NATIONAL GOVERNMENT
BUDGET IMPLEMENTATION REVIEW REPORT

FIRST NINE MONTHS
FY 2020/21

MAY, 2021

FOREWORD

I am pleased to present the National Government Budget Implementation Review Report (BIRR) for the first nine months of the Financial Year (FY) 2020/21, covering the period July 2020 to March 2021. The report is published in fulfilment of Article 228 (6) of the Constitution of Kenya and the Controller of Budget Act 2016, which requires the Controller of Budget (COB) to submit to both Houses of Parliament a report on the implementation of budgets of both National and County Governments every four months.

The report presents information on the approved budgets, funds released to the Ministries, Departments and Agencies (MDAs) and progress made on budget implementation at a time when the country is experiencing prolonged Corona Virus Disease (COVID-19) effects on the business environment, social and health sectors. The budget implementation report is based on financial reports submitted by MDAs in line with Section 83(4) of the Public Finance Management Act, 2012. It is further informed by financial data generated from the Integrated Financial Information System (IFMIS). The report identifies the key issues that affected budget implementation in the period and makes recommendations to address them to enhance budget implementation. In the execution of the mandate, the COB has identified emerging issues that should be addressed to comply with the principles of public finance and improve budget credibility.

The report is crucial in providing information on budget implementation to the Parliament and other key stakeholders. The office of the Controller of Budget (OCOB) is committed to ensuring that the report is accessible to members of the public in line with Section 39(8) of the Public Finance Management Act, 2012 (PFM), thereby enhancing openness and transparency while promoting accountability in the use of public resources.

I have the honour of appreciating all those who made possible, the preparation of this report. Specifically, this goes to the staff of the MDAs for availing the financial information and to my staff who collated, compiled and published the report.

Dr. Margaret Nyakang'o
CONTROLLER OF BUDGET

EXECUTIVE SUMMARY

This is the first nine months National Government Budget Implementation Review Report for FY 2020/21. It has been prepared in line with Article 228 of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016, which requires the Controller of Budget to submit to Parliament quarterly budget implementation reports for the National and County Governments every four months.

During the reporting period, receipts into the consolidated fund amounted to **Kshs.1.872 trillion**, representing 63.6 per cent of the annual target of Kshs.2.94 trillion, a slight increase compared to Kshs.1.78 trillion (67 per cent of the annual target) recorded in a similar period of FY 2019/20. Total exchequer issues to the MDAs, Consolidated Fund Service (CFS) and County Governments amounted to **Kshs.1.865 trillion** representing 63.4 per cent of the revised net estimates, a decline compared to 65.7 per cent recorded in a similar period of FY 2019/20. Exchequer issues comprised of **Kshs.184.30 billion** for development expenditure, **Kshs.1.48 trillion** for recurrent expenditure and **Kshs.201.54 billion** to the County Governments representing 45.9 per cent, 68.6 per cent and 54.5 per cent respectively.

The total expenditure by the national government amounted to **Kshs.1.83 trillion**, representing 60.0 per cent of the revised gross estimates, a decline compared to 62.9 per cent recorded in the first nine months of FY 2019/20. This comprised of development, recurrent expenditure and CFS expenditure of **Kshs.334.54 billion** (48.0 per cent of revised gross development estimates), **Kshs.815.79 billion** (64 per cent of revised gross recurrent estimates) and **Kshs.676.67 billion** (63.0 per cent of revised gross estimates) respectively. Gross development expenditure was higher than exchequer issues due to Appropriations-in-Aid realized in funding some of the expenditures.

A review of the development expenditure by budget items shows that, Capital Transfers to Semi-Autonomous Government Agencies (SAGAs) were the highest at Kshs.183.84 billion representing 54.9 per cent of the gross development budget. Construction of Non-residential Buildings at Kshs.19.68 billion representing 5.9 per cent of the gross development expenditure. Analysis of recurrent expenditure shows that a total of Kshs.354.45 billion was spent on compensation to employees representing 43.9 per cent of the gross recurrent expenditure by MDAs. The Teachers Service Commission (TSC) recorded the highest expenditure on compensation to employees at Kshs.206 billion, translating to 57.3 per cent of total expenditure on compensation to employees by the national government. This is attributed to the fact that the bulk of the TSC's budget is for teachers' salaries. Further, some budget items recorded low levels of expenditure, which was attributed to the impact of Corona Virus Disease (COVID -19) mitigation measures adopted by the government to curb the spread of the disease. Those affected were Travelling, Training and Hospitality activities which are some of the major spending budget items by the MDAs.

The OCOB identified key challenges that hindered effective budget implementation in the first nine months of the FY 2020/21. These included; low absorption of development budget by MDAs, high levels of public debt, delays in submission of financial reports resulting in the delay in reporting on budget implementation and thereby affecting budget oversight and reduction of budgets without involving the spending units.

The Controller of Budget makes recommendations aimed at addressing the challenges. They include the need for the National Treasury to release funds to MDAs based on their work-plans and cash flow projections to ensure implementation of the planned activities are executed in time. Accounting Officers should ensure timely submission of financial reports to the OCOB in line with Section 83 of the PFM Act, 2012 to allow for timely preparation and publication of Budget Implementation Review Report (BIRRS). To check on the burden of public debt and other related fiscal strains, the government should enhance collection of domestic taxes in order to expand the fiscal space. Further, the government should promote prudent use of public funds through frugality to reverse the cycle of public debt.

KEY HIGHLIGHTS

ANNUAL BUDGET TREND FROM FY 2016/17 TO FY 2020/21 (Kshs.Bn)

RECEIPTS INTO THE CONSOLIDATED FUND FOR THE NINE MONTHS
FY 2020/21 (Kshs.Bn)

OVERALL NATIONAL GOVERNMENT BUDGET PERFORMANCE IN THE FIRST NINE MONTHS OF THE FY 2020/21

Exchequer Issues

National Government Expenditure

* Expenditure is significantly higher than the total development exchequers issued due to Appropriations-in-Aid (A-I-A) generated by the MDAs and donor funding. A-I-A is revenue in the form of receipts from user charges collected internally by an MDA and is spent by the entity that raised the revenue.

1 INTRODUCTION

The office of the Controller of Budget is established under Article 228 of the Constitution of Kenya and mandated to oversee the implementation of the budgets of the National and County Governments by authorizing withdrawals from public funds under Articles 204, 206 and 207 of the Constitution and to report on the implementation of the budgets to each House of Parliament every four months. This report fulfils the requirement of Article 228(6), of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016 by presenting progress on the budget implementation by national government in the first nine months of the FY 2020/21.

The report presents budget implementation status by MDAs cumulatively, in the first nine months of the FY 2020/21. To evaluate budget performance, key parameters are presented in percentages to determine productivity. Implementation of budgeted activities in financial terms include exchequer issues and expenditure by respective MDAs and compared to a similar period of FY 2019/2020. Exchequer issues performance is expressed as a percentage of net estimates while expenditure, as a percentage of gross budget. Net estimates budget presents the portion to be funded via exchequer while gross budget includes both exchequer issues and Appropriation in Aids (AIA) and funding from development partners.

The report is organised into eight chapters. Chapter one on introduction provides a summary on organisation of the report. Chapter two presents information on financing of the budget, comprising of receipts into the Consolidated Fund and release of funds to facilitate delivery of budgeted activities by MDAs, for both development and recurrent activities, CFS and the forty-seven counties.

Chapter three presents a summary on the budget performance in the first nine months of the FY 2020/21. It also provides detailed performance of the CFS, which comprises of Public debt, Pensions and Gratuities, and Salaries and Allowances to Constitutional Office holders. It further presents expenditure breakdown of budget items for the MDAs for both development and recurrent budgets.

In chapter four, we present further analysis of budget implementation by MDAs. Analysis of performance for both development and recurrent expenditure is aggregated into sectors. The report presents figures as revised estimates following the approval of Supplementary Budget I by the Parliament and the assent to by the President. The detailed analysis of the exchequer issues to revised net estimates and actual expenditure to revised gross estimates for MDAs are classified into ten (10) Sectors according to the Classification of Functions of the Government. The sectors are; (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT), (iv) Environmental Protection, Water and Natural Resources (EWNr), (v) General Economic and Commercial Affairs (GECA), (vi) Governance, Justice, Law and Order (GJLO), (vii) Health, (viii) National Security, (ix) Public Administration and International Relations (PAIR), (x) Social Protection, Culture and Recreation (SPCR), sector.

Chapter five provides budget performance by programmes for each MDA and further breakdown into sub-programmes with the highest and lowest expenditure in the period under review. Chapter six highlights key issues that affected budget implementation in the first nine months of the FY 2020/21 and provides recommendations aimed at improving budget implementation. Chapter seven presents emerging issues which COB has come across in the course of executing the Constitutional mandate of budget implementation and chapter eight provides a conclusion.

The chapters are supported by annexes. A PDF version of the report is available on the COB website, <https://cob.go.ke>.

2 ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1 Introduction

This chapter provides a summary of receipts into the Consolidated Fund and an analysis of exchequer issues in the first nine months of the FY 2020/21. Exchequer issues comprise disbursements by the National Treasury towards development expenditure, recurrent expenditure and transfers to the forty-seven counties.

2.2 Analysis of Revenue Estimates and Receipts into the Consolidated Fund

This section presents a summary of the revenue estimates and receipts into the Consolidated Fund in the first nine months of the FY 2020/21. The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and is the account into which all money raised or received by or on behalf of the national government is paid. It excludes money that is reasonably excluded from the Fund by an Act of Parliament and payable into another public fund established for a specific purpose, or is retained by the State organ that received it to defray its expenses. The section also provides the trend of receipts into the Consolidated Fund over similar periods in the last five financial years.

2.2.1 FY 2020/21 Revenue Estimates

The revised revenue estimates for the FY 2020/21 amounted to Kshs.2.94 trillion, an increase compared to Kshs.2.65 trillion budgeted in the FY 2019/20. To finance the budget, the government through the National Treasury budgeted to raise revenue from various sources which include: Tax revenue (Kshs.1.50 trillion), Non-tax revenue (Kshs.124.32 billion), Domestic borrowing (Kshs.853.85 billion), External Loans and Grants (Kshs.418.80 billion) and other Domestic financing at Kshs.28.47 billion.

2.2.1 Receipts into the Consolidated Fund

In the first nine months of the FY 2020/21 receipts into the Consolidated Fund were Kshs.1.87 trillion representing 63.6 per cent of the annual target, a slight increase compared to Kshs.1.78 trillion (67 per cent of the annual target) recorded in a similar period FY 2019/20. The receipts comprised of opening balances from the previous financial year (FY 2019/20), Tax and non-tax revenue, Domestic borrowing, External Loans and Grants and other Domestic financings. Table 2.1 presents the statement of receipts into the Consolidated Fund in the first nine months of the FY 2020/21.

Table 2.1: Statement of Receipts into the Consolidated Fund (Kshs. Billion)

Receipts Category	Original Revenue Estimates	Revised Revenue Estimates	Actual Receipts as of 31 st March 2021	Performance (First nine months of FY 2020/21) Against Annual Target (%)	Contribution by Category (%)
Opening Balance 01.07.2020	-	48,028,919,425.79	48,028,919,425.79	-	2.6
Tax Revenue	1,567,632,123,908.99	1,469,689,102,804.07	1,037,151,011,132.30	70.6	55.4
Non-Tax Revenue	66,134,718,178,.01	124,320,218,750.66	69,725,869,066.85	56.1	3.7
Domestic Borrowing	786,648,145,090	853,848,872,087.67	647,971,185,031.35	75.9	34.6
External Loans and Grants	373,196,540,683	418,797,974,724	65,816,853,630.95	15.7	3.5
Other Domestic Financing	36,816,500,886	28,469,464,450.81	3,658,500,144.10	12.9	0.2
Total Receipts	2,830,428,028,746	2,943,154,552,243	1,872,352,338,431.34	63.6	100

Source: National Treasury

The tax revenue category contributed the highest proportion to total receipts at 55.4 per cent as shown in Figure 2.1.

Figure 2.1 : Contribution by Source into the Consolidated Fund

Source: National Treasury

Figure 2.2 shows the trend of receipts into the Consolidated Fund in the first nine months of the financial year from FY 2016/17 to FY 2020/21.

Figure 2.2: Receipts into the consolidated fund in the first nine months from FY 2016/17 to FY 2020/21

Source: National Treasury

Trend analysis shows growth in receipts in the first nine months of the FY 2020/21 compared to a similar period of FY 2019/20. Kenya Revenue Authority has attributed the growth in revenue to sustained compliance efforts, revenue enhancement initiatives and improved voluntary compliance by taxpayers.

2.3 FY 2020/21 Overall Budget

The approved budget for the FY 2020/21 was Kshs.3.29 trillion comprising of Kshs.2.28 trillion for recurrent expenditure, Kshs.633.31 billion for development expenditure and Kshs.369.87 billion towards financing county governments. The figure was revised to Kshs.3.42 trillion in Supplementary Budget I comprising of Kshs.2.35 trillion for recurrent expenditure, Kshs.696.57 billion for development and Kshs.369.87 billion to county governments by national government.

2.4 Exchequer Issues to MDAs and County Governments

In the first nine months of the FY 2020/21, total exchequer issues from the National Treasury to the MDAs and County governments amounted to Kshs.1.87 trillion representing 63.4 per cent of the revised net estimates, a decline compared to 65.7 per cent of exchequer issues to revised net estimates issued in a similar period of the FY 2019/20. Table 2.2 presents a summary of the exchequer issues for the first nine months of the FY 2020/21 against the revised net estimates.

Table 2.2 Summary of Exchequer Issues (Kshs. Billion)

Source: National Treasury & OCOB

Further analysis from table 2.2 shows that recurrent expenditure received the highest percentage of exchequer issues to revised net estimates at 68.6 per cent while the development expenditure received the lowest at 45.9 per cent. Considering the implementing period of the year, this is an indication of a low level of exchequer issues for development, subsequently resulting in delays in implementation of planned activities.

Figure 2.3 illustrates the proportion of issues by vote. The highest proportion went to recurrent expenditure at 79.3 per cent while development expenditure received the lowest at 9.9 per cent. However, exchequer issues to county governments includes Kshs.29.72 billion as equitable share arrears for FY 2019/20 and therefore, exchequer issues to County government could be the lowest which is attributed to delay in the enactment of the County Allocation of Revenue Act, 2020 (CARA), gazetted on 12th October, 2020.

2.5 Exchequer Issues to MDAs by Sector.

MDAs are classified into ten Sectors according to the Classification of Functions of Government (COFOG), which is designed to support fiscal analysis by breaking down government fiscal statistics for the purpose of comparability across governments.

The ten sectors are (i) Agriculture, Rural and Urban Development (ii) Education (iii) Energy, Infrastructure and Information Communications Technology (iv) Environmental Protection, Water and Natural Resources (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

In the period under review, exchequer issues to MDAs amounted to Kshs.902.78 billion representing 60.8 percent of the revised net estimates, a decline compared to 65.1 per cent (Kshs.966.1 billion), recorded in the first nine months of the FY 2019/20. Table 2.3 shows summary of exchequer issues by sector in the first nine months of FY 2020/21.

Table 2.3: Exchequer Issues per Sector in the First nine Months of the FY 2020/21 (Kshs.Billion)

GJLO sector received the highest proportion of exchequer issues to revised net estimates at 70.4 per cent while the Health sector received the lowest exchequer issues at 42.4 per cent.

2.5.1 Development Exchequer Issues by Sector

In the FY 2020/21, the gross allocation to development expenditure was Kshs.633.31 billion which was revised to Kshs.696.57 billion in the Supplementary Budget I, representing 35.3 per cent of the revised gross budget to MDAs, a decrease compared to Kshs.762.9 billion allocated in the FY 2019/20. Further analysis shows that, development expenditure was allocated 20.4 per cent of the revised gross national budget. Table 2.4 shows sectoral development revised gross estimates and exchequer issues in the first nine months of the FY 2020/21

Table 2.4: Sectoral Development Estimates and Exchequer Issues (Kshs. Billion)

Total	696.57	401.42	184.30	45.9	762.9	436.4	242.2	55.5

Source: National Treasury & OCOB

Total development expenditure exchequer issues in the first nine months period was Kshs.184.30 billion representing 45.9 per cent of the revised net estimates. This was a decline compared to 55.5 per cent (Kshs.242.2 billion) issued in a similar period of FY 2019/20. Analysis of exchequer issues towards development expenditure

per sector shows that ARUD sector received the highest proportion of exchequer issues to net estimates at 68.7 per cent while Health sector received the lowest at 23.2 per cent. Table 2.5 shows development issues to the MDAs under each of the ten sectors.

2.5.1 Recurrent Exchequer Issues by Sector

In the FY 2020/21, gross recurrent expenditure estimates to MDAs was Kshs.1.25 trillion, revised to Kshs.1.28 trillion in the Supplementary Budget I, representing 64.7 per cent of the MDAs allocation, an increase compared to Kshs.1.22 trillion allocated in the FY 2019/20. Further analysis shows that, MDAs recurrent expenditure was allocated 37.3 per cent of the revised gross national budget. Table 2.6 shows the sectoral recurrent estimates and exchequer issues in the first nine months of the FY 2020/21.

Table 2.6: Sectoral Recurrent Estimates and Exchequer issues (Kshs. Billion)

Source: National Treasury & OCOB

Total exchequer issues towards MDAs recurrent expenditure in the period under review amounted to Kshs.718.48 billion representing 66.3 per cent of the revised net estimates, a decline compared to 69.1 per cent (Kshs.723.8 billion) recorded in a similar period FY 2019/20, attributed to delay in release of exchequer issues to MDAs by the National Treasury.

A review of recurrent exchequer issues in the period under review shows that, GJLO sector received the highest percentage of exchequer issues to revised net estimates at 70.7 per cent while SPCR sector received the lowest proportion at 53.8 per cent. Table 2.7 shows recurrent issues to the MDAs in each of the ten sectors.

2.5.1 Exchequer Issues to Consolidated Fund Services (CFS)

The Consolidated Fund Services (CFS) comprise funds allocated towards (i) Repayment of Public Debt (domestic and foreign), and government-guaranteed loans to parastatals, (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Office holders and Miscellaneous Services, and (iv) Subscriptions to International Organizations.

The allocation to CFS in FY 2020/21 amounted to Kshs.1.03 trillion, revised to Kshs.1.07 trillion in the revised Supplementary Budget I, an increase from the Kshs.807.78 billion allocated in the FY 2019/20. Further analysis shows that, CFS was allocated 31.4 per cent of the revised gross national budget. Table 2.8 shows exchequer issues to CFS in the first nine months of FY 2020/21.

Table 2.8: CFS Budgetary Allocation and Exchequer Issues (Kshs. Million)

Consolidated Fund Services (CFS)	First nine months, FY 2020/21			First nine months, FY 2019/20		
	Revised Net Estimates	Exchequer Issues	% of Exchequer to Revised Net Estimates	Revised Net Estimates	Exchequer Issues	% of Exchequer to Revised Net Estimates
Public Debt	958,402.99	699,487.73	73.0	696,554.16	512,587.98	73.6

Total	1,073,713.38	761,493.43	70.9	805,779.80	579,403.13	71.9

Source: National Treasury & OCOB

In the first nine months of FY 2020/21, the total exchequer issues to CFS was Kshs.761.49 billion, representing 70.9 per cent of the revised net estimates, a decrease compared 71.9 per cent (Kshs.579.40 billion) recorded in a similar period of FY 2019/20. Public debt servicing received the highest proportion of exchequer issues to revised net estimates at 73 per cent while Salaries, Allowances & Miscellaneous Services had the lowest at 47 per cent.

3 OVERALL BUDGET PERFORMANCE

3.1 Introduction

This chapter presents expenditure analysis for the first nine months of FY 2020/21 for both development and recurrent expenditure by National Government Ministries, Departments and Agencies (MDAs). The Consolidated Fund Services (CFS) is discussed under recurrent expenditure and provides information on Public debt; Pensions and Gratuities as well as Salaries and allowances to Constitutional office-holders and Miscellaneous services. The chapter also presents expenditure breakdown by budget items for both the development and recurrent votes.

3.2 Overall Government Budget Performance

In the FY 2020/21 revised aggregate budget was Kshs.3.42 trillion, as presented in table 3.1. It consists of budget estimates for the MDAs and allocation to county governments from the national government.

Table 3.1: Overall Government Budget Performance (Kshs. Billion)

Notes

The CARA 2020 allocated a total of Kshs.369.87 billion to the County Governments and comprised of Kshs.316.5 billion as equitable share, Kshs.23.16 billion and Kshs.30.20 as Conditional Grants funded by National Government and Development Partners respectively.

The difference between the exchequer issues of Kshs.201.54 billion and expenditure of Kshs.221.39 billion was financed by own source revenue and balance brought forward for FY 2019/20 by the County Governments.

Gross County Governments budget for the FY 2020/21 amounted to Kshs.500.77 and expenditure for the period was Kshs.221.39 representing an absorption rate of 44.2 per cent.

The total funding by the National Government through exchequer issues in the first nine months of FY 2020/21 amounted to Kshs.1.87 trillion representing 63.7 per cent of the revised net estimates, a decline compared to 65.7 per cent achieved in a similar period of FY 2019/20. The exchequer issues comprised of Kshs.184.30 billion (45.9 per cent) for development expenditure, Kshs.1.48 trillion for recurrent expenditure (68.6 per

cent) and Kshs.201.54 billion to the counties (54.5 per cent). Overall expenditure for both the National and County Governments was Kshs.2.05 trillion, recording an absorption rate of 60.0 per cent, a decline from 63.0 per cent achieved in a similar period of the FY 2019/20.

Figure 3.1 and 3.2 shows a comparison of annual budget allocations and expenditure by sector in the first nine months of FY 2020/21.

3.3 Consolidated Fund Services (CFS)

The revised allocation to CFS for the FY 2020/21 amounted to Kshs.1.07 trillion representing 31.4 per cent of the revised gross national budget. This was an increase from Kshs.870.48 billion allocated in the FY 2019/20. Table 3.2 presents a summary of CFS implementation status in the first nine months of the FY 2020/21.

Table 3.2: Consolidated Fund Services Expenditure (Kshs. Million)

Consolidated Fund Services (CFS)	Original Estimates	Revised Estimates	Exchequer Issues	Cumulative Expenditure	Expenditure as % of Revised Gross Estimates
Public Debt	904,703.67	958,403.00	699,487.73	614,689.00	64.1
Pensions and Gratuities	119,192.48	111,142.48	60,046.87	60,046.87	54.0
Salaries & Allowances and Miscellaneous Services	4,167.41	4,167.41	1,958.83	1,937.87	46.5
Subscriptions to International Organizations	0.0005	-	-	-	-
Total	1,028,063.56	1,073,712.89	761,493.43	676,673.74	63.0

Source: National Treasury

Total CFS expenditure in the period under review amounted to Kshs.676.67 billion representing 63 per cent of the revised CFS annual estimates, an increase compared to Kshs.518.28 billion (64.3 per cent of revised budget estimates), recorded in a similar period of FY 2019/20. This is attributed to growth in the principal amount paid over the period for both domestic and external debt as well as growth in interest paid on domestic debt respectively.

3.3.1 Public Debt

As of 31st March 2021, total public debt stock stood at Kshs.7.34 trillion representing 16.7 per cent growth from Kshs.6.28 trillion as of 31st March 2020. The stock of debt is 51.4 per cent external and 48.6 per cent domestic.

Table 3.3: Overall Public and Publicly Guaranteed Debt position as of 31st March 2021

	Amount (Kshs. Million)	Percentage (%)
External Debt

Source: National Treasury

Figure 3.3 shows public debt position as at 31st March 2021.

Figure 3.3: Trend in Public Debt for the period March 2018 to March 2021

Source: National Treasury

The revised allocation towards servicing of public debt in the FY 2020/21 amounted to Kshs.958.40 billion, representing 89.3 per cent of the CFS revised budgetary allocation, an increase compared to Kshs.696.55 billion allocated in the FY 2019/20. This comprised of Kshs.499.66 billion for loan redemptions, and Kshs.458.74 billion for interest payment respectively. Redemptions comprised of Kshs.137.71 billion and Kshs.361.96 billion for external and domestic debt respectively, while interest payments comprised of Kshs.118.75 billion and Kshs.339.99 billion for external and domestic debt respectively.

Total expenditure on public debt during the reporting period amounted to Kshs.614.69 billion; representing 64.1 per cent of the revised annual estimates, recording a growth compared to Kshs.455.23 billion (64.5 per cent) recorded in a similar period of the FY 2019/20. This is attributed to growth in the principal amount paid over the period for both domestic and external and growth in interest paid on domestic debt respectively.

The expenditure comprised of Kshs.248.40 billion towards principal redemptions and Kshs.366.29 billion towards interest payments. External debt servicing amounted to Kshs.183.92 billion and is comprised of Kshs.103.74 billion and Kshs.80.18 billion towards principal and interest payments respectively. Total domestic debt amounted to Kshs.430.77 billion comprised of Kshs.144.66 billion and Kshs.186.11 billion towards principal and interest payment respectively.

3.3.1 Salaries and Allowances and Miscellaneous Services

The allocations for payment of salaries and allowances for Constitutional Officeholders in the FY 2020/21 amounted to Kshs.4.17 billion, a decline of Kshs.476 million compared to the revised allocation of Kshs.4.64 billion allocated in the FY 2019/20. Total expenditure towards this vote was Kshs.1.94 billion representing 46.5 per cent of the revised annual estimates, a decline compared to Kshs.2.67 billion (56.4 per cent) recorded in a similar period of the FY 2019/20. Figure 3.4 shows the trends in budgetary allocations and expenditure for Salaries, allowances and miscellaneous services in the first nine months of the year from March 2018 to March 2021.

Figure 3.4: Trends in Salaries, Allowances and Miscellaneous Services performance for the first nine months of the Year from March 2018 to March 2021

Source: National Treasury

The reduction in both budget provisions and expenditure compared to FY 2019/20 is attributed to the full settlement of the guaranteed State-Owned Enterprises debts in March 2020, (which is budgeted under Salaries, allowances and Miscellaneous vote).

3.3.1 Pensions and Gratuities

The revised estimates for pensions and gratuities for the FY 2020/21 amounted to Kshs.114.14 billion, an increase compared to the Kshs.86.99 billion allocated in the FY 2019/20. Total payments towards Pensions and gratuities in the first nine months of the FY 2020/21 amounted to Kshs.60.05 billion, representing 54 per cent of the revised gross estimates, a decline from Kshs.64.16 billion (61.4 per cent) recorded in a similar period of FY 2019/20. The low absorption on Pensions and gratuities budget is attributed to delays in the release of funds from the National Treasury. As of 31st March 2021, a total of Kshs.20.67 billion in pension claims were ready for payment awaiting funding. Figure 3.5 shows the trend in annual budgetary allocation and expenditure for pensions and gratuities for the first nine months of the year between March 2018 and March 2021.

3.4 MDAs Expenditure Analysis.

This section presents an analysis of MDAs expenditure for both development and recurrent activities in the first nine months of FY 2020/21. Development expenditure is analysed by the main budget items, which include Capital Transfers to SAGAs, Civil Works and Construction of Residential and Non-Residential Buildings, Refurbishment of Buildings/infrastructure, Purchase of Specialized Plant, Equipment and Machinery, Pre-Feasibility studies, while the rest are aggregated under Other expenses.

Recurrent expenditure analysis is based on main budget items namely Compensation to Employees and Operations and Maintenance (O&M). O&M is further disaggregated into the various budget items expenditure which include Travelling, Printing and Advertising, Rentals and Rates for Non-Residential Buildings, Training, Hospitality, Maintenance Expenses for motor vehicles and other assets, Current Transfers to SAGAs, among other expenses.

3.4.1 MDAs Development Expenditure Analysis

In the FY 2020/21, gross allocation towards MDAs development activities amounted to Kshs.633.31 billion, revised to Kshs.696.57 billion in Supplementary Budget I, a decline compared to Kshs.712.6 billion allocated in the FY 2019/20. Funding of the development budget was targeted to be through donor funding from development partners and by the government at Kshs.295.15 billion and Kshs.401.42 billion respectively. Table 3.4 shows the breakdown of development expenditure by MDAs in the first nine months of the FY 2020/21.

Table 3.4: Breakdown of Development Expenditure by MDAs (Kshs. Million)

MINISTRY/STATE DEPARTMENT	Capital Transfers	Construction of Non-residential Buildings	Refurbishment of Buildings/ Infrastructure	Construction of Residential Buildings (Including Hostels.) Analysis of MDAs development expenditure by budget items in the first nine months of the FY 2020/21 shows that, the highest expenditure by category was on Capital Transfers to SAGAs at Kshs.183.84 billion, representing 54.9 per cent of the gross development expenditure. The second highest spending category was Construction of Non-residential Buildings at Kshs.19.68 billion representing 5.9 per cent of the development expenditure. Other categories with significant expenditure include Refurbishment of Buildings/ Infrastructure at Kshs.9.45 billion, and Purchase of Specialized Plant, Equipment and Machinery at Kshs.3.83 billion represent 2.8 per cent and 1.1 per cent respectively.

Further analysis shows that the State Department for Planning had the highest Capital Transfers to SAGAs at Kshs.42.01 billion representing 22.9 per cent of the total capital transfers followed by the State Department for Infrastructure at Kshs.19.39 billion which represented 10.5 per cent. Ministry of Energy incurred the highest expenditure on Construction of Non-residential Buildings at Kshs.16 billion, representing 81.2 per cent of the expenditure under this category. The Presidency reported the highest spending on refurbishment of buildings/infrastructure at Kshs.6.86 billion which was equivalent to 72.6 per cent of the total expenditure under this category. Figure 3.6 shows the composition of MDAs development expenditure in the first nine months of the FY 2020/21.

Figure 3.6: Breakdown Summary of MDAs' Development Expenditure (Kshs. Million)

3.4.1 MDAs Recurrent Expenditure Analysis

In the FY 2020/21, the allocation for MDAs recurrent expenditure amounted to Kshs.1.25 trillion, revised to Kshs.1.28 trillion in the Supplementary Budget I, representing an increase compared to Kshs.1.26 trillion allocated in FY 2019/20. Total expenditure by MDAs in the first nine months of the year was Kshs.815.79 billion representing 64.2 per cent of the revised gross recurrent estimates.

A breakdown of the MDAs total recurrent expenditure in the first nine months of the FY 2020/21 is presented in table 3.5

Table 3.5: Breakdown of Recurrent Expenditure by MDAs (Kshs. Million)

Source: MDAs and National Treasury

The MDAs recurrent expenditure is disaggregated into Compensation to Employees, Operations and Maintenance, and Current Transfers to SAGAs as discussed below.

3.4.2.1 Compensation to Employees

Compensation to Employees includes Basic salaries for permanent employees, wages for temporary employees and personal allowances paid as part of salary among other payments to staff. The total expenditure under compensation to employees in the period under review was Kshs.354.45 billion representing 43.9 per cent of the MDAs gross recurrent expenditure. This does not include salaries for key departments under Ministry of Defence and National Intelligence Services which are classified under current transfer to SAGAs. Teachers Service Commission recorded the highest expenditure at Kshs.206.0 billion representing 57.3 per cent of the total expenditure on Compensation to Employees.

3.4.2.2 Operations and Maintenance

This category includes among others, domestic and foreign travel, printing and advertising, rent and rates for non-residential buildings, training, hospitality, legal fees, and maintenance expenses for motor vehicles and other assets. Some of the items aggregated under other expenses include refined fuels and lubricants for transport, contracted professional services and motor vehicle insurance.

In the period under review, travelling expenditure was Kshs.9.24 billion, recording a decline compared to Kshs.12.81 billion recorded in a similar period FY 2019/20. This comprised of domestic travel of Kshs.7.73 billion and Kshs.1.51 billion on foreign travel. The decline is attributed to containment measures put in place by the Government to contain the spread of COVID-19. Expenditure on Rentals and Rates-non-Residential Buildings was Kshs.5.26 billion, while hospitality was Kshs.3.01 billion.

Expenditure aggregated under “other expenses” was Kshs.113.25 billion. The highest amount under this by MDAs under this category was Kshs.42.28 billion by the State Department for Early Learning & Basic Education being subsidies towards Board of Governors maintained schools.

3.4.2.3 Transfers to Semi-Autonomous Government Agencies

Transfers by the MDAs to SAGAs are meant to complement activities and mandates executed on behalf of parent ministries. In the period under review, current transfers to SAGAs amounted to Kshs.321.03 billion, representing 39.4 per cent of the gross MDAs recurrent expenditure. The highest transfer was reported by Ministry of Defence at Kshs.89.26 billion representing 27.8 per cent. This majorly comprises of Kshs.86.48 billion as transfer to Kenya Defence Forces as payment to the military. The State Department for University Education and Research recorded Kshs.42.65 billion representing 13.3 per cent of the gross expenditure under this category, which was transfers to public universities and other institutions of Higher Education.

Figure 3.7 shows the composition of MDAs recurrent expenditure for the first nine months of FY 2020/21.

4 DEVELOPMENT AND RECURRENT EXPENDITURE ANALYSIS BY SECTOR

4.1 Introduction

This chapter presents an analysis of performance by sector for both development and recurrent expenditure in the first nine months of the FY 2020/21. Sector performance is presented in an alphabetical order as follows; (i) Agriculture, Rural and Urban Development (ARUD) (ii) Education (iii) Energy, Infrastructure and Information Communications Technology (EI & ICT) (iv) Environmental Protection, Water and Natural Resources (EWNR) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sector.

4.2 Agriculture, Rural and Urban Development (ARUD) Sector

The sector consists of seven MDAs namely: Ministry of Lands and Physical Planning (MoLPP), State Department for Crop Development and Agricultural Research, State Department for Livestock, State Department for Fisheries, Aquaculture and the Blue Economy and the National Land Commission (NLC), together with affiliated Semi-Autonomous Government Agencies and Training Institutions.

The overall goal of the sector is to attain national food security and sustainable management of land and the Blue Economy. Kenya's economic blueprint, the Kenya Vision 2030 and the Government Agenda on the 'Big Four' economic strategy both recognize the ARUD sector as a key player in the economic and social development of the country through food production, employment and wealth creation, foreign exchange earnings, security of land tenure and land management.

The budgetary allocation to the sector in FY 2020/21 amounted to Kshs.61.61 billion but revised to Kshs.68.15 billion in the Supplementary Budget I, representing a 2 per cent increase on the revised gross national budget, a decrease from the Kshs.72.4 billion allocated in FY 2019/20. The reduction is attributable to the transfer of the State Department for Irrigation to Environmental Protection, Water and Natural Resources sector through Executive Order no.6 of 2019 dated 22nd August 2019. The allocation comprised of Kshs.35.93 billion (52.7 per cent) for development activities and Kshs.32.22 billion (47.3 per cent) for recurrent expenditure. The State Department for Crop Development and Agricultural Research received the highest budgetary allocation at Kshs.50.51 billion (74.1 per cent of the sector's allocation), while the National Land Commission had the lowest budgetary allocation at Kshs.1.14 billion (1.7 per cent of the ARUD sector allocation).

The high allocation to the State Department for Crop Development and Agricultural Research is due to its' key role in the agricultural policy and research management, national food policy, strategic food reserve, crops development, phytosanitary services and international standards compliance, agricultural farmers training, agricultural land resources inventory and management, among others. Figure 4.1 shows the budgetary allocation trend for the ARUD sector for the period FY 2016/17 to FY 2020/21.

Figure 4.1: Budgetary Allocation Trend for ARUD Sector

Source: National Treasury

In the first nine months of the FY 2020/21, the total exchequer issues to the ARUD sector amounted to Kshs.34.07 billion representing 67.9 per cent of the sector's revised net estimates, comprised of Kshs.14.22 billion for development expenditure, representing 68.7 per cent of revised development net estimates and Kshs.19.85 billion for recurrent expenditure representing 67.3 per cent of revised recurrent net estimates. Table 4.1 shows ARUD sector analysis of exchequer issues and expenditure in the first nine months of the FY 2020/21.

In the period under review, the State Department for Livestock received the highest proportion exchequer issues for both revised development and recurrent net estimates at 93.6 per cent and 77.0 per cent respectively. while Ministry of Lands and Physical Planning recorded the lowest at 49.3 per cent. The State Department for Crop Development and Agricultural Research recorded the lowest proportion of development expenditure to revised net estimates at 49.3 per cent while the State Department for Fisheries, Aquaculture and the Blue Economy recorded the lowest for recurrent expenditure at 55.6 per cent. Figure 4.2 shows the exchequer issues to ARUD Sector in the first nine months of the FY 2020/21.

Figure 4.2: Exchequer Issues to ARUD Sector

Source: National Treasury

The total expenditure for the ARUD sector in the first nine months of the FY 2020/21 amounted to Kshs.35.22 billion representing 51.7 per cent of the revised gross estimates, a decline compared to 55.4 per cent recorded in a similar period of FY 2019/20. This comprised of Kshs.15.03 billion for the development budget representing an absorption rate of 41.8 per cent, and Kshs.20.19 billion for recurrent expenditure representing 62.7 per cent of the revised recurrent gross estimates, a decline compared to 69.1 per cent recorded in a similar period in the FY 2019/20.

The State Department for Livestock recorded the highest absorption on both development and recurrent budget at 94.7 per cent and 67.9 per cent respectively. The State Department for Crop Development and Agricultural Research recorded the lowest absorption for development budget at 33.7 per cent, while the State Department for Fisheries, Aquaculture and the Blue Economy recorded the lowest recurrent expenditure at 55.6 per cent.

4.3 Education Sector

The Education Sector comprises of five MDAs namely State Department for Early Learning and Basic Education, State Department for University Education, State Department for Vocational and Technical Training, State Department for Post-Training and Skills Development and the Teachers Service Commission (TSC), together with their affiliated Agencies and Institutions.

The Education sector is mandated to provide quality education, training, science, technology, research and skills development. The sector's overall goal is to increase access to education and training, improve quality and relevance of education, reduce inequality as well as leverage on knowledge and skills in science, technology, and innovation for global competitiveness. It also envisions contributing to the achievement of the "Big Four Agenda" by providing the requisite skilled human resources and promoting research and development.

The budgetary allocation to the Education Sector in the FY 2020/21 amounted to Kshs.505.1 billion but revised to Kshs.507.74 billion in the Supplementary Budget I, representing 14.9 per cent of the revised gross national budget, an increase compared to Kshs.500.58 billion allocated in the FY 2019/20. The allocation comprised of Kshs.21.99 billion (4.3 per cent) for development activities and Kshs.485.75 billion (95.7 per cent) for recurrent expenditure. TSC received the highest budgetary allocation of Kshs.274.09 billion (54 per cent of the sector's allocation), which is attributed to its key role of teacher management. The State Department for Post Training and Skills Development had the lowest budgetary allocation of Kshs.129.07 million (1 per cent of the sector's allocation) which is attributed to its mandate, to provide an institutional framework to devise and implement national, sectorial and workplace strategies aimed at developing and improving the skills of the Kenyan workforce and management of skills and post-training policy. Figure 4.3 shows the budgetary allocation trends of the Education sector for the period FY 2016/17 to FY 2020/21.

Figure 4.3: Budgetary Allocation Trend for the Education Sector

Source: National Treasury

In the first nine months of FY 2020/21, exchequer issues to the Education sector amounted to Kshs.309.44 billion representing 69.6 per cent of the sector's revised net estimates. This comprised of Kshs.10.45 billion for

development expenditure, representing 65.3 per cent of the development revised net estimates and Kshs.298.99 billion for recurrent expenditure representing 69.7 per cent of the recurrent revised net estimates. Table 4.2 shows the Education sector analysis of exchequer issues and expenditure in the first nine months of FY 2020/21.

In the period under review, the State Department for University Education received the highest proportion of development exchequer issues to revised development net estimates at 94.0 per cent, while the State Department for Vocational and Technical Training recorded the lowest at 33.8 per cent. The Teachers Service Commission recorded the highest proportion of recurrent exchequer issues to revised recurrent net estimates at 72.5 per cent, while the State Department for Post-Training and Skills Development recorded the lowest at 59.4 per cent. Figure 4.4 shows the exchequer issues to the Education Sector in the first nine months of FY 2020/21.

Figure 4.4: Exchequer Issues to the Education Sector (Kshs. Billion)

Source: National Treasury

The total expenditure for the Education sector in the first nine months of the FY 2020/21 amounted to Kshs.332.60 billion representing 65.5 per cent of the revised gross estimates, a decrease compared to 68.4 per cent recorded in a similar period of FY 2019/20, comprised of Kshs.11.53 billion for the development budget representing absorption rate of 52.4 per cent, a decrease from 63.8 per cent and Kshs.321.07 billion for recurrent expenditure representing 66.1 per cent of the recurrent revised gross estimates, a decrease from 68.7 per cent recorded in a similar period in the FY 2019/20.

The State Department for University Education recorded the highest absorption on development budget at 120.4 per cent while the State Department for Vocational and Technical Training recorded the lowest at 29.4 per cent. The over-absorption of funds by the State Department for University Education is attributed to budget cut in Supplementary Budget I below the incurred expenditure. The Teachers Service Commission recorded the highest recurrent expenditure to revised gross estimates at 75.8 per cent, while the State Department for University Education recorded the lowest at 40.5 per cent.

4.4 Energy, Infrastructure and Information Communications Technology (EI & ICT) Sector

This sector consists of eight MDAs namely; State Departments for Infrastructure, Transport, Shipping and Maritime, Housing and Urban Development, Public Works, Youth Affairs, Information Communication and Technology, Broadcasting and Telecommunications, Petroleum and the Ministry of Energy.

The Sector aims to provide efficient, affordable and reliable infrastructure which is critical for the socio-economic transformation underscored in the Third Medium Term Plan (MTP III) 2018-2022 of the Kenya Vision 2030 as well as catalysing the realization of the “Big Four Agenda”.

The key strategic goals of the sector include among others; sustainable transport infrastructure and services, vibrant shipping and maritime industry, affordable and sustainable housing infrastructure, regulated construction industry, universal access to ICT services and sufficient, secure, efficient and affordable energy. To support infrastructural development, the government identified key activities under EI&ICT sector in the FY 2020/21 to enhance economic growth which include: construction, rehabilitation and maintenance of roads, design of roads and bridges, construction of Standard Gauge Railway Phase II (Nairobi to Naivasha), LAPSET project and Mombasa Port Development Project.

The annual budgetary allocation to the EI&ICT sector in the FY 2020/21 was Kshs.366.43 billion, which was revised to Kshs.423.59 billion in the Supplementary Budget I, representing a 12.4 per cent of the revised gross national budget, a decrease compared to Kshs.470.2 billion allocated in the FY 2019/20. The allocation comprised of Kshs.324.97 billion (76.7 per cent) for development programmes and Kshs.98.61 billion (23.3 per cent) for recurrent expenditure. The State Department for Infrastructure received the highest budgetary allocation of Kshs.187.55 billion (44.3 per cent of the sector's allocation) which is attributed to its key programmes in construction of roads and bridges, and rehabilitation and maintenance of roads in the country. The State Department for Shipping and Maritime had the lowest budgetary allocation of Kshs.2.21 billion (0.5 per cent of the sector's allocation). Figure 4.5 shows the budgetary allocation trend for the EI & ICT Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.5: Budgetary Allocation Trend for the EI & ICT Sector

Source: National Treasury

In the first nine months of the FY 2020/21, exchequer issues to the EI&ICT amounted to Kshs.72.46 billion representing 44.1 per cent of the sector's revised net estimates, comprised of Kshs.62.43 billion for development expenditure, representing 42.1 per cent of revised development net estimates, and Kshs.10.03 billion for recurrent expenditure representing 63 per cent of revised recurrent net estimates. Table 4.3 shows EI&ICT sector analysis of exchequer issues and expenditure in the first nine months of FY 2020/21.

In the period under review, the State Department for Public Works received the highest proportion of development exchequer issues to the revised development net estimates at 101.2 per cent, while the Ministry for Energy recorded the lowest at 27.1 per cent. The exchequer over-issue in the State Department for public works is attributed to budget cut in Supplementary Budget I below the exchequer issues. The State Department for Youth Affairs recorded the highest proportion of recurrent exchequer issues to revised recurrent net

estimates at 75.8 per cent, while the State Department for Information, Communication and Technology recorded the lowest at 48.5 per cent. Figure 4.6 shows the exchequer issues to the EI & ICT Sector in the first nine months of FY 2020/21.

Figure 4.6: Exchequer Issues to the EI & ICT Sector

Source: National Treasury

The total expenditure for the EI&ICT sector in the first nine months of the FY 2020/21 amounted to Kshs.199.13 billion representing 47 per cent of the revised gross estimates, a decrease compared to 67.3 per cent recorded in a similar period of FY 2019/20. Notably, total expenditure exceeded exchequer issues and this is attributed to local A-I-A with the highest proportion being from Road Maintenance Levy Fund and grants, and loans from development partners. This comprised of Kshs.141.74 billion for the development budget, representing an absorption rate of 43.6 per cent, and Kshs.57.39 billion for recurrent expenditure representing 58.2 per cent of the revised recurrent gross estimates, a decrease compared to 65.6 per cent recorded in a similar period in the FY 2019/20.

The State Department for Broadcasting and Telecommunication recorded the highest absorption on the development budget at 99.9 per cent, while the State Department for Shipping and Maritime recorded the lowest at 20.3 per cent. The State Department for Housing and Urban Development recorded the highest recurrent expenditure to revised gross estimates at 71.3 per cent, while the State Department for Transport recorded the lowest at 20.5 per cent.

4.5 Environmental Protection, Water and Natural Resources Sector

The Environmental Protection, Water and Natural Resources Sector (EPW&NR) comprises four MDAs namely: Ministry for Environment and Forestry, Ministry of Water, Sanitation and Irrigation, State Department for Mining and State Department for Wildlife.

The mandate of the EPW&NR sector is to ensure sustainable development in a clean, healthy and secure environment. Its specific objectives are to: enhance sustainable management of the environment, water,

irrigation and natural resources; ensure access to water and natural resources for the benefit of socio-economic development and enhance capacity building for environment, water and natural resources management. It also aims at increasing utilization of land through irrigation, drainage and land reclamation; enhance research on environment, water and natural resources for sustainable development, protect and reclaim the environment in order to establish a durable and sustainable system of development and resilience to climate change.

The annual budgetary allocation to the EPW&NR in the FY 2020/21 amounted to Kshs.105.22 billion, revised to Kshs.102.30 billion in the Supplementary Budget I, representing 3 per cent of the revised gross national budget, an increase compared to Kshs.85.3 billion allocated in the FY 2019/20. The increase in the allocation is attributed to transfer of functions for the State Department for Irrigation under ARUD sector to Ministry of Water, Sanitation under Executive order no.6 of 2019 dated 22nd August 2019. The allocation comprised of Kshs.77.60 billion (75.9 per cent) for development activities and Kshs.24.69 billion (24.1 per cent) for recurrent expenditure. Ministry of Water & Sanitation and Irrigation received the highest budgetary allocation of Kshs.79.35 billion 77.6 per cent of the sector's allocation), while the State Department for Mining had the lowest budgetary allocation of Kshs.643.1 million (0.6 per cent of the sector's allocation). Figure 4.7 shows the budgetary allocation trend for the EPW&NR Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.7: Budgetary Allocation Trend for the Environmental Protection, Water and Natural Resources Sector

Source: National Treasury

In the first nine months of FY 2020/21, exchequer issues for the EPW&NR sector amounted to Kshs.29.98 billion representing 55.5 per cent of the sector's revised net estimates. This comprised of Kshs.16.18 billion for development expenditure, representing 48.1 per cent of the revised development net estimates, and Kshs.13.80 billion for recurrent expenditure representing 67.9 per cent of revised recurrent net estimates. Table 4.4 shows EPW&NR sector analysis of exchequer issues and expenditure in the first nine months of the FY 2020/21.

Source: MDAs and National Treasury

In the period under review, the State Department for Mining received the highest proportion of development exchequer issues to revised development net estimates at 146.7 per cent, while the Ministry of Water & Sanitation and Irrigation recorded the lowest at 46 per cent. Exchequer over-issues in the State Department for Mining is as a result of budget cuts above exchequer issues during the period. The Ministry of Environment and Forestry recorded the highest proportion of recurrent expenditure to revised recurrent net estimates at 74.5 per cent, while the State Department for Wildlife recorded the lowest at 56.7 per cent. Figure 4.8 shows the exchequer issues to the Environmental Protection, Water and Natural Resources sector in the first nine months of the FY 2020/21.

Figure 4.8: Exchequer Issues to EPW&NR Sector

Source: National Treasury

The total expenditure for the EPW&NR sector in the first nine months of the FY 2020/21 amounted to Kshs.34.5 billion representing 33.6 per cent of the revised gross estimates, a decrease compared to 63.2 per cent recorded in a similar period of FY 2019/20, comprised of Kshs.20.11 billion for development expenditure representing an absorption rate of 25.9 per cent, a decrease compared to 64.6 per cent in a similar period FY 2019/20, and Kshs.14.24 billion for recurrent expenditure representing 57.7 per cent of the recurrent revised gross estimates, a decrease compared from 59.0 per cent recorded in a similar period in the FY 2019/20.

The State Department for Mining recorded the highest absorption on development budget at 124.1 per cent, while the Ministry of Water & Sanitation and Irrigation recorded the lowest at 24.4 per cent. The over absorption by the State Department for Mining was as a result of budget cuts which were above the incurred expenditure and should be regularised in Supplementary Budget II. The Ministry of Environment and Forestry recorded the highest recurrent expenditure to revised gross estimates at 65.3 per cent, while the Ministry of Water, Sanitation and Irrigation recorded the lowest at 41.5 per cent.

4.6 General Economic and Commercial Affairs (GECA) Sector

The General Economic and Commercial Affairs (GECA) sector consists of six MDAs, namely the State Departments for Industrialization, Co-operatives, Trade, East African Community, Regional and Northern Corridor Development and Tourism.

The sector is a significant player in job and wealth creation, industrial development, investments and promotion of trade, tourism development, savings mobilisation and cooperative development, regional integration and development.

The budgetary allocation to the GECA sector in the FY 2020/21 amounted to Kshs.29.53 billion, revised to Kshs.25.19 billion in the Supplementary Budget I, representing 1 per cent of the revised gross national budget, a decrease from Kshs.33.70 billion allocated in the FY 2019/20. The allocation comprised of Kshs.10.78 billion (42.8 per cent) for development activities and Kshs.14.42 billion (57.2 per cent) for recurrent expenditure. The State Department for Tourism received the highest budgetary allocation of Kshs.9.46 billion (37.5 per cent of the sector's budget), while the State Department for East Africa Community had the lowest budgetary allocation of Kshs.539.32 million (2.1 per cent of the sector's funding). Figure 4.9 shows the budgetary allocation trend for the GECA Sector from FY 2016/17 to FY 2020/21.

Figure 4.9: Budgetary Allocation Trend for the GECA Sector

Source: National Treasury

In the first nine months of the FY 2020/21, exchequer issues to the GECA sector amounted to Kshs.10.79 billion, representing 59.6 per cent of the sector's revised net estimates. This amount comprised of Kshs.4.54 billion for development expenditure, representing 50.4 per cent of revised development net estimates and Kshs.6.25 billion for recurrent spending, representing 68.7 per cent of revised recurrent net estimates. Table 4.5 presents an analysis of exchequer issues and expenditure to the GECA sector in the first nine months of the FY 2020/21.

In the period under review, the State Department for Tourism received the highest proportion of development exchequer issues to revised development net estimates at 60.7 per cent. In comparison, the State Department for Regional and Northern Corridor Development recorded the lowest at 7.8 per cent. The State Department for Co-operatives recorded the highest proportion of recurrent expenditure to revised net estimates at 82.9 per cent, while the State Department for Tourism recorded the lowest at 58 per cent. Figure 4.10 presents exchequer issues to GECA Sector in the first nine months of the FY 2020/21.

Figure 4.10: Exchequer Issues to the GECA Sector

Source: National Treasury

The total expenditure for the sector in the first nine months of the FY 2020/21 amounted to Kshs.11.35 billion representing 45.1 per cent of the revised gross estimates, a decrease compared to 68.9 per cent recorded in a similar period of FY 2019/20, comprised of Kshs.4.94 billion for development budget representing an absorption rate of 45.8 per cent, a decrease from 91.1 per cent and Kshs.6.41 billion for recurrent expenditure representing 44.5 per cent of the recurrent revised gross estimates, an increase compared to 41.1 per cent recorded in a similar period in the FY 2019/20.

The State Department for Tourism recorded the highest absorption on development budget at 60.7 per cent. In comparison, the State Department for Industrialization recorded the lowest at 29.5 per cent. Further, the State Department for Regional and Northern Corridor Development recorded the highest recurrent expenditure to revised gross estimates at 63.9 per cent, while the State Department for Tourism recorded the lowest at 28.4 per cent.

4.7 Governance, Justice, Law and Order (GJLO) Sector

The GJLO sector consists of fourteen MDAs, which include: State Department for Interior and Citizen Services, State Department for Correctional Services, State Law Office and Department of Justice, The Judiciary, Ethics and Anti-Corruption Commission (EACC), Office of the Director of Public Prosecutions (ODPP), Office of the Registrar of Political Parties (ORPP), Witness Protection Agency (WPA), Kenya National Commission on Human Rights (KNCHR), Independent Electoral and Boundaries Commission (IEBC), Judicial Service Commission (JSC), National Police Service Commission (NPSC), National Gender and Equality Commission (NGEC), and the Independent Policing Oversight Authority (IPOA).

The sector implements the following functions: provision of security, correctional services, legal advisory services to government agencies and administration of justice. It also plays a significant role in promoting integrity and the fight against corruption, providing prosecution services, regulating political parties, protecting witnesses and human rights. Further, the sector also plays an instrumental role in the delimitation of electoral boundaries and management of the electoral process, promoting gender equality, the inclusion of marginalised groups and communities, and civilian policing oversight.

Besides, the sector plays a role in border management, peace-building and conflict management, registration services, regulation of the gaming industry, provision of population management services, eradicating drugs and substance abuse, crime research and government printing services. It also plays a key role in ensuring national values and the promotion of national cohesion.

The budgetary allocation to the GJLO Sector in the FY 2020/21 amounted to Kshs.197.79 billion, revised to Kshs.198.73 billion in the Supplementary Budget I, representing 6 per cent of the revised gross national

budget, a decrease compared to Kshs.208.5 billion allocated in the FY 2019/20. The allocation comprised of Kshs.7.12 billion (3.6 per cent) for development activities and Kshs.191.62 billion (96.4 per cent) for recurrent expenditure. The State Department for Interior and Citizen Services received the highest budgetary allocation of Kshs.132.72 billion (66.8 per cent of the sector's allocation), while the Kenya National Commission on Human Rights had the lowest budgetary allocation of Kshs.381.66 million (0.2 per cent of the sector's funding). The high share to the State Department for Interior and Citizen Services is attributed to the Police Force budget. Figure 4.11 shows the budgetary allocation trend for the GJLO Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.11: Budgetary Allocation Trend for the GJLO Sector

Source: National Treasury

In the first nine months of the FY 2020/21, the total exchequer issues to the GJLO sector amounted to Kshs.137.10 billion, representing 70.4 per cent of the sector's revised net estimates. This amount comprised of Kshs.3.49 billion for development expenditure, representing 59.6 per cent of the revised development net estimates and Kshs.133.61 billion for the recurrent expenditure representing 70.7 per cent of the revised recurrent net estimates. Table 4.6 shows the GJLO sector analysis of exchequer issues and expenditure in the first nine months of the FY 2020/21.

In the period under review, the Judiciary received the highest proportion of development exchequer issues to revised development net estimates at 74.0 per cent, while the State Department for Interior and Citizen Services recorded the lowest at 61.9 per cent. WPA recorded the highest proportion of recurrent expenditure to revised recurrent net estimates at 78.0 per cent, while the IEBC recorded the lowest at 54.0 per cent. Figure 4.12 shows the exchequer issues to the GJLOS Sector in the first nine months of the FY 2020/21.

Figure 4.12: Exchequer Issues to the GJLO Sector

Source: National Treasury

The total expenditure for the GJLO sector in the first nine months of the FY 2020/21 amounted to Kshs.141.78 billion, representing 71.3 per cent of the revised gross estimates, an increase compared to 62.8 per cent recorded in a similar period of FY 2019/20, comprised of Kshs.6.94 billion for development budget representing an absorption rate of 97.6 per cent and Kshs.134.84 billion for recurrent spending representing 70.4 per cent of the recurrent revised gross estimates.

The State Department for Interior and Citizen Services recorded the highest development expenditure to revised gross estimates at 102 per cent, while the IEBC recorded the lowest at 1 per cent. WPA recorded the highest absorption on recurrent budget at 80.3 per cent, while the State Law Office and Department of Justice recorded the lowest at 54.2 per cent.

4.8 Health Sector

Health is a devolved function under the Fourth Schedule of the Constitution of Kenya. At the national level, it is responsible for providing and coordinating health policy formulation, ensuring quality service delivery and regulation and control of health care.

The Sector comprises of Ministry of Health and Semi-Autonomous Government Agencies, namely: Kenyatta National Hospital (KNH), Moi Teaching and Referral Hospital (MTRH), Kenya Medical Research Institute (KEMRI), Kenya Medical Supplies Authority (KEMSA), Kenya Medical Training College (KEMTC), National AIDS Control Council (NACC), Kenyatta University Teaching, Referral and Research Hospital (KUTRRH), National Cancer Institute of Kenya (NCI-K) and the National Health Insurance Fund (NHIF).

The budgetary allocation to the Health Sector in the FY 2020/21 was Kshs.111.70 billion, revised to Kshs.119.20 billion in the Supplementary Budget I, representing 3.5 per cent of the revised gross national budget, a marginal decline compared from Kshs.119.9 billion allocated in the FY 2019/20. The allocations comprised of Kshs.67.08 billion (56.3 per cent) for development activities and Kshs.52.11 billion (43.7 per cent) for recurrent expenditure. Figure 4.13 shows the budgetary allocation for the health sector for FY 2016/17 to FY 2020/21.

Figure 4.13: Budgetary Allocation Trend for the Health Sector

Source: National Treasury

In the period under review, exchequer issues to the Health sector amounted to Kshs.34.43 billion, representing 42.4 per cent of the sector's revised net estimates, comprised of Kshs.8.11 billion for development expenditure, representing 23.2 per cent of the revised development net estimates and Kshs.26.33 billion for recurrent expenditure, representing 56.8 per cent of the revised recurrent net estimates. Table 4.7 shows the Health sector analysis of exchequer issues and spending in the first nine months of the FY 2020/21.

Figure 4.14 shows the exchequer issues to the Health sector in the first nine months of the FY 2020/21.

Figure 4.14: Exchequer Issues to the Health Sector (Kshs. Billion)

Source: National Treasury

The total expenditure for the Health Sector in the period under review amounted to Kshs.62.50 billion, representing 52.4 per cent of the revised gross budget, comprised of Kshs.33.42 billion spent on development activities representing an absorption rate of 64.1 per cent and Kshs.29.08 billion on recurrent activities representing 43.3 per cent on recurrent revised gross estimates.

4.9 National Security Sector

The National Security sector comprises of the Ministry of Defence and the National Intelligence Service (NIS). The sector's mandate is to ensure the country's security against any threats emanating from within or outside the Kenyan borders, defend the country, and to provide support to the civil powers in maintaining peace and order.

The budgetary allocation to the National Security sector in the FY 2020/21 was Kshs.154.53 billion, revised to Kshs.167.92 billion in the Supplementary Budget I, representing 5 per cent of the revised gross national budget, an increase from Kshs.158.40 billion allocated in the FY 2019/20. The allocation comprises of Kshs.9.74 billion for development expenditure (5.8 per cent of sector's budget) and Kshs.158.17 billion for recurrent expenditure (94.2 per cent of sector's allocation). Ministry of Defence allocation amounted to Kshs.122.37 billion (72.9 per cent of the sector's funding), while NIS received Kshs.45.55 billion (27.1 per cent of the sector's allocation). Figure 4.15 below shows the budgetary allocation trend for the National Security sector for FY 2016/17 to FY 2020/21.

Figure 4.15: Budgetary Allocation Trend for the National Security Sector

Source: National Treasury

In the first nine months of the FY 2020/21, the sector received Kshs.107.77 billion, representing 66.9 per cent of the sector's revised net estimates, comprised of Kshs.1.83 billion for development expenditure representing 61.1 per cent of the revised development net estimates, and Kshs.105.94 billion for recurrent spending representing 67.0 per cent of the revised recurrent net estimates. The Ministry of Defence received Kshs.81.25 billion for recurrent activities, while NIS received Kshs.26.52 billion. Table 4.8 shows the National Security sector analysis of exchequer issues and expenditure in the first nine months of the FY 2020/21.

The total expenditure for the National Security sector in the first nine months of the FY 2020/21 was Kshs.124.96 billion, recording 74.4 per cent of the revised gross estimates. The Ministry of Defence spent Kshs.98.69 billion, registering an absorption rate of 80.6 per cent, while NIS spent Kshs.26.28 billion, recording an absorption rate of 57.7 per cent of its' gross estimates.

4.10 Public Administration and International Relations (PAIR) Sector

The Public Administration and International Relations (PAIR), Sector consists of 15 MDAs, namely; The Executive Office of the President, State Department for Planning, State Department for Devolution, Ministry of Foreign Affairs, National Treasury, State Department for Public Service, Parliamentary Service Commission, National Assembly, Parliamentary Joint Services, Commission on Revenue Allocation (CRA), Public Service Commission (PSC), Salaries and Remuneration Commission (SRC), Auditor General (AG), Controller of Budget (COB), and Commission on Administrative Justice (CAJ).

The PAIR sector provides overall policy direction and leadership to the country, oversees national legislation, and the human resource function in the public service. Further, it coordinates national policy formulation, implementation, monitoring and evaluation, resource mobilisation and management, devolution oversight, implementation of Kenya foreign policy, and oversight on the use of public resources and service delivery.

The budgetary allocation to the PAIR sector in the FY 2020/21 amounted to Kshs.285.65 billion, revised to Kshs.303.38 billion in the Supplementary Budget I, representing 8.9 per cent of the revised gross national budget, an increase compared to Kshs.251.8 billion allocated in the FY 2019/20. The allocation comprises of Kshs.139.55 billion (46.0 per cent) for development activities, and Kshs.163.82 billion (54.0 per cent) for recurrent expenditure. The National Treasury received the highest budgetary allocation of Kshs.118.15 billion (38.9 per cent of the sector's budget), while the CRA had the lowest budgetary allocation of Kshs.329.58 million (less than one per cent of the sector's budget). Figure 4.16 shows the budgetary allocation trend for the PAIR Sector for the period FY 2016/17 to FY 2020/21.

Figure 4.16: Budgetary Allocation Trend for the PAIR Sector

Source: National Treasury

In the first nine months of the FY 2020/21, exchequer issues to the PAIR sector amounted to Kshs.139.54 billion, representing 52.1 per cent of the sector's revised net estimates, comprised of Kshs.56.05 billion for development expenditure, representing 47.6 per cent of development revised net estimates and Kshs.83.49 billion for recurrent spending representing 55.7 per cent of recurrent revised net estimates. Table shows PAIR Sector analysis of exchequer issues and expenditure in the first nine months of the FY 2020/21.

In the period under review, the Ministry of Foreign Affairs received the highest proportion of development exchequer issues to development revised net estimates at 82.3 per cent. In comparison, the Parliamentary Joint Services recorded the lowest at 36.3 per cent. Further, the State Department for Public Service recorded the highest proportion of recurrent expenditure to revised net estimates at 76.5 per cent, while the National Treasury recorded the lowest at 47.4 per cent. Figure 4.17 shows the PAIR sector's exchequer issues in the first nine months of the FY 2020/21.

Figure 4.17: Exchequer Issues to the PAIR Sector

Source: National Treasury

The total expenditure for the PAIR sector in the first nine months of the FY 2020/21 amounted to Kshs.177.84 billion, representing 58.6 per cent of the revised gross estimates, an increase compared to 50.7 per cent recorded in a similar period of FY 2019/20. This expenditure comprised of Kshs.82.07 billion for development activities representing an absorption rate of 58.8 per cent, and Kshs.95.77 billion for recurrent spending representing 58.5 per cent of the recurrent revised gross estimates, an increase compared from 53.6 per cent recorded in a similar period in the FY 2019/20.

The Ministry of Foreign Affairs recorded the highest absorption on the development budget at 95.6 per cent, while the Auditor General recorded the lowest at 24.9 per cent. The State Department for Public Service recorded the highest recurrent expenditure to revised gross estimates at 79.1 per cent, while the Executive Office of the President recorded the lowest at 46.9 per cent.

4.11 Social Protection, Culture and Recreation Sector

The Social Protection, Culture and Recreation (SPCR) Sector comprises of six State Departments: Sports, Culture and Heritage, Labour, Social Protection, Pensions and Senior Citizens Affairs, Development of Arid and Semi-Arid Lands (ASALs) and Gender.

The SPCR sector plays a strategic role in the country's transformation and socio-economic development by implementing special programmes for the development of the ASALs. The sector undertakes sustainable

employment, harmonious industrial relations, productive workforce and gender equity and equality. Other key roles include empowerment of communities and vulnerable groups, safeguarding children's rights, promoting diverse cultures, arts and sports to enhance cohesiveness and Kenya's regional and international competitiveness.

The budgetary allocation to the SPCR sector in the FY 2020/21 amounts to Kshs.70.09 billion, revised to Kshs.55.49 billion in the Supplementary Budget I, representing 2 per cent of the revised gross national budget, a decrease compared to Kshs.77.3 billion allocated in the FY 2019/20. This allocation comprises of Kshs.16.77 billion (30.2 per cent) for development activities and Kshs.38.72 billion (69.8 per cent) for recurrent expenditure. The State Department for Social Protection, Pensions and Senior Citizens Affairs received the highest budgetary allocation of Kshs.32.49 billion (58.5 per cent of the sector's budget), while the State Department for Culture and Heritage had the lowest budgetary allocation of Kshs.2.39 billion (4.3 per cent of the sector's funding). Figure 4.18 shows the budgetary allocation trend for the SPCR sector for FY 2016/17 to FY 2020/21.

Figure 4.18: Budgetary Allocation Trend for the SPCR Sector

Source: National Treasury

In the first nine months of the FY 2020/21, exchequer issues to the SPCR sector amounted to Kshs.27.18 billion, representing 54.8 per cent of the sector's revised net estimates, comprised of Kshs.7 billion for development expenditure, representing 57.7 per cent of revised development net estimates, and Kshs.20.18 billion for recurrent spending representing 53.8 per cent of revised recurrent net estimates. Table 4.10 shows the SPCR sector analysis of exchequer issues and expenditure in the first nine months of the FY 2020/21.

In the period under review, the State Department for Sports received the highest proportion of development exchequer issues to development revised net estimates at 100 per cent while the State Department for Social Protection, Pensions and Senior Citizens Affairs recorded the lowest at 9.4 per cent. The State Department for Development for the ASALs recorded the highest proportion of recurrent expenditure to revised net estimates at 73.6 per cent, while the State Department for Social Protection, Pensions and Senior Citizens Affairs recorded the lowest at 51.0 per cent. Figure 4.19 shows the exchequer issues to the SPCR sector in the first nine months of the FY 2020/21.

Figure 4.19: Exchequer Issues to the SPCR Sector

Source: National Treasury

The total expenditure for the SPCR sector in the first nine months of the FY 2020/21 amounted to Kshs.30.59 billion, representing 55.1 per cent of the revised gross estimates, an increase compared to 46.1 per cent recorded in a similar period of FY 2019/20, comprised of Kshs.10.36 billion for development budget representing an absorption rate of 61.8 per cent, an increase from 42.8 per cent and Kshs.20.23 billion for recurrent expenditure representing 52.2 per cent of the recurrent revised gross estimates, an increase compared to 51.1 per cent recorded in a similar period in the FY 2019/20.

The State Department for Sports recorded the highest absorption on the development budget at 103.2 per cent while the State Department for Social Protection, Pensions and Senior Citizens Affairs recorded the lowest at 11.9 per cent. The over absorption by the State Department for Sports is attributed to budget cut in Supplementary Budget I below the incurred expenditure. The State Department for Development for the ASALs recorded the highest recurrent expenditure to revised gross estimates at 73.7 per cent, while the State Department for Labour recorded the lowest at 42.4 per cent.

BUDGET PERFORMANCE BY PROGRAMMES

5.1 Introduction

This chapter presents an analysis of MDAs budget performance by programmes implemented in the first nine months of the FY 2020/21. It also includes detailed information on budgetary allocation to both development and recurrent expenditure by programmes. The Sectors are presented in an alphabetical order.

5.2 Agriculture, Rural and Urban Development (ARUD) Sector

In the FY 2020/21, the ARUD sector budget allocation was Kshs.61.61 billion, revised to Kshs.68.15 billion in Supplementary Budget I. It comprised of Kshs.35.93 billion (52.7 per cent) for development activities and Kshs.32.22 billion (47.3 per cent) for recurrent expenditure to fund 14 programmes. The analysis of ARUD sector programmes for the period under review is presented in table 5.1.

Table 5.1: ARUD Sector's Programme Performance (Kshs. Billion)

VOTE	Programme	Revised Gross Estimates			Expenditure			Absorption Rate (%)

Source: MDAs and National Treasury

Crop Development and Management programme under the State Department for Crop Development and Agricultural Research received the highest budgetary allocation at Kshs.34.61 billion (50.8 per cent), of the revised gross estimates for the ARUD sector. General Administration Planning and Support Services under the State Department for Fisheries and the Blue Economy had the lowest allocation at Kshs.0.1 billion of the revised gross estimates for the sector.

Analysis of programme performance shows that, the Livestock Resources Management and Development programme under the State Department for Livestock recorded the highest proportion of programme expenditure to its revised gross estimates at 81.0 per cent, while Agribusiness and Information Management programme under the State Department for Crop Development and Agriculture Research recorded the lowest at 23.6 per cent.

Further analysis of sub-programme performance shows that, Food Security Initiatives sub-programme under Crop Development and Management programme had the highest expenditure at Kshs.12.48 billion, while the Agricultural Information Management sub-programme under the Agribusiness and Information Management programme had the lowest expenditure at Kshs.27.33 million.

5.3 Education Sector

The Education sector's budgetary allocation in the FY 2020/21 was Kshs.505.09 billion and revised to Kshs.507.74 billion in Supplementary Budget I, comprised of Kshs.21.99 billion (4.3 per cent) for development activities and Kshs.485.75 billion (95.7 per cent) for recurrent expenditure to fund 16 programmes. The analysis of Sector programmes in the first nine months of the FY 2020/21 is presented in table 5.2.

Teacher Resource Management programme under the Teachers Service Commission received the highest budgetary allocation at Kshs.265.36 billion (52.4 per cent), of the revised gross estimates for the Education sector. Post-Training Information Management under the State Department for Post Training and Skills Development had the lowest allocation at Kshs.4.02 million of the revised gross estimates for the sector.

Analysis of programme performance shows that, the Teacher Resource Management programme under the Teachers Service Commission recorded the highest proportion of programme expenditure to its revised gross estimates at 76 per cent, while Youth Training and Development programme under the State Department for Vocational Training and Technical Training recorded the lowest at 2.1 per cent.

Further analysis of sub-programme performance shows that, University Education sub programme under University Education programme had the highest expenditure at Kshs.37.79 billion, while the Skills and employment Database Management Services under the Post Training Information Management programme had the lowest expenditure at Kshs.1.03 million.

5.4 Energy, Infrastructure and Information Communications Technology (EI & ICT) Sector

In the FY 2020/21, the EI & ICT sector budgetary allocation was Kshs.366.18 billion, revised to Kshs.423.59 billion in Supplementary Budget I. It comprised of Kshs.324.97 billion (76.7 per cent) for development activities and Kshs.98.61 billion (23.3 per cent) for recurrent expenditure to fund 27 programmes. Analysis of the EI&ICT Sector's programmes in the first nine months of the FY 2020/21 is presented in Table 5.3.

Table 5.3: Energy, Infrastructure and Information Communication Technology (EI & ICT) Sector's Programme Performance (Kshs.Billion)

The Road Transport programme under the State Department for Infrastructure received the highest allocation at Kshs.187.55 billion translating to 44.3 per cent of the revised gross estimates for the EI&ICT sector while the General Administration Planning and Support Services programme under the State Department for Broadcasting & Telecommunication had the lowest allocation at kshs.0.21 billion, less than 1 per cent of the revised gross estimates for the sector.

Analysis of programme performance shows that, the Housing Development and Human Settlement programme under the State Department for Housing & Urban Development recorded the highest proportion of expenditure to its gross estimates at 253.0 per cent, while Road Safety programme under State Department of Transport recorded the lowest at 6.1 per cent. The higher absorption by Housing and Human Settlement could be attributed to additional funding for Kazi Mtaani under Article 223 of the Constitution awaiting approval in Supplementary Budget II.

Further analysis of sub-programme performance shows that the Rail Transport sub-programme under Rail Transport programme had the highest expenditure at Kshs.33.08 billion, while Shipping Affairs sub programme under the Shipping and Maritime Affairs programme had the lowest expenditure at Kshs.42.10 million.

5.5 Environmental Protection, Water and Natural Resources Sector

In the FY 2020/21, the budgetary allocation to the EPW&NR sector was Kshs.105.22 billion and revised to Kshs.102.30 billion in Supplementary Budget I. It comprised of Kshs.77.60 billion (75.9 per cent) for development activities and Kshs.24.69 billion (24.1 per cent) for recurrent expenditure to fund 15 programmes. Analysis of the sector Programmes implemented in the first nine months of the FY 2020/21 is presented in Table 5.4.

Water and Sewerage Infrastructure Development programme under the Ministry of Water and Sanitation received the highest budgetary allocation at Kshs.46.26 billion (45.21 per cent), of the revised gross estimates for the EPW&NR sector. Resource Surveys and remote Sensing under the Ministry of Environment and Forestry had the lowest allocation at Kshs.46 million of the revised gross estimates for the sector.

Analysis of programme performance shows that, Resource Surveys and remote Sensing under the Ministry of Environment and Forestry recorded the highest proportion of programme expenditure to its revised gross estimates at 191.3 per cent, while Water Storage and Flood Control programme under the Ministry of Water and Sanitation recorded the lowest at 11.2 per cent.

Further analysis of sub-programme performance shows that, Sewerage and Infrastructure Development under Water and Sewerage Infrastructure Development programme had the highest expenditure at Kshs.9.88 billion, while the geological Survey sub programme under the Geological Survey and Geoformation Management programme had the lowest expenditure at Kshs.0.71 million.

5.6 General Economic and Commercial Affairs (GECA) Sector

In the FY 2020/21, the sector's budgetary allocation was Kshs.29.53 billion, revised to Kshs.25.19 billion in Supplementary Budget I, comprised of Kshs.10.78 billion (42.8 per cent) for development activities and Kshs.14.42 billion (57.2 per cent) for recurrent expenditure to fund 8 programmes. Analysis of the sector; programmes implemented during the period under review is presented in Table 5.5.

Table 5.5: General Economic and Commercial Affairs (GECA) Sector's Programme (Kshs. Billion)

The Tourism Development and Promotion programme under the State Department for Tourism received the highest budgetary allocation at Kshs.9.46 billion (37.6 per cent), of the revised gross estimates for the GECA sector. East African Affairs and Regional Integration under the State Department for East African Community had the lowest allocation at Kshs.0.54 billion of the revised gross estimates for the sector.

An analysis of programme performance shows that, the Cooperative Development and Management programme under the State Department for Cooperatives recorded the highest proportion of programme expenditure to its revised gross estimates at 60.2 per cent, while Integrated Regional Development programme under the State Department for Regional and Northern Corridor Development recorded the lowest at 1.6 per cent.

Further analysis of sub-programme performance shows that, Tourism Infrastructure Development under the Tourism Development and Promotion programme had the highest expenditure at Kshs.1.55 billion, while the Management of Northern Corridor Integration sub programme under the Integrated Regional Development programme had the lowest expenditure at Kshs.23.43 million.

5.7 Governance, Justice, Law and Order (GJLO) Sector

The GJLO sector budgetary allocation in the FY 2020/21 was Kshs.197.79 billion, revised to Kshs.198.73 billion in Supplementary Budget I, comprised of Kshs.7.12 billion (3.6 per cent) for development activities and Kshs.191.62 billion (96.4 per cent) for recurrent expenditure to fund 23 programmes. Analysis of the GJLO sector programmes for period under the review is presented in Table 5.6.

Policing Services programme under the State Department for Interior and Citizen Services received the highest budgetary allocation at Kshs.96.44 billion (48.5 per cent), of the revised gross estimates for the GJLO sector. Delimitation of Electoral Boundaries under the Independent Electoral and Boundaries Commission had the lowest allocation at Kshs.256.41 million of the revised gross estimates for the sector.

Analysis of programme performance shows that, the Population Management Services programme under the State Department for Interior and Citizen Services recorded the highest proportion of programme expenditure to its revised gross estimates at 85 per cent, while Road Safety under the State Department for Interior and Citizen Services recorded the lowest at 29.5 per cent.

Further analysis of sub-programme performance shows that, Kenya Police Service sub-programme under Policing Services programme had the highest expenditure at Kshs.36.87 billion, while the Voter Education and Partnership sub-programme under the Management of Electoral Process programme had the lowest expenditure at Kshs25.88 million.

5.8 Health Sector

The Health sector budgetary allocation in the FY 2020/21 was Kshs.111.70 billion, revised to Kshs.119.20 billion in Supplementary Budget I, comprised of Kshs.52.11 billion (42.9 per cent) for development activities and Kshs.67.08 billion (57.1 per cent) for recurrent expenditure to fund 5 programmes. Table 5.7 presents an analysis of the Health sector programmes for the first nine months of FY 2020/21.

Table 5.7: Health Sector's Programme (Kshs. Billion)

* RMNCAH-: Reproductive Maternal Neo-natal Child & Adolescent Health

Health Policy, Standards and Regulations programme received the highest budgetary allocation at Kshs.33.12 billion (27.8 per cent), of the revised gross estimates for the Health sector. General Administration, Planning & Support Services had the lowest allocation at Kshs.8.65 billion of the revised gross estimates for the sector.

Analysis of programme performance shows that, the Health Research and Development programme recorded the highest proportion of programme expenditure to its revised gross estimates at 84.1 per cent, while the Preventive, Promotive & RMNCAH programme recorded the lowest at 29.3 per cent.

Further analysis of sub-programme performance shows that, Health Policy, Planning & Financing sub-programme under Health Policy, Standards & Regulations programme had the highest expenditure at Kshs.18.06 billion, while the Free Primary Health Care sub-programme under the National Referral & Specialized Services programme had the lowest expenditure at Kshs.3.69 Million.

5.9 National Security Sector

The National Security sector budgetary allocation in the FY 2020/21 amounted to Kshs.154.53 billion, revised to Kshs.167.92 billion in Supplementary Budget I. It comprised of Kshs. 9.74 billion (5.8 per cent) for development activities and Kshs.158.17 billion (94.2 per cent) for recurrent expenditure to fund 5 programmes. Analysis of National Security sector programmes in the first nine months of FY 2020/21 is presented in Table 5.8.

Table 5.8: National Security Sector's Programme Performance (Kshs. Billion)

VOTE	Programme	Revised Gross Estimates			Expenditure			Absorption Rate (%)
		Development	Recurrent	Total	Development	Recurrent	Total

Source: MDAs and National Treasury

The Defense programme under the Ministry of Defence received the highest budgetary allocation at Kshs120.43 billion (71.7 per cent), of the revised gross estimates for the sector. National Space Management under the Ministry of Defence had the lowest allocation at Kshs.0.15 billion of the revised gross estimates for the sector.

Analysis of programme performance shows that, the National Space Management programme under the Ministry of Defence recorded the highest proportion of programme expenditure to its revised gross estimates at 100 per cent, while National Security Intelligence programme under the National Intelligence Service recorded the lowest at 57.7 per cent.

Further analysis of sub-programme performance shows that, National Defence sub-programme under Defense programme had the highest expenditure at Kshs.97.36 billion, while the National Space Management sub-programme had the lowest expenditure at Kshs.150 million.

5.10 Public Administration and International Relations (PAIR) Sector

The PAIR sector allocation in the FY 2020/21 was Kshs.285.6 billion and revised to Kshs.303.38 billion in Supplementary Budget I. It comprised of Kshs.139.55 billion (46 per cent) for development activities and Kshs.163.83 billion (54 per cent) for recurrent expenditure to fund 36 programmes. Analysis of PAIR sector programmes performance in the first nine months of FY 2020/21 is presented in Table 5.9.

Source: MDAs and National Treasury

General Administration, Planning and Support Services programme under the National Treasury received the highest budgetary allocation at Kshs.58.75 billion (19.4 per cent), of the revised gross estimates for the sector. Special Initiatives under the State Department for Devolution had the lowest allocation at Kshs.25.15 million of the revised gross estimates for the sector.

Analysis of programme performance shows that, the Market Competitive programme under the National Treasury recorded the highest proportion of programme expenditure to its revised gross estimates at 85.4 per cent, while Government Clearing Services programme under the National Treasury recorded the lowest at 3.6 per cent.

Further analysis of sub-programme performance shows that, Community Development sub-programme under Economic Policy and National Planning programme had the highest expenditure at Kshs.41.76 billion, while the Government Clearing Services sub-programme had the lowest expenditure at Kshs.2.1 million.

5.11 Social Protection, Culture and Recreation Sector

The Social Protection, Culture and Recreation sector budgetary allocation was Kshs.70.09 billion, revised to Kshs.55.49 billion in Supplementary Budget I, comprised of Kshs.16.77 billion (31.8 per cent) for development activities and Kshs.38.72 billion (68.2 per cent) for recurrent expenditure to fund 15 programmes. Table 5.10 presents an analysis of the Social Protection, Culture and Recreation sector's programme for the first nine months of the FY 2020/21.

Source: MDAs and National Treasury

National Social Safety Net programme under the State Department for Social Protection received the highest budgetary allocation at Kshs.29.28 billion (52.8 per cent), of the revised gross estimates for the SPCR sector. The Arts programme under the State Department for Culture & Heritage had the lowest allocation at Kshs.125.12 million of the revised gross estimates for the sector.

Analysis of programme performance shows that, the Sports programme under the State Department for Sports recorded the highest proportion of programme expenditure to its revised gross estimates at 88.4 per cent, while Manpower Development, Employment and Productivity Management programme under the State Department for Labour recorded the lowest at 34.0 per cent.

Further analysis of sub-programme performance shows that, National Safety Net under sub-programme had the highest expenditure at Kshs.13.74 billion, while the Promotion of Kenyan Music and Dance sub-programme under The Arts programme had the lowest expenditure at Kshs.32.15 million.

6 KEY ISSUES AND RECOMMENDATIONS

6.1 Introduction

This chapter highlights key issues that affected budget implementation in the first nine months of FY 2020/21. Further, it provides recommendations aimed at improving implementation to achieve effective budget execution by the financial year.

6.2 Low Absorption of Development Budget

In the first nine months of the FY 2020/21, gross development expenditure amounted to Kshs.334.55 billion representing 48 per cent of revised development revised gross estimates, recording a decrease compared to 60.8 per cent (Kshs.436.6 billion), in a similar period of the FY 2019/20. It would be expected that by the end of the first nine months, expenditure should be at least 75 per cent of the revised gross estimates.

Low levels of expenditure on development budget programme implementation is partially attributed to delays in exchequer releases by the National Treasury which as at 31st March 2021, had released only 45.9 per cent of the revised development net estimates. Delay in the disbursement of exchequers affects the implementation of planned programmes planned by MDAs and subsequently affects completion of projects.

The Controller of Budget recommends that, the National Treasury should release funds to the MDAs on timely basis based on their annual work-plans and cash flow projections.

6.3 High Level of Public Debt

The PFM Act, 2012 allows the government to borrow funds internally and externally to meet budget deficits. As at March 31, 2021, the public debt stock stood at Kshs.7.34 trillion having increased by 16.9 per cent (Kshs.1.06 trillion), from March 31 2020 when public debt stock stood at Kshs.6.28 trillion. Actual expenditure on public debt amounted to Kshs.614.69 billion representing 64.1 per cent of the revised gross estimates billion and 55.5 per cent of the ordinary revenue in the first nine months of FY 2020/21. Public debt expenditure exceeded that of development activities which stood at Kshs.334.55 billion (absorption rate of 48 per cent) of the re during the period.

While borrowing, the government should ensure that its financing needs and payment obligations are at the lowest market cost and with prudent risk.

Increased public borrowing may result in undesirable fiscal consequences such as high interest rates, inflation, and overburdening of future generations. To overcome this, COB recommends that, the National Treasury should take appropriate measures to ensure public debt remains at sustainable levels and also boost revenue by expanding domestic tax sources to meet government obligations.

6.4 Delay in Submission of Financial Reports to the Office of the Controller of Budget

Article 228 (6) of the Constitution of Kenya and Section 9 of the Controller of Budget Act, 2016 requires the Controller of Budget to submit to each House of Parliament a report on the implementation of budgets of the national and county governments every four months. The Controller of Budget's report is based on quarterly reports on financial and non-financial performance submitted by MDAs in line with Section 83 of the PFM Act, 2012.

The Controller of Budget noted delays in submission of quarterly financial performance reports in the first nine months of FY 2020/21 by some MDAs, which subsequently delayed in reporting on budget implementation as required by the law. I wish to recognise twenty-four (24) MDAs which submitted their reports by 15th of April 2021 as requested in accordance with PFM Act, 2012 and urge them to keep up.

All Accounting Officers, therefore should submit their quarterly financial and non-financial performance reports to OCOB within fifteen days following the end of each quarter in line with Section 83 of the PFM Act, 20212 to facilitate timely reporting on budget implementation.

6.5 Budget Cuts by the National Treasury

In the analysis of financial reports for the first nine months of FY 2020/21 submitted to the COB, we have noted exchequer over-issues and expenditure exceeding the budget estimates which has been attributed to budget cuts below incurred expenditure in the Supplementary Budget I.

Reduction of budgets by National Treasury without involving the spending units may result in expenditures beyond 100 per cent of the budget. However, the reductions should be corrected at the earliest, during supplementary budgeting. Affected MDAs should liaise with the National Treasury and ensure the budgets are regularised before the end of the FY 2020/21.

7 EMERGING ISSUES

7.1 Exchequer Requisitions under Article 223 of the Constitution

Article 223 of the Constitution of Kenya allows Ministries, Departments and Agencies (MDAs) to access additional funding to cater for unforeseen events or for activities that could not have been appropriated in the approved budgets due to insufficient funds. The law requires all spending entities to seek the approval of Parliament for expenditures under Article 223 within two months after the Controller of Budget approves the request for withdrawal. For the period 1st July 2020 to 31st March, 2021, the cumulative requests for additional funding by the MDAs to the National Treasury under Article 223 amounted to Kshs.173.83 billion, an increase of Kshs 40.31 billion from the Kshs.133.52 billion requested for the period up to December 2020. This represented 9.2 percent of the total MDAs approved budget of Kshs.1.89 trillion for the FY 2020/21.

As shown in Figure 7.1, the cumulative requests for additional funding under Article 223 by the Energy, Infrastructure and ICT (EI&ICT) sector amounted to Kshs. 80.01 billion. This was an increase of Kshs.10.76 billion from Kshs. 69.25 billion requested during the period ending December 2020. The requested funds comprised of Kshs.22.0 billion to be used in the implementation of flagship projects, Kshs.6.0 billion to be used towards the implementation of phase II of the Kazi Mtaani Programme, and the balance of Kshs.52.0 billion to be used in implementing a number of development activities within the EI&ICT sector. Figure 7.1 shows the total requests for supplementary funding by the MDAs in the first nine months of the FY 2020/21.

Figure 7.1: Cumulative Requests by Sector, July- March 2021

Source: National Treasury

Further analysis shows that the MDAs requests for additional funding were highest during the first quarter followed by quarter two. Also, analysis of the distribution of the additional funding reveals that a lot of the additional funding was directed towards development activities as shown in Figure 7.2. The pattern can be attributed to development activities by the State Department for Transport towards Standard Gauge Railway project.

Frequent requests for additional funding by the MDAs have the potential to undermine the credibility of approved budgets, especially when such requests are made immediately after the beginning of the financial year or within the first quarter of the financial year. Figure 7.2 shows the distribution of additional funding to MDA on a quarterly basis.

Figure 7.2: Distribution of requests for Supplementary Funding, July 2020 to March 2021
(Kshs Billion)

Source: National Treasury

Cumulative approvals by the COB to cater for supplementary expenditures to MDAs under Article 223 of the Constitution amounted to Kshs 34.94 billion (20.1 percent of the total requests made), as shown in Table 7.1. The variance of Kshs.138.89 billion results from the differences arising from the cumulative requests as approved by the Controller of Budget under Article 206 (4) of the Constitution and the actual withdrawals from the Consolidated Fund Service (CFS) account. As per Article 223, the cumulative requests and the actual withdrawals are matched through the supplementary budget, which is approved by the National Assembly, at the end of each financial year.

Table 7.1: Cumulative Supplementary Fund Approvals, July 2020-March 2021 (Kshs. Million)

MDAs	Programme Description	Recurrent	Development	Total
The Executive Office of the President	AMREF Health Africa	-	840.00	840.00
State Department for Interior and Citizen Services	Multi-Agency Security Operations	2,300.00	-	2,300.00
Ministry of Defence	Kenya Shipyard, Kisumu/Mbita Port Dredging, Emergency Security Operations	4,747.17	-	4,747.00

State Department for Sports	World Athletics Continental Tour	204.80	-	205.00
State Department for Crop Development & Agricultural Research	Maize Pending Bills and Transfer to National Cereal and Produce Board	7,585.13	-	7,585.00
State Department for Tourism	Payment of outstanding verified and audited pending bills	931.18	-	931.00
Total		16,578.27	18,364.00	34,942.27

Source: National Treasury

As illustrated in Table 7.1, the State Department for Transport received the highest amount of additional funding to cater for the development of Nairobi Commuter Rail, Kisumu Meter Gauge Railway and to provide funds for the Kenya Airways rescue package.

Reliance on Article 223 by some MDAs to fund development and recurrent activities has undermined the credibility and reliability of the approved budgets since the allocation of such additional funding does not follow the laid down MTEF budget-making process including the requirement for public participation in budget-making process. To safeguard the credibility of the approved budgets, the national government should ensure that budget allocation for long-term projects and programs follows the laid down budget-making procedures. This will ensure that the principles of public finance such as public participation are adhered to during the selection and implementation of long-term capital projects. Budget credibility is further undermined when requests for supplementary funding are submitted in the first quarter of the financial year just after the approval of the budget in Parliament.

Long- term projects should be considered in the outer years in the budgeting cycle. To ensure the credibility of the approved budgets, the Controller of Budget recommends that all MDAs should strive to ensure all budgeted projects and programs are encompassed in the budget estimates and submitted to Parliament for approval. Once approved, MDAs should endeavor to implement the projects and programmes with the allocated funds and within specified time period.

The law requires all spending entities to seek the approval of Parliament for expenditures under Article 223 within two months after the first withdrawal of the money. The Controller of Budget has noted that, there is time lag between withdrawal of funds under Article 223 of the Constitution and approval by Parliament. The COB recommends that ratification of funds withdrawn under Article 223 of the Constitution of Kenya be within the time specified in the law.

8 CONCLUSION

This report sought to provide budget implementation status for the National Government covering the period July 2020 to March 2021 pursuant to Article 228 of the Constitution and Section 9 of the Controller of Budget Act. The report sought to provide information on budget performance in the funding of MDAs, implementation of planned activities, key issues affecting seamless budget execution and emerging issues for address as identified in the report.

The overall budget implementation for the first nine months of FY 2020/21 recorded low performance at 60 per cent against a projected performance of 75 per cent by the quarter three. This is a decline compared to 62.9 per cent recorded in a similar period FY 2019/20. Receipts into the Consolidated Fund were Kshs.1.87 trillion representing 63.6 per cent of the revised annual target recording a slight decline compared to 67 per cent recorded in a similar period FY 2019/20, attributed to low economic activities due to interruption of business environment by COVID-19 pandemic. However, there was absolute growth recorded in the period under review compared to Kshs.1.78 trillion which has been attributed to the growth in revenue due to sustained compliance efforts, revenue enhancement initiatives and improved voluntary compliance by taxpayers. Total exchequer issues by national government amounted to Kshs.1.87 trillion representing 63.4 per cent of the revised net estimates. Consolidated Fund Services received the highest proportion of exchequer issues to revised net estimates at 70.9 per cent, followed by MDAs recurrent budget at 68.6 per cent, county governments at 54.5 per cent and MDAs development budget received the lowest at 45.9 per cent. To achieve budget targets and objectives, all votes should receive exchequer issues concurrently to promote equity in budget implementation.

Total expenditure for the national government was Kshs.1.83 trillion representing an absorption rate of 60 per cent, a decline compared to 62.9 per cent recorded in a similar period of FY 2019/20. Overall low absorption of the budget in the period under review could be attributable to reduced expenditure by scaling down of activities for the MDAs following COVID-19 pandemic measures put in place by the government to curb its spread. The development budget recorded the lowest absorption rate at 48 per cent, while recurrent expenditure recorded 63.5 per cent a decline from 60.8 per cent and 63.8 recorded in a similar period of FY 2019/20 respectively.

In overseeing budget implementation, the Controller of Budget identified key issues which hampered overall budget performance in delivering the country's development agenda. These include low absorption of development budget, high level of public debt and delay of submission of quarterly performance reports to the Controller of Budget. The National Treasury should ensure exchequer releases to MDAs are released as per their annual work-plan and cash flow projections to ensure funds are applied in time to the intended purpose, especially to the development budget. To overcome the debt burden, the National Treasury should take appropriate measures to enhance domestic revenue mobilization and to reduce budget deficit. To ensure timely reporting by Controller of Budget on budget implementation, all the Accounting Officers should ensure quarterly financial reports are submitted on time in accordance with Section 83 of the PFM Act, 2012.

ANNEXES

ANNEX I: MDAs Development Expenditure
