NATIONAL GOVERNMENT BUDGET IMPLEMENTATION REVIEW REPORT

**FIRST NINE MONTHS
FY 2021/22**

MAY, 2022

THE REPUBLIC OF KENYA
OFFICE OF THE CONTROLLER OF BUDGET

NATIONAL GOVERNMENT
BUDGET IMPLEMENTATION REVIEW REPORT

FIRST NINE MONTHS
FY 2021/22

MAY, 2022

FOREWORD

The Office of the Controller of Budget (OCoB) is established under Article 228 of the Constitution of Kenya to oversee budget implementation for both the national and county governments by approving the withdrawal of funds and reporting to each House of Parliament every four months. Precisely, Article 228(6) of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016 require the Controller of Budget (CoB) to submit to Parliament quarterly budget implementation reports for the national and county governments within thirty days after the end of each quarter.

In fulfilment of my mandate, I am pleased to present the National Government Budget Implementation Review Report (BIRR) for the first nine months of the Financial Year (FY) 2021/22, covering July 2021 to March 2022. The preparation of this report is based on the approved FY 2021/22 budget, financial and non-financial performance reports for the first nine months of the financial year as submitted by MDAs to OCoB in line with Section 83(4) of the Public Finance Management Act (PFM Act), and data extracted from the Integrated Financial Management Information System (IFMIS).

The report examines budget implementation by the National government Ministries, Departments, and Agencies (MDAs). It presents the performance analysis of the approved budget, receipts into the Consolidated fund, exchequer issues, expenditure by programmes and the absorption of funds. The report also highlights key issues that hampered budget implementation during the period and provides appropriate recommendations to address these issues. All Government Ministries, Agencies and Departments are expected to implement the applicable recommendations to ensure effective budget implementation.

It is expected that the publication of this report will help in promoting prudent use of public funds. We continue to avail information on budget implementation to members of the public to enable them to hold the duty bearers to account on public funds utilisation.

Dr. Margaret Nyakang'o, CBS

EXECUTIVE SUMMARY

This is the third quarterly National Government Budget Implementation Review Report for the FY 2021/22, covering the first nine months of the financial year to March 2022. It has been prepared in line with Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016, which requires the Controller of Budget to submit to Parliament quarterly budget implementation reports for the National and County governments.

During the reporting period, receipts into the Consolidated Fund amounted to Kshs.2.08 trillion, representing 65.3 per cent of the annual target of Kshs.3.19 trillion, a growth of compared to 63.6 per cent (Kshs.1.87 trillion) received in a similar period of FY 2020/21. Total exchequer issues to the MDAs, CFS and County Governments were Kshs.2.08 trillion, representing 67.3 per cent of the net estimates, compared to 63.4 per cent (Kshs.1.87 trillion) recorded in a similar period of FY 2020/21. Exchequer issues comprised Kshs.221.36 billion for ministerial development expenditure, recording 56.9 per cent of the net estimates, Kshs.799.01 billion for ministerial recurrent expenditure, recording 72.2 per cent of the net estimates, Kshs.838.39 billion towards Consolidated Fund Services recording 63.2 per cent of the net estimates and Kshs.216.32 billion to the County Governments, representing 68.3 per cent of the equitable shareable revenue from the national government.

The National Government's total expenditure for both development and recurrent votes in the first nine months of FY 2021/22 was Kshs.2.0 trillion, representing 61.1 per cent of the gross estimates compared to 60.0 per cent (1.83 trillion) recorded in the first nine months of FY 2020/21. Ministerial development expenditure was Kshs.317.37 billion, registering an absorption rate of 47.5 per cent compared to 48.0 per cent (Kshs.334.55 billion) recorded in a similar period of FY 2020/21, while ministerial recurrent expenditure was Kshs.931.54 billion, representing an absorption rate of 73.1 per cent compared to 64.0 per cent (Kshs.815.79 billion) recorded in a similar period of FY 2020/21. Consolidated Fund Services expenditure was Kshs.749.41 billion, representing 56.5 per cent of the printed estimates, compared to 63 per cent (Kshs.676.67 billion) incurred in the FY 2020/21. Expenditure was supported through funding by the Government exchequer issues from the Consolidated fund, Appropriations-in-Aid (A-I-A) and external resources.

An analysis of the development expenditure shows that the Capital Transfers category recorded the highest expenditure of the gross estimates at Kshs.203.88 billion, representing 64.2 per cent of the gross expenditure. Capital Transfers by the MDAs are in the form of Subsidies, Grants, or direct transfers to Semi-Autonomous Government Agencies (SAGAs), which are meant to complement the activities and mandates executed by the parent ministries.

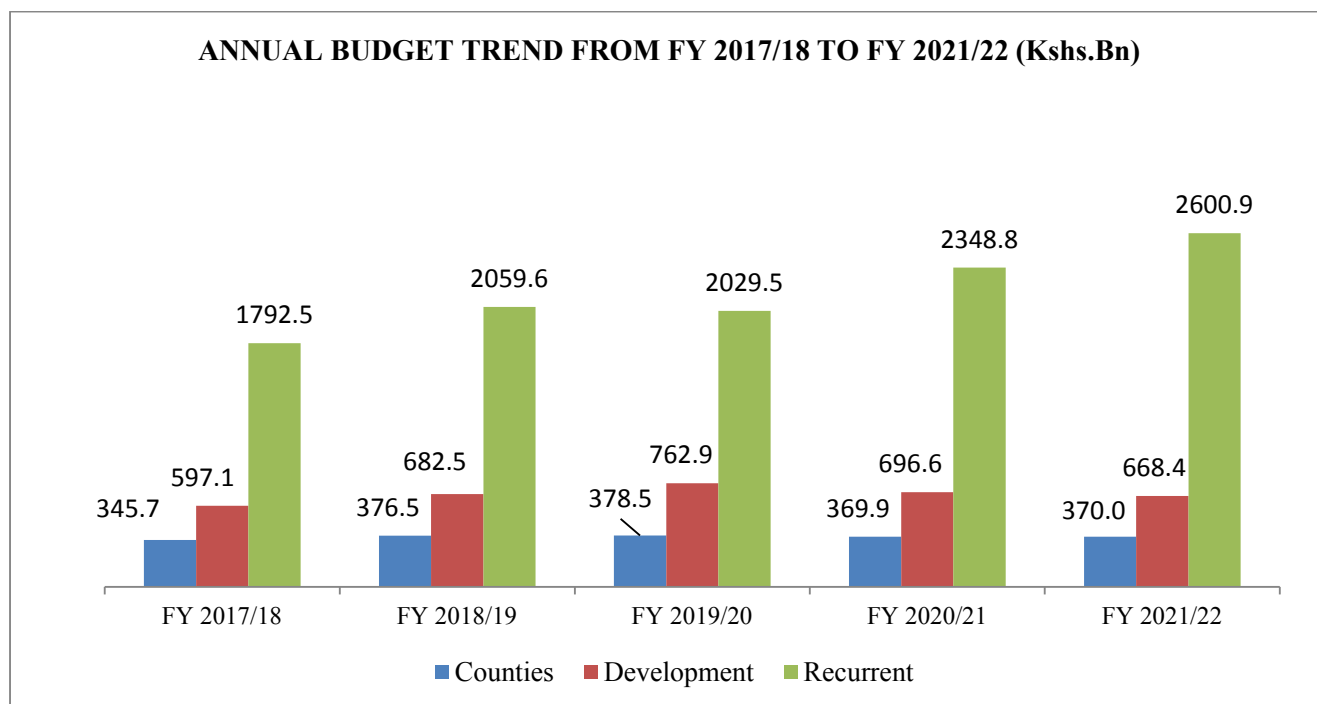

A review of the recurrent expenditure shows that Kshs.368.15 billion was spent on Compensation to Employees. This amount excludes compensation to the National Intelligence Service and Kenya Defence Forces under the Ministry of Defence, which is reported under Current Transfers due to the nature of their operations. Operations and Maintenance (O&M) expenses recorded Kshs.254.92 billion, and Current Transfers recorded Kshs.308.10 billion.

The Controller of Budget identified vital issues that hindered effective budget implementation during the reporting period, which need to be addressed by the respective stakeholders. These included use of Article 223 of the Constitution to support spending, substantial growth in public debt, low absorption of the development budget, high level of pending bills, and delays in submitting financial and non-financial performance reports by some MDAs.

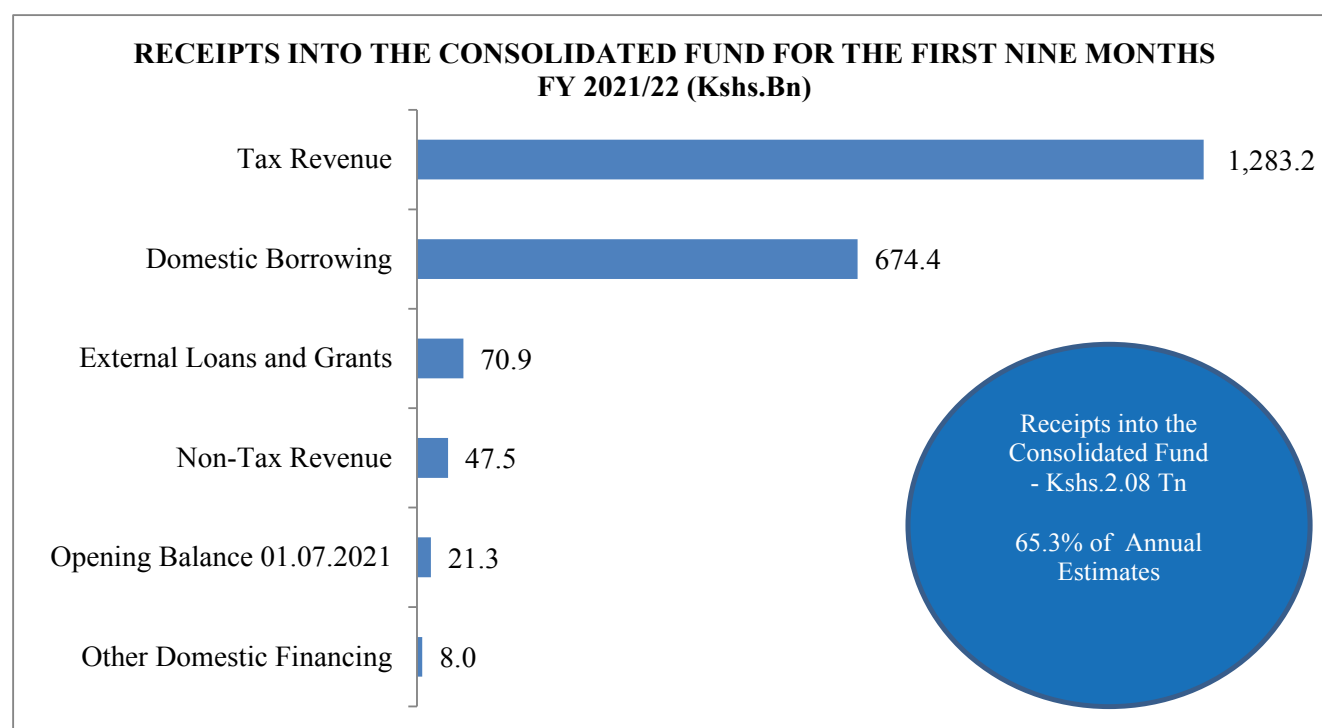

The report contains recommendations to address the issues identified. Firstly, the Controller of Budget recommends strict adherence to the law in accessing and utilizing funds under Article 223 provisions of the Constitution. Secondly, there is a need to enforce public debt policies to ensure borrowing is at a minimal cost and effective exchange rate control to reduce the high expenditure on payment of both principal and interest amount since foreign debts are denominated in foreign currency.

The absorption of the development budget stood at 47.5 per cent far below the target of 75 per cent. The Controller of Budget recommends that Accounting Officers expedite procurement processes to ensure programmes are executed in line with work plans to ensure timely implementation of development activities. To avoid further accumulation of pending bills, Accounting Officers should comply with the National Treasury Circular no.7/2019 on that requires pending bills to be treated as first charge at the beginning of the financial year. Timely payment of goods and services will enhance liquidity and increase economic activity in the country. To ensure comprehensive reporting on budget performance, Accounting Officers should submit complete financial and non-financial reports on budget performance on time, including those of their SAGAs as per Section 83 of the Public Finance Management Act, 2012 and as per the guidelines issued from time to time by the Controller of Budget.

1 INTRODUCTION

The OCoB is established under Article 228 of the Constitution of Kenya. Its primary mandate is to oversee the implementation of the budgets of the National and County Governments by authorizing withdrawals from public funds under Articles 204, 206, and 207 of the Constitution and to report on the implementation of the budgets to each House of Parliament every four months. This report fulfils the requirements of Article 228(6) of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016, by presenting progress on the budget implementation by the National Government in the first nine months of the FY 2021/22.

The report is presented in six chapters. Chapter one is the introduction. Chapter two summarises receipts into the Consolidated Fund and exchequer issues to fund both National and County governments from the Consolidated Fund as approved by the Controller of Budget. Chapter three presents the overall budget performance in the first nine months of FY 2021/22, including expenditure disaggregated into significant budget items for ministerial development and recurrent budget. It also provides Consolidated Fund Services performance comprising of Public debt, Pension and gratuities, Salaries and Allowances to Constitutional Officeholders, and pending bills status for the national government as of 31st March 2022.

Chapter four presents the financial and programme performance of the sixty-seven (67) MDAs, which are grouped under ten sectors aligned to MDAs' functions. Budget performance includes exchequer issues to net estimates and actual expenditure to gross estimates presented as a percentage of the annual estimates (absorption rate). The gross estimate is the printed allocations to the MDAs, which includes funding by the Government and external resources, which may be in the form of Appropriations-in-Aid (A-I-A) or revenue either as a loan or grant. Net estimates present financing by the government through the national exchequer.

The ten sectors according to the Classification of the Functions of the Government include (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environment Protection, Water and Natural Resources (EWNRR), (v) General Economic and Commercial Affairs (GECA), (vi) Governance, Justice, Law and Order (GJLO), (vii) Health, (viii) National Security, (ix) Public Administration and International Relations (PAIR), (x) Social Protection, Culture and Recreation (SPCR), sector.

Chapter five presents key issues that the Controller of Budget identified to be hampering effective budget implementation in the first nine months of the FY 2021/22. The chapter also makes recommendations to address the issues that inhibit efficient budget implementation. Chapter six provides the conclusion to the report.

Annexes support the chapters. A PDF version is available on the COB website, <https://cob.go.ke>

2 ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1 Introduction

This chapter summarises the receipts into the Consolidated Fund and exchequer issues in the first nine months of the FY 2021/22. Exchequer issues comprise disbursements by the National Treasury towards development expenditure, recurrent expenditure and transfers to the forty-seven counties.

2.2 Analysis of Revenue Estimates and Receipts into the Consolidated Fund

This section summarises the revenue estimates and receipts into the Consolidated Fund in the first nine months of FY 2021/22. The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and is the account into which all money raised or received by or on behalf of the National government is paid. It excludes monies reasonably excluded by an Act of Parliament and payable into other public funds established for a specific purpose or is retained by the State organ that received it to defray its expenses.

2.2.1 FY 2021/22 Revenue Estimates

The revenue estimates for the FY 2021/22 amount to Kshs.3.19 trillion, an increase compared to Kshs.2.83 trillion budgeted in the FY 2020/21. To finance the budget, the government, through the National Treasury, budgeted to raise revenue from various sources, which include: Tax revenue (Kshs.1.71 trillion), Non-tax revenue (Kshs.68.19 billion), Domestic borrowing (Kshs.1.01 trillion), External Loans and Grants (Kshs.379.66 billion) and other Domestic financings at Kshs.29.29 billion.

2.2.2 Receipts into the Consolidated Fund

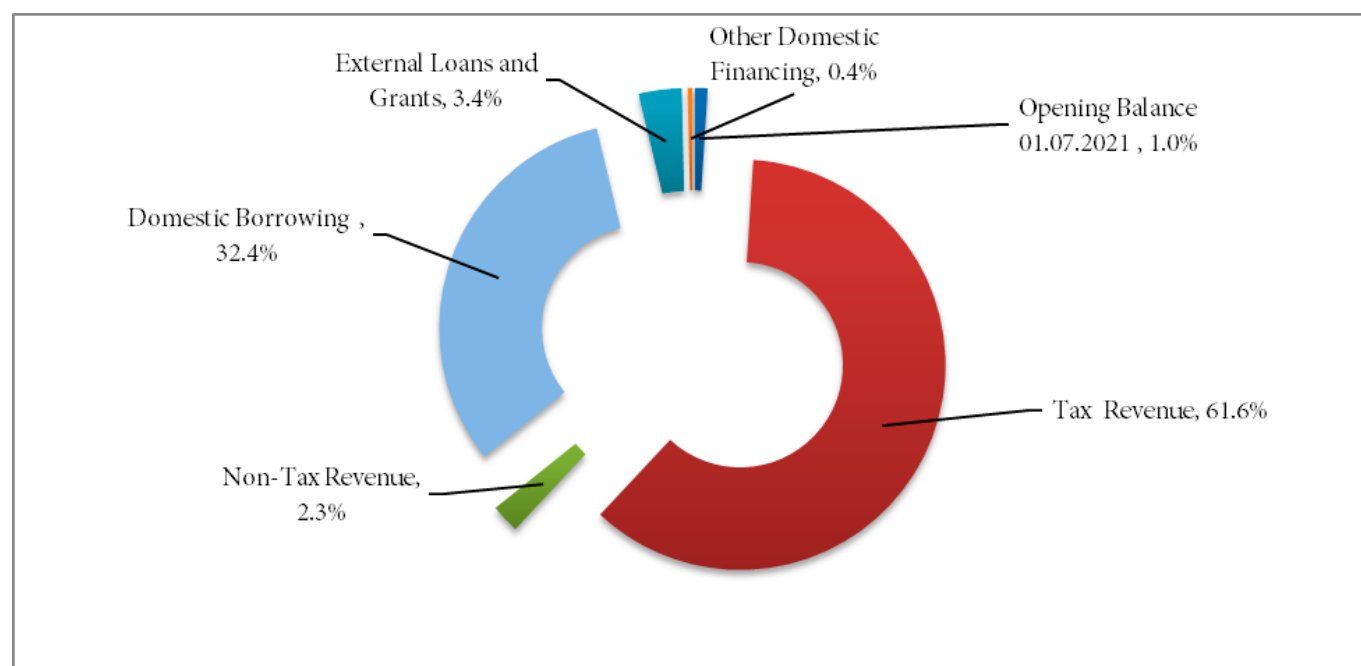

In the first nine months of the FY 2021/22, receipts into the Consolidated Fund was Kshs.2.08 trillion, representing 65.3 per cent of the annual target, an increase compared to Kshs.1.87 trillion (63.6 per cent of the yearly target) recorded in a similar period of the FY 2020/21. The receipts comprised opening balances from the previous financial year (FY 2020/21), Tax and Non-Tax Revenue, Domestic borrowing, External Loans and Grants, and Other Domestic Financing. Table 2.1 presents the statement of receipts into the Consolidated Fund in the first nine months of FY 2021/22.

Table 2.1: Statement of Receipts into the Consolidated Fund

Receipts Category	Revenue Estimates	Actual Receipts as of 31 st March 2022	Performance Against Annual Target (%)	Contribution by Category (%)
Opening Balance 01.07.2021	-	21,280,300,708.00	-	1.0
Tax Revenue	1,707,432,569,865.77	1,283,179,052,094.95	75.2	61.6
Non-Tax Revenue	68,191,603,994.11	47,513,819,470.12	69.7	2.3
Domestic Borrowing	1,008,428,584,928.72	674,416,530,731.30	66.9	32.4
External Loans and Grants	379,659,517,890.95	70,863,304,321.55	18.7	3.4
Other Domestic Financing	29,292,582,362.45	8,041,288,132.45	27.5	0.4
Total Receipts	3,193,004,859,042.00	2,084,013,994,750.37	65.3	100.0

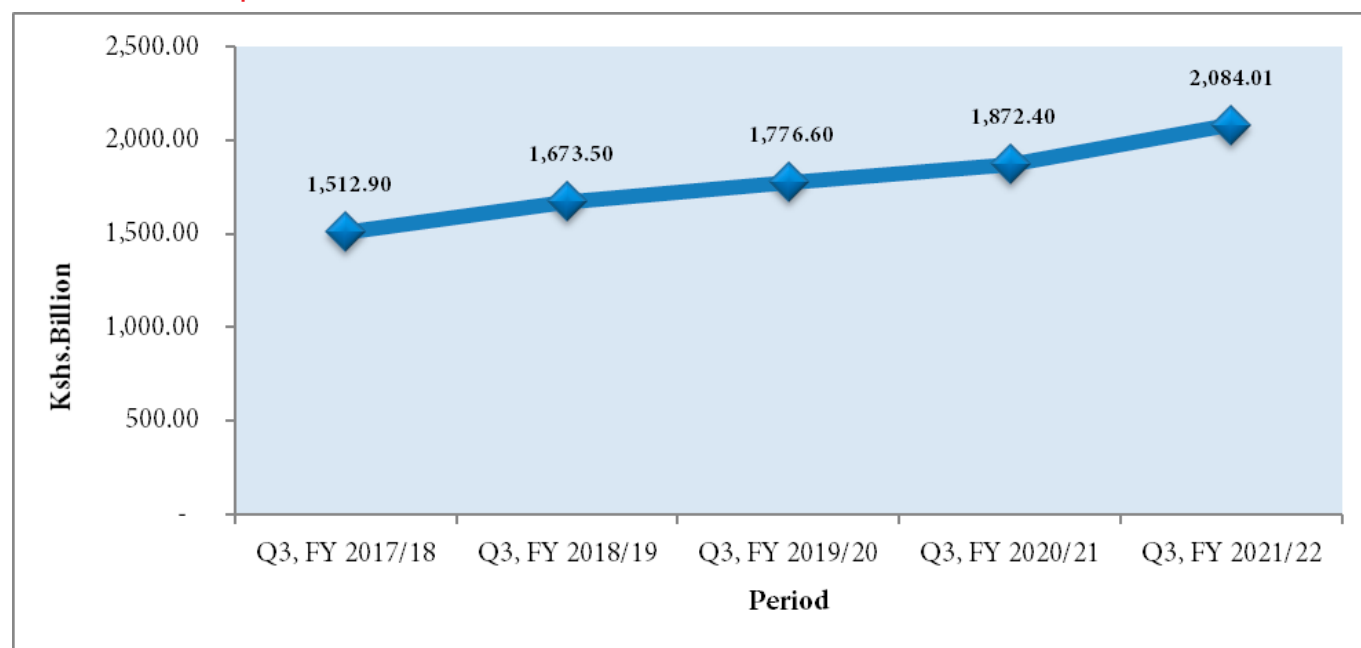

Source: National Treasury

The tax revenue category contributed the highest proportion to total receipts at 61.6 per cent, as shown in Figure 2.1.

Figure 2.1: Contribution by Source to the Consolidated Fund

Source: National Treasury

Figure 2.2 shows the trend of receipts into the Consolidated Fund for the first nine months over five years from FY 2017/18 to FY 2021/22.

Figure 2.2: Receipts into the consolidated fund for the first nine months of the period between FY 2017/18 to FY 2021/22

Source: National Treasury

Trend analysis as shown in Figure 2.2 indicates growth in receipts in the first nine months of FY 2021/22 compared to a similar period in FY 2020/21, attributed to improved ordinary revenue collection and increased domestic borrowing.

2.3 FY 2021/22 Overall Budget

The approved gross budget for the FY 2021/22 amounted to Kshs.3.64 trillion, comprising Kshs.668.38 billion for development expenditure, Kshs.2.60 trillion for recurrent expenditure, and Kshs.370 billion to County Governments as shareable revenue from the national government, growth compared to Kshs.3.29 trillion approved in FY 2020/21.

2.4 Exchequer Issues by the National Treasury

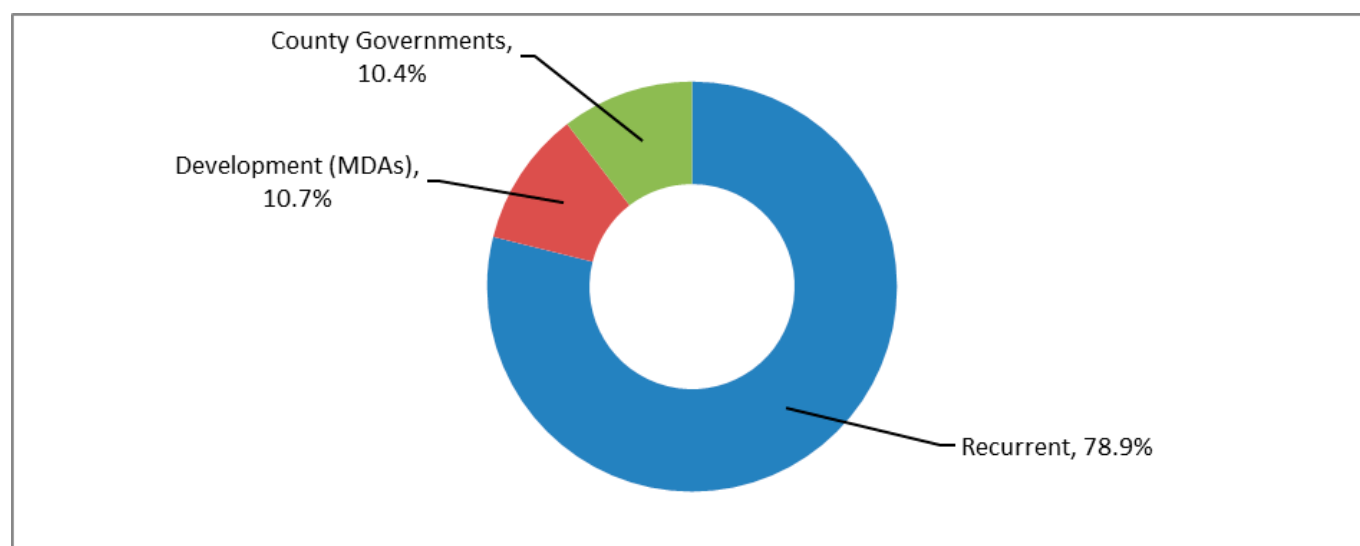

In the first nine months of the FY 2021/22, total exchequer issues to MDAs and County governments amounted to Kshs.2.08 trillion, representing 73.1 per cent of the net estimates, compared to Kshs.1.87 trillion or 63.7 per cent of exchequer issues to net estimates issued in a similar period FY 2020/21. Table 2.2 summarises the exchequer issues in the first nine months of FY 2021/22.

Table 2.2: Summary of Exchequer Issues

Vote	First Nine Months, FY 2021/22 (Kshs. Bn)					First Nine Months, FY 2020/21 (Kshs. Bn)				
	Gross Estimates	Net Estimates	Exchequer Issues	% of Exch. Issues to net Estimates	% of Exchequer issues to total Issues	Gross Estimates	Net Estimates	Exchequer Issues	% of Exch. Issues to Net Estimates	% of Exchequer issues to total Issues
Recurrent	2,600.85	2,433.78	1,637.40	67.3	78.9	2,348.83	2,158.09	1,479.97	68.6	79.3

Source: National Treasury & OCOB

Further analysis from Table 2.2 shows that the ministerial recurrent expenditure vote received the highest percentage of exchequer issues to net estimates at 72.2 per cent. In comparison, the Development received the lowest at 56.9 per cent. The highest proportion went to recurrent vote at 78.9 per cent, while the County Government's vote received the lowest at 10.4 per cent. Figure 2.3 illustrates the proportion of exchequer issues by Vote in the first nine months of FY 2021/22.

Figure 2.3: Proportion of Exchequer Issues by Vote

Source: National Treasury

2.5 Exchequer Issues by Sector.

MDAs are classified into ten sectors according to the Classification of Functions of Government (COFOG), which is designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability across sectors. The ten sectors are (i) Agriculture, Rural and Urban Development, (ii) Education (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

In the first nine months of the FY 2021/22, exchequer issues to MDAs amounted to Kshs.1.02 trillion, representing 68.2 per cent of the net estimates, a growth compared to 60.8 per cent (Kshs.902.78 billion), recorded in a similar period of FY 2020/21. Table 2.3 summarises the sector's exchequer issues in the first nine months of FY 2021/22.

Table 2.3: Exchequer Issues by Sector

Sector	First Nine Months, FY 2021/22 (Kshs. Bn)				First Nine Months, FY 2020/21 (Kshs. Bn)			
	Gross Estimates	Net Estimates	Exchequer Issues	Exchequer Issues as % of Net estimates	Gross Estimates	Net Estimates	Exchequer Issues	Exchequer Issues as % of Net estimates

The National Security sector received the highest proportion of exchequer issues to net estimates at 81.0 per cent, while the ARUD sector received the lowest exchequer issues at 41.9 per cent.

2.5.1 Development Exchequer Issues by Sector

In the FY 2021/22, the gross allocation to the development budget was Kshs.668.38 billion, representing 34.0 per cent of the gross ministerial budget, compared to Kshs.696.57 billion allocated in the FY 2020/21. Further analysis shows that development expenditure received 18.4 per cent of the gross national budget. Table 2.4 shows sectoral development gross estimates and exchequer issues in the first nine months of the FY 2021/22

Source: National Treasury

Total development exchequer issues in the first nine months of the FY 2021/22 amounted to Kshs.221.36 billion, representing 56.9 per cent of the net estimates, a growth compared to 45.9 per cent (Kshs.184.3 billion) in a similar period of FY 2020/21. Analysis of exchequer issues towards development expenditure by sector shows that the National Security sector received the highest proportion of exchequer issues to net estimates at 92.5 per cent. In comparison, the ARUD sector received the lowest at 31.1 per cent. Table 2.5 shows development issues to the MDAs under each of the ten sectors in the first nine months of the FY 2021/22.

2.5.2 Recurrent Exchequer Issues by Sector

In the FY 2021/22, the gross ministerial recurrent budget amounted to Kshs.1.273 trillion, representing 65.6 per cent of the ministerial budgetary allocation, compared to Kshs.1.275 trillion allocated in the FY 2020/21. Further analysis shows that ministerial recurrent expenditure allocation was 35 per cent of the gross national budget. Table 2.6 shows the sectorial recurrent estimates and exchequer issues in the first nine months of FY 2021/22.

Table.2.6: Sectoral Recurrent Estimates and Exchequer issues

Source: National Treasury & OCOB

Total exchequer issues towards recurrent ministerial expenditure in the first nine months of the FY 2021/22 amounted to Kshs.799.01 billion, representing 72.2 per cent of the net estimates, compared to 66.3 per cent (Kshs.718.48 billion) recorded in a similar period, FY 2020/21.

A review of recurrent exchequer issues in the period under review shows that the EI & ICT sector received the highest percentage of exchequer issues at 107.7 per cent. In comparison, the SPCR sector received the lowest proportion at 49.7 per cent. The EI&ICT sector record of 107.7 per cent is attributed to the additional fund to the Ministry of Petroleum and Mining under Article 223 of the Constitution to cater for oil price stabilisation by the government. Table 2.7 shows recurrent issues to the MDAs in each of the ten sectors in the first nine months of FY 2021/22.

2.5.3 Exchequer Issues to the Consolidated Fund Services

The CFS comprises funds allocated towards (i) Repayment of Public Debt (domestic and foreign) and government-guaranteed loans to parastatals, (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Officeholders and Miscellaneous Services, and (iv) Subscriptions to International Organizations.

The allocation to CFS in FY 2021/22 amounted to Kshs.1.33 trillion, representing 36.5 per cent of the gross national budget, an increase compared to Kshs.1.07 trillion allocated in FY 2020/21 is attributed to growth in Public debt and Pensions and gratuities allocations. Table 2.8 shows the exchequer issues to CFS in the first nine months of FY 2021/22.

Table 2.8: CFS Budgetary Allocation and Exchequer Issues

CFS Category	First nine months, FY 2021/22 (Kshs. Million)			First nine months, FY 2020/21 (Kshs. Million)		
	Printed Estimates	Exchequer Issues	% of Exchequer to Net estimates	Printed estimates	Exchequer Issues	% of Exchequer to Net estimates
Public Debt	1,169,165.03	740,685.78	63.4	958,402.99	699,487.73	73.0
Pensions and Gratuities	153,639.59	95,412.39	62.1	111,142.48	60,046.87	54.0
Salaries, Allowances & Miscellaneous Services (SAM)	4,414.94	2.3	51.9	4,167.41	1,958.83	47.0
Subscriptions to International Organizations	0.50	-	-	0.50	-	-
Total	1,327,220.07	838,389.71	63.2	1,073,713.38	761,493.43	70.9

Source: National Treasury and OCOB

In the first nine months of the FY 2021/22, exchequer issues to CFS was Kshs.838.4 billion, representing 63.2 per cent of the net estimates, compared to 70.9 per cent (Kshs.761.49 billion), recorded a similar period FY 2020/21. Public Debt received the highest proportion of exchequer issues to net estimates at 63.4 per cent, while SAM had the lowest at 51.9 per cent.

2.5.4 Exchequer Issues Under Article 223

Article 223 of the Constitution allows the MDAs to access additional funding during the budget implementation process. Nonetheless, Article 223 (5) limits this access to ten per cent of the sum appropriated by Parliament for that financial year unless in exceptional circumstances where Parliament has approved a higher percentage.

During the reporting period, the total exchequer request under Article 223 amounted to Kshs.44.0 billion, or 1.4 per cent of the gross budget estimates, comprising Ksh.19.34 for recurrent and Kshs.24.66 billion for development expenditure.

Clause 2 of Article 223 requires the approval of Parliament for any spending under this Article to be sought within two months after the first withdrawal of the money, subject to clause 3. If Parliament is not sitting or adjourns before the approval, the approval shall be sought within two weeks in the next sitting. The first request under Article 223 was made on 30th August 2021, and Supplementary Budget I was approved at the end of March 2022, therefore, meaning that the requests for withdrawal under Article 223 made from August 2021 to January 2022 were not approved by Parliament within the timeline anticipated under Clause 2 of Article 223 of the Constitution.

3 OVERALL BUDGET PERFORMANCE

3.1 Introduction

This chapter presents expenditure analysis for the FY 2021/22 for development and recurrent expenditure by the National and County Governments. The Consolidated Fund Services (CFS) is discussed under recurrent expenditure and provides information on Public debt, Pensions, and Gratuities, as well as Salaries and Allowances to Constitutional Office holders and Miscellaneous services. The chapter also presents expenditure breakdown by budget items for the development and recurrent votes.

3.2 Overall Government Budget Performance

The gross national budget for the FY 2021/22 was Kshs.3.64 trillion, comprised of Kshs.1.27 trillion for MDAs' recurrent expenditures, and Kshs.668.38 billion for MDAs development expenditure, Kshs.1.33 trillion for CFS and Kshs.370 billion as equitable share to the Counties. The budget is to be financed through revenue at Kshs.2.04 trillion (includes Appropriations-in-Aid), Grants at Kshs.62 billion and the deficit of Kshs.929.7 billion (to be funded by net foreign and domestic financing at Kshs.271.2 billion and Kshs.658.5 billion respectively) and redemptions of Kshs.608.9 billion. Table 3.1 shows the overall budget performance of the National government and County governments.

Table 3.1: Overall Budget Performance

Notes

The CARA 2021 allocated Kshs.370 billion to the County Governments as the equitable share.

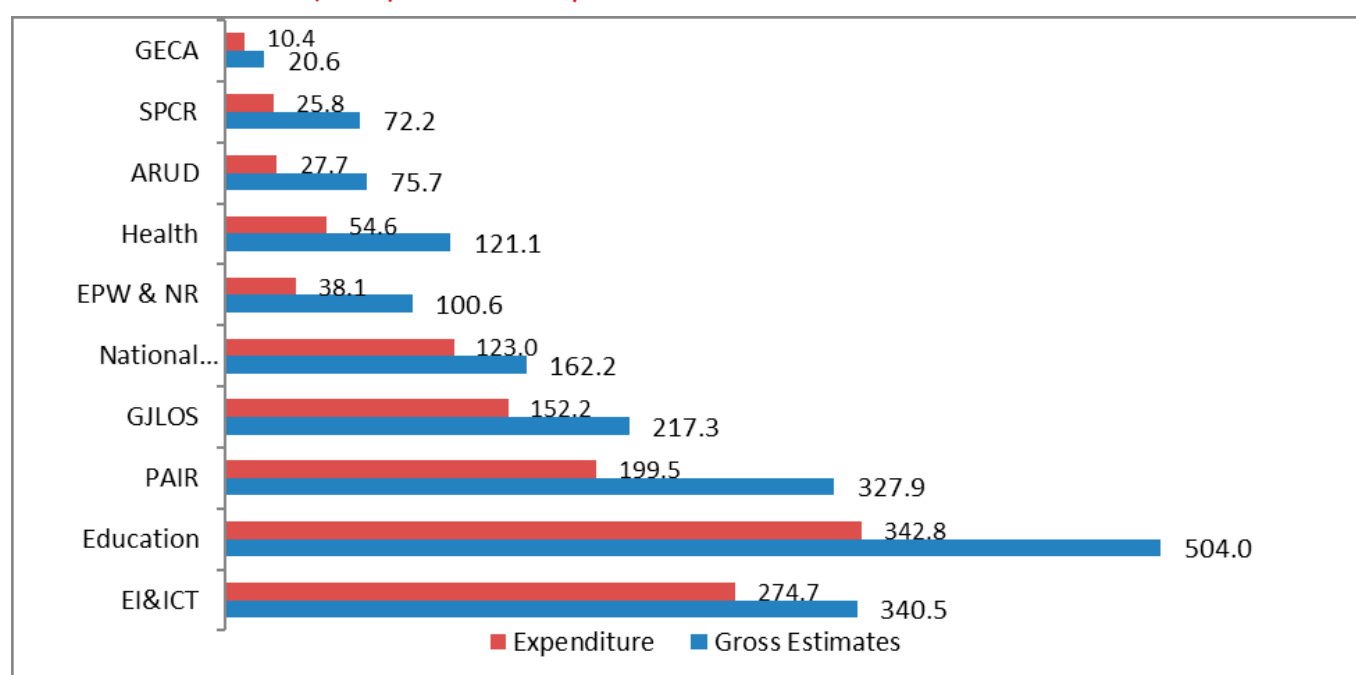

*Revised gross County Governments budget for the FY 2021/22 amounted to Kshs.528.54 billion, and the expenditure was Kshs.257.12 billion, representing an absorption rate of 48.6 per cent, an improvement compared to 44.2 per cent recorded in a similar period, FY 2020/21.

The total funding available in the first nine months of the FY 2021/22 was Kshs.2.08 trillion, representing 65.3 per cent of the net estimates, compared to 63.7 per cent recorded in a similar period in FY 2020/21. The exchequer issues comprised Kshs.221.36 billion (56.9 per cent) for ministerial development expenditure,

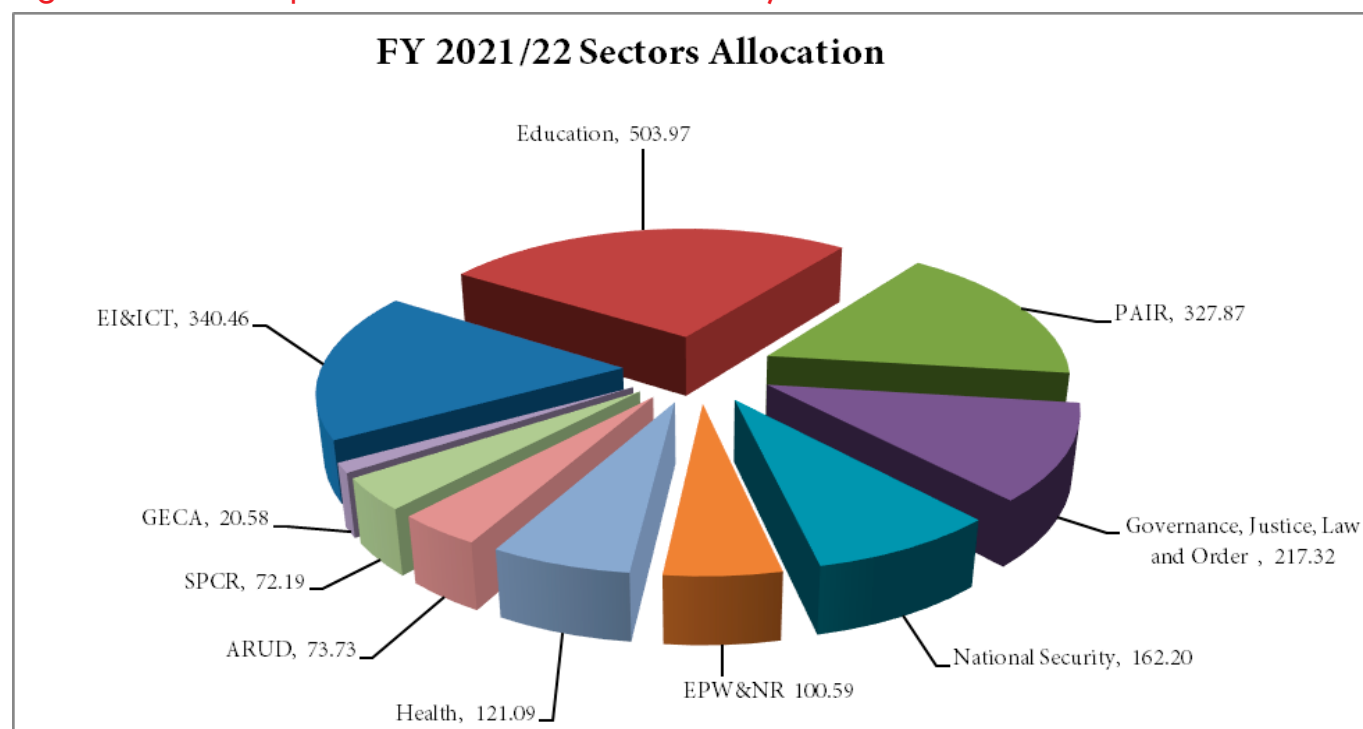

Kshs.1.64 trillion for recurrent expenditure (67.3 per cent), and Kshs.216.32 billion for the counties (58.5 per cent). Gross expenditure for both the National and County Governments was Kshs.2.26 trillion, recording an absorption rate of 59.4 per cent, compared to 60 per cent recorded in a similar period of FY 2020/21.

National government gross expenditure amounts to Kshs.2.00 trillion, comprising of development expenditure at KShs.317.30 billion (absorption rate of 47.5 per cent), MDAs recurrent expenditure at Kshs.924.26 billion (absorption rate of 72.6 per cent) and Consolidated Fund Services at Kshs.749.4 billion (56.5 per cent). Gross expenditure for county governments amounted to Kshs.257.12 billion, recording an absorption rate of 48.6 per cent. This comprised development expenditure amounting to Kshs.44.30 billion (absorption rate of 22.3 per cent and recurrent expenditure at Kshs.212.82 billion, recording an absorption rate of 64.6 per cent. Figure 3.1, 3.2, and 3.3 compares annual budget allocations and spending by sector in the first nine months of FY 2021/22.

3.3 Consolidated Fund Services Budget Performance

Budget allocation to the CFS in the FY 2021/22 amounted to Kshs.1.33 trillion, representing 36.6 per cent of the gross national budget, compared to Kshs.1.07 billion allocated in the FY 2020/21. Table 3.2 summarises the CFS implementation status in the first nine months of FY 2021/22.

Table 3.2: CFS Budget Performance

CFS Category	Gross Estimates Kshs. Million	Exchequer Issues Kshs. Million	Cumulative Ex- penditure Kshs. Million	Expenditure as % of Gross estimates
Public Debt	1,169,165.03	740,685.78	651,731.00	55.7
Pensions and Gratuities	153,639.59	95,412.39	95,412.39	62.1
Salaries & Allowances and Miscellaneous Services	4,414.94	2,291.53	2,268.95	51.4
Subscriptions to International Organizations	0.5	-	-	-
Total	1,327,219.56	838,389.71	749,412.35	56.5

Source: National Treasury

Total CFS expenditure in the period under review amounted to Kshs.838.39 billion, representing 56.5 per cent of the CFS gross estimates, compared to Kshs.676.67 billion (63 per cent) recorded in a similar period, FY 202/21. There was an overall growth in CFS payments over the period.

3.3.1 Public Debt

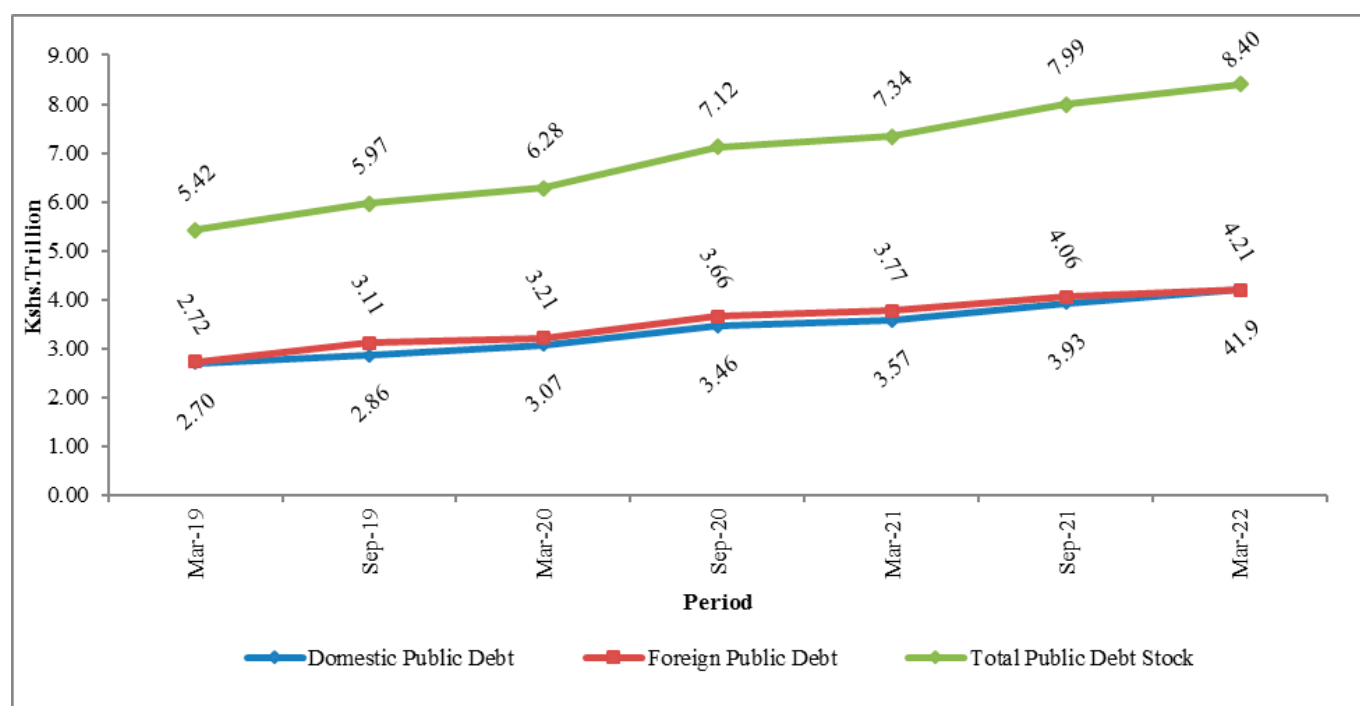

As of 31st March 2022, the Public debt stock stood at Kshs.8.40 trillion, comprising 50.1 per cent due to external lenders and 49.9 per cent due to domestic lenders. Table 3.3 represents the public debt position as of 31st March 2022.

Table 3.3: Overall Public Debt Position as of 31st March 2022

Category	Amount (Kshs. Million)	Percentage (%)
External Debt		
Bilateral	1,171,827	13.9
Multilateral	1,817,326	21.6
Commercial Banks	1,208,247	14.4
Suppliers Credits	12,344	0.1
Sub-Total External Debt	4,209,743	50.1
Domestic Debt

Non-bank	2,087,325	24.8
Others (Non-residents)	30,963	0.4
Sub-Total Domestic	4,192,352	49.9
Grand Total	8,401,913	100

Source: National Treasury

Public debt recorded a 14.6 per cent growth from Kshs.7.34 trillion reported as of 31st March 2021. Figure 3.4 shows the trend in public debt stock from 31st March 2019 to 31st March 2022.

Figure 3.4: Trend in Public Debt Stock

Source: National Treasury

The allocation towards servicing the public debt in the FY 2021/22 amounted to Kshs.1.17 trillion, representing 88.1 per cent of the CFS budgetary allocation, compared to Kshs.958.40 billion allocated in the FY 2020/21. This comprised Kshs.608.90 billion for loan redemptions and Kshs.560.26 billion for interest payments. Redemptions comprised Kshs.262.09 billion and Kshs.346.81 billion for external and domestic debt, respectively, while interest payments comprised Kshs.138.36 billion and Kshs.421.90 billion for external and domestic debt, respectively.

Total expenditure on Public debt during the reporting period amounted to Kshs.651.73 billion, representing 55.7 per cent of the gross estimates, compared to Kshs.614.69 billion (64.1 per cent) recorded in a similar period, FY 2020/21, attributed mainly to increased interest payments for external and domestic debt compared to Kshs.425.09 billion recorded in a comparable period of FY 2020/21. This expenditure comprised Kshs.226.64 billion towards principal redemption and Kshs.425.09 billion towards interest payments. External debt servicing amounted to Kshs.237.58 billion, consisted Kshs.144.72 billion for principal payment and Kshs.92.86 billion for interest payment. The total domestic debt payment was Kshs.414.15 billion, consisted Kshs.81.92 billion and Kshs.332.23 billion for principal and interest payments, respectively.

3.3.2 Overdraft Facility

The overdraft facility is a temporary source of funds mainly to fund the deficit in payments of domestic debt instruments such as the matured Treasury Bills. Government overdraft which is administered through the Central Bank of Kenya (CBK), is restricted to a maximum of five per cent of the most recently audited revenues and is expected to be paid off by the end of the financial year as specified in Section 15 (3) of the PFM Act.

The overdraft limit for FY 2021/22 stands at Kshs.75 billion and is charged an interest rate of 7 per cent per annum on the amount outstanding at the end of each month. In the first nine months of the reporting period, the total charge on the overdraft facility was Kshs.1.37 billion, as shown in Table 3.4.

Table 3.4: Charges on Overdraft Facility by month in the First Nine Months of the FY 2021/22

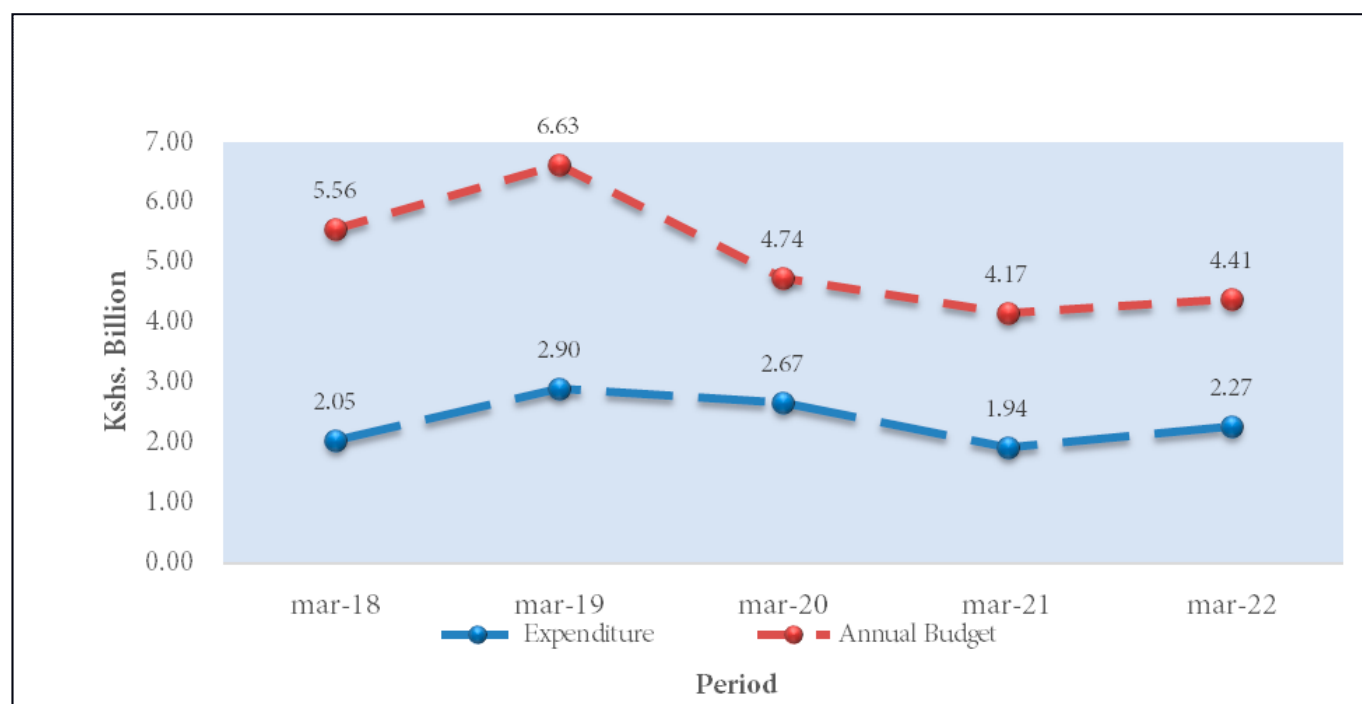

Month, Year	Amount in Kshs.
July 2021	228,127,202.45
August 2021	74,242,960.60
September 2021	15,175,123.45
October 2021	52,817,775.95
November 2021	185,353,369.45
December 2021	204,001,593.85
January 2022	217,443,088.40
February 2022	146,435,516.50
March 2022	249,629,512.15
Total	1,373,226,142.80

Source: National Treasury

3.3.3 Salaries and Allowances and Miscellaneous Services

The allocations for salaries and allowances for constitutional officeholders and miscellaneous services in the FY 2021/22 amounted to Kshs.4.41 billion, a growth of 5.8 per cent compared to the allocation of Kshs.4.17 billion allocated in the FY 2020/21.

The total expenditure towards this vote in the period under review amounts to Kshs.2.27 billion, representing 51.4 per cent of the gross estimates, compared to Kshs.1.94 billion (46.5 per cent) recorded in a similar period of FY 2020/21. Figure 3.4 shows the trends in budgetary allocations and expenditure for salaries, allowances, and miscellaneous services from 31st March 2018 to 31st March 2022.

Figure 3.5: Trend in Salaries, Allowances, and Miscellaneous Services

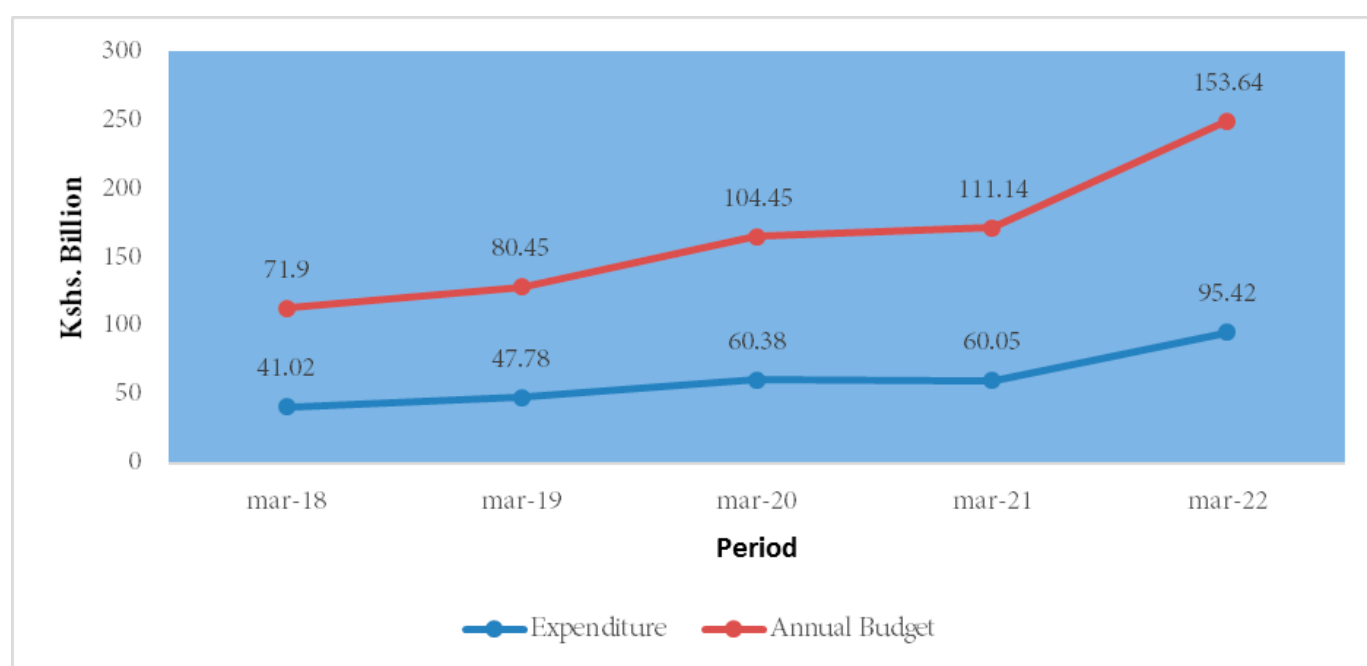

Source: National Treasury

3.3.4 Pensions and Gratuities

The allocation for Pensions and gratuities for the FY 2021/22 amounted to Kshs.153.64 billion, comprised of Ordinary Pensions of Kshs.62.43 billion, Commuted Pensions and Gratuities of Kshs.70.14 billion, Other Pension Schemes of Kshs.92.10 million and Public Service Superannuation Scheme at Kshs.20.83 billion. Overall, the allocation increased compared to Kshs.111.14 billion allocated in FY 2020/21.

Total payments towards Pensions and Gratuities in the first nine months of the FY 2021/22 amounted to Kshs.95.41 billion, representing 62.1 per cent of the gross estimates, compared to Kshs.60.05 billion, representing 54 per cent recorded in a similar period of FY 2020/21. This includes Kshs.18.49 billion towards public service superannuation. Figure 3.5 shows the trend in Pensions and gratuities performance from 31st March 2018 to 31st March 2022.

Figure 3.6: Trend in Pensions and Gratuities Performance as of 31st March 2018 to 31st March 2022

3.4 Ministries, Department, and Agencies Expenditure Analysis.

3.4.1 Introduction

This section analyses MDAs expenditure by significant budget items for development and recurrent activities in the first nine months of the FY 2021/22. Development expenditure is analysed by the main budget items, including Capital Transfers to SAGAs, Civil Works and Construction of Residential and Non-Residential Buildings, Refurbishment of Buildings/infrastructure, Purchase of Specialized Plant, Equipment, and Machinery, and Pre-Feasibility studies. In contrast, the others are presented under aggregated expenses.

Recurrent expenditure analysis is based on main budget items, namely Compensation to Employees, Operations and Maintenance (O&M), and Current Transfer to SAGAs. O&M is further disaggregated into the various budget items expenditure, including Travelling, Printing and Advertising, Rentals and Rates for Non-Residential Buildings, Training, Hospitality, Maintenance Expenses for motor vehicles, and other assets, while the rest are presented under aggregated expenses.

3.4.2 Ministries, Departments, and Agencies Development Expenditure Analysis

In the FY 2021/22, gross allocations towards Ministerial development activities amounted to Kshs.668.38 billion compared to Kshs.705.93 billion allocated in FY 2020/21. Gross ministerial development expenditure in the first nine months of the FY 2021/22 amounted to Kshs.317.30 billion, recording an absorption rate of 47.5 per cent, compared to 47.4 per cent (Kshs.334.55 billion), recorded in a similar period FY 2020/21. Table 3.5 shows the breakdown of development expenditure by MDAs in the first nine months of FY 2021/22.

Table 3.5: Breakdown of Development Expenditure by MDAs (Kshs. Million)

Source: MDAs and National Treasury

Analysis of MDAs' development expenditure by budget items shows that the highest spending by category was on Capital Transfers by MDAs at Kshs.203.88 billion, representing 64.2 per cent of the gross development expenditure. Capital Transfers by the MDAs may be in the form of subsidies, grants or direct transfers to SAGAs, which are meant to complement activities and mandates executed on behalf of parent ministries. A summary of the Capital Transfers is annexed to this report.

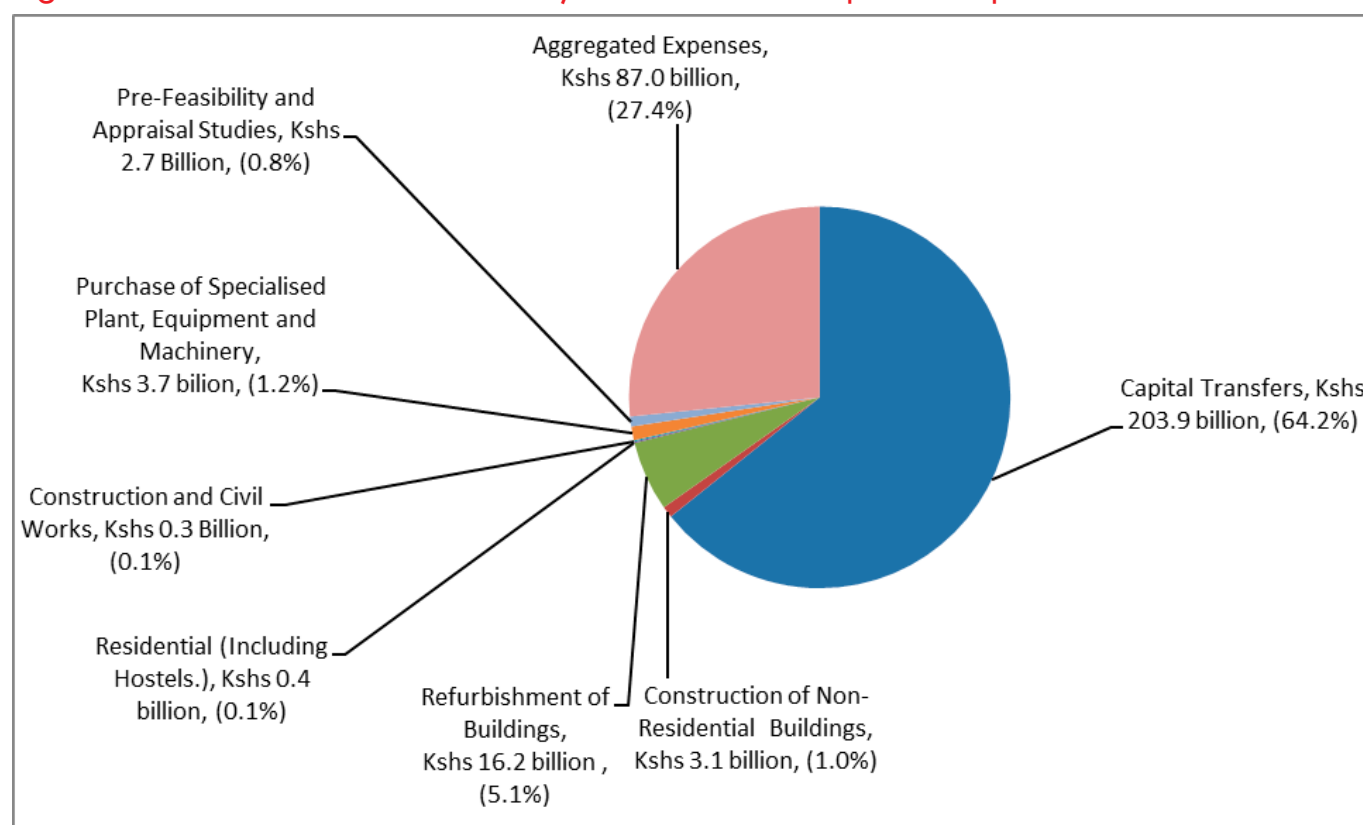

The second highest spending category was on Refurbishment of Buildings/infrastructure at Kshs.16.24 billion, representing 5.1 per cent. Other types with significant expenses include Purchase of Specialised Plant, Equipment, and Machinery at Kshs.3.73 billion and Construction of non-residential building at Kshs.3.05 billion, representing 1.2 per cent and 1.0 per cent respectively.

Further analysis shows that the State Department for Infrastructure had the highest Capital Transfers at Kshs.63.95 billion, representing 31.4 per cent of the total Capital Transfers followed by the National Treasury at Kshs.37.33 billion, which represented 18.3 per cent.

In the analysis of expenses, the report has classified budget line items not captured under major expenses under aggregated development expenditure and amounted to Kshs.84.43 billion, representing 26.6 per cent of the gross development expenditure. MDAs recording the highest expenditure under this category includes:

- **The State Department for Infrastructure** -Kshs.37.13 billion comprises funding for various projects from development partners at Kshs.24.93 billion, Road Maintenance Fuel Levy and Annuity at Kshs.11.90 billion, training at Kshs.301.55 million, and purchase of specialized PPE at Kshs.14.22 million.
- **Ministry of Health**-Kshs.15.80 billion comprises Kshs.227.23 million for other operating expenses, Kshs.100.90 million for hospitality supplies and services, and Kshs.849.13 million for specialised materials and supplies.
- **Executive Office of the President**-Kshs. 2.19 billion and comprised Kshs.1.92 billion for routine maintenance of other assets, Kshs.75 million for water supplies and sewerage, Kshs.40 million for construction of roads, and Kshs.4.61 million.
- **The State Department for Crop Development and Agricultural Research**-Kshs. 4.35 billion comprising of Kshs.2.47 billion for payment of hire of transport, Equipment and maintenance expense, Kshs.893.14 million as subsidies to private financial enterprises, Kshs.341.51 million for payment of contracted technical and professional services and Kshs.166.23 million for the purchase of certified crop seed.

Figure 3.6 shows the composition of MDAs development expenditure in the first nine months of FY 2021/22.

3.4.3 MDAs Recurrent Expenditure Analysis

In the FY 2021/22, gross allocation to recurrent ministerial expenditure amounted to Kshs.1.27 trillion, compared to Kshs.1.28 trillion allocated in FY 2020/21. Gross recurrent expenditure by MDAs in the first nine months of the FY 2021/22 was Kshs.924.26 billion, representing 72.57 per cent of the gross recurrent estimates, compared to Kshs.815.79 billion (63.7 per cent), recorded in a similar period FY 2020/21.

A breakdown of the MDAs' total recurrent expenditure in the first nine months of FY 2021/22 is presented in Table 3.6.

Table 3.6: Breakdown of Recurrent Expenditure by MDAs (Kshs. Million)

MINISTRY/STATE DEPARTMENT	PERSONNEL EMOLUMENT (PE)	OPERATIONS & MAINTENANCE (O&M)										Current Transfers	Gross Expenditure (A-I-A)	Net Expenditure

Source: MDAs and National Treasury

Recurrent expenditure for MDAs is disaggregated into Compensation to Employees, Operations and Maintenance, and Current Transfers to SAGAs. This report annexes the current expenditure performance for Semi-Autonomous Government Agencies/State-Owned Enterprises.

3.4.4 Compensation to Employees

Compensation to Employees includes basic salaries for permanent employees, wages for temporary employees, and personal allowances paid as part of the salary, among other payments to staff. The total expenditure under compensation to employees was Kshs.368.51 billion, representing 39.6 per cent of the Ministerial gross recurrent spending. However, this amount does not include salaries for Kenya Defence Forces and National Intelligence Services under the National Security sector, which has not been listed due to their operations.

3.4.5 Operations and Maintenance

This category includes Travelling, Printing and advertising, Rent and rates for non-residential buildings, Training, Hospitality, Legal fees, and Maintenance expenses for motor vehicles and other assets. Some of the items aggregated under other expenses include refined fuels and Lubricants and fuel for transport, Contracted technical and professional services, Medical and Group Personal Insurance, and Domestic Loans to individuals and Households.

In the first nine months of FY 2021/22, travelling expenditure was Kshs.12.44 billion, growth compared to Kshs.9.24 billion recorded in FY 2020/21. This comprised domestic travel of Kshs.8.49 billion and Kshs.3.63 billion on foreign travel. This growth is attributable to the government's lifting of COVID-19 travel restrictions. Expenditure on Rentals and Rates-non-Residential Buildings was Kshs.5.80 billion, while hospitality was Kshs.3.08 billion.

In the analysis of O&M expenditure, some budget line items were classified under aggregated expenses and amounted to Kshs.226.52 billion in the period under review. MDAs recording high expenditure under this category includes:

- **State Department for Interior and Citizen Services** – comprised of Kshs.4.22 billion for the payment of medical and group personal insurance for staff, Kshs.1.10 billion towards fuel and lubricants, Kshs.963.83 million for utilities supplies and services, Kshs.3.62 billion for purchasing specialized materials and supplies, and Kshs.514.52 million for purchase of technical plant, Equipment, and Machinery.
- **State Department for University Education and Research**- Kshs.10.90 billion for acquiring financial assets by the Higher Education Loans Board.
- **State Department for Early Learning and Basic Education**-Kshs. 45.04 billion for subsidies to Board of Governors maintained school, to support free primary and secondary education and Kshs. 3.47 billion for use on goods and services.
- **The National Treasury** - comprised of Kshs.3.88 billion for Medical and group personal insurance, Kshs.8.61 billion for payment of contracted professional services, and Kshs.2.16 billion for membership and subscription fees.
- **Ministry of Petroleum and Mining**- Kshs.33.42 billion on Oil Market Stabilization.
- **State Department for Infrastructure**- Kshs.42.05 billion was transferred to Kenya Roads Board.
- **Teachers Service Commission**- Kshs.12.72 billion comprising Kshs.12.36 billion for Medical and Group Personal Insurance, Kshs.21.61 million for payment of contracted professional services, Kshs.94.78 million for purchase of software, Kshs.47.89 million for purchase of ICT Networking and Kshs.43.84 million for purchase of Computers.

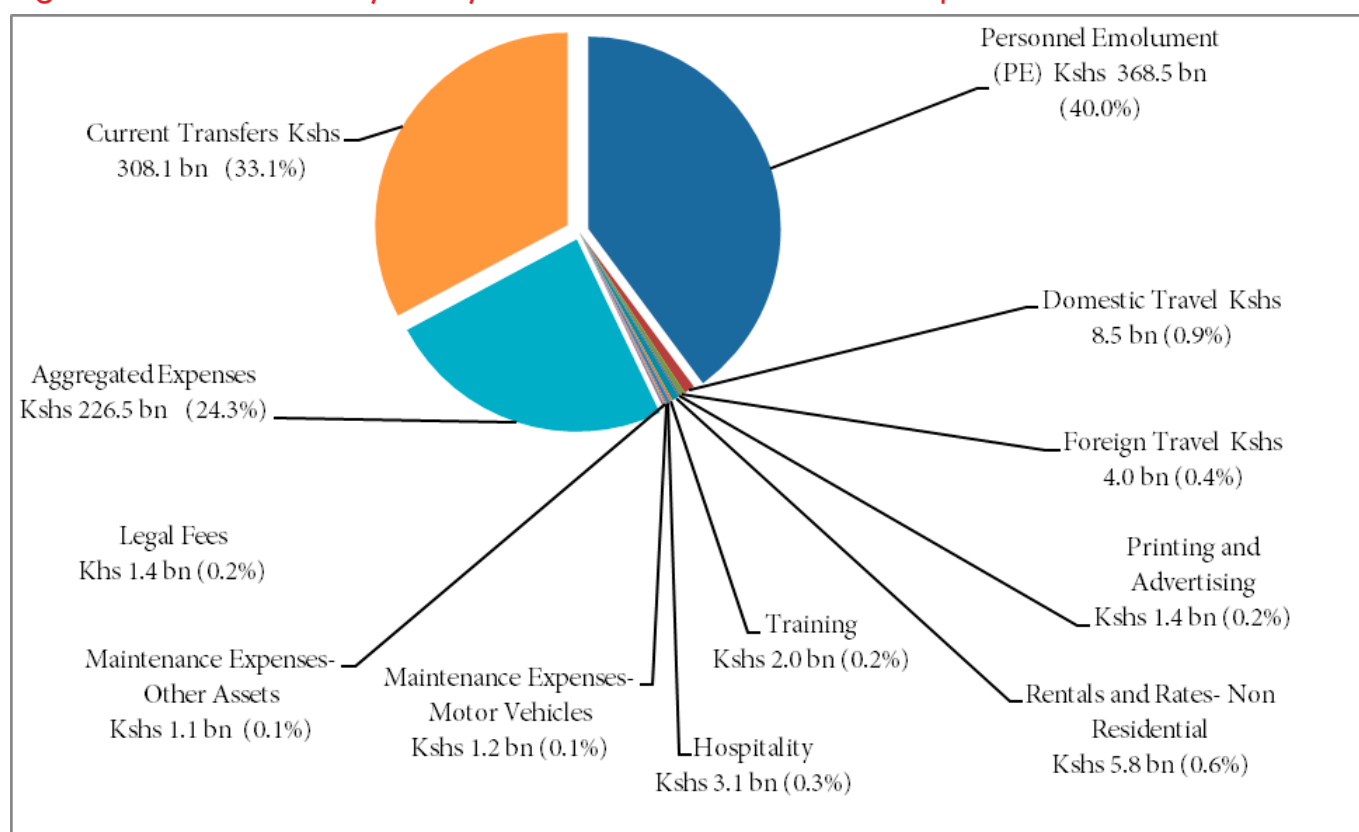

- State Department for public service 4 bn for employers contributions for National Social and Health Insurance Scheme

3.4.6 Current Transfers

Current Transfers by the MDAs may be in the form of Subsidies, Grants or direct transfers to SAGAs, which are meant to complement activities and mandates executed on behalf of the parent ministry. In the first nine months of the FY 2021/22, Current transfers amounted to Kshs.308.10 billion, representing 33.1 per cent of the gross MDAs recurrent expenditure. The Ministry of Defence reported the highest transfer at Kshs.84.56 billion, representing 27.4 per cent, majorly transferred to Kenya Defence forces.

Figure 3.8 shows the composition of MDAs' recurrent expenditure in the first nine months of the FY 2021/22

Figure 3.8: Summary Analysis of Ministerial Recurrent Expenditure

3.5 Pending Bills for National Government

The Quarterly Economic and Budgetary Review Report by the National Treasury shows that the total outstanding National Government pending bills as of 31st March 2022 amounted to Kshs.434.5 billion, comprising Kshs.385.6 billion (88.7 per cent) for State Corporations and Kshs.48.9 billion (11.3 per cent) for MDAs respectively. The State Corporations' pending bills include payment to Contractors/projects, suppliers, unremitted statutory and other deductions, pension arrears for Local Authorities Pension Trust, etc.

On the contrary, data submitted to the COB by the National Government shows that MDAs pending bills as of 31st March 2022 amounted to Kshs.49.71 billion, comprising KSh.32.97 billion (66 per cent) and KSh.16.73 billion (34 per cent) for recurrent and development vote respectively. Table 3.7 presents pending bills for MDAs as of 31st March 2022.

Source: National Treasury & MDAs

In the first nine months of FY 2021/22, MDAs paid pending bills worth Kshs.10.88 billion, comprising Kshs.3.56 billion for recurrent expenditure and Kshs.7.32 billion for development expenditure, while Kshs.159.01 million was declared ineligible.

From the analysis of own reporting by MDAs, the COB noted disparity in pending bills reported compared to the consolidated report by the National Treasury. Discrepancies in data submitted may result in inaccurate reports and, therefore, a need to reconcile pending figures to establish the actual status of the pending bills. The Controller of Budget recommends that all MDAs and State Corporations ensure payment of the eligible pending bills are honoured as guided by the National Treasury Circular No.7/2019, which states that pending bills be prioritised as a first charge in the subsequent cycle of budget implementation, which most MDAs seem not to comply.

4 DEVELOPMENT AND RECURRENT EXPENDITURE ANALYSIS BY SECTOR

4.1 Introduction

The chapter analyses sector performance in the first nine months of FY 2021/22. It presents budget allocations to specific MDAs, exchequer issues and actual expenditure and is further disaggregated into programmes and sub-programmes. The analysis shows exchequer issues as a percentage of net estimates, whereas expenditure is a percentage of gross estimates. In the period under review, prorated budget performance is at 75 per cent of the annual estimates for both development and recurrent budget.

MDAs are classified into ten sectors according to the COFOG, which is designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability. Sector performance is presented in alphabetical order as follows; (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environment Protection, Water and Natural Resources (EWNRR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sectors.

4.2 Agriculture, Rural and Urban Development Sector

4.2.1 Introduction

Agriculture is a devolved function under the Fourth Schedule of the Constitution of Kenya. It is a critical sector in the economic pillar of the Kenya Vision 2030.

The sector consists of five MDAs, namely: Ministry of Lands and Physical Planning, State Department for Crop Development and Agricultural Research, State Department for Livestock, State Department for Fisheries, Aquaculture and the Blue Economy, State Department for Co-operatives, and the National Land Commission (NLC), together with affiliated Semi-Autonomous Government Agencies and Training Institutions.

The overall goal of the sector is to attain national food and nutritional security and sustainable fisheries and land management, growth of the co-operatives, and the utilisation of the blue economy. Kenya's economic blueprint, the Kenya Vision 2030, and the Government Agenda on the 'Big Four' economic strategy both recognise the ARUD sector as a critical player in the economic and social development of the country through food production, employment and wealth creation, foreign exchange earnings, security of land tenure and land management.

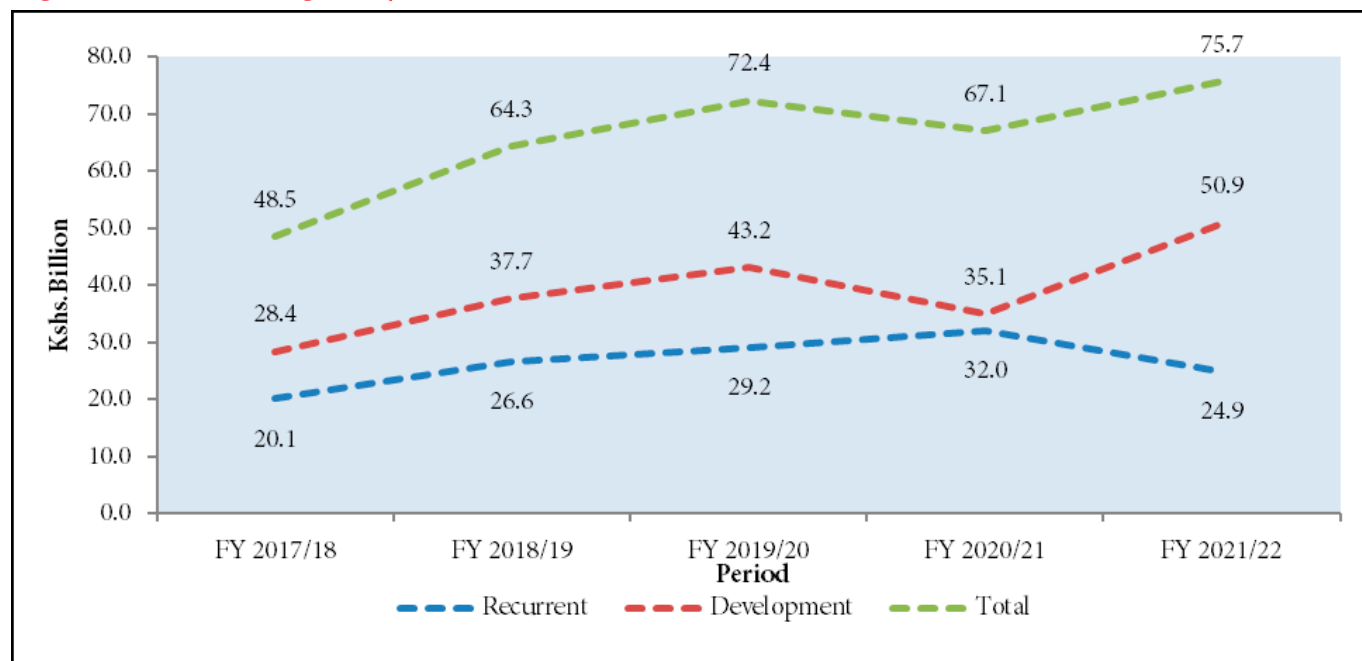

4.2.2 Budget Performance for ARUD Sector

The budgetary allocation to the sector in FY 2021/22 amounted to Kshs.75.73 billion, representing 2 per cent of the gross national budget, compared to Kshs.67.09 billion allocated in FY 2020/21. The allocation comprised Kshs.50.88 billion (67.2 per cent) for development activities and Kshs.24.85 billion (32.8 per cent) for recurrent expenditure. The State Department for Crop Development and Agricultural Research received the highest budgetary allocation at Kshs.44.93 billion (59.3 per cent of the sector's budget), while the NLC had the lowest budgetary allocation at Kshs1.48 billion (2 per cent of the ARUD sector allocation).

The high allocation to the State Department for Crop Development and Agricultural Research is due to its' key role in the agricultural policy and research management, national food policy, strategic food reserve,

crops development, phytosanitary services and international standards compliance, agricultural farmers' training, agricultural land resources inventory and management, among others. Figure 4.1 shows the trend of budgetary allocation for the ARUD sector for the period FY 2017/18 to FY 2021/22.

Figure 4.1: Budgetary Allocation Trend for ARUD Sector

Source: National Treasury

The total exchequer issues to the ARUD sector amounted to Kshs. 26.96 billion, representing 41.9 per cent of the sector's net estimates. This amount comprised Kshs.14.56 billion for development expenditure, representing 31.1 per cent of development net estimates and Kshs.12.41 billion for recurrent spending representing 70.8 per cent of recurrent net estimates. Table 4.1 shows ARUD sector analysis of exchequer issues and expenditure in the first nine months of FY 2021/22.

Table 4.1: ARUD Sector-Analysis of Exchequer Issues and Expenditure

Source: MDAs and National Treasury

In the period under review, the State Department for Ministry of Lands and Physical Planning received the highest proportion of development exchequer issues to development net estimates at 61.6 per cent, while the State Department for Fisheries, Aquaculture and the Blue Economy received the lowest at 11.4 per cent. The State Department for Crop Development and Agricultural Research recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 72.7 per cent. In comparison, the State Department for livestock recorded the lowest ratio of 64.7 per cent. Figure 4.2 shows the exchequer issues to ARUD Sector in the first nine months of FY 2021/22.

Figure 4.2: Exchequer Issues to ARUD Sector

Source: National Treasury

The total expenditure for the ARUD sector amounted to Kshs.27.74 billion, representing 36.6 per cent of the gross estimates, compared to Kshs.35.22 billion (51.7 per cent), recorded in a similar period of the FY 2020/21. This amount comprised Kshs.13.97 billion for the development budget representing an absorption rate of 27.5 per cent, compared to 41.8 per cent recorded in a similar period of the FY 2020/21 and Kshs.13.76 billion for recurrent expenditure representing 55.4 per cent of the recurrent gross estimates, compared to 62.7 per cent recorded in a similar period of the FY 2020/21.

The Ministry of Lands and Physical Planning recorded the highest absorption of development budget at 55.9 per cent, while the State Department for Fisheries, Aquaculture and the Blue Economy recorded the lowest at 20.2 per cent. The State Department for Co-operatives recorded the highest recurrent expenditure to gross estimates at 73.0 per cent, while the State Department for Livestock recorded the lowest at 41.8 per cent.

4.2.3 Budget Execution by Programmes for ARUD Sector

The allocation to the ARUD sector was to fund 11 programmes. Table 4.2 summarises the budget execution by programmes in the first nine months of FY 2021/22.

Table 4.2: ARUD Sector Budget Performance by Programmes

VOTE	Programme	Gross estimates (Kshs. Bn)			Expenditure (Kshs. Bn)			Absorption Rate (%)

Source: MDAs and National Treasury

Crop Development and Management programme under the State Department for Crop Development and Agricultural Research received the highest budgetary allocation at Kshs.30.16 billion (39.8 per cent) of the gross estimates for the sector, while General Administration Planning and Support Services programme under the State Department for Fisheries, Aquaculture and the Blue Economy had the lowest allocation at Kshs.237.91 million (less one than per cent) of the gross estimates for the sector.

An analysis of programme performance shows that the Land Administration and Management under the National Land Commission recorded the highest proportion of programme expenditure to its gross estimates at 69.5 per cent. In comparison, Crop Development and Management under the State Department for Crop Development and Agricultural Research had the lowest at 20.2 per cent.

4.3 Education Sector

4.3.1 Introduction

The Education Sector comprises five MDAs, namely: State Department for Early Learning and Basic Education, State Department for University Education, State Department for Vocational and Technical Training, State Department for Post-Training and Skills Development and the Teachers Service Commission (TSC), together with their affiliated Agencies and Institutions.

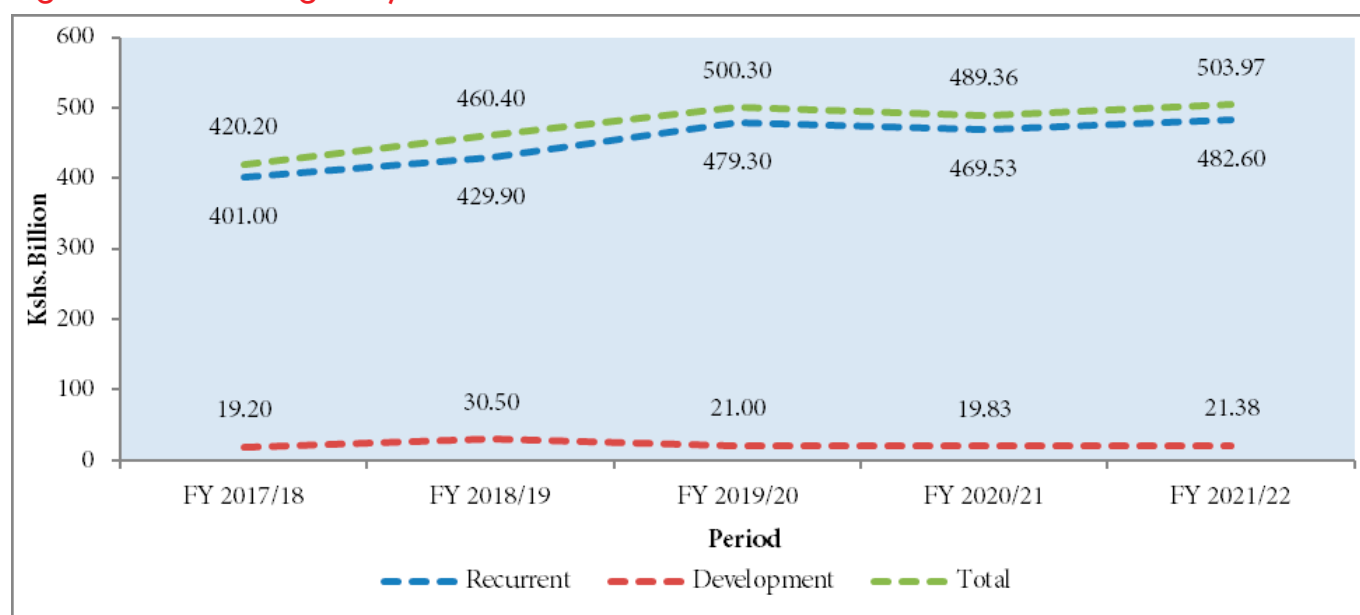

The Education sector is critical in promoting Kenya's political, social, and economic development by developing all-around individuals who can overcome prevailing societal challenges. The sector envisions attaining quality and inclusive education, training and research for sustainable development. The Education sector is committed to providing quality education, training, science, technology, research and skills development to all Kenyans. The sector's overall goal is to increase access to education and training, improve the quality and relevance of education, reduce inequality, and leverage knowledge and skills in science, technology, and innovation for global competitiveness. The sector also envisions contributing to achieving the "Big Four Agenda" by providing the requisite skilled human resources and promoting research and development.

4.3.2 Budget Performance for Education Sector

The budgetary allocation to the Education Sector in FY 2021/22 amounted to Kshs.503.97 billion, representing 13.9 per cent of the gross national budget, compared to Kshs.489.36 billion allocated in the FY 2020/21. The allocation comprised Kshs.21.38 billion (4 per cent), for development activities and Kshs.482.60 billion (96 per cent), for recurrent expenditure.

TSC received the highest budgetary allocation of Kshs.281.70 billion (55.9 per cent of the sector's funding), which is attributed to its vital role in Teacher management. The State Department for Post Training and Skills Development had the lowest budgetary allocation of Kshs.268 million (less than 1 per cent of the sector's funding) for its role in providing an institutional framework to devise and implement national, sectoral and workplace strategies aimed at developing and improving the skills of the Kenyan workforce and management of talent and post-training policy. Figure 4.3 shows the budgetary allocation trends of the Education sector for the period FY 2017/18 to FY 2021/22.

Figure 4.3: Budgetary Allocation Trend for the Education Sector

Source: National Treasury

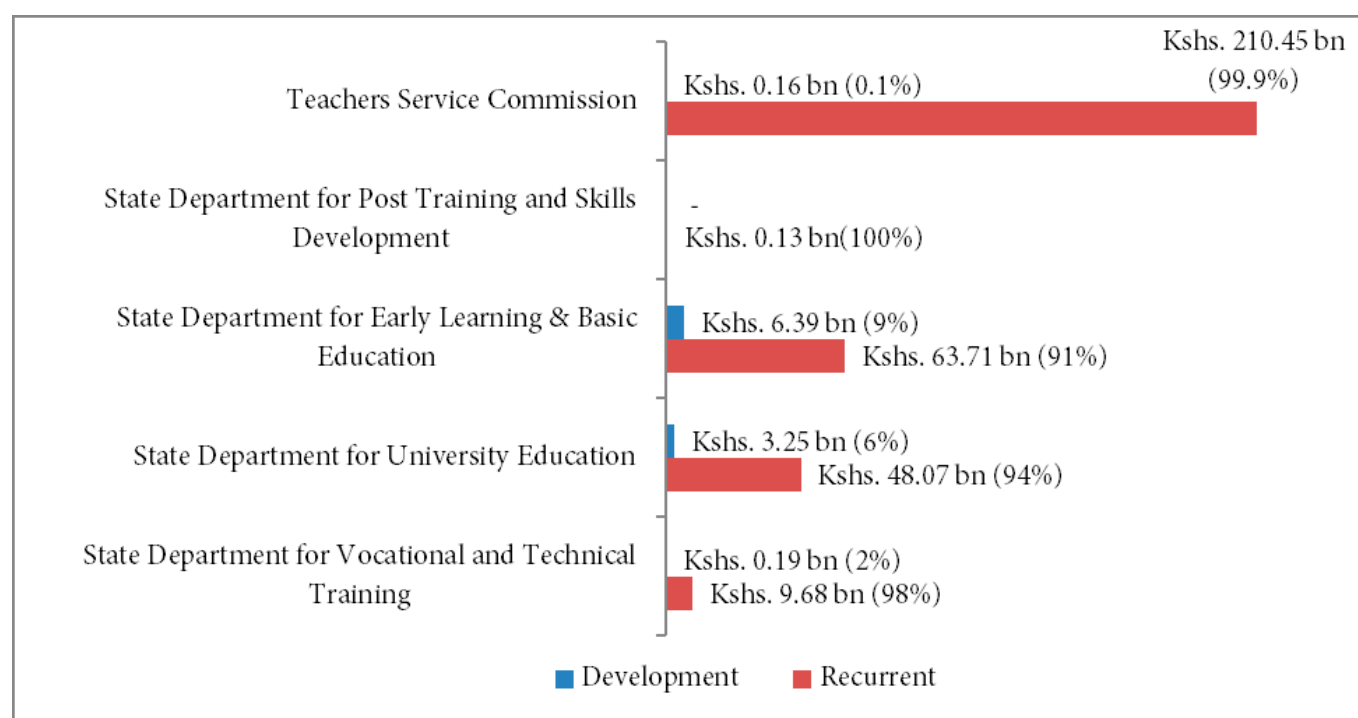

The total exchequer issues to the Education sector amounted to Kshs.342.75 billion, representing 74 per cent of the sector's net estimates. This amount comprised Kshs.10.72 billion for development expenditure, representing 59.8 per cent of development net estimates and Kshs.332.03 billion for recurrent spending representing 74.6 per cent of recurrent net estimates. Table 4.3 shows the Education sector analysis of exchequer issues and expenditure in the first nine months of FY 2021/22.

Table 4.3: Education Sector-Analysis of Exchequer Issues and Expenditure

Total							503.97	463.12	342.75	342.79	74.0	68.0

Source: MDAs and National Treasury

In the period under review, the State Department for University Education and Research received the highest exchequer issues to net estimates for both development and recurrent expenditure at 90.1 per cent and 79.7 per cent, respectively. Teachers Service Commission received the lowest exchequer issues to net estimates for development expenditure at 24.7 per cent. In comparison, the State Department for Post-Training and Skills Development received the lowest proportion for recurrent expenditure at 46.7 per cent. Figure 4.4 shows the exchequer issues in the Education Sector in the first nine months of FY 2021/22.

Figure 4.4: Exchequer Issues to the Education Sector

Source: National Treasury

The total expenditure for the Education sector amounted to Kshs.342.79 billion, representing 68.0 per cent of the gross estimates, compared to Kshs.332.60 billion (65.5 per cent), recorded in a similar period of the FY 2020/21. This amount comprised Kshs.9.10 billion for the development budget representing an absorption rate of 42.6 per cent, a decrease compared to 52.4 per cent recorded in a similar period of the FY 2020/21 and Kshs.333.69 billion for recurrent expenditure representing 69.1 per cent of the recurrent gross estimates, compared to 66.1 per cent recorded in a similar period of the FY 2020/21.

Teachers Service Commission recorded the highest percentage of recurrent expenditure to gross estimates at 75.3 per cent. In comparison, the State Department for Post-Training and Skills Development recorded the lowest at 43.0 per cent. The State Department for University Education and Research recorded the highest absorption of the development budget at 76.5 per cent. In comparison, the State Department for Vocational and Technical Training recorded the lowest at 31.1 per cent.

4.3.3 Budget Execution by Programmes for Education Sector

The Education sector's budgetary allocation was to fund sixteen programmes. Table 4.4 summarises the budget execution by programmes in the first nine months of FY 2021/22.

Table 4.4: Education Sector's Programme Performance

VOTE	Programme	Gross estimates (Kshs. Bn)			Expenditure (Kshs. Bn)			Absorption Rate (%)
		Development	Recurrent	Total	Development	Recurrent	Total

Source: MDAs and National Treasury

Teachers Resource Management programme under the Teachers Service Commission received the highest budgetary allocation at Kshs.273.23 billion (54.2 per cent) of the gross estimates for the sector, while the Post Training Information Management programme under the State Department of Post Training and Skills Development had the lowest allocation at Kshs.47 million (0.9 per cent) of the gross estimates for the sector.

An analysis of programme performance shows that the Teachers Resource Management under the Teachers Service Commission recorded the highest proportion of programme expenditure to its gross estimates at 75.4 per cent. In comparison, the Post Training Information Management programme under the State Department of Post Training and Skills recorded the lowest at 14.4 per cent.

4.4 Energy, Infrastructure and Information Communications Technology (EI & ICT) Sector

4.4.1 Introduction

This sector consists of ten MDAs: State Departments for Infrastructure, Transport, Shipping and Maritime, Housing and Urban Development, Public Works, Youth Affairs, Information Communication, Technology and Innovation, Broadcasting and Telecommunications, Ministry of Energy, and Ministry of Petroleum and Mining.

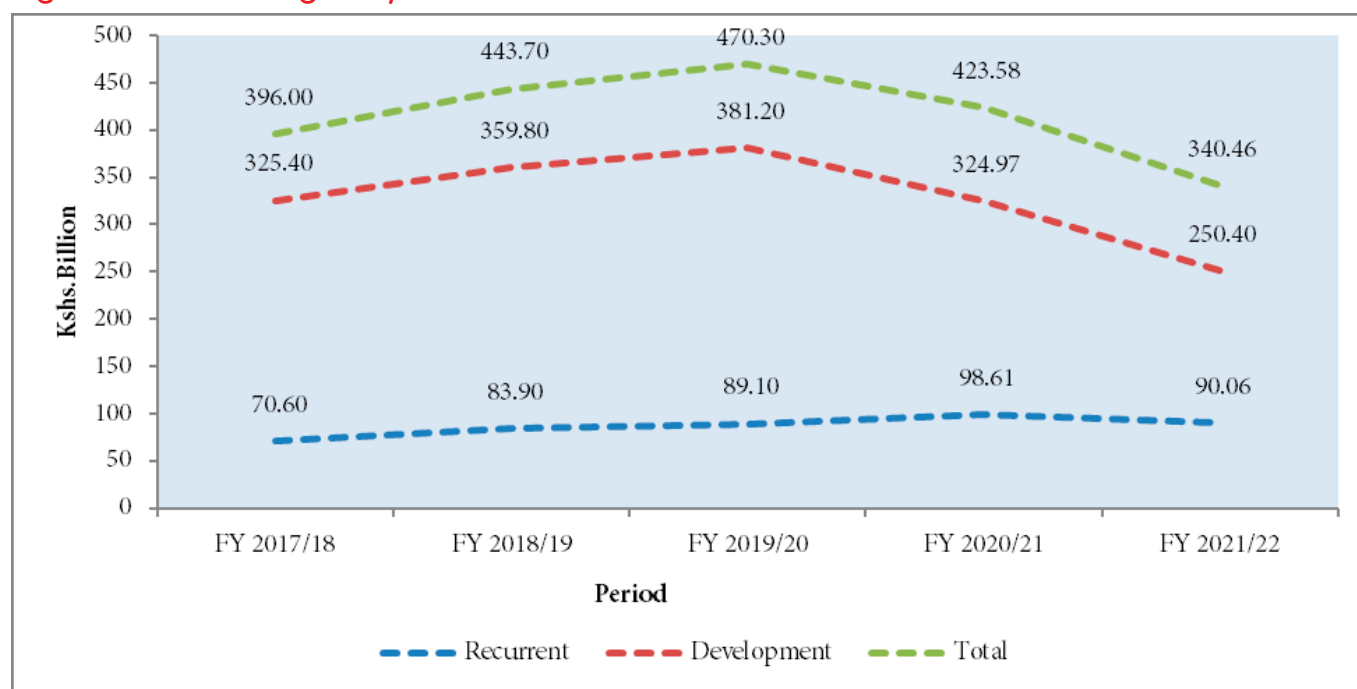

The EI&ICT sector aims to provide an efficient, affordable, and reliable infrastructure critical for the socio-economic transformation underscored in the Third Medium Term Plan (MTP III) 2018-2022 of the Kenya Vision 2030 and catalyses the realisation of the “Big Four Agenda”.

The EI&ICT sector’s critical strategic goals include sustainable transport infrastructure and services, vibrant shipping and maritime industry, affordable and sustainable housing infrastructure, regulated construction industry, universal access to ICT services, and sufficient, secure, efficient, and affordable energy. To support infrastructural development, the government identified critical activities under the EI&ICT sector in the FY 2021/22 to enhance economic growth, which includes: the construction, rehabilitation and maintenance of roads, design of roads and bridges, construction of Standard Gauge Railway Phase II (Nairobi to Naivasha), LAPSET project and Mombasa Port Development Project.

4.4.2 Budget Performance for EI&ICT Sector

The budgetary allocation to the EI&ICT sector in the FY 2021/22 was Kshs.340.46 billion, representing 9.4 per cent of the gross national budget, compared to Kshs.423.59 billion allocated in the FY 2020/21. The allocation comprised Kshs.250.40 billion (73.5 per cent), for development programmes and Kshs.90.06 billion (26.5 per cent), for recurrent expenditure. An analysis of MDAs under the EI&ICT sector shows that rail and road programmes allocation under the State Department for Transport were moved to the National Treasury and therefore reduced the sector gross allocation compared to FY 2020/21. Significant funding in the EI&ICT sector includes Kshs.94.7 billion for ongoing roads and bridges, Kshs.36.1 billion for rehabilitation of roads, Kshs.54.0 billion for maintenance of roads, and Kshs.27.2 billion for construction of Standard Gauge Railway Phase II, Kshs.7.5 billion for LAPSET project, among others.

The State Department for Infrastructure received the highest budgetary allocation of Kshs.195.20 billion (57.3 per cent of the sector’s budget), attributed to its critical programmes in the construction of roads and bridges, rehabilitation and maintenance of roads in the country. The State Department for Shipping and Maritime had the lowest budgetary allocation of Kshs.2.79 billion (less than 1 per cent of the sector’s budget). Figure 4.5 shows the budgetary allocation trend for the EI & ICT Sector for FY 2017/18 to FY 2021/22.

Figure 4.5: Budgetary Allocation Trend for the EI & ICT Sector

Source: National Treasury

The total exchequer issues to the EI&ICT sector amounted to Kshs.85.30 billion, representing 69.9 per cent of the sector's net estimates. This amount comprised Kshs.68.54 billion for development expenditure, representing 64.4 per cent of development net estimates and Kshs.16.76 billion for recurrent spending representing 107.7 per cent of recurrent net estimates, attributable to funding to the Ministry of Petroleum and Mining under Article 223 of the Constitution to support the financing of market oil stabilization, to be ratified in the subsequent Supplementary Budget. Table 4.5 shows an EI&ICT sector analysis of exchequer issues and expenditure in the first nine months of FY 2021/22.

Table 4.5: EI & ICT-Analysis of Exchequer Issues and Expenditure

VOTE	Development (Kshs. Bn)						Recurrent (Kshs. Bn)

Recurrent							90.06	15.55	16.76	134.81	107.7	149.7
Total							340.46	121.98	85.30	274.69	69.9	80.7

Source: MDAs and National Treasury

In the period under review, the State Department for Youth Affairs received the highest proportion of development exchequer issues to development net estimates at 89.6 per cent. In comparison, the State Department for Transport received the lowest at 27.3 per cent. The State Department for the Ministry of Petroleum and Mining recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 970.7 per cent. In comparison, the State Department for Transport recorded the lowest ratio of 27.9 per cent.

The high absorption of the budget by the Ministry of Petroleum and Mining is due to expenditure incurred towards oil market stabilization by the government. The funding was under Article 223 of the Constitution and to be regularized in the subsequent Supplementary Budget.¹ Figure 4.6 shows the EI & ICT sector's exchequer issues in the first nine months of FY 2021/22.

¹ Supplementary Budget I was approved by the Parliament on 30th March 2022 and assented to by the President on 4th April, 2022.

Figure 4.6: Exchequer Issues to the EI & ICT Sector

Source: National Treasury

The total expenditure for the EI&ICT sector amounted to Kshs.274.69 billion, representing 80.7 per cent of the gross estimates, compared to Kshs.199.13 billion (47 per cent), recorded in a similar period of the FY 2020/21. This amount comprised Kshs.139.88 billion for the development budget representing an absorption rate of 55.9 per cent, compared to 43.6 per cent recorded in a similar period of the FY 2020/21 and Kshs.134.81 billion for recurrent expenditure representing 149.7 per cent of the recurrent gross estimates, compared to 58.2 per cent recorded in a similar period of the FY 2020/21.

The high absorption of the budget by the Ministry of Petroleum and Mining is due to expenditure incurred towards oil market stabilization by the government. The funding was under Article 223 of the Constitution, which was regularized in Supplementary Budget 1 assented by the President on 4th April 2022.

The State Department for Youth Affairs recorded the highest absorption of the development budget at 79.5 per cent. In comparison, the State Department for Shipping and Maritime recorded the lowest at 12.0 per cent. The State Department of Petroleum and Mining recorded the highest recurrent expenditure to gross estimates, more than 100 per cent. In comparison, the Ministry of Energy recorded the lowest at 14.7 per cent.

4.4.3 Budget Performance by Programmes for EI&ICT Sector

The EI & ICT sector budgetary allocation was to fund twenty-nine programmes. Table 4.6 shows budget execution by programmes.

Source: MDAs and National Treasury

Road Transport programme under the State Department of Infrastructure received the highest budgetary allocation at Kshs.195.20 billion (57.3 per cent) of the gross estimates for the sector, while Geological Survey and Geo-information Management under the Ministry of Petroleum and Mining had the lowest allocation at Kshs.188.4 million (0.06 per cent) of the gross estimates for the sector.

An analysis of programme performance shows that the Road Transport programme under the State Department for Infrastructure recorded the highest proportion of programme expenditure to its gross estimates at 95.8 per cent. In contrast, the Marine Transport programme under the State Department for Transport recorded the lowest, less than 1 per cent.

4.5 Environment Protection, Water and Natural Resources Sector

4.5.1 Introduction

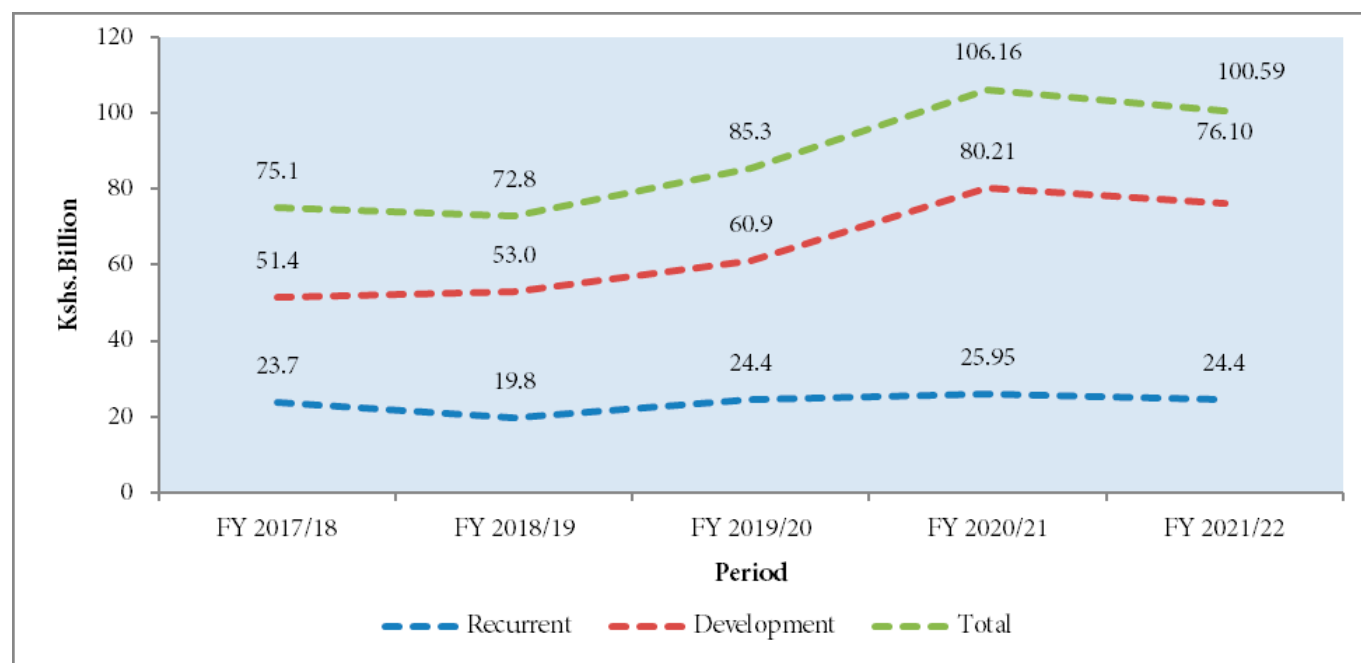

The Environment Protection, Water and Natural Resources Sector (EPWNR) comprise three MDAs: the Ministry of Environment and Forestry, the Ministry of Water, Sanitation and Irrigation, and the State Department for Wildlife.

The EPWNR sector plays a critical role in Kenya's economy, securing, stewarding, and sustaining the environment and natural capital of the country. The overall goal of the EPWNR sector is to ensure sustainable development in a clean and secure environment. The specific objectives include: providing the policy, the legal and integrated planning framework for sustainable management of the environment and natural resources for socio-economic development, enhancing good governance in the protection, restoration, conservation, development and management of the environment, and forest resources for sustainable development, enhance control and development of water resources for sustainable social-economic development and to enhance water harvesting and storage for domestic, irrigation and industrial use. The sector also aims to increase land productivity through reclamation, rehabilitation of degraded land through irrigation and drainage services, and enhancing conservation of wildlife, biological resources, and their habitats for posterity.

4.5.2 Budget Performance for EPW&NR Sector

The annual budgetary allocation to the EPW&NR sector in the FY 2021/22 amounted to Kshs.100.59 billion, representing 2.8 per cent of the gross national budget, compared to Kshs.106.16 billion (3.1 per cent) allocated in the FY 2020/21.

The allocation comprised Kshs.76.10 billion (75.7 per cent) for development activities and Kshs.24.49 billion (24.3 per cent) for recurrent expenditure. Ministry of Water, Sanitation and Irrigation received the highest budgetary allocation of Kshs.77.61 billion (77.2 per cent of the sector's share). In comparison, the State Department for Wildlife had the lowest budgetary allocation of Kshs.8.24 billion (8.2 per cent of the sector's portion). Figure 4.7 shows the budgetary allocation trend for the EPW&NR Sector for FY 2017/18 to FY 2021/22.

Figure 4.7: Budgetary Allocation Trend for the EPW&NR Sector

Source: National Treasury

The total exchequer issues to the EPW&NR sector amounted to Kshs.34.52 billion, representing 62.5 per cent of the sector's net estimates. This amount comprised Kshs.21.34 billion for development expenditure, representing 56.7 per cent of development net estimates and Kshs.13.18 billion for recurrent spending representing 74.8 per cent of recurrent net estimates. Table 4.7 shows EPW&NR sector analysis of exchequer issues and expenditure in the first nine months of FY 2021/22.

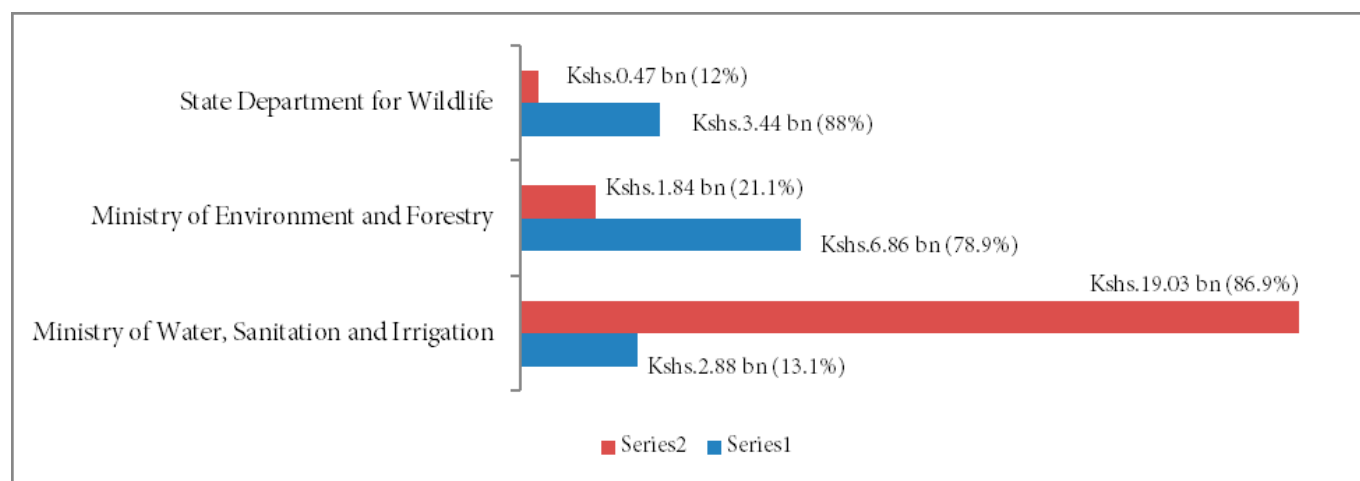

Table 4.7: EPW&NR Sector-Analysis of Exchequer Issues and Expenditure

VOTE	Development (Kshs. Bn)						Recurrent (Kshs. Bn)					
	Gross estimates	Net estimates	Exchequer Issues	Expenditure	% of Exchequer to Net estimates	% of Expenditure to Gross estimates	Gross estimates	Net estimates	Exchequer Issues	Expenditure	% of Exchequer to Net estimates	% of Expenditure to Gross estimates
Ministry of Water, Sanitation and Irrigation	71.22	33.71	19.03	21.32	56.5	29.9	6.40	4.01	2.88	4.24	71.8	66.3

Source: MDAs and National Treasury

In the period under review, the State Department for Wildlife received the highest proportion of development exchequer issues to development net estimates at 81.5 per cent. In comparison, the Ministry of Environment and Forestry received the lowest at 54.5 per cent. The State Department for Wildlife recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 78.4 per cent. In contrast, the Ministry of Water, Sanitation and Irrigation recorded the lowest ratio of 71.8 per cent. Figure 4.8 shows the exchequer issues to the EPW&NR Sector in the first nine months of FY 2021/22.

Figure 4.8: Exchequer Issues to EPW&NR Sector

Source: National Treasury

The total expenditure for the EPW&NR sector amounted to Kshs.38.14 billion, representing 37.9 per cent of the gross estimates, compared to Kshs.34.5 billion (33.6 per cent), recorded in a similar period of the FY 2020/21. This amount comprised Kshs.23.21 billion for the development budget representing an absorption rate of 30.5 per cent, compared to 25.9 per cent (Kshs.20.11 billion) recorded in a similar period of the FY 2020/21 and Kshs.14.93 billion for recurrent expenditure representing 61 per cent of the recurrent gross estimates, compared to 57.7 per cent (Kshs.14.24 billion) recorded in a similar period of the FY 2020/21.

The State Department for Wildlife recorded the highest absorption on the development budget at 71.5 per cent, while the Ministry of Water, Sanitation and Irrigation recorded the lowest at 34 per cent. The Ministry of Environment and Forestry recorded the highest recurrent expenditure to gross estimates at 69.9 per cent, while the State Department for Wildlife recorded the lowest at 44.2 per cent.

4.5.3 Budget Performance by Programmes for EPW&NR Sector

The budgetary allocation to the EPW&NR sector was to fund eleven programmes. Table 4.8 shows budget execution by programmes in the first nine months of FY 2021/22.

Table 4.8: EPW&NR Sector's Programme

VOTE	Programme	Gross estimates (Kshs. Bn)			Expenditure (Kshs. Bn)			Absorption Rate (%)
		Development	Recurrent	Total	Development	Recurrent	Total	
Ministry of Water, Sanitation and Irrigation	General Administration, Planning and Support Services	0.15	0.76	0.91	0.03	0.37	0.40	43.8
	Water Resources Management	14.67	1.66	16.33	3.38	0.69	4.08	25.0
	Water and Sewerage Infrastructure Development	33.54	3.23	36.77	9.05	1.52	10.57	28.8

State Department for Wildlife	Wildlife Conservation and Management	0.63	7.61	8.24	0.45	3.36	3.82	46.3
Total		76.10	24.49	100.59	23.21	12.92	36.13	35.9

Source: MDAs and National Treasury

An analysis of programme performance shows that the Water Harvesting and Storage for Irrigation programme under the Ministry of Water, Sanitation and Irrigation recorded the highest proportion of programme expenditure to its gross estimates at 96.7 per cent. In contrast, the Water Storage and Flood Control programme under the Ministry of Water, Sanitation and Irrigation recorded the lowest at 10.9 per cent.

4.6 General Economic and Commercial Affairs Sector

4.6.1 Introduction

The General Economic and Commercial Affairs (GECA) sector consists of five MDAs, namely the State Departments for Industrialization, Tourism, Trade and Enterprise Development, East African Community, and Regional and Northern Corridor Development.

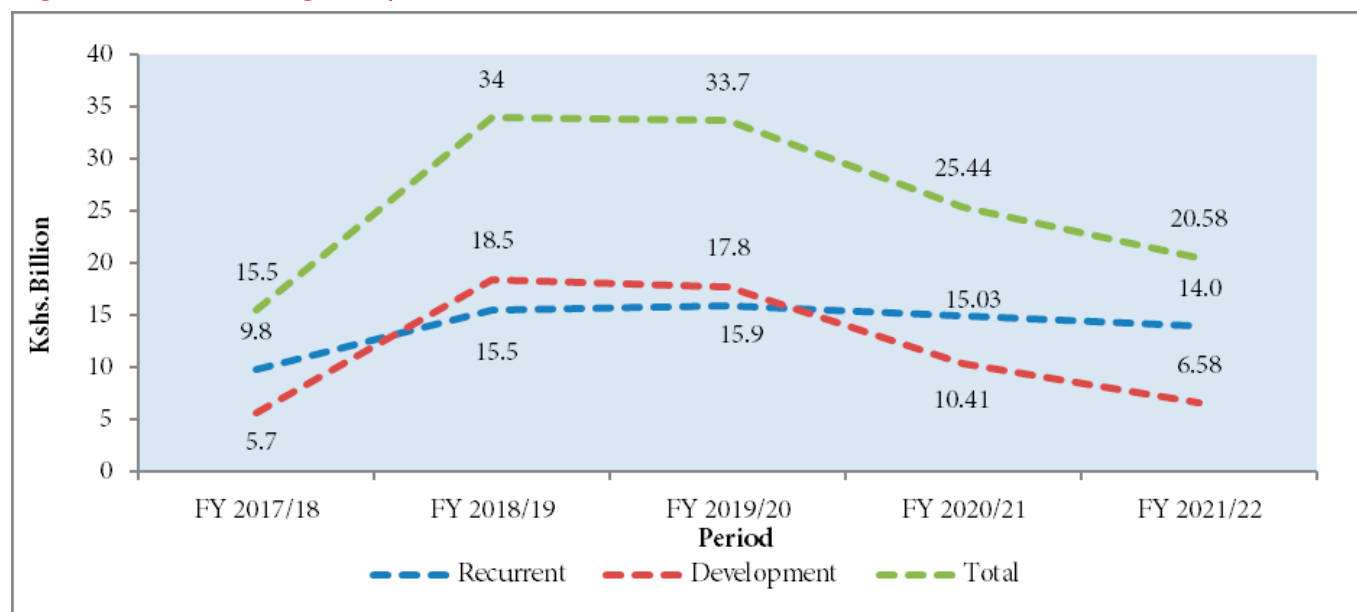

The GECA sector's strategic goals are to promote and develop domestic and regional trade, integration, industrialisation, tourism, and regional and northern corridor development.

4.6.2 Budget Performance for GECA Sector

Figure 4.9 shows the budgetary allocation trend for the GECA Sector from FY 2017/18 to FY 2021/22. The budgetary allocation to the GECA sector in the FY 2021/22 amounted to Kshs.20.58 billion, representing 0.6 per cent of the gross national budget, compared to Kshs.25.44 billion allocated in the FY 2020/21. The decline is attributed to moving the State Department for Co-operatives from GECA to the ARUD sector from FY 2021/22. The allocation comprises Kshs.6.58 billion (32 per cent) for development activities and Kshs.14 billion (68 per cent) for recurrent expenditure. The State Department for Industrialisation received

the highest budgetary allocation of Kshs.6.39 billion (31.0 per cent of the sector's budget). In comparison, the State Department for the East African Community had the lowest budgetary allocation of Kshs.609.85 million (3 per cent of the sector's funding).

Figure 4.9: Budgetary Allocation Trend for the GECA Sector

Source: National Treasury

The total exchequer issues to the GECA sector amounted to Kshs.8.98 billion, representing 60.8 per cent of the sector's net estimates. This amount comprised Kshs.2.71 billion for development expenditure, representing 46.5 per cent of development net estimates and Kshs.6.21 billion for recurrent spending representing 70.4 per cent of recurrent net estimates. Table 4.9 analyses exchequer issues and expenditure to the GECA sector in the first nine months of FY 2021/22.

Table 4.9: GECA Sector-Analysis of Exchequer Issues and Expenditure

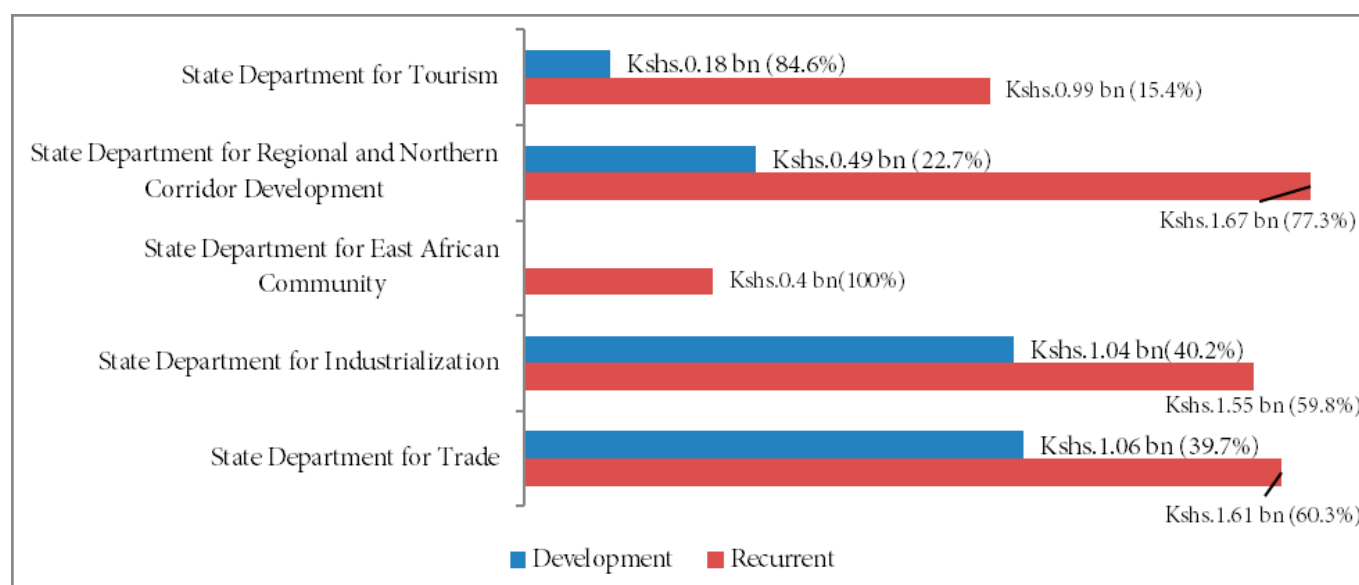

VOTE	Development (Kshs. Bn)						Recurrent (Kshs. Bn)

Figure 4.10 shows the exchequer issues to GECA Sector in the first nine months of FY 2021/22. In the period under review, the State Department for Trade and Enterprise Development received the highest proportion of development exchequer issues to development net estimates at 85.6 per cent. In comparison, the State Department for Industrialisation received the lowest proportion of development exchequer issues to development net estimates at 31.7 per cent. The State Department for Regional and Northern Corridor Development recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 72.6 per cent. In comparison, the State Department for the East African Community recorded the lowest ratio of 65.1 per cent.

Figure 4.10: Exchequer Issues to the GECA Sector

Source: National Treasury

The total expenditure for the GECA sector amounted to Kshs.10.42 billion, representing 50.6 per cent of the gross estimates, compared to Kshs.11.35 billion (45.1 per cent), recorded in a similar period of the FY 2020/21.

This amount comprised Kshs.3.41 billion for the development budget representing an absorption rate of 51.8 per cent, compared to 45.8 per cent recorded in a similar period of the FY 2020/21 and Kshs.7.01 billion for recurrent expenditure representing 50.0 per cent of the recurrent gross estimates, compared to 44.5 per cent recorded in a similar period of the FY 2020/21.

The State Department for Industrialisation recorded the highest absorption on development and recurrent budget at 59.9 and 73.4 per cent, respectively. In comparison, the State Department for Tourism recorded the lowest absorption on development and recurrent at 40.9 and 17.8 per cent, respectively.

4.6.3 Budget Performance by Programmes for GECA Sector

The budgetary allocation was to fund eight programmes. Table 4.10 shows budget execution by programmes by the GECA sector in the first nine months of FY 2021/22.

Table 4.10: GECA Sector's Programme

VOTE	Programme	Gross estimates (Kshs. Bn)			Expenditure (Kshs. Bn)			Absorption Rate (%)
		Development	Recurrent	Total	Development	Recurrent	Total	
State Department for Industrialization	General Administration Planning and Support Services	-	0.43	0.43	0.01	0.24	0.25	58.7
	Industrial Development and Investments	0.84	1.44	2.28	0.33	0.54	0.87	38.3
	Standards and Business Incubation	2.43	1.25	3.68	0.57	0.75	1.32	35.8
State Department for Trade and Enterprise Development	Trade Development and Promotion	1.74	2.29	4.03	0.77	1.49	2.26	56.2

State Department for Tourism	Tourism Development and Promotion	0.48	5.21	5.68	0.19	0.93	1.12	19.8
Total		6.58	14.00	20.58	2.36	6.03	8.39	40.7

Source: MDAs and National Treasury

Tourism Development and Promotion programme under the State Department for Tourism received the highest budgetary allocation at Kshs.5.68 billion (25.4 per cent) of the gross estimates for the sector, while General Administration Planning and Support Services under the State Department for Industrialization had the lowest allocation at Kshs.426.45 million (1.9 per cent) of the gross estimates for the GECA sector.

An analysis of programme performance shows that the East African Affairs and Regional Integration programme under the State Department for East African Community recorded the highest proportion of programme expenditure to its gross estimates at 66.7 per cent. In comparison, Tourism Development and Promotion programme under the State Department for Tourism recorded the lowest at 19.8 per cent.

4.7 Governance, Justice, Law and Order (GJLO) Sector

4.7.1 Introduction

The GJLO Sector consists of fourteen MDAs, which include the State Department for Interior and Citizen Services, State Department for Correctional Services, State Law Office and Department of Justice, The Judiciary, Ethics and Anti-Corruption Commission (EACC), Office of the Director of Public Prosecutions (ODPP), Office of the Registrar of Political Parties (ORPP), Witness Protection Agency (WPA), Kenya

National Commission on Human Rights (KNCHR), Independent Electoral and Boundaries Commission (IEBC), Judicial Service Commission (JSC), National Police Service Commission (NPSC), National Gender and Equality Commission (NGEC), and the Independent Policing Oversight Authority (IPOA) as well as SAGAs and Tribunals under the Judiciary.

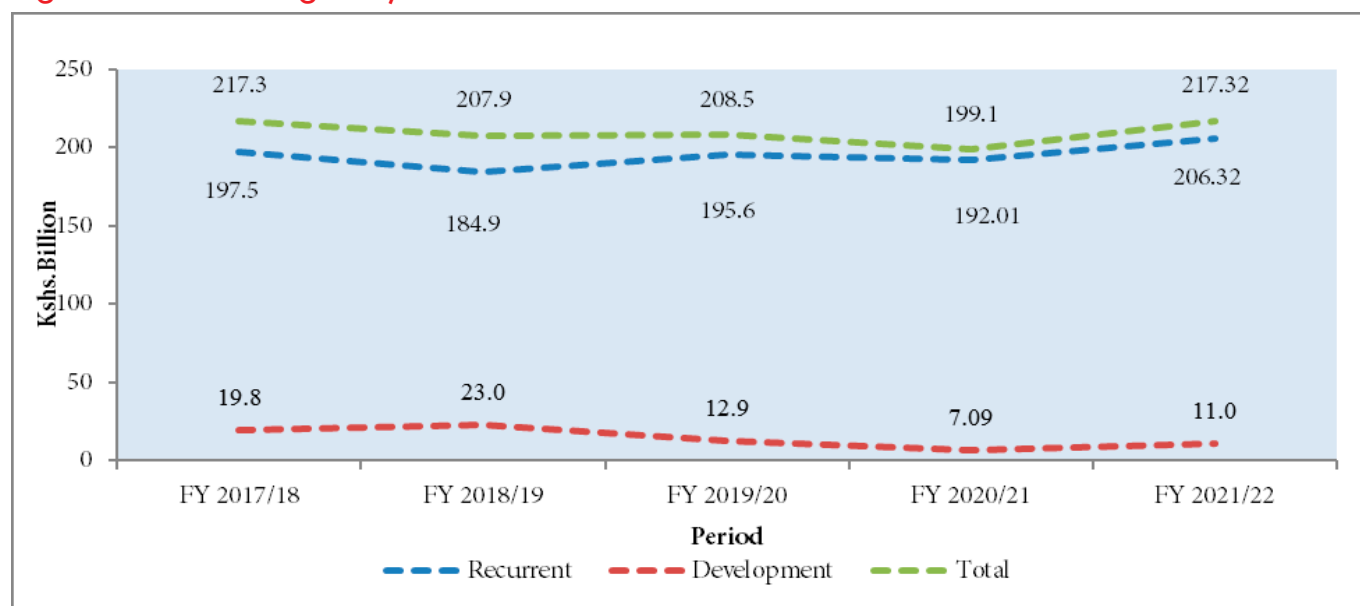

The GJLO Sector creates a favourable environment for the country's economic, social, and political development necessary for fulfilling the objectives of the Kenya Vision 2030. It comprises institutions with linkages in peace and security building, correctional services, legal advisory services to government agencies, representation of the national government in civil proceedings and matters before foreign courts and tribunals, and dispensation of justice. The GJLO Sector also plays a significant role in promoting good governance, integrity, and corruption eradication, providing public prosecution services, regulating political parties, and protecting witnesses and human rights. Further, the sector also plays an instrumental role in the delimitation of electoral boundaries and management of the electoral process, promoting gender equality, including marginalised groups and communities, and oversight of police operations.

Besides, this Sector plays a role in border management, peace-building and conflict management, registration services, regulation of the gaming industry, provision of population management services, eradicating drugs and substance abuse, crime research and government printing services. The Sector also plays a crucial role in ensuring national values and promoting national cohesion.

4.7.2 Budget Performance for GJLO Sector

The budgetary allocation to the GJLO Sector in the FY 2021/22 was Kshs.217.32 billion, representing 5.9 per cent of the gross national budget, compared to Kshs.199.10 billion allocated in the FY 2020/21. The allocation comprises Kshs.11 billion (5.1 per cent) for development activities and Kshs.206.32 billion (94.9 per cent) for recurrent expenditure. The budgetary allocation growth compared to FY 2020/21 is attributed to the additional funding to IEBC towards preparations for the 2022 general elections and the National Police Service budget under the State Department for Interior and Citizen Services.

The State Department for Interior and Citizen Services received the highest budgetary allocation of Kshs.138.59 billion (63.8 per cent of the sector's share). In comparison, the Kenya National Commission on Human Rights had the lowest budgetary allocation of Kshs.408.71 million (less than one per cent of the sector's funding). Figure 4.11 shows the budgetary allocation trend for the GJLO sector for the period FY 2017/18 to FY 2021/22.

Figure 4.11: Budgetary Allocation Trend for the GJLO Sector

Source: National Treasury

The total exchequer issues to the GJLO Sector amounted to Kshs.146.91 billion, representing 68.6 per cent of the sector's net estimates compared to 70.4 per cent (Kshs.137.10 billion) recorded in a similar period of FY 2020/21. This amount comprised Kshs.5.65 billion for development expenditure, representing 54.1 per cent of development net estimates compared to 59.6 per cent (Kshs.3.49 billion) recorded in a similar period FY 2020/21, and Kshs.141.26 billion for recurrent expenditure representing 69.4 per cent of recurrent net estimates compared to 70.7 per cent (Kshs.133.61 billion) recorded in a similar period of FY 2020/21. Table 4.11 shows the GJLO sector analysis of exchequer issues and expenditure in the first nine months of FY 2021/22.

In the period under review, the State Department for Interior and Citizen Services received the highest proportion of development exchequer issues to development net estimates at 65.7 per cent. In comparison, State Department for Correctional Services received the lowest at 7.1 per cent. The EACC recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 77.9 per cent, while the IEBC recorded the lowest ratio at 40.2 per cent. Figure 4.12 shows the exchequer issues to GJLO Sector in the first nine months of the FY 2021/22.

Figure 4.12: Exchequer Issues to the GJLO Sector

Source: National Treasury

The total expenditure for the GJLO sector amounted to Kshs.152.24 billion, representing 70.1 per cent of the gross estimates, compared to 71.3 per cent (Kshs.141.78 billion) recorded in a similar period of the FY 2020/21. This amount comprised Kshs.7.09 billion for the development budget representing an absorption rate of 64.5 per cent, compared to 97.6 per cent (Kshs.6.94 billion) recorded in a similar period of the FY 2020/21 and Kshs.145.15 billion for recurrent expenditure representing 70.4 per cent of the recurrent gross estimates, which was identical to the 70.4 per cent (Kshs.134.84 billion) recorded in a similar period of the FY 2020/21.

The IEBC recorded the highest absorption on the development budget at 126 per cent, while the State Department for Correctional Services recorded the lowest at 6.7 per cent. The EACC recorded the highest proportion of recurrent expenditure to gross estimates at 79.2 per cent, while the IEBC recorded the lowest at 56.3 per cent.

4.7.3 Budget Execution by Programmes for GJLO Sector

The GJLO sector allocation was to fund twenty-five programmes. Table 4.12 shows budget execution by programmes by the GJLO sector in the first nine months of FY 2021/22.

Table 4.12: GJLOS Sector's Programme

VOTE	Programme	Gross estimates (Kshs. Bn)			Expenditure (Kshs. Bn)			Absorption Rate (%)

Policing Services programme under the State Department for Interior and Citizen Services received the highest budgetary allocation at Kshs.100.57 billion (46.2 per cent) of the gross estimates for the sector, while the Delimitation of Electoral Boundaries under the Independent Electoral and Boundaries Commission had the lowest allocation at Kshs.102 million (0.1 per cent) of the gross estimates for the sector.

An analysis of programme performance shows that the population registration services programme under the State Department for Interior and Citizen Services recorded the highest proportion of programme expenditure to its gross estimates at 86.4 per cent. In comparison, the Road Safety programme under the State Department for Interior and Citizen Services and Probation and After Care Services under the State Department of Correctional Services recorded the lowest at 44.7 per cent, respectively.

4.8 Health Sector

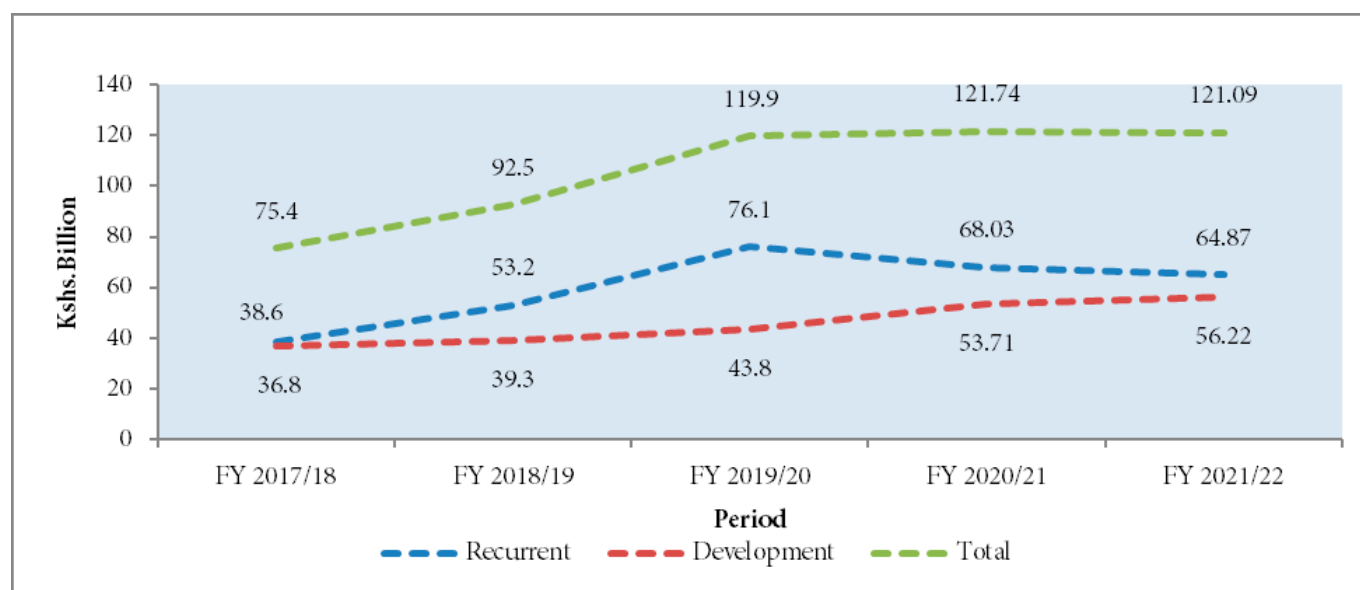

4.8.1 Introduction

Health is a devolved function under the Fourth Schedule of the Constitution of Kenya. At the national level Health sector is responsible for providing and coordinating health policy formulation, ensuring quality service delivery, and regulating health care.

The sector comprises of Ministry of Health and Semi-Autonomous Government Agencies, namely: Kenyatta National Hospital, Moi Teaching and Referral Hospital, Kenya Medical Research Institute, Kenya Medical Supplies Authority, Kenya Medical Training College, National AIDS Control Council, Kenyatta University Teaching, Referral and Research Hospital, National Cancer Institute of Kenya, Kenya Nuclear Regulatory Authority and the National Health Insurance Fund.

4.8.2 Budget Performance for Health Sector

The budgetary allocation to the Health sector in the FY 2021/22 was Kshs.121.09 billion, representing 3.3 per cent of the gross national budget, compared to Kshs.121.74 billion allocated in the FY 2020/21. The allocations comprised Kshs.56.22 billion (46.4 per cent) for development activities and Kshs.64.87 billion (53.6 per cent) for recurrent expenditure. Figure 4.13 shows the budgetary allocation for the Health sector for FY 2017/18 to FY 2021/22.

Figure 4.13: Budgetary Allocation Trend for the Health Sector

Source: National Treasury

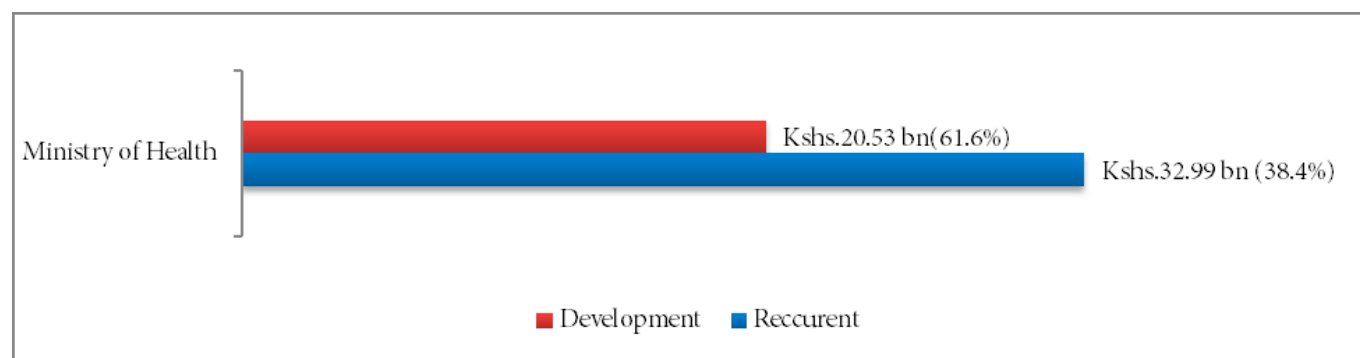

Total exchequer issues to the Health sector amounted to Kshs.53.12 billion, representing 58.1 per cent of the sector's net estimates, comprised of Kshs.20.53 billion for development expenditure, representing 45.9 per cent of development net estimates and Kshs.32.99 billion for recurrent spending representing 69.5 per cent of recurrent net estimates. Table 4.13 shows the Health sector analysis of exchequer issues and expenditures in the first nine months of FY 2021/22.

*RMNCAH: Reproductive Maternal Neo-natal Child and Adolescent Health

National Referral & Specialized Services programme received the highest budgetary allocation at Kshs.47.7 billion (39.4 per cent) of the gross estimates for the sector, while General Administration, Planning & Support Services had the lowest share at Kshs.7.0 million (5.8 per cent) of the gross estimates for the sector.

An analysis of programme performance shows that the General Administration, Planning and Support Services recorded the highest proportion of programme expenditure to its gross estimates at 56.6 per cent. In contrast, the Preventive, Promotive and Reproductive Maternal Neo-natal Child and Adolescent Health programme recorded the lowest at 21.5 per cent.

4.9 National Security Sector

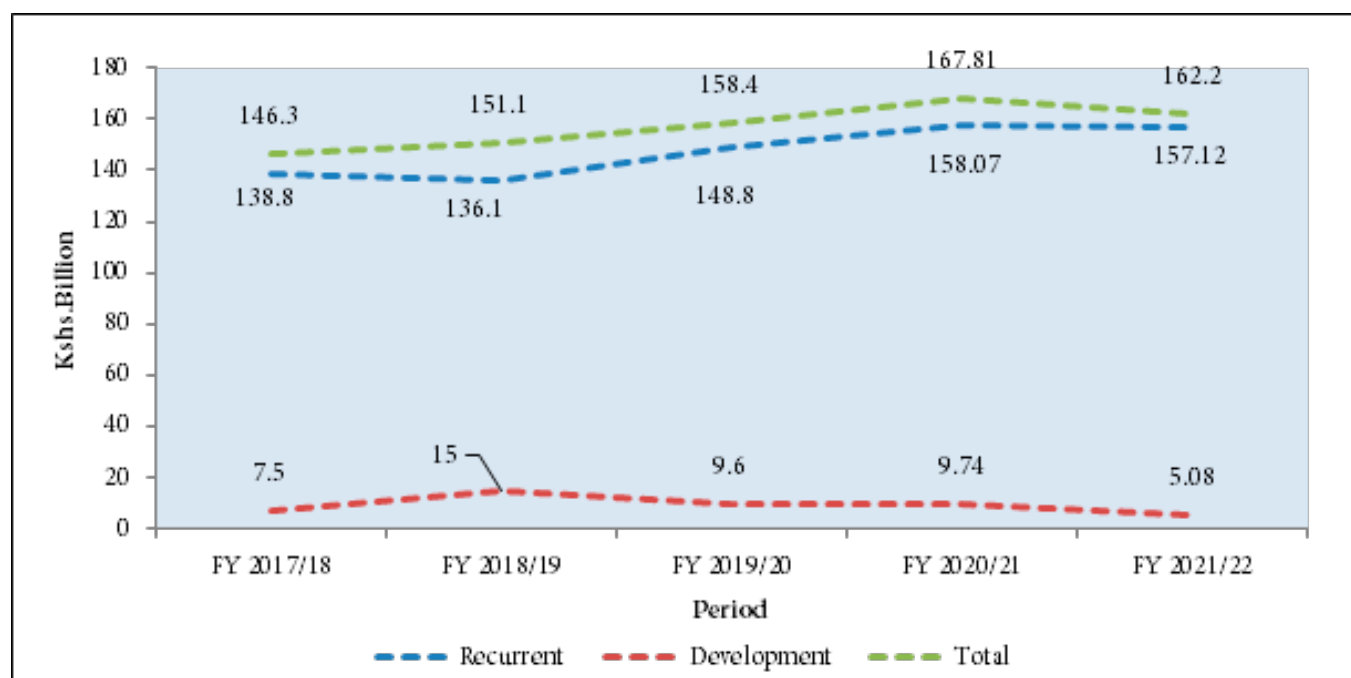

4.9.1 Introduction

The National Security sector has two MDAs namely the Ministry of Defence and the National Intelligence Service (NIS). The sector's mandate is to ensure the country's security against any threats emanating from within or outside the Kenyan borders, defend the country, and support the civil powers in maintaining peace and order.

4.9.2 Budget Performance for National Security Sector

The budgetary allocation to the National Security sector in the FY 2021/22 was Kshs.162.20 billion, representing 4.5 per cent of the gross national budget, compared to Kshs.167.81 billion allocated in the FY 2020/21. The allocation comprised Kshs.5.08 billion for development expenditure (3.1 per cent of the sector's budget) and Kshs.157.12 billion for recurrent expenditure (96.9 per cent of the sector's allocation). Ministry of Defence was allocated Kshs.119.75 billion (73.8 per cent of the sector's share), while NIS received Kshs.42.45 billion (26.2 per cent of the sector's allocation). Figure 4.15 below shows the budgetary allocation trend for the National Security sector for FY 2017/18 to FY 2021/22.

Figure 4.15: Budgetary Allocation Trend for the National Security Sector

Source: National Treasury

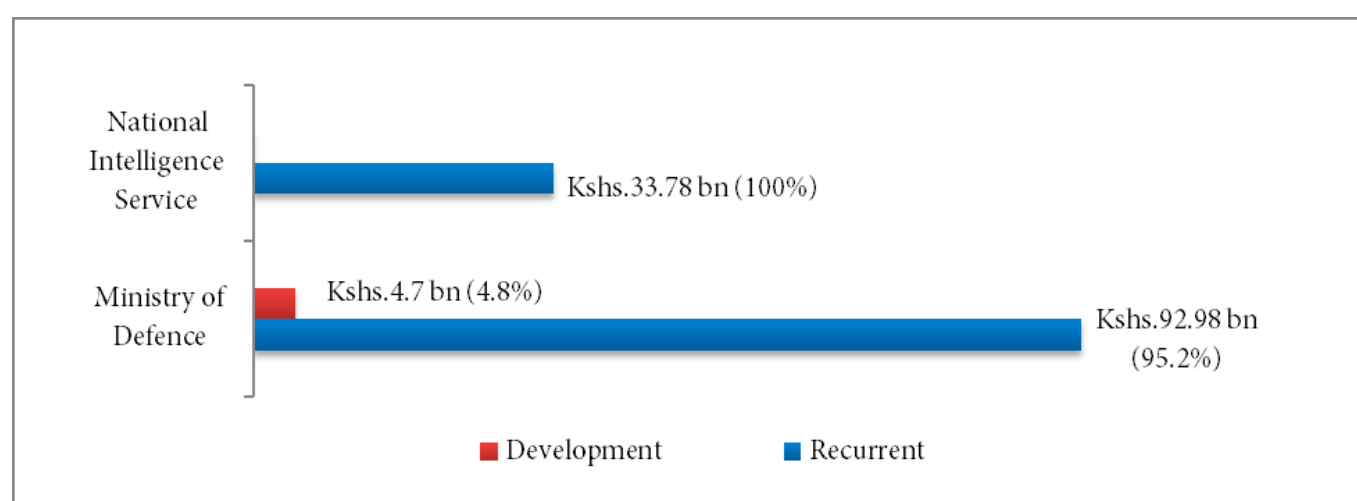

In the first nine months of the FY 2021/22, the National Security sector received exchequer issues of Kshs.131.46 billion, representing 81 per cent of the sector's net estimates, comprised of Kshs.4.70 billion for development expenditure representing 92.5 per cent of the development net estimates, and Kshs.126.76 billion for recurrent spending representing 80.7 per cent of the recurrent net estimates. Table 4.15 shows the National Security sector analysis of exchequer issues and expenditure in the first nine months of FY 2021/22.

Table 4.15: National Security Sector-Analysis of Exchequer Issues and Expenditure

VOTE	Development (Kshs. Bn)						Recurrent (Kshs. Bn)

Ministry of Defence received Kshs.92.98 billion for recurrent activities representing 81.1 per cent, and Kshs.4.7 billion for development expenditure representing 92.5 per cent of development exchequer net estimates, while NIS received Kshs.33.78 billion, representing 79.6 per cent of the recurrent annual estimates. Figure 4.16 shows the exchequer issues to the National Security Sector in the first nine months of FY 2021/22

Figure 4.16: Exchequer Issues to the National Security Sector

Source: National Treasury

The total expenditure for the National Security sector in the first nine months of the FY 2021/22 amounted to Kshs.122.99 billion, representing 75.8 per cent of the gross estimates, compared to 74.4 per cent (Kshs.124.96 billion) recorded in a similar period of the FY 2020/21. The Ministry of Defence spent Kshs.4.70 billion on development activities, an absorption rate of 92.5 per cent compared to 86.2 per cent (Kshs.8.40 billion) recorded in a similar period of FY 2020/21, and Kshs.85.43 billion on recurrent activities representing 74.5

per cent of the gross estimates compared to 80.2 per cent (Kshs.90.29 billion) recorded in a similar period of FY 2020/21. NIS spent Kshs.32.86 billion on recurrent activities, recording 77.4 per cent of its' gross estimates compared to 57.7 per cent (Kshs.26.28 billion) recorded in a similar period of FY 2020/21.

4.9.3 Budget Execution by Programmes for National Security Sector

The National Sector allocation in the FY 2021/22 was to fund five programmes. Table 4.16 shows budget execution by programmes by the National Security sector in the first nine months of FY 2021/22.

Table 4.16: National Security Sector's Programme Performance

VOTE	Programme	Gross estimates (Kshs. Bn)			Expenditure (Kshs. Bn)			Absorption Rate (%)
		Development	Recurrent	Total	Development	Recurrent	Total

Total		5.08	157.12	162.20	4.70	118.29	122.99	75.8

Source: MDAs and National Treasury

The Defence programme received the highest budgetary allocation at Kshs.116.87 billion (72.0 per cent) of the gross estimates for the sector, while National Space Management had the lowest share at Kshs.200 million (0.12 per cent) of the gross estimates for the sector both under the Ministry of Defence.

An analysis of programme performance shows that the National Space Management programme under the Ministry of Defence recorded the highest proportion of programme expenditure to its gross estimates at 100 per cent, while the General Administration, Planning and Support Services programme under the Ministry of Defence recorded the lowest at 44.0 per cent.

4.10 Public Administration and International Relations Sector

4.10.1 Introduction

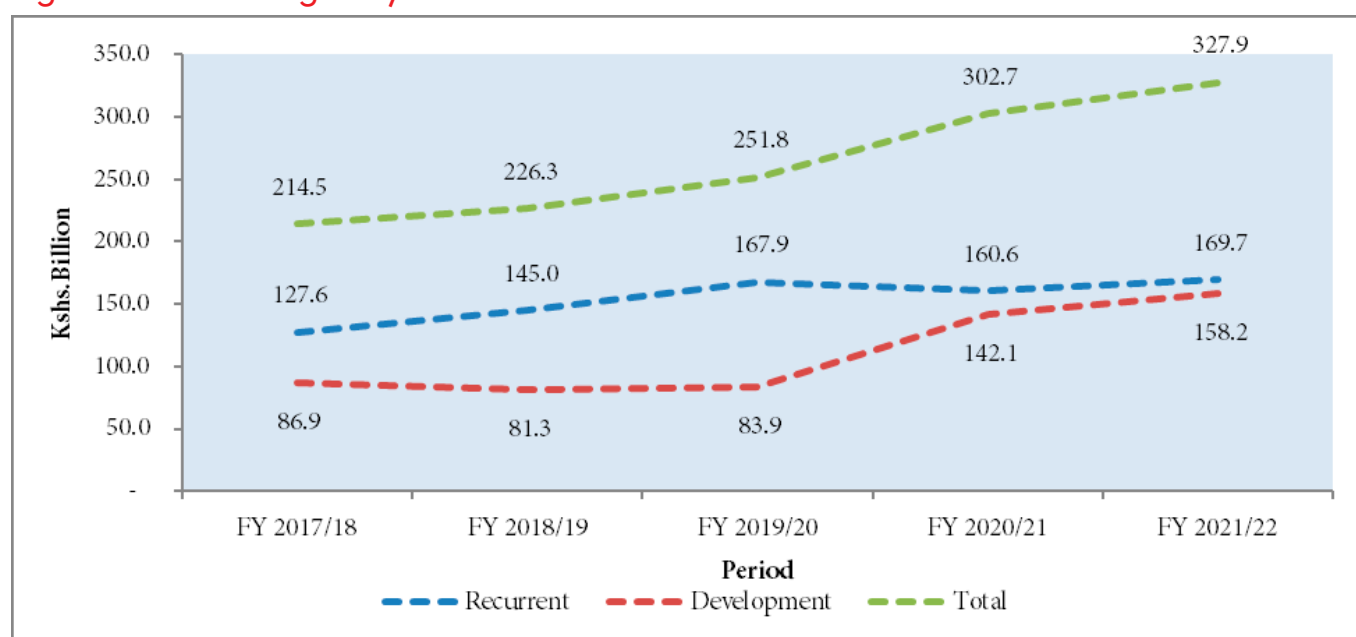

The PAIR sector consists of 15 MDAs, namely; The Executive Office of the President, State Department for Planning, State Department for Devolution, Ministry of Foreign Affairs, The National Treasury, State Department for Public Service, Parliamentary Service Commission, National Assembly, Parliamentary Joint Services, Commission on Revenue Allocation (CRA), Public Service Commission (PSC), Salaries and Remuneration Commission (SRC), Auditor General, Controller of Budget (COB), and Commission on Administrative Justice (CAJ).

The PAIR sector is a fundamental pillar of the Kenyan economy. The sector provides overall national leadership, oversight and policy direction, prudent public finance management for transparency and accountability, oversees national legislation, and the human resource function in the public service. Further, the sector coordinates national and sectoral development planning, management of population policy, implementation, monitoring and evaluation, resource mobilisation and management, devolution oversight, implementation of Kenya's foreign policy, and oversight of public resources and service delivery.

4.10.2 Budget Performance for the PAIR Sector

The budgetary allocation to the PAIR sector in the FY 2021/22 amounted to Kshs.327.87 billion, representing 9 per cent of the gross national budget, compared to Kshs.302.61 billion allocated in the FY 2020/21. The allocation consists of Kshs.158.19 billion (48.2 per cent) for development activities and Kshs.169.68 billion (51.8 per cent) for recurrent expenditure. The National Treasury received the highest budgetary allocation of Kshs.157.75 billion (48.1 per cent of the sector's budget). High allocation to the National Treasury is attributed transfer of Rail and Road programmes from the State Department for Transport, where they were budgeted for in the previous financial years. In comparison, the Commission on Revenue Allocation had the lowest budgetary allocation of Kshs.485.62 million (less than one per cent of the sector's budget). Figure 4.17 shows the budgetary allocation trend for the PAIR Sector for FY 2017/18 to FY 2021/22.

Figure 4.17: Budgetary Allocation Trend for the PAIR Sector

Source: National Treasury

The total exchequer issues to the PAIR sector amounted to Kshs.163.25 billion, representing 64.5 per cent of the sector's net estimates compared to 52.1 per cent (Kshs.139.54 billion) recorded in the first nine months of FY 2020/21. This amount comprised Kshs.64.72 billion for development expenditure, representing 66.3 per cent of development net estimates compared to 47.6 per cent (Kshs.56.05 billion) recorded in a similar period FY 2020/21 and Kshs.98.53 billion for recurrent spending representing 63.3 per cent of recurrent net estimates compared to 55.7 per cent (Kshs.83.49 billion) recorded in the FY 2020/21. Table 4.17 analyses exchequer issues and expenditure in the first nine months of the FY 2021/22 for the PAIR Sector.

Figure 4.18 shows the PAIR sector's exchequer issues in the first nine months of FY 2021/22. In the period under review, the State Department for Planning received the highest proportion of development exchequer issues to development net estimates at 87 per cent. In comparison, the Auditor General received the lowest at

25 per cent. The Ministry of Foreign Affairs recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 75.2 per cent. In comparison, the President's Executive Office recorded the lowest ratio of 44 per cent.

Figure 4.18: Exchequer Issues to the PAIR Sector

Source: National Treasury

The total expenditure for the PAIR sector amounted to Kshs.199.53 billion, representing 60.9 per cent of the gross estimates, compared to 58.6 per cent (Kshs.177.84 billion), recorded in a similar period of the FY 2020/21. This amount comprised Kshs.86.84 billion for the development budget representing an absorption rate of 54.9 per cent, compared to 58.8 per cent (Kshs.82.07 billion) recorded in a similar period of the FY 2020/21 and Kshs.112.69 billion for recurrent expenditure representing 66.4 per cent of the recurrent gross estimates, compared to 58.5 per cent (Kshs.95.77 billion) recorded in a similar period of the FY 2020/21.

The State Department for Planning recorded the highest absorption of the development budget at 87 per cent, while the Auditor General recorded the lowest at 1.1 per cent. The State Department for Devolution recorded the highest recurrent expenditure to gross estimates at 129.1 per cent, while the Salaries and Remuneration Commission recorded the lowest at 55.0 per cent.

4.10.3 Budget Execution by Programmes for the PAIR Sector

The PAIR sector allocation in the FY 2021/22 was to fund thirty-nine programmes. Table 4.18 shows budget execution by programmes in the Health sector in the first nine months of FY 2021/22.

Source: MDAs and National Treasury

General Administration, Planning and Support Services programme under The National Treasury received the highest budgetary allocation at Kshs.62.66 billion (19.0 per cent) of the gross estimates for the sector, while Performance and Productivity Management under the Public Service Commission had the lowest allocation at Kshs.34.4 million of the gross estimates for the sector.

An analysis of programme performance shows that the Special Initiative programme under the State Department for Devolution recorded the highest proportion of programme expenditure to its gross estimates at more than 100 per cent. In comparison, the Economic and Fiscal Policy Formulation and Management programme under the National Treasury recorded the lowest at 15.5 per cent. Absorption of funds above 100 per cent by the Special Initiative programme is attributed to expenditure incurred under Article 223 of the Constitution and regularized in Supplementary Budget I.

4.11 Social Protection, Culture and Recreation Sector

4.11.1 Introduction

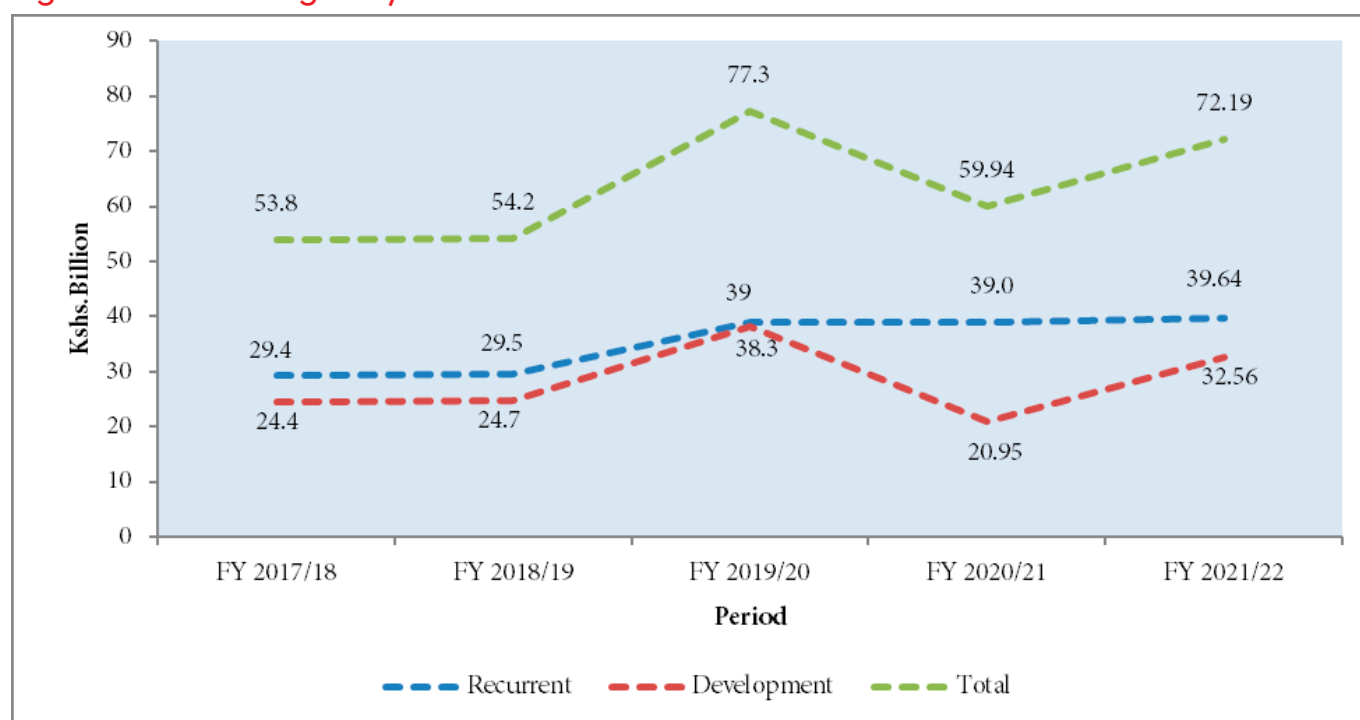

The Social Protection, Culture and Recreation (SPCR) Sector comprises the six Departments, namely Sports, Culture and Heritage, Labour, Social Protection, Pensions and Senior Citizens Affairs, Development of Arid and Semi-Arid Lands (ASALs) and Gender.

The SPCR sector plays a strategic role in the country's transformation and socio-economic development by implementing special programmes for the development of the ASALs. The SPCR sector undertakes the promotion of sustainable employment, harmonious industrial relations, a productive workforce and gender equity and equality. Other key roles include empowering communities and vulnerable groups, safeguarding children's rights, and promoting diverse cultures, arts and sports to enhance cohesiveness and Kenya's regional and international competitiveness.

4.11.2 Budget Performance for SPCR Sector

The budgetary allocation to the SPCR sector in the FY 2021/22 amounts to Kshs.72.19 billion, representing 2 per cent of the gross national budget, compared to Kshs.59.95 billion allocated in the FY 2020/21. The allocation comprised Kshs.32.56 billion (45 per cent), for development activities and Kshs.39.64 billion (55 per cent), for recurrent expenditure. The State Department for Social Protection, Pensions & Senior Citizens Affairs and Special Programmes received the highest budgetary allocation of Kshs.33.57 billion (46.5 per cent of the sector's budget). In comparison, the State Department for Culture and Heritage had the lowest budgetary allocation of Kshs.2.99 billion (4 per cent of the sector's funding).

Figure 4.19 shows the budgetary allocation trend for the SPCR sector for FY 2017/18 to FY 2021/22. Growth in budget allocation to the Social Protection, Culture and Recreation sector compared to FY 2020/21 is attributed to additional funding to cover new beneficiaries under the cash transfer programme under the State Department for Social Protection, Pensions and Senior Citizens Affairs and provision for the construction of stadia by the State Department for Sports. Significant allocations include; Kshs.16.7 billion for Cash Transfer to Elderly persons, Kshs.7.9 billion for Orphans and Vulnerable Children, Kshs.4.1 billion for Hunger Safety Net Programme and Kshs.1.2 billion for Cash Transfer to Persons with Severe disability.

Figure 4.19: Budgetary Allocation Trend for the SPCR Sector

Source: National Treasury

The total exchequer issues to the SPCR sector in the first month of the FY 2021/22 amounted to Kshs.26.72 billion, representing 48.9 per cent of the sector's net estimates. This amount comprised Kshs.7.83 billion for development expenditure, representing 47 per cent of development net estimates and Kshs.18.89 billion for recurrent spending representing 49.7 per cent of recurrent net estimates. Table 4.19 shows the SPCR sector analysis of exchequer issues and expenditure in the first nine months of FY 2021/22.

In the period under review, the State Department for Gender received the highest proportion of development exchequer issues to development net estimates at 97.1 per cent. In comparison, the State Department for Labour received the lowest at 16 per cent. The State Department for Development for the ASALs recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 71.5 per cent. In contrast, the State Department for Social Protection, Pensions & Senior Citizens Affairs recorded the lowest ratio of 44.7 per cent. Figure 4.20 shows the exchequer issues to the SPCR sector in the first nine months of FY 2021/22.

Figure 4.20: Exchequer Issues to the SPCR Sector

Source: National Treasury

The total expenditure for the SPCR sector amounted to Kshs.25.76 billion, representing 35.7 per cent of the gross estimates, compared to 55.1 per cent (Kshs.30.59 billion), recorded in a similar period of the FY 2020/21. Expenditure comprised Kshs.6.76 billion for the development budget representing an absorption rate of 20.8

per cent, compared to 61.8 per cent (Kshs.10.36 billion) recorded in a similar period of the FY 2020/21 and Kshs.19 billion for recurrent expenditure representing 47.9 per cent of the recurrent gross estimates, compared to 52.2 per cent (Kshs.20.23 billion) recorded in a similar period of the FY 2020/21.

The State Department for Gender recorded the highest absorption of the development budget at 85.3 per cent, while the State Department for Sports recorded the lowest at 0.8 per cent. The State Department for Development for the ASALs recorded the highest recurrent expenditure to gross estimates at 68.6 per cent. In comparison, the State Department for Labour recorded the lowest at 44.4 per cent.

4.11.3 Budget Execution by Programmes for SPCR Sector

The SPCR sector allocation was to fund fifteen programmes. Table 4.20 shows budget execution by programmes by the SPCR sector in the first nine months of FY 2021/22.

Table 4.20: SPCR Sector's Programme Performance

VOTE	Programme	Gross estimates (Kshs. Bn)			Expenditure (Kshs. Bn)			Absorption Rate (%)
		Development	Recurrent	Total	Development	Recurrent	Total

Source: MDAs and National Treasury

National Social Safety Net programme under the State Department for Social Protection, Pensions & Senior Citizens Affairs and Special Programmes received the highest budgetary allocation at Kshs.29.12 billion (40.3

per cent) of the gross estimates for the sector, while General Administration, Planning and Support Services under State Department for Culture and Heritage had the lowest allocation at Kshs.118 million (0.2 per cent) of the gross estimates for the sector.

An analysis of programme performance shows that the General Administration, Planning and Support Services programme under the State Department for Culture and Heritage recorded the highest proportion of programme expenditure to its gross estimates at 76.3 per cent. In contrast, Manpower Development, Employment and Productivity Management programme under the State Department for Labour recorded the lowest at 20.2 per cent

5 KEY ISSUES AND RECOMMENDATIONS

5.1 Introduction

This chapter highlights the critical issues that affected budget implementation in the first nine months of FY 2021/22. Further, it provides recommendations to achieve effective budget execution by the government.

5.2 Key Issues and Recommendations

In overseeing budget implementation in the first nine months of the FY 2021/22, the Controller of Budget identified critical issues as discussed hereunder;

5.2.1 High level of Exchequer Requests Under Article 223 of the Constitution

Requests for withdrawal of funds under Article 223 of the Constitution were significantly high and, in some instances, related to activities that could have been provided as part of the regular budget estimates. Article 223 (5) limits the national government expenditure to ten per cent of the sum appropriated by Parliament for that financial year unless in exceptional circumstances where Parliament has approved a higher percentage.

The analysis of exchequer issues under Article 223, releases to the following MDAs exceed the 10 per cent ceiling - Recurrent exchequer issues for the Ministry of Petroleum and Mining at 911.2 per cent. Others were; the Development exchequer for the following MDAs; Ministry of Defence - 19.7 per cent, the State Department for Early Learning & Basic Education at 24.6 per cent, the National Treasury at 16.7 per cent, the State Department for Infrastructure at 12.2 per cent, the State Department for Crop Development and Agricultural Research at 11 per cent and the State Department for Wildlife at 15.1 per cent.

Further, the State Department of Implementation of Curriculum Reforms did not have any provision in the original Budget as it was created after the conclusion of the budget process for FY 2021/22. Through the National Treasury, the State Department made exchequer requests totalling Kshs.22.4 million under Article 223 of the Constitution.

The Controller of Budget recommends strict adherence to the law in accessing and utilizing funds under Article 223 provisions of the Constitution.

5.2.2 High Level of Public Debt

As of 31st March 2022, public debt stock stood at Kshs.8.40 trillion, recording a 14.6 per cent growth from Kshs.7.34 trillion reported as of 31st March 2021. From the analysis of public debt growth, the exchange rate may be a contributing factor to this growth, given that 49.9 per cent of the public debt is denominated in foreign currency. The exchange rate of the Kenya Shilling to the US Dollar at the beginning of the financial year in July 2021 averaged at Kenya shillings 108.04 to the US dollar compared to the exchange rate as of 31st March 2022, when the dollar averaged 114.61 per Kenyan shilling, a difference of 6.57 Kenya shillings (6.08 per cent exchange rate depreciation). The depreciation of the Kenya shilling causes an increase in the stock of public debt in Kenya shilling terms and an increase in the debt cost (principal and interest). A growing foreign currency-denominated public debt in the background of a depreciating shilling necessitates an increase in the amount required for debt repayment provided for in the budget.

Total exchequer issues toward public debt in the first nine months of the FY 2021/22 amounted to Kshs.740.69 billion, representing 63.4 per cent of the net estimates of Kshs.1.17 trillion and presenting the highest proportion

of the Consolidated Fund Services at 88.3 per cent. Notably, exchequer issues towards public debt repayment have continuously crowded out exchequer issues towards recurrent expenditure, development expenditure, pensions and issues to county governments.

The Controller of Budget recommends that the National Government considers debt restructuring, hedging strategies, and the mopping up of idle cash held by public institutions. There is need to ensure borrowing is at a minimal cost and effective exchange rate control to reduce the high expenditure on payment of both principle and interest amount since most foreign debt is denominated in US dollars.

5.2.3 Low Absorption of Development Budget

As of 31st March 2022, the overall budget absorption level stood at 61.1 per cent against a prorated expectation of 75 per cent at the end of the first nine months of the FY 2021/22. This aggregate absorption comprised 47.5 per cent and 64.6 per cent for development and recurrent budgets, respectively. The absorption of the development budget was far below the target.

To ensure timely implementation of development activities, the Controller of Budget recommends that Accounting Officers expedite procurement processes to ensure programmes are executed in line with work plans. The timely implementation of programs will also enable payment before the end of the financial year and avoid accumulating pending bills.

5.2.4 Accumulation of Pending Bills

Accumulated pending bills figures reported from the Quarterly Economic and Budgetary Review Report published by the National Treasury shows that the total outstanding national government pending bills as of 31st March 2022 amounted to Kshs.434.5 billion, comprising Kshs.385.6 billion (88.7 per cent) for State Corporations and Kshs.48.9 billion (11.3 per cent) for MDAs respectively.

The Controller of Budget recommends that all MDAs and State Corporations ensure payment of the eligible pending bills is guided by the National Treasury Circular No.7/2019, which states that pending bills be prioritised as a first charge in the subsequent cycle of budget implementation, which most MDAs seem not to comply with National Treasury Circular No.7/2019.

5.2.5 Delay in Submission of Financial and Non-financial Reports to the Controller of Budget

The Controller of Budget is required under Article 228(6) of the Constitution to submit a budget implementation report for national and county governments to Parliament every quarter. The CoB provided guidelines and formats to MDAs to guide them when submitting their financial and non-financial reports for the first nine months of the FY 2021/2022 in to enhance uniformity and compliance in reporting.

However, some MDAs did not submit their reports as per the guidelines issued and did not disclose some expenditures and submitted latter than expected date. Non-disclosure of budget performance information may result in under-reporting and not reflecting the actual position of budget performance.

The Controller of Budget therefore, recommends that all Accounting Officers ensure that financial and non-financial performance reports reflect the proper position of the budget performance for accurate reporting and on timely manner as per Section 83 (4) of the Public Finance Management Act, 2012.

6 CONCLUSION

This report has been prepared in fulfilment of Article 228 (6) of the Constitution of Kenya, 2010, and Section 9 of the Controller of Budget Act, 2016. It is the third publication this year in a series of reports prepared to provide information on budget implementation for the FY 2021/22 by the National Government.

There were significant public debt repayments under the Consolidated Fund Services and supplementary expenditure under Article 223, which crowded out exchequer issues towards ordinary recurrent and development expenditure, pensions, and County governments. This scenario creates the need to closely monitor the Country's public debt and use of funds under Article 223 provisions.

Overall, the National government recorded improved budget performance compared to a similar period of the previous financial year. Revenue receipts into the Consolidated Fund recorded growth indicating economic recovery from the COVID-19 pandemic effects. Receipts into the Consolidated Fund stood at Kshs.2.08 trillion, representing 65.3 per cent of the annual target of Kshs.3.19 trillion, a growth of 11 per cent compared to Kshs.1.87 trillion (63.6 per cent) received in a similar period of FY 2020/21. Total exchequer issues to the Ministries, Departments and Agencies, Consolidated Fund Services, and County Governments were Kshs.2.0 trillion, representing 67.3 per cent of the net estimates, compared to 63.4 per cent (Kshs.1.87 trillion) recorded in a similar period of FY 2020/21.

Aggregate expenditure for the National Government for both development and recurrent votes was Kshs.2.0 trillion, representing 61.1 per cent of the gross estimates compared to 60.0 per cent (1.83 trillion) recorded in the first nine months of FY 2020/21. Development expenditure declined slightly despite the overall increase in aggregate expenditure compared to the first nine months of FY 2020/21. Ministerial development expenditure was Kshs.317.37 billion, recording an absorption rate of 47.5 per cent compared to 48.0 per cent (Kshs.334.55 billion recorded in a similar period of FY 2020/21, while recurrent ministerial expenditure was Kshs.931.54 billion, representing an absorption rate of 73.1 per cent compared to 64.0 per cent (Kshs.815.79 billion) recorded in a similar period of FY 2020/21. Expenditure under the Consolidated Fund Services was Kshs.749.41 billion, representing 56.5 of the printed estimates, compared to 63 per cent (Kshs.676.67 billion) incurred in the FY 2020/21

Despite the improved performance, the Controller of Budget identified some challenges that affected budget implementation. These were; delays in submission of financial and non-financial reports to the Office of the Controller of Budget by some MDAs, which occasioned delays in the timely preparation of this report, high level of exchequer requests under Article 223 of the Constitution, high level of public debt, and low absorption of the development budget.

Appropriate recommendations have been included to address the challenges that negatively impacted budget implementation. As mandated by the Constitution, the CoB will track the performance of the recommendations made and shall continue to publish and publicize quarterly budget implementation review reports. It is expected that information contained in the report will contribute to enhancing effective budget implementation and, ultimately, seamless services to citizens.

ANNEX I: MDAs Development Expenditure
