## NATIONAL GOVERNMENT BUDGET IMPLEMENTATION REVIEW REPORT

FIRST SIX MONTHS

FY 2024/2025

FEBRUARY, 2025

## FOREWORD

The Office of the Controller of Budget (OCoB) is established under Article 228 of the Constitution of Kenya to oversee the implementation of the national and county governments' budgets by approving public fund withdrawals and reporting to each House of Parliament. Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, Cap 429, require the Controller of Budget (CoB) to submit to each House of Parliament a report on the implementation of the budgets of the national and county governments every four months.

In line with the aforesaid, I present the National Government Budget Implementation Review Report for the second quarter of FY 2024/25 covering 1<sup>st</sup> July to 31<sup>st</sup> December 2024. The reporting period was characterised by tight fiscal consolidation following the withdrawal of the finance bill, which impacted revenue and government expenditure. The withdrawal of the finance bill forced the government to rationalise expenditure for the MDAs through Supplementary Budget I, which was approved in August 2024, thus occasioning a delay in budget implementation, which ought to start in July.

The report provides budget performance on receipts into the consolidated fund and expenditures under the Consolidated Fund Services and Ministries, Departments, and Agencies. It presents information on the approved FY 2024/25 budget, actual exchequer releases and expenditures by vote disaggregated into development and recurrent, absorptive capacity of funds by programmes and projects. In addition, it contains the issues identified as derailing budget implementation and recommends how to address them. The data used in the preparation of this report is from the approved budget and accompanying documents for the FY 2024/25, the publication on receipts and exchequer issues as of 31<sup>st</sup> December 2024 by the National Treasury, budget performance reports for MDAs attuned with data extracted from the Integrated Financial Management Information System.

Based on the progress made on budget implementation, MDAs are encouraged to review their financial and non-financial performance compared to the annual estimates to identify and address underlying issues to ensure effective budget implementation. The information in the report is also valuable to the legislature and the executive in facilitating decisions and policy-making on matters relating to the management of public funds.

In addition, I commend the National Treasury, in partnership with the Central Bank of Kenya and my office for successfully rolling out Exchequer Automation for the National Government. However, with exceptions to public debt and payments requiring foreign currency transmission and county governments, I recommend fast-tracking to automate the outstanding votes and the identified areas for improvement to streamline the exchequer process to enhance effectiveness and efficiency.

Finally, I want to thank my staff for their effort in preparing this report. I also acknowledge the Accounting Officers who submitted their quarterly financial reports on time to facilitate the preparation of this report. My office will endeavour to publish and publicise budget implementation review reports every three months as required by Section 39(8) of the Public Finance Management Act, CAP 412A. ## EXECUTIVE SUMMARY

The Second quarterly National Government Budget Implementation Review Report for FY 2024/25 covers 1st July to 31st December 2024. The report has been prepared to comply with Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, 2016, which require the Controller of Budget to submit quarterly budget implementation reports for the National and County governments to Parliament.

This is the second budget under the fourth Medium-Term Plan (MTP) (2023-2027) of the Kenya Vision 2030 and is being implemented under the Bottom-up Economic Transformation Agenda (BETA) framework. Under this framework, the government aims to achieve economic turnaround and inclusive growth by increasing investments in at least five sectors that significantly impact the economy and household welfare. These sectors include Agricultural Transformation, Micro, Small, and Medium Enterprises (MSME), Housing and Settlement, Healthcare, Digital Superhighway, and Creative Industry. The agenda also focuses on increasing employment, equitable distribution of income, and social security while expanding the tax revenue base and increasing foreign exchange earnings.

The National Government's original gross budget for FY 2024/25 was Kshs.4.49 trillion, revised to Kshs.4.37 trillion in Supplementary Budget I, compared to Kshs.4.34 trillion for FY 2023/24. The revised gross budget comprises Kshs.641 billion for ministerial development expenditure, which was 15 per cent of the revised gross national budget and 29 per cent of the revised gross ministerial budget of Kshs.2.23 trillion. Recurrent allocation comprised ministerial allocation of Kshs.1.59 trillion (36 per cent of the revised gross national budget) and Consolidated Fund Services (CFS) at Kshs.2.14 trillion (49 per cent of the revised gross national budget).

During the reporting period, receipts into the Consolidated Fund amounted to Kshs.1.74 trillion, representing 41 per cent of the revised estimates of Kshs.4.21 trillion, compared to the Kshs.1.44 trillion (34 per cent) received in a similar period in FY 2023/24. The total exchequer issues from the Consolidated Fund to MDAs, CFS, and the County Governments amounted to Kshs.1.71 trillion, representing 41 per cent of the revised net estimates of Kshs.4.21 trillion, compared to Kshs.1.44 trillion recorded in a similar period in FY 2023/24. The exchequer issues comprised Kshs.121.82 billion (37 per cent) for ministerial development expenditure, Kshs.654.54 billion (50 per cent) for ministerial recurrent expenditure, Kshs.738.09 billion (35 per cent) to CFS and Kshs.191.62 billion (47 per cent) to County governments as Equitable sharable revenue. County government exchequer issues from the national government include Kshs.30.83 billion for June 2024 arrears and Kshs.160.79 billion for the months July, August, September, October and November 2024.

The national government's total expenditure for the first six months amounted to Kshs.1.33 trillion, representing 30 per cent of the national government's revised gross estimates of Kshs.4.37 trillion compared to Kshs.1.64 trillion (36 per cent) recorded in a similar FY 2022/23 period. This expenditure comprises of ministerial development expenditure of Kshs.200.21 billion (with an absorption rate of 31 per cent), recurrent ministerial expenditure at Kshs.810.57 billion (absorption rate of 51 per cent) and CFS expenditure at Kshs.316.15 billion (an absorption rate of 15 per cent).

Expenditure categories with the highest development spending included Capital Transfers by the MDAs in subsidies, grants, or direct transfers to Semi-Autonomous Government Agencies (SAGAs) at Kshs.153.07 billion, representing 76 per cent of the gross development spending. Other major development expenditures were

the Construction and Civil Works at Kshs.21.93 billion and the Purchase of Specialised Plant, Equipment and Machinery at Kshs.4.74 billion, representing 11 per cent and 2 per cent, respectively, of the gross development expenditure.

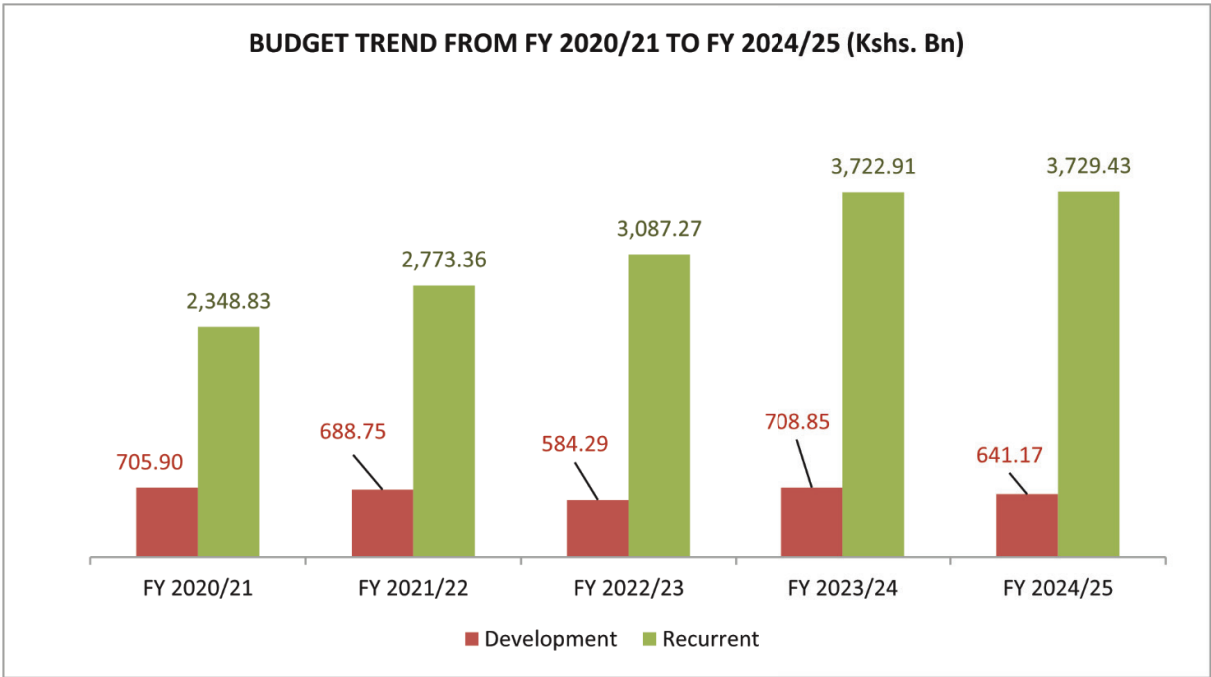

A review of the recurrent expenditure shows that Kshs.304.57 billion. was spent on Compensation to Employees, representing 38 per cent of the gross recurrent expenditure by MDAs and 18 per cent of the revenue collected, which is in line with the requirement in PFM Regulations 26(1) of 2015 that ministerial expenditure should not exceed 35 per cent of the national government's equitable share of the revenue raised nationally. Total Current transfers to other government institutions were Kshs.329.22 billion and subsidies Kshs.64.60 billion, representing 41 per cent and 8 per cent of the gross recurrent expenditure, respectively. Other expenses with significant expenditure were Kshs.9.56 billion for travel, Kshs. 8.52 billion for security operations, Kshs.8.19 billion for school examinations invigilation, and Kshs.6.87 billion for specialised suppliers.

During the period under review, some key issues were identified as hampering effective budget implementation. They include underperformance in ordinary revenues and Appropriation-in-Aid, Low absorption of development expenditure, discrepancies between MDAs spending and actual delivery of services, and huge stock of public debt that exceeded the statutory limit thus contravening Section 50 (2) of the PFMA 2012. The Controller of Budget also identified slow-paced implementation of equalization fund with 2nd policy projects worth 10.33 billion yet to be funded and policy 1 pending bills relating to the national government still outstanding. Finally, delays in the implementation of planned development projects was yet another hindrance to enhanced budget execution characterized by many projects overstretching their target completion dates.

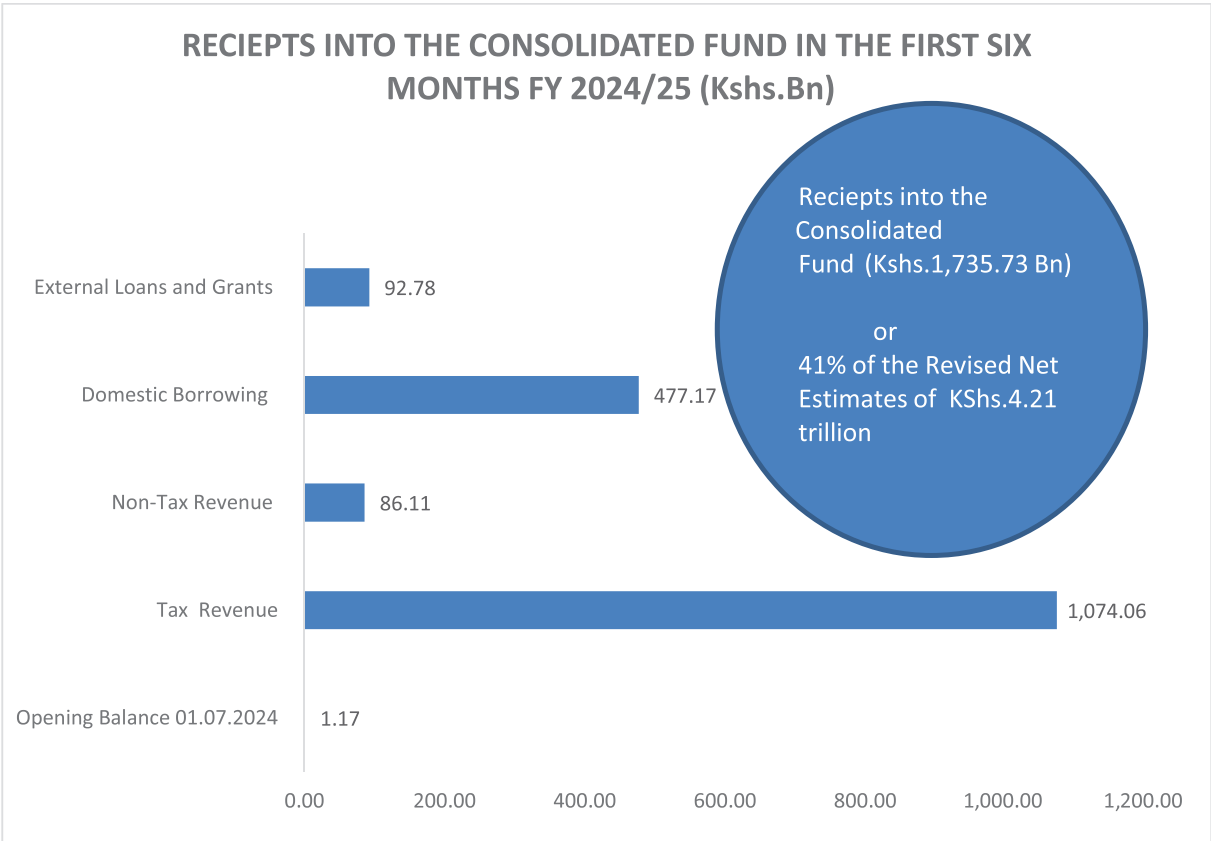

To address the challenges, the Controller of Budget recommends that the government institute strategies to improve revenue generation to ensure that planned activities are funded. The government should also implement measures to address challenges facing the implementation of development programmes' and equalization fund and ensure seamless funding to MDAs as per the cashflow projections and approved plans. Further, prioritize regular audits of public debt procurement and debt utilization, reduction of budget deficit financing through fiscal consolidation and operationalize Section 50(8) of the Public Finance Management Act 2012 by creating a Sinking Fund for loan redemption. The government should also fast-track settling of pending bills for policy I projects under Equalization Fund and implementation of the marginalized policy 2 through the timely release of funds to MDAs. In addition, the MDAs should monitor their planned activities and reallocate the budget for items they cannot fully absorb.

Finally, the Controller of Budget urges MDAs to continuously monitor their budget implementation and ensure strict adherence to results based allocation of resources to enhance service delivery.

# 1. INTRODUCTION

This report fulfils the requirements of Article 228(6) of the Constitution of Kenya and Section 9 of the Controller of Budget Act, Cap 429, by presenting progress on the national government's budget implementation in the first six months of FY 2024/2025.

The report is presented in Seven chapters. The first chapter is the introduction. The second chapter presents the status of receipts and exchequer issues in the period under review. It presents revenue estimates and actual receipts into the Consolidated Fund, net exchequer issues to MDAs disaggregated to ministerial development and recurrent vote, Consolidated Fund Services (CFS), and equitable shareable revenue to the forty-seven counties.

The third chapter presents the overall budget performance of the national government. This includes performance under the Consolidated Fund Services (CFS), MDAs expenditure by economic classification and the position of the pending bill as of 31 December 2024. The CFS comprises the public debt disaggregated into external and domestic, pensions and gratuities, salaries, allowances to constitutional office holders and miscellaneous services.

The fourth chapter presents the budget performance of the eighty-one MDAs grouped into ten Sectors. The ten sectors include (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources, (v) General Economic and Commercial Affairs, (vi) Governance, Justice, Law and Order, (vii) Health, (viii) National Security, (ix) Public Administration and International Relations, (x) Social Protection, Culture, and Recreation sector. It presents the MDAs' performance by programmes and sub-programmes and budget absorption.

In the analysis of budget performance by MDAs, the budget is viewed in gross and net estimates. The gross budget comprises Appropriations-in-aid and government grants representing the total vote allocation. Net estimates represent the proportion of the budget to be funded by the government through the exchequer. In the report, the term revised budget refers to Supplementary Budget Estimates I. In examining the funding of planned activities by the government, exchequer issues are expressed as a percentage of the revised net estimates, while the overall budget performance and expenditure are expressed as a percentage of the gross budget, referred to as absorption. By the end of the first six months of FY 2024/25, the absorption was expected to be 50 per cent of the annual budget.

Chapter Five presents the key issues the Controller of Budget identified as hindering effective budget implementation and provides recommendations to address them. Chapter Six concludes the report.

Annexes support the chapters. Annex I presents major Foreign Currencies Movement, Annex II shows Capital transfer to SAGAs, Annex III details the MDAs' Recurrent Performance by Economic Classification, Annex IV shows Current Transfer, Annex V and VI show MDAs' and State Corporations/State Owned Enterprises/SAGAs Pending Bills as of 31st December 2024 respectively, Annex VII presents the MDAs' Development Expenditure; Annex VIII details the Recurrent Expenditure, Annex IX, X and XI shows ministerial development and recurrent expenditure per sector and total expenditure per sector respectively.

## 2. ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

### 2.1. Introduction

This chapter presents the receipts into the Consolidated Fund and funds released by the National Treasury in the first six months of FY 2024/2025. The funds released went towards funding Consolidated Fund Services, ministerial development expenditure, recurrent expenditure, and transfers to the forty-seven counties.

#### 2.1.1 Revenue Estimates and Receipts into the Consolidated Fund

The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and refers to the account into which all money raised or received by or on behalf of the national government is paid. It excludes monies reasonably exempted by an Act of Parliament and payable into other public funds established for a specific purpose or is retained by the State organ that received it to defray its expenses. Notably, at the beginning of FY 2023/24, the government directed that all money collected by all National Government entities as a fee on services offered be deposited into the e-citizen account, Pay bill number 222222.

To finance the budget, the government, through the National Treasury, targeted to raise funds from various revenue sources. The sources include Tax Revenue (Kshs.2.48 trillion), Non-Tax Revenue (Kshs.156.35 billion), Domestic borrowing (Kshs.978.30 billion - comprising of net domestic borrowing of Kshs.408.41 billion and internal debt redemption/roll-over of Kshs.569.89 billion), External Loans and Grants (Kshs.593.50 billion) and other Domestic financing (Kshs.4.69 billion). The Government also targeted to raise Kshs.573.52 billion from Appropriations in Aid (A-I-A) comprising Kshs.283.65 billion recurrent A-I-A and Kshs.289.87 billion development A-I-A.

#### 2.1.2 Receipts into the Consolidated Fund

In the first six months of FY 2024/2025, receipts into the Consolidated Fund amounted to Kshs.1.74 trillion, representing 41 per cent of the revised annual target, an increase compared to Kshs.1.44 trillion (34 per cent of the annual target) recorded in a similar period of FY 2023/2024. The receipts comprised opening balances from the previous financial year (FY 2023/2024), Tax and Non-Tax Revenue, Domestic borrowing, External Loans and Grants, and Other Domestic Financing. Table 2.1 presents the statement of receipts for the Consolidated Fund's first six months of FY 2024/2025.

Figure 2.2 indicates that receipts into the consolidated fund grew by 20 per cent in the first six months of FY 2024/2025 compared to a similar period in FY 2023/2024. This was attributed to increased tax revenue collection.

## 2.2. Net Exchequer Issues by the National Treasury

Net exchequer issues refer to actual issues from the Consolidated Fund and Equalization Fund to MDAs and County Governments by the National Treasury, excluding Appropriation in Aid.

In the first six months of FY 2024/2025, net exchequer issues to National and County governments amounted to Kshs.1.71 trillion, representing 40 per cent of the revised annual net estimates, compared to Kshs.1.44 trillion (34 per cent) issued in a similar period FY 2023/2024.

Table 2.2 summarises exchequer issues by the National Treasury in the first six months of FY 2024/2025.

\*The initial allocation to Counties as an equitable share of the nationally raised revenue was Kshs.400.12 billion. This was later revised to Kshs.380 billion following the withdrawal of the Finance Bill 2024. The Ksh.410.83 billion indicated in table 2.2 comprises Equitable Share for FY 2024/2025 of Kshs.380 billion and arrears for June 2024 of Kshs.30.83 billion. The counties also expect to receive additional allocations of Kshs.55.45 billion to be disbursed through respective MDAs.

Analysis from Table 2.2 shows that the County government's vote received the highest percentage of exchequer issues to revised net estimates at 47 per cent while the ministerial development vote received the lowest at 37 per cent.

CFS vote received the highest proportion of exchequer issues to the total issues at 43 per cent, while the ministerial development vote received the lowest at 8 per cent. Figure 2.3 illustrates the proportion of exchequer issues by major category in the first six months of FY 2024/2025.

### 2.3. Exchequer Issues by Sector.

MDAs are classified into ten sectors according to the Classification of Functions of Government (COFOG), which is designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability across sectors.

The ten sectors are (i) Agriculture, Rural and Urban Development, (ii) Education (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

In the first six months of FY 2024/25, exchequer issues to MDAs amounted to Kshs.784.36 billion, representing 48 per cent of the revised annual net estimates compared to 35 per cent (Kshs.631.39 billion), recorded in a similar period FY 2023/2024. Table 2.3 summarises the sector's exchequer issues first six months of FY 2024/2025.

The CoB recommends that the exchequers released under Art.223 of the Constitution should be regularised by Parliament as stipulated in Article 223(2) of the Constitution, which states that “*The consent of Parliament for any spending under this Article shall be sought within two months after the first withdrawal of the money, subject to clause (3)*”. Article 223(3) states that “*if Parliament is not sitting during the time contemplated in clause (2) or is sitting but adjourns before the approval has been sought, the approval shall be sought within two weeks after it next sits.*”

## 2.8. Approval for Withdrawals from the Equalization Fund

The Equalisation Fund is established under Article 204 (1) of the Constitution of Kenya, which requires that half a per cent (0.5 per cent) of all the revenue collected by the National government each year, calculated based on the most recent audited revenue received, as approved by the National Assembly, to be paid into the Fund. Article 204(2) of the Constitution provides that the National Government shall use the Equalisation Fund only to provide essential services, including Water, Roads, Health Facilities, and Electricity to marginalised areas to the extent necessary to bring the quality of those services in those areas to the level generally enjoyed by the rest of the nation, so far as is possible.

During the first half of FY 2024/2025, the Controller of Budget authorized 11 requests amounting to Kshs.1.22 billion from the Equalization Fund. The amount comprises Kshs.128.5 million for the Equalization Fund Secretariat's recurrent expenses, Kshs.350.12 million for Policy 1 development pending bills under the Ministry of Water and Sanitation, Kshs.743.20 for 2<sup>nd</sup> policy development projects for 35 marginalized areas.

Table 2.10 shows the movement of funds in the Equalisation Fund in the first six months of FY 2024/25.

### 3. OVERALL BUDGET PERFORMANCE

#### 3.1. Introduction

This chapter presents an overview of the National Government budget implementation in the first six months of FY 2024/25. It also presents the budget performance of the Consolidated Fund Services (which is classified as recurrent expenditure), which contains information on Public debt, Pensions and gratuities, Salaries and Allowances to Constitutional officeholders and Miscellaneous services. The chapter further disaggregates expenditure for MDAs under major economic items for the development and recurrent votes, respectively. The recurrent vote comprises ministerial allocation and CFS votes. In addition, it presents the status of pending bills as of 31 December 2024.

#### 3.2. FY 2024/2025 Overall Budget

The approved gross budget for the FY 2024/2025 amounted to Kshs.4.49 trillion, revised to Kshs.4.37 trillion in Supplementary Estimates I, presenting 4 per cent growth compared to Kshs.4.54 trillion in FY 2023/2024. This comprised of Kshs.641.00 billion for ministerial development expenditure, Kshs.1.59 trillion for ministerial recurrent expenditures, Kshs.2.14 trillion for CFS. This is a decline compared to Kshs.783.22 billion for ministerial development and Kshs.1.68 trillion for ministerial recurrent allocated in the FY 2023/2024. However, CFS allocation increased compared to Kshs.2.08 trillion allocated in FY 2023/2024.

The government targeted to finance the budget through revenue at Kshs.2.64 trillion (including Appropriations-in-Aid) and a deficit financing of Kshs.1.57 trillion (to be funded by Domestic Borrowing, External Loans and Grants at Kshs.978.30 billion and Kshs.593.50 billion, respectively). The Domestic Borrowing of Kshs.978.30 billion is comprised of Net Domestic Borrowing of Kshs.408.41 billion and Internal Debt Redemptions of Kshs.569.89 billion. Table 3.1 shows the overall budget performance of the National government in the first six months of FY 2024/2025.

Total CFS expenditure in the period under review amounted to Kshs.751.20 billion, representing 35 per cent of the revised CFS estimates, compared to 33 per cent (Kshs.688.37 billion) recorded in a similar period FY 2023/24. There was an overall growth in CFS payments over the period, and this is attributed mainly to an increase in interest payments on domestic debt (excluding overdraft) from Kshs.125.08 billion in the first six months of FY 2023/24 to Kshs.325.72 billion in FY 2024/25.

### 3.5. Overdraft Facility

The overdraft facility is a way of short-term borrowing by the Government to cover temporary cash shortfalls. It is repayable within twelve months. Kenya's Government overdraft is administered through the Central Bank of Kenya (CBK). It is restricted to a maximum of five percent of the most recently audited revenues and is expected to be paid off by the end of the financial year as specified in Section 15 (3) of the PFM Act.

In the period under review, the overdraft limit stood at Kshs.97.05 billion and was charged at an average interest rate of 12.3 per cent per annum on the amount outstanding at the end of each month. In the first six months of FY 2024/2025, the total charge on the overdraft facility was Kshs.3.48 billion, as shown in Table 3.5.

### 3.6. Salaries and Allowances and Miscellaneous Services

The allocations for Salaries and allowances and Miscellaneous Services (SAM) in the FY 2024/2025 amounted to Kshs.4.21 billion, compared to the allocation of Kshs.4.79 billion allocated in the FY 2023/2024. The decline is attributed to implementing a recommendation by the Controller of Budget in previous Budget Implementation Review Reports that budgeted salaries and allowances of the Constitutional Office Holders be aligned to the gazetted remuneration by the Salaries and Remuneration Commission.

The total expenditure towards SAM in the first six months of FY 2024/2025 was Kshs.2.02 billion, representing 48 per cent of the annual estimates, compared to Kshs.1.64 billion (36 per cent) recorded in a similar FY 2023/2024 period. Figure 3.5 shows the budgetary allocations and expenditure trends for salaries, allowances, and miscellaneous services from FY 2020/2021 to FY 2024/2025.

We have observed that the Public Service Commission and National Police Service Commission spent 26 per cent and 28 per cent, respectively, of their budgets in the first half of FY 2024/25, which was way below the 50 per cent target while the Office of the Office of the Attorney General used 73 per cent of their budget in the same period. Besides, an analysis of the financial report as of 31 December 2024 submitted by the National Treasury revealed that publicized exchequer issues for the period under review that appeared in the Kenya Gazette notice no. 502 dated 17 January 2025 differed from the reported exchequer receipts. Accordingly, the National Treasury should ensure accurate quarterly reporting and appropriate reallocations in Supplementary Budget II by providing a realistic budget for SAM.

In FY 2024/25, there was no budget allocation and loan repayment reported for guaranteed debt in the period under review. However, the overall guaranteed debt stock reduced from the initial Kshs.100.16 billion as at 30<sup>th</sup> June, 2024 to Kshs.78.22 billion as at 31<sup>st</sup> December, 2024. This represents debt reduction of 22 per cent mainly attributable to a recall of Kenya Airways Guarantee (for Local Banks) of Kshs.19.46 billion which was due in December 2024 and was captured as settled in the Commonwealth Meridian System, which is in use and recognises debt payments based on due date. However, the actual payment was made in January, 2025.

Notably, delays in funding pensions and system downtime negatively impacted the budget execution of pensions and gratuities. The ordinary and commuted pension processed for payment totalled Kshs.102.89 billion, of which exchequer releases amounted to Kshs.65.88 billion, thus an unfunded difference of Kshs.37.1 billion. Similarly, a request of Kshs.2.72 billion to fund the Government of Kenya (Employer) contribution remittances for August 2024 to the Public Service Superannuation Scheme (PSSS) remained outstanding as of the end of the reporting period.

### 3.9. Ministries, Departments, and Agencies Expenditure by Economic Classification

#### 3.9.1 Introduction

This section presents an analysis of the MDAs' expenditure by economic classification for the first six months of FY 2024/2025 of both development and recurrent expenditure. The development expenditure is disaggregated into major economic items, which include: Capital Transfers to SAGAs, Civil Works and Construction of Residential and Non-Residential Buildings, Refurbishment of Buildings/infrastructure, Purchase of Specialized Plant, Equipment, and Machinery, and Pre-Feasibility studies. Conversely, the major economic items for recurrent expenditure are: Compensation to Employees, Operations and Maintenance (O&M), and Current Transfer to SAGAs. O&M is further disaggregated into the major expenditure items which include: Travelling, Printing, and Advertising, Rentals and Rates for Non-Residential Buildings, Training, Hospitality, Maintenance Expenses for motor vehicles, and other assets.

## 4. BUDGET PERFORMANCE BY SECTOR

### 4.1. Introduction

MDAs are classified into ten sectors according to the United Nations Classification of Functions of Government, designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability. The chapter presents the performance of MDAs by sector in the first six months of FY 2024/2025. It provides budget allocations per sector detailing specific MDAs' exchequer issues, expenditures, and absorption on the budget. The chapter also presents the performance of MDAs' programmes and sub-programmes and spending on development projects in the first six months of FY 2024/2025.

Sector performance is presented in alphabetical order as follows; (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EIICT), (iv) Environment Protection, Water and Natural Resources (EWNR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sectors.

In FY 2024/2025, the Education Sector was allocated Kshs.628.58 billion, recording the highest budget allocation, attributed to its broad mandate, including primary schools, secondary schools, special education, tertiary education, university education, examinations and curriculum development, and reforms in the education sector. Conversely, the General Economic and Commercial Affairs Sector received Kshs.61.42 billion, representing the lowest budgetary allocation.

### 4.2. Agriculture, Rural and Urban Development Sector

#### 4.2.1 Introduction

Agriculture is a devolved function under the fourth schedule of the Constitution of Kenya. It is a critical sector in the economic pillar of the Kenya Vision 2030. The ARUD Sector comprises five sub-sectors, namely: The State Department for Lands and Physical Planning; the State Department for Livestock Development; the State Department for the Blue Economy and Fisheries; the State Department for Crop Development and the National Land Commission (NLC) together with affiliated Semi-Autonomous Government Agencies (SAGAs) and Training Institutions.

The Sector is a significant player in the delivery of national development agendas, namely, Kenya Vision 2030, the government plan –the Bottom-Up Economic Transformation Agenda (2022-27), the Sustainable Development Goals, and the Agricultural Sector Transformation and Growth Strategy among other national and international policies and obligations. During the MTEF period 2024/25-2026/27, the Sector has planned to implement programmes to facilitate food and nutrition security, agro-processing, employment creation, and utilisation of the blue economy.

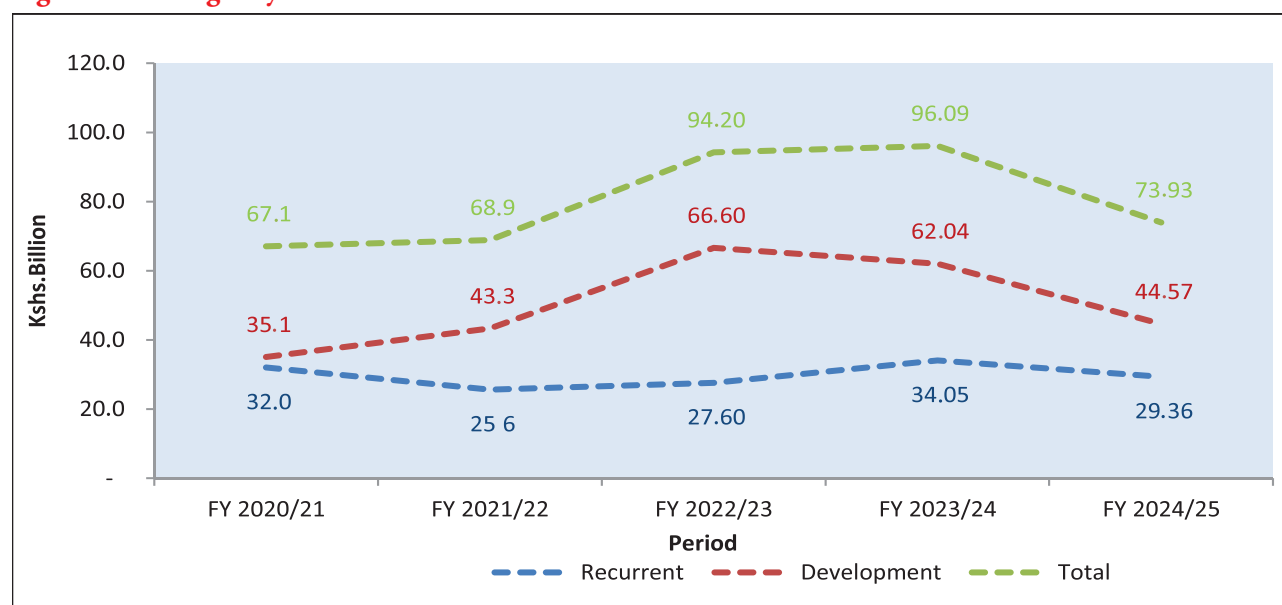

### 4.2.2 Budget Performance for the ARUD Sector

The budgetary allocation to ARUD in FY 2024/2025 amounted to Kshs.82.08 billion, which was revised to Kshs. 73.93 billion in Supplementary Budget I, compared to the Kshs. 98.09 billion allocated in the previous financial year of 2023/24. This amount represents 2 percent of the gross national budget of Kshs. 4.37 trillion and 3 percent of the MDAs' budget of Kshs. 2.23 trillion. The allocation included Kshs. 44.57 billion (60 percent) for development activities and Kshs. 29.36 billion (40 percent) for recurrent expenditure. The State Department for Crop Development received the highest budgetary allocation of Kshs. 42.04 billion (57 percent of the Sector's budget), while the State Department for the National Land Commission had the lowest budgetary allocation of Kshs. 1.78 billion (2 percent of the ARUD Sector allocation).

The high allocation to the State Department for Crop Development was due to its Vital role in Agricultural Policy and Research Management, National Food Policy, Strategic Food Reserves, Crop Development, Phytosanitary Services, International Compliance, Agricultural Farmers' Training, and Agricultural Land Resource Inventory management.

Figure 4.1 shows the budgetary allocation trends of the ARUD Sector for the period FY 2020/2021 to FY 2024/2025.

**Figure 4.1: Budgetary Allocation Trend for the ARUD Sector**

The total exchequer issues to the ARUD Sector amounted to Kshs.28.16 billion, representing 50 per cent of the Sector's net estimates. This amount comprised Kshs. 19.34 billion for development expenditure, representing 51 per cent of development net estimates, and Kshs.8.82 billion for recurrent activities, representing 49 per cent of recurrent net estimates.

In the first six months of FY 2024/2025, the State Department for Lands and Physical Planning received the highest proportion of development exchequer issues to development net estimates at 87 per cent, while the State Department for Livestock Development received the lowest at 15 per cent. The non-financial performance revealed that the execution of land administration and management services and public land information management sub-programmes lagged behind the target. We recommend hastening the implementation of these sub-programmes to deliver services to the intended members of the public.

## 4.4. Education Sector

### 4.4.1 Introduction

The Education Sector comprises four MDAs: The State Department for Vocational and Technical Training, the State Department for Higher Education and Research, the State Department for Basic Education and the Teachers Service Commission (TSC) and their affiliated Agencies and Institutions.

The Sector envisions attaining “Quality and inclusive education, training and research for sustainable development” in Kenya. The Sector’s strategic objectives include enhancing access, equity, quality and relevance in education, training and research; establishing, maintaining and managing professional teaching and learning services for all early learning centres, primary, secondary and tertiary institutions; enhancing development ca-

capacities for Science Technology and Innovations; enhance mechanisms for dissemination and commercialisation of research findings; improve data quality and sharing in education, training, research and labour market; promote vibrant industry - institutional linkages in the area of skilling for employability; and integrate ICT in Education, Training and Research for management, teaching and learning at all levels.

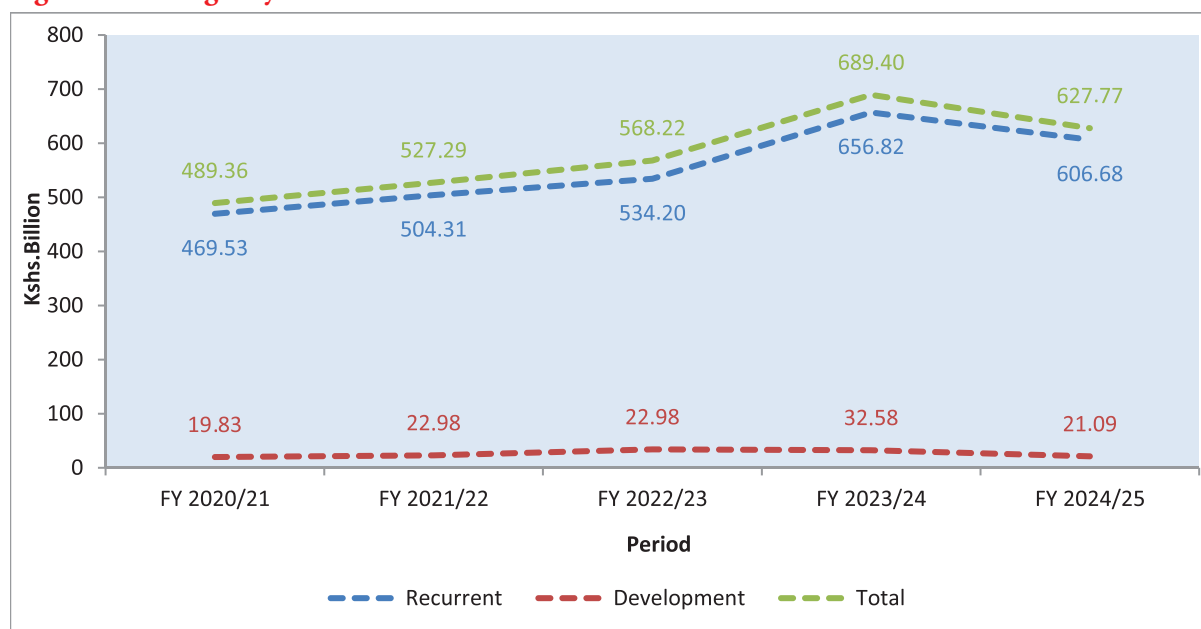

It is worth noting that the ongoing education transitions from the 8-4-4 to the 2-6-6-3 system require substantial infrastructure, equipment and human capital in FY 2024/25 and the medium-term 2024/25 to 2026/27.

#### 4.4.2 Budget Performance for Education Sector

The budgetary allocation to Education in FY 2024/2025 amounted to Kshs 656.55 billion, which was revised to Kshs.627.77 billion in Supplementary Budget I, compared to the Kshs. 689.40 billion allocated in FY 2023/2024. This amount represents 14 percent of the revised gross national budget of Kshs.4.37 trillion and 28 percent of the MDAs' budget of Kshs. 2.23 trillion. The allocation included Kshs. 21.09 billion (3 percent) for development activities and Kshs. 606.68 billion (97 percent) for recurrent expenditure. The Teachers Service Commission received the highest budgetary allocation of Kshs. 347.89 billion (55 percent of the Sector's budget), while the State Department for Vocational and Technical Training (TVET) had the lowest budgetary allocation of Kshs. 28.21 billion (5 percent of the Education Sector allocation).

The high allocation to the Teachers Service Commission is attributed to its vital role in Teacher Resource Management programme. Figure 4.3 shows the budgetary allocation trends of the Education Sector for the period FY 2020/2021 to FY 2024/2025.

**Figure 4.3: Budgetary Allocation Trend for the Education Sector**

The total exchequer issues to the Education Sector amounted to Kshs.272.43 billion, representing 48 per cent of the Sector's revised net estimates. This amount comprised Kshs.9.32 billion for development expenditure, representing 56 per cent of development net estimates, and Kshs.263.10 billion for recurrent activities, representing 48 per cent of recurrent revised net estimates.

In the first half of FY 2024/2025, the State Department for Basic Education received the highest proportion of development exchequer issues to development revised net estimates at 77 per cent, while the State Department for Higher Education and Research received the lowest at 8 per cent. The State Department for Higher Education and Research recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 76 per cent while the State Department for Basic Education recorded the lowest rate of 29 per cent. Figure 4.4 shows the exchequer issues in the Education Sector in the first half of FY 2024/2025.

The total expenditure for the Education Sector amounted to Kshs.374.63 billion, representing 60 per cent of the revised gross estimates, compared to 45 per cent (Kshs.308.23 billion) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.13.19 billion for the development budget representing an absorption rate of 63 per cent, compared to 26 per cent (Kshs.8.80 billion) recorded in a similar period in FY 2023/2024, and Kshs.361.44 billion for recurrent expenditure representing 60 per cent of the recurrent revised gross estimates, compared to 46 per cent (Kshs.299.44 billion) recorded in a similar period in FY 2023/2024.

Table 4.17 shows the Education sector analysis of exchequer issues and expenditures for the first six months of FY 2024/25.

\*VTCs- Vocation Training Centers

In our analysis on non-financial performance, we noted inconsistency in reporting of some key performance indicators. For example, number of new workshops equipped and new workshops established were reported under Technical Accreditation and Quality Assurance Sub -Programme in quarter two but reported under Special Needs in Technical and Vocational Education sub programme in quarter one of the FY2024/25. During the period under review, we noted that there were no staff inducted as at 31<sup>st</sup> December,2024, under planning and administrative services sub-programme within General Administration, Planning and Support Services programme, whereas 1,300 staff inducted in quarter one under the same sub programme.

## 4.5. Energy, Infrastructure and Information Communications Technology (EIICT) Sector

### 4.5.1 Introduction

This Sector consists of nine MDAs: The State Department for Roads, Transport, Shipping and Maritime Affairs, Housing and Urban Development, Public Works, Information Communications Technology and Digital Economy, Broadcasting and Telecommunications, Energy, and Petroleum.

The EIICT sector aims to provide sustainable infrastructure development, a vibrant shipping and maritime industry, universal access to Information Communications Technology (ICT), Transport and built environment services, and accessible, affordable, quality and competitive energy and petroleum products.

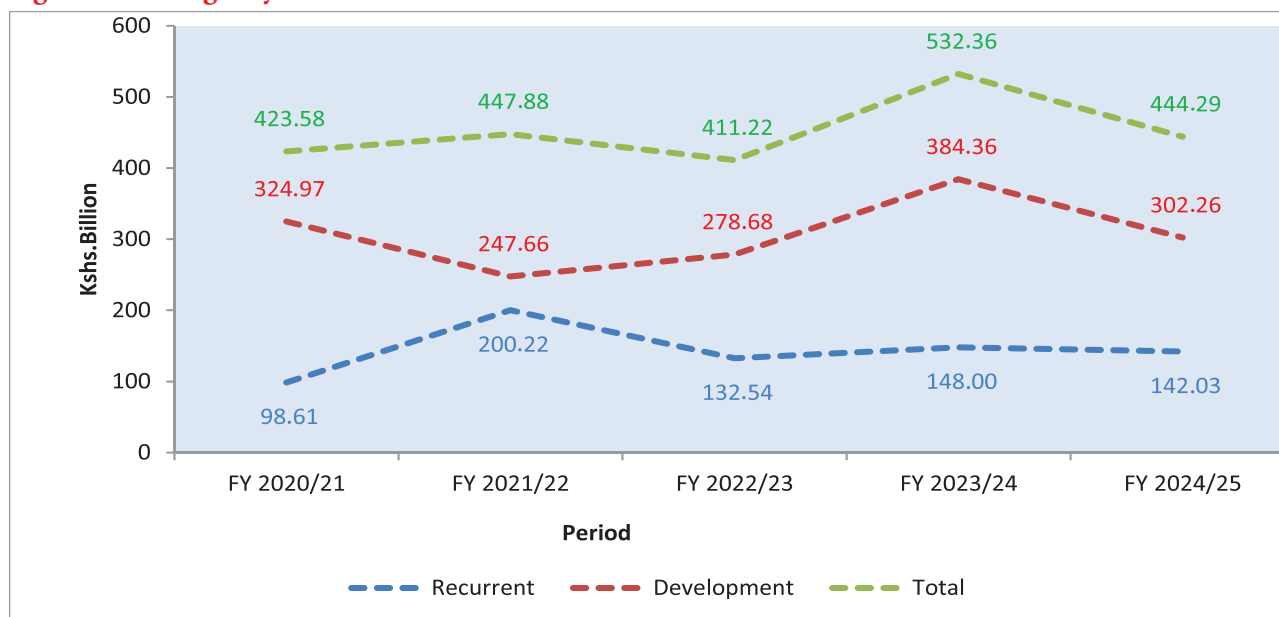

The EI&ICT Sector plays a vital role as an enabler of the country's socio-economic development. It is a crucial sector in realising Vision 2030 and the BETA Agenda.

### 4.5.2 Budget Performance for EIICT Sector

The budgetary allocation to EIICT in FY 2024/2025 amounted to Kshs.476.04 billion, which was revised to Kshs. 444.29 billion in Supplementary Budget I, compared to the Kshs. 534.36 billion allocated in the previous financial year of 2023/2024. This amount represents 10 percent of the gross national budget of Kshs. 4.37 trillion and 20 per cent of the MDAs' budget of Kshs. 2.23 trillion. The allocation included Kshs. 302.26 billion (68 percent) for development activities and Kshs. 142.03 billion (32 percent) for recurrent expenditure. The State Department for Roads received the highest budgetary allocation of Kshs. 191.98 billion (43 per cent of the Sector's budget), while the State Department for Shipping and Maritime Affairs had the lowest budgetary allocation of Kshs. 2.97 billion (less than 1 percent of the EIICT Sector allocation).

Figure 4.5 shows the budgetary allocation trends of the EIICT Sector for the period FY 2020/2021 to FY 2024/2025.

This amount comprised Kshs.37.57 billion for development expenditure, representing 34.3 per cent of development net estimates, and Kshs.6.8 billion for recurrent activities, representing 47.1 per cent of recurrent net estimates.

In the first six months of FY 2024/2025, the State Department for Energy received the highest proportion of development exchequer issues to development net estimates at 51.8 per cent, while the State Department for Public Works received the lowest at 2.7 per cent. The State Department for Broadcasting and Telecommunications recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 62.9 per cent. The State Department for Public Works recorded the lowest ratio of 40.5 per cent. Figure 4.6 shows the exchequer issues in the EI&ICT Sector in the first six months of FY 2024/2025.

## 4.6. Environment Protection, Water, and Natural Resources Sector

### 4.6.1 Introduction

The Environment Protection, Water, and Natural Resources (EPWNR) Sector comprises six MDAs: State Departments for Environment & Climate Change; Forestry; Water and Sanitation; Irrigation; Wildlife; and Mining. The sector has several autonomous and semi-autonomous government agencies. In addition, the Sector has the following entities: The National Environment Complaint Committee, the National Environment Tribunal, the Hydrologists Registration Board, and the Wildlife Clubs of Kenya.

The goal of the Sector is ensuring sustainable development in a clean and secure environment with various objectives, including enhancing climate change resilience and low carbon emission, improving utilisation of land through irrigation and land reclamation, and promoting equitable and sustainable use of wildlife resources.

The Sector plays a pivotal role in securing, stewarding, and sustaining the environment, Kenya's natural capital, water provision, and generating foreign exchange for the country. The Sector promotes socio-economic development to realise the Kenya Vision 2030 and BETA Agenda.

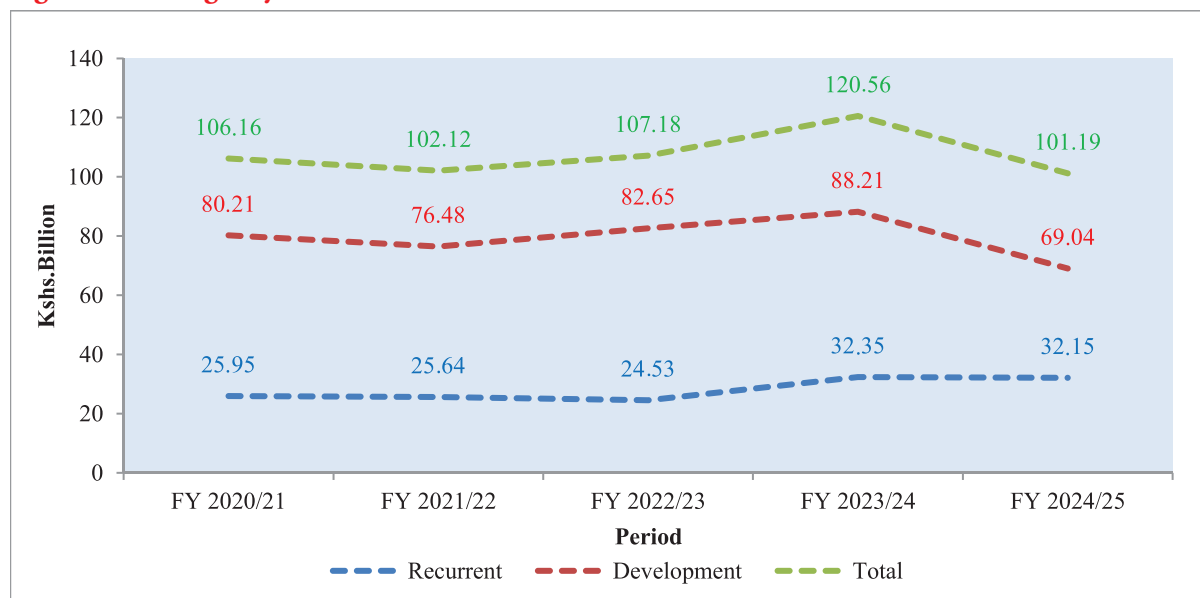

### 4.6.2 Budget Performance for EPWNR Sector

The budget allocation to EPWNR in FY 2024/2025 amounted to Kshs.109.73 billion, which was revised to Kshs.101.20 billion in Supplementary Budget I, compared to the Kshs.120.56 billion allocated in a similar period FY 2023/2024. This amount represents 2 per cent of the revised gross national budget of Kshs.4.37 trillion and 5 percent of the MDAs' budget of Kshs.2.23 trillion. The allocation comprises Kshs.69.04 billion (68 per cent) for development activities and Kshs.32.15 billion (32 per cent) for recurrent expenditure. The State Department for Water and Sanitation received the highest budgetary allocation of Kshs.49.84 billion (49 per

cent of the Sector's budget), while the State Department for Mining had the lowest budgetary allocation of Kshs.994.87 million (less than 1 per cent of the EPWNR Sector allocation).

Figure 4.7 shows the budgetary allocation trends of the EPWNR Sector for the period FY 2020/2021 to FY 2024/2025.

**Figure 4.7: Budgetary Allocation Trend for the EPWNR Sector**

The total exchequer issues to the EPWNR Sector amounted to Kshs.18.21 billion, representing 34 per cent of the Sector's revised net estimates. This amount comprised Kshs.11.63 billion for development expenditure, representing 30 per cent of development revised net estimates, and Kshs.6.58 billion for recurrent activities, representing 44 per cent of recurrent revised net estimates.

In the first six months of FY 2024/2025, the State Department for Forestry received the highest proportion of development exchequer issues to development net estimates at 57 per cent, while the State Department for Water and Sanitation received the lowest at 16 per cent. The State Department for Forestry recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 50 per cent. The State Department for Wildlife recorded the lowest ratio of 31 per cent. Figure 4.8 shows the exchequer issues in the EPWNR Sector in the first six months of FY 2024/2025.

The total expenditure for the EPWNR Sector amounted to Kshs.34.37. billion, representing 34 per cent of the revised gross estimates, compared to 28 per cent (Kshs.35.55 billion) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.19.06 billion for the development budget representing an absorption rate of 28 per cent, compared to 27 per cent recorded in a similar period in FY 2023/2024, and Kshs.15.31 billion for recurrent expenditure representing 48 per cent of the recurrent revised gross estimates, compared to 33 per cent recorded in a similar period in FY 2023/2024. Table 4.56 shows EPWNR sector analysis of exchequer issues and expenditure in the first half of FY 2024/25.

## **4.7. General Economic and Commercial Affairs Sector**

### **4.7.1 Introduction**

The General Economic and Commercial Affairs (GECA) sector consists of eight MDAs, namely the State Departments for Trade; Arid and Semi-arid Lands (ASALs) and Regional Development; Cooperatives; Industry; Micro, Small and Medium Enterprises Development; Investment Promotion; East African Community; and Tourism together with their affiliated Agencies and Institutions.

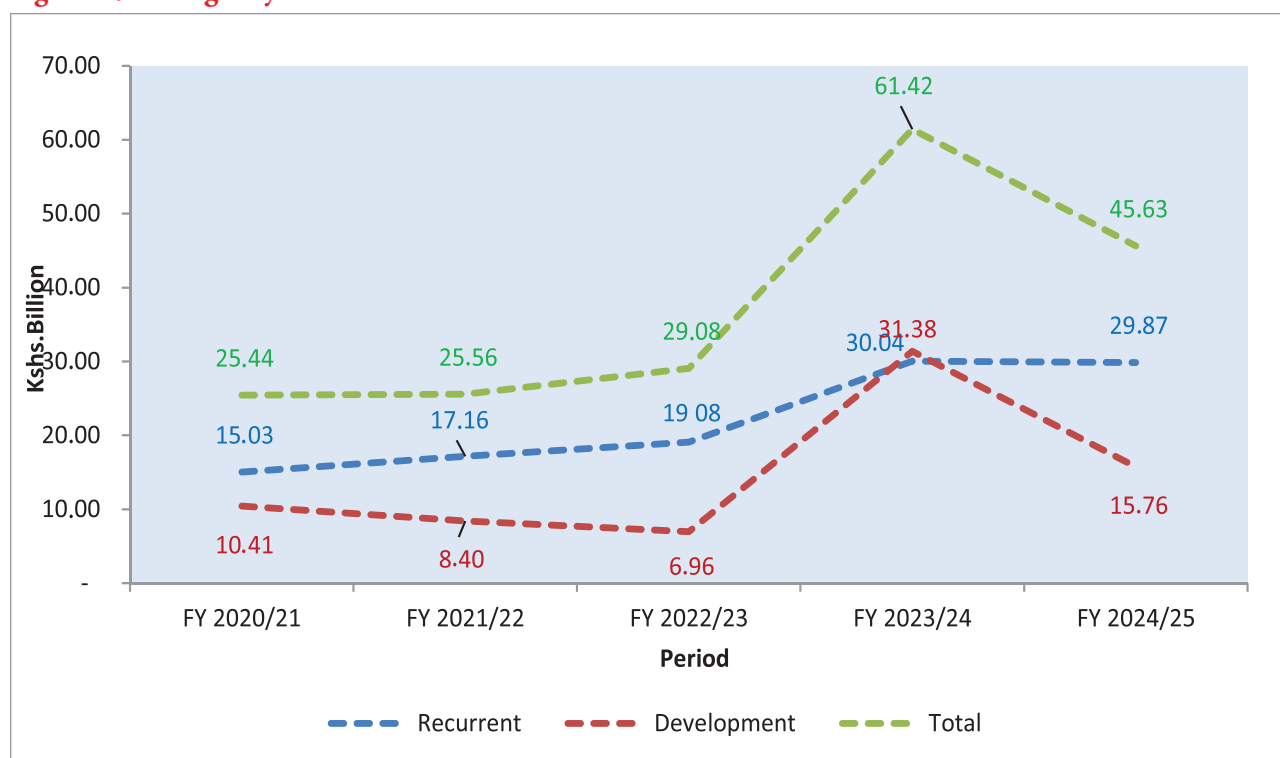

The main objectives of the Sector over the MTEF period are to transform Micro, Small, and Medium Enterprises (MSMEs), promote and sustain tourism, promote industrial development investments, enhance trade and ease of doing business, promote growth and development of cooperatives and the MSMEs Sector, promote regional integration, and promote equitable and sustainable ASAL and regional development.

### **4.7.2 Budget Performance for GECA Sector**

The budgetary allocation to GECA in FY 2024/2025 amounted to Kshs.57.67 billion, which was revised to Kshs. 45.63 billion in Supplementary Budget I, compared to the Kshs. 61.42 billion allocated in the Financial Year of 2023/2024. This amount represents 1 percent of the gross national budget of Kshs. 4.37 trillion and 2 percent of the MDAs' budget of Kshs. 2.23 trillion. The allocation included Kshs. 15.76 billion (35 percent) for development activities and Kshs. 29.87 billion (65 percent) for recurrent expenditure. The State Department for Tourism received the highest budgetary allocation of Kshs. 10.32 billion (23 percent of the Sector's budget), while the State Department for East African Community had the lowest budgetary allocation of Kshs. 0.57 billion (1 percent of the GECA Sector allocation).

Figure 4.9 shows the budgetary allocation trends of the GECA Sector for the period FY 2020/2021 to FY 2024/2025.

## 4.8. Governance, Justice, Law and Order (GJLO) Sector

### 4.8.1 Introduction

The Governance, Justice, Law and Order (GJLO) Sector consists of sixteen MDAs, which include the State Department for Correctional Services; the State Department for Immigration and Citizen Services; the National Police Service; the State Department for Internal Security and National Administration; the State Law Office; the Judiciary; the Ethics and Anti-Corruption Commission (EACC); the Office of the Director of Public Prosecutions (ODPP); the Office of the Registrar of Political Parties (ORPP); the Witness Protection Agency (WPA); the Kenya National Commission on Human Rights (KNHCR); the Independent Electoral and Boundaries Commission (IEBC); the Judicial Service Commission (JSC); the National Police Service Commission (NPSC); the National Gender and Equality Commission (NGEC); and the Independent Policing Oversight Authority (IPOA), as well as SAGAs and tribunals each with specific functions and mandates.

The Sector creates a conducive environment for the country's economic, social, and political development necessary for fulfilling the objectives of the Kenya Vision 2030. It comprises institutions with linkages to peace- and security-building, interpretation of the law, correctional services, immigration and population management, legal advisory services to government agencies, representation of the national government in civil proceedings and matters before foreign courts and tribunals, and dispensation of justice. Further, the Sector promotes good governance and integrity and spearheads the fight against corruption, public prosecutions, registration and regulation of political parties, protection of witnesses, protection and promotion of human rights, delimitation of electoral boundaries and management of the electoral process, promotion of gender equality, the inclusion of marginalised groups and communities.

The Sector is also responsible for developing and implementing citizenship and refugee management and immigration services, regulating the gaming industry, providing population management, eradicating drugs and substance abuse, conducting crime research, printing government documents, and overseeing policing.

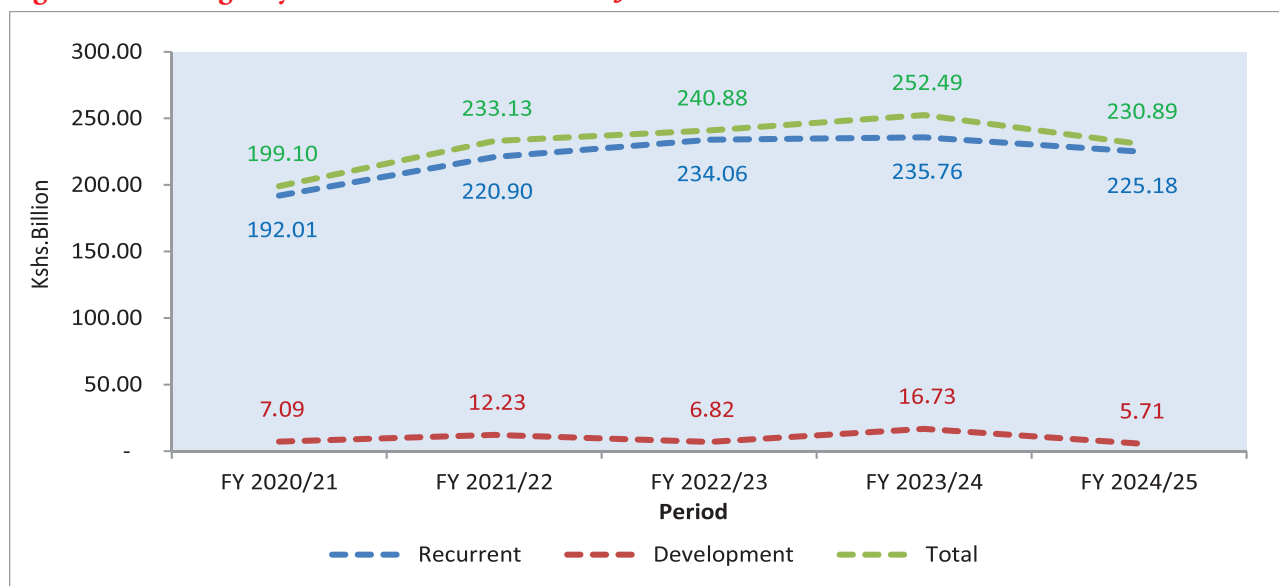

### 4.8.2 Budget Performance for GJLO Sector

The budgetary allocation to GJLO in FY 2024/2025 amounted to Kshs.246.42 billion, which was revised to Kshs.231.06 billion in Supplementary Budget I, compared to the Kshs.259.49 billion allocated in the previous financial year of 2023/2024. This amount represents 5 per cent of the gross national budget of Kshs.4.37 trillion and 10 per cent of the MDAs' budget of Kshs.2.23 trillion. The allocation included Kshs.5.88 billion (2 per cent) for development activities and Kshs.225.18 billion (98 per cent) for recurrent expenditure. The State Department for National Police Service received the highest budgetary allocation of Kshs.108.68 billion (47 per cent of the Sector's budget), while the State Department for National Gender and Equality Commission had the lowest budgetary allocation of Kshs.0.41 billion (less than 1 per cent of the GJLO Sector allocation).

The high allocation to the State Department for National Police Service was due to providing security to the government's critical infrastructure and other related activities. Figure 4.11 shows the budgetary allocation trends of the GJLO Sector from FY 2020/2021 to FY 2024/25.

**Figure 4.11: Budgetary Allocation Trend for the GJLO Sector**

The total exchequer issues to the GJLO Sector amounted to Kshs.120.01 billion, representing 53 per cent of the Sector's net estimates. This amount comprised Kshs.4.69 billion for development expenditure, representing 147 per cent of development net estimates, and Kshs.115.32 billion for recurrent activities, representing 52 per cent of recurrent net estimates.

In the first six months of FY 2024/2025, the State Department for Internal Security and National Administration received the highest proportion of development exchequer issues to development net estimates at 794 per cent due to additional funding of Kshs.4.20 billion and Kshs.343.75 million outside the appropriated funds in line with Article 223 of the Constitution. Conversely, the Office of the Director of Public Prosecutions received the lowest exchequer issues at 26 per cent. The State Department for Immigration and Citizen Services recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 70 per cent. The Independent Electoral and Boundary Commission recorded the lowest ratio at 42 per cent. Figure 4.12 shows the exchequer issues in the GJLO Sector in the first half of FY 2024/2025.

The total expenditure for the GJLO Sector amounted to Kshs.127.68 billion, representing 55 per cent of the gross estimates, compared to Kshs.124.08 billion (52 per cent) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.9.65 billion for the development budget representing 164 per cent of the revised gross estimate, compared to 73 per cent recorded in a similar period in FY 2023/2024, and Kshs.118.03 billion for recurrent expenditure, representing 52 per cent of the revised gross estimates, compared to 50 per cent recorded in a similar period in FY 2023/2024. Table 4.98 shows the GJLO sector analysis of exchequer issues and expenditure in the first half of FY 2024/25.

An analysis of the project implementation status by the National Police Service revealed funds were allocated but not expended due to various challenges. The Completion of the ongoing Sub-County police HQS central ward Kisumu West project is being undertaken by NGCDF. The other three projects are facing the challenge of a lack of land title deeds for the land where the projects are to be done. We recommend fast-tracking the acquisition of the title deeds to ensure the projects are completed by the end of FY 2024/25 as projected.

## 4.9. Health Sector

### 4.9.1 Introduction

Health is largely a devolved function under the Fourth Schedule of the Constitution of Kenya. The health sector is responsible for providing and coordinating health policy formulation, ensuring quality service delivery, and regulating health care at the national level. The sector comprises two MDAs: The State Department for Medical Services and the State Department for Public Health and Professional Standards. The Sector delivers services through several SAGAs and entities, including the Kenyatta National Hospital, Moi Teaching and Referral Hospital, Kenya Medical Research Institute, Kenya Medical Supplies Authority, Kenya Medical Training College, National Syndemic Disease Control Council, Kenyatta University Teaching, Referral and Research Hospital, National Cancer Institute of Kenya and the Kenya Nuclear Regulatory Authority.

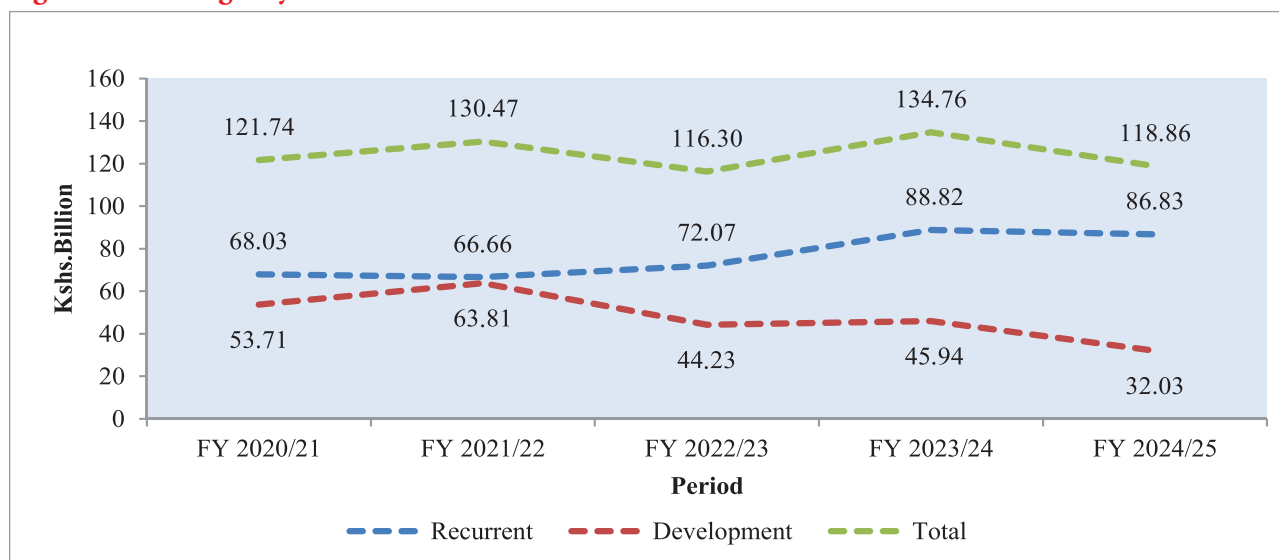

The Sector envisions “a *healthy, productive and globally competitive nation*” achieved through strategic objectives under equity, efficiency, and people-centred principles with a multi-sectoral approach as outlined in the Kenya Health Policy (2014-2030). The Health Sector implements its strategic objectives through eight budgetary programmes, four under the State Department for Medical Services and four under the State Department for Public Health and Professionals.

### 4.9.2 Budget Performance for Health Sector

The budgetary allocation to Health in FY 2024/2025 amounted to Kshs.127.17 billion, revised to Kshs.118.86 billion in Supplementary Budget I, compared to the Kshs.134.76 billion allocated in FY 2023/2024. This amount represents 3 per cent of the gross national budget of Kshs.4.37 trillion and 5 per cent of the MDAs’ budget of Kshs.2.23 trillion. The allocation included Kshs.32.03 billion (27 percent) for development activities and Kshs. 86.83 billion (73 per cent) for recurrent expenditure. The State Department for Medical Services received the highest budgetary allocation of Kshs. 91.98 billion (77 per cent of the Sector’s budget), while the State Department for Public Health and Professional Standards was allocated Kshs.26.87 billion (23 per cent of the Health Sector allocation).

The high allocation to the State Department for Medical Services was due to high budget allocation in the National Referral Services sub programme. Figure 4.13 shows the budgetary allocation trends of the Health Sector for the period FY 2020/2021 to FY 2024/2025.

The total exchequer issues to the Health Sector amounted to Kshs.33.25 billion, representing 43 per cent of the Sector's revised net estimates. This amount comprised Kshs. 5.13 billion for development expenditure, representing 25 per cent of development revised net estimates, and Kshs.28.12 billion for recurrent activities, representing 50 per cent of recurrent revised net estimates.

Figure 4.14 shows the exchequer issues in the Health Sector in the first half of FY 2024/2025.

This amount comprised Kshs.13.38 billion for the development budget representing an absorption rate of 42 per cent, compared to 36 per cent (Kshs.18.15 billion) recorded in a similar period in FY 2023/2024, and Kshs.32.90 billion for recurrent expenditure representing 38 per cent of the revised gross recurrent estimates, compared to 37 per cent (Kshs.32.42 billion) recorded in a similar period in FY 2023/2024.

## 4.10. National Security Sector

### 4.10.1 Introduction

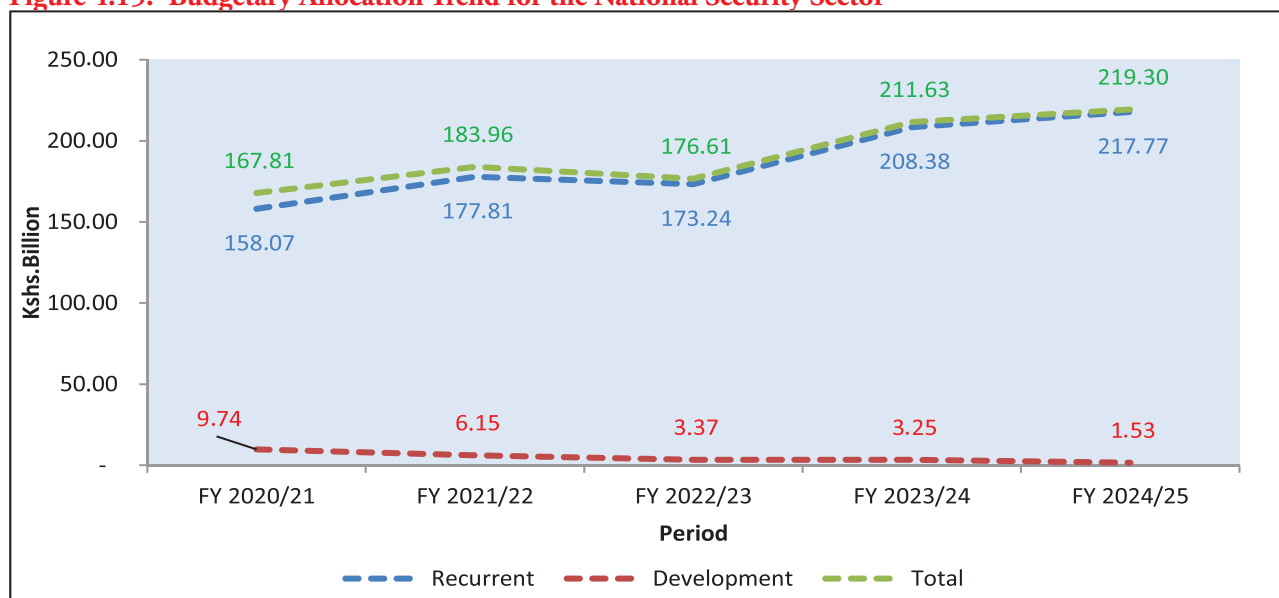

The National Security sector comprise the Ministry of Defence and the National Intelligence Service (NIS). The sector's mandate is to ensure the country's security against any threats emanating from within or outside the Kenyan borders, defend the country, and support the civil powers in maintaining peace and order.

### 4.10.2 Budget Performance for National Security Sector

The original budget for the National Security sector in FY 2024/2025 was Kshs.219.44 billion, revised to Kshs.219.30 billion in Supplementary I, representing 5.0 per cent of the revised gross national budget, compared to Kshs.211.63 billion allocated in the FY 2023/2024. The allocation comprised Kshs.1.53 billion for development expenditure (1 per cent of the sector's budget) and Kshs.217.77 billion for recurrent expenditure (99 per cent of the sector's allocation). The Ministry of Defence was allocated Kshs.172.95 billion (79 per cent of the sector's allocation), while NIS received Kshs.46.35 billion (21 per cent of the sector's allocation). The growth in the budget allocation for the National Security sector is attributed to increased funding requirements for military modernisation, enhanced territorial defence capabilities, and strengthened intelligence-gathering operations.

Figure 4.15 below shows the budgetary allocation trend for the National Security sector for FY 2020/2021 to FY 2024/2025.

The analysis of the implementation status of the Refurbishment of Old Commission House shows progress at 59 per cent rate against a timeline spanning from FY 2016/17 to FY 2026/27. In FY 2024/25, the project was initially allocated Kshs.45.3 million and reduced to zero in the Supplementary Estimates I. Delayed funding is likely to derail progress and poses a significant challenge to the timely completion of the remaining forty-one per cent. Persistent budgetary constraints risk delaying the project further and increasing costs.

Analysis of the State Department for Gender and Affirmative Action’s project implementation status reveals mixed performance across the various initiatives; some projects demonstrate timely execution while others appear delayed.

## 5. KEY ISSUES AND RECOMMENDATIONS

The Controller of Budget identified critical issues discussed while overseeing budget implementation in the first six months of FY 2024/25.

### 5.1. Receipts into the Consolidated Fund

**Observation:** In the first six months of FY 2024/25, receipts into the Consolidated Fund amounted to Kshs.1.75 trillion, representing 40 per cent of the revised annual target of Kshs.4.21 trillion against the estimated 50 per cent threshold on a linear basis. This implies that 10 per cent of the annual value of budgeted activities were not implemented. The shortfall in revenue was attributed to the withdrawal of the Finance Bill 2024, affecting some of the targeted revenue sources.

Further analysis shows that actual revenue receipts are mainly funded from ordinary tax revenue, which constitutes 62 per cent of total receipts revenue, followed by domestic borrowing at 27 per cent. Receipts from non-tax revenue, external loans, and grants underperformed, given that the three categories did not achieve the estimated 50 per cent threshold as of 31 December 2024.

**Recommendations:** *The Controller of Budget is cognisant of the tight fiscal constraints the government has been facing. The shortfall in revenue collection has severe consequences for budget implementation. It may delay the financing of various government programmes and necessitate a supplementary budget to align with the revenue pattern. It calls for further stringent measures to improve ordinary revenue and Appropriations-In-Aid by Ministries, Departments and Agencies and County governments to supplement the defraying of expenditure and reduce overreliance on funding from the exchequer.*

### 5.2. Low Absorption of Development Budget

**Observation:** In the first six months of FY 2024/25, the national government's total expenditure was Kshs.1.76 trillion, representing 40 per cent of the revised gross budget. This comprised ministerial development expenditure of Kshs.200.35 billion (absorption rate of 31 per cent), ministerial recurrent expenditure of Kshs.810.57 billion (absorption rate of 50 per cent), and Consolidated Fund Services, Kshs.751.20 billion (absorption rate of 35 per cent).

The low absorption of development is attributed to a shortfall in receipts into the Consolidated Fund and the need to prioritise funding of public debt, which is a first charge to the Consolidated Fund, and other non-discretionary recurrent expenditure such as compensation to employees. Further analysis of project implementation shows that some multi-year projects were not funded in the period under review and others with negligible expenditure indicating a delay in project implementation.

**Recommendation:** *Development projects and programmes must be monitored. The National Treasury should release funds to the MDAs per the cash flow projections and approved plans for seamless implementation to ensure projects are completed in a timely manner. This will curb the accumulation of pending bills and additional costs related to delays in project completion on both the demand and supply sides.*

### 5.3. Slow-paced Implementation of the Equalization Fund

**Observation:** Article 204 of the Constitution requires one-half per cent (0.5 per cent) of all the revenue collected by the national government each year calculated based on the most recent audited statement (*Auditor General's*) of revenue received as approved by the National Assembly. As of 31 December 2024, the National Treasury had disbursed Kshs.1.03 billion only and is yet to provide and disburse the balance of funds owed to the Equalization Fund to implement the 2<sup>nd</sup> policy projects worth Kshs.10.33 billion. Notably, the Fund has yet to clear pending bills at the national government level for Policy 1 consideration.

**Recommendations:** *The slow pace of implementing the Equalization Fund development budget is a fiscal concern given that the Equalization Fund had a significant balance of over Kshs.10 billion as of the end of the first half of FY 2024/25. The Controller of Budget recommends fast-tracking the settlement of pending billings related to the first Policy and the implementation of Second Policy.*

### 5.4. Public debt Stock exceeding the Authorised Limit

Section 50 (2) of the PFMA 2012 states that the National Government may borrow money under this Act or any other legislation and shall not exceed the limit set by Parliament. The Public debt ceiling was set at 55 per cent of the Gross Domestic Product by Parliament. The Budget Review Outlook Paper 2024 indicates that Kenya's GDP was Kshs.16.11 trillion as at 30<sup>th</sup> June 2024.

**Observation:** As of 31 December 2024, the public debt stock was Kshs.10.93 trillion (68 of the GDP), with Kshs.5.06 trillion owed to external lenders (46 per cent) and Kshs.5.87 trillion owed to domestic lenders (54 per cent). The public debt stock increased by 3 per cent from Kshs.10.58 trillion as of 30 June 2024 to Kshs.10.93 trillion as of 31 December 2024. External debt declined by 0.2 per cent due to the appreciation of the Kenya Shilling against major world currencies, while domestic debt recorded 8 per cent growth attributable to increased borrowing in the domestic market. The 2025 Medium Term Debt Management Strategy (MTDS) indicates that total nominal public debt as a percentage of GDP in Kenya has been declining, decreasing from 72 per cent in 2022 to 66 per cent in June 2024. The public debt therefore remains above the authorised public debt limit.

**Recommendations:** *The Controller of Budget recommends regular audits of public debt procurement and debt utilization to ensure transparency and reduction of budget deficit financing through fiscal consolidation. Further, the National Treasury should operationalize Section 50(8) of the Public Finance Management Act 2012 by creating a Sinking Fund for loan redemption. This dedicated fund will ensure systematic savings for loan repayment, reduce reliance on new debt for refinancing, and enhance fiscal discipline in debt management.*

### 5.5. Delayed Completion of Development Projects

**Observation** – An analysis of the development projects' implementation by Ministries, Departments and Agencies of the National Government revealed general delay in projects implementation. For instance, Kenya Affordable Housing Finance and Registration of Community Land – Isiolo South projects did not record any expenditure in the first half of FY 2024/25 while Geo-referencing land parcels project recorded completion rate of 19 per cent despite the project commencing in July 2013. Also, six (6) development projects implemented by the State Department for Transport had over-stretched their target completion dates. The projects include Development of Nairobi Railway City (completion date of 30<sup>th</sup> June 2023), Construction of 2.8Km new MGR link from Mombasa SGR Terminus - Miritini MGR station and railway bridge across Makupa causeway (completion date of 30<sup>th</sup> June 2024), Revitalization of Gilgil - Nyahururu MGR Branch line (completion date

of 30<sup>th</sup> June 2024), Revitalization of Kisumu - Butere MGR Branch line (completion date of 30<sup>th</sup> June 2024), Construction of Access Road to Suswa SGR Station and to Maai Mahiu SGR Station (completion date of 30<sup>th</sup> June 2024), and Revitalisation of Leseru- Kitale MGR Branch (completion date of 30<sup>th</sup> June 2024). Further, four (4) development projects implemented by the State Department for Information, Communication Technology & Digital Economy namely; Maintenance and Rehabilitation of NOFBI Phase II Cable (completion date of 31/12/18), Maintenance and Rehabilitation of NOFBI Phase II Expansion (completion date of 31/12/20), Connectivity to Leather Industrial Park- Kenaine (completion date of 01/12/22), and Construction of KAIST at Konza Technopolis (completion date of 31/12/24) were still on-going as at 31<sup>st</sup> December, 2024 thus faced with the completion date overrun.

**Recommendation:** *Measures should be taken to address the projects implementation challenges by the MDAs with a view to fast track the completion of all the affected multi-year projects whose completion rate are behind the target timelines.*

#### 5.5.1 Inconsistencies between MDAs' spending and non-financial performance

**Observation:** Budget execution entails delivering services by undertaking expenditures within regulatory controls of the law by line Ministries, spending Departments and and Agencies. In the first half of FY 2024/2025 we noted instances of significant spending by MDAs without corresponding outputs or depressed service delivery. For example, the State Department for Public Works recorded total expenditure of Kshs.1.34 billion but no outputs in the first six months of FY 2024/25, casting doubts on how the funds already spent were put to use. Besides, Non-financial performance analysis the State Department for East African Community indicated that no changes in actual outputs from service delivery have occurred since the end of first quarter (first three months) of FY 2024/25, which appear impractical. In addition, the State Department for Immigration and Citizens Services spent Kshs.12.66 billion (absorption rate of 89 per cent) on programmes and sub-programmes. Expenditure on E-citizens Services and immigration services sub-programmes under Migration and Citizen Services Management Programme exceeded the budgetary allocation by 329 per cent and 9 per cent respectively. However, actual outputs from delivery of services were below 35 per cent for all the programmes and sub-programmes it implemented in the period under review.

**Recommendation:** *The Controller of Budget recommends continuous monitoring of budget implementation and strict adherence to results based allocations of resources to spur service delivery.*

## 6. CONCLUSION

The National Government Budget Implementation Report provides financial and non-financial information on budget performance for the first six months of FY 2024/25, covering 1st July to 31st December 2024. It presents revenue outturn, debt financing, expenditure performance, budget absorption and discusses key issues affecting overall budget execution.

During the period, the national government budget performance remained resilient despite the interruptions at the start of the financial year following the withdrawal of Finance Bill 2024, which affected revenue generation and budget implementation. The overall budget absorption rate was 40 percent of the revised gross budget, which is below the target of 50 per cent in the first six months of FY 2024/25.

Total receipts into the Consolidated Fund were Kshs. 1.74 trillion, representing 41 per cent of the revised annual target. The Controller of Budget approved the withdrawal of Kshs.1.71 trillion from the Consolidated Fund, representing 41 per cent of the revised net estimates, implying 9 per cent of targeted activities were not funded based on the target of 50 per cent in the first six months. The exchequer issues comprised Kshs.129.82 billion for ministerial development expenditure, Kshs.654.54 billion for ministerial recurrent expenditure, Kshs.738.09 billion for Consolidated Fund Services and Kshs.191.62 billion as disbursements of revenues raised nationally to County Governments. The Ministerial recurrent expenditure recorded the highest proportion of exchequer issues to revised net estimates at 50 per cent due to limited fiscal space and the pressure to maintain service delivery levels. Consolidated fund services recorded the least proportion of exchequer issues to revised net estimates at 35 per cent.

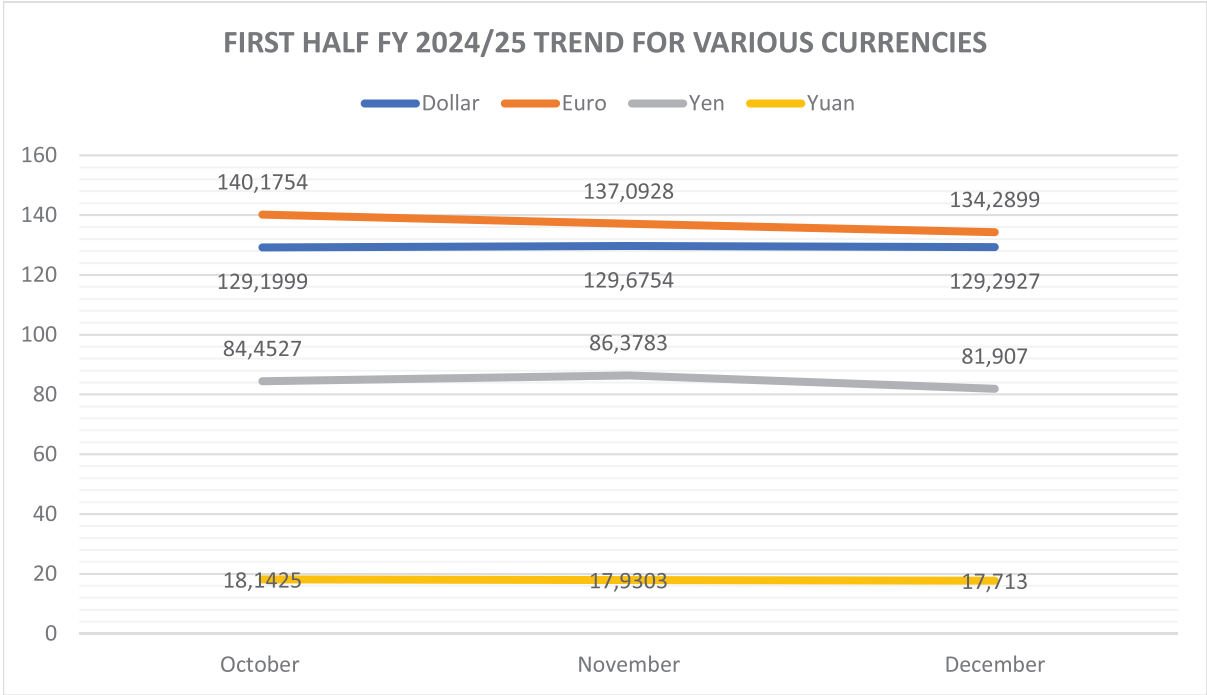

Gross expenditure for the National Government was Kshs.1.76 trillion, recording an absorption rate of 40 per cent. This comprised ministerial development expenditure at Kshs.200.35 billion (absorption rate of 31 per cent), ministerial recurrent expenditure at Kshs.810.57 billion (absorption rate of 51 per cent), and Consolidated Fund Services at Kshs.751.20 billion (35 per cent). The development budget recorded the lowest absorption, implying delayed projects implementation during the period under review.

The Controller of Budget lauds the government's milestone in budget implementation despite several challenges that hampered budget implementation. Depressed revenue outturn and huge public debt continue to strain the fiscal space thus negatively affecting the execution of government programmes. Further, rationalisation of the budget to accommodate revenue shortfalls following the withdrawal Finance Bill of 2024 at the beginning of financial year led to further shrinking of the fiscal space and increase in pending bills.

Finally, the low level of budget absorption indicates that some planned activities were not implemented. Respective government entities are encouraged to identify other challenges that delay budget absorption and address them in the subsequent budget implementation period. Programmes with low budget absorption should be fast-tracked to enhance effective service delivery.
