NATIONAL GOVERNMENT BUDGET IMPLEMENTATION REVIEW REPORT

FY 2022/23

AUGUST, 2023

FOREWORD

I am pleased to present the Annual National Government Budget Implementation Review Report for FY 2022/23. The report covers the period from 1st July 2022 to 30th June 2023. It has been prepared in fulfilment of Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, 2016, which require the Controller of Budget (COB) to submit to Parliament quarterly budget implementation reports of the National and County governments within thirty days after the end of each quarter.

The report provides the status of budget implementation in FY 2022/23. Notably, the FY 2022/23 budget was a transition budget approved and implemented for the first quarter of the financial year by the Jubilee Administration, while the Kenya Kwanza Administration executed the remaining three quarters following the General Elections held in August 2022. Further, Executive Order No.1 of 2022, issued by the Kenya Kwanza Administration upon assuming office, saw some Ministries, Departments and Agencies (MDAs) split while some new votes were established, thereby increasing the number of MDAs from sixty-eight to eighty-one. This government reorganisation occasioned a delay in budget implementation in the second quarter of the financial year.

The report provides information on the Supplementary II Budget approved in June 2023, receipts into the Consolidated Fund, funds released to the National and County governments, actual expenditures and budget absorption by the National government entities. In the budget performance review, MDAs are classified into ten sectors according to the United Nations Classification of Functions of Government, designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability across sectors. All analyses are based on financial reports from MDAs, data generated from the Integrated Financial Management Information System (IFMIS) and critical issues that came to my attention while executing my mandate.

I call upon the Legislature, which is mandated to oversee budget implementation; the National Treasury and Economic Planning, which is mainly responsible for the budget-making cycle and implementation in terms of technical support and funding and the MDAs that are the budget implementors, to consider and implement the recommendations contained in this report. Further, I call upon all other key stakeholders to use the information in this report to enhance accountability on budget performance. In line with my Constitutional mandate, I will always strive to promptly provide information on budget implementation.

EXECUTIVE SUMMARY

The Annual National Government Budget Implementation Review Report for FY 2022/23 covers 1st July 2022 to 30th June 2023. It has been prepared in fulfilment of Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016, which require the COB to submit quarterly budget implementation reports for the National and County governments to Parliament.

The reporting period is primarily defined by a transition in government and recovery from the adverse effects of the COVID-19 pandemic. Upon taking office, the new administration instituted measures to rationalise expenditure on non-core activities, reduce deficit financing, and enhance funding for development activities. On the other hand, economic policies and programs that cushioned citizens and businesses from the adverse impact of the pandemic were sustained to build on the progress realised in returning the economy to a more sustainable growth path for improved livelihoods.

The revised gross budget for both National and County Governments for FY 2022/23 amounted to Kshs.4.18 trillion, comprising Kshs.3.67 trillion for the National Government and Kshs.515.18 billion for the forty-seven County Governments. The National Government budget consisted of Kshs.584.29 billion for ministerial development expenditure, Kshs.3.09 trillion for recurrent expenditure (Kshs.1.51 trillion for recurrent ministerial expenditure and Kshs.1.58 trillion for Consolidated Fund Services (CFS).

Receipts into the Consolidated Fund amounted to Kshs.3.24 trillion, representing 89.6 per cent of the revised net estimates of Kshs.3.62 trillion. The total exchequer issues from the Consolidated Fund to MDAs, CFS and County Governments amounted to Kshs.3.24 trillion, representing 89.6 per cent of the revised net estimates, a decrease compared to 89.9 per cent recorded in FY 2021/22. The total expenditure by the National Government amounted to Kshs.3.18 trillion, representing 86.6 per cent of the revised gross estimates, an increase compared to 85.4 per cent (Kshs.3.0 trillion) recorded in FY 2021/22. The expenditure comprised ministerial development expenditure at Kshs.473.55 billion (absorption rate of 81.0 per cent), recurrent ministerial expenditure at Kshs.1.40 trillion (absorption rate of 92.8 per cent), CFS at Kshs.1.31 trillion (82.7 per cent), and gross expenditure for County governments amounting to Kshs.428.90 billion (83.6 per cent).

Development expenditure recorded a 14.4 per cent decline compared to Kshs.553.37 billion spent in FY 2021/22. The highest development expenditure categories included; capital transfers by the MDAs at Kshs.345.09 billion, followed by construction and civil works at Kshs.25.17 billion, representing 72.9 per cent and 5.3 per cent of the gross development expenditure, respectively.

A review of the recurrent expenditure shows that Kshs.551.44 billion was spent on Grants, and Kshs.542.46 billion¹ was spent on Compensation to Employees, representing 39.4 per cent and 38.7 per cent of the gross recurrent expenditure by MDAs. Subsidies totalled Kshs.127.72 billion, representing 9.1 per cent of the recurrent expenditure, while use of goods and services amounted to Kshs.94.44 billion representing 6.7 per cent of recurrent expenses.

The Public debt stock recorded 18.8 per cent growth from Kshs.8.63 trillion reported on 30th June 2022 to Kshs.10.25 trillion as of 30th June 2023, attributed to loan disbursements and weakening of

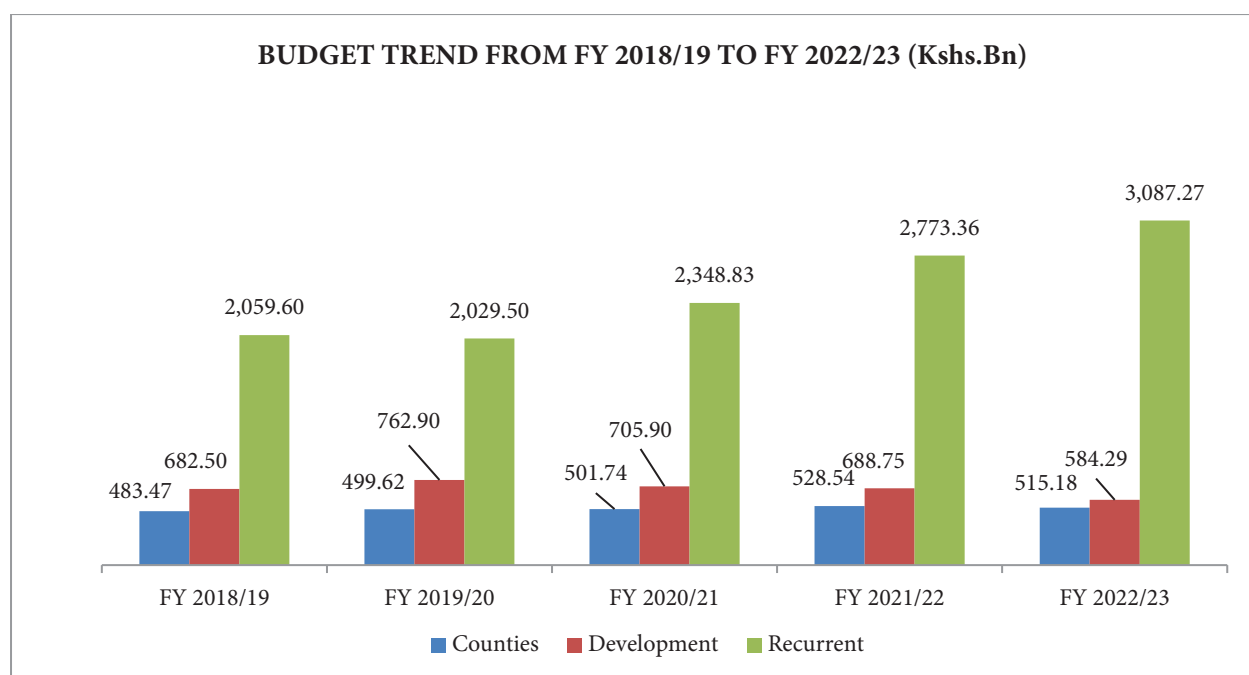

¹ Compensation to Employees doesn't include National Intelligence Service and Payment to Military under the Ministry of Defence both in the National Security Sector.

the Kenyan Shilling. The public debt stock comprises Kshs.4.83 trillion from domestic lenders and Kshs.5.42 trillion from external lenders. The allocation for servicing public debt was Kshs.1.39 trillion in the approved Supplementary Budget II, while cumulative expenditure on public debt in FY 2022/23 amounted to Kshs.1.15 trillion, representing 83.3 per cent of the annual allocation.

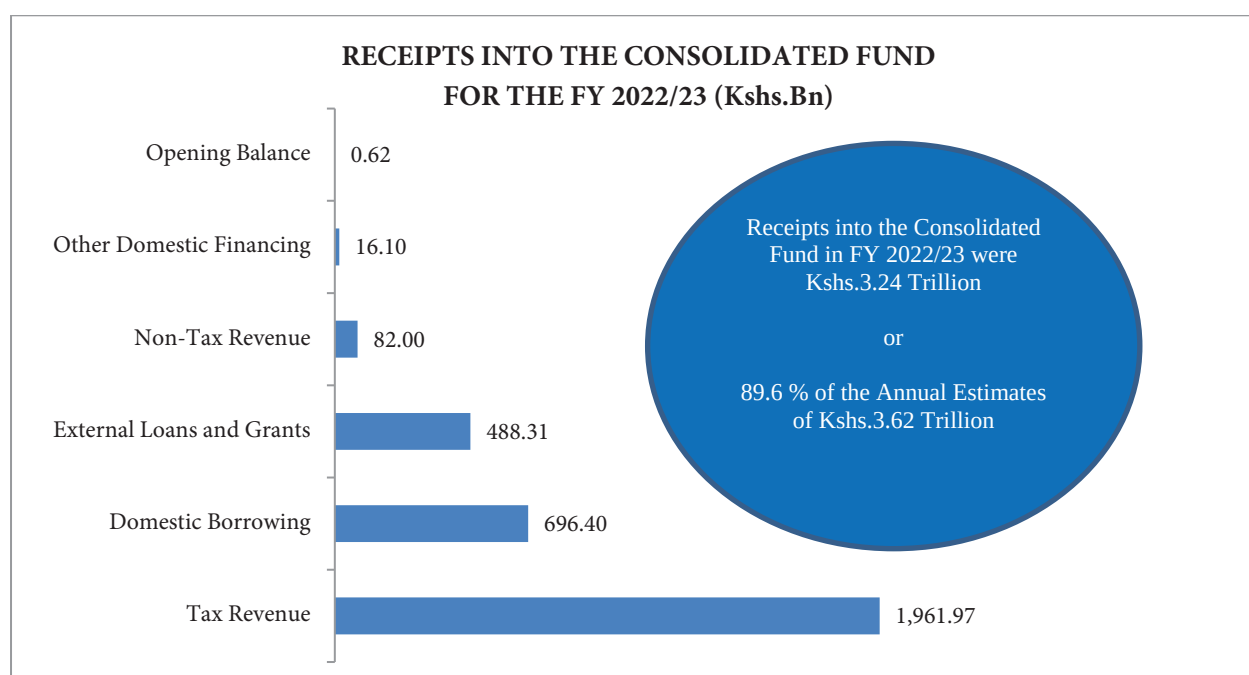

The Controller of Budget identified vital challenges that hindered effective budget implementation in FY 2022/23. They included: an increase in the public debt leading to a rise in the country's debt service costs, thereby limiting the government's fiscal space to undertake other critical policies and programmes; liquidity constraints arising from investors' preference for the shorter 91-day Treasury Bills; the establishment of a Special Committee on the verification of pending bills by the Cabinet on 27th June 2023 did not include critical institutions in public finance management such as the Controller of Budget, Office of the Auditor General, the National Treasury and County Treasuries. Further, several MDAs' economic items and sub-programmes exceeded their allocated budget and reflected negative balances.

To address the challenges, the Controller of Budget recommends a special audit of the existing loans and committed loans to link each loan to the funded project; the National Treasury should explore opportunities of accessing funding in multiple currencies to hedge against intense pressure on the local currency; fiscal consolidation to ensure budgetary discipline; consideration to include key players in public finance management in the pending bills verification committee as key stakeholders in the implementation of the budget; and finally, Accounting Officer should adhere to Section 43 of the PFM Act and ensure reallocated budget items are regularised in the consequent supplementary budget.

1 INTRODUCTION

The Office of the Controller of Budget (OCoB) is an independent office established under Article 228 of the Constitution of Kenya. Its primary mandate is to oversee the implementation of the budget for the National and County governments by authorising withdrawals from Public Funds under Articles 204, 206, and 207 of the Constitution and to report on the implementation of the budgets to each House of Parliament every four months. The report is in line with Section 9(5) of the COB Act 2016, which states that despite the first quarterly report of the year submitted under Section 9, each subsequent report shall contain cumulative amounts from the beginning of that year.

In the analysis of the budget performance, the MDAs are classified into ten sectors, according to the United Nations Classification of the Functions of the Government, including (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environmental Protection, Water and Natural Resources, (v) General Economic and Commercial Affairs, (vi) Governance, Justice, Law and Order, (vii) Health, (viii) National Security, (ix) Public Administration and International Relations, (x) Social Protection, Culture, and Recreation, sector.

The report is presented in six chapters. Chapter One is the introduction. Chapter Two presents receipts into the Consolidated Fund and actual withdrawals from the Consolidated Fund to fund expenditures for the Consolidated Fund Services, Development budget, Recurrent Budget and the equitable shareable revenue to County governments. The National government budget comprises gross and net estimates; the difference is referred to as Appropriation-In-Aid (A-I-A). A-I-A may be loans, grants from development partners and fees/levies for services rendered by MDAs and are used to defray expenses. Net Estimate is the proportion of budget funded through the exchequer by the National Treasury, and its performance is based on the proportion issued over the net estimates.

Chapter Three presents a summary of budget performance, the status of pending bills for the National and County governments, and MDAs' expenditure by economic classification disaggregated into development and recurrent votes. In addition, it presents Consolidated Fund Services performance, which includes Public debt, Salaries, allowances and Miscellaneous Services and Pensions and gratuity.

Chapter Four presents the budget performance of MDAs in each of the ten sectors. The absorption rate is the proportion of expenditure to the gross budget and expresses the implementation percentage of the budget in the financial year. The budget performance reflects the MDAs' expenditure, deliverables by programmes and sub-programmes, both financial and non-financial and major ongoing projects completion status.

Chapter Five presents the key issues identified by the Controller of Budget as inhibitors of effective budget implementation in FY 2022/23. Appropriate recommendations are included to address the problems identified.

Chapter Six provides the report's conclusion. Annexes support the chapters. Annex I presents a summary of MDAs' development expenditure, Annex II presents MDAs' recurrent expenditure, Annex III shows MDAs' development expenditure by sector, Annex IV shows MDAs' recurrent spending by sector, Annex V shows MDAs' total expenditure by sector, Annex VI shows Capital Transfer to SAGAs,

Annex VII shows Current Transfer to SAGAs, Annex VIII shows MDAS pending bills for FY 2022/23 as of 31st June 2023, Annex IX shows State Corporations/State Owned Enterprises/SAGAS pending bills for FY 2022/23 as of 31st June 2023, Annex X displays County Governments Pending Bills For FY 2022/23 as of 30th June 2023. Annex XI shows a summary of compensation to employees paid through IPPD compared to IFMIS payment.

2 ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1 Introduction

This chapter presents the performance of receipts into the Consolidated Fund and exchequer issues by the National Treasury as approved by the Controller of Budget in FY 2022/23. Exchequer Issues comprise approvals towards development, recurrent expenditure and to the forty-seven Counties. In addition, it gives a synopsis of exchequer issues under Article 223 of the Constitution, funds approved for withdrawal from the Equalisation and Judiciary Funds' respectively.

2.2 Revenue Estimates and Receipts into the Consolidated Fund

This section presents a summary of receipts into the Consolidated Fund for FY 2022/23. The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and refers to the account into which all money raised or received by or on behalf of the National government is paid. However, it excludes monies reasonably excluded by an Act of Parliament and payable into other public funds established for a specific purpose or is retained by the State organ that received it to defray its expenses.

2.2.1 Revenue Estimates for FY 2022/23

The original revenue estimate for FY 2022/23 was Kshs.3.54 trillion, revised to Kshs.3.61 trillion in Supplementary Budget I and to Kshs.3.62 trillion in Supplementary Budget II compared to Kshs.3.33 trillion (revised), allocated in FY 2021/22, representing 1.6 per cent growth (Kshs.0.06 billion). To finance the budget, the government budgeted to raise revenue from Tax Revenue (Kshs.2.08 trillion), Non-Tax Revenue (Kshs.65.56 billion), Domestic Borrowing (Kshs.948.11 billion), External Loans and Grants (Kshs.513.42 billion) and Other Domestic Financing (Kshs.13.23 billion).

The specific revenue categories projected to grow were Tax Revenue by 0.4 per cent (Kshs.7.91 billion) and External Loans and Grants by 47 per cent (Kshs.164.09 billion). Non-Tax Revenue, Other Domestic Financing and Domestic borrowing reduced by 5.9 per cent (Kshs.4.1 billion) and 8.9 per cent (Kshs.92.35 billion), respectively.

2.2.2 Receipts into the Consolidated Fund

In FY 2022/23, actual receipts into the Consolidated Fund amounted to Kshs.3.24 trillion, representing 89.6 per cent of the annual target, compared to Kshs.3.06 trillion (91.7 per cent of the annual target) recorded in FY 2021/22. The receipts comprised opening balances from the previous financial year (FY 2021/22), Tax and Non-Tax Revenue, Domestic borrowing, External Loans and Grants, and Other Domestic Financing. Table 2.1 presents the statement of actual receipts into the Consolidated Fund in FY 2022/23.

The Tax Revenue category contributed the highest proportion to total receipts at 60.5 per cent, followed by Domestic Borrowing at 21.5 per cent, as shown in Figure 2.1.

Figure 2.1: Contribution into the Consolidated Fund by Receipt Category

Figure 2.2: Trend in Receipts into the Consolidated Fund

Source: National Treasury

Trend analysis shows a 6.1 per cent growth in receipts in FY 2022/23 compared to a similar period in FY 2021/22. This is mainly attributed to External Loans and Grants growth from Kshs.239.61 billion received in FY 2021/22 to Kshs.488.31 billion received in FY 2022/23 (an increase of Kshs.248.7 billion). In addition, tax revenue recorded an increase of Kshs.122.50 billion compared to Kshs.1,784.39 billion received in FY 2021/22. Further, as shown in Table 2.1, Non-Tax Revenue had the highest performance against the annual target of 125.1 per cent, followed by Other Domestic Financing at 121.7 per cent. On the other hand, Domestic Borrowing had the lowest performance of 73.5 per cent against its annual target, i.e. it dropped by Kshs.180.64 billion from Kshs.877.04 billion received in FY 2021/22.

2.3 FY 2022/23 Overall Budget

The approved gross budget for FY 2022/23 amounted to Kshs.4.19 trillion, revised to Kshs.4.18 trillion after budget revisions. The original budget comprised Kshs.715.35 billion for development expenditure and was revised to Kshs.618.16 billion in Supplementary Budget I and Kshs.582.24 billion in Supplementary Budget II, Kshs.2.97 trillion for recurrent expenditure adjusted to Kshs.3.05 trillion in Supplementary Budget I and Kshs.3.09 trillion in Supplementary Budget II, and Kshs.515.18 billion to County Governments including Kshs.399.6 billion as shareable revenue from the National government. The revised budget represented a 4.6 per cent (Kshs.185.3 billion) increase compared to the Kshs.4 trillion approved in FY 2020/21

2.4 Exchequer Issues by the National Treasury

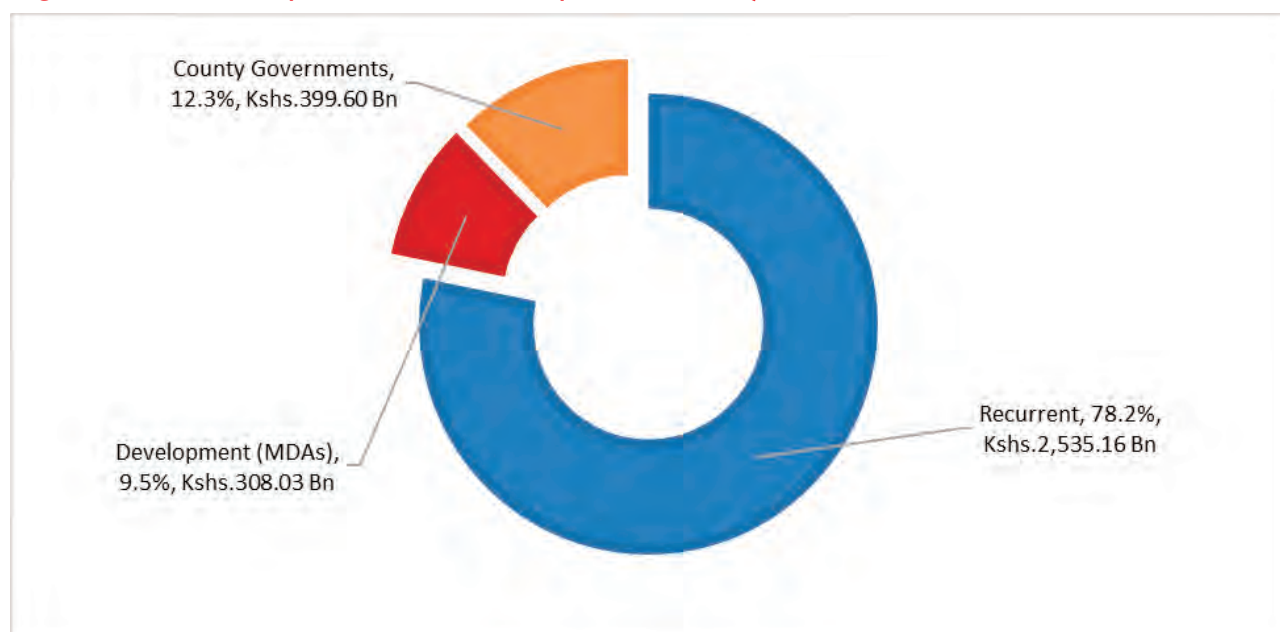

In FY 2022/23, exchequer issues to National and County governments amounted to Kshs.3.24 trillion, representing 89.6 per cent of the annual revised net estimates (Kshs.3.62 trillion), compared to Kshs.3.08 trillion (92.3 per cent) issued in FY 2021/22. Table 2.2 summarises exchequer issues by the National Treasury in FY 2022/23.

2.5 Exchequer Issues by Sector

MDAs are classified into ten sectors according to the United Nations Classification of Functions of Government, designed to support fiscal analysis by breaking down Government Financial Statistics for comparability across sectors. The ten sectors include (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure, and Information Communications Technology,

(iv) Environmental Protection, Water and Natural Resources, (v) General Economic and Commercial Affairs, (vi) Governance, Justice, Law and Order, (vii) Health, (viii) National Security, (ix) Public Administration and International Relations, (x) Social Protection, Culture, and Recreation, sector. A detailed sector performance is presented in Chapter Four of this report.

In FY 2022/23, exchequer issues to MDAs amounted to Kshs.1.53 trillion, representing 93.1 per cent of the revised net estimates, compared to 93.4 per cent (Kshs.1.55 trillion) recorded in FY 2021/22. Table 2.3 summarises the sector's exchequer issues in FY 2022/23.

The Education sector received the highest proportion of exchequer issues to revised net estimates at 97.9 per cent a similar proportion as compared to FY 2021/22. The General Economic and Commercial Affairs sector received the lowest exchequer issues at 84.2 per cent a drop of 9.1 per cent from the 93.3 per cent exchequer disbursement to net estimates in FY 2021/22.

2.5.1 Development Exchequer Issues by Sector

In FY 2022/23, gross allocation to the development budget was Kshs.715.35 billion, revised to Kshs.618.16 billion in Supplementary Budget I, and Kshs.582.24 billion in Supplementary Budget II representing 15.9 per cent of the National Government budget of Kshs.3.67 trillion and 27.9 per cent of ministerial allocation (Kshs.2.09 trillion). Table 2.4 shows the development vote budget and exchequer issues by sector in FY 2022/23.

Total development exchequer issues in FY 2022/23 amounted to Kshs.308.03 billion, (representing 82.4 per cent of the revised net estimates), a decline of 9.7 per cent compared to Kshs.341.01 billion (80.4 per cent) in FY 2021/22. Sectors whose percentage of exchequer issues to revised net estimates declined between FY 2022/23 and FY 2021/22 include the National Security Sector (a drop of 48.1 per cent), GECA Sector (a drop of 20.1 per cent), SPCR Sector (a drop of 16.2 per cent) and ARUD Sector (a drop of 9.6 per cent).

Analysis of exchequer issues towards development expenditure by sector shows that the Public Administration and International Relations sector received the highest proportion of exchequer issues to revised net estimates at 88.6 per cent. In comparison, the National Security sector received the lowest at 51.9 per cent. Under the PAIR Sector's State Department for Economic Planning received 99.7 per cent of exchequer issues to its revised net estimates at Kshs.47.56 billion and the National Treasury received 79.1 per cent of exchequer issues to its revised net estimates of Kshs.41.7 billion. 2.5.2 Recurrent Exchequer Issues by Sector

In FY 2022/23, the gross ministerial recurrent vote budget amounted to Kshs.1.40 trillion, revised to Kshs.1.50 trillion in Supplementary Budget I, and Kshs.1.51 trillion in Supplementary Budget II, representing 41.1 per cent of the National Government Budget Allocation of Kshs.3.57 trillion, compared to Kshs.1.46 trillion allocated in FY 2021/22. Table.2.6 shows the recurrent sectorial estimates and exchequer issues FY 2022/23.

Total exchequer issues towards recurrent ministerial expenditure in FY 2022/23 amounted to Kshs.1.22 trillion, representing 96.3 per cent of the revised net estimates, compared to 97.9 per cent (Kshs.1.21 trillion) recorded in FY 2021/22.

Analysis of MDAs' recurrent exchequer issues shows that the Agriculture, Rural and Urban Development sector received the highest percentage of exchequer issues at 122.3 per cent. In contrast, the Public Administration and International Relations sector received the lowest proportion at 87.8 per cent. The high performance in the ARUD sector's is attributed to the 153.0 per cent recurrent exchequer issues to revised net estimates to the State Department for Crop Development and Agricultural Research with the performance tied to Kshs.4 billion maize flour subsidy programme that was approved under Article 223 of the Constitution but subsequently was not approved by Parliament in FY 2022/23. The PAIR sector's low performance is mainly attributed to low recurrent exchequer issue of 82.6 per cent to the National Treasury and 84.5 per cent to the National Assembly. Table 2.7 shows recurrent exchequer issues to the MDAs in each of the ten sectors in FY 2022/23.

2.5.3 Exchequer Issues towards Consolidated Fund Services

The CFS comprises funds allocated towards (i) Repayment of Public Debt (domestic and foreign) and government-guaranteed loans to parastatals, (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Officeholders and Miscellaneous Services, and (iv) Subscriptions to International Organisations.

The allocation to CFS in FY 2022/23 amounted to Kshs.1.57 trillion, revised to Kshs.1.55 trillion in Supplementary Budget I, and Kshs.1.58 trillion in Supplementary Budget II, an increase compared to Kshs.1.31 trillion allocated in FY 2021/22. The 20.5 per cent growth (Kshs.269.23 billion) is attributed to increased allocation to Public Debt; Pensions and Gratuities; and Salaries, Allowances and Miscellaneous Services. Table 2.8 shows the exchequer issues to CFS in FY 2022/23.

In FY 2022/23, exchequer issues to CFS were Kshs.1.31 trillion, representing 83.3 per cent of the revised net estimates, compared to 91 per cent (Kshs.1.19 trillion) recorded in FY 2021/22. Public Debt received the highest percentage of exchequer issues to net estimates at 83.9 per cent, while Salaries, Allowances

and Miscellaneous Services had the lowest at 78.5 per cent. It was also observed that despite Pension and Gratuities having an increase in its allocation in FY 2022/23 as compared to FY 2021/22 the actual amount of exchequer issued was lower in FY 2022/23 in comparison to FY 2021/22.

2.5.4 Exchequer Issues Under Article 223 of the Constitution

Article 223 of the Constitution allows additional funding during the budget implementation before approval by Parliament to be ratified at a future date. In the 2022/23 financial year, the Controller of Budget authorised withdrawals of Kshs.82.27 billion. This amount was 2.7 per cent of net budget estimates and, therefore, within the 10 per cent ceiling set out in the Article 223 of the Constitution of Kenya. Table 2.9 summarises exchequer Issues under Article 223 of the Constitution.

2.6 Withdrawals from the Equalization Fund

The Equalisation Fund is established under Article 204 (1) of the Constitution of Kenya, which requires that half a per cent (0.5 per cent) of all the revenue collected by the National government each year, calculated based on the most recent audited revenue received, as approved by the National Assembly, to

be paid into the Fund. Article 204(2) of the Constitution provides that the National Government shall use the Equalisation Fund only to provide essential services, including Water, Roads, Health Facilities, and Electricity to marginalised areas to the extent necessary to bring the quality of those services in those areas to the level generally enjoyed by the rest of the nation, so far as is possible.

In the FY 2022/23, the Controller of Budget authorised Kshs.670.35 million from the Equalization Fund comprising Kshs.567.85 million for development expenditure for pending bills projects implemented by the State Department for Water, Sanitation and Irrigation, and Kshs.102.5 million related to Equalization Fund Secretariat expenses. Table 2.10 below shows the approval for withdrawals from the Equalisation Fund in FY 2022/23.

2.7 Withdrawals from the Judiciary Fund

The Judiciary Fund (JF) is established under Article 173 of the Constitution of Kenya 2010 and operationalised on 1st July 2022. In the FY 2022/23, requisitions for the approval to withdraw funds from the Judiciary Fund Account to the Judiciary Operation Accounts were submitted to CoB and approval for withdrawal amounting to Kshs.20.24 billion was granted. This comprised Kshs.1.5 billion (79 per cent of the development budget) for development activities and Kshs.18.74 billion (97.4 per cent of the recurrent budget) for recurrent activities. Table 2.11 shows the approval for withdrawal from the Judiciary Fund during the period under review..

3 OVERALL BUDGET PERFORMANCE

3.1 Introduction

This chapter presents the overall budget performance in FY 2022/23 for the National and County Governments, comprising development and recurrent expenditure. National government recurrent consists of Ministerial expenditure and Consolidated Fund Services. CFS comprises Public debt, Pensions, and Gratuities, as well as Salaries and Allowances to Constitutional Office holders and Miscellaneous services. The chapter also presents the budget performance by economic classification for the development and recurrent votes for MDAs. In addition, it presents pending bills status as of 30th June 2023.

3.2 Overall Government Budget Performance

The approved gross budget for both National and County Governments for the FY 2022/23 amounted to Kshs.4.19 trillion, revised to Kshs.4.18 trillion in Supplementary Budget I, and Kshs.4.18 trillion in Supplementary Budget II, presenting 4.6 per cent growth compared to Kshs.4 trillion in a similar period in FY 2021/22. This comprised Kshs.715.35 billion for MDAs' development expenditure revised to Kshs.618.16 billion in Supplementary Budget I, and Kshs.582.24 trillion in Supplementary Budget II, (*see Annex I, referenced on page 131*), Kshs.1.40 trillion for MDAs' recurrent revised to Kshs.1.50 trillion in the Supplementary Budget I, and Kshs.1.51 trillion in Supplementary Budget II, (*see Annex II, referenced on page 134*), Kshs.1.57 trillion for CFS revised to Kshs.1.55 trillion in the Supplementary Budget I, and Kshs.1.58 trillion in Supplementary Budget II, and Kshs.515.18 billion cumulative County Governments Budget that includes the equitable share of Kshs.399.6 billion.

The MDAs' Development and County budgets recorded a decline of 15.2 per cent and 3.8 per cent compared to Kshs.688.75 billion and Kshs.535.74 billion recorded in a similar period FY 2021/2. In contrast, the MDAs' recurrent and CFS allocation recorded growth of 3.1 per cent and 20.5 per cent compared FY 2021/22 allocations of Kshs.1.46 trillion and Kshs.1.31 trillion, respectively.

The government targeted to finance the budget through revenue of Kshs.2.15 trillion revised to Kshs.2.21 trillion in Supplementary Budget I, and Kshs.2.16 trillion in Supplementary Budget II, which comprises tax revenue of Kshs.2.08 trillion, non-tax revenue of Kshs.65.56 billion, and other domestic financings of Kshs.13.23 billion. The budget was also to be financed by domestic borrowing of Kshs.1.46 trillion, which comprises net domestic borrowing of Kshs.480.42 billion and internal debt redemptions (roll-overs) of Kshs.467.69 billion. Further, the budget was to be financed by external loans and grants amounting to Kshs.513.42 billion.

The County governments targeted to finance their budget(s) by Kshs.370.00 billion as the equitable share of revenue raised Nationally, generate Kshs.57.37 billion from own revenue sources, utilise Kshs.42.03 billion cash balance from FY 2021/22 (including Kshs.29.60 billion balance as at 30th June 2022 equitable share) and Kshs.22.52 billion as conditional grants (Kshs.5.36 billion and Kshs.17.16 billion from national government and development partners respectively).

Table 3.1 shows the overall budget performance of the National government and County governments in FY 2022/23.

The total funding by the National Treasury and County Treasuries in FY 2022/23 was Kshs.3.27 trillion, representing 87.6 per cent of the revised net estimates, compared to 89.9 per cent (Kshs.3.15 trillion) recorded in a similar period FY 2021/22. The exchequer issues comprised Kshs.308.03 billion (82.4 per cent) for MDAs' development expenditure, Kshs.1.22 trillion for recurrent MDAs' expenditure (96.3 per cent), Kshs.1.31 trillion to CFS (83.3 per cent) and Kshs.430.48 billion for the County Governments (83.6 per cent). The National and County governments' gross expenditure was Kshs.3.61 trillion, recording an absorption rate of 86.2 per cent, compared to 83.9 per cent (Kshs.3.36 trillion) recorded in FY 2021/22.

National Government gross expenditure amounts to Kshs.3.18 trillion, representing 86.6 per cent of the revised gross estimate, comprising MDAs' development expenditure at Kshs.473.55 billion (absorption rate of 81.0 per cent), recurrent MDAs' expenditure at Kshs.1.4 trillion (absorption rate of 92.8 per cent) and Consolidated Fund Services at Kshs.1.31 trillion (82.7 per cent). Gross expenditure for County governments amounted to Kshs.428.90 billion, recording an absorption rate of 83.3 per cent, compared to Kshs.400.96 billion (74.8 per cent) recorded in FY 2021/22. This comprised development expenditure amounting to Kshs.97.98 billion (absorption rate of 61.0 per cent) and recurrent expenditure at Kshs.330.92 billion (recording an absorption rate of 93.3 per cent). 3.3 Consolidated Fund Services (CFS) Budget Performance

The CFS comprises funds allocated towards (i) Repayment of Public Debt (domestic and foreign) and government-guaranteed loans to parastatals, (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Officeholders and Miscellaneous Services, and (iv) Subscriptions to International Organisations.

In the FY 2022/23, the CFS was allocated Kshs.1.57 trillion, revised to Kshs.1.55 trillion in Supplementary Budget I and Kshs.1.58 trillion in Supplementary Budget II recording 20.5 per cent growth (Kshs.268.26 billion) compared to Kshs.1.31 trillion allocated in FY 2021/22. The growth is attributed to additional budget on all the CFS categories with Salaries, Allowances and Miscellaneous recording the highest proportion, above 100 per cent as shown in Table 3.2.

A review of CFS allocation in FY 2022/23 shows that public debt recorded Kshs.10.3 billion growth from Kshs.1.57 trillion in the printed estimates to Kshs.1.58 trillion in the revised estimates (supplementary II), representing 0.7 per cent increase, attributed to an increase in allocation towards external loan interest payments and payment of Guaranteed Debt to bail-out Kenya Airways. Allocation towards external loan interest payments recorded the highest increment of Kshs.17.7 billion recording 12.9 per cent growth from Kshs.137.24 billion in the printed estimates to Kshs.154.94 billion in the revised estimates (Supplementary II). Allocation towards internal borrowing interest payment declined by Kshs.21.08 billion (3.8 per cent) from Kshs.549.01 billion allocations in the printed estimates to Kshs.527.93 billion in the revised estimates.

Table 3.2 shows changes in the CFS vote in FY 2022/23 through Supplementary Budget I and II respectively.

Analysis of CFS expenditure shows a growth of 31.0 per cent (Kshs.309.19 billion) compared to FY 2021/22 which is mainly attributed to an increase in public debt payment by Kshs.305.98 billion and

payment for guaranteed debt for Kenya Airways under Salaries, Allowances and Miscellaneous Services category as shown in Table 3.2.

3.3.1 Public Debt

As of 30th June 2023, the Public debt stock stood at Kshs.10.25 trillion, comprising Kshs.5.42 trillion dues to external lenders (52.9 per cent) and Kshs.4.83 trillion dues to domestic lenders (47.15 per cent). Table 3.4 represents the public debt position as of 30th June 2023.

Domestic debt interest comprises government overdraft interest charges by CBK, Pre-1997 government overdraft debt, Short-Term Borrowing (Treasury Bill's interest), miscellaneous (advertising cost), interest on bonds and other loans, and commission to CBK.

The overdraft facility is a temporary source of cash to manage cash flow which is administered by the Central Bank of Kenya (CBK) and is restricted to a maximum of five per cent of the most recently audited revenues. It is expected to be paid off by the end of the financial year as specified in Section 15 (3) of the PFM Act.

The overdraft limit for FY 2022/23 was raised to Kshs.80 billion from Kshs.75 billion in FY 2021/22. In the FY 2022/23, the budgeted overdraft interest charge was Kshs.5.28 billion whose actual charge was Kshs.5.16 billion. Table 3.6 shows monthly overdraft charges from July 2022 to June 2023.

The Controller of Budget has observed that, under and over absorption of Salaries and Allowances budget despite some of the holders of the Constitutional Office having received their gross payments at the end of the financial year. The Controller of Budget recommends the National Treasury to ensure budget is based on the actual amount to avoid false budgeting in order to save money for other activities. Appropriate reallocation should be done through supplementary budget to avoid over and under absorption of the budget.

3.3.3 Guaranteed Debt

As at 30th June 2023, the guaranteed debt stock stood at Kshs.161.18 billion compared to Kshs.145.36 billion as at 30th June 2022. Table 3.8 shows a list of guaranteed loans as of 30th June 2023.

Total expenditure on guaranteed loans during FY 2022/23 amounted to Kshs.12.33 billion being payment for Kenya Airways guaranteed loan.

3.3.4 Pensions and Gratuities

The allocation for Pensions and Gratuities for the FY 2022/23 amounted to Kshs.171.83 billion, revised to Kshs.172.64 billion in Supplementary Budget I and Kshs.172.64 billion in Supplementary Budget II, compared to Kshs.153.64 billion allocated in the FY 2021/22. It comprised Ordinary Pensions of Kshs.66.65 billion, Commuted Pensions and Gratuities of Kshs.73.85 billion, Other Pension Schemes of Kshs.242.1 million, and Public Service Superannuation Scheme at Kshs.31.9 billion.

Total payments towards Pensions in FY 2022/23 amounted to Kshs.136.36 billion, representing 79 per cent of the revised gross estimates, compared to Kshs.145.63 billion (94.8 per cent) recorded in FY 2021/22. Figure 3.6 shows the Pensions and gratuities trend from 30th June 2019 to 30th June 2023.

Figure 3.6: Trend in Pensions and Gratuities Performance

Source: National Treasury

Figure 3.6 shows a decline in the pension payments in FY 2022/23 compared to FY 2021/22 which is attributed to frequent downtime of the Pension Information System and delay in the release of the exchequer to fund Pensions resulting in delayed payments to retired civil servants.

Total expenditure comprised of monthly and commuted pension category at Kshs.106.79 billion and the Government of Kenya (employer) contribution due to the Public Service Superannuation Scheme (PSSS) amounting to Kshs.29.57 billion. As at 30th June 2023, a processed payment of Kshs.14.88 billion comprising of Kshs.10.29 billion for Monthly and Commuted Pension and Kshs.4.59 billion for PSSS was not paid due to lack of funding by the National Treasury.

The Controller of Budget recommends timely funding of Pension vote on time to avoid delays in paying retired civil servants.

3.4 Ministries, Departments, and Agencies Expenditure by Economic Classification

3.4.1 Introduction

This section presents analyses of MDAs' expenditure by economic classification with a significant emphasis on development and recurrent activities in FY 2022/23. Development expenditure by major economic items includes Capital Transfers to SAGAs, Civil Works and Construction of Residential

and Non-Residential Buildings, Refurbishment of Buildings/infrastructure, Purchase of Specialized Plants, Equipment, and Machinery, and Pre-Feasibility studies.

Recurrent expenditure by major economic items includes Compensation to Employees, Use of Goods and services, Grants, Social benefits, and Acquisition of non-financial assets. Use of Goods and Services is disaggregated into the expenditure of significant budget items, including Travelling, Printing, Advertising, Rentals of produced Assets, Utilities and supplies, Insurance cost, Office and general supplies, Training, Hospitality, Maintenance Expenses for motor vehicles, and other assets.

3.4.2 Ministries, Departments, and Agencies Development Expenditure Analysis

In FY 2022/23, the gross allocation towards Ministerial development activities amounted to Kshs.715.35 billion, revised to Kshs.618.16 billion in Supplementary Budget I and Kshs.584.29 billion in Supplementary Budget II, compared to Kshs.688.75 billion allocated in FY 2021/22. Gross ministerial development expenditure in FY 2022/23 amounted to Kshs.473.55 billion, recording an absorption rate of 81.0 per cent, compared to 80.3 per cent (Kshs.553.37 billion), recorded in FY 2021/22. Table 3.9 shows the development expenditure analysis by MDA's in FY 2022/23.

Analysis of MDAs' development expenditure by economic classifications shows that the highest spending by category was Capital Transfers by MDAs at Kshs.345.09 billion, representing 72.9 per cent of the gross development expenditure. Capital Transfers by the MDAs may be in the form of subsidies, grants, or direct transfers to SAGAs, which are meant to complement activities and mandates executed on behalf of parent ministries. Further analysis shows that the State Department for Infrastructure/Roads had the highest Capital Transfers at Kshs.71.08 billion, representing 20.6 per cent of the total Capital Transfers followed by the National Treasury at Kshs.50.08 billion, which represented 14.5 per cent. A summary of the Capital Transfers is annexed to this report (*see Annex VI, see page 143*).

The second highest spending category was on Construction and civil work at Kshs.25.17 billion, representing 5.3 per cent of the gross expenditure. Other budget items with significant expenses include the Pre-feasibility and Appraisal studies at Kshs.4.93 billion and Construction of non-residential buildings (offices, schools, hospitals etc.) at Kshs.4.86 billion, representing 1.0 per cent each.

In the analysis of expenses by economic classification, the report has classified budget line items under *other expenses* amounting to Kshs.85.13 billion, representing 18 per cent of the gross development expenditure. MDAs recording the highest under *other expenses* include:

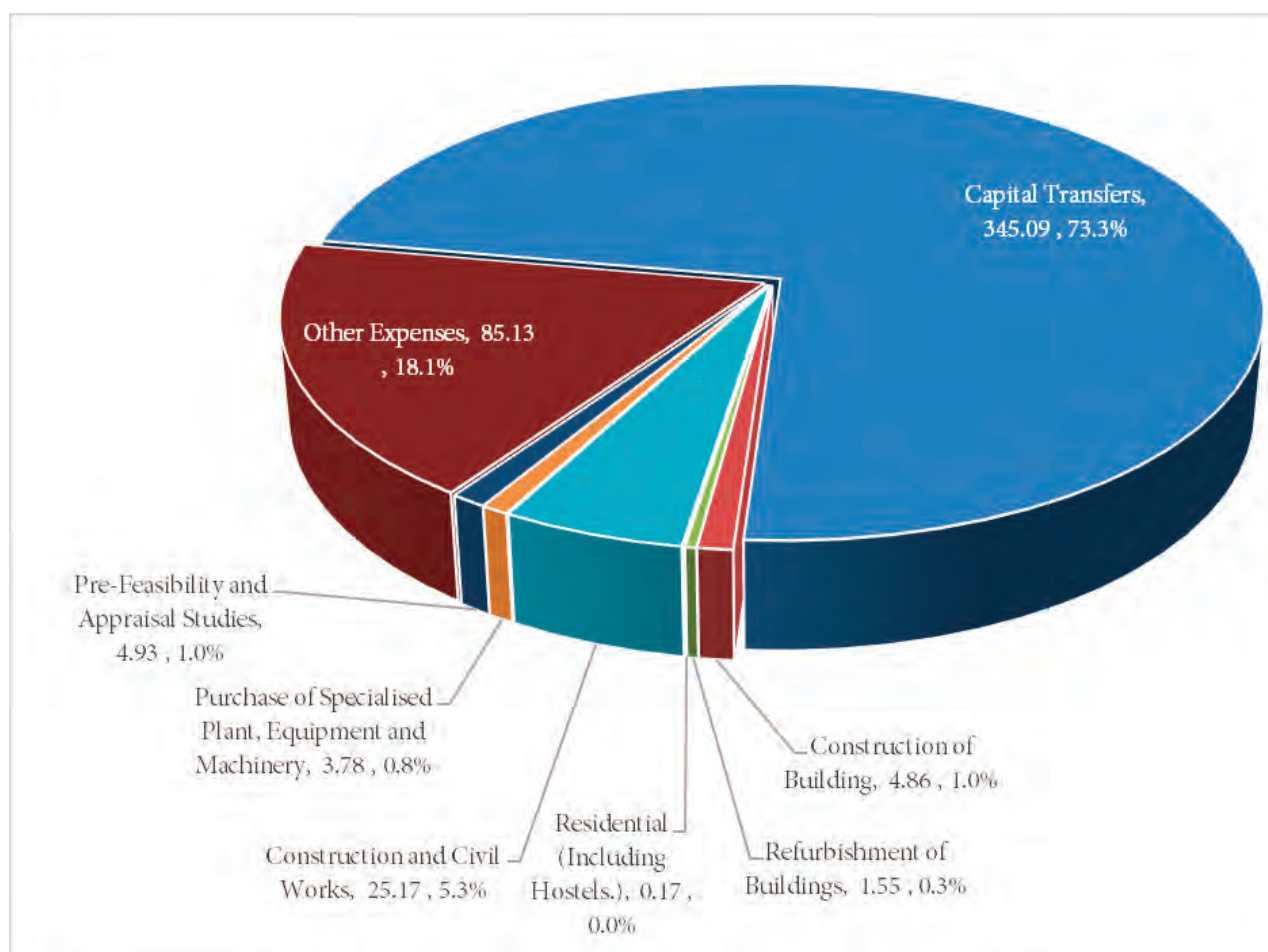

- **State Department for Crop Development and Agricultural Research** -Kshs.17.03 billion comprises **Kshs.13.67 billion for operating expenses**, Kshs.1.4 billion for domestic travel, Kshs.909.06 million for subsidies of Financial Private Enterprises and Kshs.817.16 million for training expenses.
- **The State Department for Infrastructure/Roads** -Kshs.15.78 billion comprises Kshs.15.69 billion for Road Maintenance Fuel Levy and Annuity, Kshs.52.97 million training expenses, Kshs.22.63 million for the Purchase of Specialised Plant, Equipment, and Machinery.
- **The National Treasury**-Kshs.14.17 billion comprises Kshs.6.31 billion for equity participation in Foreign Financial Institutions operating abroad, Kshs.4.63 billion for other grants and transfers to other levels of government Kshs.1.99 billion for Specialized materials and Kshs.1.57 billion for other operating expenses.

This section disaggregates recurrent expenditure by economic classification for MDAs into Compensation to Employees, Use of Goods and Services, Subsidies, Social Security Benefits, Acquisition of Financial Assets, and Acquisition of non-financial Assets. This report annexes the current expenditure performance for Semi-Autonomous Government Agencies referenced Annex VII (*see page 153*) of this report.

3.4.4 Compensation to Employees

Compensation to Employees includes basic salaries for permanent employees, wages for temporary employees, Social Contributions and personal allowances paid as part of the salary, and medical schemes among other payments to staff. The total expenditure under compensation to employees was Kshs.542.46 billion, representing 38.8 per cent of the Ministerial gross recurrent spending, excluding the salary for the National Intelligence Security and Military under the National Security Sector, which is reported under the other current transfer.

Further analysis of the compensation of employees during the review period shows that Kshs.498.87 billion was processed through the prescribed payroll system (Integrated Personnel and Payroll Database and others) and Kshs.11.65 billion was paid outside the approved payroll management systems. The amount paid outside the prescribed payroll management system included payments for casual employees, salary advanced to staff and other staff allowances as shown in Annex XII (*see page 189*) of this report. The Controller of Budget recommends that, all salaries should be processed through the IPPD system as per the Government policy.

*MDAs pending bills do not include bills under litigation which are handled by the Office of the Attorney General

The State Corporations' pending bills include payments due to contractors/projects, suppliers, unremitted statutory and other deductions, and pension arrears for Local Authorities Pension Trust. The highest percentage of the State Corporations' pending bills (Kshs.255.46 billion as of 30th June 2023) is for Contractors/Projects (Development). Further, the category of pending bills with the highest increase under State Corporations was the unremitted Sacco deductions that increased by 128.5 per cent from Kshs.1.1 billion as of 30th June 2022 to Kshs.2.5 billion as of 30th June 2023. Pending bills under the State Corporations recording decrease was Consumables & General Supplies with a decline of 78 per cent from Kshs.138.12 billion as of 30th June 2022 to Kshs.31.07 billion as of 30th June 2023. MDAs' pending bills are mainly historical pending bills comprising Kshs.87.84 billion for recurrent expenditure and Kshs.36.07 billion for Development expenditure. County governments pending bills comprised of Kshs.28.11 billion (17.7 per cent) for recurrent and Kshs.130.92 billion (82.3 per cent) for the development expenditure.

In FY 2022/23, the amount paid for pending bills by MDAs was Kshs.10.0 billion, comprising Kshs.9.06 billion for recurrent and Kshs.940.43 million for development expenditure. In addition, pending bills of Kshs.2.40 million were declared ineligible.

State Corporations/State Owned Enterprises/SAGAs recorded a growth of 64.15 per cent in development expenditure pending bills. (Detailed pending bills are annexed by Annex VIII for MDAs, Annex IX for State Corporations/State Owned Enterprises/SAGAs, and Annex X for County governments, see pages 168, 174, and 180 respectively.

The Controller of Budget recommends that;

- i. *All eligible/verified pending bills should be a first charge in the FY 2023/24 in line with Regulation 55 (2) (b) of the Public Finance Management (County Governments) Regulations, 2015.*
- ii. *MDAs should submit payment plans and pending bills settlement updates, quarterly as part of budget implementation. Counties that have cleared the eligible pending bills should embark on verifying the ineligible pending bills and make plans to settle them.*
- iii. *Each County/MDA to prepare an acceptable pending bills payment plan and stick to the payment plan. Government entities should also be encouraged to employ the First Incurred First Out (FIFO) criterion in the settlement of pending bills by clearing all pending bills listed as eligible in the OAG Special report first before the rest of the pending bills.*

4 BUDGET PERFORMANCE BY SECTOR

4.1 Introduction

MDAs are classified into ten sectors according to the United Nation Classification of Functions of Government, which is designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability. The chapter presents the performance of MDAs by sector in FY 2022/23 (see Annex III to Annex V, referenced on page 140 to page 142). It provides budget allocations per sector detailing specific MDAs' exchequer issues, expenditures, and absorption on the budget. The chapter also presents the performance of MDAs' programmes and sub-programmes, key achievements and spending on development projects in FY 2022/23.

Sector performance is presented in alphabetical order as follows; (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environment Protection, Water and Natural Resources (EWNR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law, and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sectors.

In FY 2022/23, the Education sector was allocated Kshs.568.22 billion (27.1 per cent of the total MDAs gross allocation of Kshs.2.09 trillion), recording the highest budget allocation while the GECA sector was allocated Kshs.29.08 billion (1.4 per cent), representing the lowest budgetary allocation. The allocation to the Education sector is skewed towards recurrent at Kshs.534.21 billion (94.0 per cent of the Sector's Budget) and development allocation of Kshs.34.02 billion (6.0 per cent of the Sector's Budget).

In the FY 2022/23 the development budget was revised from Kshs.715.35 billion to Kshs.618.16 billion and Kshs.584.29 billion in Supplementary Budget I and II respectively representing 8.6 per cent decline. The Ministerial recurrent budget was revised from Kshs.1.40 trillion to Kshs.1.50 trillion and to Kshs.1.51 trillion in Supplementary I & II representing 7 per cent growth.

4.2 Agriculture, Rural and Urban Development (ARUD) Sector

4.2.1 Introduction

Agriculture is a devolved function under the Fourth Schedule of the Constitution of Kenya. It is a critical sector in the economic pillar of the Kenya Vision 2030.

The sector consists of six MDAs, namely: Ministry of Lands and Physical Planning, the State Department for Crop Development and Agricultural Research, the State Department for Livestock, the State Department for Fisheries, Aquaculture and the Blue Economy, the State Department for Co-operatives, and the National Land Commission (NLC), together with affiliated Semi-Autonomous Government Agencies and Training Institutions.

The overall goal of the sector is to attain National food and nutritional security and sustainable fisheries and land management, co-operatives growth, and the blue economy's utilization. Kenya's economic blueprint, the Kenya Vision 2030, and the Government Agenda on the 'Big Four' economic strategy both recognise the ARUD sector as a critical player in the economic and social development of the

country through food production, employment and wealth creation, foreign exchange earnings, security of land tenure and land management.

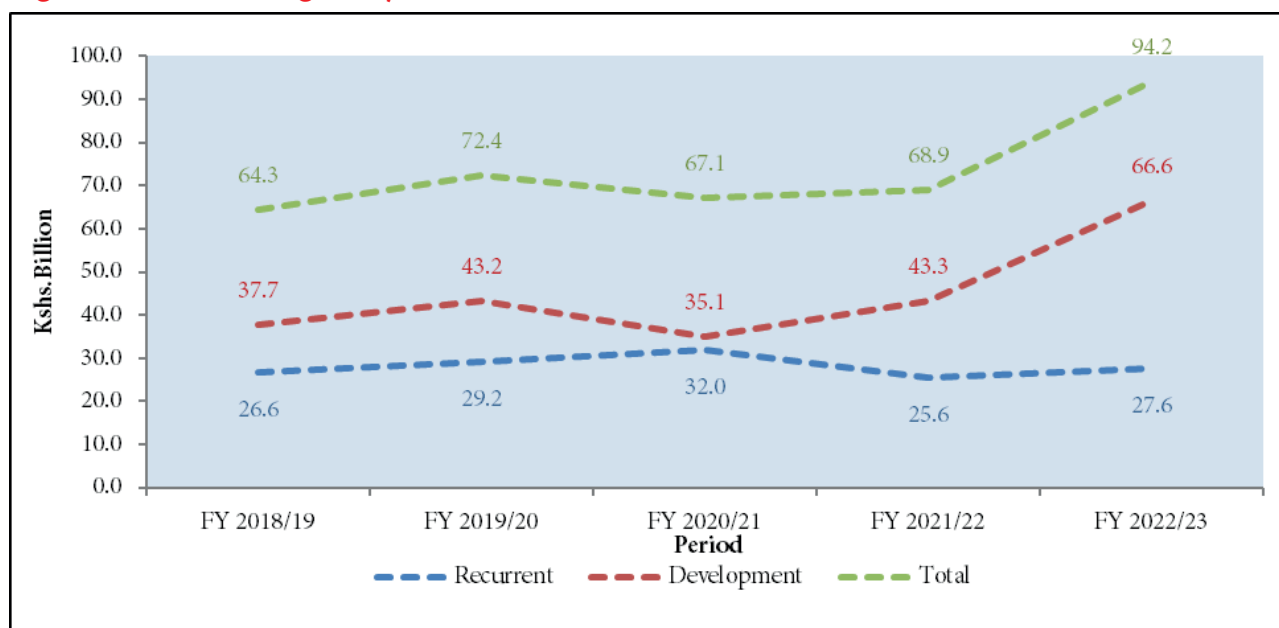

4.2.2 Budget Performance for the ARUD Sector

The budgetary allocation to the ARUD sector in FY 2022/23 was Kshs.68.96 billion, revised to Kshs.98.68 billion in Supplementary Budget I, and Kshs.94.16 billion in Supplementary Budget II, compared to Kshs.68.90 billion allocated in FY 2021/22. The allocation to the ARUD sector represents 2.6 per cent of the revised gross National budget. The budget comprised Kshs.66.61 billion (70.7 per cent) for development activities and Kshs.27.55 billion (29.7 per cent) for recurrent expenditure. The State Department for Crop Development and Agricultural Research received the highest budgetary allocation at Kshs.49.42 billion (52.5 per cent of the ARUD sector's budget), while the National Land Commission had the lowest budgetary allocation at Kshs.1.48 billion (1.6 per cent of the ARUD Sector allocation).

The high allocation to the State Department for Crop Development and Agricultural Research is due to its vital role in increasing agricultural productivity and promoting market access and product development.

During the budget revision, the State Department for Cooperatives recorded the highest additional funding which was towards Cooperative Development and Investments. The State Department for Cooperatives original gross estimates for the FY 2022/23 was Kshs.2.26 billion comprising Kshs.1.84 billion for recurrent expenditure and Kshs.422.50 million for development expenditure. This was revised to Kshs.22.96 billion, of which recurrent expenditure was Kshs.2.14 billion while development expenditure was Kshs.20.82 billion. The overall change reflects an increase of Kshs.20.70 billion comprising an addition of Kshs.0.30 billion in the recurrent expenditure and addition Kshs.20.40 billion in development expenditure. The change in the State Department for Cooperatives development expenditure was on account of the establishment of the financial inclusion fund (Hustlers' fund).

Figure 4.1 shows the trend of budgetary allocation for the ARUD sector for FY 2018/19 to FY 2022/23.

The total exchequer issues to the ARUD sector amounted to Kshs.68.33 billion, representing 86.2 per cent of the sector's revised net estimates compared to 89.4 per cent (Kshs.51.74 billion) recorded in FY 2021/22. This amount comprised Kshs.47.02 billion for development expenditure, representing 76.1 per cent of development revised net estimates compared to 85.7 per cent (Kshs.34.15 billion) recorded in FY 2021/22, and Kshs.21.31 billion for recurrent activities representing 122.3 per cent of recurrent revised net estimates compared to 97.7 per cent (Kshs.17.59 billion) recorded in FY 2021/22. Table 4.1 shows the ARUD sector analysis of exchequer issues and expenditures for FY 2022/23.

In FY 2022/23, the Ministry of Lands and Physical Planning received the highest proportion of development exchequer issues to development revised net estimates at 100 per cent, while the State Department for Cooperatives received the lowest at 61.2 per cent during the year under review.

The State Department for Crop Development and Agricultural Research recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 153.0 per cent. The high proportion was attributed to an exchequer issued under Article 223 of Kshs.4 billion for maize flour subsidies that was not approved by Parliament. In comparison, the State Department for Cooperatives recorded the lowest ratio of 96.4 per cent. Figure 4.2 shows the exchequer issues in the ARUD Sector FY 2022/23.

Figure 4.2: Exchequer Issues to ARUD Sector

The total expenditure for the ARUD sector amounted to Kshs.77.41 billion, representing 83.5 per cent of the gross estimates, compared to 77.9 per cent (Kshs.57.70 billion) recorded in a similar period in FY 2021/22. This amount comprised Kshs.50.96 billion for the development budget representing an absorption rate of 78.3 per cent, compared to 74.9 per cent (Kshs.32.46 billion) recorded in FY 2021/22 and Kshs.26.45 billion for recurrent expenditure representing 96.0 per cent of the recurrent gross estimates, compared to 83.1 per cent (Kshs.21.24 billion) recorded in FY 2021/22.

The Ministry of Lands and Physical Planning recorded the highest absorption of the development budget at 99.6 per cent. In comparison, the State Department for Cooperatives recorded the lowest at 61.5 per cent. The State Department for Crop Development and Agricultural Research recorded the highest recurrent expenditure to gross estimates at 109.2 per cent. In comparison, the State Department for Livestock recorded the lowest recurrent budget absorption at 53.7 per cent. This is attributed to maize subsidy expenditure funded by Article 223 of the Constitution. However, it was not approved by Parliament in the subsequent Supplementary Budget(s).

4.3 Financial Performance by Programmes and Sub-Programmes for the ARUD Sector

The allocation to the ARUD sector was to fund eleven programmes and thirty-seven sub-programme-programmes. Table 4.2 summarises the budget execution by programmes and sub-programmes in FY 2022/23.

Analysis of Programme and sub-programmes analysis shows that, the Public Land Information Management sub-programme within the Land Administration and Management Programme under the State Department of National Land Commission recorded a high absorption of funds at 99.8 per cent attributed to proper utilization of funds towards employee compensation and use of goods and services. In contrast the Livestock Product, Value Addition and Marketing Sub-Programme under the Livestock Resources Management and Development Programme within the State Department for Livestock recorded the lowest absorption of the budget at 27 percent.

4.3.1 Key Achievements for the ARUD Sector

The State Department for Livestock Development, under the Livestock Production and Management Sub-Programme, availed 145 sheep and goats to farms and maintained 4,412 livestock in livestock genetic conservation farms. In addition, under the Livestock Production Big-Four Intervention, the State Department availed 200 breeding piglets and 545 breeding rabbits to farmers. Further, 102,000 hay bales were harvested in Mogotio and Chemogoch. The State Department, through the Kenya Livestock Insurance Project, insured 50,000 tropical livestock units. The State Department, under

the Livestock Policy Development and Capacity Building Sub-Programme, trained 1,134 pastoralists against a target of 1,260 pastoralists under the Regional Pastoral Resources Centre – Narok and Isiolo.

Under the Aquaculture Development Sub-Programme, the State Department for Blue Economy and Fisheries supported 5,134 aquaculture farmers with pond rehabilitation/construction materials, including fish seeds and feeds. Also, under the Management and Development of Capture Fisheries Sub-Programme, the State Department produced 79 metric tons of mariculture by small-scale producers supported by the Kenya Marine Fisheries and Socio-Economic Development Project.

The State Department for Cooperatives, under the Marketing, Value Addition and Research Sub-Programme, disbursed Kshs.511.17 million to operationalise the Coffee Cherry Advance Revolving Fund through the New Kenya Planters Cooperative Union. In addition, 1,444 metric tonnes of coffee were milled and marketed. Under the Governance and Accountability Sub-Programme, 6,375 Cooperative officials filed wealth declaration forms and 4,734 registered accounts were audited.

4.3.2 Project Implementation for the ARUD Sector

Most of the development projects are multi-year and implemented over some time. In FY 2022/23, the ARUD sector incurred a development expenditure of Kshs.50.96 billion representing an absorption rate of 78.3 per cent against revised gross development allocation of Kshs.66.61 billion. Table 4.3 summarises the development of some projects with the highest expenditure in the reporting period in the ARUD sector.

4.4 Education Sector

4.4.1 Introduction

The Education Sector comprises six MDAs: The State Department for Early Learning and Basic Education, the State Department for University Education and Research, the State Department for Vocational and Technical Training, the State Department for Post-Training and Skills Development, the State Department for Implementation of Curriculum Reforms, and Teachers Service Commission (TSC) together with their affiliated Agencies and Institutions.

The Education sector is critical in promoting Kenya's political, social, and economic development by developing all-around individuals who can overcome prevailing societal challenges. The sector envisions attaining quality and inclusive education, training, and research for sustainable development. The Education sector is committed to providing quality education, training, science, technology, research, and skills development to all Kenyans.

The sector's overall goal is to increase access to education and training, improve the quality and relevance of education, reduce inequality, and leverage knowledge and skills in science, technology, and innovation for global competitiveness. The sector also envisions contributing to achieving the government agenda by providing the requisite skilled human resources and promoting research and development.

4.4.2 Budget Performance for Education Sector

The budgetary allocation to Education sector in FY 2022/23 was Kshs.544.52 billion, revised to Kshs.567.04 billion in Supplementary Budget I, and Kshs.568.22 billion in Supplementary Budget II, compared to Kshs.527.28 billion allocated in FY 2021/22. The allocation to the Education sector represents 15.5 per cent of the revised gross National budget. The budget comprised Kshs.34.02 billion (6.0 per cent) for development activities and Kshs.534.20 billion (94.0 per cent) for recurrent expenditure.

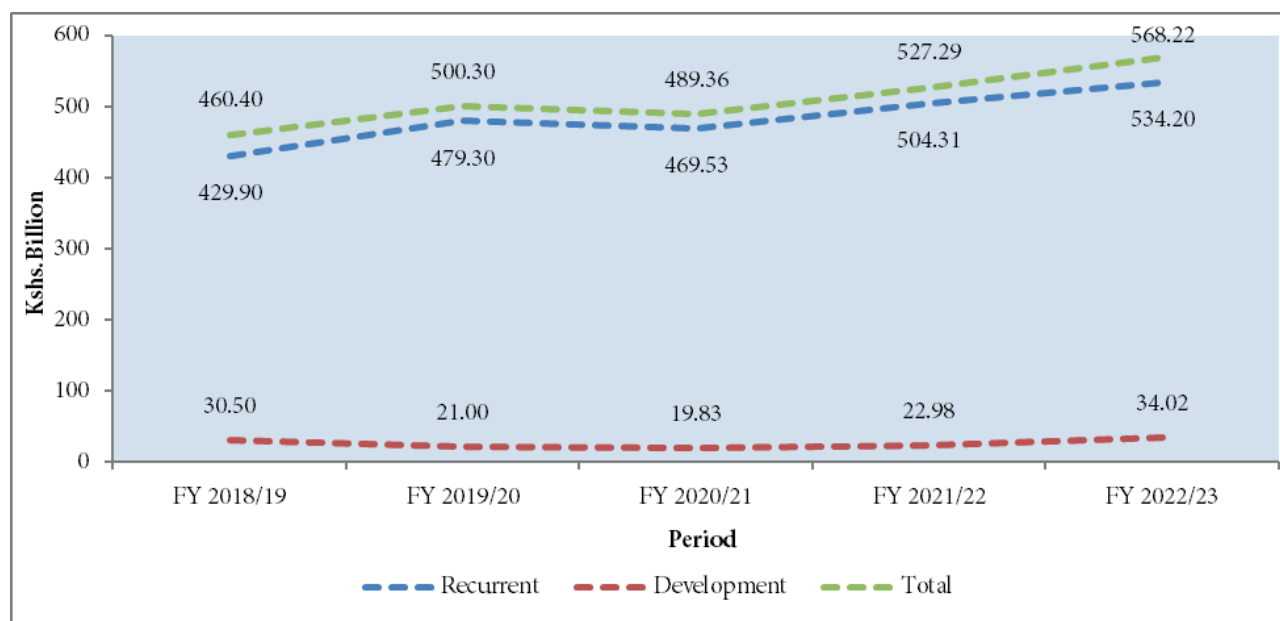

The Teachers Service Commission (TSC) received the highest budgetary allocation at Kshs.300.20 billion (52.9 per cent of the Education sector's budget), while the State Department for Post Training and Skills Development had the lowest budgetary allocation at Kshs.129.36 million (less than 1 per cent of the Education sector allocation). TSC received the highest budgetary allocation of Kshs.300.20 billion (52.9 per cent of the sector's funding), which is attributed to its vital role in Teacher management for primary and secondary schools under Teacher Resource Management Programme.

In Supplementary Budget II, the State Department for Early Learning and Basic Education and the State Department for Vocational and Technical Training recorded the highest additional funding which was

towards Free Primary Education and Technical Trainers and Instructor Services respectively. The State Department for Early Learning and Basic Education's original gross estimates for the FY 2022/23 was Kshs.110.68 billion comprising Kshs.95.30 billion for recurrent expenditure and Kshs.15.38 billion for development expenditure.

Figure 4.3 shows the budgetary allocation trends of the Education sector for FY 2018/19 to FY 2022/23.

The total exchequer issues to the Education sector amounted to Kshs.501.08 billion, representing 97.9 per cent of the sector's revised net estimates a similar percentage of exchequer disbursed in FY 2021/22. This comprised Kshs.24.92 billion for development expenditure, representing 86.2 per cent of development revised net estimates compared to 62.2 per cent (Kshs.12.33 billion) recorded in FY 2021/22, and Kshs.476.16 billion for recurrent activities representing 98.6 per cent of recurrent revised net estimates compared to 99.5 per cent (Kshs.454.31 billion) recorded in FY 2021/22.

Table 4.4 shows the Education sector analysis of exchequer issues and expenditure FY 2022/23.

The total expenditure for the Education sector amounted to Kshs.499.60 billion, representing 87.9 per cent of the gross estimates, compared to 96.4 per cent (Kshs.508.17 billion), recorded in FY 2021/22. This amount comprised Kshs.21.81 billion for the development budget representing an absorption rate of 64.6 per cent, compared to 58.3 per cent (Kshs.13.40 billion) recorded in FY 2021/22 and Kshs.477.80 billion for recurrent expenditure representing 89.5 per cent of the recurrent gross estimates, compared to 98.1 per cent (Kshs.494.77 billion) recorded in FY 2021/22.

The State Department for Early Learning and Basic Education recorded the highest absorption of the development budget at 70.6 per cent. In comparison, the State Department for University Education and Research recorded the lowest at 40.7 per cent. The State Department for Post Training and Skills Development recorded the highest recurrent expenditure to gross estimates at 100 per cent while the State Department for University Education and Research recorded the lowest recurrent budget absorption at 58.4 per cent.

4.4.3 Financial Performance by Programmes and Sub-Programmes for Education Sector

The Education sector's budget was to fund sixteen programmes and forty-seven sub-programmes. Table 4.5 summarises the budget execution by programmes in FY 2022/23.

Analysis of Programme and sub-programmes analysis shows that the School Health, Nutrition, and Meals sub-programme and Secondary Teachers In-Service sub-programme within the Primary Education Programme under the State Department of Early Learning and Basic Education recorded the highest absorption of funds at 100 per cent. In contrast the Examination and Certification sub-programme under the Quality Assurance and Standards Programme for the State Department for Early Learning and Basic Education recorded the lowest absorption of the budget at 17.0 percent

4.4.4 Key Achievements for the Education Sector

Under the Teacher Management Secondary Sub-Programme, the Commission recruited 13,000 teachers against a target of 15,695 teachers and posted 1,222 newly recruited teachers to schools with high shortages. Under the Teacher Capacity Development Sub-Programme, TSC trained 81,000 teachers and 23,000 school administrators on the Competency Based Curriculum against set targets of 67,000 teachers and 23,000 school administrators, respectively. Under the Teacher Professional Development Sub-programme, the number of Master Trainer of Trainer trained on Teacher Induction Mentorship and Coaching was 2,234 against the annual target of 850. In addition, the number of newly appointed heads of institutions trained in coaching and mentorship was 11,62 exceeding the set target by 5,000.

The State Department for Technical, Vocational Education and Training (TVET), under the Technical Accreditation and Quality Assurance Programme, enrolled 85,525 trainees in National Polytechnics, 251,784 trainees in Technical and Vocational College (TVCs) and 4,487 trainees in Special needs TVCs against targets of 123,791 trainees, 132,325 trainees, and 3,337 trainees respectively. The number of trainees who received capitation was 327,695 against a target of 174,861, while the number of trainees who received Higher Education Loans Board loans was 102,985 against a target of 100,000 trainees.

The State Department for Higher Education and Research, through the Kenya Universities and Colleges Central Placement Service, sensitized 12,385 secondary school teachers on career guidance. Also, the State Department enrolled 639,739 university students through the Commission for University Education. Further, through the Commission for University Education, 2,359 applications were received and processed, of which 2,251(99.7 per cent) were recognized and equated, while eight (0.3 per cent) were unsuccessful. The State Department, through the Universities Funding Board, sponsored 356,188 students in Public Universities and 89,644 students in Private Universities. Further, through the Higher Education Loans Board, the State Department awarded loans to 239,399 undergraduate students and 106,047 to TVET students.

4.4.5 Project Implementation for Education Sector

In FY 2022/23, the Education sector incurred a development expenditure of Kshs.21.81 billion representing an absorption rate of 64.1 per cent against a gross development allocation of Kshs.34.02 billion.

Table 4.6 present a summary of some of the development of projects with the highest expenditure under education sector in FY 2022/23.

4.5 Energy, Infrastructure, and Information Communications Technology (EI & ICT) Sector

4.5.1 Introduction

This Sector consists of ten MDAs: State Departments for Infrastructure, Transport, Shipping and Maritime, Housing and Urban Development, Public Works, Information Communication, Technology, and Innovation, Broadcasting and Telecommunications, Ministry of Energy, Ministry of Petroleum and Mining, and the State Department for Mining.

The EI&ICT sector aims to provide an efficient, affordable, and reliable infrastructure critical for the socio-economic transformation underscored in the Third Medium Term Plan (MTP III) 2018-2022 of the Kenya Vision 2030 and catalyses the realisation of the government's agenda.

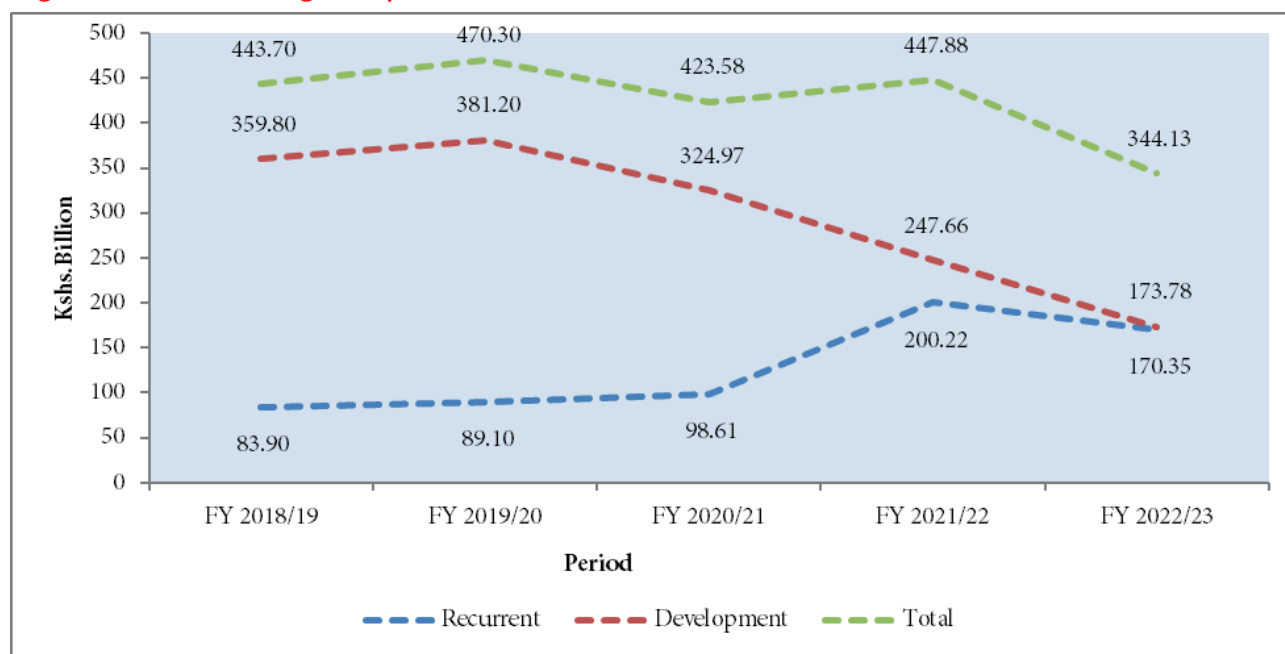

The EI&ICT sector's critical strategic goals include sustainable transport infrastructure and services, vibrant shipping and maritime industry, affordable and sustainable housing infrastructure, a regulated construction industry, universal access to ICT services, and sufficient, secure, efficient, and affordable energy.

4.5.2 Budget Performance for EI & ICT Sector

The budgetary allocation to the EI&ICT sector in FY 2022/23 was Kshs.407.76 billion, revised to Kshs.360.85 billion in Supplementary Budget I and Kshs.344.13 billion in Supplementary Budget II, compared to Kshs.447.88 billion allocated in FY 2021/22. The allocation to the EI & ICT sector represents 9.4 per cent of the revised gross National budget. The budget comprised Kshs.173.78 billion (50.5 per cent) for development activities and Kshs.170.35 billion (49.5 per cent) for recurrent expenditure.

The State Department for Infrastructure/Roads received the highest budgetary allocation at Kshs.170.79 billion (49.6 per cent of the EI & ICT sector's budget), while the State Department for Mining had the lowest budgetary allocation at Kshs.0.37 billion (less than 1 per cent of the EI & ICT sector allocation). The high allocation to the State Department for Infrastructure/Roads is attributed to its Road Transport Programme tasked with developing and managing an efficient, effective and secure road network in the country.

Figure 4.5 shows the budgetary allocation trend for the EI & ICT Sector for FY 2018/19 to FY 2022/23.

The total exchequer issues to the EI & ICT sector amounted to Kshs.130.35 billion, representing 91.8 per cent of the sector's revised net estimates compared to 92.1 per cent (Kshs.185.18 billion) recorded in FY 2021/22. This amount comprised Kshs.71.06 billion for development expenditure, representing 87.5 per cent of development revised net estimates compared to 87.9 per cent (Kshs.103.88 billion) recorded in FY 2021/22, and Kshs.59.29 billion for recurrent activities representing 97.7 per cent of recurrent revised net estimates compared to 98.1 per cent (Kshs.81.30 billion) recorded in FY 2021/22. Table 4.7 shows an EI&ICT sector analysis of exchequer issues and expenditures in FY 2022/23.

In FY 2022/23, the State Department for Public Works and the Ministry of Petroleum and Mining received the highest proportion of development exchequer issues to development revised net estimates at 100 per cent, while State Department of Transport received the lowest at 21.7 per cent during the year under review.

The Ministry of Petroleum and Mining, State Department for Public Works, State Department for Information Communications & Technology & Innovation and the State Department for Mining recorded the highest proportion of recurrent exchequer issues to revised recurrent net estimates at 100 per cent. In comparison, the Ministry of Energy that recorded the lowest ratio of 76 per cent. Figure 4.6 shows the EI & ICT sector's exchequer issues in FY 2022/23.

The total expenditure for the EI & ICT sector amounted to Kshs.309.58 billion, representing an absorption rate of 90.0 per cent of the revised gross estimates, compared to 84.9 per cent (Kshs.380.40 billion), recorded in FY 2021/22. This amount comprised Kshs.152.06 billion for the development budget representing an absorption rate of 87.5 per cent, compared to 85.0 per cent (Kshs.192.31 billion) recorded in FY 2021/22, and Kshs.157.51 billion for recurrent expenditure representing 92.5 per cent of the revised recurrent gross estimates, compared to 93.9 per cent (Kshs.188.09 billion) recorded in FY 2021/22.

The State Department for Public Works recorded the highest absorption of the development budget at 100.3 per cent. In comparison, the State Department for Shipping and Maritime. recorded the lowest at 38.5 per cent. The State Department for Transport recorded the highest recurrent expenditure to gross estimates at 106.5 per cent while the Ministry of Energy recorded the lowest recurrent budget absorption at 36 per cent

4.5.3 Financial Performance by Programmes and Sub-Programmes for EI&ICT Sector

The EI & ICT sector budgetary allocation was to fund thirty-one programmes and fifty-nine sub-programmes. Table 4.8 shows budget execution by programmes.

**The MDAs did not provide reasons as to why their expenditures exceeded the allocated budget.*

Analysis of Programme and sub-programmes analysis shows that several sub-programmes had a budget absorption rate of 100 per cent including Digital Learning Sub-Programme under the ICT Infrastructure Development Programme in the State Department of Information Communications & Technology & Innovation.

In contrast the Air Transport sub-programme under the Air Transport Services Programme within the State Department for Transport recorded a low absorption of the budget at above 1.9 per cent.

4.5.4 Key Achievements for the EI&ICT Sector

The ICT and Digital Economy under the ICT Infrastructure Connectivity Sub-Programme maintained 660 sites under the last mile County connectivity, achieving its annual target. Further, it maintained the Rironi to Mau Summit Optical Fibre Cable, leading to the targeted uptime of 95 per cent. Additionally, 330 Kilometres of a redundant fibre network was established under the fibre connectivity from Eldoret to Nadapal (border between Kenya and South Sudan-Turkana County). Also, within the ICT and Business Process Outsourcing Development Programme, the State Department recruited and trained 400 interns as targeted.

The State Department of Transport, under the Air Transport Sub-Programme, reported 98.4 per cent availability of Air Navigation Services Equipment and Infrastructure, surpassing the 97 per cent target. In addition, it recorded 91.8 per cent compliance with the International Civil Aviation Organization security standards requirements against set targets of 90 per cent, respectively.

The State Department for Public Works, under the Stalled and New Government Buildings Sub-Programme, work started on Voi Pool Housing project which had stalled recording implementation rate of 70 per cent. In addition, five County governments headquarters at different stages of completion averaged at 65.4 per cent includes:

- i Isiolo County Headquarters implementation status moved from 60 per cent to 60 per cent.*
- ii Nyandarua County Headquarter implementation status moved from 45 per cent to 60 per cent.*
- iii Tharaka Nithi County Headquarter implementation status remained at 82 per cent.*
- iv Tana River County Headquarters implementation status moved from 68 per cent to 70 per cent.*
- v Lamu County Headquarters moved from 55 per cent to 60 per cent.*

Under the Housing Development Sub-Programme of the State Department for Housing, the number of civil servants who benefited with housing units were 317 against a target of 300. Also, 990 social housing units at Mukuru were ongoing at an average of 75 per cent completion while excavation for the sub-structure was ongoing for 4,435 social houses in Kibera Zone B.

Under the Maritime Affairs Sub-Programme, the State Department for shipping and Maritime, through the seafarer recruitment and placement agencies, the number of recruitment and placement audited and approved was 14 against a target of 8.

4.5.5 Project Implementation for EI&ICT Sector

In FY 2022/23, the EI & ICT sector incurred a development expenditure of Kshs.152.06 billion representing an absorption rate of 87.5 per cent against a gross development allocation of Kshs.189.61 billion. Table 4.9 summarises the development of some of the projects with the highest expenditure in the EI & ICT sector reporting period.

4.6 Environmental Protection, Water, and Natural Resources (EPW&NR) Sector

4.6.1 Introduction

The Environmental Protection, Water, and Natural Resources Sector (EPW&NR) comprises the Ministry of Environment and Forestry, the Ministry of Water, Sanitation and Irrigation, and the State Department for Wildlife.

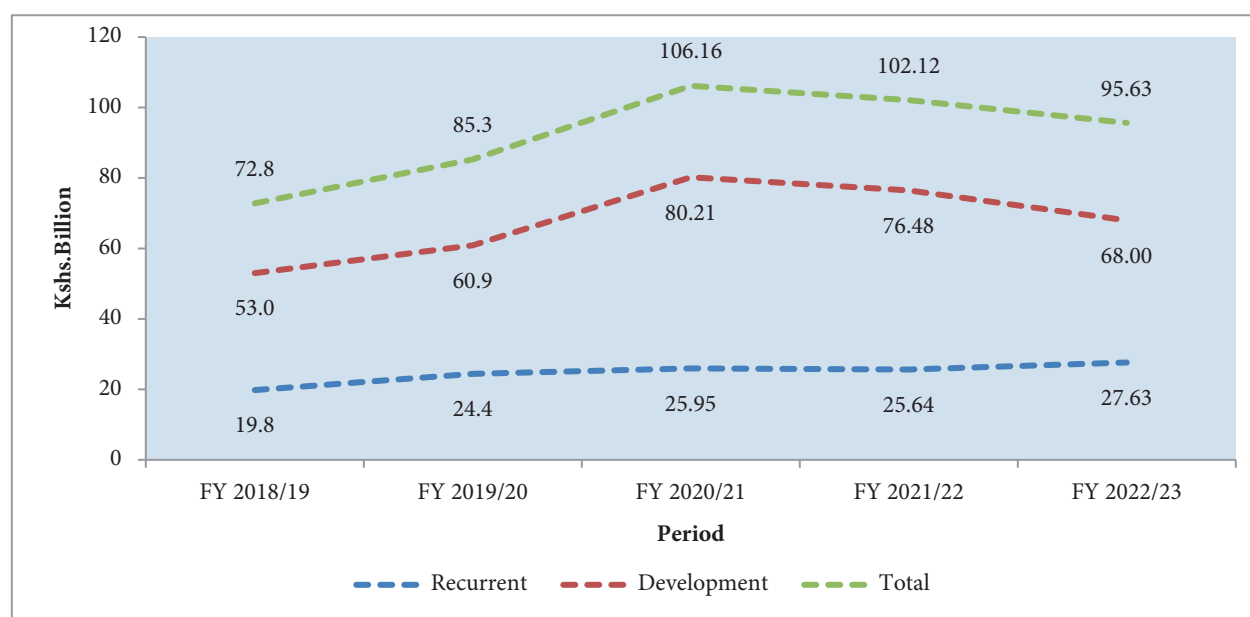

The EPW&NR sector plays a critical role in Kenya's economy, securing, stewarding, and sustaining the environment and natural capital of the country. The overall goal of the EPW&NR sector is to ensure sustainable development in a clean and secure environment. The specific objectives include: providing the policy, the legal and integrated planning framework for sustainable management of the environment and natural resources for socio-economic development, enhancing good governance in the protection, restoration, conservation, development, and management of the environment, and forest resources for sustainable development, enhance control and development of water resources for sustainable social-economic development and to enhance water harvesting and storage for domestic, irrigation and industrial use. The sector also aims to increase land productivity through reclamation, rehabilitate degraded land through irrigation and drainage services, and enhance conservation of wildlife, biological resources, and their habitats for posterity.

4.6.2 Budget Performance for EPW&NR Sector

The annual budgetary allocation to the EPW&NR sector in FY 2022/23 was Kshs.107.18 billion, revised to Kshs.87.7 billion in Supplementary Budget I and Kshs.95.63 billion in Supplementary Budget II, compared to 102.12 billion allocated in FY 2021/22. The allocation to the EPW&NR sector represents 2.6 per cent of the revised gross National budget. The budget comprised Kshs.68.00 billion (71.1 per cent) for development activities and Kshs.27.63 billion (28.9 per cent) for recurrent expenditure. The Ministry of Water and Sanitation and Irrigation received the highest budgetary allocation at Kshs.66.61 billion (69.6 per cent of the EPW&NR sector's budget), while the State Department for Irrigation had the lowest budgetary allocation at Kshs.2.58 billion (2.7 per cent of the EPW&NR sector allocation). The high allocation to the Ministry of Water and Sanitation and Irrigation is due to its critical roles including increasing agricultural productivity through irrigation and drainage services; development of water and sewerage infrastructure; and increasing the availability of safe and adequate water.

During the FY 2022/23, two Votes were created during the budget revision under EPW&NR Sector i.e. the State Department for Irrigation with an allocation of Kshs.2.58 billion; and the State Department for Forestry with an allocation of Kshs.3.01 billion. The State Department for Irrigation purposes to attain universal access to adequate, safe and sustainably managed water resources, sanitation and irrigation. The State Department for Forestry is tasked with promoting and facilitating a clean healthy, safe and sustainably managed environment and natural resources.

Figure 4.7 shows the budgetary allocation trend for the EPW&NR Sector for FY 2018/19 to FY 2022/23.

The total exchequer issues to the EPW&NR Sector amounted to Kshs.44.62 billion, representing 88.5 per cent of the Sector's revised net estimates compared to 88.3 per cent (Kshs.50.36 billion) recorded FY 2021/22. This amount comprised Kshs.26.65 billion for development expenditure, representing 82.2 per cent of development revised net estimates compared to 85.1 per cent (Kshs.31.97 billion) recorded in FY 2021/22 and Kshs.17.97 billion for recurrent activities representing 99.8 per cent of recurrent revised net estimates compared to 94.6 per cent (Kshs.18.39 billion) recorded in FY 2021/22. Table 4.10 shows EPW&NR sector analysis of exchequer issues and expenditures in FY 2022/23.

In FY 2022/23, the State Department for Irrigation received the highest proportion of development exchequer issues to development revised net estimates at 87.4 per cent, while the State Department for Wildlife received the lowest at 53.8 per cent during the year under review.

The State Department for Wildlife, State Department for Forestry, and Ministry of Water and Sanitation and Irrigation recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 100 per cent. In comparison, the State Department for Irrigation that recorded the lowest ratio of 96.0 per cent. Figure 4.8 shows the exchequer issues to the EPW&NR Sector in FY 2022/23.

The total expenditure for the EWP&NR sector amounted to Kshs.75.99 billion, representing 79.5 per cent of the gross estimates, compared to 83.5 per cent (Kshs.85.27 billion), recorded in FY 2021/22. This amount comprised Kshs.51.97 billion for the development budget representing an absorption rate

of 76.4 per cent, compared to 80.5 per cent (Kshs.61.57 billion) recorded in FY 2021/22, and Kshs.24.02 billion for recurrent expenditure representing 86.9 per cent of the recurrent gross estimates, compared to 92.4 per cent (Kshs.23.70 billion) recorded in FY 2021/22.

The State Department for Irrigation recorded the highest absorption of the development budget at 87.5 per cent while the State Department for Wildlife recorded the lowest development absorption rate at 46.3 per cent. The State Department for Wildlife recorded the highest recurrent expenditure to gross estimates at 99.8 per cent while the State Department for Irrigation recorded the lowest recurrent budget absorption at 50 per cent.

4.6.3 Financial Performance by Programmes and Sub-Programmes for EPW&NR Sector,

The budgetary allocation to the EPW&NR sector was to fund sixteen programmes and thirty-seven sub-programmes. Table 4.11 shows budget execution by programmes and sub-programmes in FY 2022/23.

Analysis of Programme and sub-programmes analysis shows that several sub-programmes had 100 per cent absorption of their allocated budget in FY 2022/23 including Water Towers Rehabilitation and Conservation Sub-Programme under Forests and Water Towers Conservation Programme in the Ministry of Environment and Forestry. In contrast Water Storage and Flood Control sub-programme under the Irrigation and Land Reclamation Programme in the Ministry of Water and Sanitation and Irrigation recorded the lowest absorption of the budget at 5.9 percent.

4.6.4 Key Achievements for the EWP&NR Sector

The State Department for Wildlife, under the Wildlife Security Conservation and Management Sub-Programme, responded to 980 clinical interventions for sick and injured wildlife animals out of 982 reported cases. The State Department also restored wildlife habitat through tree planting of 127,630 seedlings. In addition, the number of park visitors recorded was 2.4 million against a target of 2.1 million v, with the performance attributed to the recovery of the tourism sector. Following the increase in park visitors, a total of Kshs.5.24 billion in revenue was raised, surpassing the set target of Kshs.2.2 billion. Under the Wildlife Research and Training Sub-Programme, the State Department carried out four wildlife census reports, including lion census in Tsavo, marine mega fauna along the Kenyan Coast, Sable antelopes in Shimba Hills National Reserve, hippos in Lake Nakuru and Naivasha, and waterfalls in the Rift Valley.

The Ministry of Water, Sanitation, and Irrigation, through the Nairobi Rivers Basin Restoration Delivery Unit that is under the Water Resources Conservation and Protection Sub-Programme completed 70 per cent of Kasarani Mwiki and 73 per cent of Nairobi East West Reticulation sewers and 57 per cent of Kahawa West, Githurai Kahawa Sukari Reticulation of sewers against set targets of 60 per cent, 60 per cent and 50 per cent respectively. Under Kisumu Water Supply, the Ministry completed the water supply and sewerage infrastructure development project and is operational. Under the Sewerage Infrastructure Development Sub-Programme, the Ministry reported 64 per cent access to water services for the Lake Victoria South Works Development Agency. Under the Sewerage Infrastructure Development Sub-Programme, the Ministry drilled 42 exploratory boreholes in Kitui, Kajiado and Oloitoktok against a set target of 47 boreholes.

The State Department for Environment and Forestry, through the Farm and Dryland Forest Development Project, developed 421 hectares of bamboo forest, surpassing the set target of 300 hectares. Also, under the Green Zones Development Support Project Phase II, the State Department maintained 156 kilometres of forest roads, surpassing the target of 50 kilometres. Further, 16 hectares of woodlot forest were established under the Water Towers Rehabilitation and Conservation Sub-Programme under the Forest Irrigation Climate and Green Energy Project.

4.6.5 Project Implementation for EWP&NR Sector

In FY 2022/23, the EWP&NR sector incurred a development expenditure of Kshs.51.97 billion representing an absorption rate of 76.4 per cent against a gross development allocation of Kshs.68 billion. Table 4.12 summarises the development of some projects with the highest spending in FY 2022/23 for the EWP&NR sector.

4.7 General Economic and Commercial Affairs (GECA) Sector

4.7.1 Introduction

The General Economic and Commercial Affairs (GECA) sector consists of seven MDAs: The State Departments for Industrialization, Tourism, Trade and Enterprise Development, East African Community, Investment Promotion, Regional and Northern Corridor Development, and Micro Small and Medium Enterprises Development.

The GECA sector's strategic goals are aligned towards the promotion and development of domestic and regional trade, regional integration, industrialization, investment promotion, MSMEs, tourism and regional integration and development.

4.7.2 Budget Performance for GECA Sector

The budgetary allocation to the GECA sector in FY 2022/23 was Kshs.26.03 billion, revised to Kshs.27.58 billion in Supplementary Budget I and Kshs.29.08 billion in Supplementary Budget II, compared to Kshs.25.56 billion allocated in FY 2021/22. The allocation to the GECA sector represents 0.8 per cent of the revised gross National budget. The budget comprised Kshs.7.73 billion (26.6 per cent) for development activities and Kshs.21.36 billion (73.4 per cent) for recurrent expenditure. The State

Department for Tourism received the highest budgetary allocation at Kshs.10.11 billion (34.8 per cent of the GECA sector's budget), while the State Department for Micro, Small and Medium Enterprises Development had the lowest budgetary allocation at Kshs.633.62 million (2.2 per cent of the GECA sector allocation).

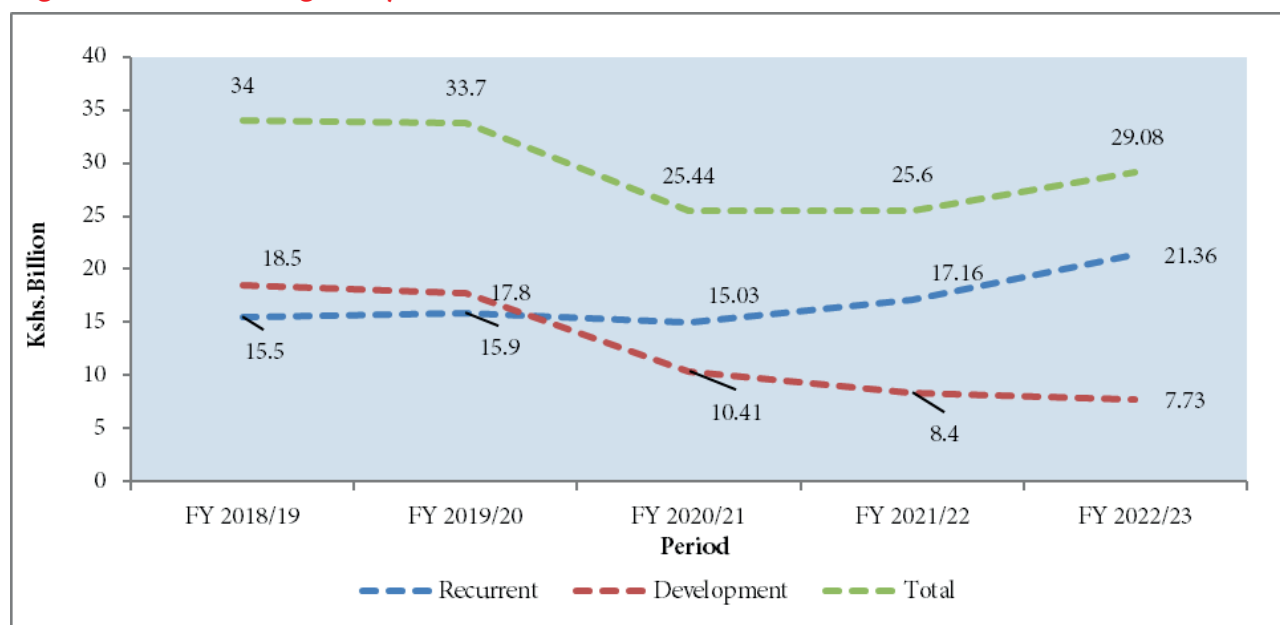

The high allocation to the State Department for Tourism is due to the Tourism Product Development and Diversification Programme geared towards improving tourist destination competitiveness. The programme also encompasses the following sub-programmes: Niche Tourism Product Development and Diversification, Tourism Infrastructure Development, and Tourism Training and Capacity Building.

Following the reorganization of Government through Executive Order No.1 of 2022, additional Votes were created under the GECA Sector through the Supplementary Budget which include the State Department for Micro, Small and Medium Enterprises Development with an allocation of Kshs.633.62 million; and the State Department for Investment Promotion with an allocation of Kshs.2.16 billion. The State Department for Micro, Small and Medium Enterprises Development is tasked with creating an integrated enabling environment for a highly productive and diversified MSME Sector.

In Supplementary Budget II, the State Department for Trade and Enterprise Development and the State Department for Tourism recorded the highest additional funding, which was towards Domestic Trade and Enterprise Development (Kshs.486.10 million), Tourism Promotion Marketing (Kshs.31.77 million) and Tourism Product Development and Diversification (Kshs.300.00 million). The State Department for Trade and Enterprise Development's original gross estimates for the FY 2022/23 was Kshs.3.69 billion, comprising Kshs.2.42 billion for recurrent expenditure and Kshs.1.27 billion for development expenditure. This was revised to Kshs.4.22 billion in Supplementary II, comprising recurrent expenditure of Kshs.2.95 billion and development expenditure of Kshs.1.27 billion. The overall change reflects an increase of Kshs.529.40 million entirely for recurrent expenditure on account of enhanced A-I-A for Kenya National Trading Corporation and Weights & Measures Department and additional funding of Kshs.44.7 million on rent and parking arrears.

The State Department for Tourism's original gross estimates for the FY 2022/23 was Kshs.9.79 billion, comprising Kshs.9.76 billion for recurrent expenditure and Kshs.34.01 million for development expenditure. This was revised to Kshs.10.11 billion in Supplementary Budget II, of which recurrent expenditure was Kshs.10.05 billion and development expenditure to Kshs.59.01 million. This reflects an overall increase of Kshs.322.00 million, comprising an additional Kshs.297.00 million in the recurrent expenditure and an additional Kshs.25.00 million in development expenditure. The increase of Kshs.322 million was due to Kshs.30 million additional funding for the royal tour documentary and enhanced AIA by Kshs.300 million for the Tourism Fund.

Figure 4.9 shows the budgetary allocation trend for the GECA Sector from FY 2018/19 to FY 2022/23.

The total exchequer issues to the GECA sector amounted to Kshs.14.98 billion, representing 84.2 per cent of the sector's revised net estimates compared to 93.3 per cent (Kshs.16.13 billion) recorded in a similar period FY 2021/22. This amount comprised Kshs.4.94 billion for development expenditure, representing 65.8 per cent of development revised net estimates compared to 85.9 per cent (Kshs.6.89 billion) recorded in FY 2021/22, and Kshs.10.04 billion for recurrent activities representing 97.5 per cent of recurrent revised net estimates compared to 99.8 per cent (Kshs.9.24 billion) recorded in a similar period in FY 2021/22. Table 4.13 analyses exchequer issues and expenditures to the GECA sector in FY 2022/23.

The total expenditure for the GECA sector amounted to Kshs.23.63 billion, representing 81.2 per cent of the gross estimates, compared to 84.5 per cent (Kshs.21.61 billion), recorded in a similar period in FY 2021/22. This amount comprised Kshs.5.53 billion for the development budget representing an absorption rate of 71.6 per cent, compared to 84.0 per cent (Kshs.7.05 billion) recorded in FY 2021/22, and Kshs.18.09 billion for recurrent expenditure representing 84.7 per cent of the recurrent gross estimates, compared to 84.8 per cent (Kshs.14.55 billion) recorded in FY 2021/22.

The State Department for Regional and Northern Corridor Development recorded the highest absorption of the development budget at 94.8 per cent. In comparison, the State Department for Tourism recorded the lowest at 21.4 per cent. The State Department for East African Community recorded the highest recurrent expenditure to gross estimates at 98.0 per cent. In comparison, the State Department for Investment Promotion recorded the lowest recurrent budget absorption at 48.3 per cent.

4.7.3 Financial Performance by Programmes and Sub-Programmes for GECA Sector

The budgetary allocation to GECA sector was to fund sixteen programmes and twenty-seven sub-programmes.

Analysis of Programme and sub-programmes analysis shows that, the Industrial Research, Development, and Innovation and Standardization, Metrology, and Conformity Assessment sub-programmes within the Standards and Business Incubation Programme under the State Department of Industrialisation recorded the highest absorption of funds. In contrast the Promotion of Industrial

Development and Investments sub-programme under the Industrial Development and Investments within the State Department for Investment Promotion recorded the lowest absorption of the budget at 17.9 percent.

4.7.4 Key Achievements for the GECA Sector

The State Department of East African Community (EAC) implemented several activities across the EAC integration pillars: EAC Customs Union, EAC Common Market, EAC Monetary Union and EAC Political Federation. The EAC Customs Union coordinated the implementation of the EAC Common External Tariff (CET) version 2022, a 4-ban tariff structure that protects the local industries to ensure their growth and promote value addition in the manufacturing sector. The EAC Common Market participated in the National High-Level Dialogue on Domestic Resource Mobilization for Sustainable Health Financing towards Universal Health Coverage in June 2023. Further, they participated in harmonising EAC Partner States Education and Training Curricula, Examination Structures and Frameworks for Certification and Accreditation. This facilitates the mobility of staff and students across the EAC Partner States and creates employment for staff and TVET graduates.

The State Department for Regional and Northern Corridor Development completed public participation for the National Regional Development Strategy 2050. The Integrated Regional Development sub-programme completed the construction of the Total Mango Factory and processed 2.5 tonnes of mango puree against a target of 3 tonnes and 5 tonnes of mango juice against a target of 6 tonnes. In addition, Napuu and Lomut Irrigation schemes were activated with the Napuu project continuing with infrastructure works.

The State Department of Trade improved fair trade and consumer protection by developing a trade remedies database. The Kenya Trade Remedies Agency finalised investigations, manuals, policies and procedures. The Agency developed four manuals, policies and procedures, thus achieving the target.

The State Department for Micro, Small and Medium Enterprises Development undertook its mandate to create an integrated enabling environment for a highly productive and diversified MSMEs Sector through financing, incubation, and entrepreneurship management and training. The State increased the percentage of efficiency in service delivery to 70 per cent through the Administration and Support Services. This was achieved by deploying officers, setting up finance and accounting systems, securing workstations for officers and procurement of equipment and vehicles. In addition, they trained 80 per cent of its officers through various training workshops such as Onboarding of Financial Inclusion Fund Products.

The State Department for Investment Promotion operationalised the National Investment Council and completed basic infrastructure facilities, railway siding, and related infrastructure in the Athi River Textile Hub Development. The Industrial Development and Investments programme under the State surpassed its target of gazetting 92 Export Processing Zones (EPZ) to 95. As a result, the value of Exports from the zones was Kshs.111.80 million against a target of Kshs.108.00 million. The State increased their Direct Investments to Kshs.164.91 million against a target of Kshs.127.50 million, attributed to new firms that entered the EPZ program and the expansion of existing zones.

4.7.5 Project Implementation for GECA Sector

In the FY 2022/23, the GECA sector incurred a development expenditure of Kshs.5.53 billion representing an absorption rate of 71.6 per cent against a gross development allocation of Kshs.7.73 billion.

Table 4.15 summarises some of the development projects with the highest spending in the GECA sector in FY 2022/23.

4.8 Governance, Justice, Law and Order (GJLO) Sector

4.8.1 Introduction

The GJLO Sector consists of seventeen MDAs, which include the State Department for Interior and Citizen Services, the State Department for Correctional Services, State Department for Immigration and Citizen Services, National Police Service, State Department for Internal Security and National

Administration, the State Law Office and Department of Justice, The Judiciary, Ethics and Anti-Corruption Commission (EACC), the Office of the Director of Public Prosecutions (ODPP), Office of the Registrar of Political Parties (ORPP), Witness Protection Agency (WPA), Kenya National Commission on Human Rights (KNCHR), Independent Electoral and Boundaries Commission (IEBC), Judicial Service Commission (JSC), National Police Service Commission (NPSC), National Gender and Equality Commission (NGEC), and the Independent Policing Oversight Authority (IPOA) as well as SAGAs and Tribunals under the Judiciary.

The GJLO Sector creates a favourable environment for the country's economic, social, and political development necessary for fulfilling the objectives of the Kenya Vision 2030. It comprises institutions with linkages in peace and security building, correctional services, legal advisory services to government agencies, National government representation in civil proceedings and matters before foreign courts and tribunals, and dispensation of justice. The GJLO Sector also significantly promotes good governance, integrity, and corruption eradication, provides public prosecution services, regulates political parties, and protects witnesses and human rights. Further, the sector also delimits electoral boundaries and manages electoral processes, promoting gender equality, including marginalised groups and communities, and oversight of police operations.

Besides, GJLO Sector plays a role in border management, peace-building and conflict management, registration services, gaming industry regulation, population management services, eradicating drugs and substance abuse, crime research, and government printing services. The Sector also plays a crucial role in ensuring National values and promoting National cohesion.

4.8.2 Budget Performance for GJLO Sector

The budgetary allocation to the GJLO Sector in FY 2022/23 was Kshs.234.41 billion, revised to Kshs.239.51 billion in Supplementary Budget I, and Kshs.240.88 billion in Supplementary Budget II, compared to Kshs.233.12 billion allocated in FY 2021/22. The allocation to the GJLO sector represents 6.6 per cent of the revised gross National budget. The budget comprised Kshs.6.82 billion (2.8 per cent) for development activities and Kshs.234.06 billion (97.2 per cent) for recurrent expenditure. The State Department for Interior and Citizen Services received the highest budgetary allocation at Kshs.112.09 billion (46.1 per cent of the GJLO sector's budget), while the State Department for National Gender & Equality Commission had the lowest budgetary allocation at Kshs.408.38 million (less than 1 per cent of the GJLO sector allocation).

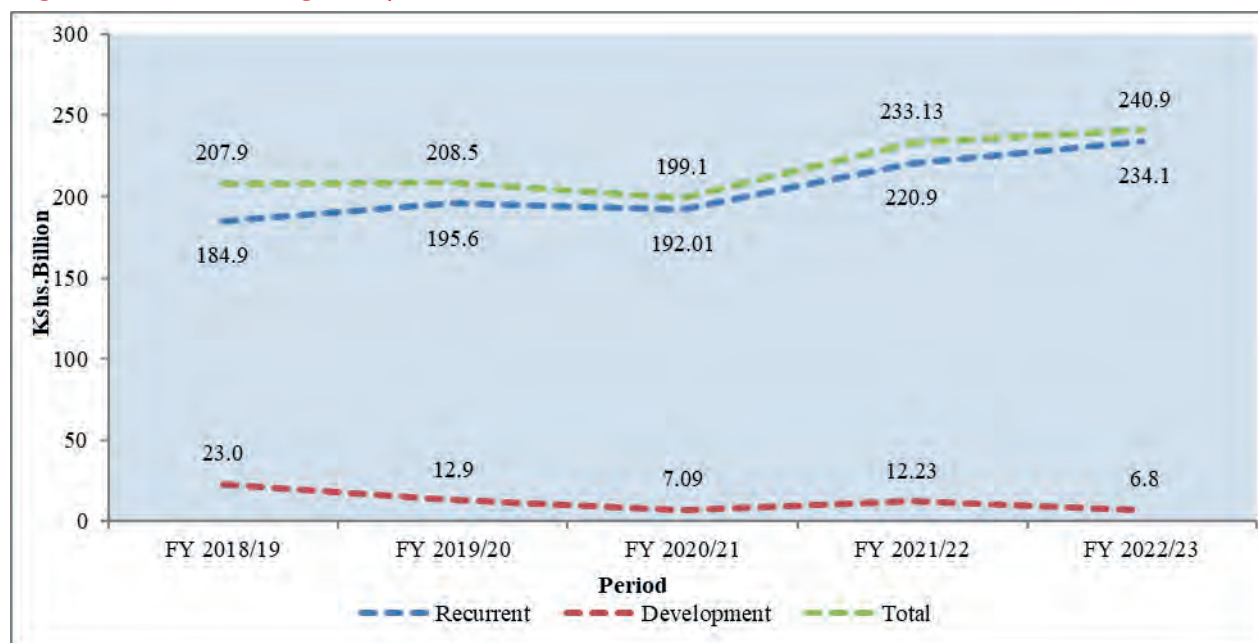

The high allocation to the State Department for Interior and Citizen Services is due its roles including enhancing public safety and security; provision of migration and citizen services; population management services; and the production and security of Government documents.

During the FY 2022/23, the following Votes were established during the budget revision under GJLO Sector: State Department for Immigration and Citizen Services with an allocation of Kshs.2.01 billion; National Police Service with an allocation of Kshs.25.18 billion; and State Department for Internal Security and National Administration with an allocation of Kshs.8.85 billion. The three Votes were previously domiciled under the State Department for Interior and Citizen Services. The State Department for Immigration is tasked with maintaining a comprehensive population database, proper migration management and timely registration and issuance of secure identification documents. The National Police Services aims to provide a professional, innovative and people-centred police service.

The State Department for Internal Security and National Administration is tasked with the provision of security and safety to people and property, promotion of National cohesion and coordination of National government functions

Figure 4.11 shows the budgetary allocation trend for the GJLO sector for FY 2018/19 to FY 2022/23.

The total exchequer issues to the GJLO sector amounted to Kshs.229.52 billion, representing 96.9 per cent of the sector's revised net estimates compared to 96.0 per cent (Kshs.219.32 billion) recorded in a similar period FY 2021/22. This amount comprised Kshs.5.45 billion for development expenditure, representing 83.8 per cent of development revised net estimates compared to 81.0 per cent (Kshs.8.33 billion) recorded in FY 2021/22, and Kshs.224.07 billion for recurrent activities representing 97.2 per cent of recurrent revised net estimates compared to 96.7 per cent (Kshs.210.99 billion) recorded in a similar period in FY 2021/22. The total expenditure for the GJLO sector amounted to Kshs.235.67 billion, representing 98.5 per cent of the gross estimates, compared to 95.2 per cent (Kshs.221.96 billion), recorded in a similar period in FY 2021/22. This amount comprised Kshs.5.94 billion for the development budget representing an absorption rate of 90.4 per cent, compared to 91.3 per cent (Kshs.11.15 billion) recorded in FY 2021/22, and Kshs.229.73 billion for recurrent expenditure representing 98.8 per cent of the recurrent gross estimates, compared to 95.4 per cent (Kshs.210.81 billion) recorded in FY 2021/22.

The State Department for Immigration and Citizen Services and Ethics & Anti-Corruption Commission recorded the highest absorption of the development budget at 100.0 per cent. However,

the Office of Director of Public Prosecution recorded development budget absorption rate of 172.8 per cent, attributed to budget cut in Supplementary Budget II after expenditure was incurred. In comparison, the State Law Office and Department of Justice recorded the lowest at 70.2 per cent. The Witness Protection Agency recorded the highest recurrent expenditure to gross estimates at 100 per cent. In comparison, the State Law Office and Department of Justice recorded the lowest recurrent budget absorption at 86.1 per cent.

4.8.3 Financial Execution by Programmes and Sub-Programmes for GJLO Sector

The GJLO sector allocation was to fund thirty-one programmes and seventy-six sub-programmes.

Table 4.17 shows budget execution by programmes and sub-programmes by the GJLO sector in FY 2022/23.

Analysis of Programme and sub-programmes analysis shows that some sub-programme had 100 per cent budget absorption rates including the Offender Services sub-programme within the Prison Services Programme under the State Department for Correctional Services. In contrast the Road Safety sub-programme under the Road Safety Programme within the State Department for Interior and Citizen Services recorded the lowest absorption of the budget at 70.4 percent.

4.8.4 Key Achievements for the GJLO Sector

In FY 2022/23, the Ethics and Anti-Corruption Commission received adequate support from the National Treasury to discharge its mandate. As a result, some significant achievements included completing 296 investigation files on corruption and economic crimes were forwarded to the Director of Public Prosecution. Further, they conducted 39 proactive covert investigations, averting possible loss of public funds estimated at Kshs.7.33 billion.

The Judiciary established operational instruments that enabled the operationalization of the Judiciary Fund. This aimed at ensuring financial independence to the Judiciary as envisaged by the Kenyan constitution. The Judiciary heard and determined the Presidential petition within the 14 days stipulated in the Constitution. Other petitions for Governors, Senators, Members of Parliament, and Members of the County Assembly are at various levels of the court. In addition, the Judiciary conducted admission of over 1000 Advocates, establishment of the first special Sexual and Gender Based Violence Court in Shanzu Law Court and operationalized six magistrate court Stations; Kenol, Rumuruti, Olkalou, Tinderet, Kabiyeet and Madiany.

The National Police Service was created as a new vote effective 1st April 2023 and by the end of the financial 2022/23, it had procured new enhanced Medical Insurance Cover and Group Life Insurance Cover for all officers in the National Police Service.

The Independent Policing Oversight Authority continued its mandate of police accountability through various police operations, such as conducting investigations. As a result, they investigated and finalized 876 cases and made multiple recommendations, including prosecution and disciplinary action, in line with the Independent Policing Oversight Authority Act of 2011. Furthermore, the Authority conducted 762 inspections, monitored 122 police operations, and finalized the review and approval of IPOA Regulations to guide the implementation of the IPOA Act.

4.8.5 Project Implementation for GJLO Sector

In FY 2022/23, the GJLO sector incurred a development expenditure of Kshs.5.94 billion representing an absorption rate of 90.4 per cent against a gross development allocation of Kshs.6.57 billion. Table 4.18 summarises the development of some of the projects with the highest spending reporting period in the GJLO sector.

4.9 Health Sector

4.9.1 Introduction

Health is a devolved function under the Fourth Schedule of the Constitution of Kenya. At the National level Health sector is responsible for providing and coordinating health policy formulation, ensuring quality service delivery, and regulating health care.

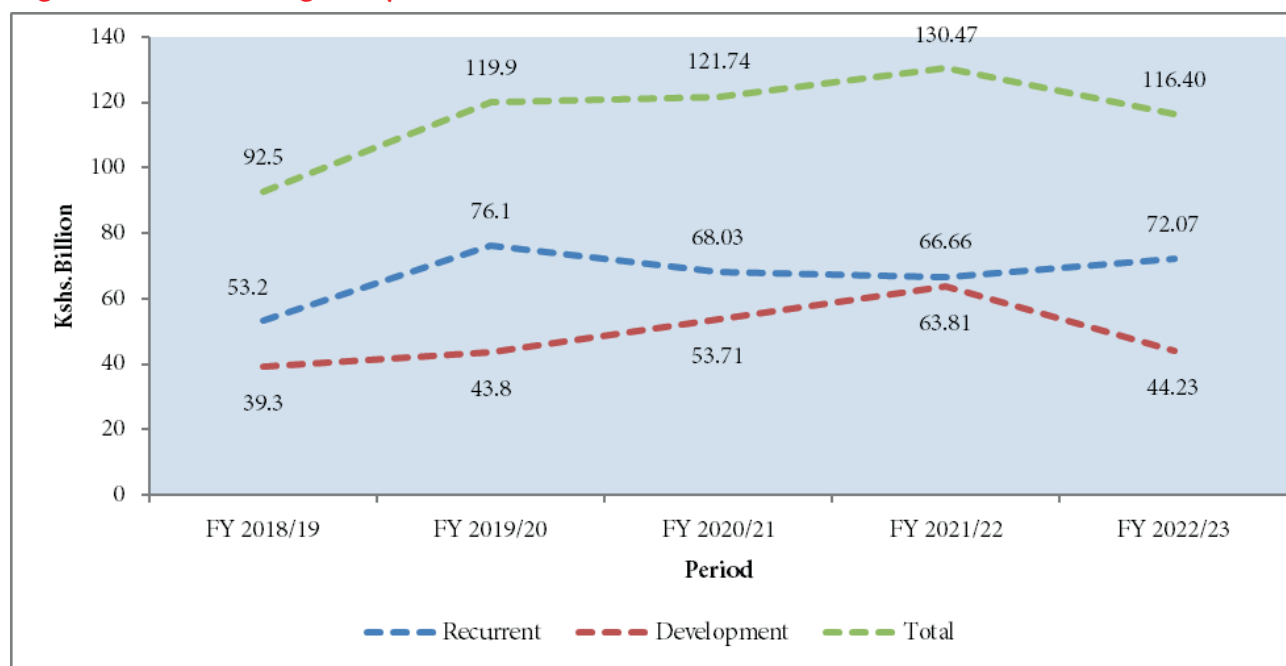

The Health sector comprises of Ministry of Health, State Department for Public Health and Professional Standards, and Semi-Autonomous Government Agencies, namely: Kenyatta National Hospital, Moi Teaching and Referral Hospital, Kenya Medical Research Institute, Kenya Medical Supplies Authority, Kenya Medical Training College, National Acquired Immune Deficiency Syndrome (AIDS) Control Council, Kenyatta University Teaching, Referral and Research Hospital, National Cancer Institute of Kenya, Kenya Nuclear Regulatory Authority and the National Health Insurance Fund.

4.9.2 Budget Performance for Health Sector

The budgetary allocation to the Health sector in FY 2022/23 was Kshs.122.52 billion, revised to Kshs.119.37 billion in Supplementary Budget I, and Kshs.116.40 billion in Supplementary Budget II, compared to Kshs.121.09 billion allocated in FY 2021/22. The allocation to the sector represents 3.2 per cent of the revised gross National budget. The budget comprised Kshs.44.32 billion (38.1 per cent) for development activities and Kshs.72.07 billion (61.9 per cent) for recurrent expenditure.

The Ministry of Health received the highest budgetary allocation at Kshs.111.17 billion (95.5 per cent of the Health sector's budget), while the State Department for Public Health and Professional Standards received Kshs.5.21 billion (4.5 per cent of the Health sector allocation). The State Department for Public Health and Professional Standards Vote was created through Executive Order No.1 of 2022 and allocated funds through supplementary budget. The Vote is tasked with building a progressive and sustainable health care system for accelerated attainment of the highest standard of health for all Kenyans.

Figure 4.13 shows the budgetary allocation for the Health sector for FY 2018/19 to FY 2022/23.

Analysis of Programme and sub-programmes shows that several sub-programmes had 100 per cent absorption rate of their budget including the Disease Surveillance and Response Sub-Programme under the Preventive, Promotive Health Services Programme in the State Department for Public Health and Professional Standards. In contrast, the Health Products and Technologies Sub-Programme under the Curative Health services Programme within the Ministry of Health recorded the lowest absorption of the budget at 13.9 per cent.

4.9.4 Key Achievements for the Health Sector

The Health Sector achievements for FY 2022/23 were based on the planned outputs and services to be delivered to the citizens per the budget allocations.

In the period under review, the preventive and promotive programmes identified 1.3 million people living with HIV and initiated antiretroviral treatment representing a coverage of 87 per cent. Under the same programme, Immunization coverage improved from 84 per cent in FY 2020/21 to 88 per cent in FY 2021/22 due to the procurement and installation of specialized vaccine storage equipment in over 3,500 health facilities and 290 sub-County vaccine depots.

The programme also distributed 16 million Long-Lasting Insecticidal Nets across 27 Counties. This has benefited approximately 26 million persons and seen a drop in the prevalence of malaria infections from 8 per cent to 6 per cent. The sector also continued with the vitamin A supplementation programme for children ages 6 to 59 months. As of the close of FY 2022/23, they attained 86.3 per cent, surpassing the global and National target of 80 per cent.

The sector established 19 County-based cancer registries, an increase from 12 established in the FY 2020/21; 58 cancer treatment centres met the minimum standards of cancer centre care, 10 regional chemotherapy centres and three radiotherapy centres were fully established in Nakuru, Garissa, and Mombasa each being equipped with a state-of-the-art linear accelerator, Computed Tomography simulator and brachytherapy machine.

The Health sector also embarked on equipping and infrastructure developments in various health institutions and centres across the country and equipping them. The activities included the expansion of Intensive Care Units, maternity wards and theatres, establishing Tissue Typing Laboratories, installing and commissioning a bulk oxygen plant, radiological and imaging equipment, and Magnetic Resonance Imaging cardiac catheterization laboratory.

4.9.5 Project Implementation for Health Sector

In the FY 2022/23, the Health sector incurred a development expenditure of Kshs.40.23 billion representing an absorption rate of 90.8 per cent against a gross development allocation of Kshs.44.32 billion.

Table 4.21 presents a summary of development projects with the highest expenditure in FY 2022/23 for the Health sector.

4.10 National Security Sector

4.10.1 Introduction

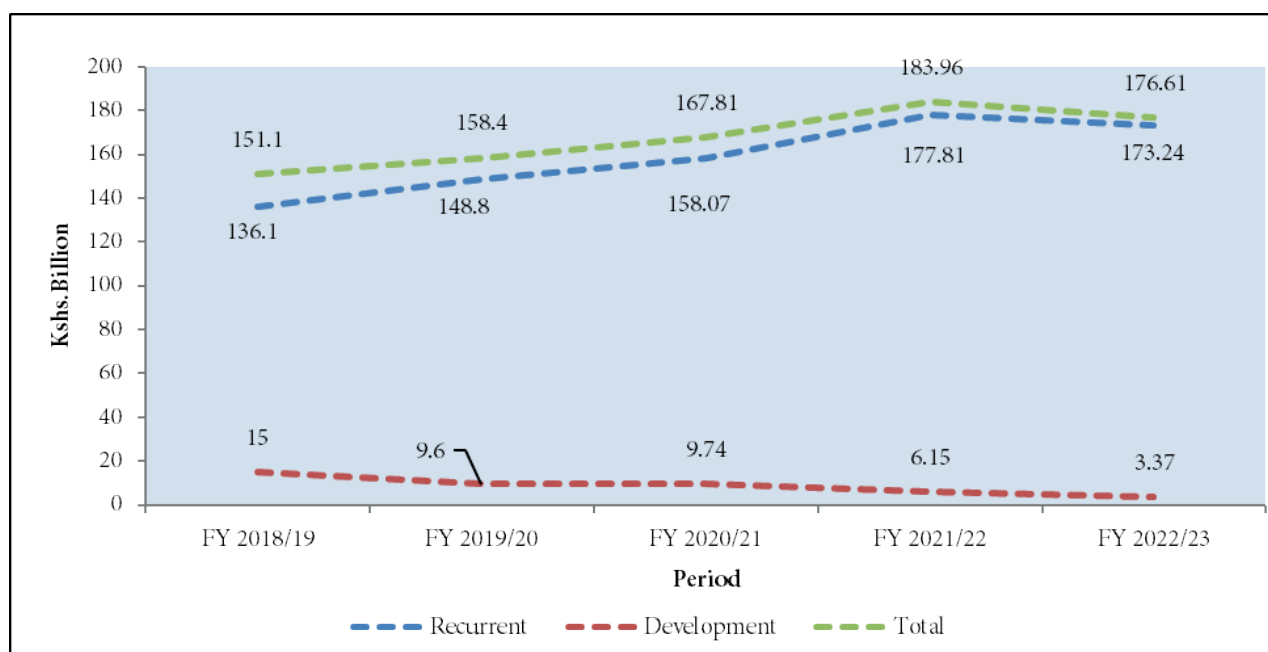

The National Security sector comprises the Ministry of Defence and the National Intelligence Service (NIS). The Sector's mandate is to ensure the country's security against any threats from within or outside the Kenyan borders, defend the country, and support the civil powers in maintaining peace and order.

4.10.2 Budget Performance for National Security Sector

The budgetary allocation to the National Security sector in FY 2022/23 was Kshs.177.81 billion, revised to Kshs.175.58 billion in Supplementary Budget I, and Kshs.176.61 billion in Supplementary Budget II, compared to Kshs.183.96 billion allocated in FY 2021/22. The allocation to the sector represents 4.8 per cent of the revised gross National budget. The budget comprised Kshs.3.37 billion (1.9 per cent) for development activities and Kshs.173.24 billion (98.1 per cent) for recurrent expenditure. The Ministry of Defence budgetary allocation was Kshs.138.99 billion (78.7 per cent of the sector's budget), while the National Intelligence Service was Kshs.37.63 billion (21.3 per cent of the sector allocation).

Figure 4.15 below shows the budgetary allocation trend for the National Security sector for FY 2018/19 to FY 2022/23.

In FY 2022/23, total exchequer issues to the National Security sector was Kshs.165.16 billion, representing 93.5 per cent of the sector's revised net estimates, comprised of Kshs.1.75 billion for development expenditure representing 51.9 per cent of the net development estimates, and Kshs.163.41 billion for recurrent spending representing 94.3 per cent of the recurrent revised net estimates.

The Ministry of Defence received Kshs.127.43 billion for recurrent activities representing 94 per cent and Kshs.1.75 billion for development expenditure representing 51.9 per cent of development exchequer revised net estimates, while NIS received Kshs.35.98 billion, representing 95.6 per cent of the recurrent

revised net estimates. Table 4.22 shows the National Security sector analysis of exchequer issues and expenditures in FY 2022/23.

Analysis of Programme and sub-programmes analysis shows that, majority of the sub-programmes within the Programmes under the Ministry of Defence recorded 99 or 100 per cent absorption of the funds allocated. The Security Intelligence sub-programme under the National security intelligence Programme within the National Intelligent Service recorded the lowest absorption of the budget at 95.6 per cent.

4.11 Public Administration and International Relations (PAIR) Sector

4.11.1 Introduction

The Sector provides National leadership, oversight, and policy direction towards the realization of the country's development agenda. It promotes prudent public finance management and accountability in the Public Sector; coordinates National and sectoral development planning; oversees an efficient and effective Public Service. It also coordinates Kenya's foreign policy and diaspora affairs, wage bill management, development of a sound legislative and regulatory framework, and enforces administrative justice and the right to information.

Following the reorganization of the government after the general elections in August 2022 and further directives by H.E President of the Republic of Kenya, some Ministries in PAIR sector were split and new MDAs created. The PAIR sector comprises of twenty MDAs, namely, the Executive Office of the President; Office of the Deputy President; State Department for Cabinet Affairs; State Department for Devolution; State Department for Performance and Delivery Management; State Department for Parliamentary Affairs; State Department for Foreign Affairs; State Department for Diaspora Affairs; The National Treasury; State Department for Economic Planning; State Department for Public Service; Parliamentary Service Commission; National Assembly; Parliamentary Joint Services; Commission on Revenue Allocation; Public Service Commission; Salaries and Remuneration Commission; Office of the Auditor General; Office of the Controller of Budget; and Commission on Administrative Justice

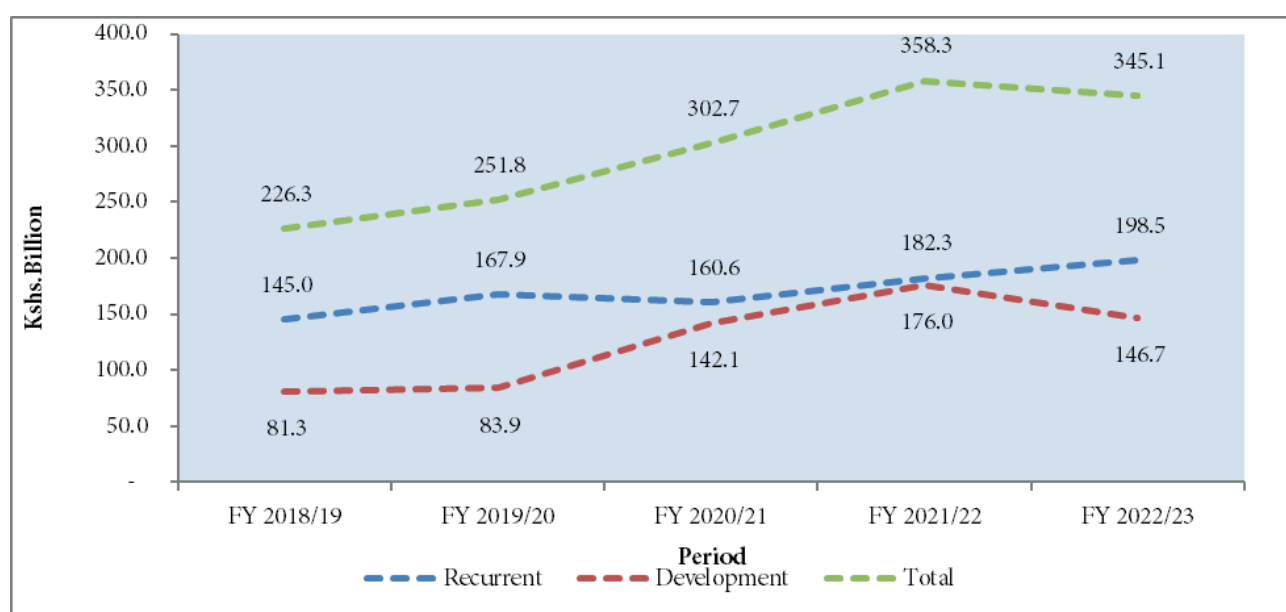

4.11.2 Budget Performance for the PAIR Sector

The budgetary allocation to the PAIR sector in FY 2022/23 amounted to Kshs.356.86 billion, revised to Kshs.358.41 billion in Supplementary Budget I and Kshs.345.14 billion in Supplementary Budget II, compared to Kshs.358.30 billion allocated in FY 2021/22. The allocation to the Pair sector represents 9.4 per cent of the revised gross National budget. The budget comprised Kshs.146.66 billion (42.5 per cent) for development activities and Kshs.198.48 billion (57.5 per cent) for recurrent expenditure. The National Treasury received the highest budgetary allocation at Kshs.147.56 billion (42.7 per cent of the PAIR sector's budget), while the State Department for Salaries and Remuneration Commission had the lowest budgetary allocation at Kshs.504.9 million (less than 1 per cent of the PAIR sector allocation).

The high allocation to the National Treasury is due to its vital role in ensuring a stable micro and macro-economic environment and promoting sustainable market competition.

In Supplementary Budget II, the President's Executive Office received the highest additional funding for Cabinet and State House Affairs. The State Department for Executive Office of the President's original gross estimates for the FY 2022/23 was Kshs.23.07 billion, comprising Kshs.17.08 billion for recurrent expenditure and Kshs.5.98 billion for development expenditure. This was been revised to Kshs.35.04 billion in Supplementary II, of which recurrent expenditure is Kshs.27.23 billion while development expenditure is Kshs.7.81 billion. The overall change reflects an increase in Kshs.11.97 billion, comprising an addition of Kshs.10.15 billion in the recurrent expenditure and an additional Kshs.1.83 billion in development expenditure. The change in the recurrent expenditure is due to facilitating effective cabinet decisions for harmonious operation in government and Execution of the President's mandate as per the Constitution.

Figure 4.17 shows the budgetary allocation trend for the PAIR Sector for FY 2018/19 to FY 2022/23.

Figure 4.17: Budgetary Allocation Trend for the PAIR Sector

The total exchequer issues to the PAIR sector amounted to Kshs.240.58 billion, representing 88.1 per cent of the sector's revised net estimates compared to 84.7 per cent (Kshs.236.18 billion) recorded in FY 2021/22. This amount comprised Kshs.85.73 billion for development expenditure, representing 88.6 per cent of development revised net estimates compared to 73.1 per cent (Kshs.87.56 billion) recorded in FY 2021/22, and Kshs.154.85 billion for recurrent activities representing 87.8 per cent of recurrent revised net estimates compared to 93.5 per cent (Kshs.148.61 billion) recorded in FY 2021/22. Analysis of Programme and sub-programmes analysis shows that several sub-programmes fully absorbed their allocated budget including the Elimination Of Restrictive Trade Practices sub-programme within the Market Competition And Creation of an Enabling Business Environment Programme under the National Treasury. Also, the Youth Employment and Employability Scheme sub-programme under the Youth Empowerment Services Programme in the State Department for Youth Affairs recorded an absorption rate at 100 percent.

In contrast the Metropolitan Energy, Reticulation and Public Lighting sub-programme under the Nairobi Metropolitan Programme within the Executive Office of the President recorded the lowest absorption of the budget at 1.9 percent.

4.11.4 Key Achievements for the PAIR Sector

Under the review period, the State Department for Planning, under the policy research sub-programme, trained 3,852 officers between January and March 2023 in the Kenya Institute of Public Policy Research Analysis (KIPPRRA) on public policy-making process course. This achievement was attributed to 4 events conducted under the KIPPRRA mentorship programme for universities.

During the period under review, the National Treasury performed well compared to the previous financial period. It cleared a considerable backlog of pending bills (merchants and personal claims), improving overall absorption.

The Public Service Commission audited 48 ministries and state departments and prepared a report tabled in Parliament. The Commission also prepared and submitted to the President and Parliament an evaluation report on the status of public service compliance

with the values and principles in Articles 10 and 232 of the Constitution. Further, it also provided technical support to 8 County governments and 12 MDAs on HR matters under the Human Resource Management and Development Programme. The County Government support included Nairobi, Mombasa, Tana River, Kiambu, Makueni, Garissa, Laikipia, and Homabay. The MDAs supported are the Intergovernmental Relation Technical Committee (IGRTC) in conducting shortlisting and interviews for various positions, the Office of the Data Protection Commissioner in preparation of indents and conducting shortlisting and interviews for various positions. The National Council for Population and Development, Kenya Trade Network Agency (KENTRADE), Anti-Doping Agency of Kenya, Kenya Institute of Mass Communication, Geothermal Development Company, Athi Water

Development Works, Public Accountant Standard Board (PASB) on review of Human Resource Instruments.

During the year under review, The Commission on Administrative Justice, under Administrative Justice Services, issued 367 MDAs with quarterly feedback reports on the resolution of public complaints indicator. Of the 367 public institutions, 23 were government ministries, 227 parastatals, 116 tertiary institutions and 1 County government.

4.11.5 Project Implementation for PAIR Sector

In FY 2022/23, the PAIR sector incurred a development expenditure of Kshs.116.47 billion representing an absorption rate of 79.4 per cent against a gross development allocation of Kshs.146.66 billion. Table 4.25 summarises the development of some projects with the highest expenditure in the reporting period in the ARUD sector.

4.12 Social Protection, Culture, and Recreation (SPCR) Sector

4.12.1 Introduction

The Social Protection, Culture, and Recreation Sector comprises the six MDAs: Sports, Culture and Heritage, Labour, Social Protection, Pensions and Senior Citizens Affairs, Development of Arid and Semi-Arid Lands (ASALs), and Gender.

The SPCR sector plays a strategic role in the country's transformation and socio-economic development by implementing special programmes for the development of the ASALs. The SPCR sector promotes sustainable employment, harmonious industrial relations, a productive workforce, and gender equity

and equality. Other key roles include empowering communities and vulnerable groups, safeguarding children's rights, and promoting diverse cultures, arts, and sports to enhance cohesiveness and Kenya's regional and international competitiveness.

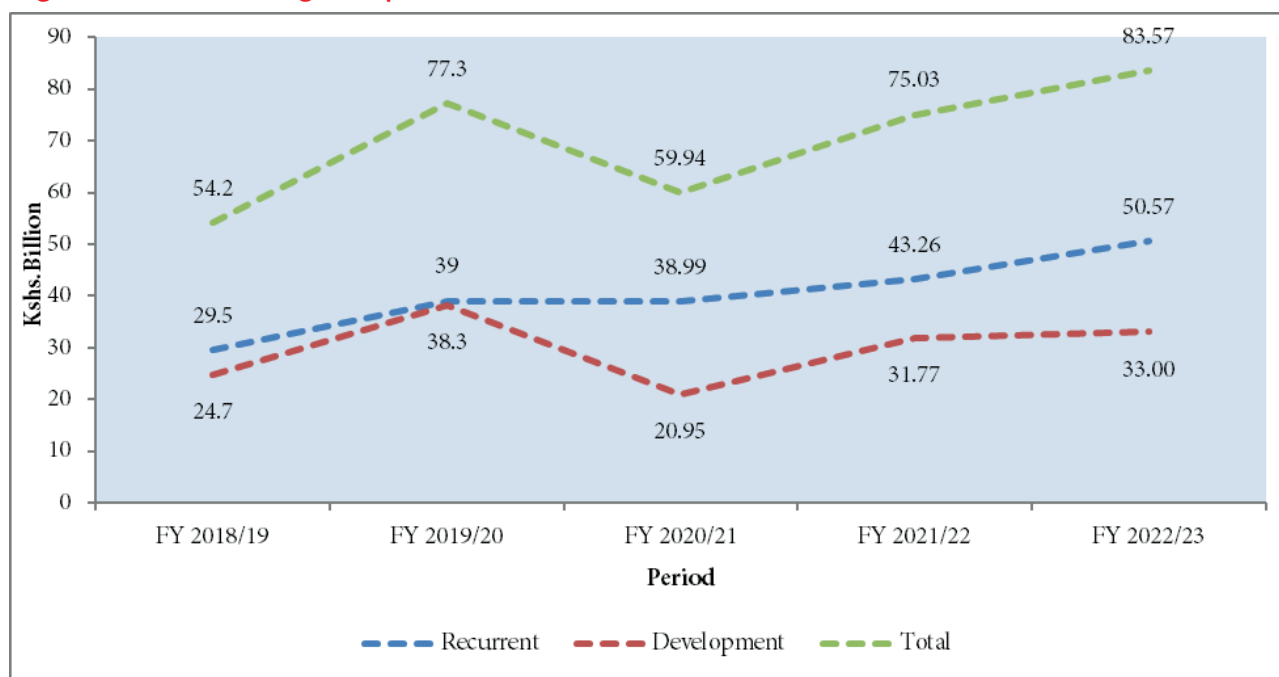

4.12.2 Budget Performance for SPCR Sector

The budgetary allocation to the SPCR sector in FY 2022/23 was Kshs.73.21 billion, revised to Kshs.82.81 billion in Supplementary Budget I and Kshs.83.57 billion in Supplementary Budget II, compared to Kshs.75.03 billion allocated in FY 2021/22. The allocation to the SPCR sector represents 2.3 per cent of the revised gross National budget. The budget comprised Kshs.33.0 billion (39.5 per cent) for development activities and Kshs.50.57 billion (60.5 per cent) for recurrent expenditure.

The State Department for Social Protection, Pensions and Senior Citizens Affairs received the highest budgetary allocation at Kshs.38.25 billion (45.8 per cent of the SPCR sector's budget), while the State Department for Culture and Heritage had the lowest budgetary allocation at Kshs.3.30 billion (3.9 per cent of the SPCR sector allocation). The high allocation to the State Department for Social Protection, Pensions and Senior Citizens Affairs is due its role in promoting and coordinating community empowerment, care, participation, and protection of children, persons with disabilities and other vulnerable groups as an integral part of National development.

Figure 4.19 shows the budgetary allocation trend for the SPCR sector for FY 2018/19 to FY 2022/23.

The total exchequer issues to the SPCR sector amounted to Kshs.58.82 billion, representing 85.7 per cent of the sector's revised net estimates compared to 94.8 per cent (Kshs.54.86 billion) recorded FY 2021/22. This amount comprised Kshs.13.20 billion for development expenditure, representing 66.4 per cent of development revised net estimates compared to 82.7 per cent (Kshs.13.39 billion) recorded

in FY 2021/22, and Kshs.45.62 billion for recurrent activities representing 93.5 per cent of recurrent revised net estimates compared to 99.5 per cent (Kshs.41.47 billion) recorded in FY 2021/22.

Analysis of Programmes and sub-programmes shows that, the Relief and Rehabilitation sub-programme within the Accelerated ASALs Development Programme under the State Department of ASALs recorded a high absorption of funds of 98.6 per cent.

In contrast the Peace Building and Conflict Management sub-programme under the Accelerated ASALs Development Programme under the State Department for ASALs recorded the lowest absorption of the budget of less than 1 per cent.

4.12.4 Key Achievements for the SPCR Sector

In FY 2022/23, the State Department for Gender achieved the following: - supported 301 Affirmative Action Groups under the National Government Affirmative Action Fund, through the Anti-Female Genital Mutilation Board, managed to send 2,500 campaign messages against female genital mutilation, assisted 550 women to Access Government Procurement Opportunities, financial literacy, financial inclusion, and intercountry and cross-border trade through the Socio-Economic Empowerment Directorate. In addition, through the Gender Mainstreaming Sub-Programme, the State Department managed to capacity build 638 government institutions on Gender Mainstreaming against a target of 200 institutions.

The State Department for Labour and Skills Development, under the Promotion of Harmonious Industrial Relations Sub-Programme, carried out 12,659 workplace inspections on wages and terms and conditions of employment. Under the Occupational Safety and Health Sub-Programme, the State Department medically examined 148,699 workers in hazardous occupations and examined 22,101 dangerous industrial equipment. The State Department trained 262 officers drawn from 53 State Corporations on productivity improvement (Business Process re-engineering and continuous improvement).

The State Department for Sports, within the Sports Training and Competitions Sub-Programme, carried out 1,425 intelligence-based anti-doping tests and sensitized 15,516 persons on anti-doping issues. Through the Kenya Cultural Centre, the State Department Trained 491 artists under the Performances After Lung (PAL) Program. Also, the number of artworks exhibited was 98 against a target of 70.

The State Department for Culture and Heritage, under the Conservation of Heritage Sub-Programme, standardized and digitized user need 60,609 heritage collections, exceeding the target of 40,000 heritage collections, with the overachievement attributed to the researcher clearing the backlog of the group for the previous year. Under the Public Records and Archives Management Sub-Programme, 785,801 records were digitized against a target of 200,000 records. In addition, 1,710 women were empowered in bead work under the Development and Promotion of Culture sub-programme.

4.12.5 Project Implementation for SPCR Sector

In FY 2022/23, the SPCR sector incurred a development expenditure of Kshs.25.58 billion representing an absorption rate of 77.5 per cent against a gross development allocation of Kshs.33.0 billion.

Table 4.28 summarises the development of the projects with the highest expenditure in FY 2022/23 in the SPCR sector.

5 KEY ISSUES AND RECOMMENDATIONS

5.1 Introduction

This chapter highlights the critical issues that affected budget implementation in FY 2022/23 and provides recommendations for effective budget execution.

5.2 Key Issues and Recommendations

During the year, the Controller of Budget identified critical issues that affected budget implementation as discussed hereunder:

5.2.1 High Debt Services Costs

As of 30th June 2023, the public debt stock stood at Ksh.10.25 trillion from Kshs.8.63 trillion reported on 30th June 2022. The National Treasury paid off Kshs.543.95 billion of loan principal, Kshs.607.28 billion as interest, Kshs.1.36 billion in commitment fees, and Kshs.536.85 million in penalties and other charges.

The country has a significant amount of public debt denominated in foreign currencies, which makes it vulnerable to currency fluctuations and exchange rate risks. The exchange rate between the Kenya Shilling and the US Dollar was roughly 117.87 Kenya shillings in July 2022, while in June 2023, it averaged 141.14, a difference of 23.27 shillings (approximately 18.9 per cent exchange rate depreciation). The depreciation of the Kenyan Shilling caused an increase in the debt stock and debt repayments (principal and interest) in Kenya Shilling terms. The continuous depreciation of the Kenya Shilling will necessitate an increase in the amount required for loan repayments. This will erode the government's fiscal space and limit the implementation of other critical policies and programs, resulting in budget adjustments.

The Controller of Budget recommends a special audit of existing and committed loans to link the loans with the projects funded through borrowed funds. Further, the office observed that the National Treasury has, over the years, acquired and absorbed loans on behalf of profitable Semi-Autonomous Government Agencies. These loans should be reviewed with the aim of transferring payment obligations to the Agencies.

5.2.2 Liquidity Constraints

An analysis of domestic debt shows that investors preferred the shorter 91-day Treasury Bills, which is attributed to avoidance of duration risk. On several occasions, the Government could not raise adequate funds on the domestic market from Treasury Bonds, signaling an avoidance of long-term lending by investors.

Shorter-term maturity loans are more expensive and pressure revenue as a more significant proportions of the collected income is committed to debt servicing. The public debt payment is a first charge on the Consolidated Fund; and thus, inadequate collections from Treasury Bonds imply increased debt payments on Treasury Bill redemptions at the expense of the recurrent and development expenditures.

The Controller of Budget recommends fiscal consolidation to enhance fiscal discipline. Further, revenue measures, such as enhanced efficiency in tax administration to eliminate tax evasion, improve tax

compliance, widen the tax base and ensure government subsidies are aimed at supporting production for higher economic growth.

5.2.3 High level of Pending Bills

As of 30th June 2023, the total pending bills of the National and County governments stood at Ksh.727.74 billion, consisting of Kshs.567.50 billion and Kshs.160.24billion for the National and County governments, respectively.

The Controller of Budget takes cognizance of the establishment of a Special Committee on the verification of pending bills by the Cabinet on 27th June 2023. The Committee was tasked with auditing liabilities for the period between 2005 and 2022 and consists of members from the Attorney General's Office, the State Department of Roads, the State Department of Public Works, the State Department of Housing and Urban Development and the Public Procurement Regulatory Authority. The Committee, however does not include critical institutions in public finance management such as the Controller of Budget, Office of the Auditor General, the National Treasury and County Treasuries.

The Controller of Budget recommends consideration for the inclusion of crucial institutions in public finance management in the pending bills verification committee to enhance its effectiveness.

5.2.4 Reallocation of Funds

Analysis of financial and non-financial reports submitted to the Controller of Budget shows that some MDAs' economic items and sub-programmes exceeded the budget and reflected negative balances and over-absorption of funds. Section 43 of the Public Finance Management Act specifies clear guidelines on budget reallocation.

The Controller of Budget recommends that Accounting Officers adhere to Section 43 of the PFM Act and ensure reallocated budget items are regularised in the consequent Supplementary Budget. For best practices, there is a need to identify budget lines and programmes/sub-programmes that are not likely to be utilised and reallocation to those likely to utilise the budget fully.

6 CONCLUSION

This National Government Budget Implementation Review Report was prepared to fulfil Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016. It provides financial and non-financial information on budget performance in FY 2022/23 and also identifies the key issues that hampered effective budget execution during the year.

The period under review was mainly marked by a transition in government administration following the August 2022 general elections, which occasioned Government reorganisation. The National Government MDAs were increased from 68 Votes to 81 in line with Executive Order Number 1 of 2022. There was also an observable shift in allocations within Sectors and MDAs, indicating a change in government priorities and policy direction. The revised gross budget for FY 2022/23 was Kshs.4.18 trillion compared to Kshs.4 trillion for FY 2021/22. It comprised of Kshs.3.67 trillion and Kshs.515.18 billion for the National and County governments, respectively.

Receipts into the Consolidated Fund were Kshs.3.24 trillion, representing 89.6 per cent of the revised annual target compared to Kshs.3.06 trillion received in FY 2021/22 (91.7 per cent of the annual target). This increase is attributed to increased tax-revenue targets and observable focus on external loans and grants funding. The total exchequer issues in the financial year were Kshs.3.27 trillion, representing 87.6 per cent of the revised net estimates, comprised of Kshs.308.03 billion for development expenditure, Kshs.2.54 trillion for recurrent expenditure, and Kshs.399.60 billion for County governments, representing 82.4 per cent, 89.1 per cent, and 100 per cent, respectively. The failure to fund 12.3 per cent of the budget affected the attainment of several planned activities and interrupted service delivery to the citizens.

Total expenditure for the National government was Kshs.3.18 trillion, representing an overall budget absorption rate of 86.6 per cent, compared to the 85.4 per cent (Kshs.2.96 trillion) achieved in FY 2021/22. This comprised of development expenditure of Kshs.473.55 billion, an absorption rate of 81.3 per cent, recurrent expenditure of Kshs.2.71 trillion, representing 87.6 per cent of the revised recurrent gross budget. Recurrent expenditure consisted of Kshs.1.40 trillion (absorption rate 92.8 per cent) and Kshs.1.31 trillion (absorption rate 82.7 per cent) for MDAs and Consolidated Fund Services, respectively.

The Controller of Budget observed several challenges that hampered budget implementation in FY 2022/23. They include the rise in public debt service cost occasioned by the increase in the Country's public debt stock, liquidity constraints and an increase in pending bills.

To address the challenges, the Controller of Budget recommends a special audit of the existing loans and committed loans, which will link the loans with the projects funded through borrowed funds; the National Treasury should also explore opportunities of accessing funding in multiple currencies to guard against intense pressure on the local currency. There is a need for fiscal consolidation with a target to reduce deficit budget financing and focus on tax administration measures to boost revenue collection.
