NATIONAL GOVERNMENT BUDGET IMPLEMENTATION REVIEW REPORT

**FIRST QUARTER
FY 2020/21**

NOVEMBER, 2020

THE REPUBLIC OF KENYA
OFFICE OF THE CONTROLLER OF BUDGET

NATIONAL GOVERNMENT
BUDGET IMPLEMENTATION REVIEW REPORT

FIRST QUARTER
FY 2020/21

NOVEMBER, 2020

FOREWORD

This is the first quarterly National Government Budget Implementation Review Report (BIRR) in FY 2020/21 and covers the first three months of the financial year. The report has been prepared in fulfilment of Article 228(6) of the Constitution of Kenya, 2010 and Section 9 of the Controller of Budget Act, 2016, which require the Controller of Budget (COB) to submit to both Houses of Parliament a report on the implementation of budgets of both National and County Governments every four months.

This report presents information on the status of budget implementation by the National government. It covers the period July to September 2020, a time the impact of Corona Virus Disease (COVID-19) was evident in the economic, social and health sectors. The disease was first reported in the world in December 2019 while the first case recorded in Kenya on 13th March 2020. As a result, the government was forced to revise the fiscal framework of the FY 2020/21 budget and the Medium-Term Plan to take into consideration the impact of the COVID-19 pandemic on both expenditure priorities and revenue projections. The outbreak necessitated a revision of economic growth for the year to 2.5 per cent against 6.1 per cent which had been projected in the Budget Policy Statement (BPS) in February 2020.

To overcome the ensuing shocks experienced by the economy, the Government rolled out an Economic Stimulus Programme (ESP) to catalyze economic activities and provide a lifeline for businesses to recover from the adverse effects of COVID-19 pandemic. The objectives of the ESP included maintaining macroeconomic stability to support long term investments, economic growth and development. Other initiatives involved supporting recovery and growth of Micro, Small and Medium Enterprises through operationalization of a Credit Guarantee Scheme. The government will continue the implementation of the 'Big Four Agenda'; development of critical infrastructures such as roads, rail, energy and water, among others. It will also facilitate the County Governments in strengthening their systems to enhance service delivery and clear pending bills.

To support the welfare of citizens, the Government set aside additional resources to improve access to Health Care Systems, Education, enhance cash transfers to vulnerable members of the society and increase resources to support the youth, women and persons living with disabilities.

The report is based on the approved budgets and financial reports submitted by respective Ministries, Departments and Agencies (MDAs) and further informed by data generated from the Integrated Financial Management Information Systems (IFMIS). It presents the thematic areas of the 2020/21 budget, analysis of the funds released to MDAs and contains a review of expenditure against budget allocations. The key issues that hampered effective implementation of the budget in the first three months under review have been identified and recommendations to address them included to enhance seamless budget execution in future.

In addition to meeting the requirements of Article 228(6) of the Constitution, this report is also aimed at creating awareness on the use of public funds. The report is disseminated to the public in line with Section 39(8) of the Public Finance Management Act, 2012 which requires the Controller of Budget to ensure the public has access to information on budget implementation. Readers of the report are called upon to interrogate the use of public funds and provide appropriate feedback that will enhance prudent use in line with Article 201 of the Constitution.

Finally, I would like to take this opportunity to appreciate all staff from my office and the MDAs who were involved in preparing this report. Their dedication and professionalism went a long way in ensuring the timely finalization of this report.

Dr. Margaret Nyakang'o
CONTROLLER OF BUDGET

EXECUTIVE SUMMARY

This is the first quarter National Government Budget Implementation Review Report for FY 2020/21 which has been prepared in line with Article 228 of the Constitution of Kenya, 2010 and Section 9 of the Controller of Budget Act, 2016, which require the Controller of Budget to submit to Parliament quarterly budget implementation reports for the National and County Governments every four months.

During the reporting period, receipts into the consolidated fund amounted to **Kshs.602.02 billion**, representing 21.3 per cent of the annual target of Kshs.2.83 trillion, a 5.6 per cent decline compared to Kshs.637.4 billion received in a similar period of FY 2019/20. Total exchequer issues to the MDAs, Consolidated Funds Service (CFS) and County Governments amounted to **Kshs.494.67 billion** representing 17.9 per cent of the net estimates, a decline compared to 22 per cent recorded in a similar period of FY 2019/20. Exchequer issues comprised of **Kshs.79.85 billion** for development expenditure, Kshs.388.6 billion for recurrent expenditure and **Kshs.26.22 billion** to the County Governments representing 20.6 per cent, 18.6 per cent and 8.3 per cent respectively. Counties received the lowest percentage of exchequer issues due to delayed disbursement of funds that was occasioned by delay in the approval of the county revenue allocation formula for the FY 2020/21 by the Senate.

The total expenditure by the national government amounted to **Kshs.592.90 billion**, representing 20.3 per cent of the gross estimates compared to 20.6 per cent recorded in the first quarter of FY 2019/20. This comprised of development and recurrent expenditure of **Kshs.172.0 billion** (absorption rate of 27.2 per cent) and **Kshs.420.90 billion** (18.4 per cent) respectively. Development expenditure recorded 72.5 per cent growth compared to Kshs.99.73 billion spent in the FY 2019/20 which is attributed to uptake of key development activities in the Energy, Infrastructure and Information Communication Technology Sector. Gross development expenditure was higher than exchequer issues due to Appropriations-in-Aid and funding from development partners realised in funding the expenditure. The highest development expenditure included; Capital Transfers to Semi-Autonomous Government Agencies (SAGAs) of Kshs.96.47 billion followed by Construction and Civil works at Kshs.13.01 billion, representing 56.1 per cent and 7.6 per cent of the gross development expenditure respectively.

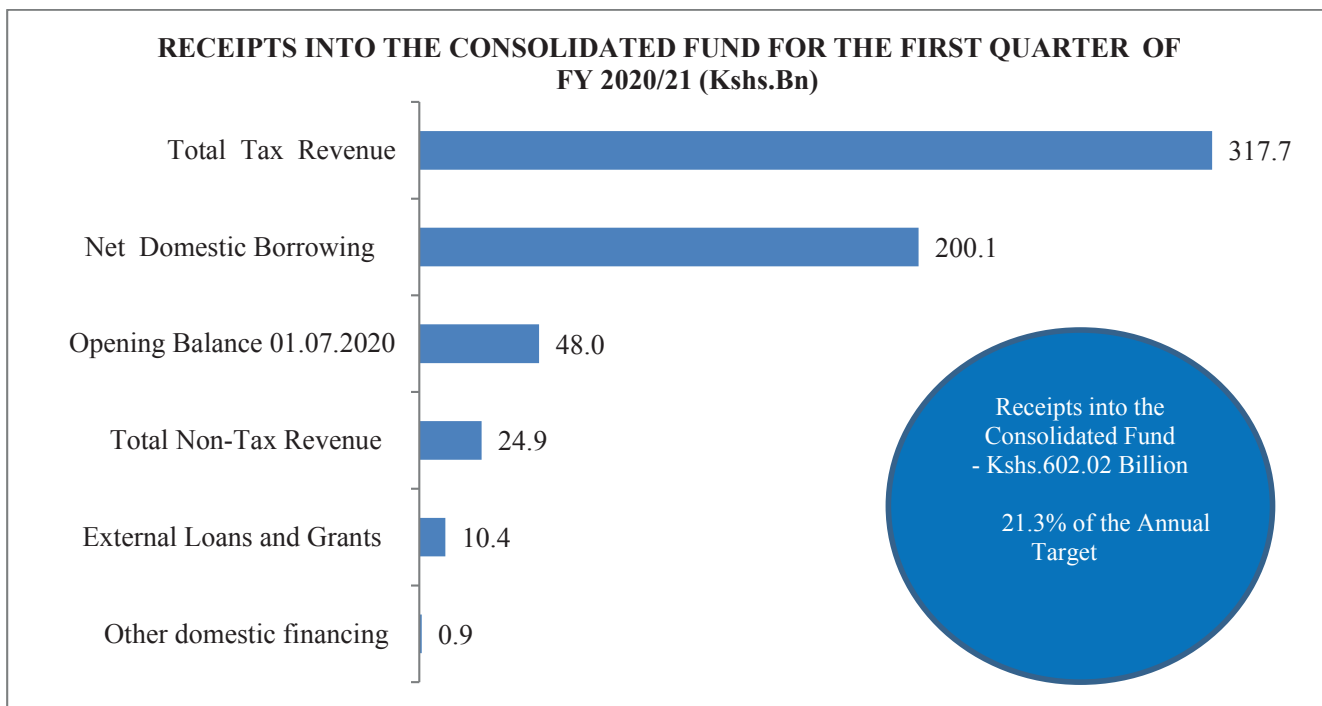

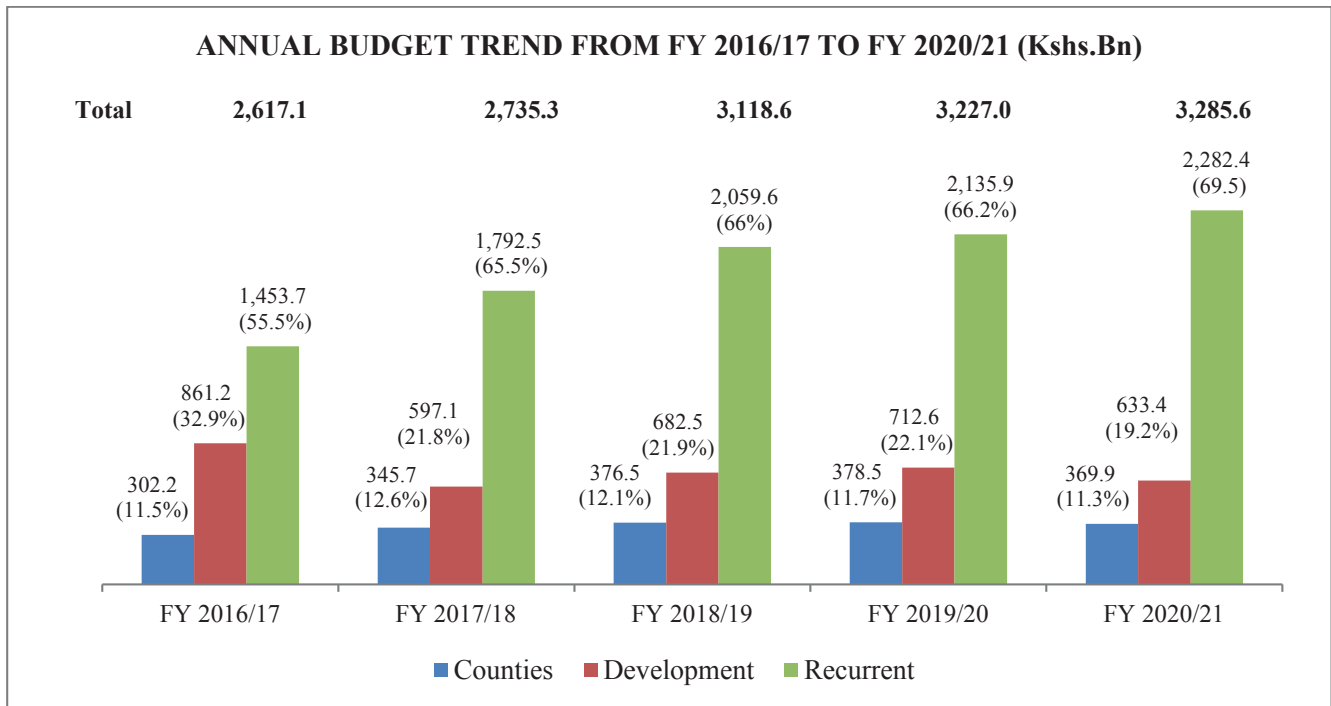

The gross recurrent expenditure of **Kshs.420.90 billion** represented 18.4 per cent of recurrent gross estimates which was a decline compared to 22.9 per cent achieved in the first quarter of FY 2019/20. The decline is as a result of a drop in expenditure on Public debt under the CFS vote compared to a similar period of FY 2019/20 when it recorded 28.5 per cent. This comprised of **Kshs.261.05 billion** on MDAs recurrent programmes and **Kshs.159.84 billion** on CFS representing 20.8 per cent and 15.5 per cent of the annual recurrent gross estimates respectively. Nonetheless, some budget items recorded low levels of expenditure, which was attributed to the impact of COVID-19 mitigation measures adopted by the government to curb the spread of the disease. The expenses included Travelling, Training and Hospitality activities which are usually significant spending budget items by MDAs.

Further review of the recurrent expenditure shows that a total of Kshs.112.5 billion was spent on Compensation to Employees representing 43.1 per cent of the gross recurrent expenditure by MDAs. The Teachers Service Commission (TSC) recorded the highest expenditure on Compensation to Employees at Kshs.70.06 billion, translating to 62.3 per cent of the total expenditure on compensation to employees by the national government. The second-largest expenditure was on current transfers to SAGAs at Kshs.99.38 billion, or 38.1 per cent of the total recurrent expenditure, representing an increase compared to Kshs.91.31 billion recorded in the first quarter of FY 2019/20.

The office of the Controller of Budget identified key challenges that hindered effective budget implementation in the first three months of the FY 2020/21. These included delay in the release of exchequer issues to MDAs and counties, therefore delaying execution of the planned activities by MDAs and the counties. Other challenges included a delay in submission of budget performance reports to the office of the Controller of Budget resulting in the delay in reporting and consequently affecting budget oversight. The economic, social and health effects of the COVID-19 pandemic in budget implementation and a high level of public debt all need to be addressed.

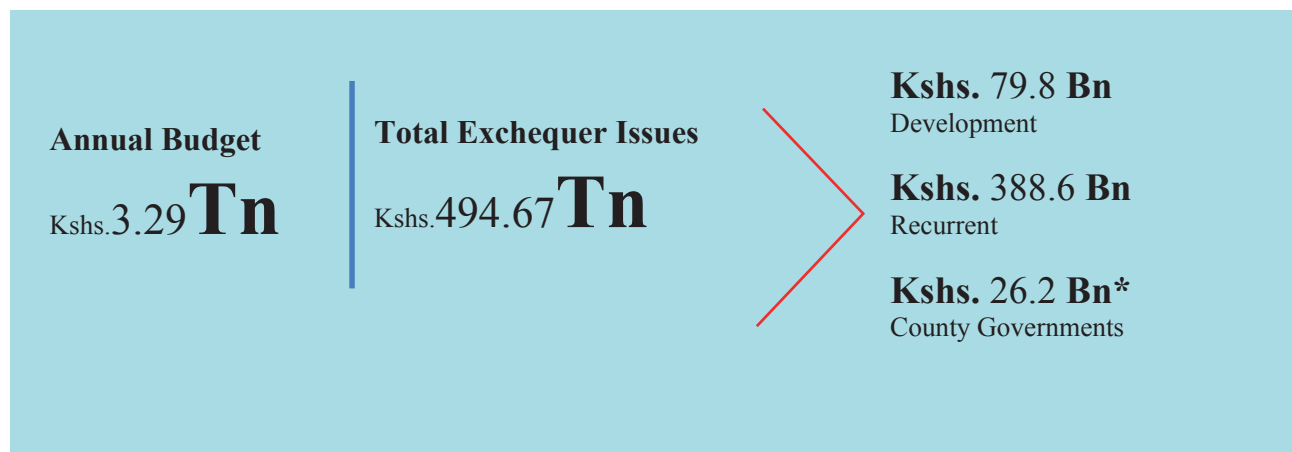

To address the key challenges, the report contains recommendations for implementation. They include the need for the National Treasury to release funds to MDAs based on their work-plans and cash flow projections and in accordance to Section 17(6) of the PFM Act, 2012. It stipulates that the National Treasury shall at the beginning of every quarter and in any event not later than the fifteenth day from the commencement of the quarter disburse monies to the county governments. Also, Accounting Officers should ensure timely submission of financial reports to the Controller of Budget in line with Section 83 of the PFM Act, 2012 to allow for timely preparation and publication of BIRR. To check on the burden of public debt and other related fiscal strains, the government should enhance the collection of domestic taxes to generate more revenue to fund the government budget.

KEY HIGHLIGHTS

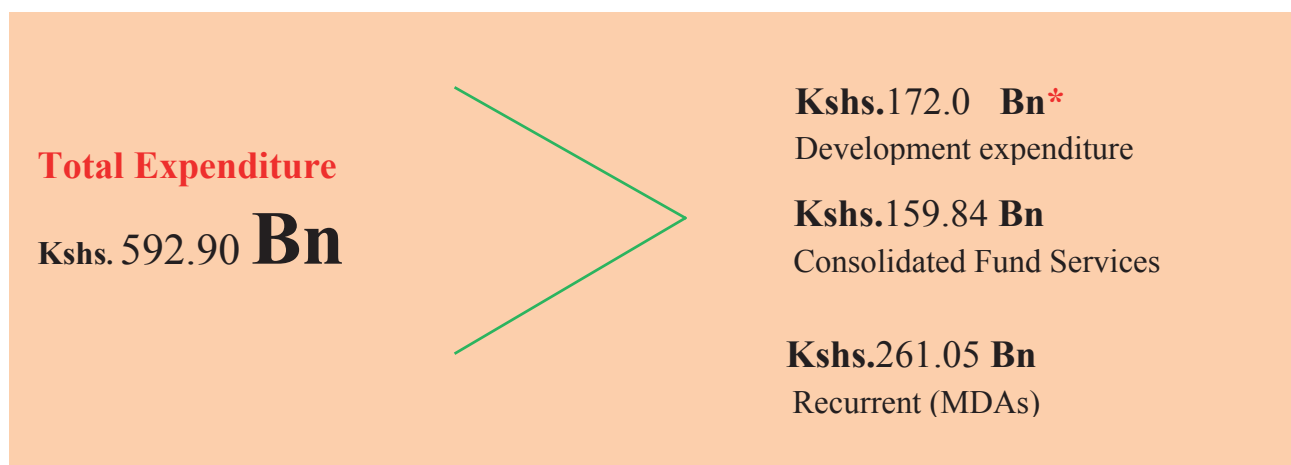

Overall National Government Budget Performance in the First Quarter of FY 2020/21

Exchequer Issues

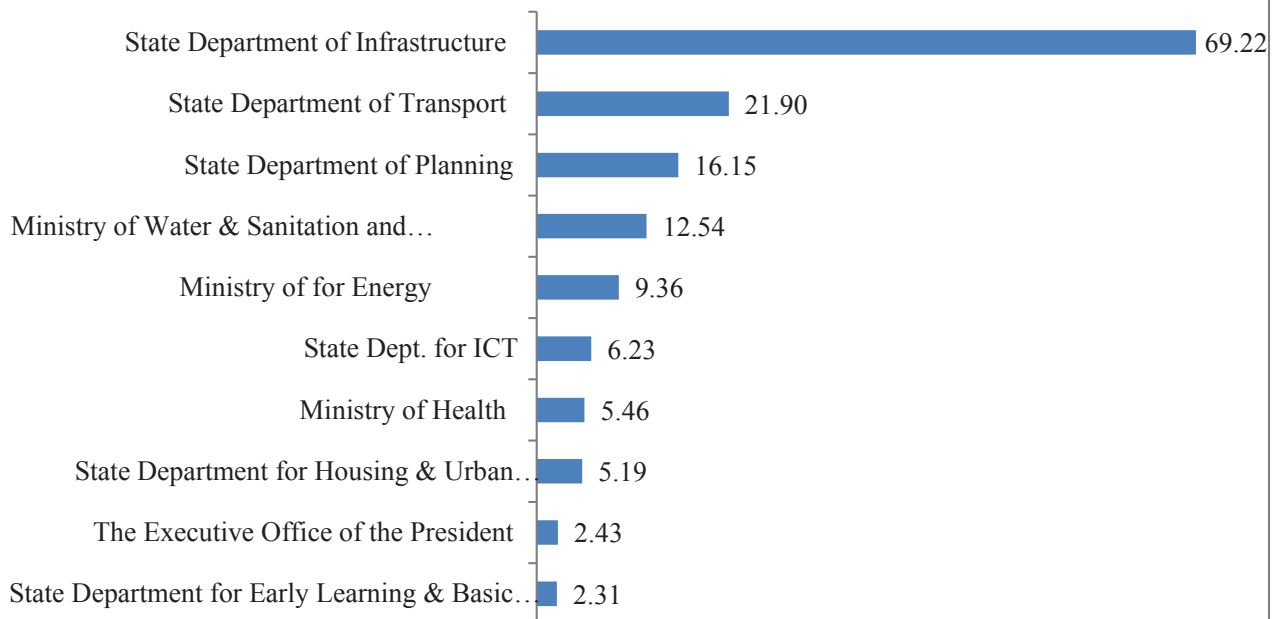

*Equitable share arrears brought forward from FY 2019/20

National Government Expenditure

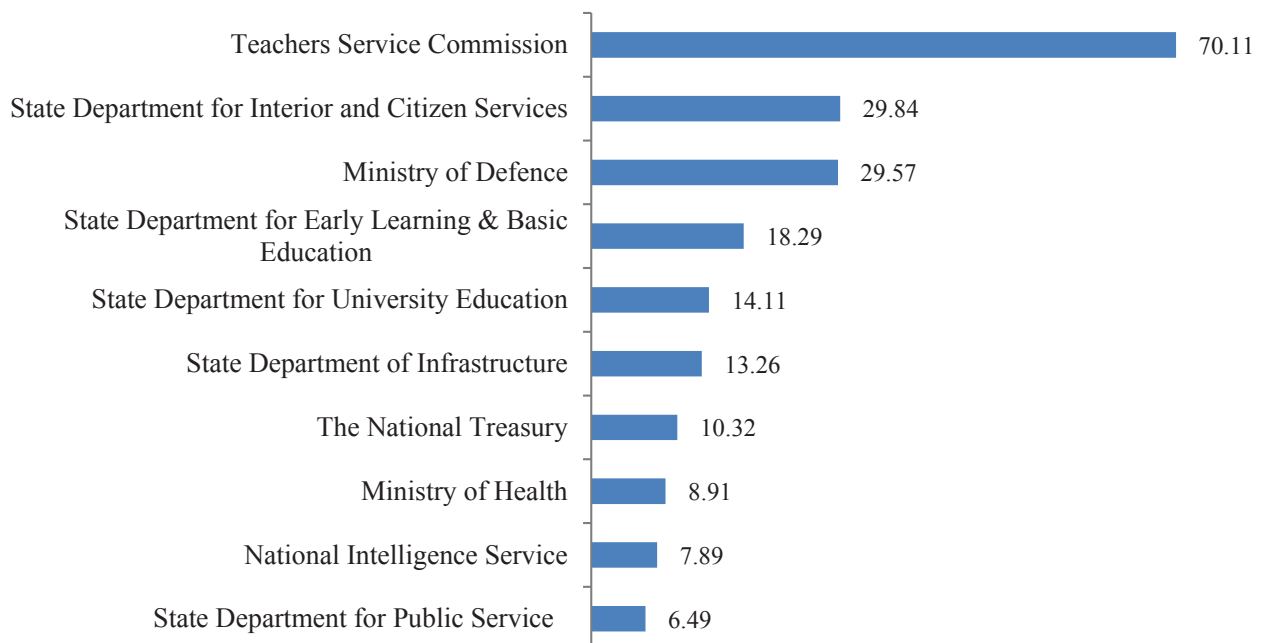

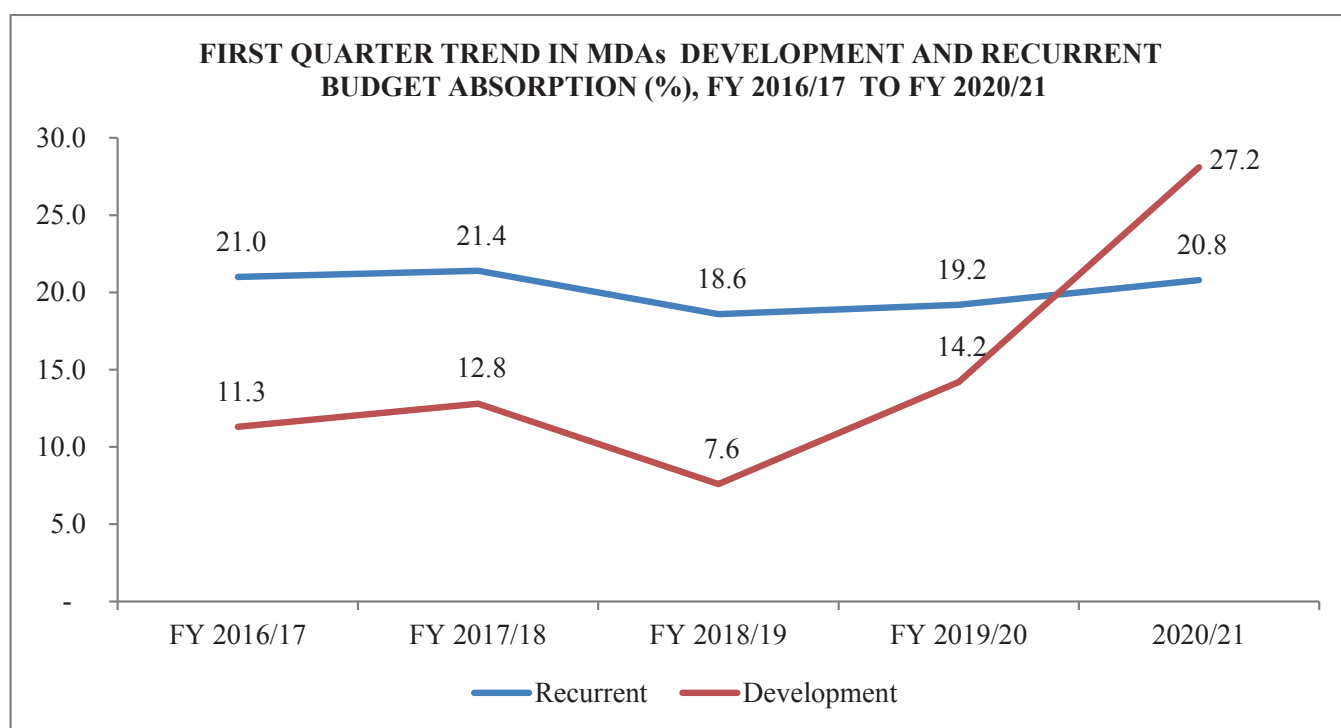

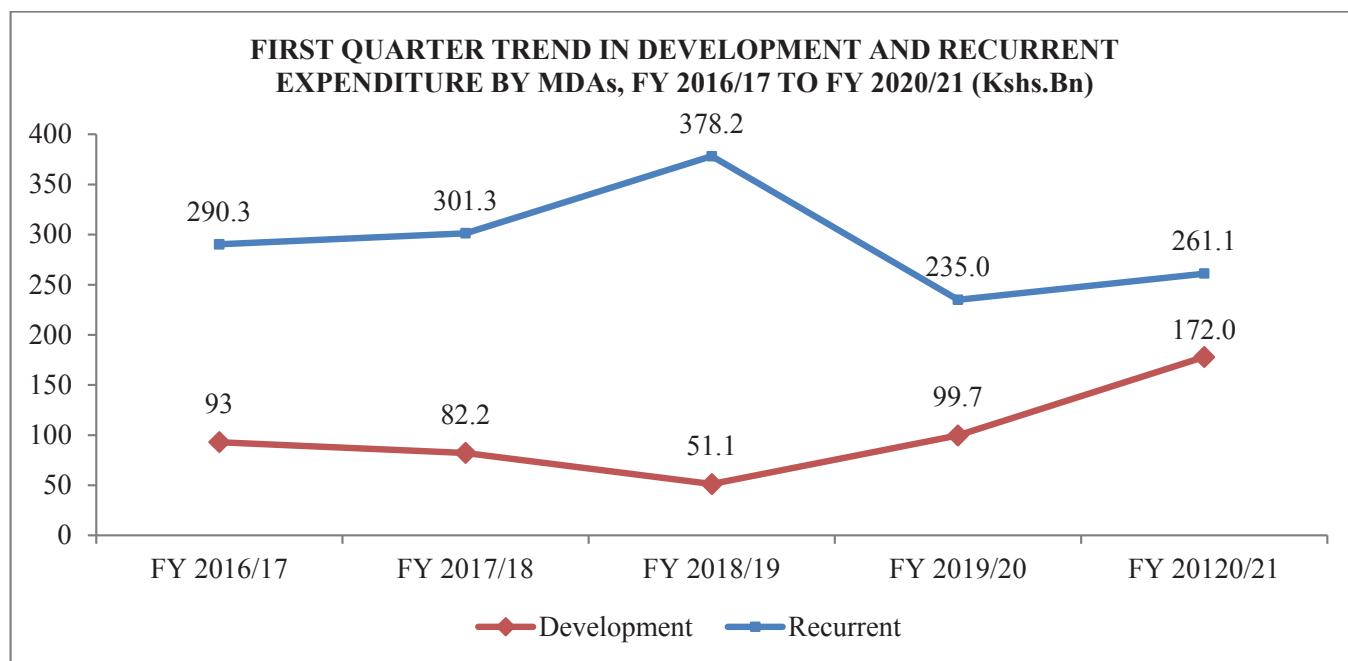

* Expenditure is significantly higher than the total development exchequers issued due to Appropriations-in-Aid (A-I-A) generated by the MDAs and funding from development partners. A-I-A is revenue in the form of receipts from user charges collected internally by an MDA and is spent by the entity that raised the revenue.

1 INTRODUCTION

Article 228 of the Constitution of Kenya established the Office of the Controller of Budget with the mandate to oversee the implementation of the budgets of the National and County Governments by authorizing withdrawals from public funds under Articles 204, 206 and 207 of the Constitution and to report on the implementation of the budgets to each House of Parliament every four months. This report fulfils the requirement of Article 228(6), of the Constitution of Kenya, Section 9 of the Controller of Budget Act, 2016 by presenting information on the budget implementation by National Government MDAs in the FY 2020/21.

The report outlines the budget performance of MDAs in the first three months of FY 2020/21 and is organised into seven chapters. Chapter one offers an introduction. Chapter two provides a summary of receipts into the Consolidated Fund and a breakdown on the disbursement of funds received into the Consolidated Fund to fund expenditure for MDAs, CFS and to the forty-seven counties for both development and recurrent programmes.

Chapter three presents the overall budget performance in the first three months of FY 2020/21 presenting a summary performance for the overall national budget performance for both the national and County Governments. It also presents the performance of the Consolidated Fund Services and provides information on Public debt, Pensions and Gratuities, and Salaries and Allowances to Constitutional Officeholders and Miscellaneous Services. The chapter further presents expenditure analysis by the MDAs for both development and recurrent budgets.

In chapter four, we present further analysis of budget implementation by MDAs by analysing performance for both development and recurrent expenditure aggregated by Sectors. MDAs are classified into ten (10) Sectors according to the Classification of Functions of the Government. The Sectors are (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environmental Protection, Water and Natural Resources (EWNRR), (v) General Economic and Commercial Affairs (GECA), (vi) Governance, Justice, Law and Order (GJLO), (vii) Health, (viii) National Security, (ix) Public Administration and International Relations (PAIR), (x) Social Protection, Culture and Recreation Sector.

Chapter five provides budget performance by programmes for each MDA and highlights programmes with the highest and lowest allocation in FY 2020/21. Chapter six highlights the issues that affected budget implementation in the first three months of FY 2020/21 and provides recommendations aimed at improving budget implementation. Chapter seven provides a conclusion.

The chapters are supported by annexes. A PDF version of the report is available on the COB website <https://cob.go.ke>.

2 ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1 Introduction

This chapter provides a summary of receipts into the Consolidated Fund and analysis of exchequer issues in the first three months of FY 2020/21. Exchequer issues are disaggregated into development, recurrent, Consolidated Fund Services and issues to the forty-seven counties.

2.2 Analysis of Revenue Estimates and Receipts into the Consolidated Fund

This section presents a summary of the revenue estimates and receipts into the Consolidated Fund in the first three months of FY 2020/21. It also illustrates the trend of receipts into the Consolidated Fund over similar periods in the past five financial years.

2.2.1 FY 2020/21 Revenue Estimates

The revenue estimates for FY 2020/21 amounted to Kshs.2.83 trillion, recording an increase compared to Kshs.2.64 trillion estimated in the FY 2019/20. To finance the budget, the government through the National Treasury budgeted to raise revenues from various sources which included Tax revenue (Kshs.1.57 trillion), Non-tax revenue (Kshs.66.13 billion), Domestic borrowing (Kshs.786.65 billion), External loans and grants (Kshs.373.20 billion) and Other Domestic Financing (Kshs.36.82 billion).

2.2.2 Receipts into the Consolidated Fund

In the first three months of FY 2020/21, total receipts into the Consolidated Fund amounted to Kshs.602.02 billion representing 21.3 per cent of the annual target. This was a decline compared to Kshs.637.4 billion (24.5 per cent) recorded in a similar period of FY 2019/20. The receipts included cash from the previous financial year (FY 2019/20), Tax and non-tax revenue, Domestic borrowing, External loans and grants and other domestic financing as shown in table 2.1.

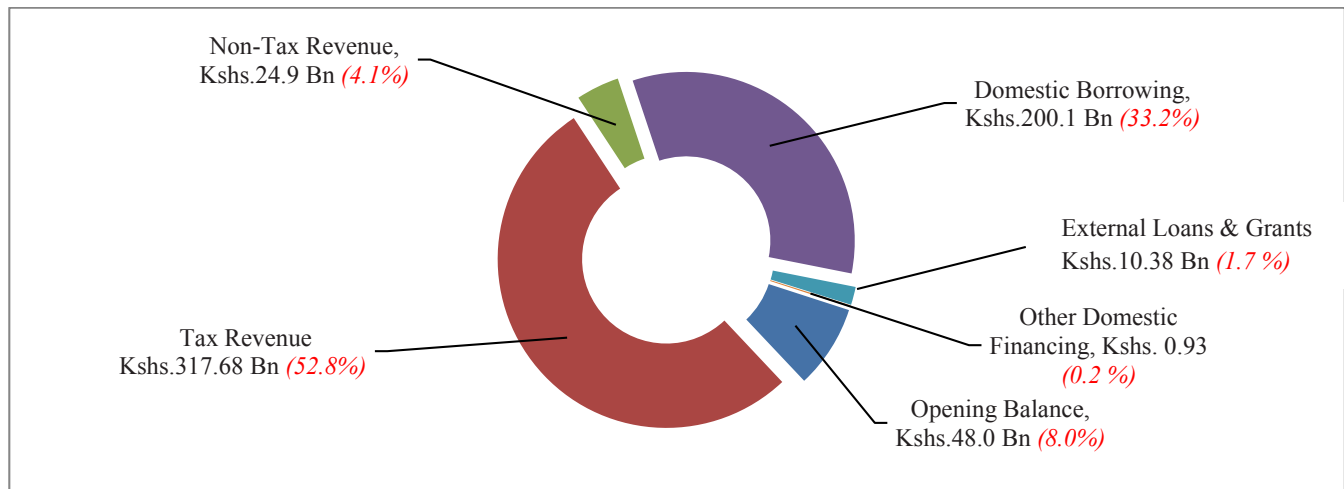

Table 2.1: Receipts into the Consolidated Fund

Receipts	Original Estimates (Kshs)	Actual Receipts (Kshs.)	Performance by (%)	Contribution by Category (%)
Opening Balance 01.07.2020	-	48,028,919,425.79	-	8.0
Total Tax Revenue	1,567,632,123,908.99	317,676,036,906.55	20.3	52.8
Total Non-Tax Revenue	66,134,718,178.01	24,947,789,488.90	37.7	4.1
Net Domestic Borrowing	786,648,145,090.00	200,061,515,034.60	25.4	33.2
External Loans and Grants	373,196,540,683.00	10,376,219,221.50	2.8	1.7
Other domestic financing	36,816,500,886.00	926,660,050.40	2.5	0.2
Total	2,830,428,028,746.00	602,017,140,127.74	21.3	100

Source: National Treasury

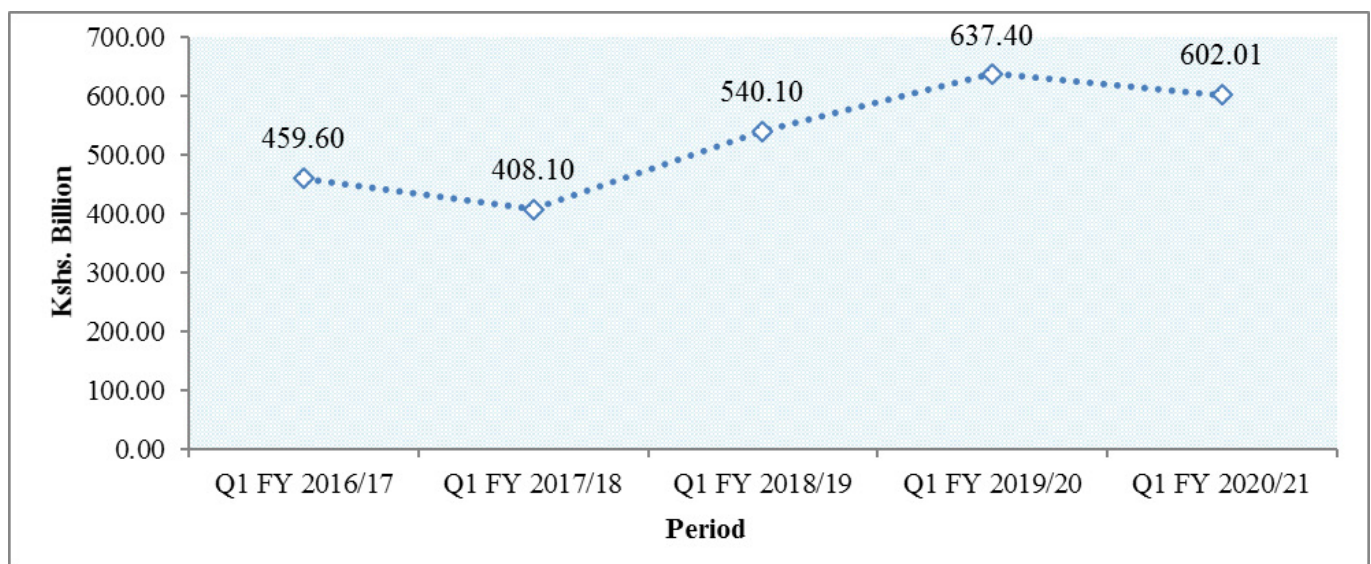

From the analysis, tax revenue contributed to the highest proportion of revenue into the Consolidated Fund, although it also recorded a decline by Kshs.35.38 billion compared to a similar period of FY 2019/20. This decline is largely attributed to the adverse effects of the COVID-19 pandemic, which affected the business environment owing to government measures instituted to curb the spread of the disease, such as restrictions on the movement of people.

Figure 2.1 shows contribution by category of receipts into the Consolidated Fund in the first three months FY 2020/21.

Figure 2.1: Contribution by Category of Receipts into the Consolidated Fund

Source: National Treasury

Figure 2.2 shows the trend of receipts into the Consolidated Fund from FY 2016/17 to FY 2020/21.

Figure 2.2: Receipts into the Consolidated Fund in the first three months, from FY 2016/17 to FY 2020/21

Source: National Treasury

2.3 FY 2020/21 Overall Budget

The approved budget for the FY 2020/21 was Kshs.3.29 trillion, comprising of Kshs.2.28 trillion for recurrent expenditure, Kshs.633.31 billion for development expenditure and Kshs.369.87 billion towards financing county governments.

2.4 Exchequer Issues to the MDAs and County Governments

In the first three months of FY 2020/21, total exchequer issues to the MDAs and County Governments amounted to Kshs.494.67 billion representing 17.7 per cent of the net estimates. This was a decline compared to 22 per cent of exchequer issues in a similar period of FY 2019/20.

Table 2.2 presents a summary of the exchequer issues for the first three months of FY 2020/21.

Table 2.2: Summary of Exchequer Issues (Kshs. Billions)

*Net Estimates as in the Appropriation Act, 2020.

From the analysis on table 2.2, development expenditure received the highest percentage of exchequer issues to net estimates at 20.6 per cent while the County Governments received the lowest at 8.3 per cent which was arrears from the equitable share for the FY 2019/20.

Figure 2.3 illustrates the proportion of issues to the total exchequer issues. The highest proportion went to recurrent expenditure at 78.6 per cent with the county governments receiving the lowest at 5.3 per cent. The low proportion of exchequer issues to county governments is attributed to delay in the enactment of County Allocation of Revenue Act 2020 (CARA), which was gazetted on 12th October 2020. The releases of Kshs.26.22 billion related to balances from FY 2019/20.

Figure 2.3 illustrates the proportion of exchequer issues to the total issues in the first three months of FY 2020/21.

2.5 Exchequer Issues to MDAs by Sector

MDAs are classified into ten Sectors according to the Classification of Functions of Government (COFOG), designed to support fiscal analysis by breaking down government fiscal statistics by the purpose of comparability across governments.

The ten sectors are (i) Agriculture, Rural and Urban Development (ii) Education (iii) Energy, Infrastructure and Information Communications Technology (iv) Environmental Protection, Water and Natural Resources (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

Table 2.3 shows exchequer issues by sectors in the first three months of FY 2020/21.

*Net Estimates in the Appropriation Act, 2020

In the period under review, exchequer issues to MDAs amounted to Kshs.302.67 billion representing 20.8 percent of the net estimates, an increase from 18.9 per cent reported in the first three months of FY 2019/20. The GECA sector received the highest proportion of exchequer issues to net estimates at 29.1 per cent, while the SPCR sector received the lowest at 8.1 per cent.

2.5.1 Development Exchequer Issues by Sector

In FY 2020/21, the gross development estimate to MDAs was Kshs.633.31 billion representing 19 per cent of the national gross budget, a decrease compared to Kshs.687 billion allocated in FY 2019/20

Table 2.4 shows development expenditure exchequer issues by sector in the first three months of the FY 2020/21.

2.5.3 Exchequer Issues to Consolidated Fund Services (CFS)

The Consolidated Fund Services (CFS) comprise funds allocated towards (i) Repayment of Public Debt (domestic and foreign), and government-guaranteed loans to parastatals), (ii) Pensions and gratuities, (iii) Salaries and Allowances to Constitutional Officeholders and Miscellaneous Services, and (iv) Subscriptions to International Organizations.

The allocation to CFS in FY 2020/21 amounted to Kshs.1.03 trillion, an increase from the Kshs.805.78 billion allocated in the FY 2019/20.

Table 2.8 shows exchequer issues to CFS in the first three months of FY 2020/21.

Table 2.8: CFS Budgetary Allocation and Exchequer Issues (Kshs. Millions)

Consolidated Fund Services (CFS)	Q1 FY 2020/21			Q1 FY 2019/20		
	Net Estimates	Exchequer Issues	% of Exchequer to Net Estimates	Net Estimates	Exchequer Issues	% of Exchequer to Net Estimates
Public Debt	904,703.67	144,691.95	16.0	659,554.2	214,796.3	32.6
Pensions and Gratuities	119,192.48	20,437.53	17.1	104,448.9	21,665.8	20.7
Salaries, Allowances & Miscellaneous	4,167.41	655.36	15.7	4,736.2	986.5	20.8
Subscriptions to International Organizations	0.50	-	-	0.5	-	-
Total	1,028,064.1	165,784.8	16.1	805,779.8	237,448.6	29.5

Source: National Treasury and OCOB

In the first three months of FY 2020/21, the total exchequer issues to CFS amounted to Kshs.165.78 billion, representing 16.1 per cent of the annual net estimates, a decrease from 29.5 per cent reported in a similar period of FY 2019/20. Pensions and gratuities received the highest proportion of exchequer issues to annual net estimates at 17.1 per cent while Salaries, Allowances & Miscellaneous received the lowest at 15.7 per cent.

3 OVERALL BUDGET PERFORMANCE

3.1 Introduction

This chapter presents expenditure analysis for the first three months of FY 2020/21 for both development and recurrent expenditure by the national government Ministries, Departments and Agencies (MDAs). The Consolidated Fund Services (CFS) is discussed under recurrent expenditure and provides information on Public debt; Pensions and Gratuities as well as Salaries and allowances to Constitutional Officeholders and Miscellaneous services. The chapter also presents expenditure by economic classifications by the government entities, for development and recurrent votes respectively.

3.2 Overall Government Budget Performance

In FY 2020/21, the aggregate budget for the government was Kshs.3.29 trillion, as presented in table 3.1. This includes the budget estimates for the MDAs and the allocation to County governments.

Table 3.1: Overall Government Budget Performance (Kshs. Billion)

Source: NT, OCOB, MDAs & County Treasuries

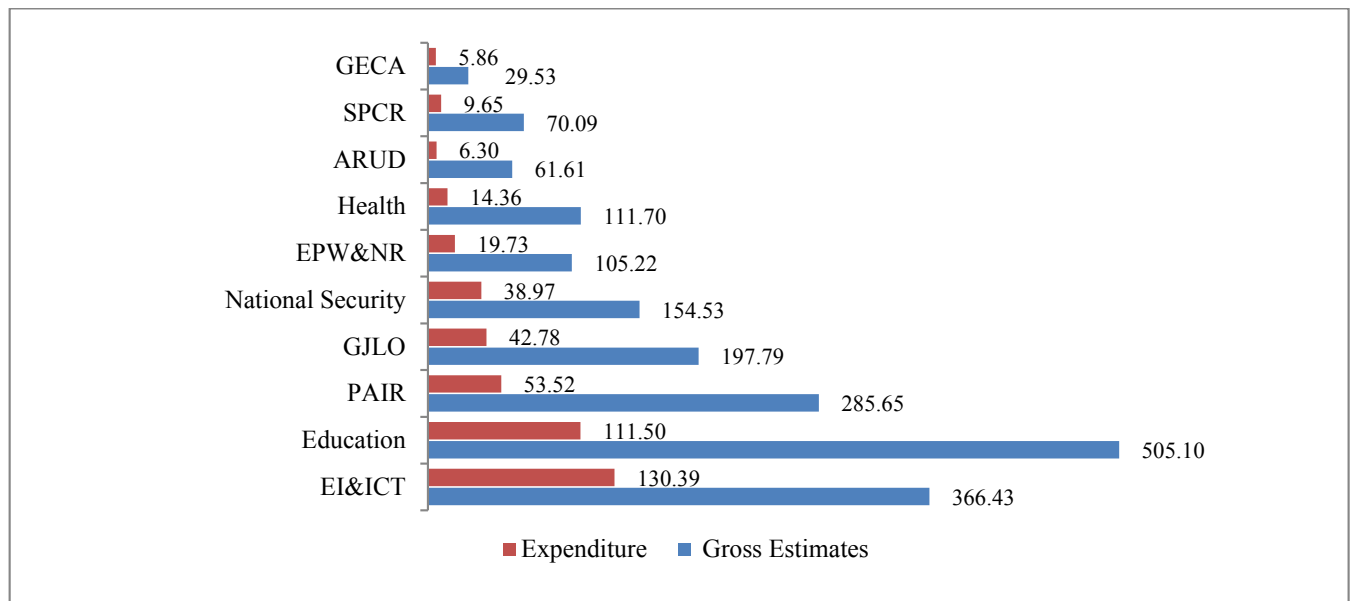

*The County Allocation of Revenue Act, 2020 allocated a total of Kshs.369.87 billion to the County Governments. This comprised Kshs.316.5 billion as equitable share, Kshs.23.16 billion and Kshs.30.20 billion as Conditional Grants funded by National Government and Development Partners respectively.

** The difference between the exchequer issues of Kshs.26.22 billion and expenditure of Kshs.38.17 billion was financed by revenue from own sources and balances brought forward from FY 2019/20.

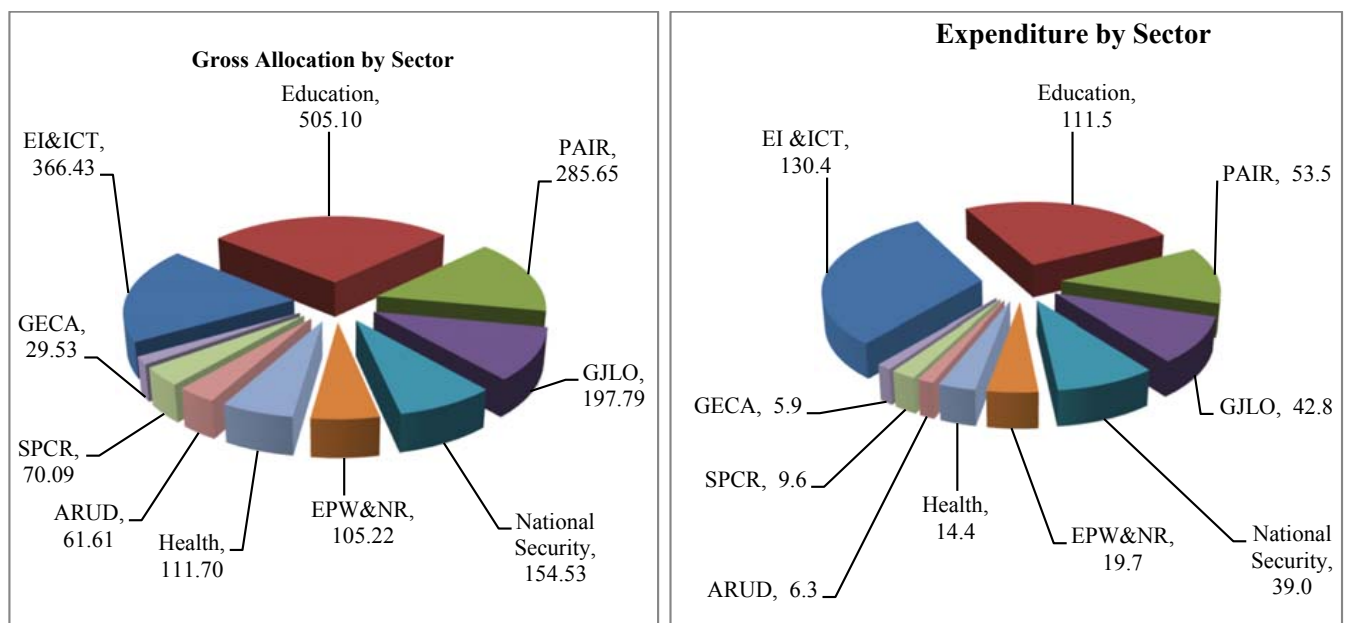

^^ Absorption rate for county governments (8.8 per cent) is calculated as a percentage of the Counties' total budget estimates of Kshs.436.14 billion, which is financed from CARA, 2020 allocation, own-source revenue and balance brought forward from FY 2019/20.

The total funding by the National Government through exchequer issues in the first three months of FY 2020/21 amounted to Kshs.494.67 representing 17.7 per cent of the annual net estimates, a decrease compared to 22 per cent achieved in a similar period of FY 2019/20. The exchequer issues comprised of Kshs.79.85 billion (20.6 per cent) for development expenditure, Kshs.388.61 for recurrent expenditure (18.5 per cent) and Kshs.26.22 billion to the counties (8.3 per cent). Overall expenditure for both the National and County Governments was Kshs.631.07 billion, recording an absorption rate of 19.2 per cent, a slight decline from 20.6 per cent achieved in a similar period of FY 2019/20.

Figure 3.1 and 3.2 shows a comparison of annual budget allocations and expenditure by sector in the first three months of FY 2020/21.

Source: MDAs & National Treasury

Figure 3.2: Annual Budget and Expenditure by Sector in the First Quarter of FY 2020/21 (Kshs. Billions)

Source: MDAs & National Treasury

3.3 Consolidated Fund Services (CFS)

The allocation to CFS amounted to Kshs.1.03 trillion representing 31 per cent of the gross national budget, an increase compared to Kshs.870.48 billion allocated in the FY 2019/20.

Table 3.2 presents a summary of CFS exchequer issues and expenditure performance in the first three months of FY 2020/21.

Table 3.2: Consolidated Fund Services Expenditure (Kshs. Millions)

Consolidated Fund Services (CFS)	Budget Estimates	Exchequer Issues	Cumulative Expenditure	Expenditure as % of Estimates
Public Debt	904,703.67	144,691.95	138,750.61	15.3
Pensions and Gratuities	119,192.48	20,437.53	20,437.53	17.2
Salaries & Allowances and Miscellaneous Services	4,167.41	655.36	655.27	15.7
Subscriptions to International Organizations	0.5	0.5	-	-
Total	1,028,064.06	165,784.84	159, 843.41	15.5

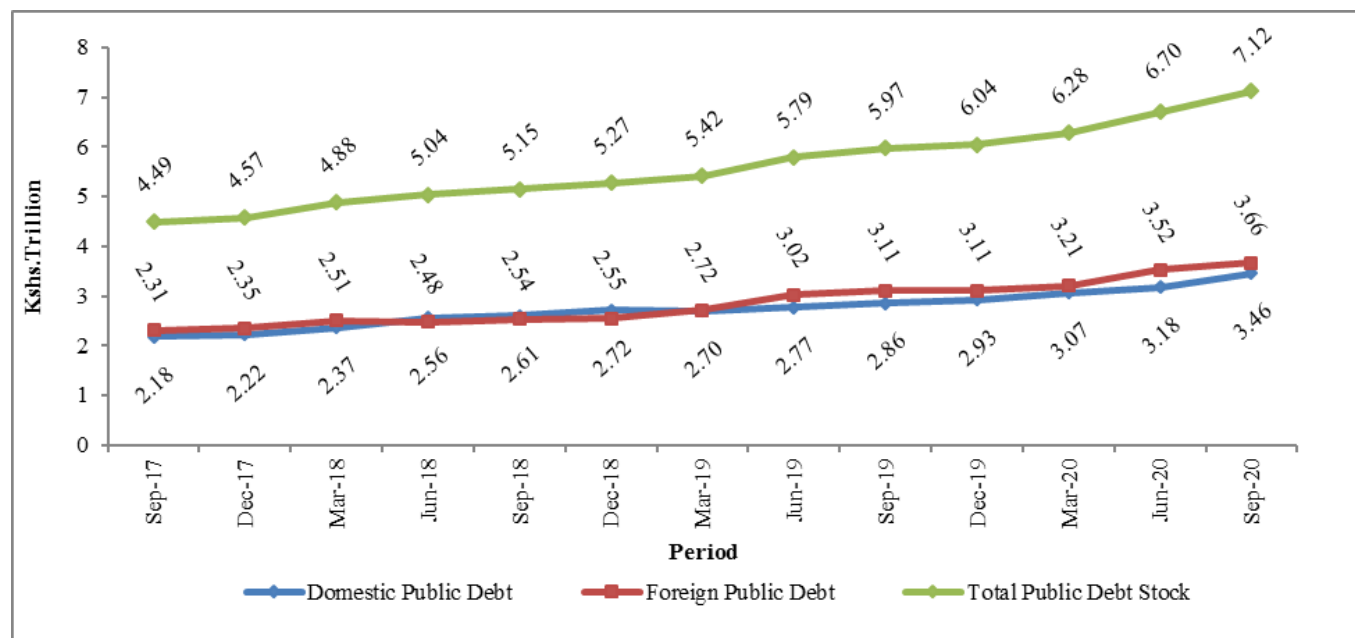

Source: National Treasury & OCOB

Total CFS expenditure in the reporting period amounted to Kshs.159.84 billion representing 15.5 per cent of the budget estimates, a decline compared to Kshs.229.46 billion (28.5 per cent of revised budget estimates) recorded in a similar period FY 2019/20. The decline is attributed to the decline in domestic debt redemption and interest payments which could be due to the changing dynamics in the overall debt and the maturity structure. The government did not service any guaranteed debt during the period because guaranteed loans to parastatals with liquidity problems were cleared in the FY 2019/20.

3.3.1 Public Debt

As at 30th September 2020, total public debt portfolio stood at Kshs.7.12 trillion representing 19.3 per cent growth from Kshs.5.97 trillion recorded as at 30th September 2019. External debt grew by Kshs.551.72 billion (17.7 per cent), while domestic debt grew by Kshs.600.16 billion (21 per cent). The increases were from disbursements received from multilateral organizations and uptake of domestic debt during the period.

Figure 3.3 shows public debt position as at 30th September 2020

Figure 3.3: Trend in Public Debt for the period September 2017 to September 2020 (Kshs. Trillions)

Source: National Treasury

The FY 2020/21 allocation towards public debt servicing amounted to Kshs.904.7 billion representing 88 per cent of the CFS budgetary allocation, recording an increase of 30 per cent compared to Kshs.696.55 billion allocated in the FY 2019/20. This comprised of Kshs.441.60 billion and Kshs.463.11 billion as redemption

and interest payment respectively. Redemptions comprised of Kshs.179.64 billion and Kshs.261.96 billion for external and internal debts respectively, while interest payments comprised of Kshs.154.68 billion and Kshs.308.42 billion for external and internal debts respectively.

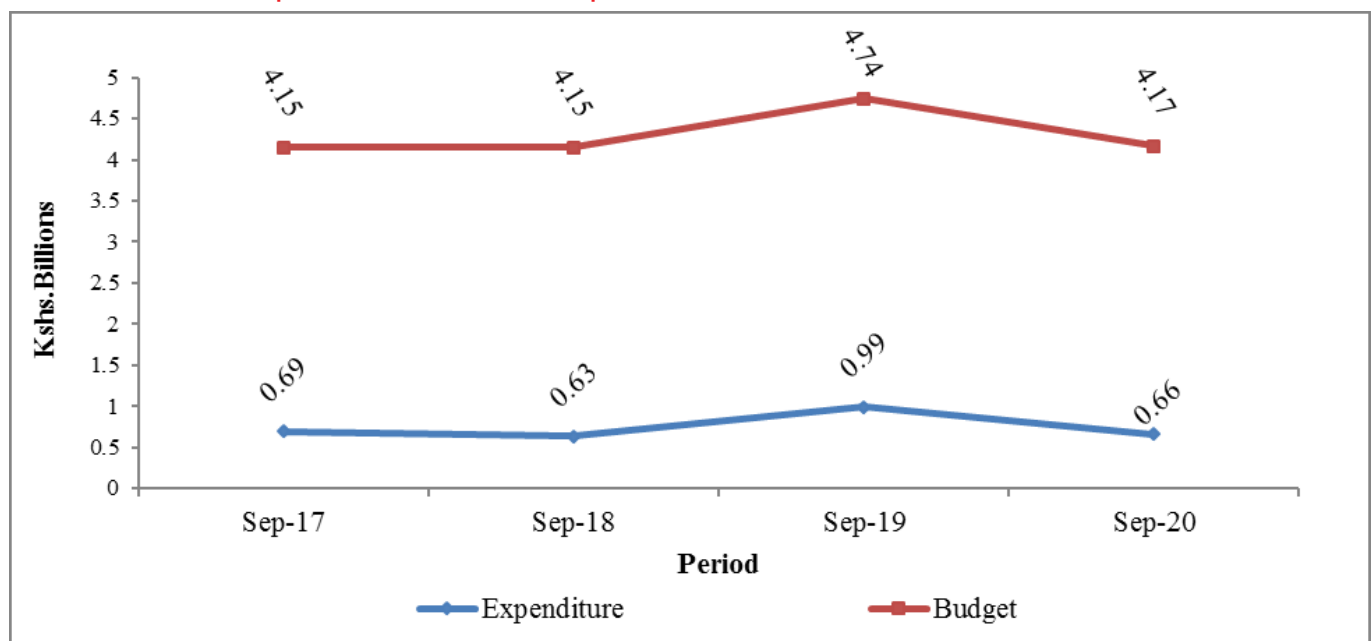

Total expenditure for the period amounted to Kshs.138.75 billion representing 15.3 per cent of the budget estimates, recording a decline from Kshs.213.11 billion (34.9 per cent) recorded in a similar period FY 2019/20. The decline is attributed to a decrease in domestic debt redemptions and interest payments which could be due to the changing dynamics in the overall debt and the maturity structure. These comprised of Kshs.47.78 billion (Kshs.46.89 billion and Kshs.891.35 million) and Kshs.90.97 billion (Kshs.34.08 billion and Kshs.56.89 billion) towards principal and interest payment for external and domestic debt respectively.

3.3.2 Salaries and Allowances and Miscellaneous Services

In FY 2020/21, Kshs.4.17 billion was allocated for payment of salaries and allowances for Constitutional Officeholders, a decline of Kshs.476 million compared to Kshs.4.64 billion allocated in FY 2019/20. Total expenditure towards this vote was Kshs.655.27 million representing 15.7 per cent of the annual budget estimates, a decline compared to Kshs.985.5 million (20.8 per cent) recorded in a similar period FY 2019/20.

Figure 3.4 shows the trend in budgetary allocations and expenditure for Salaries, allowances and miscellaneous services for the period between September 2017 and September 2020.

Figure 3.4: Trend in Salaries, Allowances and Miscellaneous Services for the period September 2017 to September 2020 (Kshs. Billions)

Source: National Treasury

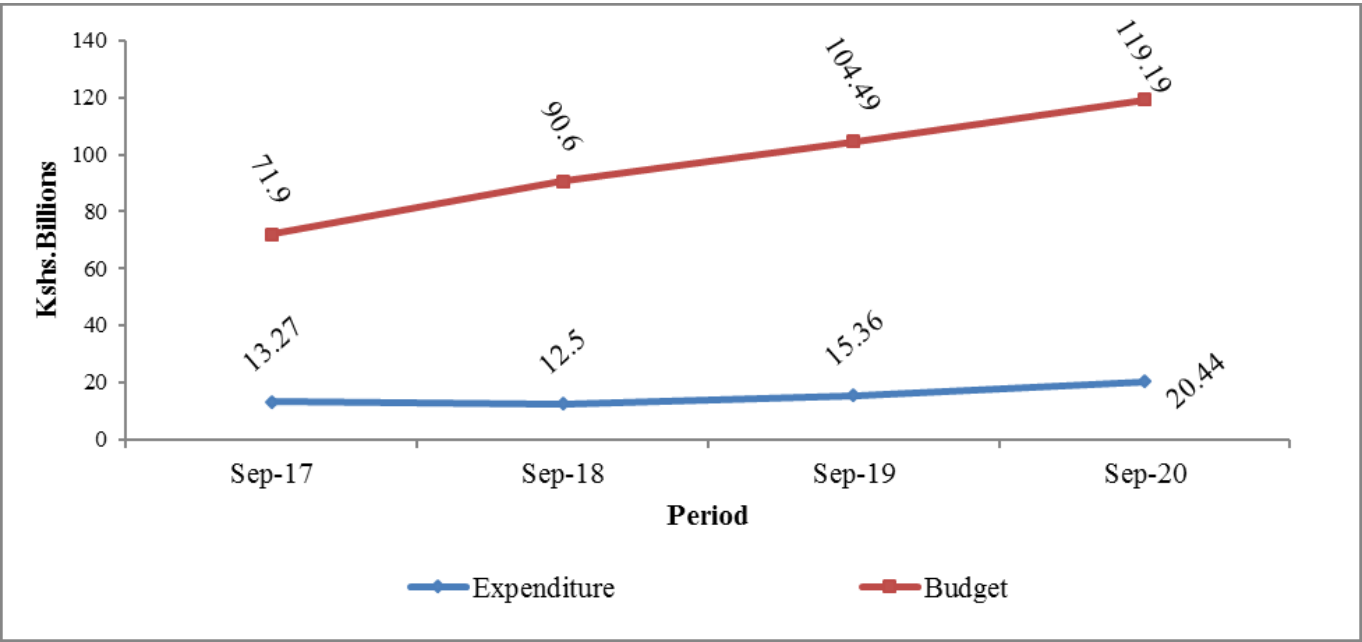

The reduction in the budget provisions compared to a similar period FY 2019/20 was instigated by a lower budget for the Auditor General and the office of the former presidents following the death of the second president of Kenya.

3.3.3 Pensions and Gratuities

The annual estimates for pensions and gratuities for the FY 2020/21 amounted to Kshs.119.92 billion, an increase of 37 per cent compared to the Kshs.86.99 billion allocated in the FY 2019/20. Exchequer issues towards payment of Pensions and Gratuities in the first three months amounted to Kshs.20.44 billion, representing 17.15 per cent of the gross estimate, a growth from Kshs.15.36 billion (14.7 per cent) recorded in a similar period of FY 2019/20.

Figure 3.5 shows the trend in budgetary allocation and expenditure for Pensions and gratuities for the period between September 2017 and September 2020

Figure 3.5: Trend in Pensions and Gratuities for the period September 2017 to September 2020 (Kshs. Billions)

Source: National Treasury

3.4 MDAs Expenditure Analysis

This section presents an analysis of MDAs’ expenditures for both development and recurrent activities in the first three months of FY 2020/21. Development expenditure is analyzed by the main budget items, which include Capital Transfers to SAGAs, Civil Works and Construction of Residential and Non-Residential Buildings, Refurbishment of Buildings and Infrastructure, Purchase of Specialized Plant, Equipment and Machinery, Pre-Feasibility Studies while the rest are aggregated under *Other Expenses* development expenditure.

Recurrent expenditure analysis is based on main budget items namely Compensation to Employees and Operations and Maintenance (O&M). O&M is further disaggregated into the various budget items which include; Travel, Printing and Advertising, Rentals and Rates for Non-Residential Buildings, Training, Hospitality, Maintenance Expenses for motor vehicles and other assets, Current Transfers to SAGAs, among other expenses.

3.4.1 MDAs Development Expenditure Analysis

In FY 2020/21, gross allocation towards MDAs development expenditure was Kshs.633.31 billion, a decrease from Kshs.712.6 billion allocated in FY 2019/20. The Development budget is to be funded through Appropriations-in-Aid (A-I-A) and from development partners and funding from the government at Kshs.245.38 billion and Kshs.387.73 billion respectively.

Table 3.3 shows the breakdown of development expenditure by MDAs for the first three months of FY 2020/21..

Table 3.3: Breakdown of Development Expenditure by MDAs (Kshs. Millions)

Source: MDAs and National Treasury IFMIS Directorate

Analysis of MDAs' development expenditure by budget items in the first three months of FY 2020/21 shows that the highest expenditure by category recorded by the MDAs was on capital transfers at Kshs.96.47 billion representing 56.1 per cent of the gross development expenditure. The second highest spending category was Construction and Civil Works at Kshs.13.01 billion representing 7.6 per cent of the total capital expenditure. Other categories with significant expenditure include Construction of non-residential buildings at Kshs.9 billion and Refurbishment of buildings and infrastructure at Kshs.2.36 billion.

Further analysis shows that the State Department for Infrastructure had the highest capital transfers to SAGAs at Kshs.34.02 billion representing 35.3 per cent of the total capital transfers followed by the State Department for Planning at Kshs.16.13 billion which represented 16.7 per cent. The State Department for Transport recorded the highest expenditure on construction and civil works of Kshs.12.90 billion, representing 99.2 per cent of the expenditure under this category. The State Department for Housing and Urban Development reported the highest spending on the refurbishment of buildings/infrastructure at Kshs.981.43 million which was equivalent to 41.6 per cent of the total expenditure under this category.

Figure 3.6 shows the composition of MDAs' development expenditure for the first three months of FY 2020/21.

Figure 3.6: Summary Analysis of MDAs' Development Expenditure (Kshs. Million)

Source; MDAs and National Treasury

3.4.2 MDAs Recurrent Expenditure Analysis

In FY 2020/21, the budgetary allocation for MDAs recurrent expenditure amounted to Kshs.1.25 trillion representing a slight decrease compared to the Kshs.1.27 trillion allocated in the FY 2019/20. The total recurrent expenditure for MDAs was Kshs.261.05 billion representing 20.6 per cent of the recurrent gross estimates.

The breakdown of the MDAs recurrent expenditure for the first three months of FY 2020/21 is presented in table 3.4

Table 3.4: Breakdown of Recurrent Expenditure by MDAs (Kshs. Millions)

Source: MDAs and National Treasury IFMIS Directorate

Note:

- (1) Expenditure reports from IFMIS and those from MDAs indicated that some MDAs generated and spent Appropriations-in-Aid (AIA) in carrying out their activities
- (2) Expenditure on PE does not include the amount for the National Intelligence Service, Payments to the Military under the Ministry of Defence and are they are accounted under current transfer and other expenses respectively

MDAs' recurrent expenditure is disaggregated into Compensation to Employees, Operations and Maintenance and Current Transfers to Semi-Autonomous Government Agencies as discussed below .

Compensation to Employees

Compensation to Employees includes Basic Salaries for permanent employees, Basic wages for temporary employees and personal allowances paid as part of salary among other payments to staff. The total expenditure under compensation to employees in the period under review was Kshs.112.63 billion representing 43.1 per cent of the MDAs' recurrent expenditure (Note 2). TSC recorded the highest expenditure at Kshs.70.06 billion representing 62.3 per cent of the total expenditure on compensation to employees, being the key activity of teachers' management by TSC and therefore forming the bulk of the Education sector budget.

Operations and Maintenance

This category includes among others domestic and foreign travel, printing and advertising, rent and rates for non-residential buildings, training, hospitality, legal fees, maintenance expenses for motor vehicles and other assets, among other expenses. Some of the items aggregated under other expenses include refined fuel and lubricants for transport, contracted professional services, motor vehicle insurance, and medical insurance for the staff, among others.

In the period under review, travelling expenditure was Kshs.2.67 billion, recording a significant decline compared to Kshs.3.53 billion recorded in a similar period FY 2019/20. It comprised of domestic travel of Kshs.2.04 billion and Kshs.628.02 million on foreign travel. The decline is attributed to interruption of local and foreign travelling due to mitigation measures introduced by the Government to curb the spread of the COVID-19 pandemic. Rent and rates on non-residential buildings recorded Kshs.1.49 billion, while hospitality was Kshs.726.90 million.

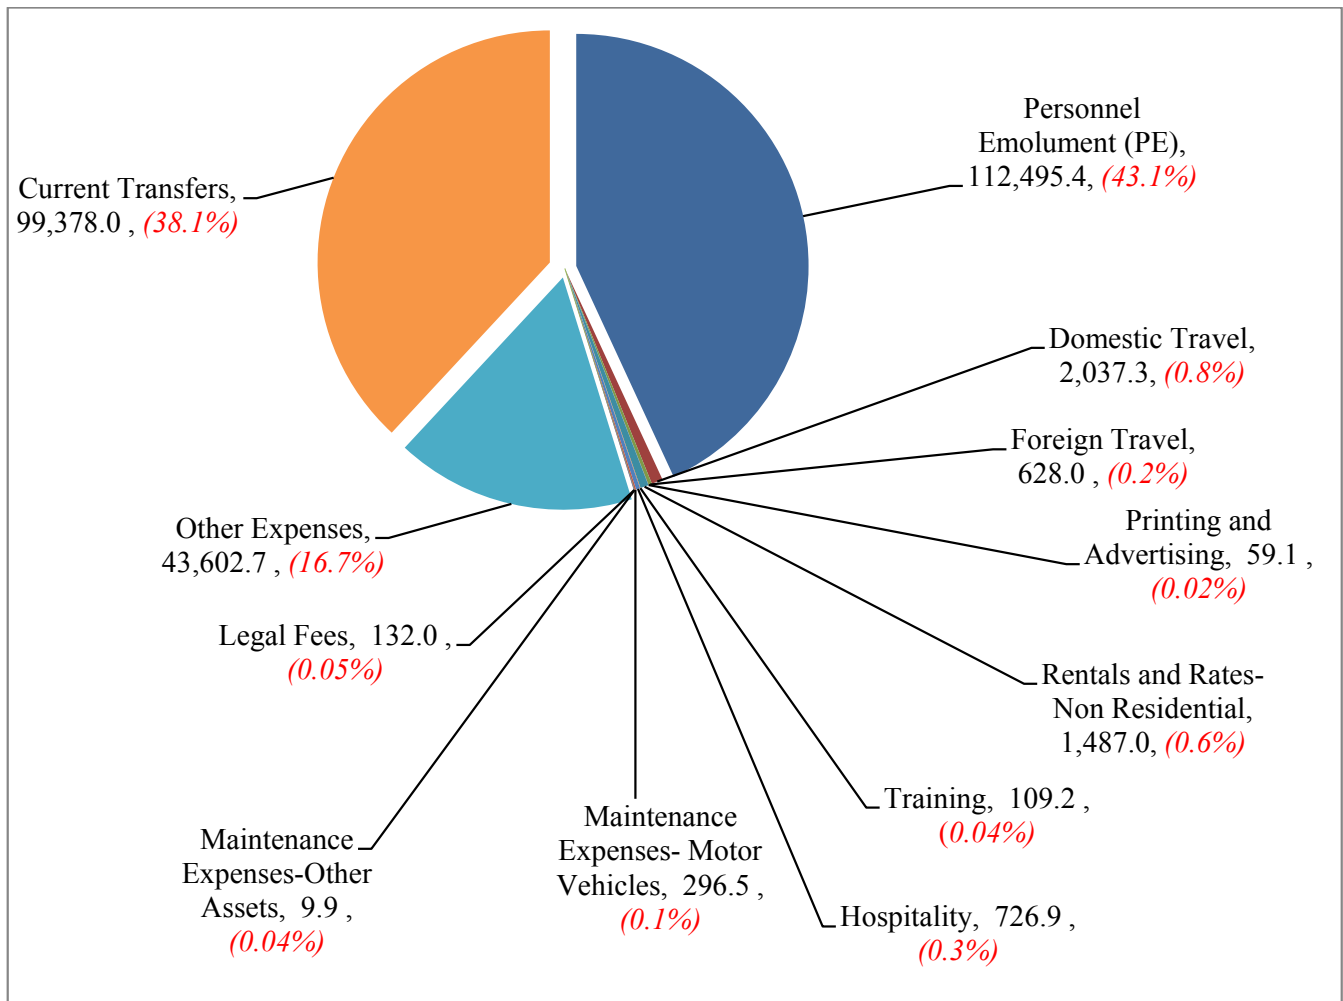

Expenditure aggregated under "*other expenses*" was Kshs.43.60 billion. The highest spending by MDAs under this category was Kshs.14.5 billion by the State Department for Early Learning and Basic Education, being expenditure towards free day secondary education.

Transfers to Semi-Autonomous Government Agencies

Transfers to SAGAs by the MDAs are meant to complement activities and mandates executed by SAGAs on behalf of parent ministries. In the period under review, current transfers to SAGAs amounted to Kshs.99.38 billion, representing 38.1 per cent of the total MDAs recurrent expenditure. The highest transfer was reported by Ministry of Defence at Kshs.29.3 billion representing 29.5 per cent followed by the State Department for University Education at Kshs.14.04 billion representing 20 per cent of the total amount spent under this category.

Figure 3.7 shows the composition of MDAs recurrent expenditure for the first three months of FY 2020/21..

4 DEVELOPMENT AND RECURRENT EXPENDITURE ANALYSIS BY SECTOR

4.1 Introduction

This chapter presents an analysis of performance by sector for both development and recurrent expenditure in the first three months of FY 2020/21. Performance per sector is presented in alphabetical order as follows: (i) Agriculture, Rural and Urban Development (ARUD) (ii) Education (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT) (iv) Environment Protection, Water and Natural Resources (EWNRR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation Sector.

4.2 Agriculture, Rural and Urban Development Sector

The sector consists of seven MDAs namely: Ministry of Lands and Physical Planning (MoLPP), State Department for Crop Development and Agricultural Research, State Department for Livestock, State Department for Fisheries, Aquaculture and the Blue Economy and the National Land Commission (NLC), together with affiliated Semi-Autonomous Government Agencies and Training Institutions.

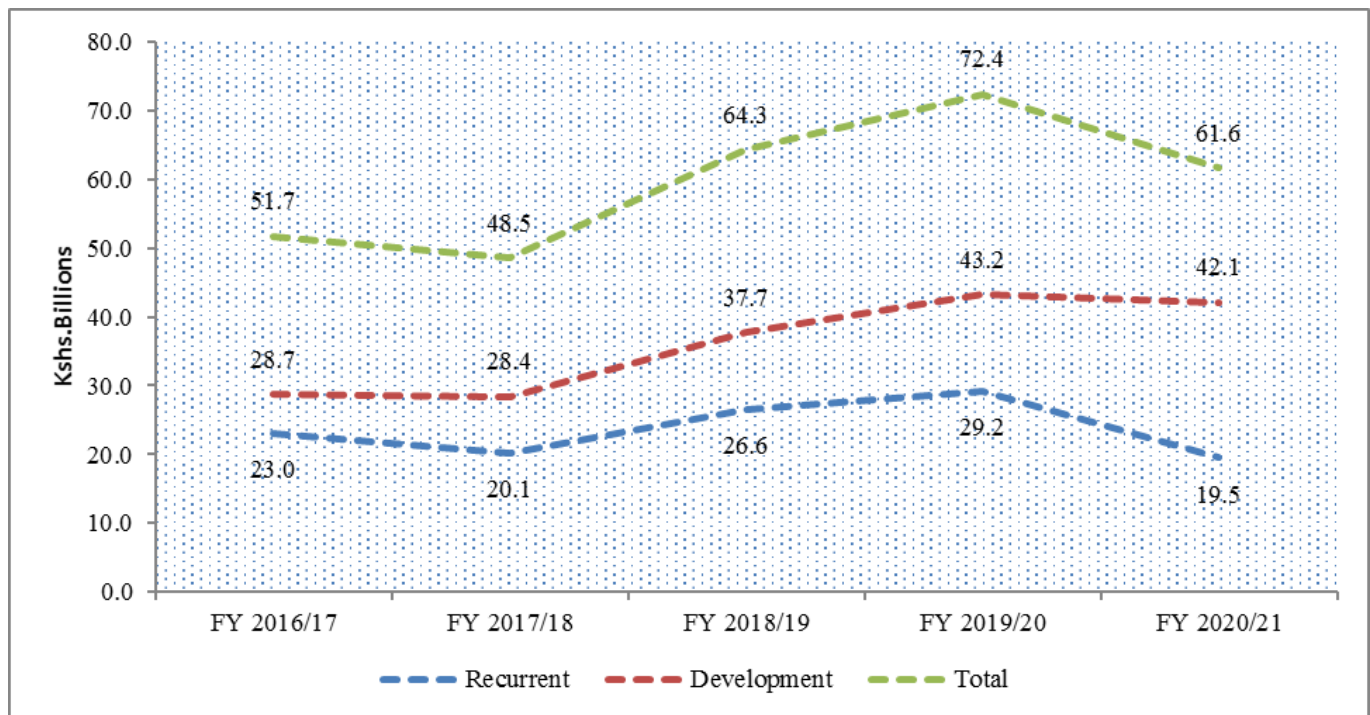

The overall goal of the sector is to attain national food security and sustainable management of land and the Blue Economy. Kenya's economic blueprint, the Kenya Vision 2030 and the Government Agenda on the 'Big Four' initiatives recognize the ARUD sector as a key player in the economic and social development of the country through food production, employment and wealth creation, foreign exchange earnings, security of land tenure and land management.

To deliver on the Food and Nutrition Security Agenda under the 'Big Four', key drivers and enablers were identified through ARUD sector with a budgetary allocation of Kshs.38.6 billion. They include the Kenya Smart Climate Agriculture Project (Kshs.10.6 billion), National Agricultural and Rural Inclusivity Project (Kshs.5.5 billion), Kenya Cereal Enhancement Programme (Kshs.4.1 billion), Food Security and Crop Diversification Project (Kshs.0.7 billion), Irrigation and land reclamation (Kshs.10.billion), Enhancing aquaculture business (Kshs.1.8 billion), Small scale irrigation and value addition support (Kshs.1.4 billion), Enhancing resilience of pastoralist communities (Kshs.1.3 billion), Enhancing drought resilience and sustainable livelihood (Kshs.1.1 billion), Support processing of title deeds (Kshs.1.6 billion) and Agricultural loans through Agriculture Finance Corporation (Kshs.0.5 billion).

The budgetary allocation to the sector in FY 2020/21 amounted to Kshs.61.61 billion representing 2 per cent of the gross national budget, a decrease from the Kshs.72.4 billion allocated in FY 2019/20. The reduction alluded to the transfer of the State Department for Irrigation to Environmental Protection, Water and Natural Resources sector through Executive Order no.6 of 2019 dated 22nd August 2019. The allocation comprised of Kshs.42.14 billion (68 per cent) for development activities and Kshs.19.47 billion (32 per cent) for recurrent expenditure. The State Department for Crop Development and Agricultural Research received the highest budgetary allocation of Kshs.41.81 billion (68 per cent of the sector's allocation), while NLC had the lowest budgetary allocation of Kshs.1.23 billion (2 per cent of the sector's allocation).

The high allocation to the State Department for Crop Development and Agricultural Research is due to its key role in the agricultural policy and research management, national food policy, strategic food reserve, crops development, phytosanitary services and international standards compliance, agricultural farmers training, agricultural land resources inventory and management, among others.

Figure 4.1 shows the budgetary allocation trend for the ARUD sector for the period FY 2015/16 to FY 2020/21.

Figure 4.1: Budgetary Allocation Trend for ARUD Sector

Source: National Treasury

In the period under review, total exchequer issues to the ARUD sector amounted to Kshs.9.15 billion representing 17.1 per cent of the sector's net estimates. This comprised of Kshs.5.41 billion for development expenditure, representing 14.7 per cent of net development estimates and Kshs.3.73 billion for recurrent expenditure, representing 22.3 per cent of the net recurrent estimates.

Table 4.1 shows the ARUD sector analysis of exchequer issues and expenditure in the first three months of FY 2020/21.

In the period under review, the State Department for Crop Development and Agricultural Research received the highest proportion of exchequer issues to net estimates at 15.9 per cent and 24.2 per cent for both development and recurrent expenditure respectively. Ministry of Lands and Physical Planning received the lowest proportion of development exchequer issues to net estimates at 9.9 per cent, while NLC received the lowest for recurrent expenditure at 16.8 per cent.

Figure 4.2 shows the exchequer issues to ARUD sector in the first three months of FY 2020/21.

Figure 4.2: Exchequer Issues to ARUD Sector (Kshs. Billions)

Source: National Treasury

The total expenditure for the sector in the first three months of FY 2020/21 amounted to Kshs.6.30 billion, representing 10.2 per cent of the gross estimate, a decrease compared to 12.9 per cent recorded in a similar period of FY 2019/20. The expenditure comprised of Kshs.2.61 billion for development representing absorption of rate of 6.2 per cent a decrease from 10.6 per cent and Kshs.3.69 billion for recurrent expenditure representing 19 per cent of gross recurrent estimates, a decrease from 18.5 per cent recorded in a similar period in FY 2019/20.

The State Department for Fisheries, Aquaculture and the Blue Economy recorded the highest absorption on both development and recurrent budget at 12.9 per cent and 22.2 per cent respectively. The State Department for Crop Development and Agricultural Research recorded the lowest absorption for development at 4.5 per cent, while National Land Commission recorded the lowest for the recurrent budget at 16.9 per cent.

4.3 Education Sector

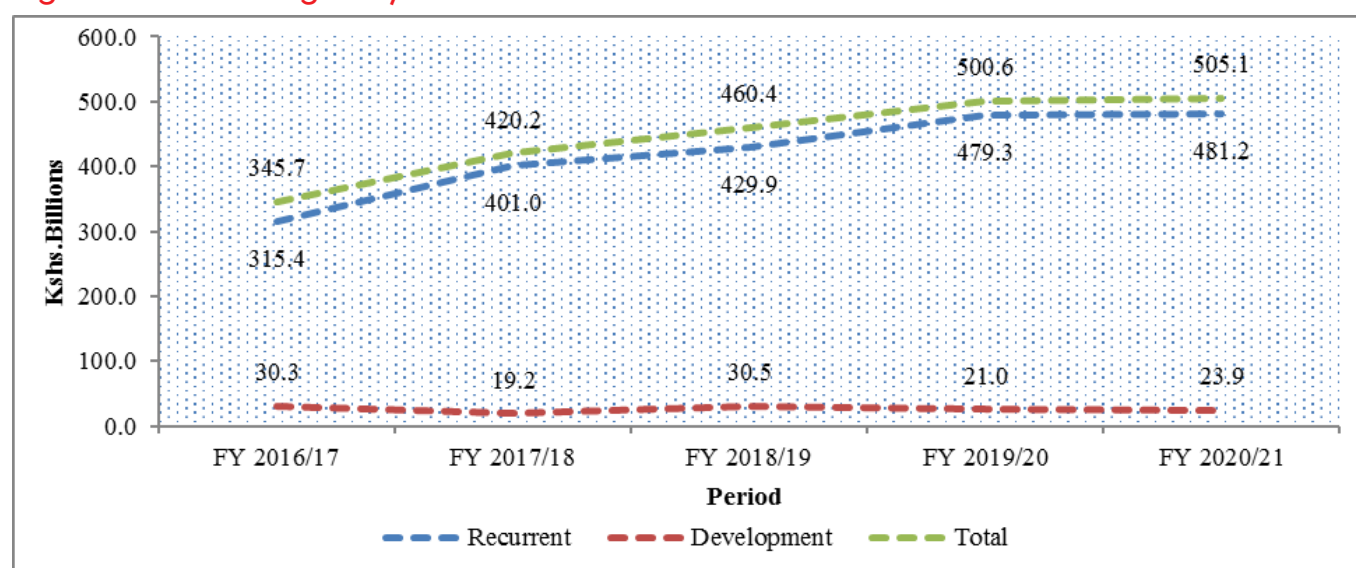

The Education Sector comprises of five MDAs namely: State Department for Early Learning and Basic Education; State Department for University Education, State Department for Vocational and Technical Training, State Department for Post-Training and Skills Development and the Teachers Service Commission (TSC), together with their affiliated agencies and institutions.

The Education sector is mandated to provide quality education, training, science, technology, research and skills development to all Kenyans. The sector's overall goal is to increase access to education and training, improve quality and relevance of education, reduce inequality as well as leverage on knowledge and skills in science, technology, and innovation for global competitiveness. It also envisions contributing to the achievement of the "Big Four Agenda" by providing the requisite skilled human resources and promoting research and development.

The budgetary allocation to the Sector in the FY 2020/21 amounted to Kshs.505.1 billion representing 15 per cent of the gross national budget, an increase from the Kshs.500.58 billion allocated in the FY 2019/20. The allocation comprised of Kshs.23.93 billion (5 per cent) for development activities and Kshs.481.17 billion (95 per cent) for recurrent expenditure. TSC received the highest budgetary allocation of Kshs.266.09 billion (52.7 per cent of the sector's allocation), which is attributed to the key role of teacher management. The State Department for Post-Training and Skills Development had the lowest budgetary allocation of Kshs.150.94 million (less than 1 per cent of the sector's allocation) which is attributed to its mandate to provide an institutional framework to devise and implement national, sectoral and workplace strategies to develop and improve the skills of the Kenyan workforce and management of skills and post-training policy.

Figure 4.3 shows the budgetary allocation trend of the Education Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.3: Budgetary Allocation Trend for the Education Sector

Source: National Treasury

In the first three months of FY 2020/21, the Education sector received exchequer issues amounting to Kshs.91.27 billion representing 20.5 per cent of the sector's net estimates. This comprised of Kshs.4.03 billion for development expenditure representing 20.1 per cent and Kshs.87.24 billion was for recurrent expenditure representing 20.6 per cent of the sector's net recurrent estimates.

Source: MDAs and National Treasury

In the period under review, the State Department for University Education received the highest proportion of development exchequer issues to the net estimates at 43.9 per cent while the State Department for Vocational and Technical Training received the lowest at 11 per cent. TSC received the highest proportion of recurrent exchequer issues to the net estimates at 26.4 per cent, while the State Department for Post-Training and Skills Development recorded the lowest at 10.1 per cent.

Figure 4.4 shows the exchequer issues to the Education Sector in the first three months of FY 2020/21.

Figure 4.4: Exchequer Issues to the Education Sector (Kshs. Billions)

Source: National Treasury

The total expenditure for the Education sector in the first three months of FY 2020/21 was Kshs.111.51 billion representing 22.1 per cent of the gross estimates. The expenditure comprised of Kshs.4.90 billion for development activities, representing an absorption rate of 20.5 per cent and Kshs.106.61 billion for recurrent activities representing 22.2 per cent of the recurrent gross estimates.

The State Department for University Education recorded the highest absorption on development budget at 36.6 per cent while the State Department for Vocational and Technical Training recorded the lowest at 10 per cent. TSC recorded the highest recurrent expenditure to gross estimates at 26.4 per cent, while the State Department for Post-Training and Skills Development recorded the lowest of 10.1 per cent.

4.4 Energy, Infrastructure and Information Communications Technology Sector

This sector consists of eight MDAs namely; State Departments for Infrastructure, Transport, Shipping and Maritime, Housing and Urban Development, Public Works, Youth Affairs¹, Information Communication and Technology, Broadcasting and Telecommunications, Petroleum and the Ministry of Energy.

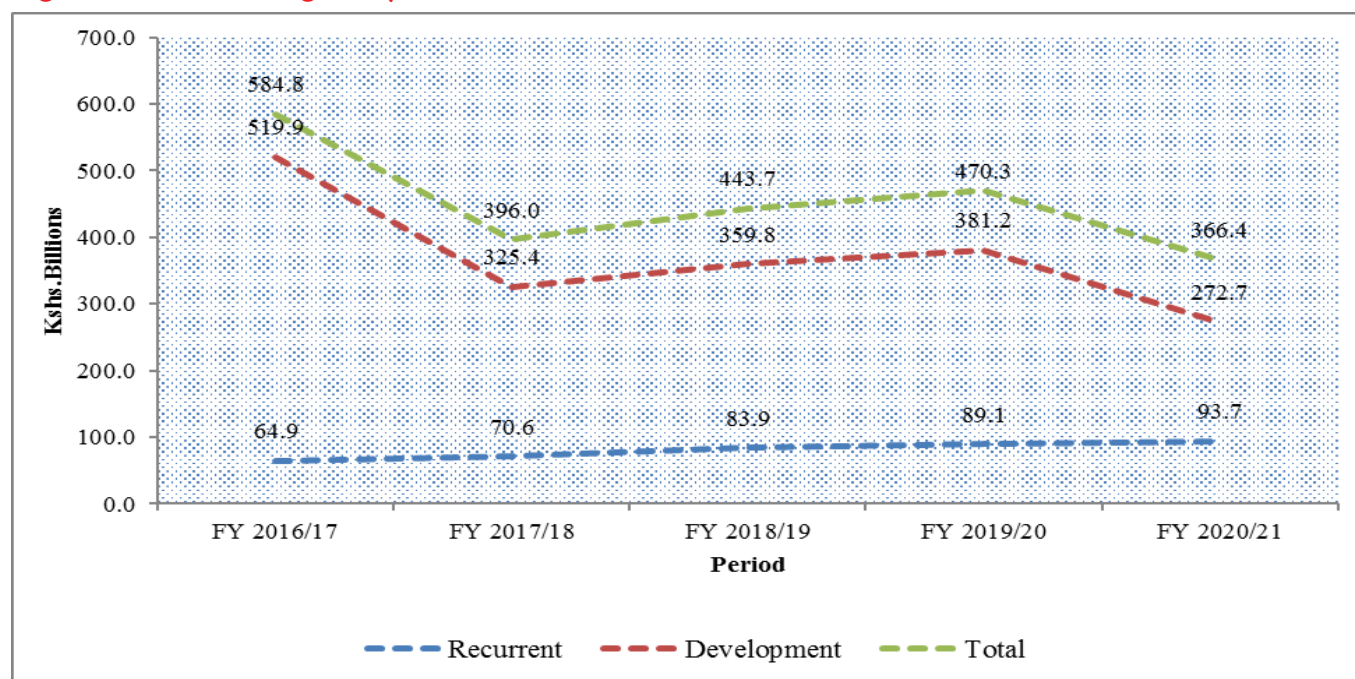

The Sector aims at providing efficient, affordable and reliable infrastructure which is critical for the socio-economic transformation underscored in the Third Medium Term Plan (MTP III) 2018-2022 of the Kenya Vision 2030 as well as catalysing the realization of the “Big Four Agenda”.

The key strategic goals of the sector include among others, sustainable transport infrastructure and services, vibrant shipping and maritime industry, affordable and sustainable housing infrastructure, regulated construction industry, universal access to ICT services and sufficient, secure, efficient and affordable energy. To support infrastructural development, the government identified key activities under EI&ICT sector in the FY 2020/21 to enhance economic growth which includes; construction, rehabilitation and maintenance of roads, design of roads and bridges, construction of SGR Phase II (Nairobi to Naivasha), LAPSET project and Mombasa Port Development Project.

The annual budgetary allocation to EI&ICT sector in the FY 2020/21 amounted to Kshs.366.43 billion representing 11 per cent of the gross national budget, a decrease from Kshs.470.2 billion allocated in the FY 2019/20. The allocation comprised of Kshs.272.77 billion (74 per cent) for development activities and Kshs.93.66 billion (26 per cent) for recurrent expenditure. State Department for Infrastructure received the highest budgetary allocation of Kshs.189.52 billion (52 per cent of the sector’s allocation), while the State Department for Shipping and Maritime had the lowest budgetary allocation of Kshs.2.52 billion (1 per cent of the sector’s allocation).

Figure 4.5 shows the budgetary allocation trend for the EI & ICT Sector for the period FY 2016/17 to FY 2020/21..

¹ State Department for Youth Affairs was moved to EI&ICT sector from PAIR sector through Executive Order no.6 of 1 of 2020 dated 14th January 2020 (Revised May 2020)

Figure 4.5: Budgetary Allocation Trend for the EI & ICT Sector

Source: National Treasury

In the first three months of the FY 2020/21, the sector received exchequer issues of Kshs.36.67 billion representing 27.8 per cent of the sectors net estimate. This comprised of Kshs.32.98 billion for development expenditure, representing 27.8 per cent of the net estimates and Kshs.3.69 billion for recurrent expenditure, representing 27.4 per cent of the recurrent net estimates.

Table 4.3 shows the EI&ICT sector analysis of exchequer issues and expenditure in the first three months of FY 2020/21.

In the period under review, the State Department for Transport received the highest proportion of development exchequer issues to the development net estimates at 77.8 per cent of net estimates, while the State Department for Youth received the lowest at (less than 1 per cent). The State Department for Broadcasting and Telecommunications received the highest proportion of recurrent exchequer issues to net estimates at 48.6 per cent, while the State Department for Housing and Urban development received the lowest at 11.1 per cent.

Figure 4.6 shows the exchequer issues to the EI & ICT Sector in the first three months of FY 2020/21.

Figure 4.6: Exchequer Issues to the EI & ICT Sector

Source: National Treasury

The total expenditure for the sector in the first three months of FY 2020/21 amounted to Kshs.130.39 billion, representing 35.6 per cent of the gross estimate, an increase compared to 18.9 per cent recorded in a similar period of FY 2019/20. The expenditure comprised of Kshs.112.66 billion for the development budget representing an absorption rate of 41.3 per cent, an increase from 20.7 per cent and Kshs.17.72 billion for recurrent expenditure representing 18.9 per cent, which was an increase from 12 per cent of gross recurrent estimates recorded in a similar period of FY 2019/20.

The State Department for Infrastructure recorded the highest absorption on the development budget at 55.6 per cent while the State Department for Shipping and Maritime recorded the lowest for at 2.4 per cent. The State Department for Public Works recorded the highest percentage of recurrent budget expenditure to gross estimates at 22.7 per cent, while the State Department for Transport recorded the lowest at 8.3 per cent.

4.5 Environmental Protection, Water and Natural Resource Sector

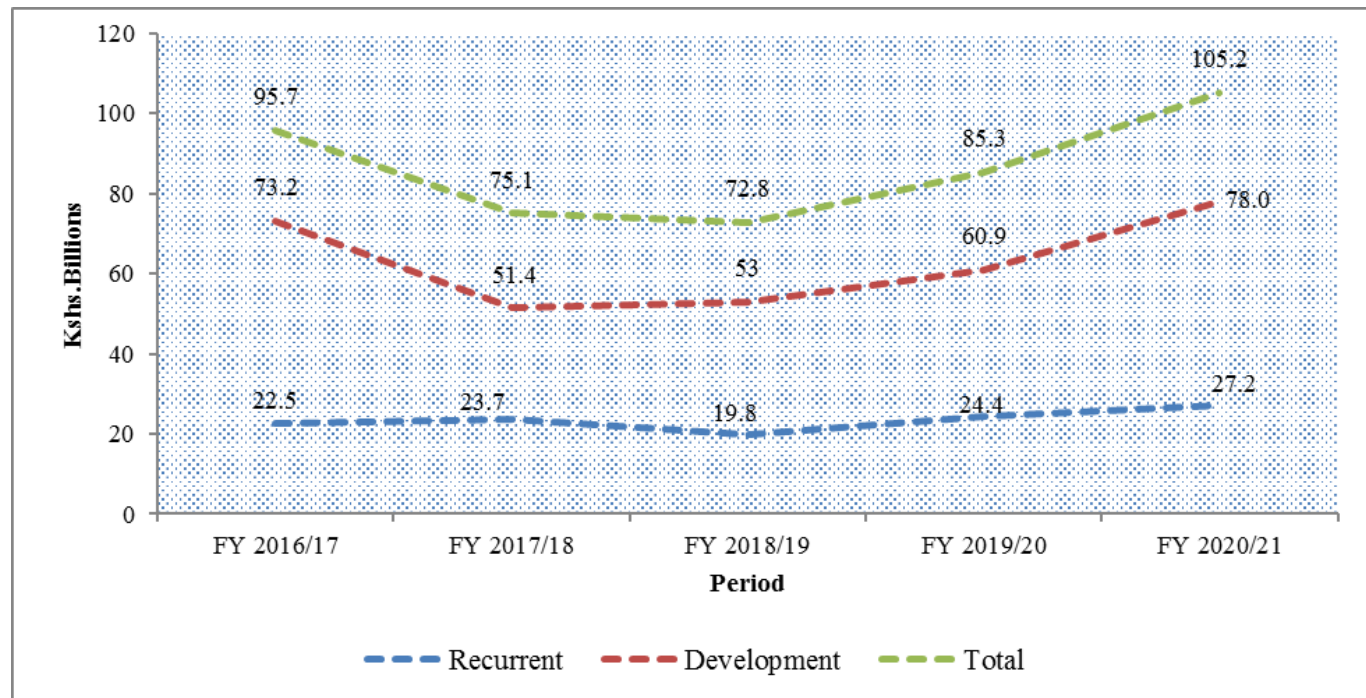

The Environment Protection, Water and Natural Resources (EPW&NR) Sector comprises four MDAs namely: Ministry for Environment and Forestry, Ministry of Water, Sanitation and Irrigation, State Department for Mining and State Department for Wildlife.

The overall goal of EPW&NR sector is to ensure sustainable development in a clean, healthy and secure environment. Its specific objectives are to: enhance sustainable management of the environment, water, irrigation and natural resources; ensure access to water and natural resources for the benefit of socio-economic development and enhance capacity building for environment, water and natural resources management. It also aims at increasing utilization of land through irrigation, drainage and land reclamation; enhance research on environment, water and natural resources for sustainable development, protect and reclaim the environment to establish a durable and sustainable system of development and resilience to climate change.

The budgetary allocation to the EPW&NR sector in the FY 2020/21 amounted to Kshs.105.22 billion representing 3 per cent of the gross national budget, an increase from Kshs.85.3 billion allocated in the FY 2019/20. The allocation comprised of Kshs.77.98 billion (74 per cent) for development activities and Kshs.27.23 billion (26 per cent) for recurrent expenditure. Ministry of Water, Sanitation and Irrigation received the highest budgetary allocation of Kshs.77.22 billion (73 per cent of the sector's allocation), while the State Department for Mining had the lowest budgetary allocation of Kshs.949.14 million (1 per cent of the sector's allocation).

Figure 4.7 shows the budgetary allocation trend for the EPW&NR Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.7: Budgetary Allocation Trend for the EPW&NR Sector

Source: National Treasury

In the first three months of FY 2020/21, exchequer issues to the EPW&NR sector amounted to Kshs.14.18 billion representing 23.5 per cent of the sector's net estimate. This comprised of Kshs.7.79 billion for development expenditure, representing 19 per cent of the development net estimates and Kshs.6.39 billion for recurrent expenditure, representing 33.1 per cent of the recurrent net estimates.

Table 4.4 shows EPW&NR sector analysis of exchequer issues and expenditure in the first three months of FY 2020/21.

Source: MDAs and National Treasury

In the first three months of the FY 2020/21, Ministry of Environment and Forestry received the highest proportion of development exchequer issues to the development net estimates at 30.3 per cent with the Ministry of Water, Sanitation and Irrigation receiving the lowest at 17.9 per cent. The State Department for Wildlife received the highest proportion of recurrent exchequer issues to the net estimates at 52.2 per cent, while the State Department for Mining recorded the lowest at 18.9 per cent.

Figure 4.8 shows exchequer issues to the EPW&NR sector in the first three months of FY 2020/21.

Figure 4.8: Exchequer Issues to EPW&NR Sector (Kshs. Billions)

Source: National Treasury

Total expenditure for the EPW&NR sector in the first three months of the FY 2020/21 amounted to Kshs.19.73 billion, representing 18.8 per cent of the gross estimate, a slight increase compared to 17.3 per cent recorded in a similar period of the FY 2019/20. This expenditure comprised of Kshs.13.61 billion for development representing an absorption rate of 17.5 per cent, an increase from the 16.7 per cent recorded in a similar period of FY 2019/20 and Kshs.6.12 billion for recurrent expenditure representing 22.5 per cent of gross recurrent estimates and an increase the figure recorded in a similar period of the FY 2019/20.

The State Department for Wildlife recorded the highest absorption rate for both development and recurrent budget at 21.1 per cent and 28.5 per cent respectively. The State Department for Mining recorded the lowest absorption for development budget at 2 per cent, while the Ministry of Water, Sanitation and Irrigation recorded the lowest at 14.9 per cent.

4.6 General Economic and Commercial Affairs Sector

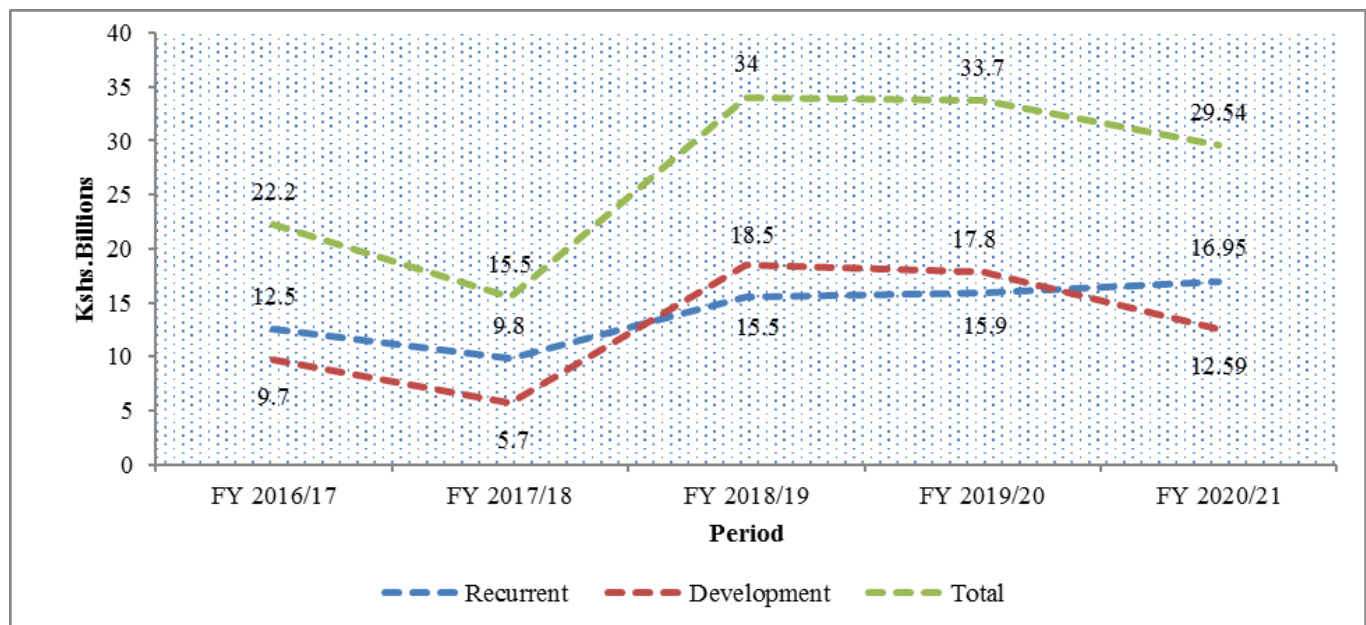

The General Economic and Commercial Affairs sector consists of six MDAs, namely, the State Departments for Industrialization, Co-operatives, Trade, East African Community, Regional and Northern Corridor Development and Tourism.

The sector is a significant player in job and wealth creation, industrial development, investments and promotion of trade, tourism development, savings mobilization and cooperative development, regional integration and regional development.

The budgetary allocation to GECA sector in the FY 2020/21 amounted to Kshs.29.53 billion representing 1 per cent of the gross national budget, a decrease from Kshs.33.63 billion allocated in the FY 2019/20. The allocation comprised of Kshs.12.59 billion (43 per cent) for development activities and Kshs.16.95 billion (57 per cent) for recurrent expenditure. The State Department for Tourism received the highest budgetary allocation of Kshs.12.81 billion (43 per cent of the sector's allocation), while the State Department for East African Community had the lowest budgetary allocation for Kshs.608.02 billion (2 per cent of the sector's allocation).

Figure 4.9 shows the budgetary allocation trend for the GECA Sector from FY 2016/17 to FY 2020/21.

Figure 4.9: Budgetary Allocation Trend for the GECA Sector

Source: National Treasury

In the first three months of FY 2020/21, exchequer issues to GECA sector amounted to Kshs.5.48 billion representing 29.1 per cent for the sectors net estimates. This comprised of Kshs.3.64 billion for development activities representing 33.7 per cent of net development estimates and Kshs.1.87 billion was for recurrent activities representing 23 per cent of net recurrent estimates.

Table 4.5 presents the analysis of exchequer issues to GECA Sector and expenditure in the first three months of FY 2020/21.

In the period under review, the State Department for Tourism received the highest proportion of development exchequer issues to the net development estimates at 47.6 per cent, while the State Department for Regional and Northern Corridor Development received the lowest at 5.2 per cent. The State Department for Regional and Northern Corridor Development received the highest proportion of recurrent exchequer issues to the net recurrent estimates at 31.4 per cent, while the State Department for East African Community recorded the lowest at 13 per cent.

Figure 4.10 shows the exchequer issues to GECA sector in the first three months of FY 2020/21.

Figure 4.10: Exchequer Issues to the GECA Sector (Kshs. Billions)

Source: National Treasury

The total expenditure for the sector in FY 2020/21 amounted to Kshs.5.86 billion representing 19.8 per cent of GECA sectors gross estimate, comprised of Kshs.3.99 billion for development expenditure, an absorption rate of 31.7 per cent and Kshs.1.87 billion for recurrent expenditure representing 11 per cent of the gross recurrent estimates.

The State Department for Tourism recorded the highest absorption of development budget at 47.6 per cent, while the State Department for Regional and Northern Corridor Development recorded the lowest at 15.5 per cent. The State Department for Regional and Northern Corridor Development recorded the highest percentage of recurrent expenditure to gross estimates at 24.8 per cent, while the State Department for East African Community recorded the lowest at 10.5 per cent.

4.7 Governance, Justice, Law and Order Sector

The GJLO sector consists of fifteen MDAs which include: State Department for Interior and Citizen Services, State Department for Correctional Services, State Law Office and Department of Justice, The Judiciary, Ethics and Anti-Corruption Commission (EACC), Office of the Director of Public Prosecutions (ODPP), Office of the Registrar of Political Parties (ORPP), Witness Protection Agency (WPA), Kenya National Commission on Human Rights (KNCHR), Independent Electoral and Boundaries Commission (IEBC), Judicial Service Commission (JSC), National Police Service Commission (NPSC), National Gender and Equality Commission (NGEC), and the Independent Policing Oversight Authority (IPOA).

The sector implements the following functions; provision of security, correctional services, legal advisory services to government agencies and administration of justice. It also plays a major role in promoting integrity and the fight against corruption, provision of prosecution services, regulating political parties, protecting witnesses and human rights. Further, the sector also plays an instrumental role in the delimitation of electoral boundaries and management of the electoral process, promotion of gender equality, inclusion of marginalized groups and communities, and civilian policing oversight.

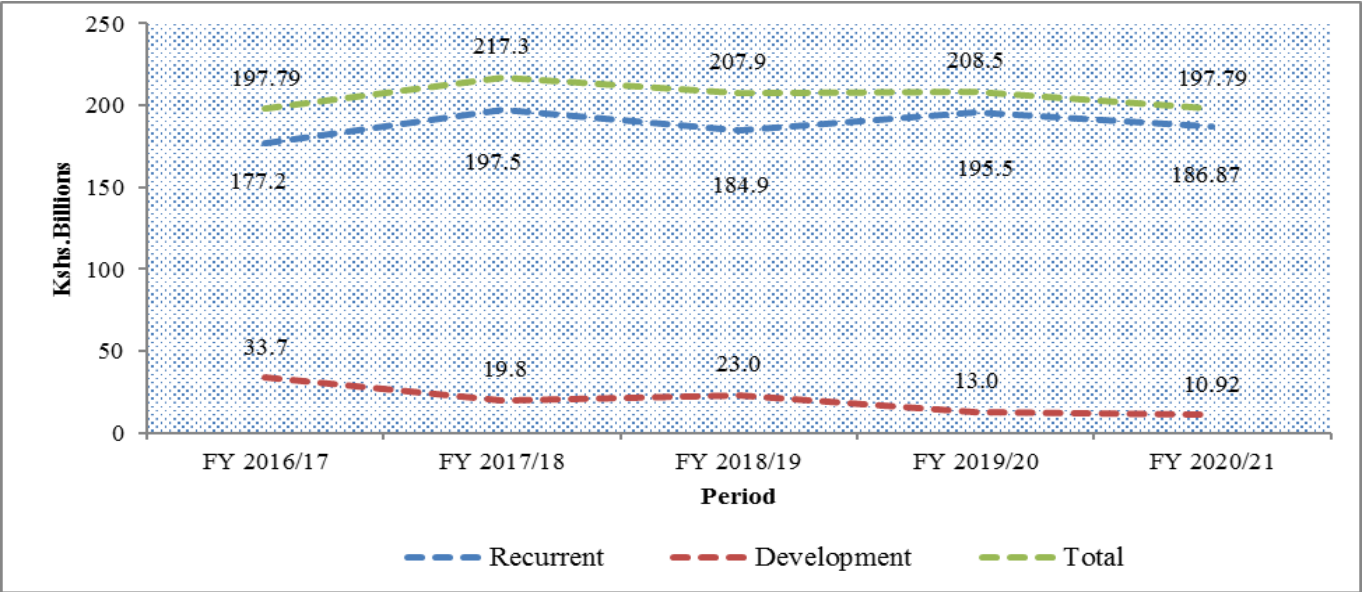

Besides, the sector plays a role in border management, peacebuilding and conflict management, registration services, regulation of the gaming industry, provision of population management services, eradication of drugs and substance abuse, crime research and government printing services. It also plays a key role in ensuring the achievement of national values and the promotion of national cohesion.

The budgetary allocation to the GJLO Sector in the FY 2020/21 amounted to Kshs.197.79 billion representing 6 per cent of the gross national budget, a decrease from Kshs.208.5 billion allocated in the FY 2019/20. The allocation comprised of Kshs.10.92 billion (6 per cent) for development activities and Kshs.186.87 billion

(94 per cent) for recurrent expenditure. The State Department for Interior and Citizen Services received the highest budgetary allocation of Kshs.132.11 billion (67 per cent of the sector’s allocation), while KNCHR had the lowest budgetary allocation of Kshs.400.7 million (less than one per cent of the sector’s allocation).

Figure 4.11 shows the budgetary allocation trend for GJLO sector for the period FY 2016/17 to FY 2020/21

Figure 4.11: Budgetary Allocation Trend for the GJLO Sector

Source: National Treasury

In the first three months of the FY 2020/21, the total exchequer issues for the sector amounted to Kshs.44.80 billion, representing 23 per cent of the sector’s net estimates. This comprised of Kshs.728.53 million for development expenditure, representing 6.7 per cent of the net development estimates and Kshs.44.07 billion for recurrent expenditure, representing 23.9 per cent of the net recurrent estimates.

Table 4.6 shows the GJLO Sector analysis of exchequer issues and expenditure in the first three months of FY 2020/21.

The State Law Office and Department of Justice received the highest proportion of development exchequer issues to development net estimates at 18.4 per cent, while State Department for Interior and Citizen Services received the lowest at 3.9 per cent. WPA received the highest proportion of recurrent exchequer issues to the recurrent net estimates at 33.3 per cent while the NGEC received the lowest at 12.8 per cent.

Figure 4.12 shows the exchequer issues to the GJLO sector in the first three months of FY 2020/21.

Figure 4.12: Exchequer Issues to the GJLO Sector

Source: National Treasury

The total expenditure for the GJLO sector in the first three months of the FY 2020/21 amounted to Kshs.42.78 billion, representing 21.7 per cent of the gross estimate, an increase from 15.7 per cent recorded in a similar period of FY 2019/20. Expenditure comprised of Kshs.2.27 billion for development representing an absorption rate of 20.8 per cent, an increase from 7.6 per cent and Kshs.40.51 billion for recurrent expenditure, representing 21.7 per cent, an increase from 16.4 per cent of gross recurrent estimates recorded in a similar period of FY 2019/20.

IEBC recorded the highest absorption rate for development budget at 50 per cent, while the State Law Office and Department of Justice recorded the lowest at 5.4 per cent respectively. IPOA recorded the highest percentage of recurrent exchequer issues to recurrent net estimates at 25.8 per cent while the State Department for Correctional Services recorded the lowest at 12.6 per cent.

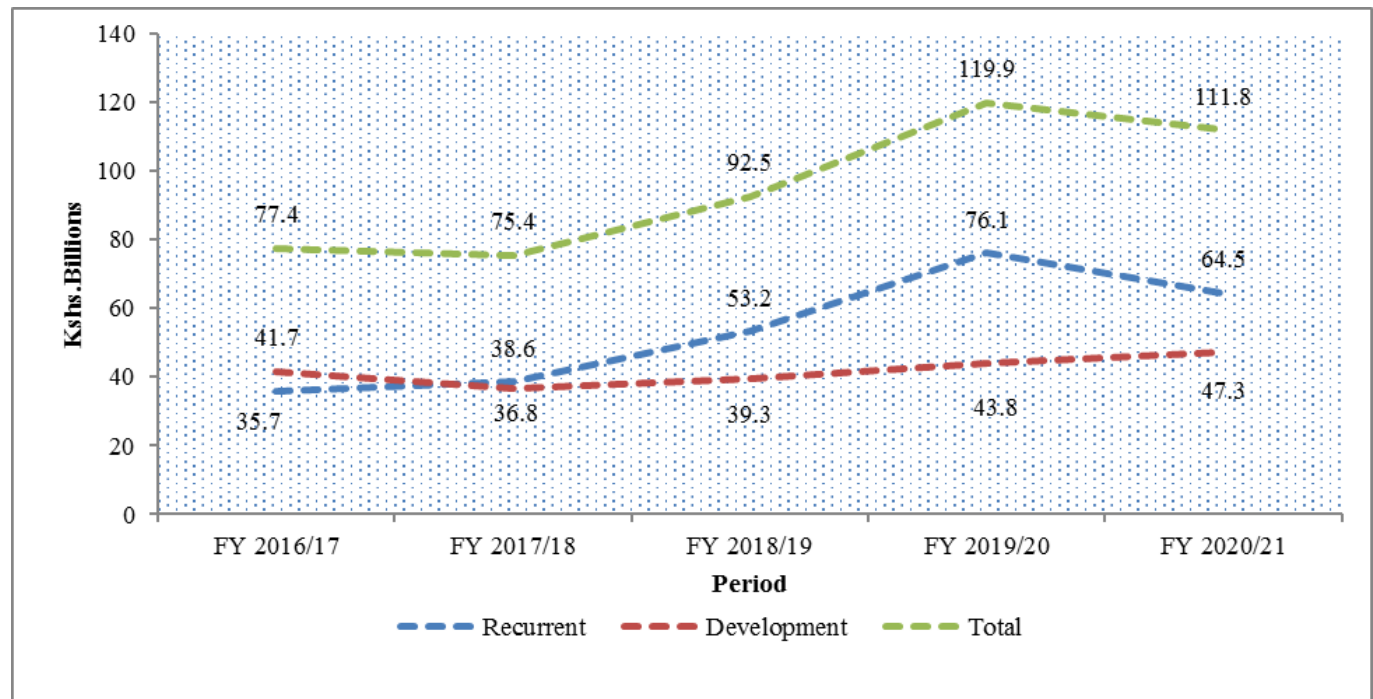

4.8 Health Sector

Health is a devolved function under the Fourth Schedule of the Constitution of Kenya. At the national level, it is responsible for the provision and coordination of the health policy formulation, ensuring quality service delivery and regulation and control of health care. It comprises of Ministry of Health and Semi-Autonomous Government Agencies namely; Kenyatta National Hospital (KNH), Moi Teaching and Referral Hospital (MTRH), Kenya Medical Research Institute (KEMRI), Kenya Medical Supplies Authority (KEMSA), Kenya Medical Training College (KEMTC), National AIDS Control Council (NACC), Kenyatta University Teaching, Referral and Research Hospital (KUTRRH), National Cancer Institute of Kenya (NCI-K) and the National Health Insurance Fund (NHIF).

The budgetary allocation to the Health Sector in the FY 2020/21 was Kshs.111.70 billion, representing 3 per cent of the gross national budget, a decrease from Kshs.119.9 billion allocated in the FY 2019/20. The decline is attributed to the reduction of resources towards interventions to curb the COVID-19 pandemic. The allocations comprised of Kshs.47.25 billion (42 per cent), for development activities and Kshs.64.45 billion (58 per cent) for recurrent expenditure.

Figure 4.13 shows the budgetary allocation for the health sector for the period FY 2016/17 to FY 2020/21.

Figure 4.13: Budgetary Allocation Trend for the Health Sector

Source: National Treasury

In the period under review, exchequer issues to the Health sector amounted to Kshs.12.15 billion representing 13.1 per cent of the sector's net estimate. This comprised of Kshs.2.92 billion for development expenditure, representing 6.7 per cent of the net development estimates and Kshs.9.22 billion for recurrent expenditure, representing 18.8 per cent of the net recurrent net estimates.

The total expenditure for the Health Sector in the period under review amounted to Kshs.14.36 billion representing 12.9 per cent of the gross budget. This comprised of Kshs.5.45 billion spent on development activities representing an absorption rate of 11.5 per cent and Kshs.8.91 billion on recurrent activities representing 13.8 per cent on gross recurrent estimates.

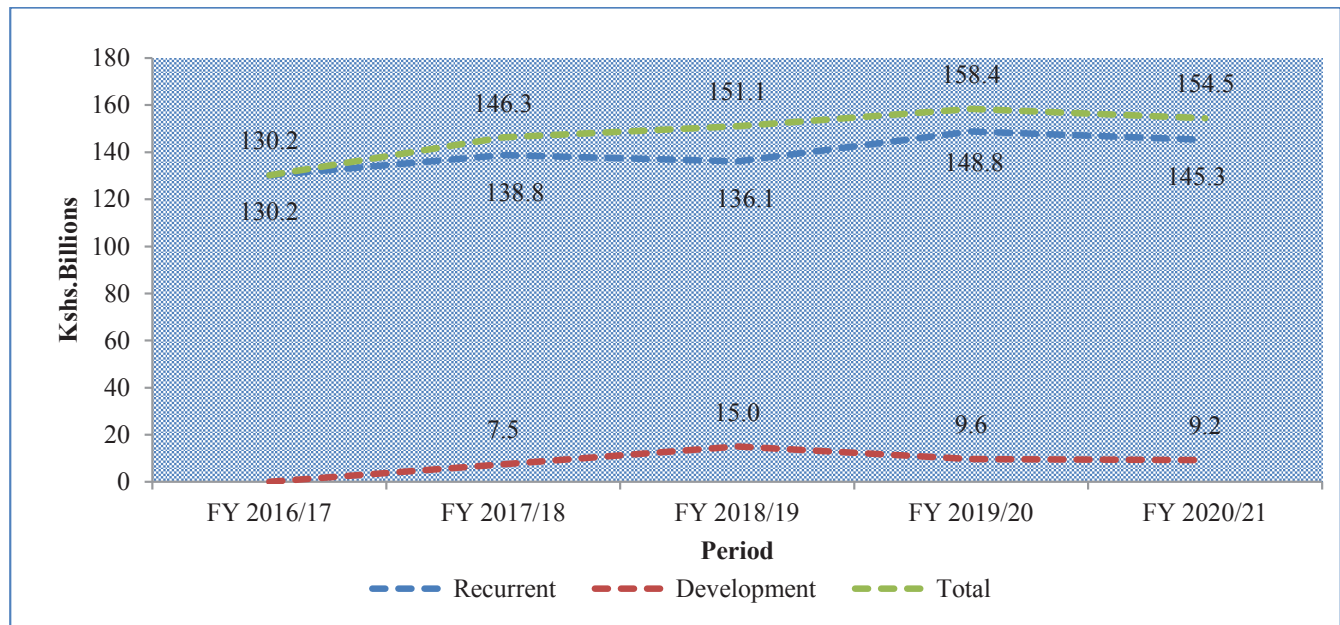

4.9 National Security Sector

The National Security sector comprises of the Ministry of Defence and the National Intelligence Service (NIS). The mandate of the sector is to ensure the security of the country against any threats emanating from within or outside the Kenyan borders, defend the country, and provide support to the civil powers in maintaining peace and order.

The budgetary allocation to the National Security sector in the FY 2020/21 was Kshs.154.53 billion translating to 5 per cent of the gross national budget, a decrease from Kshs.158.40 billion allocated in the FY 2019/20. The allocation comprised of Kshs.9.21 billion for development expenditure (6 per cent of the sector's allocation) and Kshs.145.32 billion (94 per cent of the sector's allocation) for recurrent expenditure. The Ministry of Defence was allocated Kshs.115.48 billion (75 per cent of the sector's allocation), while NIS received Kshs.39.05 billion (25 per cent of the sector's allocation).

Figure 4.15 below shows the budgetary allocation trend for the National Security sector for the period FY 2016/17 to FY 2020/21.

Figure 4.15: Budgetary Allocation Trend for the National Security Sector

Source: MDAs and National Treasury

The total expenditure for the National Security sector in the first three months of the FY 2020/21 was Kshs.38.97 billion, recording 25.2 per cent of the gross estimates. The Ministry of Defence spent Kshs.31.07 billion recording an absorption rate of 26.9 per cent, while NIS spent Kshs.7.89 billion recording a rate of 20.2 per cent of its' gross estimates.

4.10 Public Administration and International Relations (PAIR) Sector

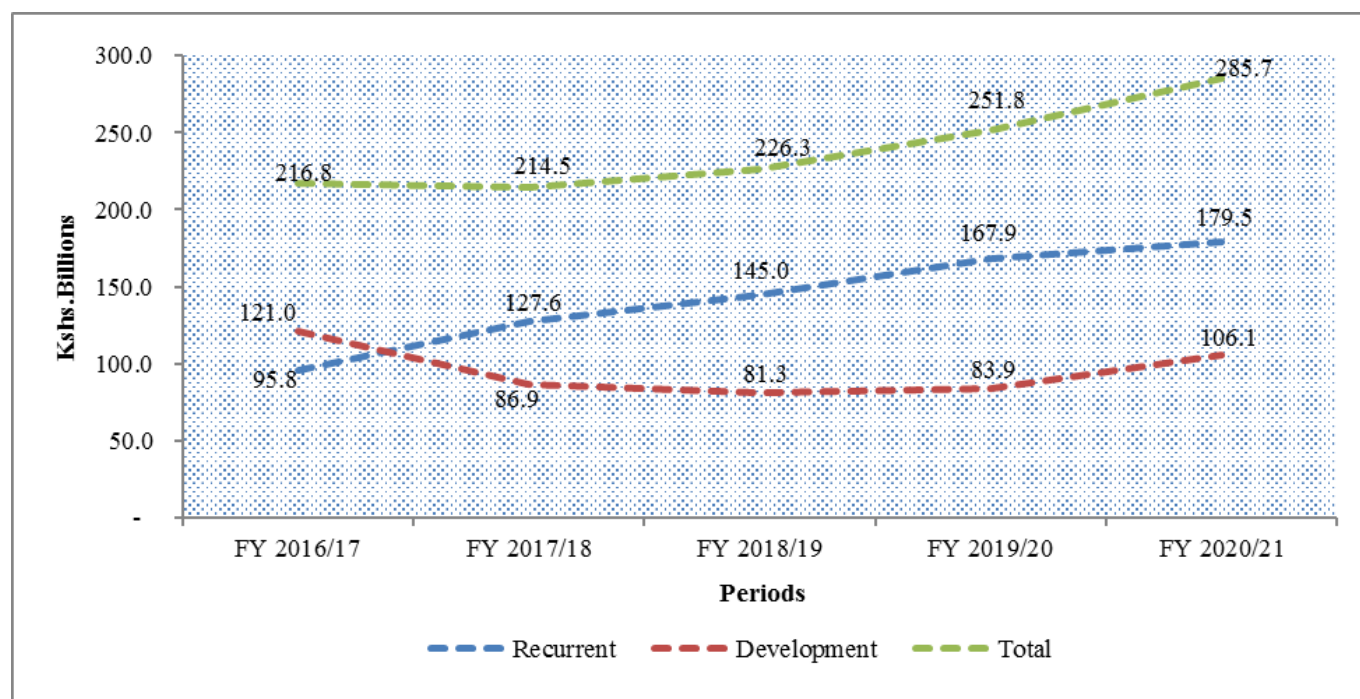

The Public Administration and International Relations (PAIR), sector consists of 15 MDAs namely: The Executive Office of the President, State Department for Planning, State Department for Devolution, Ministry of Foreign Affairs, National Treasury, State Department for Public Service, Parliamentary Service Commission, National Assembly, Parliamentary Joint Services, Commission on Revenue Allocation (CRA), Public Service Commission (PSC), Salaries and Remuneration Commission (SRC), Office of Auditor General (OAG), Controller of Budget (COB), and Commission on Administrative Justice (CAJ).

The PAIR sector provides overall policy direction and leadership to the country, oversees national legislation as well as the human resource function in the public service. It further coordinates national policy formulation, implementation, monitoring and evaluation, resource mobilization and management, devolution oversight, implementation of Kenya foreign policy, and oversight on the use of public resources and service delivery.

The budgetary allocation to PAIR sector in the FY 2020/21 amounted to Kshs.285.65 billion representing 9 per cent of the gross national budget, an increase from Kshs.251.8 billion allocated in the FY 2019/20. The allocation comprised of Kshs.106.13 billion (37 per cent) for development activities and Kshs.179.52 billion (63 per cent) for recurrent expenditure. The National Treasury received the highest budgetary allocation of Kshs.116.98 billion (41 per cent of the sector's allocation), while the CRA had the lowest budgetary allocation of Kshs.371.98 million (less than one per cent of the sector's allocation).

Figure 4.16 shows the budgetary allocation trend for the PAIR Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.16: Budgetary Allocation Trend for the PAIR Sector

Source: National Treasury

In the first three months of FY 2020/21, total exchequer issues to PAIR sector were Kshs.50.45 billion, representing 19.6 per cent of the sector's net estimates. This comprised of Kshs.20.56 billion for development expenditure, representing 23.5 per cent of the net estimates and Kshs.29.90 billion for recurrent expenditure, representing 17.6 per cent of the net recurrent estimates.

Ministry of Foreign Affairs received the highest proportion of development exchequer issues to the development net estimates at 51.3 per cent to development net estimates, while the State Department for Devolution recorded the lowest at 2 per cent. The State Department for Public Service received the highest proportion of recurrent exchequer issues to recurrent net estimates at 44.4 per cent, while the Executive Office of the President received the lowest at 10.5 per cent.

Figure 4.17 shows the exchequer issues to the PAIR sector in the first three months of FY 2020/21.

Figure.4.17 : Exchequer Issues to the PAIR Sector

Source: National Treasury

The total expenditure for the sector in the first three months of FY 2020/21 totalled to Kshs.53.52 billion, representing 18.7 per cent of the gross estimates, an increase compared to the 12.6 per cent recorded in a similar period of FY 2019/20. The expenditure comprised of Kshs.22.19 billion for development, representing absorption rate of 20.9 per cent, an increase from the 4 per cent recorded in a similar period of FY 2019/20, and Kshs.31.33 billion for recurrent expenditure representing 17.4 per cent of gross recurrent, an equivalent rate recorded in a similar period of FY 2019/20.

Parliamentary Joint Services recorded the highest absorption on development budget at 55.5 per cent, while the State Department for Devolution recorded the lowest at 1.8 per cent. The State Department for Public Service recorded the highest percentage of recurrent expenditure to recurrent gross estimates at 37.7 per cent, while the Executive Office of the President recorded the lowest at 6.7 per cent.

4.11 Social Protection, Culture and Recreation Sector

The SPCR sector comprises of six State Departments namely: Sports, Culture and Heritage, Labour, Social Protection, Pensions and Senior Citizens Affairs, Development of Arid and Semi-Arid Lands (ASALs) and Gender.

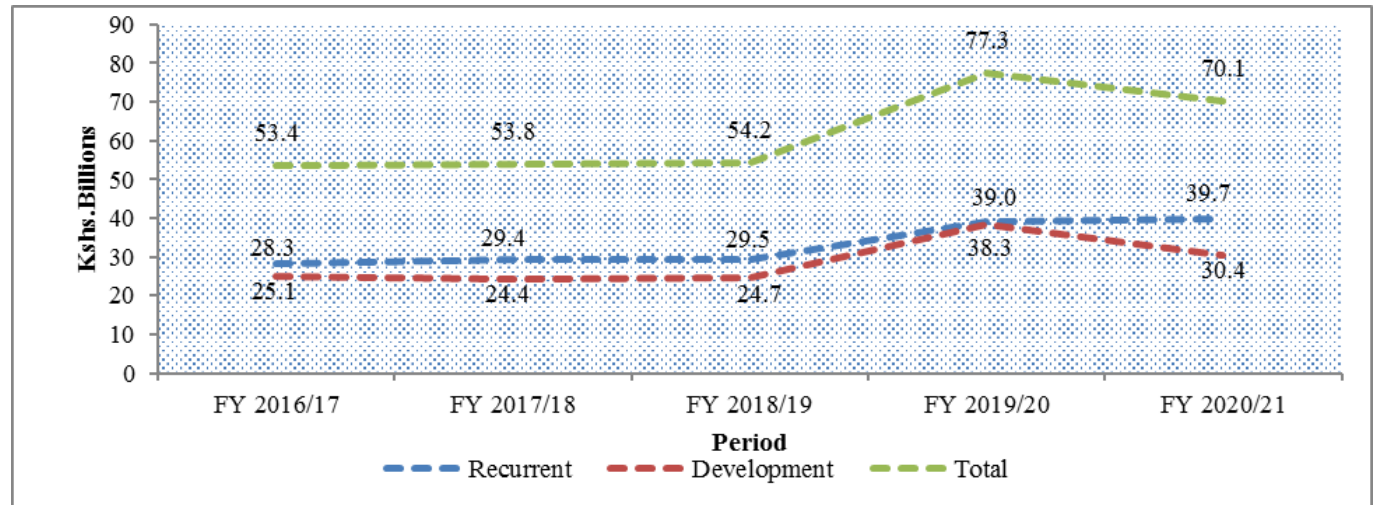

The SPCR sector plays a strategic role in the country's transformation and socio-economic development through the implementation of special programmes for the development of the ASALs. The sector undertakes the promotion of sustainable employment, harmonious industrial relations, productive workforce and gender equity and equality. Other key roles include empowerment of communities and vulnerable groups and safeguarding children's rights, promotion of diverse cultures, arts and sports to enhance cohesiveness and Kenya's regional and international competitiveness.

The annual budgetary allocation to the Sector in FY 2020/21 amounts to Kshs.70.09 billion representing 2 per cent of the gross national budget, a decrease from the Kshs.77.3 billion allocated in FY 2019/20. The allocation comprised of Kshs.30.39 billion (43 per cent) for development activities and Kshs.39.70 billion (57 per cent) for recurrent expenditure. The State Department for Social Protection and Senior Citizens Affairs

received the highest budgetary allocation of Kshs.33.60 billion, (48 per cent of the sector's allocation), while the State Department for Culture and Heritage had the lowest budgetary allocation of Kshs.2.72 billion (4 per cent of the sector's allocation).

Figure 4.18 shows the budgetary allocation trend for the SPCR Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.18: Budgetary Allocation Trend for the Social Protection, Culture Recreation Sector

Source: National Treasury

In the first three months of FY 2020/21, total exchequer issues to the SPCR sector was Kshs.4.38 billion representing 8.1 per cent of the sector's net estimate. This comprised of Kshs.1.78 billion for development expenditure representing 11.2 per cent of the annual development net estimate and Kshs.2.60 billion for recurrent expenditure, representing 6.8 per cent of the recurrent net estimates.

Table 4.10 shows an analysis of exchequer issues and expenditure incurred by the SPCR Sector in the first three months of FY 2020/21.

Source: National Treasury

The total expenditure for the SPCR sector in the first three months of FY 2020/21 amounted to Kshs. 9.65 billion representing 13.8 per cent of the gross estimates, an increase compared to 5.5 per cent recorded in a similar period in the FY 2019/20. The expenditure comprised of Kshs.2.82 billion for development representing an absorption rate of 9.3 per cent, an increase from 2.8 per cent recorded in a similar period of FY 2019/20 and Kshs.6.83 billion for the recurrent budget representing 17.2 per cent, an increase from 9.1 recorded in a similar period of FY 2019/20.

The State Department for Gender recorded the highest absorption rate of its development budget at 49.7 per cent while the State Department for Sports recorded the lowest at 0.5 per cent. The State Department for Sports recorded the highest percentage of recurrent expenditure at 25.7 per cent while State the Department for Labour recorded the lowest at 14.3 per cent.

5 BUDGET PERFORMANCE BY PROGRAMMES

5.1 Introduction

This chapter presents an analysis of MDAs' budget performance based on programmes implemented in the first three months of FY 2020/21. The chapter also provides detailed information on how funds were allocated to the various programmes to MDAs for both development and recurrent expenditure and the implementation status of each programme. The Sectors are presented in alphabetical order.

5.2 Agriculture, Rural and Urban Development Sector

In the FY 2020/21, the sector budgetary allocation for ARUD sector was Kshs.60.73 billion comprising of Kshs.42.14 billion (68 per cent) for development activities and Kshs.19.47 billion (32 per cent) for recurrent expenditure to fund 14 programmes. The analysis of Sector programmes for the period under review is presented in table 5.1.

Table 5.1: ARUD Sector's Programme Performance (Kshs. Billions)

VOTE	Programme	Gross Estimates			Expenditure			Absorption Rate (%)
		Dev.	Rec.	Total	Dev.	Rec.	Total

Total		42.14	19.47	61.73	2.61	3.69	6.30	10.2

Source: MDAs and National Treasury

The Crop Development and Management programme under State Department for Crop Development and Agricultural Research received the highest budgetary allocation at Kshs.28.88 billion (47.55 per cent of the gross estimates for the sector), while General Administration Planning and Support services programme under the State Department for Fisheries, Aquaculture and the Blue Economy received the lowest allocation at Kshs.132.77 million translating to less than 1 per cent.

The total expenditure for the programmes in the period under review amounted to Kshs.6.30 billion, representing an absorption rate of 10.2 per cent. This comprised of Kshs.2.61 billion for development activities and Kshs.3.69 billion incurred on recurrent activities.

Analysis of programme performance shows that Development and Coordination of Blue Economy under the State Department for Fisheries, Aquaculture and the Blue Economy recorded the highest proportion of programme expenditure to its' gross estimates at 31.4 per cent, while Crop Development and Management under the State Department for Crop Development and Agricultural Research recorded the lowest translating to 3.8 per cent.

Further analysis of sub-programme performance shows that Crop Research and Development sub-programme under Agricultural Research and Development programme had the highest expenditure at Kshs.1.14 billion, while the Protection and Regulation of Marine Ecosystem and Exclusive Economic Zone sub-programme under the Development and Coordination of Blue Economy had the lowest at Kshs.522,248.

5.3 Education Sector

The Education sector budgetary allocation in FY 2020/21 was Kshs.505.1 billion comprising of Kshs.23.93 billion (5 per cent) for development programmes and Kshs.481.17 billion (95 per cent) for recurrent programmes to fund 16 programmes. The analysis of the Education sector programmes for the first three months of FY 2020/21 is presented in Table 5.2.

Table 5.2: Education Sector's Programme Performance (Kshs. Billions)

VOTE	Programme	Gross Estimates			Expenditure			Absorption Rate (%)

Source: MDAs and National Treasury

The Teacher Resource Management programme under TSC received the highest budgetary allocation at Kshs.257.97 billion (53.47 per cent of the gross estimates for the sector) while Workplace Readiness Services under the State Department for Post-Training and Skills Development received the lowest allocation at Kshs.40 million translating to less than 1 per cent of the annual estimates.

The total expenditure for the programmes in the period under review amounted to Kshs.111.51 billion representing an absorption rate of 22.1 per cent. This comprised of Kshs.4.91 billion for development activities and Kshs.106.61 billion for recurrent activities.

Analysis of programme performance shows that Teachers Resource Management under TSC recorded the highest proportion of programme expenditure to its gross estimates at 26.6 per cent while Youth Training and Development under the state Department for Vocational Training and Technical Training recorded the lowest translating to less than per cent.

Further analysis of sub-programme performance shows that University Education sub-programme under University Education programme had the highest expenditure at Kshs.12.92 billion, while the Work-based Learning services sub-programme under the Work Readiness Services programme had the lowest at Kshs.81, 224.

5.4 Energy, Infrastructure and Information Communications Technology Sector

In FY 2020/21, the EI & ICT sector budgetary allocation was Kshs.366.43 billion to implement 27 programmes. The allocation comprised of Kshs.272.52 billion (74.37 per cent) for development expenditure and Kshs.93.66 billion (25.63 per cent) as recurrent expenditure. The analysis of the EI&ICT Sector's programmes for the first three months of FY 2020/21 is presented in Table 5.3.

Table.5.3: EI & ICT Sector's Programme Performance (Kshs. Billions)

Source: MDAs and National Treasury

The Road Transport programme under State Department of Infrastructure received the highest budgetary allocation at Kshs.189.52 billion (51.7 per cent of gross estimates for the sector), while Road safety programme under the State Department of Transport received the lowest allocation at Kshs.32.2 million which was less than 1 per cent of the gross estimates.

The total expenditure for the programmes in the period under review amounted to Kshs.136.32 billion representing an absorption rate of 37.2 per cent. This comprised of Kshs.118.59 billion for development activities and Kshs.17.72 billion on recurrent activities.

Analysis of programme performance shows that Rail Transport and Road Safety programmes both under the State Department for Transport recorded the highest and lowest absorption of programme budget at 70.6 per cent and 0.3 per cent respectively.

Further analysis of sub-programme performance shows that Metropolitan Planning sub-programme under Urban and Metropolitan Development programme had the highest expenditure at Kshs.4.26 billion, while Distribution of Oil and Gas sub-programme under the Exploration and Distribution of Oil and Gas had the lowest at Kshs.1.67 million.

5.5 Environmental Protection, Water and Natural Resources Sector

In FY 2020/21, the budgetary allocation to the EPW&NR sector was Kshs.105.22 billion for implementing 14 programmes. This comprised of Kshs.77.98 billion (74 per cent) for development programmes and Kshs.27.23 billion (26 per cent) for recurrent expenditure. The analysis of Environment Protection, Water and Natural Resources sector programmes for the first three months of FY 2020/21 is presented in Table 5.4.

Table 5.4: Environment Protection, Water and Natural Resources Sector's Programme (Kshs. Billions)

Source: MDAs and National Treasury

The Water and Sewerage Infrastructure Development programme under the Ministry of Water, Sanitation and Irrigation received the highest budgetary allocation at Kshs.42.58 billion (40.5 per cent of the gross estimates for the sector), while Geological Survey and Geoformation Management under the State Department for Mining received the lowest allocation at Kshs.174 million, translating to less than 1 per cent of the annual estimates.

The total expenditure for the programmes in the period under review amounted to Kshs.19.73 billion representing an absorption rate of 18.8 per cent. This comprised of Kshs.13.61 billion for development activities and Kshs.6.12 billion incurred on recurrent activities.

Analysis of programme performance shows that Water Harvesting and Storage for Irrigation under the Ministry of Water, Sanitation and Irrigation recorded the highest proportion of programme expenditure to its gross estimates at 26.5 per cent, while Mineral Resources Management under the State Department for Mining recorded the lowest absorption rate at 8.6 per cent.

Further analysis of sub-programme performance shows that Sewerage & Infrastructure Development sub-programme under Water and Sewerage Infrastructure Development programme had the highest expenditure at Kshs.6.04 billion, while the Irrigation Administration Services sub-programme under the Irrigation and Land Reclamation had the lowest at Kshs.811,588.

5.6 General Economic and Commercial Affairs Sector

In the FY 2020/21, GECA sector's budgetary allocation was Kshs.29.53 billion for implementing 8 programmes. This comprised of Kshs.12.59 billion (43 per cent) for development programmes and Kshs.16.95 billion (57 per cent) for recurrent programmes. Analysis of GECA sector programmes for the period under review is presented in Table 5.5.

Table 5.5: GECA Sector's Programme Performance (Kshs. Billions)

VOTE	Programme	Gross Estimates			Expenditure			Absorption Rate (%)
		Dev.	Rec.	Total	Dev.	Rec.	Total	
State Department for Industrialization	General Administration Planning and Support Services	1.40	0.37	1.78	0.01	0.04	0.05	2.7
	Industrial Development and Investments	1.66	1.32	2.99	0.45	0.12	0.57	19.1

Total		12.59	16.95	29.53	3.99	1.87	5.86	19.8

Source: MDAs and National Treasury

Tourism Development and Promotion under the State Department for Tourism received the highest budgetary allocation at Kshs.12.81 billion (43 per cent of the gross estimates for the sector), while the East African Affairs and Regional Integration under the State Department for East African Community received the lowest allocation at Kshs.608 million translating to 2.1 per cent of the gross estimates.

The total expenditure for the programmes in the period under review amounted to Kshs.5.86 billion representing an absorption rate of 19.8 per cent. This comprised of Kshs.3.99 billion for development activities and Kshs.1.87 billion incurred on recurrent activities.

Analysis of programme performance shows that, Standards and Business Incubation and General Administration Planning and Support Services both under the State Department for Industrialization recorded the highest and lowest absorption at 27.6 per cent and 2.7 per cent respectively.

Further analysis of sub-programme performance shows that, Tourism Infrastructure Development sub-programme under Tourism Development and Promotion programme had the highest expenditure at Kshs.1.55 billion, while the Business Transformation (Ease of Doing Business) sub-programme under the East African Affairs and Regional Integration had the lowest at Kshs.1.4 million.

5.7 Governance, Justice, Law and Order Sector

The GJLO sector budgetary allocation in FY 2020/21 was Kshs.197.79 billion to implement 23 programmes. The allocation comprised of Kshs.10.92 billion (6 per cent) for development expenditure and Kshs.186.87 billion (94 per cent) for recurrent expenditure. Analysis of the GJLO sector programmes for the period under the review is presented in Table 5.6.

Table 5.6: GJLOS Sector's Programme Performance (Kshs. Billions)

VOTE	Programme	Gross Estimates			Expenditure			Absorption Rate (%)

Total		10.92	186.87	197.79	2.27	40.51	42.78	21.6

Source: MDAs and National Treasury

The Policing Services under the State Department for Interior and citizen services received the highest budgetary allocation at Kshs.96.07 billion (41 per cent of the gross estimates for the sector) while the Delimitation of electoral boundaries under IEBC received the lowest allocation at Kshs.259.54 million translating to less than 1 per cent of the gross estimates.

The total expenditure for the programmes in the period under review amounted to Kshs.42.78 billion representing an absorption rate of 21.6 per cent. This comprised of Kshs.2.27 billion for development activities and Kshs.40.51 billion incurred on recurrent activities.

Analysis of programme performance shows that Planning, Policy Coordination and Support Services programme under the State Department for Interior and Citizen Services recorded the highest proportion of programme expenditure to its gross estimates at 28.8 per cent, while the Delimitation of Electoral Boundaries under the IEBC recorded the lowest absorption rate at 6.9 per cent.

Further analysis of sub-programme performance shows that Kenya Police Service sub-programme under Policing Services programme had the highest expenditure at Kshs.12.32 billion, while the Special Initiative sub-programme under the Planning, Policy Coordination and Support Services Programme had the lowest at Kshs.193,300.

5.8 Health Sector

The Health sector budgetary allocation in FY 2020/21 was Kshs.111.70 billion to fund 5 programmes. The allocation comprised of Kshs.47.25 billion (42 per cent) for development programmes and Kshs.64.45 billion (58 per cent) for recurrent programmes. Table 5.7 presents an analysis of the Health sector programmes for the first three months of FY 2020/21.

Table 5.7: Health Sector's Programme Performance (Kshs. Billions)

VOTE	Programme	Gross Estimates			Expenditure			Absorption Rate (%)
		Dev.	Rec.	Gross	Dev.	Rec.	Total	
Ministry of Health	Preventive, Promotive and RMNCAH*	7.61	3.97	11.59	0.07	0.72	0.78	6.8
	National Referral & Specialized Services	10.84	31.57	42.41	1.90	4.59	6.49	15.3
	Health Research and Development	0.59	9.34	9.93	0.27	1.39	1.66	16.7

	Health Policy, Standards and Regulations	26.96	12.28	39.25	3.00	1.09	4.09	10.4
Total		47.25	64.45	111.70	5.24	8.91	14.14	12.7

Source: MDAs and National Treasury

RMNCAH*-Reproductive, Maternal, Newborn Child and Adolescent Health

The A-I- A worth Kshs.219,775,540 not factored in the expenditure

The National Referral & Specialized services received the highest budgetary allocation at Kshs.42.41 billion (38 per cent of the gross estimates for the sector), while General Administration, Planning & Support Services received the lowest allocation at Kshs.8.53 billion.

The total expenditure for the programmes in the period under review amounted to Kshs.14.14 billion representing an absorption rate of 12.9 per cent. This comprised of Kshs.5.24 billion for development activities and Kshs.8.91 billion incurred on recurrent activities.

Analysis of programme performance shows that, the Health Research and Development recorded the highest proportion of programme expenditure to its gross estimates at 16.7 per cent, while Preventive, Promotive and RMNCAH recorded the lowest absorption rate at 6.8 per cent.

Further analysis of sub-programme performance shows that, National Referral Services sub-programme under National Referral & Specialized Services programme had the highest expenditure at Kshs.5.26 billion, while the Free Primary Healthcare sub-programme under the National Referral & Specialized Services had the lowest at Kshs.1.1million

5.9 National Security Sector

The National Security sector budgetary allocation to fund its 5 programmes in FY 2020/21 was Kshs.154.53 billion. This comprised of Kshs.9.21 billion (5.96 per cent) for development expenditure and Kshs.145.32 billion (94.04 per cent) for recurrent expenditure. The analysis of National Security sector programmes for the first three months of FY 2020/21 is presented in Table 5.8.

Table 5.8: National Security Sector's Programme Performance (Kshs. Billions)

VOTE	Programme	Gross Estimates			Expenditure			Absorption Rate (%)
		Dev.	Rec.	Total	Dev.	Rec.	Total	
Ministry of Defence	Defence	9.21	104.04	113.25	1.50	29.20	30.70	27.1
	Civil Aid	-	0.20	0.20	-	0.05	0.05	25.0

Total		9.21	145.32	154.53	1.50	37.49	38.99	25.2

Source: MDAs and National Treasury

The Defence programme under Ministry of Defence received the highest budgetary allocation at Kshs.113.25 billion (73 per cent of the gross estimates for the sector), while Civil Aid and National Space Management programmes received the lowest allocation at Kshs.200 million translating to less than 1 per cent of the gross estimates.

The total expenditure for the programmes in the period under review amounted to Kshs.38.99 billion, representing an absorption rate of 25.2 per cent. This comprised of Kshs.1.50 billion for development activities and Kshs.37.49 billion on recurrent activities.

Analysis of programme performance shows that the National Space Management programme and the General Administration, planning and support services both under the Ministry of Defense, recorded the highest and lowest proportion of programme expenditure to its gross estimates at 39.1 per cent and 14.6 per cent respectively.

Further analysis of sub-programme performance shows that National Defence programme under the Ministry of Defence had the highest expenditure at Kshs.30.7 billion, while the Civil Aid programme had the lowest expenditure at Kshs.50 million.

5.10 Public Administration and International Relations Sector

The Public Administration and International Relations (PAIR) sector budgetary allocation in FY 2020/21 to implement 34 programmes was Kshs.285.65 billion. The budget comprised of Kshs.106.13 billion (37 per cent) for development programmes and Kshs.179.52 billion (63 per cent) for recurrent programmes. Analysis of PAIR sector programmes for the first three months of FY 2020/21 is presented in Table 5.9.

Table 5.9: PAIR Sector's Programme Performance (Kshs. Billions)

VOTE	Programme	Gross Estimate			Expenditure			Absorption Rate (%)

Source: MDAs and National Treasury

The General Administration, Planning and support service programme under the National Treasury received the highest budgetary allocation at Kshs.65.1 billion (23 per cent of the gross estimates for the sector), while the Special Initiatives under the State Department for Devolution received the lowest allocation at Kshs.33.54 million translating to less than 1 per cent of the annual estimates.

The total expenditure for the programmes in the period under review amounted to Kshs.61.37 billion representing an absorption rate of 21.49 per cent. This comprised of Kshs.10.11 billion for development activities and Kshs.51.27 billion, incurred on recurrent activities.

Analysis of programme performance shows that National Legislation, Representation and Oversight under the National Assembly recorded the highest proportion of programme expenditure to its gross estimates at 51.1 per cent while Special Initiatives under the State Department for Devolution recorded the lowest translating to 3.7 per cent of the absorption rate.

Further analysis of sub-programme performance shows that Community Development sub-programme under Economic Policy and National Planning programme had the highest expenditure at Kshs.16.01 billion, while the Information Communication Services sub-programme under the General Administration and Support Services had the lowest at Kshs.119,392.

5.11 Social Protection, Culture and Recreation Sector

The Social Protection, Culture and Recreation sector budgetary allocation to fund 15 programmes in FY 2020/21 was Kshs.70.09 billion. The allocation comprised of Kshs.30.39 billion (43 per cent) for development programmes and Kshs.39.70 billion (57 per cent) for recurrent programmes.

Table 5.10 presents an analysis of the Social Protection, Culture and Recreation sector's programme for the first three months of FY 2020/21.

Table 5.10: Social Protection, Culture and Recreation Sector's Programme Performance (Kshs. Billions)

Source: MDAs and National Treasury

The National Social Safety Net programme under the State Department for Social Protection, Pensions and Senior Citizens Affairs received the highest budgetary allocation at Kshs.29.76 billion (42 per cent of the gross estimates for the sector), while General Administration, planning and support services under the State Department for Culture and Heritage received the lowest allocation at Kshs.128.66 million translating to less than 1 per cent of the gross estimates.

The total expenditure for the programmes in the period under review amounted to Kshs.9.66 billion representing an absorption rate of 13.8 per cent. This comprised of Kshs.2.82 billion for development activities and Kshs.6.83 billion incurred on recurrent activities.

Analysis of programme performance shows that, the Community Development under the State Department for Gender recorded the highest proportion of programme expenditure to gross estimates at 50 per cent while the Sports programme under the state Department for Sports recorded the lowest absorption rate of 2.6 per cent,.

Further analysis of sub-programme performance shows that, National Safety Net sub-programme under National Safety Net programme had the highest expenditure at Kshs.4.61 billion, while the Regulation of trade Unions sub-programme under the Promotion of the Best Labour Practice had the lowest at Kshs.2.76 million.

6 KEY ISSUES AND RECOMMENDATIONS

6.1 Introduction

This chapter highlights issues that affected budget implementation in the first quarter of FY 2020/21. Further, it provides recommendations aimed at improving budget implementation to achieve effective budget execution in the financial year.

6.1.1 Delays in Exchequer Releases

During the first quarter of FY 2019/20, total exchequer issues to the National and County Governments amounted to Kshs.494.67 billion, representing 17.9 per cent of the annual net estimates. This was a decrease compared to 22 per cent recorded in a similar period of FY 2019/20 (Kshs.571.1 billion in absolute figures). It would be expected that by the end of the first quarter, the exchequer releases should be around 25 per cent of the annual estimates.

From the analysis of financial reports submitted by MDAs, the low level of expenditure on programme implementation as well as the pending bills at the end of the year can be attributed to delays in exchequer releases by the National Treasury. Delay in the disbursement of Exchequers affects the implementation of programmes plans by government entities and subsequently affects the timely delivery of services.

The COB recommends that the National Treasury releases funds to the MDAs based on their annual work-plans and cash flow projections.

6.1.2 High Level of Public Debt

PFM Act, 2012 allows the government to borrow funds internally and externally to meet budget deficits. While borrowing, the government should ensure that its financing needs and payment obligations are at the lowest market cost and with prudent risk.

As at 30th September 2020, the gross public debt stood at Kshs.7.12 trillion and had increased by 19.3 per cent from Kshs.5.97 trillion as at 30th September 2019. External debt grew by Kshs.551.72 billion (17.7 per cent) while domestic debt grew by Kshs.600.16 billion (21 per cent). The increase was due to the disbursements from multilateral organizations and uptake of domestic debt during the reporting period.

Actual expenditure on public debt amounted to Kshs.138.75 billion in the reporting period, representing 15.3 per cent of the gross estimates and 40.5 per cent of the ordinary revenue in the first three months of FY 2020/21.

Increased public borrowing may result in undesirable fiscal consequences such as high interest rates, inflation, and overburdening of future generations. The Kenya shilling may also depreciate against the World's major currencies due to demand for foreign currency to service foreign currency-denominated debt. To overcome this, COB recommends that, the National Treasury should take appropriate measures to ensure public debt remains at sustainable levels and also boost revenue by expanding domestic tax sources to meet government obligations

6.1.3 Delay in Submission of Financial Reports to the Office of the Controller of Budget

The COVID-19 disease was first reported in the world in December 2019 while the first case was recorded in Kenya on 13th March 2020. This prompted the government to institute stringent measures to curb the spread of the disease. While the COVID-19 pandemic is primarily a health crisis, it has caused far-reaching ramifications on budget implementation because some of the responses instituted to control its spread have disrupted millions of livelihoods with a disproportionate impact on poor households.

Given the disruptions occasioned by the actions taken by the government to contain the spread of the COVID-19 pandemic, it is clear that measures have impacted negatively on all sectors of the economy. Besides, the actions affected the implementation of planned activities thereby resulting in low revenue and expenditure.

The government should continuously monitor the impact of the instituted measures on the economy and effectiveness in dealing with the pandemic. Appropriate monitoring will enable the government to devise prompt frameworks for action aimed at saving lives, protecting households, businesses, and the economy from the possible decline caused by the pandemic

6.1.4 Effect of the COVID-19 Pandemic on Budget Implementation

The COVID-19 disease was first reported in the world in December 2019 while the first case was recorded in Kenya on 13th March 2020. This prompted the government to institute stringent measures to curb the spread of the disease. While the COVID-19 pandemic is primarily a health crisis, it has caused far-reaching ramifications on budget implementation because some of the responses instituted to control its spread have disrupted millions of livelihoods with a disproportionate impact on poor households.

Given the disruptions occasioned by the actions taken by the government to contain the spread of the COVID-19 pandemic, it is clear that measures have impacted negatively on all sectors of the economy. Besides, the actions affected the implementation of planned activities thereby resulting in low revenue and expenditure.

The government should continuously monitor the impact of the instituted measures on the economy and effectiveness in dealing with the pandemic. Appropriate monitoring will enable the government to devise prompt frameworks for action aimed at saving lives, protecting households, businesses, and the economy from the possible decline caused by the pandemic.

6.1.5 Low Allocation on Development Expenditure

The approved budget for the national government in FY 2020/21 amounted to Kshs.2.92 trillion, comprising of Kshs.633.31 billion for development expenditure and Kshs.2.28 trillion for recurrent expenditure, representing 21.7 and 88.3 per cent respectively. The recurrent budget consisted of Kshs.1.25 trillion for MDAs' programmes and Kshs.1.03 trillion towards Consolidated Fund Services. The outlined proportions are in contravention the provision of Section 15(2)(a) of the PFM Act, 2012 which provides that, over the medium term, a minimum of thirty per cent of the national and county governments budget shall be allocated to development expenditure.

The COB, therefore, advises the National Treasury to ensure that allocations towards development expenditure are within the law.

7 CONCLUSION

The Office of the Controller of Budget prepared this first quarter National Government Budget Implementation Review Report covering the period July to September 2020 in fulfilment of Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016. The report sought to provide information on budget implementation in the first three months of the FY 2020/21 and identified key issues that hampered effective budget execution by the National Government.

In the first three months of FY 2020/21, budget implementation recorded low performance compared to a similar period FY 2019/20. Receipts into the Consolidated Fund were Kshs.602.02 billion, which was 21.3 per cent of the annual target, recording a Kshs.35.38 billion decline compared to the Kshs.637.4 billion received in a similar period of the FY 2019/20 (24.5 per cent of the annual target). The decline could be attributable to low economic activities largely occasioned by the measures introduced by the government in mitigating the spread of the COVID-19 disease. The effects on economic activities included loss of employment due to closure of businesses mostly in the manufacturing line and hospitality industry; decline in foreign trade volumes; reduction on Value Added Tax from 16 per cent to 14 per cent, Pay as You Earn and Corporate tax from 30 to 25 per cent, among others. Exchequer issues to MDAs and County governments in the reporting period amounted to Kshs.494.67 billion, representing 17.9 per cent of the net estimates. The exchequers comprised of Kshs.79.85 billion for development expenditure, Kshs.388.6 billion for recurrent expenditure and Kshs.26.22 billion towards county governments representing 20.6 per cent, 18.6 per cent and 8.3 per cent respectively.

Total expenditure by the national government was Kshs.592.90 billion representing an overall budget absorption rate of 23.5 per cent compared to 20.6 per cent recorded in a similar period of FY 2019/20. The expenditure comprised of development expenditure of Kshs.172.0 billion, representing an average absorption rate of 27.2 per cent and recurrent expenditure of Kshs.420.90 billion, representing an average absorption rate of 18.4 per cent of the gross recurrent budget. The decline in absorption rate of the recurrent budget could be attributable to drop in public debt expenditure and scaling down of operations for the MDAs following COVID -19 pandemic measures put in place to curb its' spread.

In overseeing budget implementation, the Controller of Budget identified key issues which hampered overall budget performance in delivering on the country's development agenda. These include delays in disbursement of the exchequer to MDAs and county governments, high level of public debt and the effects of COVID-19 on the economy. The National Treasury should ensure exchequer releases to MDAs and counties are released as per their annual work-plans and cash flow projections. To overcome the burden of increased borrowing, the National Treasury should take appropriate measures to enhance domestic revenue mobilization. Finally, to overcome the negative effect of the COVID-19 pandemic to the economy, the government should monitor and review the instituted measures on the impact of to the economy and take action aimed at protecting lives and supporting businesses to enhance economic productivity in the country.

ANNEXES

ANNEX I: MDAs Development Expenditure (Kshs.)

VOTE	MINISTRY/STATE DEPARTMENT	Gross Estimates	Net Estimates	Exchequer Issues	Expenditure	% of Exchequer issues to Net Estimates	% Expenditure to Gross Estimates
