills Development had the lowest allocation at Kshs.6.68 million of the revised gross estimates for the sector.

Analysis of programme performance shows that Teacher Resource Management under the TSC recorded the highest proportion of programme expenditure to its revised gross estimates at 100.3 per cent, while the University Education programme under the State Department for University Education recorded the lowest at 64.0 per cent.

Further analysis of sub-programme performance shows that Teacher Resources Management sub-programme under the Teacher Resources Management programme had the highest expenditure at Kshs.267.8 Billion, while the Work-Based Learning Services sub-programme under the Work Readiness Services Programme had the lowest expenditure at Kshs.2.6 million.

5.4 Energy, Infrastructure and Information Communications Technology (EI & ICT) Sector

In the FY 2020/21, the EI & ICT sector budgetary allocation was Kshs.366.18 billion, revised to Kshs.423.59 billion in Supplementary Budget I and Kshs. 425.03 billion in Supplementary Budget II, comprised of Kshs.326.82 billion (73.4 per cent) for development activities and Kshs.98.21 billion (23.1 per cent) for recurrent expenditure to fund 27 programmes. Analysis of the EI&ICT Sector's programmes in the FY 2020/21 is presented in Table 5.3.

The Road Transport programme under the State Department for Infrastructure received the highest allocation at Kshs.200.53 billion, translating to 47.2 per cent of the total gross estimates for the EI&ICT sector, while the Road Safety programme under the State Department of Transport had the lowest allocation at kshs.165.34 million or less than 1 per cent of the total gross estimates for the sector.

Analysis of programme performance shows that the General Administration, Planning and Support Services programme under the State Department of Transport recorded the highest proportion of expenditure to its gross estimates at 118.4 per cent, while the Road Safety programme under State Department of Transport recorded the lowest at 44.5 per cent.

Further analysis of sub-programme performance shows that Road Transport sub-programme under Road Transport programme had the highest expenditure at Kshs.177.26 Billion, while the Research Services sub-programme under the Regulation and Development of Construction Industry Programme had the lowest expenditure at Kshs.29.06 million.

5.5 Environmental Protection, Water and Natural Resources Sector

In the FY 2020/21, the budgetary allocation to the EPW&NR sector was Kshs.105.22 billion and revised to Kshs.102.30 billion in Supplementary Budget I and Kshs.106.16 billion in Supplementary Budget II, comprised Kshs.80.21 billion (75.6 per cent) for development activities and Kshs.25.95 billion (24.4 per cent) for recurrent expenditure to fund 15 programmes. Analysis of the sector Programmes implemented in the FY 2020/21 is presented in Table 5.4.

Table 5.4: Environmental Protection, Water and Natural Resources Sector's Programme (Kshs. Billion)

VOTE	Programme	Revised Gross Estimates			Expenditure			Absorption Rate (%)

*Performance by programme not presented by the State Department for Wildlife

Water and Sewerage Infrastructure Development programme under the Ministry of Water and Sanitation received the highest budgetary allocation at Kshs.49.25 billion (46.6 per cent) of the revised gross estimates for the sector. Resource Survey and Remote Sensing programme under the Ministry of Environment and Forestry had the lowest allocation at Kshs.46 Million of the revised gross estimates for the sector.

Analysis of programme performance shows that Water Harvesting and Storage for Irrigation programme recorded the highest proportion of programme expenditure to its revised gross estimates at 99.7 per cent, while Irrigation and Land Reclamation programme recorded the lowest at 7.1 per cent, both under the Ministry of Water & Sanitation and Irrigation.

Further analysis of sub-programme performance shows that Sewerage and Infrastructure Development sub-programme under Water and Sewerage Infrastructure Development programme had the highest expenditure at Kshs.21.59 Billion, while the Irrigation Water Management sub-programme under the Irrigation and Land Reclamation had the lowest expenditure at Kshs.3.88 million, both implemented by the Ministry of Water & Sanitation and Irrigation.

5.6 General Economic and Commercial Affairs (GECA) Sector

In the FY 2020/21, the sector's budgetary allocation was Kshs.29.53 billion, revised to Kshs.25.19 billion in Supplementary Budget I and Kshs.25.44 billion in Supplementary Budget II, which comprised Kshs.10.41 billion (40.9 per cent) for development activities and Kshs.15.03 billion (59.1 per cent) for recurrent expenditure to fund eight programmes. Analysis of the sector programmes implemented during the period under review is presented in Table 5.5.

Table 5.5: General Economic and Commercial Affairs (GECA) Sector's Programme (Kshs. Billion)

Source: MDAs and National Treasury

Trade Development and Promotion programme under the State Department for Tourism received the highest budgetary allocation at Kshs.9.56 billion (37.6 per cent) of the revised gross estimates for the sector. East African Affairs and Regional Integration under the State Department for East African Community had the lowest allocation at Kshs.511.3 million of the revised gross estimates for the sector.

Analysis of programme performance shows that the Cooperative Development and Management programme under the State Department for Cooperatives recorded the highest proportion of programme expenditure to its revised gross estimates at 99 per cent, while Industrial Development and Investments programme under the State Department for Industrialization recorded the lowest at 58.1 per cent.

Further analysis of sub-programme performance shows that the Tourism Infrastructure Development sub-programme under Tourism Development and Promotion programme had the highest expenditure at Kshs.3.68 Billion, while the Management of Northern Corridor sub-programme under the Integrated Regional Development Programme had the lowest expenditure at Kshs.23.96 million.

5.7 Governance, Justice, Law and Order (GJLO) Sector

The GJLO sector budgetary allocation in the FY 2020/21 was Kshs.197.79 billion, revised to Kshs.198.73 billion in Supplementary Budget I and Kshs. 199.08 billion in Supplementary Budget II, which comprised Kshs.7.23 billion (3.6 per cent) for development activities and Kshs. 191.85 billion (96.4 per cent) for recurrent expenditure to fund 23 programmes. Analysis of the GJLO sector programmes for period under the review is presented in Table 5.6.

Source: MDAs and National Treasury

Policing Services programme under the State Department for Interior and Citizen Services received the highest budgetary allocation at Kshs.96.64 billion (48.5 per cent) of the revised gross estimates for the sector. Delimitation of Electoral Boundaries under the Independent Electoral and Boundaries Commission had the lowest allocation at Kshs.0.26 billion of the revised gross estimates for the sector.

Analysis of programme performance shows that the Witness Protection programme under the Witness Protection Authority recorded the highest proportion of programme expenditure to its revised gross estimates at 99.9 per cent, while Road Safety under the State Department for Interior recorded the lowest at 8.4 per cent.

Further analysis of sub-programme performance shows that Kenya Police Service sub-programme under Policing Services programme had the highest expenditure at Kshs.36.87 Billion, while the Voter Education and Partnership sub-programme under the Delimitation of Electoral Boundaries Programme had the lowest expenditure at Kshs.50.3 million.

5.8 Health Sector

The Health sector budgetary allocation in the FY 2020/21 was Kshs.111.70 billion, revised to Kshs.119.20 billion in Supplementary Budget I, and Kshs.121.75 billion in Supplementary Budget II, which comprised Kshs.53.71 billion (44.6 per cent) for development activities and Kshs.68.03 billion (55.4 per cent) for recurrent expenditure to fund five programmes. Table 5.7 presents an analysis of the Health sector programmes for the FY 2020/21.

Table 5.7: Health Sector's Programme (Kshs. Billion)

VOTE	Programme	Revised Gross Estimates			Expenditure			Absorption Rate (%)
		Development	Recurrent	Total	Development	Recurrent	Total

* RMNCAH: Reproductive Maternal Neo-natal Child & Adolescent Health

National Referral & Specialized Services programme received the highest budgetary allocation at Kshs.44.71 billion (36.7 per cent) of the revised gross estimates for the sector. General Administration, Planning & Support Services had the lowest budget at Kshs.8.67 billion of the revised gross estimates for the sector.

Analysis of programme performance shows that the Health Policy, Standards and Regulations programme recorded the highest proportion of programme expenditure to its revised gross estimates at 103.3 per cent, while the Preventive, Promotive & RMNCAH programme recorded the lowest at 47.9 per cent.

5.9 National Security Sector

The National Security sector budgetary allocation in the FY 2020/21 amounted to Kshs.154.53 billion, revised to Kshs.167.92 billion in Supplementary Budget I and Kshs.167.81 in Supplementary Budget II, which comprised Kshs. 9.74 billion (5.8 per cent) for development activities and Kshs. 158.07 billion (94.2 per cent) for recurrent expenditure to fund five programmes. Analysis of National Security sector programmes in the FY 2020/21 is presented in Table 5.8.

Table 5.8: National Security Sector's Programme Performance (Kshs. Billion)

VOTE	Programme	Revised Gross Estimates			Expenditure			Absorption Rate (%)
		Development	Recurrent	Total	Development	Recurrent	Total	
Ministry of Defence	Defence	9.74	110.71	120.46	9.67	110.67	120.34	99.9

Source: MDAs and National Treasury

Defence Programme under the Ministry of Defence received the highest budgetary allocation at Kshs.120.46 billion (71.8 per cent) of the revised gross estimates for the sector. National Space Management had the lowest share at Kshs.150 million out of the revised gross estimates for the sector.

Analysis of programme performance shows that the National Space Management and Civil Aid programme under the Ministry of Defence recorded the highest proportion of programme expenditure to its revised gross estimates at 100 per cent. General Administration, Planning & Support Services under Ministry of Defence recorded the lowest at 97.3 per cent.

5.10 Public Administration and International Relations (PAIR) Sector

The PAIR sector allocation in the FY 2020/21 was Kshs.285.6 billion and revised to Kshs.303.38 billion in Supplementary Budget I, Kshs.302.95 billion in Supplementary Budget II, which comprised Kshs.142.12 billion (47 per cent) for development activities, and Kshs.160.55 billion (53 per cent), for recurrent expenditure to fund 37 programmes. Analysis of PAIR sector programmes performance in the FY 2020/21 is presented in Table 5.9.

Table 5.9: PAIR Sector's Programme Performance (Kshs. Billion)

Source: MDAs and National Treasury

General Administration, Planning and Support Services programme under the National Treasury received the highest budgetary allocation at Kshs.58.72 billion (19.4 per cent) of the revised gross estimates for the sector. Performance and Productivity Management under the Public Service Commission had the lowest allocation at Kshs.38.53 million of the revised gross estimates for the sector.

Analysis of programme performance shows that the Public Investment Management and Services programme under the State Department for Planning recorded the highest proportion of programme expenditure to its revised gross estimates at 120.9 per cent. This is attributed to budget cut of a programme budget line during supplementary budget when the expenditure has been incurred. The Government Clearing Service under the National Treasury recorded the lowest at 17.3 per cent.

Further analysis of sub-programme performance shows that Community Development sub-programme under Economic Policy and National Planning and Promotion programme had the highest expenditure at Kshs.55.46 Billion, while the Government Clearing Services sub-programme under the Government Clearing Services Programme had the lowest expenditure at Kshs.8.69 million.

5.11 Social Protection, Culture and Recreation Sector

The Social Protection, Culture and Recreation sector budgetary allocation was Kshs.70.09 billion, revised to Kshs.55.49 billion in Supplementary Budget I, Kshs.59.81 billion in Supplementary Budget II, which comprised Kshs.20.95 billion (34.9 per cent), for development activities and Kshs.38.86 billion (65.1 per cent), for recurrent expenditure to fund 15 programmes. Table 5.10 presents an analysis of the Social Protection, Culture and Recreation sector's programme for the FY 2020/21.

Source: MDAs and National Treasury

The National Social Safety Net programme under the State Department for Social Protection, Pensions and Senior Citizen Affairs, received the highest budgetary allocation at Kshs.22.08 billion (48.5 per cent) of the revised gross estimates for the sector. This is attributed to the funding towards supporting vulnerable members of the society in Kenya. General Administration, Planning and Support Services under the State Department for Culture & Heritage had the lowest allocation at Kshs.96.5 million of the revised gross estimates for the sector.

Analysis of programme performance shows that the Social Development and Children Services programme under the State Department for Social Protection Pensions and Senior Citizen Affairs, recorded the highest

proportion of programme expenditure to its revised gross estimates at 100.9 per cent, while the Accelerated ASAL Development programme under the State Department for Development of the ASALs recorded the lowest at 43.3 per cent.

Further analysis of sub-programme performance shows that the National Social Safety Net sub-programme under the National Social Safety Net programme had the highest expenditure at Kshs.27.73 billion, while the Regulation of Trade Unions sub-programme under the Promotion of the Best Labour Practice Programme had the lowest spending at Kshs.6.28 million.

6 KEY ISSUES AND RECOMMENDATIONS

6.1 Introduction

This chapter highlights the critical issues identified as having affected budget implementation in the FY 2020/21. Further, it provides recommendations aimed at improving budget implementation in the future.

6.2 Key Issues and Recommendations

In overseeing budget implementation in the FY 2020/21, the OCoB identified the following issues that hampered budget implementation, namely high levels of public debt, pending bills, non-adherence to end of year cut-off timelines, late supplementary budgets, and delays in submission of reports to the OCoB. The issues are detailed hereunder.

6.2.1 High Levels of Public Debt

Article 201(c) of the Constitution of Kenya stipulates that the burdens and benefits of using resources and public borrowing shall be shared equitably between present and future generations. In addition, Section 50 (1) of the PFM Act, 2012 states; “In guaranteeing and borrowing money, the national government shall ensure that its financing needs and payment obligations are at the lowest possible cost in the market, which is consistent with a prudent degree of risk while ensuring that the overall level of public debt is sustainable”.

OCOB has noted that public debt stock has recorded significant growth over recent years, attributed to a persistent shortfall in expected ordinary revenue and rising expenditures, therefore, occasioning the need for deficit financing. As of 30th June 2021, total public debt stock stood at Kshs.7.71 trillion. The total debt was comprised of 52.1 per cent external and 47.9 per cent domestic debt, representing a 15.2 per cent growth from Kshs.6.69 trillion as of 30th June 2020.

The total expenditure on public debt during FY 2020/21 was Kshs.765.91 billion, representing 80.2 per cent of the revised annual estimates, recording a growth from Kshs.717.65 billion recorded in FY 2019/20. This outturn is due to an increase in the principal repayments of both domestic and external debt and growth in interest payments on domestic debt.

To ensure compliance with the principles of public finance on sustainable financing, the government should devise and implement strategies to enhance ordinary revenue generation while reducing expenditures. Further, the government’s borrowings should be used only for financing development expenditure and not for recurrent expenditure and at the minimum cost to reduce the high cost associated with debt repayment.

6.2.2 Pending Bills

As of 30th June 2021, the MDAs pending bills stood at Kshs.36.35 billion, accounting for 5.1 per cent of the development budget for the year. Accumulation of pending bills by the affects the overall liquidity in the economy, especially that of the private sector, hence negatively impacting the overall economic growth.

The public finance management framework requires that pending bills are settled timeously as specified in contract agreements to avoid the accumulation of arrears. Accordingly, all pending bills should be budgeted as a first charge and paid without delay as provided for under Regulation 42(1a) of Public Finance Management (National Government) Regulations, 2015. The Regulation states that “debt service payments shall be a first charge on the Consolidated Fund and the Accounting Officer shall ensure this is done to the extent possible, so that the government does not default on debt obligations”.

Based on the foregoing, the Controller of Budget recommends that all MDAs ensure payment of pending bills is prioritised as a first charge in the FY 2021/22 in compliance with the law to avoid further accumulation of pending bills and enhance liquidity and growth of the economy.

6.2.3 Non-Adherence to end of financial year timelines

The OCoB noted that some Exchequer issues relating to the FY 2020/21 and financial transactions continued to be made through the first half of July 2021, which falls in the FY 2021/22 period. The last Exchequer requisition for FY 2020/21 was made by the National Treasury on 9th July, 2021. Considering the related expenditure was captured in the FY 2020/21 period, it implies that the IFMIS system remained open to capture FY 2020/21 expenditure well into the first half of July 2021.

Failure to observe the financial year closing timelines of 30th June poses a challenge since the Supplementary Appropriation Act, 2021 had lapsed on 30th June 2021. Section 45(1) of the Public Finance Management (PFM) Act, 2012 states that “An appropriation that has not been spent at the end of the financial year for which it was appropriated shall lapse immediately at the end of that financial year”.

Accordingly, the National Treasury should establish and adhere to end-of-year cut-off procedures and ensure that the release and utilisation of funds are based on an existing Appropriation Act.

6.2.4 Late Supplementary Budget

In the FY 2020/21, the National Treasury presented two Supplementary Budgets for approval by the National Assembly. The supplementary budgets were intended to realign budget allocations from non-core activities to core activities to promote the economy’s recovery from the COVID-19 pandemic.

However, the second Supplementary Budget was assented to on 29th June 2021, which was too close to the end of the financial year and did not allow adequate time to implement the revisions. Further, analysis of reports from MDAs showed that some reported absorption rates above 100 per cent, attributed to budget cuts above the expenditure already incurred. While budget cuts may be necessary, the National Treasury should consider actual expenditure and commitments at the time of any revision to avoid reducing budgetary allocations below the cumulative expenditure and commitments. In addition, Supplementary Budgets should not be approved too close to year-end. MDAs may not have adequate time to implement planned activities when budget revisions are approved too close to year-end.

The COB recommends that the National Treasury should liaise with MDAs before effecting budget revisions and appropriately align budget allocations to ensure that they do not exceed the incurred expenditure, interfering with critical programmes in the MDAs. The National Treasury should prepare Supplementary Budgets in good time while Parliament should consider and approve budget revisions early enough to implement planned activities.

6.2.5 Delay in the submission of Financial Reports to OCoB

Article 228 (6) of the Constitution of Kenya, 2010 and Section 9 of the Controller of Budget Act, 2016 requires the Controller of Budget to submit a report to each House of Parliament on the implementation of budgets of the national and county governments every four months. The Controller of Budget report is based on reports on financial and non-financial performance submitted by MDAs in line with Section 83 of the PFM Act, 2012.

The OCoB noted delays in submitting the annual reports on financial and non-financial performance by some MDAs. The reports were due by 15th July 2021, in line with Section 83 of the PFM Act, 2012. Failure to submit reports on time affected timely reporting and the oversight of budget implementation by various stakeholders.

Accounting Officers should submit financial and non-financial performance reports to the OCoB within fifteen days following the end of each quarter to facilitate timely preparation and publication of budget implementation reports.

6.2.6 Over-absorption of Budget by MDAs

Analysis of reports submitted to the OCoB by MDAs, we noted expenditure for some budget lines exceeded the budget amount while others within the same vote recorded low absorption. This over absorption of funds is attributed to budget cuts during the Supplementary Budgets which are effected when expenditure on the budget item has been incurred. This should be regularised in the subsequent Supplementary Budget.

The COB recommends Accounting Officers of the affected MDAs to liaise with National Treasury to ensure that, the under-utilised budget lines are reallocated to other budget items and overdrawn budget lines are corrected before the end of the financial year.

7 EMERGING ISSUES

This budget implementation review report aims at presenting the budget performance by the national government in the FY 2020/21. To inform and improve future efforts in budget implementation, it is necessary to highlight the emerging issues that have been identified to either affect the credibility of the budget or pose various risks in implementation of the budgets.

7.1 Introduction

Successful budget implementation is a critical determinant for successful delivery of the government agenda. For effective implementation of the government policies and programmes, the approved budgets should be both credible and reliable. The credibility of budgets is essential during both the formulation and implementation of the approved budgets. For any budget to be deemed credible, it must be characterised by minimum revisions and reallocation of funds to or from the approved programmes during the implementation process.

Budget implementation during the reporting period was characterised by supplementary funding requests and reallocations of the approved budgets arising from the MDAs' requests. The frequent requests for supplementary funding can potentially undermine the approved budgets' credibility and reliability.

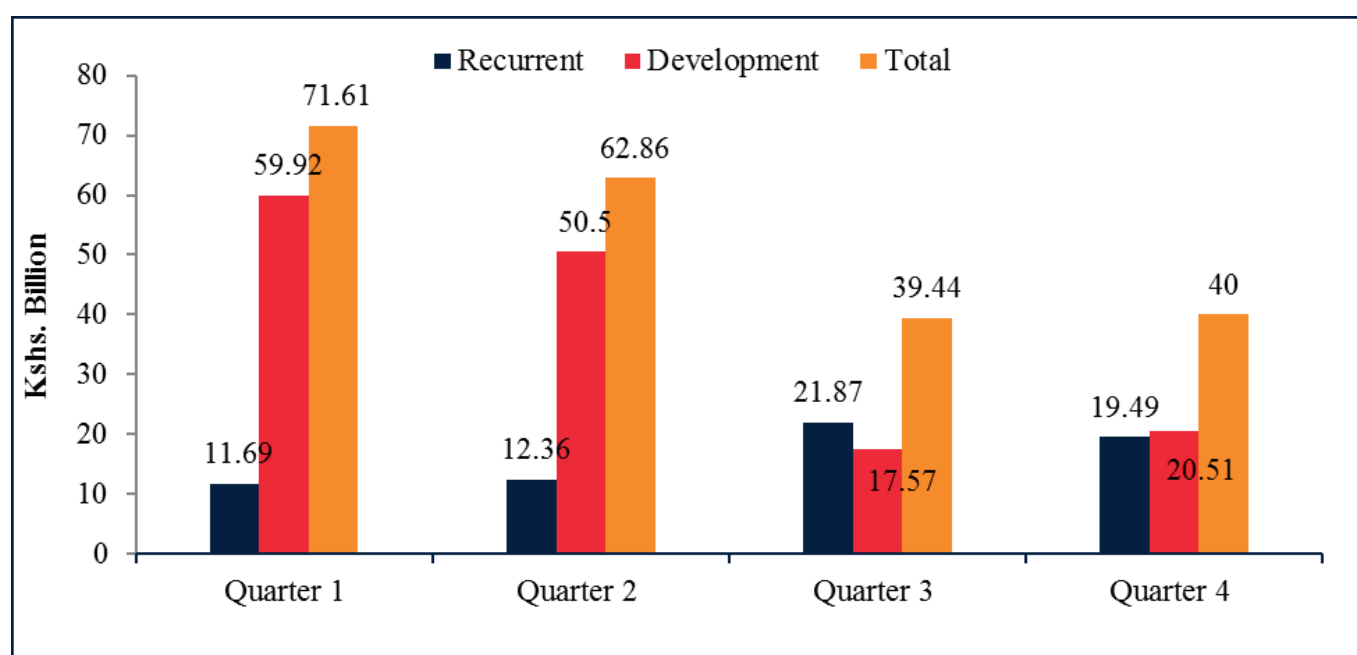

Article 223 of the Constitution sets out conditions when requests for additional funding may be permitted which include unforeseen emergencies occurring during budget implementation, lack of funding for projects in the approved budgets, amongst other factors. It has, however, been observed that several MDAs have relied on Article 223 to make requests for funds for activities that are not of an emergency nature. Therefore, this section provides an analysis of the total requests for supplementary funding, including the actual additional funds received during the period. It also highlights other issues identified during the period that can negatively impact the budget implementation process.

7.2 Analysis of Supplementary Funding to the MDAs in FY 2020/21

In the FY 2020/21, the total requests for additional funding under Article 223 of the Constitution by MDAs amounted to Kshs 213.92 billion. This amount translates to 10.9 per cent of the total MDAs approved budget of Kshs.1.96 trillion for the FY 2020/21. Under Article 223, the respective spending entities are required by law to seek the approval of Parliament for additional expenditures that had not been factored in the budget within two months after the first withdrawal of funds.

Figure 7.1 provides the distribution of additional requests by MDAs every quarter. The figure shows that the highest number of requests were recorded in the first quarter of the financial year, amounting to Kshs.71.61 billion followed by Kshs.62.86 billion recorded in the second quarter. The cumulative requests for additional funding were higher for development activities than recurrent activities across the four quarters except for the third quarter when the funding for recurrent activities was higher by Kshs.4.30 billion.

Figure 7.1: Distribution of requests for Supplementary Funding, FY 2020/21 (Kshs. Billion)

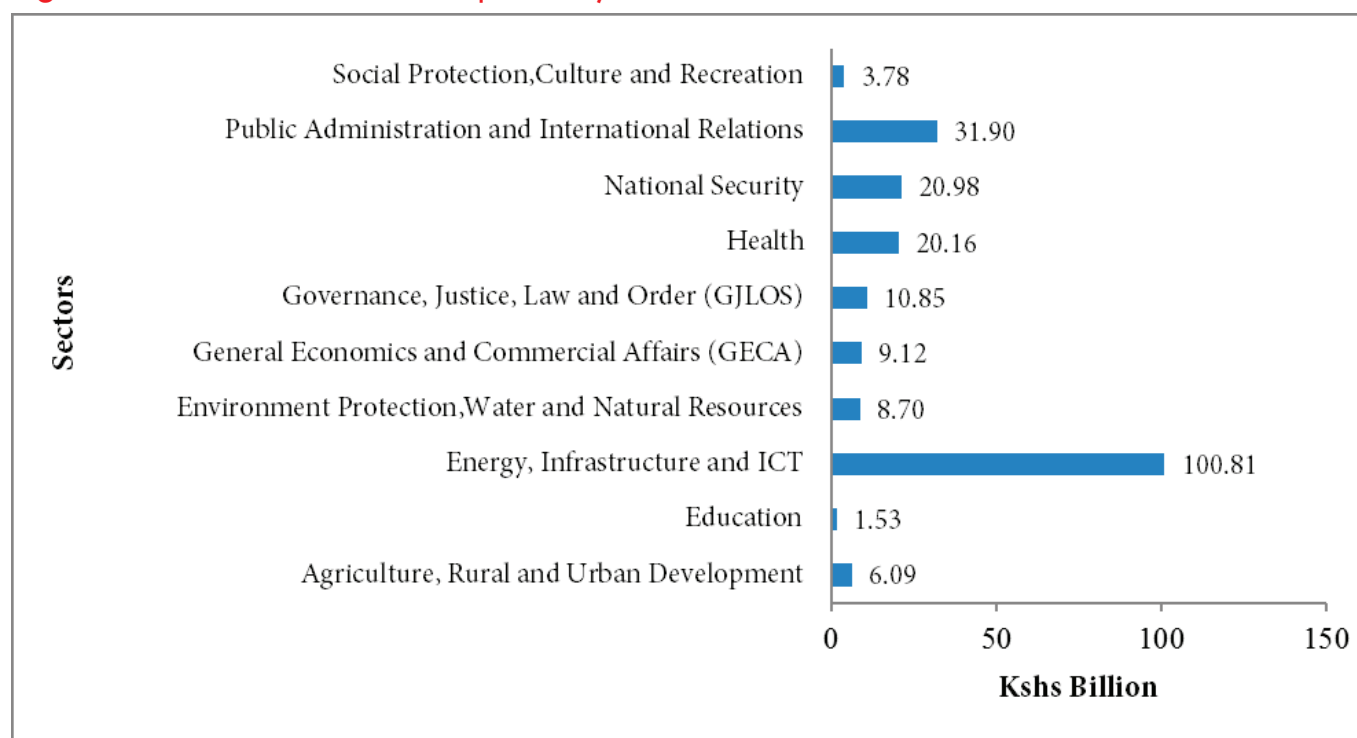

Source: National Treasury

Figure 7.2, shows that the highest requests for additional funding came from the EI&ICT Sector.

The Energy, Infrastructure and ICT (EI&ICT) Sector requested Kshs.100.81 billion (23.7 per cent of the total sector allocation), followed by the Public Administration and International Relations Sector at Kshs. 31.90 billion. The reason given for the high requests to the EI&ICT sector was to fund the government flagship projects, including the Big 4 agenda, among others.

Figure 7.2: Cumulative Requests by Sector, FY 2020/21 (Kshs. Billion)

Source: National Treasury

In the FY 2020/21, the COB approved Kshs 46.33 billion (20.1 per cent of the total requests received). The State Department for Housing and Urban Development spent the highest amount in additional funding at Kshs.8.25 billion, followed by the National Treasury at Kshs.8.20 billion. The additional funds were spent on: i) the Kazi Mtaani programme ii) bailing out the Kenya Airways iii) cash injection to operationalise the Kenya Mortgage Refinance Company, and iv) the government share subscription in Shelter Afrique Company.

Table 7.1 provides an analysis of the cumulative approvals under Article 223 of the Constitution to cater for additional expenditures to MDAs.

Table 7.1: Cumulative Supplementary Fund Approvals, FY 2020/21 (Kshs. Million)

MDAs	Programme Description	Recurrent	Development	Total
Executive Office of the President	Africa Medical Research Foundation- Health Africa	-	840.00	840.00
State Department for Interior and Citizen Services	Multi-Agency Security operations in North-Eastern Upper Eastern and North Rift Regions	2,300.00	-	2,300.00
Ministry of Defence	Kenya Shipyard, Kisumu/Mbita Port Dredging, Emergency Security Operations, and expenses for Kenya Meat Commission	4,747.17	-	4,747.17

State Department for Tourism	Payment of outstanding verified and audited pending bills	543.90	-	543.90
State Department for Wildlife	Implementation of wildlife Survey	250.00	-	250.00
State Department for Gender	Staff Salaries and statutory deductions	610.00	-	610.00
State Department for Regional and Northern Corridor Development	Staff Salaries and statutory deductions	114.61	-	114.61
Total		17,659.95	28,669.10	46,329.06

Source: National Treasury

The above analysis reveals the MDAs substantial reliance on Article 223 to access additional funding for projects after the approval of the budget, which distorts the budget allocation process.

It is evident that expenditures executed outside the approved budgets undermine the reliability of the approved budgets and, by extension, point to poor planning, which hinders the delivery of goods and services. To improve the government's performance in terms of service delivery, MDAs are urged to adhere to the approved budgets during the implementation of programmes and activities and only rely on Article 223 when a necessary unforeseen need arises within the financial year.

7.3 Effects of Continued Reliance on External Borrowing on Budget Implementation

The stock of public and publicly guaranteed debt stock increased from Kshs 6.20 trillion (65.6 percent of Gross Domestic Product) in June 2020 to Kshs 7.71 trillion (65.8 percent of Gross Domestic Product) in June 2021, representing an increase of Kshs1.51 trillion. To deal with the high debt repayment levels, the government requested and received debt relief on Kshs.77.8 billion to address the COVID-19 pandemic. The continued reliance on external borrowing has negatively impacted the government's commitment to reduce expenditures and maintain the overall borrowing within sustainable levels in line with Article 201 of the Constitution. Further, external borrowing depletes the country's foreign exchange reserves, at a time when the Kenya shilling has been unfavourably impacted.

To manage the rising public debt, the Controller of Budget recommends that the government continue rationalising expenditures on recurrent activities, especially foreign travel, and re-evaluate spending on less critical development activities. In addition, the government should explore other revenue-raising measures to enhance local revenue mobilization.

7.4 Funding of Recurrent Budget from Loans & Grants

There were instances where revenue from Loans & Grants meant to fund development activities was applied to the recurrent budget and to disbursements to Counties. The following are instances where the government applied borrowed funds towards recurrent and development budgets in the FY 2020/21.

(i) On 22nd June 2021, the National Treasury received Kshs.80.78 billion from the International Monetary Fund as a semi-concessional loan for budget support. However, the analysis of available data shows that Kshs.105.05 million from the total funds received was used to fund recurrent activities in the approved national government budget. (ii) On 30th June 2021, the government received a total of Kshs.70.17 billion from Sovereign Bond Proceeds (external borrowing) relating to the State Department for Infrastructure, the State Department for Water, Sanitation and Irrigation, the State Department for Housing, Urban Development, and the State Department for ICT & Innovation. The available data shows that the National Treasury used Kshs.18.16 billion out of the borrowed funds to support recurrent activities in the approved national government budget.

The two examples provide instances where the government contravened Article 201(c) of the Constitution and Section 15(2) (c) of the PFM Act, 2012, which states that "over the medium term, the national government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure".

To ensure adherence to the approved budgets and promote prudence in the use of public funds, the Controller of Budget recommends that the National Treasury should ensure public funds are spent in line with Article 201(c) of the Constitution and Section 15(2) (c) of the PFM Act, 2012.

8 CONCLUSION

This report sought to provide budget performance for the National Government in the FY 2020/21 covering the period July 2020 to June 2021, pursuant to Article 228 of the Constitution and Section 9 of the Controller of Budget Act. The report provided progress on budget implementation by the National Government in terms of funding, implementation of planned programmes and issues affecting budget execution.

Budget implementation in the FY 2020/21 showed resilience in the Kenyan economy in spite of the uncertain global effects of the social and economic environment caused by the spread of COVID-19 pandemic. Revenues into the Consolidated Fund Services recorded a growth of 9.3 per cent over those of FY 2019/20. The growth is attributed to sustained compliance efforts, revenue enhancement initiatives and improved voluntary compliance by taxpayers, among other initiatives by KRA. However, there is a need to widen the tax base in order to add the number of tax paying citizens especially in the informal sector.

Total exchequer issues to MDAs amounted to Kshs.2.42 trillion representing 94.82 per cent of the revised net estimates against a target 100 per cent, a growth compared to 92.8 per cent recorded in FY 2019/20. Notably, the report noted growth in exchequer issues over the FY 2019/20 except on the Consolidated Fund Services which recorded a marginal decline.

Total expenditure for the national government was Kshs.2.52 trillion representing an absorption rate of 85.4 per cent, a decline compared to 88.9 per cent recorded in the FY 2019/20. The Development budget recorded the lowest absorption at 79.5 per cent a decline from 86.2 per cent while the recurrent budget recorded an absorption rate of 87.2 per cent, a decline compared to 89.8 per cent recorded in the FY 2019/20 respectively. Decline on absorption of funds is attributed to late approval of the Supplementary Budget II towards the end of the financial year and MDAs were therefore not able to implement some of the planned activities towards the end of the year. Secondly, due to resurgence of the COVID-19, MDAs planned activities were affected by mitigation measures introduced by the government to curb its spread. Activities affected included, among others travel, trainings and hospitality which form the highest percentage of operations and maintenance expenses.

In overseeing the budget, the Controller of Budget identified key challenges and made recommendations aimed at addressing them. Although borrowing is allowed in the Constitution, the government should ensure that borrowing is used only for financing development expenditure and not for recurrent expenditure and at the minimum cost to reduce the high cost associated with debt repayment. On outstanding pending bills, all MDAs should ensure payment of pending bills is prioritised as the first charge in the FY 2021/22 in compliance with the law to avoid further accumulation of pending bills and enhance liquidity and growth of the private sector.

The Controller of Budget noted delays in submitting the quarterly reports on financial and non-financial performance by some MDAs. Failure to submit reports on time affected timely reporting and the oversight of budget implementation by various stakeholders. Accounting Officers should submit financial and non-financial performance reports to the OCOB within fifteen days following the end of each quarter to facilitate timely preparation and publication of budget implementation reports.

The Controller of Budget encourages all the relevant oversight institutions and officers in government to ensure the implementation of the recommendations herein for effective budget implementation. Eventually, collaborative effort will lead to attainment of the national development objectives and goals as envisioned in the development blue-print, Vision 2030 and the Medium -Term Plan of the “Big Four Agenda”.

ANNEXES

ANNEX I: MDAs Development Expenditure
