OFFICE OF THE CONTROLLER OF BUDGET

NATIONAL GOVERNMENT BUDGET IMPLEMENTATION REVIEW REPORT

FIRST NINE MONTHS
FY 2024/2025

May, 2025

FOREWORD

The Office of the Controller of Budget (OCoB) is established under Article 228 of the Constitution of Kenya to oversee the implementation of the national and county governments' budgets by approving withdrawals from public funds and reporting to each House of Parliament. Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, Cap 429, require the Controller of Budget (CoB) to submit to each House of Parliament a report on the implementation of the budgets of the national and county governments every four months.

I am pleased to present the National Government Budget Implementation Review Report for the third quarter of FY 2024/25, covering 1st July 2024 to 31st March 2025. Budget implementation for the financial year was delayed to August 2024 from July 2024, following the withdrawal of the Finance Bill 2024. This forced the government to rationalise the budget through Supplementary I, which was approved in August 2024. The budget cuts in Supplementary I affected some of the planned activities for the government entities, resulting in budget revision and subsequent approval of Supplementary Budget II in March 2025.

The data used in preparing this report is from the approved budget and accompanying budget documents for FY 2024/25, the National Treasury's publication on receipts and exchequer issues as of 31st March 2025, the budget performance reports for the Consolidated Fund Services (CFS) and from Ministries, Departments and Agencies (MDAs), and data mined from the Integrated Financial Management Information System.

The report provides information on the approved budget for the FY 2024/25, receipts into the consolidated fund, approved withdrawals, expenditures under the Consolidated Fund Services and Ministries, Departments, and Agencies. The reports also present some issues identified hindering budget implementation and provide guidance on how to tackle them.

The report provides crucial information for use by the Parliament in its oversight role, the Executive in decision making and the public on budget implementation.

Finally, I want to thank my staff for their effort in preparing this report. I also acknowledge the Accounting Officers who submitted their quarterly financial reports on time to facilitate the preparation of this report. This report is available on the Office of the Controller of Budget Website: <https://cob.go.ke>

EXECUTIVE SUMMARY

The Third quarterly National Government Budget Implementation Review Report for FY 2024/25 covers 1 July to 31st March 2025. The report has been prepared to comply with Article 228(6) of the Constitution and Section 9 of the Controller of Budget Act, 2016, which requires the Controller of Budget to submit quarterly budget implementation reports for the National and County governments to Parliament.

This is the third budget under the fourth Medium-Term Plan (MTP) (2023-2027) of the Kenya Vision 2030 and is being implemented under the Bottom-up Economic Transformation Agenda (BETA) framework. Under this framework, the government aims to achieve economic turnaround and inclusive growth by increasing investments in at least five sectors that significantly impact the economy and household welfare. These sectors include agricultural transformation, micro, small, and medium enterprises (MSME), housing and settlement, healthcare, digital superhighway, and creative industry. The agenda also focuses on increasing employment, equitable distribution of income, and social security while expanding the tax revenue base and increasing foreign exchange earnings.

The National Government's original gross budget was Kshs.4.49 trillion, revised to Kshs.4.37 trillion in Supplementary Budget I and Kshs.4.64 trillion in Supplementary Budget II, compared to Kshs.4.34 trillion for FY 2023/24. The revised budget comprises Kshs.616.09 billion for ministerial development expenditure, which was 13 per cent of the revised gross national budget and 26 per cent of the revised gross ministerial budget of Kshs.2.35 trillion. Recurrent allocation comprised ministerial recurrent allocation of Kshs.1.73 trillion (37 per cent of the revised gross national budget) and Consolidated Fund Services (CFS) at Kshs.2.29 trillion (49 per cent of the revised gross national budget).

During the reporting period, receipts into the Consolidated Fund amounted to Kshs.2.75 trillion, representing 62 per cent of the revised net estimates of Kshs.4.47 trillion, compared to the Kshs.2.7 trillion (63 per cent) received in a similar period in FY 2023/24. The total exchequer issues from the Consolidated Fund to MDAs, CFS, and the County Governments amounted to Kshs.2.64 trillion, representing 59 per cent of the revised net estimates of Kshs.4.47 trillion, compared to Kshs.2.7 trillion recorded in a similar period in FY 2023/24. The exchequer issues comprised Kshs.170.83 billion (48 per cent) for ministerial development expenditure, Kshs. 991.75 billion (70 per cent) for ministerial recurrent expenditure, Kshs. 1,223.30 billion (53 per cent) to CFS and Kshs. 255.54 billion (61 per cent) to County governments as equitable shareable revenue. County government exchequer issues from the national government included Kshs.30.83 billion for June 2024 arrears.

The national government's total expenditure for the first nine months amounted to Kshs.2.86 trillion, representing 62 per cent of the national government's revised gross estimates of Kshs.4.64 trillion compared to Kshs.2.91 trillion (64 per cent) recorded in a similar FY 2023/24 period. This expenditure comprised ministerial development expenditure of Kshs.338.18 billion (with an absorption rate of 55 per cent), recurrent ministerial expenditure at Kshs.1.20 trillion (absorption rate of 70 per cent) and CFS expenditure at Kshs.1.31 trillion (an absorption rate of 57 per cent).

Development expenditure with the highest spending included Capital Transfers by the MDAs in subsidies, grants, or direct transfers to Semi-Autonomous Government Agencies (SAGAs) at Kshs.253.79 billion, representing 75 per cent of the gross development spending. Other major development expenditure comprised the Construction and Civil Works at Kshs.41.61 billion and the Purchase of Specialised Plant, Equipment and Machinery at Kshs.7.62 billion, representing 12 per cent and 2 per cent, respectively, of the gross development expenditure.

A review of the recurrent expenditure shows that Kshs.469.97 billion was spent on Compensation to Employees excluding National Security Sector, and Semi-Autonomous Government Agencies/State Corporations, representing 39 per cent of the gross recurrent expenditure by MDAs and 27 per cent of the national government's equitable share of the revenue raised nationally and Appropriations- in- Aid. This was in line with the with the requirement of the PFM Regulations 26(1) of 2015 that the national government's expenditure should not exceed 35 per cent of the national government's equitable share of the revenue raised nationally plus other revenues generated by the national government under Article 209(4) of the Constitution. Total Current transfers to other government institutions were Kshs.507.12 billion and subsidies Kshs.68.26 billion, representing 42 per cent and 6 per cent of the gross recurrent expenditure, respectively. Other expenses with significant expenditure were Kshs.16.83 billion for travel, Kshs.9.79 billion for security operations, Kshs.8.20 billion for school examinations invigilation, and Kshs.6.87 billion for specialised suppliers.

During the reporting period, budget implementation faced several challenges. These included the accumulation of significant pending bills, which stood at Kshs.511.75 billion by March 2025, limiting cash flows and affecting suppliers' operations, especially SMEs. Low revenue outturn, with only 62 per cent of the annual target collected in the first nine months, occasioning delayed disbursement of funds and low absorption rates across MDAs and County Governments. There was also irregular reliance on Article 223 of the Constitution to fund existing government programmes and settle predictable obligations, indicating weaknesses in the budget formulation process. Further, in-year changes to programme output targets undermined performance tracking, while delays in completing multi-year development projects further hindered effective budget execution.

To address the challenges, the Controller of Budget recommends that the National Treasury fast-track the verification and settlement of pending bills and adopt more realistic revenue projections to reduce reliance on borrowing. There is a need for improved fiscal planning and enhanced revenue collection, particularly from Appropriations-in-Aid. To strengthen expenditure management, government agencies should reduce reliance on Article 223 by ensuring better upfront budgeting for known expenditures. MDAs are encouraged to set specific and stable targets at the start of the financial year to facilitate accurate performance measurement. Lastly, priority should be given to completing ongoing multi-year projects before initiating new ones to enhance project completion rates and optimise resource utilisation.

1. INTRODUCTION

This report is prepared in line with Article 228(6) of the Constitution of Kenya and Section 9 of the Controller of Budget Act, Cap 429, which states that, every four months, the Controller shall submit to each House of Parliament a report on the implementation of the budgets of the national and county governments. Section 9 of the Controller of Budget Act outlines the information to be contained in the report and states that, despite the first quarterly report, each subsequent report shall contain cumulative amounts from the beginning of that year.

The report is presented in six chapters. Chapter one is the introduction. Chapter Two presents the performance of receipts into the consolidated fund and exchequer issues released to MDAs, CFS, and equitable shareable revenue to the forty-seven counties by the National Treasury in the period under review.

Chapter Three is presented in four subsections. This includes the overall budget performance of the national government, performance under the Consolidated Fund Services (CFS), MDAs' expenditure by economic classification and the status of pending bills as of 31st March 2025. The CFS comprises the public debt disaggregated into external and domestic, pensions and gratuities, salaries, allowances to constitutional office holders and miscellaneous services.

Chapter Four presents the budget performance of the eighty-one MDAs grouped into ten Sectors. The ten sectors include (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources, (v) General Economic and Commercial Affairs, (vi) Governance, Justice, Law and Order, (vii) Health, (viii) National Security, (ix) Public Administration and International Relations, (x) Social Protection, Culture, and Recreation sector. It presents the MDAs' performance on the approved budget, exchequer issues, actual expenditure, and project implementation status for some identified projects.

In the analysis of budget performance by MDAs, budget performance is reviewed at the gross and net estimate levels. The gross budget comprises Appropriations-in-Aid and government supply, representing the total vote allocation, while the net estimates represent the proportion of government supply to be funded through the exchequer. The budget data used in the report is based on the revised Supplementary Budget Estimates II approved by Parliament in March 2025, referred to as revised estimates. In examining the funding of planned activities by the government, exchequer issues are expressed as a percentage of the revised net estimates, while the overall budget expenditure is expressed as a percentage of the revised gross budget, referred to as absorption. On a linear basis, budget absorption is targeted to be 75 per cent of the annual budget as at the end of the first nine months of FY 2024/25.

Chapter Five presents the key issues the Controller of Budget identified as hindering effective budget implementation and provides recommendations to address them. Chapter Six provides the conclusion.

Annexes support the chapters. Annex I presents major Foreign Currencies Movement, Annex II shows Capital transfer to SAGAs, Annex III details the MDAs' Recurrent Performance by Economic Classification, Annex IV shows Current Transfer, Annex V and VI show MDAs' and State Corporations/State Owned Enterprises/SAGAs Pending Bills as of 30 September 2024 respectively, Annex VII presents the MDAs' Development Expenditure; Annex VIII details the Recurrent Expenditure, Annex IX, X and XI shows ministerial development and recurrent expenditure per sector and total expenditure per sector respectively.

2. ANALYSIS OF RECEIPTS AND EXCHEQUER ISSUES

2.1. Introduction

This chapter presents the receipts into the Consolidated Fund and funds released by the National Treasury in the first nine months of FY 2024/2025. The funds released went towards funding Consolidated Fund Services, ministerial development expenditure, recurrent expenditure, and transfers to the forty-seven counties.

2.2. Revenue Estimates and Receipts into the Consolidated Fund

The Consolidated Fund is established under Article 206(1) of the Constitution of Kenya and refers to the account into which all money raised or received by or on behalf of the national government is paid. It excludes monies reasonably exempted by an Act of Parliament and payable into other public funds established for a specific purpose or is retained by the State organ that received it to defray its expenses. Notably, at the beginning of FY 2023/24, the government directed that all money collected by all National Government entities as a fee on services offered be deposited into the e-citizen account, Pay bill number 222222.

To finance the budget, the government, through the National Treasury, targeted to raise funds from various revenue sources. The sources include Tax Revenue (Kshs.2.40 trillion), Non-Tax Revenue (Kshs.180.20 billion), Domestic borrowing (Kshs.1.17 trillion - comprising of net domestic borrowing of Kshs.597.15 billion and internal debt redemption/roll-over of Kshs.569.89 billion), External Loans and Grants (Kshs.718.40 billion) and other Domestic financing (Kshs.8.52 billion). The Government also targeted to raise Kshs.573.52 billion from Appropriations in Aid (A-I-A) comprising Kshs.317.79 billion recurrent A-I-A and Kshs.261.16 billion development A-I-A.

2.2.1 Receipts into the Consolidated Fund

In the first nine months of FY 2024/2025, receipts into the Consolidated Fund amounted to Kshs.2.75 trillion, representing 62 per cent of the revised annual target, an increase compared to Kshs.2.70 trillion (63 per cent of the annual target) recorded in a similar period of FY 2023/2024. The receipts comprised opening balances from the previous financial year (FY 2023/2024), Tax and Non-Tax Revenue, Domestic borrowing, External Loans and Grants, and Other Domestic Financing. Table 2.1 presents the statement of receipts for the Consolidated Fund's first nine months of FY 2024/2025.

Figure 2.2 indicates that receipts into the Consolidated Fund grew by 2 per cent in the first nine months of FY 2024/2025 compared to a similar period in FY 2023/2024. This was due to increased domestic borrowing and tax revenue receipts by Kshs.127.78 billion and Kshs.70.29 billion, respectively.

2.3. Net Exchequer Issues by the National Treasury

Net exchequer issues refer to actual issues from the Consolidated Fund and Equalization Fund to MDAs and County Governments by the National Treasury, excluding Appropriations in Aid.

In the first nine months of FY 2024/2025, net exchequer issues to National and County governments amounted to Kshs.2.64 trillion, representing 59 per cent of the revised annual net estimates, compared to Kshs.2.70 trillion (63 per cent) issued in a similar period FY 2023/2024.

Table 2.2 summarises exchequer issues by the National Treasury in the first nine months of FY 2024/2025.

* The initial allocation to Counties from the Equitable Share of revenue raised nationally amounted to Kshs 400,116,790,566.00. Following the enactment of the County Allocation of Revenue Act, 2024, the Equitable Share Allocation was revised to Kshs 387,425,000,000.00. The Revised Estimates (Supplementary II) Kshs 418,258,969,281.00 comprise Equitable Share Kshs 87,425,000,000.00 and arrears for June 2024 Kshs 30,833,969,281.00. The County Governments Additional Allocations Bill, 2024 provides for additional allocations to County Governments in FY2024/2025 amounting to Kshs 55,453,732,777.07 to be disbursed through the respective Ministries, Departments and Agencies. Parliament is still considering the Bill.

Analysis from Table 2.2 shows that the County government's vote received the highest percentage of exchequer issues to revised net estimates at 61 per cent while the ministerial development vote received the lowest at 59 per cent.

The recurrent vote received the highest proportion of exchequer issues to the total issues at 84 per cent, while the ministerial development vote received the lowest at 6 per cent. Figure 2.3 illustrates the proportion of exchequer issues by major Category in the first nine months of FY 2024/2025.

2.4. Exchequer Issues by Sector.

MDAs are classified into ten sectors according to the Classification of Functions of Government (COFOG), which is designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability across sectors.

The ten sectors are (i) Agriculture, Rural and Urban Development, (ii) Education (iii) Energy, Infrastructure, and Information Communications Technology, (iv) Environment Protection, Water and Natural Resources (v) General Economic and Commercial Affairs (vi) Governance, Justice, Law and Order (vii) Health (viii) National Security (ix) Public Administration and International Relations and (x) Social Protection, Culture and Recreation.

In the first nine months of FY 2024/25, exchequer issues to MDAs amounted to Kshs.1.16 trillion, representing 66 per cent of the revised annual net estimates compared to 61 per cent (Kshs.1.11 trillion), recorded in a similar period FY 2023/2024. Table 2.3 summarises the sector's exchequer issues first nine months of FY 2024/2025.

The Social Protection, Culture and Recreation sector received the highest proportion of exchequer issues to revised net estimates at 84 per cent. This was attributed to the highest proportion of exchequer issues to the State Department for Social Protection and Senior Citizen Affairs for recurrent expenditure, which stood at 95 per cent of revised net estimates for full implementation of the safety net programme. Conversely, the EIICT sector received the lowest proportion of exchequer issues to revised net estimates at 45 per cent.

2.5. Ministerial Development Exchequer Issues by Sector

In FY 2024/2025, gross allocation to the development budget was Kshs.746.34 billion, revised to Kshs.641.17 billion in Supplementary Estimates I and Kshs.616.09 billion in Supplementary Estimates II, representing 26 per cent of the gross ministerial budget of Kshs.2.35 trillion, compared to Kshs.782.22 billion allocated in FY 2023/2024. Further analysis shows that the development vote received 12 per cent of the revised gross national budget of Kshs.5.05 trillion. Table 2.4 shows sectoral development gross estimates and exchequer issues in the first nine months of FY 2024/2025.

Total development exchequer issues in the period under review amounted to Kshs. 170.83 Billion, representing 48 per cent of the revised net estimates, an increase compared to 45 per cent (Kshs.207.55 billion) in a similar period FY 2023/2024. Analysis of exchequer issues towards development expenditure by sector shows that

the Governance, Justice, Law and Order sector received the highest proportion of exchequer issues to revised net estimates at 91 per cent, attributable to 100 per cent exchequer release to the State Department for Internal Security and National Administration for development expenditure on acquisition of non-financial assets. Table 2.5 shows development issues for the MDAs under each of the ten sectors in the first nine months of FY 2024/25.

2.5.1 Ministerial Recurrent Exchequer Issues by Sector

In FY 2024/2025, the gross ministerial recurrent budget amounted to Kshs.1.63 trillion, revised to Kshs.1.59 trillion in Supplementary Estimates I and Kshs.1.73 trillion in Supplementary Estimates II, representing 74 per cent of the ministerial expenditure allocation, compared to Kshs.1.36 trillion allocated in FY 2023/2024. Further analysis shows that recurrent ministerial expenditure allocation was 34 per cent of the revised gross national budget. Table 2.6 shows the sectorial recurrent estimates and exchequer issues for the first nine months of FY 2024/25.

Total exchequer issues towards recurrent ministerial expenditure in the first nine months of FY 2024/2025 amounted to Kshs.991.75 billion, representing 70 per cent of the revised net estimates, compared to 62 per cent (Kshs.905.78 billion) recorded in a similar period FY 2023/2024.

A review of Ministerial recurrent exchequer issues shows that the Social Protection, Culture and Recreation sector received the highest per centage of exchequer issues at 88 per cent due to the disbursement of Kshs.31.82 billion (95 per cent of revised net estimates) for implementing the safety net programme under the State Department for Social Protection and Senior Citizens Affairs. In comparison, the General Economics and Commercial Affairs sector received the lowest proportion at 39 per cent. Table 2.7 shows recurrent issues to the MDAs in each of the ten sectors in the first nine months of FY 2024/2025.

2.5.2 Exchequer Issues to the Consolidated Fund Services

The CFS comprises funds allocated towards (i) Repayment of Public Debt (domestic and foreign) and government-guaranteed loans to parastatals, (ii) Pensions and Gratuities, (iii) Salaries and Allowances to Constitutional Officeholders and Miscellaneous Services, and (iv) Subscriptions to International Organizations.

The allocation to CFS in FY 2024/2025 amounted to Kshs.2.11 trillion, revised to Kshs.2.29 trillion in Supplementary Estimates I and Kshs.2.29 trillion in Supplementary Estimates II. This represents 45 per cent of the gross national budget, an increase compared to Kshs.2.08 trillion allocated in FY 2023/2024. Table 2.8 shows the exchequer issues to CFS in the first nine months of FY 2024/25.

In the first nine months of FY 2024/2025, exchequer issues to CFS amounted to Kshs.1.22 trillion, representing 53 per cent of the revised annual net estimates, compared to 66 per cent (Kshs.1.36 trillion), issued in a similar period FY 2023/2024. Salaries, Allowances & Miscellaneous received the highest proportion of exchequer issues to revised net estimates at 94 per cent, while Pensions and Gratuities had the lowest at 52 per cent.

2.5.3 Exchequer Issues Under Article 223 of the Constitution

Article 223 of the Constitution allows the national government to access additional funding during the budget implementation by spending money that has not been appropriated if the amount appropriated for any purpose under the Appropriation Act is insufficient or a need for unbudgeted expenditure arises for which no amount has been appropriated, or money has been withdrawn from the Contingencies Fund.

Table 2.9 shows exchequer issues under Article 223 of the Constitution of Kenya during the reporting period.

During the first nine months of FY 2024/2025, the Controller of Budget authorised a total of Kshs.42.22 billion under article 223 of the Constitution. All the affected additional fundings were regularized in Supplementary II budget estimates as required by Article 223 (2) of the Constitution except for Kshs. Ksh.1.24 billion disbursed by the World bank and spent by the State Department for Social Protection and Senior Citizen Affairs under Kenya Social and Economic Inclusion Project.

2.5.4 Approval for Withdrawals from the Equalization Fund

The Equalisation Fund is established under Article 204 (1) of the Constitution of Kenya, which requires that half a per cent (0.5 per cent) of all the revenue collected by the National government each year, calculated based on the most recent audited revenue received, as approved by the National Assembly, to be paid into the Fund. Article 204(2) of the Constitution provides that the National Government shall use the Equalisation Fund to provide only essential services, including Water, Roads, Health Facilities, and Electricity, to marginalised areas to the extent necessary to bring the quality of those services in those areas to the level generally enjoyed by the rest of the nation, so far as is possible.

During the first nine months of FY 2024/2025, the Controller of Budget authorised 20 requests amounting to Kshs.2.21 billion from the Equalization Fund. The amount comprises Kshs.198.50 million for the Equalization Fund Secretariat's recurrent expenses, Kshs.356.87 million for Policy 1 development pending bills under the Ministry of Water and Sanitation, and Kshs.1.66 billion for 2nd policy development projects for 35 marginalised areas.

Table 2.10 shows the movement of funds in the Equalisation Fund in the first nine months of FY 2024/25.

2.5.5 Approval for Withdrawals from the Judiciary Fund

The Judiciary Fund is established under Article 173 of the Constitution. In the first nine months of FY 2024/2025, the Controller of Budget authorised withdrawals amounting to Ksh.15.36 billion from the Judiciary Fund to the Judiciary Operational Accounts. This amount comprised Kshs.14.79 billion for recurrent activities and Kshs.570.79 million for development activities, representing 68 per cent and 74 per cent of the recurrent and development estimates, respectively.

Table 2.11 shows the approval for withdrawal from the Judiciary Fund to Judiciary Operational Accounts in the first nine months of FY 2024/2025.

3. OVERALL BUDGET PERFORMANCE

3.1. Introduction

This chapter presents an overview of the National Government budget implementation in the first nine months of FY 2024/25. It also presents the budget performance of the Consolidated Fund Services (which is classified as recurrent expenditure), which contains information on Public debt, Pensions and gratuities, Salaries and Allowances to Constitutional officeholders and Miscellaneous services. The chapter further disaggregates expenditure for MDAs under major economic items for the development and recurrent votes, respectively. The recurrent vote comprises ministerial allocation and CFS votes. In addition, it presents the status of pending bills as of 31st March 2025.

3.2. FY 2024/2025 Overall Budget

The approved gross budget for the FY 2024/2025 amounted to Kshs.4.49 trillion, revised to Kshs.4.37 trillion in Supplementary Estimates I and Kshs.4.64 trillion in Supplementary Estimates II, presenting 2 per cent growth compared to Kshs.4.54 trillion in FY 2023/2024. This comprised of Kshs.616.09 billion for ministerial development expenditure, Kshs.1.73 trillion for ministerial recurrent expenditures, Kshs.2.29 trillion for CFS. This is a decline compared to Kshs.783.22 billion for ministerial development allocated in the FY 2023/2024. However, ministerial recurrent and CFS allocations increased compared to Kshs. 1.68 trillion and Kshs.2.08 trillion respectively allocated in FY 2023/2024.

The government targeted to finance the budget through raising revenue of Kshs.2.75 trillion (including Appropriations-in-Aid) and a deficit financing of Kshs.1.89 trillion (to be funded by Domestic Borrowing, External Loans and Grants at Kshs.1.17 trillion and Kshs.718.40 billion, respectively). The Domestic Borrowing of Kshs.1.17 trillion is comprised of Net Domestic Borrowing of Kshs.597.15 billion and Internal Debt Redemptions of Kshs.569.89 billion. Table 3.1 shows the overall budget performance of the National government in the first nine months of FY 2024/2025.

The total exchequer issued by the National Treasury to fund budgeted activities in the first nine months of FY 2024/2025 was Kshs.2.39 trillion, representing 59 per cent of the revised net estimates, compared to 64 per cent (Kshs.2.48 trillion) recorded in a similar period FY 2023/2024. The exchequer issues comprised Kshs.170.83 billion (49 per cent) for ministerial development expenditure, Kshs.991.75 billion for ministerial recurrent

expenditure (70 per cent) and Kshs.1.22 trillion to CFS (53 per cent). Gross expenditure for the National Government was Kshs.2.87 trillion, recording an absorption rate of 62 per cent, compared to 64 per cent (Kshs.2.91 trillion) recorded in a similar period of FY 2023/2024. Expenditure comprises ministerial development expenditure at KShs.338.18 billion (absorption rate of 55 per cent), ministerial recurrent expenditure at KShs.1.20 trillion (absorption rate of 69 per cent) and Consolidated Fund Services at KShs.1.33 trillion (absorption rate of 58 per cent).

3.3. Consolidated Fund Services Budget Performance

Budget allocation to the CFS in the FY 2024/2025 amounted to Kshs.2.11 trillion, revised to Kshs.2.14 trillion in Supplementary Estimates I and Kshs.2.29 trillion in Supplementary Estimates II, compared to Kshs.2.08 trillion allocated in the FY 2023/2024. Total CFS expenditure in the period under review amounted to Kshs.1.33 trillion, representing 58 per cent of the revised CFS estimates, compared to 67 per cent (Kshs.1.39 trillion) recorded in a similar period FY 2023/24. There was an overall decline in CFS payments over the period, and this was attributed mainly to decrease in principal payments of external and domestic debt from Kshs.681.27 billion in the first nine months of FY 2023/24 to Kshs.482.12 billion in FY 2024/25.

3.3.1 Public Debt

As of 31st March 2025, the Public debt stock stood at Kshs.11.36 trillion, comprising of Kshs.5.24 trillion owed to external lenders (46 per cent) and Kshs.6.12 trillion due to domestic lenders (54 per cent). Table 3.3 represents the public debt position as of 31st March 2025.

The public debt stock increased by 7 per cent from Kshs.10.58 trillion as of 30th June 2024 to Kshs.11.36 trillion as of 31st March 2025. External debt increased by 1 per cent due to additional loan disbursements of Kshs.194.05 billion from foreign commercial banks and Kshs.126.28 billion from Multilateral Organizations, while domestic debt recorded 13 per cent growth attributable to increased borrowing in the domestic market. Table 3.4 shows the effect of foreign exchange on external public debt.

Notably, the Supplier credit has recorded neither loan disbursement nor repayment in the first nine months of FY2024/25.

The allocation towards servicing the public debt in the FY 2024/2025 amounted to Kshs.2.04 trillion, representing 89 per cent of the CFS budgetary allocation, compared to Kshs.1.87 trillion allocated in the FY 2023/2024. This comprised Kshs.1.05 trillion for principal and Kshs.995.77 billion for interest payments.

Allocation towards external debt comprised of Kshs.476.40 billion for principal and Kshs.259.91 billion for interest, while domestic debt comprised Kshs.569.89 billion and Kshs.749.24 billion towards principal redemption and interest payment, respectively.

Total expenditure on public debt in the first nine months of FY 2024/2025 amounted to Kshs.1.20 trillion, representing 59 per cent of the revised estimates, compared to Kshs.1.24 trillion (66 per cent) recorded in a similar period FY 2023/2024. The decrease is attributed mainly to reduction in the external debt principal and interest

payments, which stood at Kshs.465.48 billion compared to Kshs.614.187 billion paid in a similar FY 2023/24 period.

External debt servicing amounted to Kshs.466.73 billion, comprising Kshs.295.27 billion on principal payment, Kshs.170.20 billion on interest payment, Kshs.770.54 million on commitment fees, Kshs.2.80 million on penalties paid first, and Kshs.477.14 million on other charges - Service Fees. The total domestic debt payment was Kshs.729.45 billion, consisting of Kshs.186.85 billion and Kshs.542.60 billion for principal and interest payments, respectively.

3.3.2 Overdraft Facility

The overdraft facility is a way of short-term borrowing by the Government to cover temporary cash shortfalls. It is repayable within twelve months. Kenya's Government overdraft is administered through the Central Bank of Kenya (CBK). It is restricted to a maximum of five per cent of the most recently audited revenues and is expected to be paid off by the end of the financial year as specified in Section 15 (3) of the PFM Act.

In the period under review, the overdraft limit stood at Kshs.97.05 billion and was charged at an average interest rate of 12 per cent per annum on the amount outstanding at the end of each month. In the first nine months of FY 2024/2025, the total charge on the overdraft facility was Kshs.5.2 billion, as shown in Table 3.5.

3.3.3 Salaries and Allowances and Miscellaneous Services

The allocations for Salaries and allowances and Miscellaneous Services (SAM) in the FY 2024/2025 amounted to Kshs.4.21 billion, revised to Kshs.4.14 billion in Supplementary Estimates II, compared to Kshs.4.74 billion allocated in the FY 2023/2024. The decline is attributed to implementing a recommendation by the Controller of Budget that budgeted salaries and allowances of the Constitutional Office Holders be aligned to the gazetted remuneration by the Salaries and Remuneration Commission in previous Budget Implementation Review Reports.

The total expenditure towards SAM in the first nine months of FY 2024/2025 was Kshs.2.97 billion, representing 72 per cent of the annual estimates, compared to Kshs.2.49 billion (52 per cent) recorded in a similar FY 2023/2024 period. Figure 3.5 shows the budgetary allocations and expenditure trends for salaries, allowances, and miscellaneous services from FY 2020/2021 to FY 2024/2025.

We have observed that the budget for Independent Electoral and Boundaries Commission was unutilized most likely due to absence of Commissioners. Further, the National Police Service Commission and Kenya National Commission on Human Rights spent 28 per cent and 58 per cent, respectively, of their budgets in the first nine months of FY 2024/25, which was way below the 75 per cent target. Accordingly, the National Treasury should ensure appropriate reallocations in Supplementary Budget III by providing a realistic budget for SAM.

3.3.4 Guaranteed Debt

As of 31st March 2025, the guaranteed debt stock stood at Kshs.80.08 billion, compared to Kshs.100.16 billion as of 30th June 2024. Table 3.7 provides a list of guaranteed loans as of 31st March 2025.

The revised allocation towards servicing the guaranteed debt in the FY 2024/2025 amounted to Kshs.19.69 billion for Kenya Airways Guarantee (for Local Banks) only, representing 1 per cent of the CFS budgetary allocation, compared to Kshs.17.19 billion allocated in the FY 2023/2024.

Total expenditure on guaranteed debt in the first nine months of FY 2024/2025 amounted to Kshs.19.69 billion, representing 100 per cent of the revised estimates, compared to Kshs.17.44 trillion (101 per cent) recorded in a similar period FY 2023/2024. The loan payment was for Kenya Airways Gurantee (for Local Banks) exclusively for loan redemption.

3.3.5 Pensions and Gratuities

The allocation for Pensions and gratuities for FY 2024/2025 amounted to Kshs.199.37 billion, revised to Kshs.223.15 billion in Supplementary Estimates I and Supplementary Estimates II, representing 18 per cent increase compared to Kshs.189.09 billion allocated in FY 2023/2024. It comprised Ordinary Pensions of Kshs.93.78 billion, Commuted Pensions and Gratuities of Kshs.85.76 billion, Other Pension Schemes of Kshs.6.63 billion, and the Public Service Superannuation Scheme at Kshshs. 36.98 billion.

Total payments towards Pensions and Gratuities in the first nine months of FY 2024/2025 stood at Kshs.115.14 billion, representing 52 per cent of the gross estimates, compared to Kshs.129.21 billion, (68 per cent) recorded in a similar period of FY 2023/2024. Table 3.8 shows performance for various pension categories in the first nine months of FY 2024/2025.

During the reporting period under consideration budget execution of pensions and gratuities were impeded by delays in funding pensions and system downtime. The ordinary and commuted pension processed for payment totalled Kshs.131.92 billion, out of which exchequer releases amounted to Kshs.101.78 billion, thus an unfunded difference of Kshs.30.14 billion. Similarly, a request of Kshs.11.66 billion to fund the Government of Kenya (Employer) contribution remittances to the Public Service Superannuation Scheme (PSSS) remained outstanding as of the end of the reporting period.

3.4. Ministries, Departments, and Agencies Expenditure by Economic Classification

3.4.1 Introduction

This section presents an analysis of the MDAs' expenditure by economic classification for the first nine months of FY 2024/2025 of both development and recurrent expenditure. The development expenditure is disaggre-

gated into major economic items, which include: Capital Transfers to SAGAs, Civil Works and Construction of Residential and Non-Residential Buildings, Refurbishment of Buildings/infrastructure, Purchase of Specialized Plant, Equipment, and Machinery, and Pre-Feasibility studies. Conversely, the major economic items for recurrent expenditure are: Compensation to Employees, Operations and Maintenance (O&M), and Current Transfer to SAGAs. O&M is further disaggregated into the major expenditure items which include: Travelling, Printing, and Advertising, Rentals and Rates for Non-Residential Buildings, Training, Hospitality, Maintenance Expenses for motor vehicles, and other assets.

3.4.2 Ministries, Departments, and Agencies Development Expenditure Analysis

In FY 2024/25, the gross budget allocation towards Ministerial development activities amounted to Kshs.746.34 billion, revised to Kshs.641.17 billion in Supplementary I and Kshs.616.01 billion in Supplementary II, compared to Kshs.783.22 billion allocated in FY 2023/2024. Gross ministerial development expenditure in the first nine months amounted to Kshs.338.18 billion, recording an absorption rate of 55 per cent, compared to 47 per cent (Kshs.368.79 billion) recorded in a similar period of FY 2023/2024. Table 3.9 shows the development expenditure analysis by MDAs for the reporting period.

Analysis of MDAs' development expenditure by economic classification shows that the highest spending category was Capital Transfers at Kshs.253.79 billion, representing 75 per cent of the gross development expenditure. Capital Transfers may be in the form of subsidies, grants or direct transfers to SAGAs, which are meant to complement activities and mandates executed on behalf of parent ministries. A summary of the Capital Transfers is annexed to this report.

Construction and Civil Works recorded the second highest expenditure at Kshs.41.61 billion, absorption rate 12 per cent and followed by Purchase of Specialised Plant, Equipment and Machinery at Kshs.7.62 billion, absorption rate of 2 per cent of the development budget.

Further analysis revealed that the State Department for Roads had the highest Capital Transfers at Kshs.81.48 billion, representing 32 per cent of the total Capital Transfers followed by the State Department for Economic Planning at Kshs.36.93 billion, representing 15 per cent of the total capital transfers.

Other Expenditures for development activities amounted to Kshs.29.30 billion, representing 9 per cent of the gross development expenditure. MDAs that recorded the high spending under this expenditure category included:

State Department for Immigration and Citizen Services: Kshs.7.64 billion, with Kshs.5.21 billion being for supplies and production.

The National Treasury: Kshs.7.21 billion utilized for Use of good and services

State Department for Social Protection and Senior Citizen Affairs: Kshs.2.87 billion, with Kshs.1.85 billion being used to defray costs relating to use of goods and services.

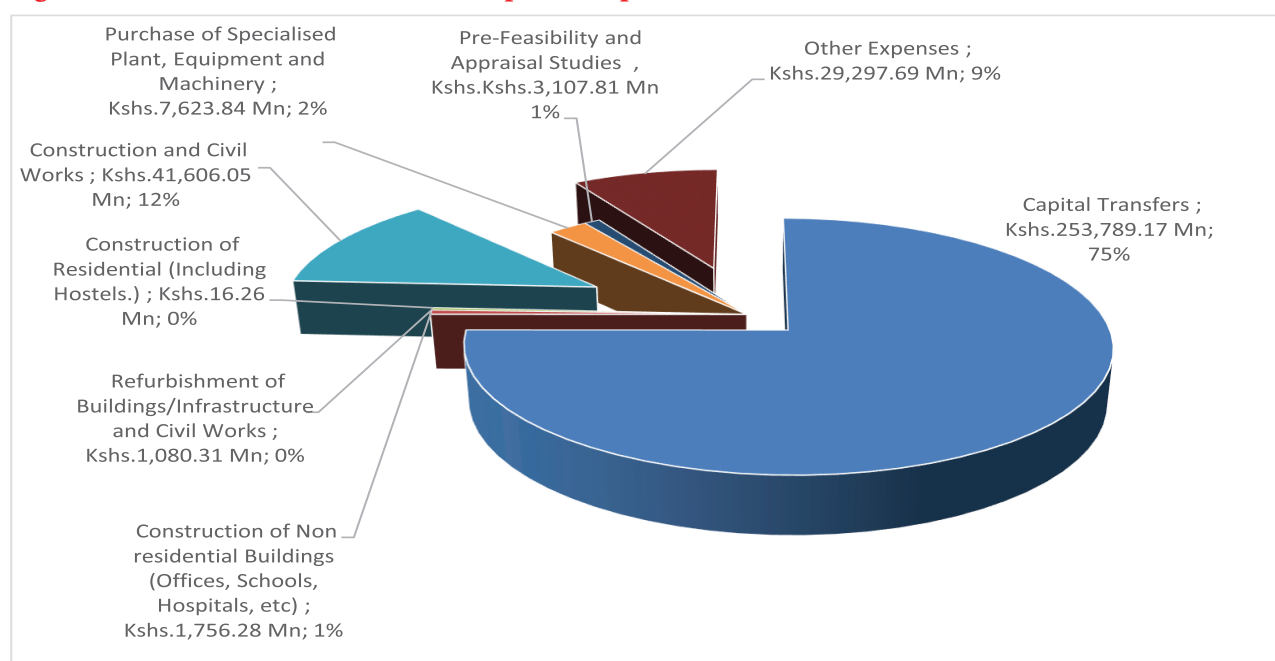

State Department for Housing and Urban Development: Kshs.1.60 billion, with Kshs.1.04 billion being for Contracted Professional Services

State Department for Crop Development: Kshs.1.59 billion, with Kshs.1.28 billion being utilized on use of goods and services

State Department for Medical Services: Kshs.1.06 billion, out of which Kshs.600 million was spent on Routine Maintenance - other assets and Kshs.138 million utilized on use of goods and services.

3.4.3 Ministries, Departments, and Agencies Recurrent Expenditure Analysis

In FY 2024/2025, the gross allocation towards ministerial recurrent expenditure was Kshs.1.63 trillion, revised to Kshs.1.59 trillion in Supplementary Estimates I and Kshs.1.73 trillion in Supplementary Estimates II, compared to Kshs.1.68 trillion allocated in FY 2023/2024. Expenditure in the first nine months of FY 2024/2025 was Kshs.1,20 trillion, representing 70 per cent of the revised gross recurrent estimates, compared to 68 per cent (Kshs.1.15 trillion), recorded in a similar period FY 2023/2024.

A breakdown of the MDAs' total recurrent expenditure for the reporting period is presented in Table 3.10.

The recurrent expenditure for MDAs has further been disaggregated into Compensation to Employees, use of goods and service, and Current Transfers to SAGAs. This report annexes the current expenditure performance for Semi-Autonomous Government Agencies/State-Owned Enterprises.

3.4.4 Compensation to Employees

Compensation to employees comprises basic salaries for permanent employees, basic wages for temporary employees, personal allowances paid on reimbursement and provided in kind and other social benefits paid as part of salary. Table 3.11 summarises Compensation to Employees aggregated by sector for the first nine months of FY 2024/25.

*This did not include compensation to employees of the National Intelligence Service and the Kenya Defence Forces.

In the first nine months of the FY 2024/25, compensation to employees was Kshs.469.97 billion, representing 76 per cent of the revised allocation to compensation to employees. This did not include payment for the National Intelligence Service and Kenya Defence Forces under the National Security Sector, and Semi-Autonomous Government Agencies/State Corporations/State Owned Corporations. Considering the exclusions, MDAs compensation to employees accounted for 27 per cent of the national government's equitable share of the revenue raised nationally and Appropriations- in- Aid. This complies with the requirement of the PFM Regulations 26(1) of 2015 that the national government's expenditure should not exceed 35 per cent of the national government's equitable share of the revenue raised nationally plus other revenues generated by the national government under Article 209(4) of the Constitution. Detailed ministerial compensation to employees is referenced in Annex III, page 267 of this report.

3.4.5 Use of Goods and Services

The budget items under this category include: Traveling, Printing and advertising, Rent and rates for non-residential buildings, Training, Hospitality, Legal fees, Insurance, Maintenance expenses for motor vehicles and other assets.

In the first nine months of FY 2024/25, travel expenditure amounted to Kshs.16.83 billion, compared to Kshs.18.18 billion recorded in a similar period in FY 2023/24. This comprises domestic travel at Kshs.11.69 billion and foreign travel at Kshs.5.1 billion. Insurance expenditure was Kshs.8.42 billion, Rent and rates on non-residential buildings amounted to Kshs.6.24 billion, Specialised materials and supplies Kshs.8.23 billion, and hospitality recorded Kshs.3.69 billion.

3.4.6 Grants/Current Transfers

Grants/Current transfers are meant to complement activities and mandates executed on behalf of the parent ministry by Semi-Autonomous Government Agencies, State Corporations or State-Owned Enterprises. In the first nine months of FY 2024/25, the total grants reported by MDAs amounted to Kshs.507.12 billion, representing 42 per cent of the MDAs' gross recurrent expenditure. These comprised of:

- i. **Grants and other Ttransfers-** The total expenditure reported by MDAs was Kshs.197.96 billion. The Ministry of Defence reported the highest transfers of Kshs.128.61 billion, followed by the National Intelligence Service at Kshs.44.04 billion.*
- ii. **Current transfers to other Government Units -** Total expenditure by the MDAs was Kshs.250.20 billion, with the State Department for Higher Education and Research reporting the highest at Kshs.70.13 billion, followed by The State Department for Roads at Kshs.34.91 billion.*
- iii. **Other transfers and Emergency Relief-** The total expenditure by MDAs was Kshs.51.98 billion. The State Department for Social Protection and Senior Citizen Affairs reported the highest transfer of Kshs.27.81 billion, while the State Department for Higher Education and Research followed at Kshs.17.17 billion.*

3.4.7 Subsidies

This category includes Subsidies to Private enterprises and Subsidies to Public Corporations. In the first nine months of FY 2024/25, the total Subsidies reported by MDAs amounted to Kshs.68.27 billion, representing 5 per cent of the gross recurrent expenditure. This included Kshs.64.06 billion incurred by the State Department for Basic Education as capitation transfers to support free education in all Board of Governors' maintained schools.

3.4.8 Social Benefits

This category includes government pensions and retirement benefits, Social Security benefits, Employer social benefits, and Gratuities. MDAs reported a total expenditure of Kshs.417.96 million in the first nine months of FY 2024/2025.

3.4.9 Acquisition of Financial Assets

This category includes domestic loans to other levels of government, Domestic loans to Financial Institutions, Domestic loans to Individuals and households and Domestic Lending and on-lending. MDAs spent Kshs.35.97 billion on acquisition of financial assets in the first nine months of FY 2024/2025. The State Department for Higher Education and Research recorded the highest expenditure on acquisition of financial assets at Kshs.35.91 billion.

3.4.10 Acquisition of Non-Financial Assets

This category includes refurbishing buildings, purchasing vehicles and other transport equipment, furniture and general equipment, and purchasing specialised plant equipment and machinery. MDAs recorded total ex-

penditure of Kshs.3.37 billion under this category. The State Department for Livestock recorded the highest at Kshs.982.19 million, followed by the National Police Service at Kshs.685.83 million.

3.4.11 Other Expenses

Other expenses amounted to Kshs.50.82 billion in the period under review, representing 4 per cent of the gross recurrent expenditure. The MDAs that recorded the highest expenditure under this category were:

State Department for Internal Security and National Administration - Kshs.11.34 billion including Kshs.10.76 billion for security operations

National Treasury -Kshs.10.93 billion including Kshs.9.79 billion for security operations.

State Department for Basic Education -Kshs.8.20 billion utilized for school examination and invigilation.

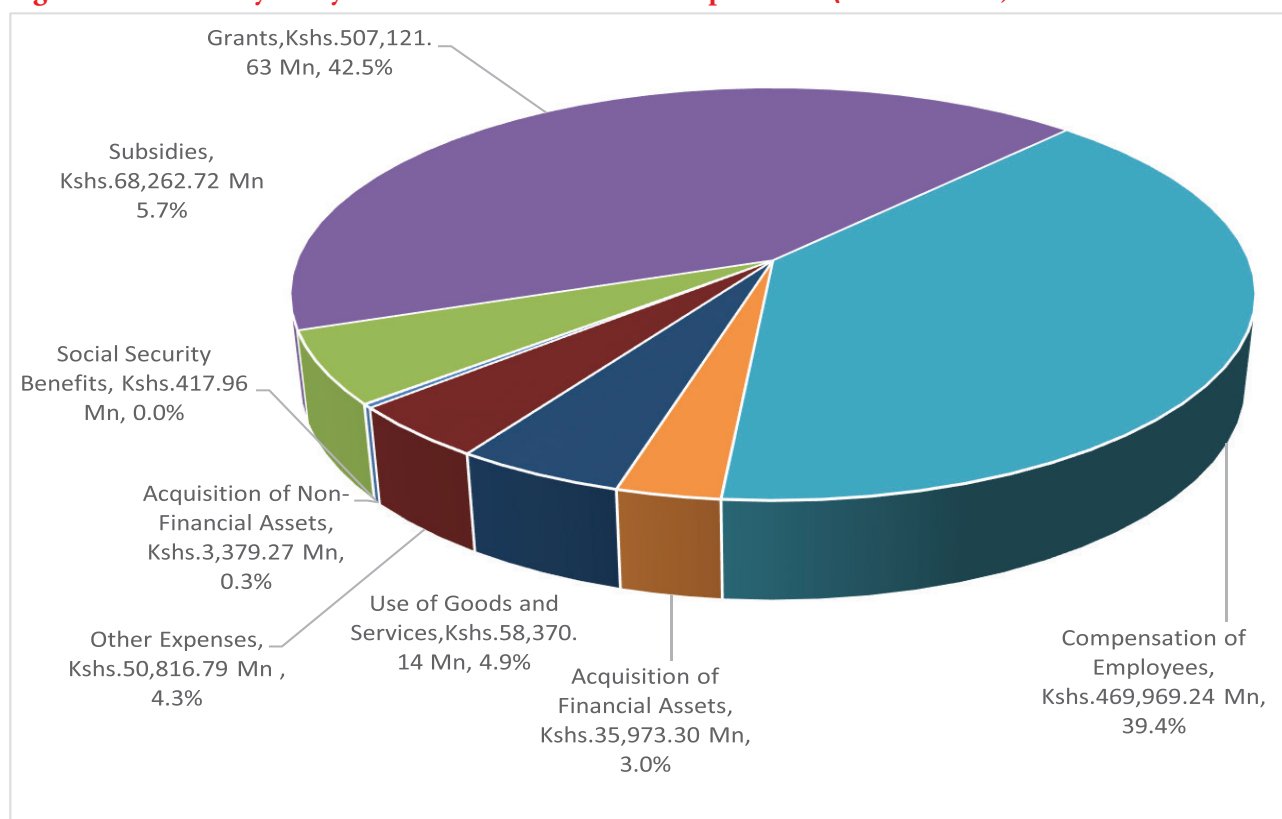

National Police Service -Kshs.7.47 billion including Kshs.5.23 billion being for security operations.

State Department for Immigration and Citizen Services-Kshs.2.69 billion, including Kshs.2.18 billion Contracted Technical Services.

National Assembly -Kshs.2.49 billion including Kshs.2.43 billion for Constituency office expenses.

**MDAs pending bills do not include bills under litigation which are handled by the Office of the Attorney General*

MDAs' pending bills are mainly historical bills, comprising Kshs.67.13 billion (74 per cent) for recurrent expenditure and Kshs.22.99 billion (26 per cent) for development expenditure. In the first nine months of FY 2024/25, MDAs' pending bills declined by Kshs.46.32 billion, comprising Kshs.33.60 billion for recurrent and Kshs.12.72 billion for development expenditure. Ineligible pending bills declared as of 31st March 2025 amounted to Kshs.39.75 million.

The State Corporations' pending bills include payments due to contractors/projects, suppliers, unremitted statutory and other deductions, and pension arrears for Local Authorities Pension Trust. The highest per centage of the State Corporations' pending bills (Kshs.259.67 billion as of 31st March 2025) was for Contractors/Projects (Development), at 62 per cent, followed by Consumables and General supplies, at 9 per cent.

4. BUDGET PERFORMANCE BY SECTOR

4.1. Introduction

MDAs are classified into ten sectors according to the United Nations Classification of Functions of Government, designed to support fiscal analysis by breaking down Government Fiscal Statistics for comparability. The chapter presents the performance of MDAs by sector in the first three months of FY 2024/2025. It provides budget allocations per sector detailing specific MDAs' exchequer issues, expenditures, and absorption on the budget. The chapter also presents the performance of MDAs' programmes and sub-programmes and spending on development projects in the first three months of FY 2024/2025.

Sector performance is presented in alphabetical order as follows; (i) Agriculture, Rural and Urban Development (ARUD), (ii) Education, (iii) Energy, Infrastructure and Information Communications Technology (EIICT), (iv) Environment Protection, Water and Natural Resources (EWNK) (v) General Economic and Commercial Affairs (GECA) (vi) Governance, Justice, Law and Order (GJLO) (vii) Health (viii) National Security (ix) Public Administration and International Relations (PAIR) (x) Social Protection, Culture and Recreation (SPCR) Sectors.

In FY 2024/2025, the Education Sector was allocated Kshs.676.72 billion, recording the highest budget allocation, attributed to its broad mandate, including primary schools, secondary schools, special education, tertiary education, university education, examinations and curriculum development, and reforms in the education sector. Conversely, the General Economic and Commercial Affairs Sector received Kshs.60.77 billion, representing the lowest budgetary allocation.

4.2. Agriculture, Rural and Urban Development Sector

4.2.1 Introduction

Agriculture is a devolved function under the Fourth Schedule of the Constitution of Kenya. It is a critical sector in the economic pillar of the Kenya Vision 2030. The ARUD Sector comprises five sub-sectors, namely: The State Department for Lands and Physical Planning; the State Department for Livestock Development; the State Department for the Blue Economy and Fisheries; the State Department for Agriculture and the National Land Commission (NLC) together with affiliated Semi-Autonomous Government Agencies (SAGAs) and Training Institutions.

The Sector is a significant player in the delivery of national development agendas, namely, Kenya Vision 2030, the government plan –the Bottom-Up Economic Transformation Agenda (2022-27), the Sustainable Development Goals, and the Agricultural Sector Transformation and Growth Strategy, among other national and international policies and obligations. During the MTEF period 2024/25-2026/27, the Sector has planned to implement programmes to facilitate food and nutrition security, agro-processing, employment creation, and utilisation of the blue economy.

4.2.2 Budget Performance for the ARUD Sector

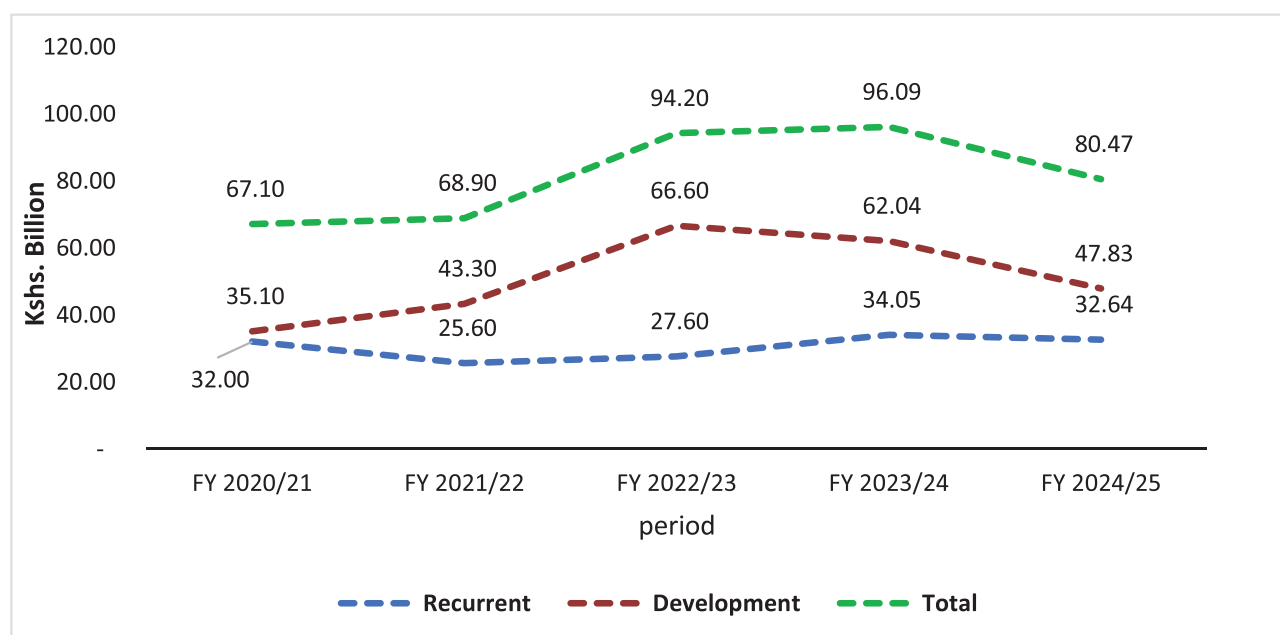

The budgetary allocation to ARUD in FY 2024/2025 amounted to Kshs.82.08 billion, which was revised to Kshs. 73.93 billion in Supplementary Budget I and Kshs. 80.47 billion in Supplementary Budget II, compared to the Kshs. 98.09 billion allocated in the previous financial year of 2023/24. This amount represents 2 per cent

of the gross national budget of Kshs. 4.64 trillion and 3 per cent of the MDAs' budget of Kshs. 2.35 trillion. The allocation included Kshs. 47.83 billion (59 per cent) for development activities and Kshs. 32.64 billion (41 per cent) for recurrent expenditure. The State Department for Agriculture received the highest budgetary allocation of Kshs. 45.64 billion (57 per cent of the Sector's budget), while the State Department for the National Land Commission had the lowest budgetary allocation of Kshs. 1.96 billion (2 per cent of the ARUD Sector allocation).

The high allocation to the State Department for Agriculture was due to its Vital role in Agricultural Policy and Research Management, National Food Policy, Strategic Food Reserves, Crop Development, Phytosanitary Services, International Compliance, Agricultural Farmers' Training, and Agricultural Land Resource Inventory management.

Figure 4.1 shows the budgetary allocation trends of the ARUD Sector for the period FY 2020/2021 to FY 2024/2025.

Figure 4.1: Budgetary Allocation Trend for the ARUD Sector

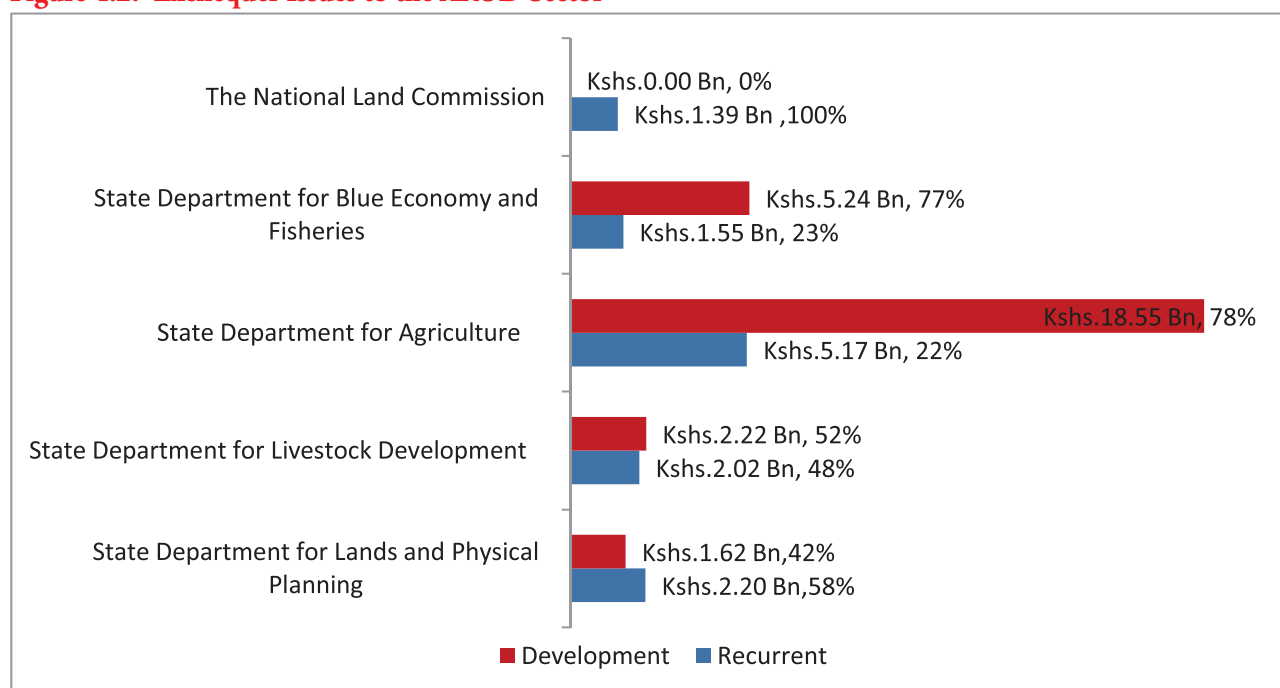

Source: National Treasury

The total exchequer issues to the ARUD Sector amounted to Kshs.39.95 billion, representing 69 per cent of the Sector's net estimates. This amount comprised Kshs. 27.62 billion for development expenditure, representing 70 per cent of development net estimates, and Kshs.12.33 billion for recurrent activities, representing 66 per cent of recurrent net estimates.

In the first nine months of FY 2024/2025, the State Department for Lands and Physical Planning received the highest proportion of development exchequer issues to development net estimates at 95 per cent, while the State Department for Livestock Development received the lowest at 50 per cent. The State Department for Agriculture recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 75 per cent each. The State Department for Blue Economy and Fisheries recorded the lowest ratio of 54 per cent.

Figure 4.2 shows the exchequer issues in the ARUD Sector in the first nine months of FY 2024/2025.

Figure 4.2: Exchequer Issues to the ARUD Sector

Source: National Treasury

The total expenditure for the ARUD Sector amounted to Kshs.48.29 billion, representing 60 per cent of the gross estimates, compared to Kshs.58.92 billion (60 per cent) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.29.96 billion for the development budget representing an absorption rate of 63 per cent, compared to 64 per cent recorded in a similar period in FY 2023/2024, and Kshs.18.34 billion for recurrent expenditure representing 56 per cent of the recurrent gross estimates, compared to 52 per cent recorded in a similar period in FY 2023/2024.

The State Department for Livestock Development State recorded the highest absorption of the development budget at 86 per cent, while the State Department for Lands and Physical Planning recorded the lowest at 55 per cent. The National Land Commission recorded the highest recurrent expenditure to gross estimates at 75 per cent, while the State Department for Agriculture recorded the lowest at 46 per cent.

4.2.3 The State Department for Lands and Physical Planning

The State Department for Lands and Physical Planning is mandated with National lands policy and management, physical planning for land use, land transactions, survey and mapping, land adjudication, land registration, national spatial infrastructure, land and property valuation services administration, land information systems, maintenance of a public land bank, administration of public land as designated by the constitution, land settlement policy and management, land settlement matters and rural settlement planning.

4.2.4 Budget Performance by the State Department for Lands and Physical Planning

The original budgetary allocation to the State Department for Lands and Physical Planning in FY 2024/25 amounted to Kshs.10.02 billion, revised to Kshs.6.51 billion in Supplementary Estimates I and Kshs 8.69 billion in Supplementary Estimates II, compared to Kshs.9.29 allocated in FY 2023/24.

4.2.5 State Department for Lands and Physical Planning Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.2 shows budget execution by programmes and sub-programmes under the State Department for Lands and Physical Planning in the first nine months of FY 2024/2025

An analysis of programmes and sub-programmes shows that the Land Settlement sub-programme under the Land Policy and Planning programme recorded the highest absorption rate at 80 per cent. On the other hand, the Infrastructure Development sub-programme under the Land Information Management programme recorded the lowest absorption rate at 9 per cent.

4.2.6 Non-financial Performance by the State Department for Lands and Physical Planning

The achievements against Key Performance Indicators of the State Department for Lands and Physical Planning in the first nine months of FY 2024/25 are presented in table 4.3.

An analysis of the project implementation status by the State Department for Lands and Physical Planning revealed a general delay in project implementation. For instance, Kenya Affordable Housing Finance (5 per cent complete) and Registration of Community Land – Isiolo South projects (did not record any expenditure in the first nine of FY 2024/25), while the Geo-referencing land parcels project recorded a completion rate of 20 per cent despite the project commencing in July 2013.

4.2.8 The State Department for Livestock Development

The State Department for Livestock Development's mandate includes Livestock policy management; Development of the livestock industry; Veterinary services and disease control policy; Range development and management; Livestock marketing; Promotion of dairy industry; Livestock insurance policy; Livestock branding; Promotion of bee keeping and apiculture; Promotion of quality of hides and skins; Leather sector development and promotion of value chain; Livestock research and development; Animal genetic research; and Tsetse fly and Trypanosomiasis research and control. It has been overseeing the running of 8 Semi-Autonomous Government Agencies (SAGAs) under its purview.

4.2.9 Budget Performance by the State Department for Livestock Development

The original budgetary allocation to the State Department for Livestock Development in FY 2024/25 amounted to Kshs.12.32 billion, revised to Kshs.13.26 billion in Supplementary Estimates I and Kshs.11.42 billion in Supplementary Estimates II, compared to Kshs.14.98 billion allocated in FY 2023/24.

4.2.10 State Department for Livestock Development Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.5 shows budget execution by programme and sub-programmes under the State Department for Livestock Development in the first nine months of FY 2024/2025.

4.2.18 The State Department for the Blue Economy and Fisheries

The State Department for the Blue Economy and Fisheries is mandated to coordinate the development of national oceans and blue economy strategy and policy; Fisheries and Aquaculture Policy; Legal, Regulatory and Institutional Framework for the Fisheries Industry and the Blue Economy. It plays a key role in driving sustainable transformation and diversification of the ocean's economy by promoting research and innovation, increasing local participation and investment in the blue economy through private sector engagement and partnerships, Fisheries Marketing Policy, Fishing Licensing, and Management and Licensing of Local and Foreign Fishing Trawlers in Kenya Waters.

4.2.19 Budget Performance by the State Department for the Blue Economy and Fisheries

The original budgetary allocation to the State Department for the Blue Economy and Fisheries in FY 2024/25 amounted to Kshs.12.00 billion, revised to Kshs.10.34 billion in Supplementary Estimates I and Kshs. 12.76 billion in Supplementary Estimates II, compared to Kshs.11.81 billion allocated in FY 2023/24.

4.2.20 State Department for the Blue Economy and Fisheries Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.11 shows budget execution by programmes and sub-programmes under the State Department for the Blue Economy and Fisheries in the first nine months of FY 2024/2025.

4.2.23 The National Land Commission

The National Land Commission's mandate as per the Constitution of Kenya 2010 Article 62 (2) and 67 (2) (3) is to Manage and administer public land on behalf of the national and county governments, recommend a national land policy to the national government, advise the national government on a comprehensive programme for the registration of titles in the land throughout Kenya and to Initiate investigations, on its initiative or a complaint, into present or historical land injustices, and recommend appropriate redress.

4.2.24 Budget Performance by the National Land Commission

The original budgetary allocation to the National Land Commission in FY 2024/25 amounted to Kshs.2.02 billion, revised to Kshs.1.78 billion in Supplementary Estimates I and Kshs.1.96 billion in Supplementary Estimates II, compared to Kshs.1.67 billion allocated in FY 2023/24.

4.2.25 National Land Commission Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.14 shows budget execution by programmes and sub-programmes under the National Land Commission in the first nine months of FY 2024/2025.

Analysis of the Programme and sub-programmes showed that the land dispute and conflict resolution sub-programme recorded the highest absorption rate of 92 per cent. In contrast, the public land information management subprogram recorded the lowest at 62 per cent. The overall budget execution was on target.

4.2.26 Non-financial Performance by the National Land Commission

The achievements against Key Performance Indicators of the National Land Commission in the first nine months of FY 2024/25 are presented in Table 4.15.

4.3. Education Sector

4.3.1 Introduction

The Education Sector comprises four MDAs: The State Department for Vocational and Technical Training, the State Department for Higher Education and Research, the State Department for Basic Education and the Teachers Service Commission (TSC) and their affiliated Agencies and Institutions.

The Sector envisions attaining “*Quality and inclusive education, training and research for sustainable development*” in Kenya. The Sector’s strategic objectives include enhancing access, equity, quality and relevance in education, training and research; establishing, maintaining and managing professional teaching and learning services for all early learning centres, primary, secondary and tertiary institutions; enhancing development capacities for Science Technology and Innovations; enhance mechanisms for dissemination and commercialisation of research findings; improve data quality and sharing in education, training, research and labour market; promote vibrant industry - institutional linkages in the area of skilling for employability; and integrate ICT in Education, Training and Research for management, teaching and learning at all levels.

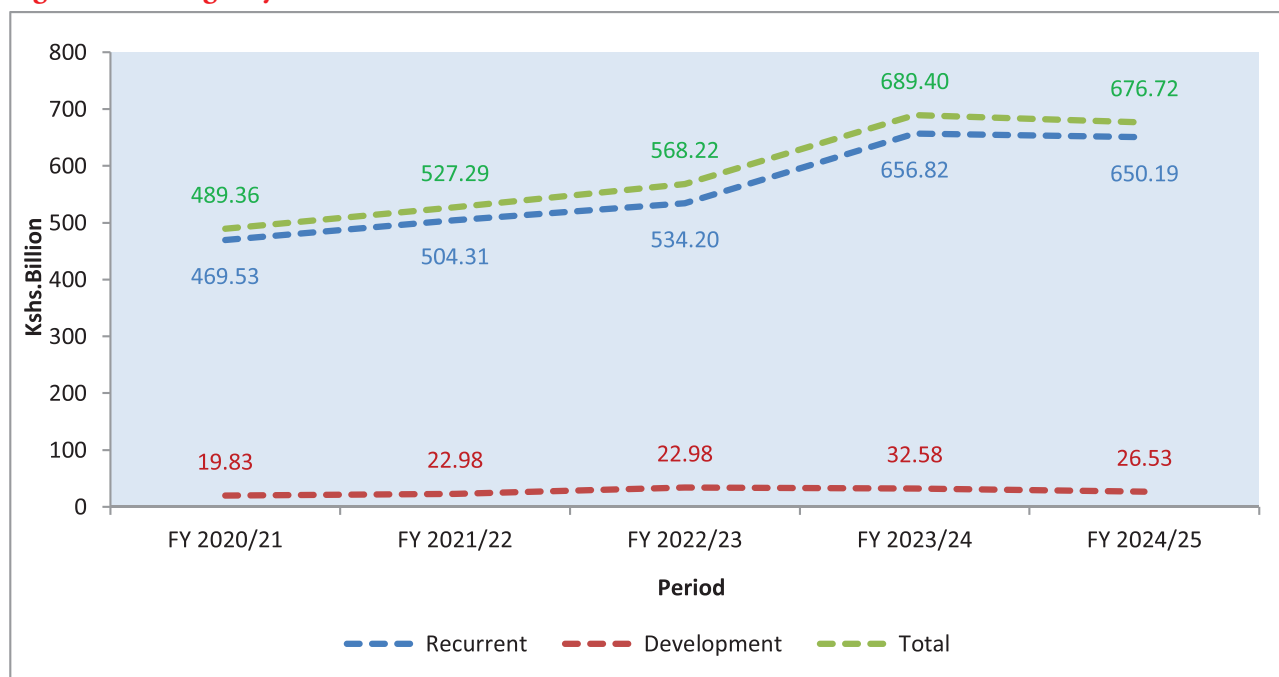

It is worth noting that the ongoing education transitions from the 8-4-4 to the 2-6-6-3 system require substantial infrastructure, equipment and human capital in FY 2024/25 and the medium-term 2024/25 to 2026/27.

4.3.2 Budget Performance for Education Sector

The budgetary allocation to Education in FY 2024/2025 amounted to Kshs 656.55 billion, which was revised to Kshs.627.77 billion in Supplementary Budget I and Kshs.676.72 billion in Supplementary Budget II, compared to the Kshs. 689.40 billion allocated in FY 2023/2024. This amount represents 15 per cent of the revised gross national budget of Kshs.4.64 trillion and 29 per cent of the MDAs’ budget of Kshs.2.35 trillion. The allocation included Kshs.26.53 billion (4 per cent) for development activities and Kshs.650.19 billion (96 per cent) for recurrent expenditure. The Teachers Service Commission received the highest budgetary allocation of Kshs. 366.25 billion 54 per cent of the Sector’s budget), while the State Department for Vocational and Technical Training (TVET) had the lowest budgetary allocation of Kshs. 35.42 billion (5 per cent of the Education Sector allocation).

The high allocation to the Teachers Service Commission is attributed to its vital role in the Teacher Resource Management programme. Figure 4.3 shows the budgetary allocation trends of the Education Sector from FY 2020/2021 to FY 2024/2025..

Figure 4.3: Budgetary Allocation Trend for the Education Sector

The total exchequer issues to the Education Sector amounted to Kshs.440.82 billion, representing 73 per cent of the Sector's revised net estimates. This amount comprised Kshs.12.72 billion for development expenditure, representing 55 per cent of development net estimates, and Kshs.428.10 billion for recurrent activities, representing 74 per cent of recurrent revised net estimates.

In the first nine months of FY 2024/2025, the State Department for Basic Education received the highest proportion of development exchequer issues to development revised net estimates at 58 per cent, while the State Department for Higher Education and Research received the lowest at 12 per cent. The State Department for Higher Education and Research recorded the highest proportion of recurrent exchequer issues to recurrent revised net estimates of 80 per cent, while the Teachers Service Commission recorded the lowest rate of 72 per cent. Figure 4.4 shows the exchequer issues in the Education Sector in the first nine months of FY 2024/2025.

Figure 4.4: Exchequer Issues to the Education Sector

The total expenditure for the Education Sector amounted to Kshs.512.83 billion, representing 76 per cent of the revised gross estimates, compared to 71 per cent (Kshs.486.39 billion) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.14.22 billion for the development budget representing an absorption rate of 54 per cent, compared to 54 per cent (Kshs.18.19 billion) recorded in a similar period in FY 2023/2024, and Kshs.498.60 billion for recurrent expenditure representing 77 per cent of the recurrent revised gross estimates, compared to 72 per cent (Kshs.468.20 billion) recorded in a similar period in FY 2023/2024.

Table 4.17 shows the Education sector analysis of exchequer issues and expenditures for the first nine months of FY 2024/25.

The State Department for Vocational and Technical Training and the Teachers Service Commission recorded the highest absorption of development budget at 56 per cent each, while the State Department for Higher Education and Research recorded the lowest at 15 per cent. The State Department for Higher Education and Research recorded the highest recurrent expenditure to revised gross estimates at 91 per cent, while the State Department for Vocational and Technical Training recorded the lowest at 62 per cent.

4.3.3 The State Department for Vocational and Technical Training

The State Department for Vocational and Technical Training (TVET) mandate is to provide skilled workforce to support socio-economic development and fully participate in the global economy. TVET implement key programmes like institutional -based training, apprenticeships, Recognition of Prior Learning (RLP), and Entrepreneurship .It improves productivity, competitiveness, prosperity for individuals, enterprises and the nation.

4.3.4 Budget Performance by the State Department for Vocational and Technical Training

The original budgetary allocation to the State Department for Vocational and Technical Training in FY 2024/25 amounted to Kshs.30.69 billion, revised to Kshs.28.21 billion in Supplementary Estimates I and Kshs.35.42 billion in Supplementary Estimates II, compared to Kshs.32.91 billion allocated in FY 2023/24.

4.3.5 State Department for Vocational and Technical Training Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.18 shows budget execution by programmes and sub-programmes under the State Department for Vocational and Technical Training in the first nine months of FY 2024/25.

Table 4.18: The State Department for Vocational and Technical Programme and Sub-Programme Performance

Programme and sub-programmes analysis showed that Special Needs in Technical and Vocational Education sub-programme under the Technical Vocational Education and Training programme had the highest absorption rate of 91 per cent, while the Technical Accreditation and Quality Assurance sub-programme recorded the lowest at 30 per cent.

TVET's overall performance was 62 per cent as of the end of the first nine months of FY2024/25, which was below 75 per cent target.

4.3.6 Non-financial Performance by the State Department for Vocational and Technical Training

This section presents some of the Key Performance Indicators for the State Department for Vocational and Technical Training in the first nine months of FY 2024/25 as presented in table 4.19

Table 4.19: Non-Financial Performance by the State Department for Vocational and Technical Training

Non-financial performance analysis indicated in-year changes in some annual targets set at the beginning of the financial year. For example, in comparison with the first six months of FY 2024/2025, key outputs like Trainees enrolled in TVET and Trainees financed under the Technical Vocational Educational and Training programme varied upwards. This suggests a moving target leading to incomparability of performance at different time intervals in a given financial year.

4.3.7 Projects with Significant Expenditure for the State Department for Vocational and Technical Training

An analysis of the State Department for Vocational and Technical Training's project implementation shows that projects are at different implementation levels.

4.3.8 The State Department for Higher Education and Research

The State Department for Higher Education and Research is responsible for University Education Policies and Standards, Management, Management of Continuing Education (excluding TVETs), Public University Management, Education Research and Policy, and Policy and Standards on Science and Technology. Its mandate is executed together with its Agencies and accredited universities.

4.3.9 Budget Performance by the State Department for Higher Education and Research

The original budgetary allocation to the State Department for Higher Education and Research in FY 2024/25 amounted to Kshs.125.39 billion, revised to Kshs.120.46 billion in Supplementary Estimates I and Kshs.136.18 billion in Supplementary Estimates II, compared to Kshs.159.68 billion allocated in FY 2023/24.

4.3.10 State Department for Higher Education and Research Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.21 shows budget execution by programmes and sub-programmes under the State Department for Higher Education and Research in the first nine months of FY 2024/2025

Table 4.21: The State Department for Higher Education and Research Programme and Sub-Programme Performance

Source: The State Department for Higher Education and Research

Analysis of Programme and sub-programmes showed that the State Department for Higher Education and Research's overall performance was 91 per cent, with a depleted budget for the Higher Education Support Services sub-programme (absorption rate of 98 per cent) as at the end of the first nine months of FY 2024/25. This implies budget constraints in ensuring the continuity of the university education service for the last quarter of FY2024/25. In contrast, the General Administration, Planning and Support Services subprogramme within the General Administration, Planning and Support Services Programme recorded the lowest absorption at 12 per cent.

4.3.11 Non-financial Performance by the State Department for Higher Education and Research

Key Performance Indicators for the State Department for Higher Education in the first nine months of FY 2024/25 are presented in table 4.22.

Table 4.22: Non-Financial Performance by the State Department for Higher Education

Compared with the first six months of FY 2024/2025, non-financial performance analysis revealed in-year changes in some annual targets. The affected performance indicators included the number of GoK sponsored students in public universities financed (varied upwards from a target of 260,450 students to 535,450 students), number of GoK sponsored students in private universities financed (varied upwards from a target of 35,800 students to 67,600 students), placement in universities (varied upwards from a target of 7,100 students to 10,000 students), research projects supported (varied downwards from a target of 50 research projects to 35 research projects) and research institutes registered or accredited (varied downwards from a target of 6 institutes to 3 institutes). This suggests a moving target, making it difficult to compare the performance of programmes and sub-programmes at different time intervals in a given financial year.

An analysis of the projects' implementation status by the State Department for Higher Education and Research showed delays in project implementation, considering the commencement dates, expected completion time-lines, and completion rates. Further, the projects did not record any expenditures during the first nine months of FY2024/25.

4.3.13 The State Department for Basic Education

The State Department for Basic Education's mandate is to provide Basic Early Childhood, Primary and Secondary Education, Teacher Education and Management, and Basic (Early Childhood, Primary and Secondary) Education Policy Management. The mandate is executed by the State Department for Basic Education, its Agencies, Teachers Training Colleges, Schools and other stakeholders.

4.3.14 Budget Performance by the State Department for Basic Education

The original budgetary allocation to the State Department for Basic Education in FY 2024/25 amounted to Kshs.142.26 billion, revised to Kshs. 131.21 billion in Supplementary Estimates I and Kshs. 138.86 billion in Supplementary Estimates II, compared to Kshs.155.36 billion allocated in FY 2023/24.

4.3.15 State Department for Basic Education Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.24 shows budget execution by programmes and sub-programmes under the State Department for Basic Education in the first nine months of FY 2024/2025.

Analysis of the Programme and sub-programmes showed that primary teachers' training and the in-service sub-programme under the Primary Education Programme recorded the highest absorption rate at 98 per cent, implying a depleted budget for capacity building of primary school teachers. Conversely, the Special Needs Education recorded the lowest at 22 per cent. The overall performance of the State Department of Basic Education was 71 per cent, slightly below the target of 75 per cent in the first nine months of FY 2024/25.

An analysis of the project implementation status by the State Department for Basic Education revealed a mismatch between their completion rates and project schedules. For example, the construction of junior secondary classrooms and an integrated resource centre (21 per cent complete) commenced in July 2021 and has a target completion date of 30th June 2026. Further, Secondary Infrastructure in North Nyamira/ Borabu (19 per cent complete) began in July 2015 and has a target completion date of 1st December 2026.

4.3.18 The Teachers Service Commission

The Teachers Service Commission is mandated to formulate policies to regulate the teaching profession and guide teacher management functions, thus ensuring compliance with the teaching standards prescribed from time to time, facilitating teachers' career progression and professional development and monitoring their conduct and performance during curriculum implementation. TSC registers trained teachers and recruits, employs, and assigns teachers employed by the commission. It also exercises disciplinary controls over registered teachers, terminate the employment of the teachers, review the standards of education and training of persons entering the teaching service, reviews the demand for and supply of teachers, and advises the national government on matters relating to the teaching profession.

4.3.19 Budget Performance by the Teachers Service Commission

The original budgetary allocation to the Teachers Service Commission in FY 2024/25 amounted to Kshs. 358.22 billion, revised to Kshs. 347.89 billion in Supplementary Estimates I and Kshs. 366.25 billion in Supplementary Estimates II, compared to Kshs.340.75 billion allocated in FY 2023/24.

4.3.20 Teachers Service Commission Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.27 shows budget execution by programmes and sub-programmes under the Teachers Service Commission in the first nine months of FY 2024/2025.

Overall, the Programme and sub-programmes analysis showed that the Teachers Service Commission's budget execution was on target. The Resource Planning -Primary sub-programme under the teacher research management programme recorded the highest absorption rate of 82 per cent. On the other hand, the Automation of TSC operations sub-programme under the general administration, planning, and support services programme recorded the lowest absorption rate of 22 per cent.

The Teachers Service Commission's project implementation status revealed that all the implemented projects were on schedule except for the Kenya primary education equity in learning program (13 per cent complete), which appeared to be lagging behind its target completion date of December 2026. Construction of the Kilifi and Machakos County offices was complete, but final payments for the last certificates of work done and hand-over were pending.

4.4. Energy, Infrastructure and Information Communications Technology (EIICT) Sector

4.4.1 Introduction

This Sector consists of nine MDAs: The State Department for Roads, Transport, Shipping and Maritime Affairs, Housing and Urban Development, Public Works, Information Communications Technology and Digital Economy, Broadcasting and Telecommunications, Energy, and Petroleum.

The EIICT sector aims to provide sustainable infrastructure development, a vibrant shipping and maritime industry, universal access to Information Communications Technology (ICT), Transport and built environment services, and accessible, affordable, quality and competitive energy and petroleum products.

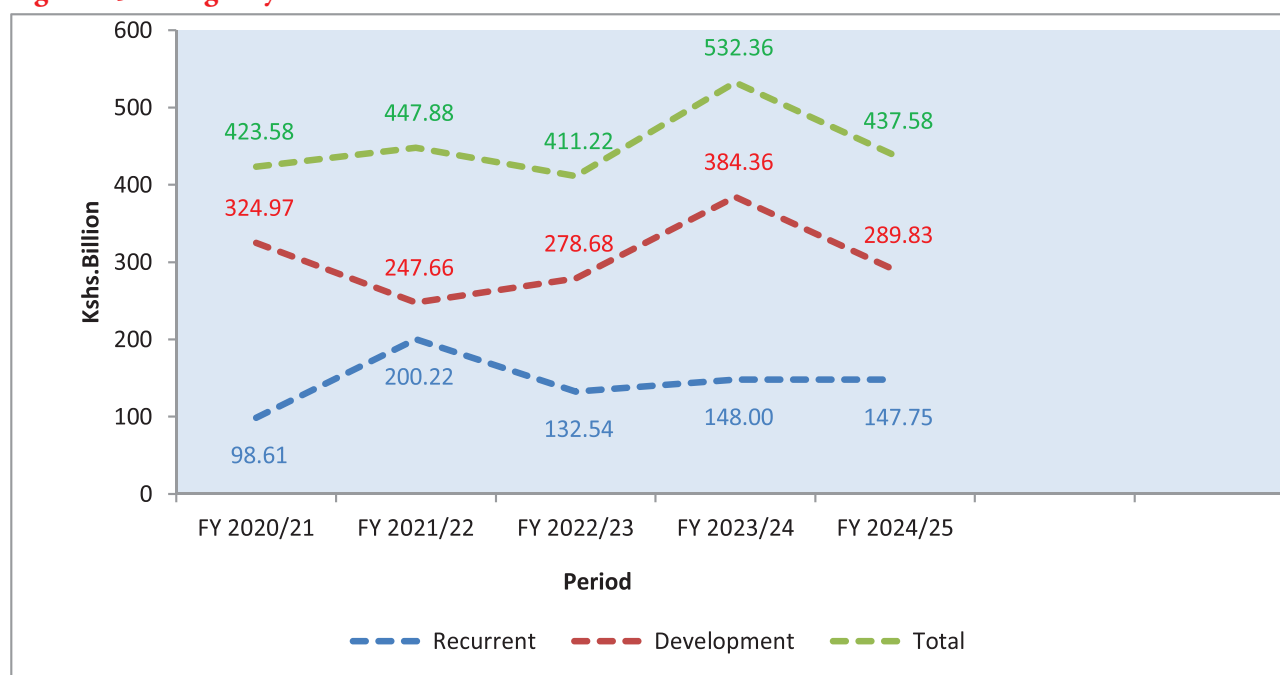

The EI&ICT Sector plays a vital role as an enabler of the country's socio-economic development. It is a crucial sector in realising Vision 2030 and the BETA Agenda.

4.4.2 Budget Performance for EIICT Sector

The budgetary allocation to EIICT in FY 2024/2025 amounted to Kshs.476.04 billion, which was revised to Kshs.444.29 billion in Supplementary Budget I and Kshs.437.58 billion in Supplementary Budget II, compared to the Kshs.463.53 billion allocated in the previous financial year of 2023/2024. This amount represents 9 per cent of the gross national budget of Kshs.4.64 trillion and 19 per cent of the MDAs' budget of Kshs.2.35 trillion. The allocation included Kshs.289.83 billion (66 per cent) for development activities and Kshs.147.75 billion (34 per cent) for recurrent expenditure. The State Department for Roads received the highest budgetary allocation of Kshs.208.40 billion (48 per cent of the Sector's budget), while the State Department for Shipping and Maritime Affairs had the lowest budgetary allocation of Kshs.2.97 billion (1 per cent of the EIICT Sector allocation).

Figure 4.5 shows the budgetary allocation trends of the EIICT Sector from FY 2020/2021 to FY 2024/2025.

Figure 4.5: Budgetary Allocation Trend for the EI&ICT Sector

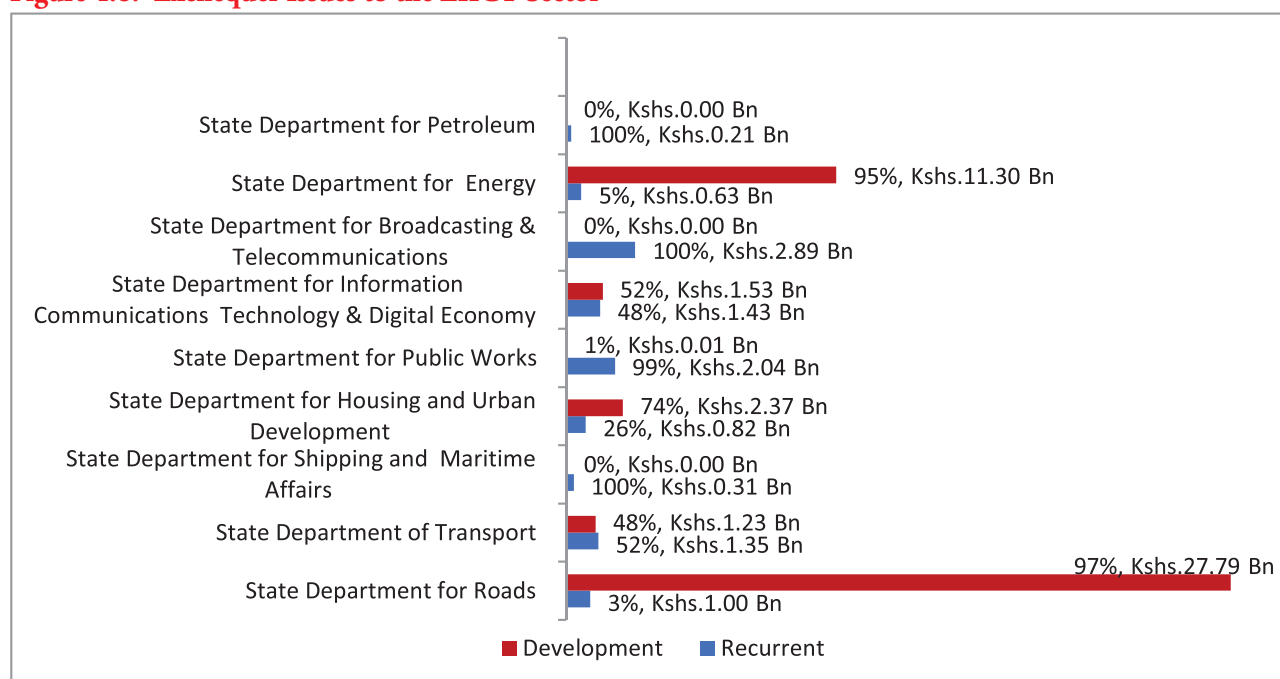

Source: National Treasury

The total exchequer issues to the EI&ICT Sector amounted to Kshs.54.90 billion, representing 45 per cent of the Sector's net estimates. This amount comprised Kshs.44.23 billion for development expenditure, representing 42 per cent of development net estimates, and Kshs.10.67 billion for recurrent activities, representing 63 per cent of recurrent net estimates.

In the first nine months of FY 2024/2025, the State Department for Information Communications Technology and Digital Economy received the highest proportion of development exchequer issues to development net estimates at 71 per cent, while the State Department for Public Works received the lowest at 6 per cent. The State Department for Broadcasting and Telecommunications recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 74 per cent. The State Department for Shipping and Maritime recorded the lowest ratio of 48 per cent. Figure 4.6 shows the exchequer issues in the EI&ICT Sector in the first nine months of FY 2024/2025.

Figure 4.6: Exchequer Issues to the EIICT Sector

Source: National Treasury

The total expenditure for the EIICT Sector amounted to Kshs.202.32 billion, representing 46 per cent of the gross estimates, compared to Kshs.201.02 billion (38 per cent) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.146.65 billion for the development budget representing an absorption rate of 51 per cent, compared to 31 per cent recorded in a similar period in FY 2023/2024, and Kshs.55.67 billion for recurrent expenditure representing 38 per cent of the recurrent gross estimates, compared to 51 per cent recorded in a similar period in FY 2023/2024. Table 4.30 shows an EIICT sector analysis of exchequer issues and expenditures in the first nine months of FY 2024/25.

The State Department for Information Communications Technology & Digital Economy recorded the highest absorption of development budget at 72 per cent, while the State Department for Shipping and Maritime Affairs recorded the lowest at 1 per cent. The State Department for Housing and Urban Development recorded the highest recurrent expenditure to gross estimates at 88 per cent, while the State Department for Energy recorded the lowest at 8 per cent.

4.4.3 The State Department for Roads

The State Department for Roads promotes the development of national roads development policy; develops, standardise and maintains roads; materials testing and advice on usage; protects road reserves; maintenance of security roads; administers mechanical and transport funds; registration of engineers; mechanical and transport services; and enforcement of axle load control. The mandate is carried out by the State Department for Roads and its agencies, The Kenya Roads Board, Kenya National Highway Authority (KeNHA), Kenya Urban Roads Authority (KURA), Kenya Rural Roads Authority (KeRRA), Engineering Board of Kenya and Kenya Engineering Technology Registration Board.

4.4.4 Budget Performance by the State Department for Roads

The original budgetary allocation to the State Department for Roads in FY 2024/25 amounted to Kshs.198.96 billion, revised to Kshs.191.98 billion in Supplementary Estimates I and Kshs.208.40 billion in Supplementary Estimates II, compared to Kshs.178.06 billion allocated in the FY 2023/24.

4.4.5 State Department for Roads Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.31 shows budget execution by programmes and sub-programmes under the State Department for Roads in the first nine months of FY 2024/2025

Table 4.31: The State Department for Roads Programme and Sub-Programme Performance

Source: The State Department for Roads

Programme and sub-programme analysis showed that the rehabilitation of bridges sub-programme recorded the highest absorption rate at 95 per cent while Maintenance of Roads and Bridge sub-programme recorded the lowest absorption rate at 41 per cent, implying mixed performance on the execution of the programme.

4.4.6 Non-financial Performance by the State Department for Roads

The achievements against Key Performance Indicators of the State Department for Roads in the first nine months of FY 2024/25 are presented in Table 4.32.

Table 4.32: Non-Financial Performance by the State Department for Roads

PRO-GRAMME	SUB-PRO-GRAMME	Key Output	Key Performance Indicator	Annual Target		Actual as of 31 st March 2025	Variance

	4. Maintenance of Roads & Bridges	Roads & Bridges	No. of Km maintained under routine	32,625	30,318	15,269	15,049

Source: The State Department for Roads

The non – financial performance revealed in-year changes in the annual targets. For instance, the State Department for Roads targets construction of 717 kilometres of roads which differed from 945 kilometres of roads reported as the target as at 31st December, 2024. This implies a moving target which makes it difficult to compare performance across different quarters in a financial year.

4.4.28 The State Department for Information Communications Technology & Digital Economy

The State Department for Information Communications Technology & Digital Economy facilitates the development of the information and communications sector (including broadcasting multimedia); data protection policy and regulation of personal data services; national ICT policy; promotes ICT innovation and digital economy; promotes e-government; promote software development industry; provide ICT technical support to MDAs; policy on automation of government services; develop national communication capacity and infrastructure; and manage national fibre optic infrastructure. The mandate is carried out by the State Department for Information Communications and Technology & Digital Economy and its agencies, The Kenya Information Communications Technology Authority (ICTA), The Konza Technopolis Development Authority (KoTDA), The Office of the Data Protection Commissioner (ODPC), The East African Marine Cable System Limited “TEAMS” and Kenya Advanced Institute of Science and Technology (KAIST).

4.4.29 Budget Performance by the State Department for Information Communications Technology & Digital Economy

The original budgetary allocation to the State Department for Information Communications Technology & Digital Economy in FY 2024/25 amounted to Kshs.22.35 billion, revised to Kshs.20.0 billion in Supplementary Estimates I and Kshs.12.06 billion in Supplementary Estimates II, compared to Kshs.19.38 billion allocated in FY 2023/24.

4.4.30 State Department for Information Communications Technology & Digital Economy Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.46 shows budget execution by programmes

and sub-programmes under the State Department for Information Communications Technology & Digital Economy in the first nine months of FY 2024/2025

4.4.33 The State Department for Broadcasting & Telecommunications

The State Department for Broadcasting & Telecommunications promotes the development of telecommunications policy and coordinates national government advertising services, public communications, postal and courier services, policy on the development of local content, telecommunications, postal services and electronic commerce, and government telecommunications services. The mandate is carried out by the State Department for Broadcasting & Telecommunications and its agencies, Kenya Broadcasting Corporation (KBC), Communications Authority of Kenya (CA), Postal Corporation of Kenya (PCK), Media Council of Kenya (MCK), Kenya Yearbook Editorial Board (KYEB), Kenya Institute of Mass Communication (KIMC), National Communications Secretariat (NCS), Universal Service Fund Advisory Council (USFAC) and Media Complaints Commission (MCC).

4.4.34 Budget Performance by the State Department for Broadcasting & Telecommunications

The original budgetary allocation to the State Department for Broadcasting & Telecommunications in FY 2024/25 amounted to Kshs.6.06 billion, revised to Kshs.5.71 billion in Supplementary Estimates I and Kshs.6.62 billion in Supplementary Estimates II, compared to Kshs.7.45 billion in FY 2023/24.

4.4.35 State Department for Broadcasting & Telecommunications Programmes and Sub-Programme Performance

4.4.37 The State Department for Energy

The State Department for Energy develops and manages national energy policy, thermal power development, rural electrification programme, energy regulation, security and conservation, hydropower development, geothermal exploration and development, and promotes renewable energy. The mandate is carried out by the State Department for Energy and its agencies, the Energy and Petroleum Regulatory Authority (EPRA), Kenya Power & Lighting Company PLC (KPLC), Kenya Electricity Generating Company PLC (KenGen), Rural Electrification and Renewable Energy Corporation (REREC), Geothermal Development Company Limited (GDC), Kenya Electricity Transmission Company Limited (KETRACO) and Nuclear Power and Energy Agency (NuPEA).

4.4.38 Budget Performance by the State Department for Energy

The original budgetary allocation to the State Department for Energy in FY 2024/25 amounted to Kshs.69.66 billion, revised to Kshs.54.06 billion in Supplementary Estimates I and Kshs.47.31 billion in Supplementary Estimates II, compared to Kshs.56.37 billion allocated in FY 2023/24.

4.4.39 State Department for Energy Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.51 shows budget execution by programmes and sub-programmes under the State Department for Energy in the first nine months of FY 2024/2025

4.4.42 The State Department for Petroleum

The State Department for Petroleum promotes the development of petroleum policy; strategic petroleum stock management; management of upstream petroleum products marketing; development of oil and gas exploration policy; development of capacity in oil/gas sector; petroleum products, import/export marketing policy management; licensing of petroleum marketing and handling; and quality control of petroleum products. The mandate is carried out by the State Department for Petroleum and its agencies, the Kenya Pipeline Company (KPC), National Oil Corporation of Kenya (NOCK) and Kenya Petroleum Refineries Limited (KPRL).

4.4.43 Budget Performance by the State Department for Petroleum

The original budgetary allocation to the State Department for Petroleum in FY 2024/25 amounted to Kshs.31.20 billion, revised to Kshs.30.82 billion in Supplementary Estimates I and Kshs.30.84 billion in Supplementary Es- timates II, compared to Kshs.56.93 billion allocated in FY 2023/24.

4.4.44 State Department for Petroleum Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.54 shows budget execution by programmes and sub-programmes under the State Department for Petroleum in the first nine months of FY 2024/2025.

The State Department for Petroleum's project implementation status revealed that all projects received funding in the first nine months of FY 2024/25 and were on-going. However, two projects namely; Preparatory activities for the Lokichar - Lamu Crude Oil Pipeline Project (10 per cent complete) and Clean Cooking Gas for Boarding Learning Institutions (6 per cent completion) appeared to be lagging behind their planned completion timelines.

4.5. Environment Protection, Water, and Natural Resources Sector

4.5.1 Introduction

The Environment Protection, Water, and Natural Resources (EPWNR) Sector comprises six MDAs: State Departments for Environment & Climate Change; Forestry; Water and Sanitation; Irrigation; Wildlife; and Mining. The sector has several autonomous and semi-autonomous government agencies. In addition, it has the following entities: The National Environment Complaint Committee, the National Environment Tribunal, the Hydrologists Registration Board, and the Wildlife Clubs of Kenya.

The goal of the Sector is to ensure sustainable development in a clean and secure environment with various objectives, including enhancing climate change resilience and low carbon emission, improving utilisation of land through irrigation and land reclamation, and promoting equitable and sustainable use of wildlife resources.

The Sector plays a pivotal role in securing, stewarding, and sustaining the environment, Kenya's natural capital, water provision, and generating foreign exchange for the country. The Sector promotes socio-economic development to realise the Kenya Vision 2030 and BETA Agenda.

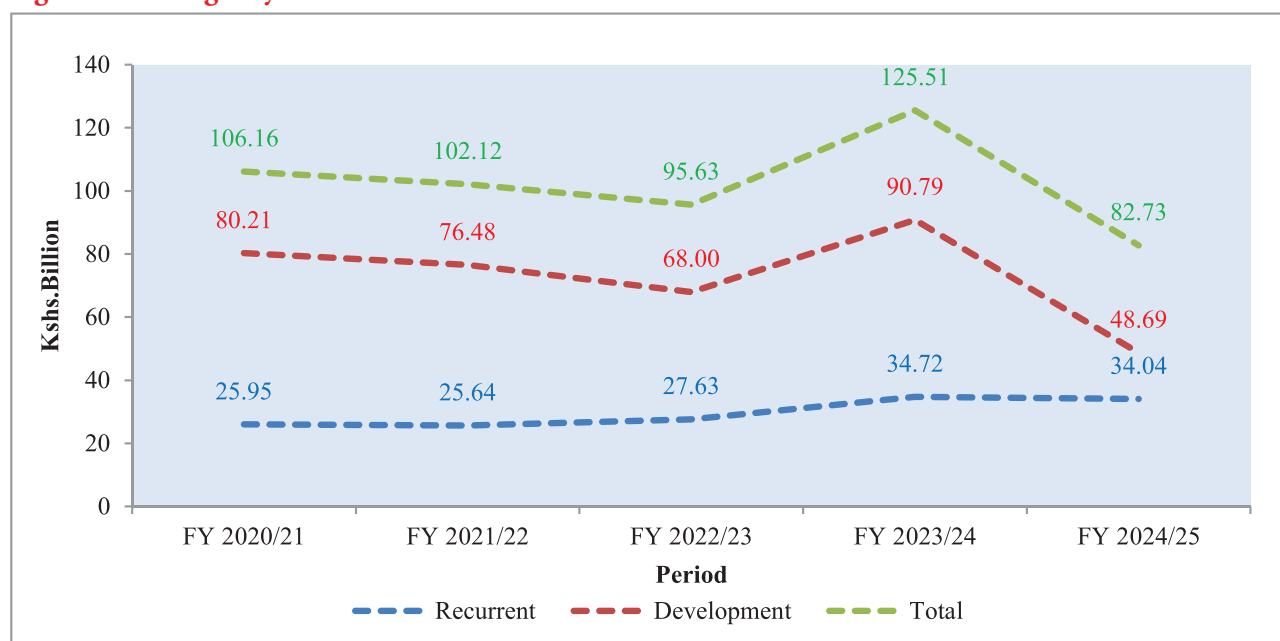

4.5.2 Budget Performance for EPWNR Sector

The budget allocation to the EPWNR Sector in FY 2024/2025 amounted to Kshs.109.73 billion, which was revised to Kshs.101.20 billion in Supplementary Budget I and Kshs.82.73 billion in Supplementary Budget II, compared to the Kshs.125.52 billion allocated in a similar period FY 2023/2024. This amount represents 2 per

cent of the revised gross national budget of Kshs.4.64 trillion and 4 per cent of the MDAs' budget of Kshs.2.35 trillion. The allocation comprises Kshs.48.69 billion (59 per cent) for development activities and Kshs.34.04 billion (41 per cent) for recurrent expenditure. The State Department for Water and Sanitation received the highest budgetary allocation of Kshs.30.15 billion (36 per cent of the Sector's budget), while the State Department for Mining had the lowest budgetary allocation of Kshs.1.59 million (2 per cent of the Sector's allocation).

Figure 4.7 shows the budgetary allocation trends of the EPWNR Sector for the period FY 2020/2021 to FY 2024/2025.

Figure 4.7: Budgetary Allocation Trend for the EPWNR Sector

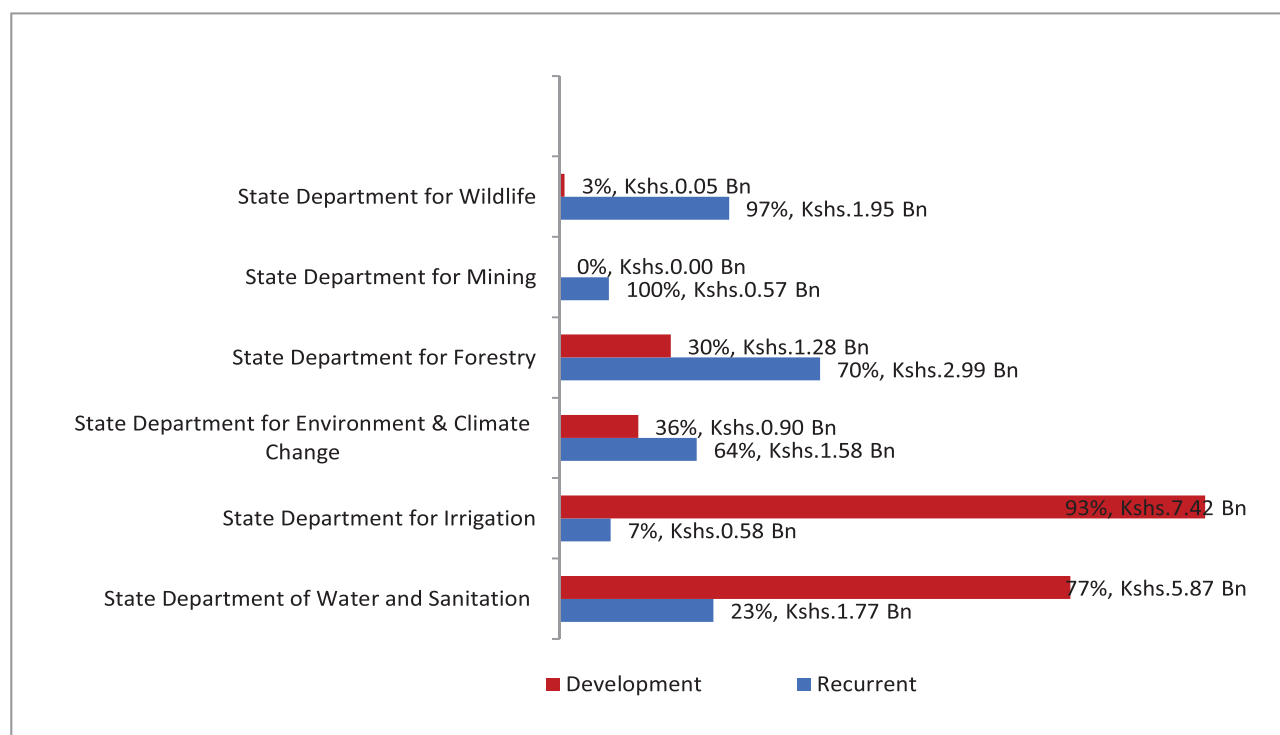

Source: National Treasury

The total exchequer issues to the Sector amounted to Kshs.24.96 billion, representing 53 per cent of the Sector's revised net estimates. This amount comprised Kshs.15.53 billion for development expenditure, representing 50 per cent of the revised development expenditure net estimates, and Kshs.9.43 billion for recurrent activities, representing 59 per cent of the revised recurrent expenditure net estimates.

In the first nine months of FY 2024/2025, the State Department for Forestry received the highest proportion of development exchequer issues to development net estimates at 98 per cent, while the State Department for Water and Sanitation received the lowest at 38 per cent. The State Department for Environment and Climate Change recorded the highest proportion of recurrent exchequer issues to recurrent net estimates at 65 per cent. The State Department for Wildlife recorded the lowest ratio of 50 per cent. Figure 4.8 shows the exchequer issues in the EPWNR Sector in the first nine months of FY 2024/2025.

Figure 4.8: Exchequer Issues to the EPWNR Sector

The total expenditure for the EPWNR Sector amounted to Kshs.50.82 billion, representing 61 per cent of the revised gross estimates, compared to 59 per cent (Kshs.73.81 billion) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.29.89 billion for the development budget representing an absorption rate of 61 per cent, compared to 59 per cent recorded in a similar period in FY 2023/2024, and Kshs.20.92 billion for recurrent expenditure representing 61 per cent of the revised gross recurrent estimates, compared to 59 per cent recorded in a similar period in FY 2023/2024. Table 4.57 shows the EPWNR Sector analysis of exchequer issues and expenditure in the first nine of FY 2024/25.

The State Department for Wildlife recorded the highest absorption of development budget at 76 per cent, while the State Department for Water and Sanitation recorded the lowest at 33 per cent. The State Department for Forestry recorded the highest recurrent expenditure to revised gross estimates at 83 per cent, while the State Department for Wildlife recorded the lowest at 11 per cent.

4.5.3 The State Department of Water and Sanitation

The State Department of Water and Sanitation is mandated to protect, conserve, manage and increase access to clean and safe water and irrigation for socio-economic development. The mandate is carried out by the Department and its Agencies, namely; the Water Services Regulatory Board (WASREB), Water Resources Authority (WRA), Water Sector Trust Fund (WSTF), Water Works Development Agencies (WWDAs), Kenya Water Institute (KEWI), Regional Centre on Ground Water Resources Education, Training and Research in East Africa (RCGWRETREA) and the Hydrologists Registration Board (HRB).

4.5.4 Budget Performance by the State Department of Water and Sanitation

The original budgetary allocation to the State Department of Water and Sanitation in FY 2024/25 amounted to Kshs.52.41 billion, revised to Kshs.49.84 billion in Supplementary Estimates I and Kshs.30.15 billion in Supplementary Estimates II, compared to Kshs.64.91 billion allocated in FY 2023/24.

4.5.5 State Department of Water and Sanitation Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.58 shows budget execution by programmes and sub-programmes under the State Department of Water and Sanitation in the first nine months of FY 2024/2025

Table 4.58: The State Department for Water and Sanitation Programme and Sub-Programme Performance

The analysis of project implementation status revealed no change from the projects' status reported as at the end of first half of FY2024/25, implying lack of progress in the development budget execution.

4.5.8 The State Department for Irrigation

The State Department for Irrigation promotes National Irrigation Policy and Management; Water Harvesting and Storage for Irrigation, Management of Irrigation Schemes; Water Storage and Flood Control Management; Mapping, Designating and Developing Areas ideal for Irrigation Schemes; Development of Irrigation infrastructure, and Land Reclamation. The mandate is carried out by the State Department for Irrigation and its agencies, The National Irrigation Authority and the National Water Harvesting and Storage Authority (NWHSA).

4.5.9 Budget Performance by the State Department for Irrigation

The original budget allocation to the State Department for Irrigation in FY 2024/25 amounted to Kshs.23.13 billion, revised to Kshs.21.41 billion in Supplementary Estimates I and Kshs.21.07 billion in Supplementary Estimates II, compared to Kshs.24.18 billion allocated in FY 2023/24.

4.5.10 State Department for Irrigation Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes. Table 4.61 shows budget execution by programmes and sub-programmes under the State Department for Irrigation in the first nine months of FY 2024/2025.

4.5.13 The State Department for Environment & Climate Change

The State Department for Environment & Climate Change is mandated to undertake National Environment Policy and Management; Climate Change/Action Policy; Promotion of low carbon technologies to reduce Emission; Restoration and Protection of Strategic Water Towers; Protection and Conservation of the Natural Environment; Pollution Control; Lake Victoria Environmental Management Programme; Restoration of Lake Naivasha Basin; Meteorological Service; and Conservation and Protection of Wetlands. The mandate is carried out by the State Department for Environment & Climate Change and its agencies, National Environment Management Authority (NEMA), National Environment Trust Fund (NETFUND) and Kenya Water Towers Agency (KWTa).

4.5.14 Budget Performance by the State Department for Environment & Climate Change

The original budgetary allocation to the State Department for Environment & Climate Change in FY 2024/25 amounted to Kshs.5.02 billion, revised to Kshs.4.46 billion in Supplementary Estimates I and Kshs.5.08 billion in Supplementary Estimates II, compared to Kshs.6.55 billion allocated in FY 2023/24.

4.5.15 State Department for Environment & Climate Change Programmes and Sub-Programme Performance

4.5.18 The State Department for Forestry

The State Department for Forestry is mandated to promote Forestry Development policy; Forestry Management; Support in Climate Change/Action Policy; Re-afforestation, and Agro-forestry; Administration of forestry research to realise ecological balance within forests; Administration of the regulations on timber harvesting and trade of timber and timber products; Collaboration with local communities and indigenous groups in forest management; decisions in promoting sustainable livelihoods; and Public education on forest conservation for sustainable development. The State Department for Forestry and its agencies, the Kenya Forest Service and Kenya Forest Research Institute carry out the mandate.

4.5.19 Budget Performance by the State Department for Forestry

The original budgetary allocation to the State Department for Forestry in FY 2024/25 amounted to Kshs.13.06 billion, revised to Kshs.12.08 billion in Supplementary Estimates I and Kshs.11.78 billion in Supplementary Estimates II, compared to Kshs.14.48 billion allocated in FY 2023/24.

4.5.20 State Department for Forestry Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.67 shows budget execution by programmes and sub-programmes under the State Department for Forestry in the first nine months of FY 2024/2025.

All the projects appeared to be on course. Notably, the State Department for Forestry Services did not disclose the source of funds for projects, which implies incomplete reporting.

4.5.23 The State Department for Mining

The State Department for Mining is mandated to Develop policy on Extractive Industry; Conduct mineral exploration and develop mining policy management; Prepare inventory and mapping of mineral resources; Coordinate mining and minerals development policy; Develop policies on the management of quarrying of rocks and industrial minerals; Ensure management of health conditions and health and safety in mines; Conduct mining capacity development and value addition; and Maintain geological data (research, collection, collation, analysis). The mandate is carried out in collaboration with its agencies, the National Mining Corporation, Geologists Registration Board and Mineral Rights Board.

4.5.24 Budget Performance by the State Department for Mining

The original budgetary allocation to the State Department for Mining in FY 2024/25 amounted to Kshs.1.76 billion, revised to Kshs.994.87 million in Supplementary Estimates I and Kshs.1.59 million in Supplementary Estimates II, compared to Kshs.3.78 billion allocated in FY 2023/24.

4.5.25 State Department for Mining Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.70 shows budget execution by programmes and sub-programmes under the State Department for Mining in the first nine months of FY 2024/2025.

Table 4.70: The State Department for Mining Programme and Sub-Programme Performance

4.5.27 The State Department for Wildlife

The State Department for Wildlife is mandated to undertake Wildlife Conservation and Protection Policy; Protection of Wildlife Heritage; Management of National Parks, Reserves and Marine Parks; Wildlife Biodiversity Management and Protection; Sustainable Wildlife Biodiversity Economy; Collaboration with Wildlife Clubs of Kenya; Management of Wildlife Dispersal Areas in collaboration with Partners; Wildlife Conservation Training and Research; Wildlife Conservation Education and Awareness; Wildlife Biodiversity International Obligations and Multilateral Agreements; Human-Wildlife Conflict Mitigation and Response Policy; and Wildlife Sector Governance and Coordination. The mandate is carried in collaboration with its agencies, the Kenya Wildlife Service, Kenya Wildlife Research and Training Institute, and Wildlife Conservation Trust Fund.

4.5.28 Budget Performance by the State Department for Wildlife

The original budgetary allocation to the State Department for Wildlife in FY 2024/25 amounted to Kshs.14.34 billion, revised to Kshs.12.41 billion in Supplementary Estimates I and Kshs.13.06 billion in Supplementary Estimates II, compared to Kshs.14.97 billion allocated in FY 2023/24.

4.5.29 State Department for Wildlife Programmes and Sub-Programme Performance

The budget allocation was to fund one programme. Table 4.72 shows budget execution by programme and sub-programmes under the State Department for Wildlife in the first nine months of FY 2024/2025.

Table 4.72: The State Department for Wildlife Programme and Sub-Programme Performance

The Wildlife Conservation and Management sector had a total budget of Kshs.13.06 billion, with an overall absorption rate of 71 per cent. Recurrent funds were moderately utilized, but development funds recorded poor uptake. Wildlife Research and Development sub-programme had the highest absorption rate at 80 per cent, while Administrative Services had the lowest at 59 per cent.

4.5.30 Non-financial Performance by the State Department for Wildlife

Table 4.73 shows some of the State Department for Wildlife Performance Indicators in the first nine months of FY 2024/25.

4.6. General Economic and Commercial Affairs Sector

4.6.1 Introduction

The General Economic and Commercial Affairs (GECA) sector consists of eight MDAs, namely the State Departments for Trade; Arid and Semi-arid Lands (ASALs) and Regional Development; Cooperatives; Industry; Micro, Small and Medium Enterprises Development; Investment Promotion; East African Community; and Tourism together with their affiliated Agencies and Institutions.

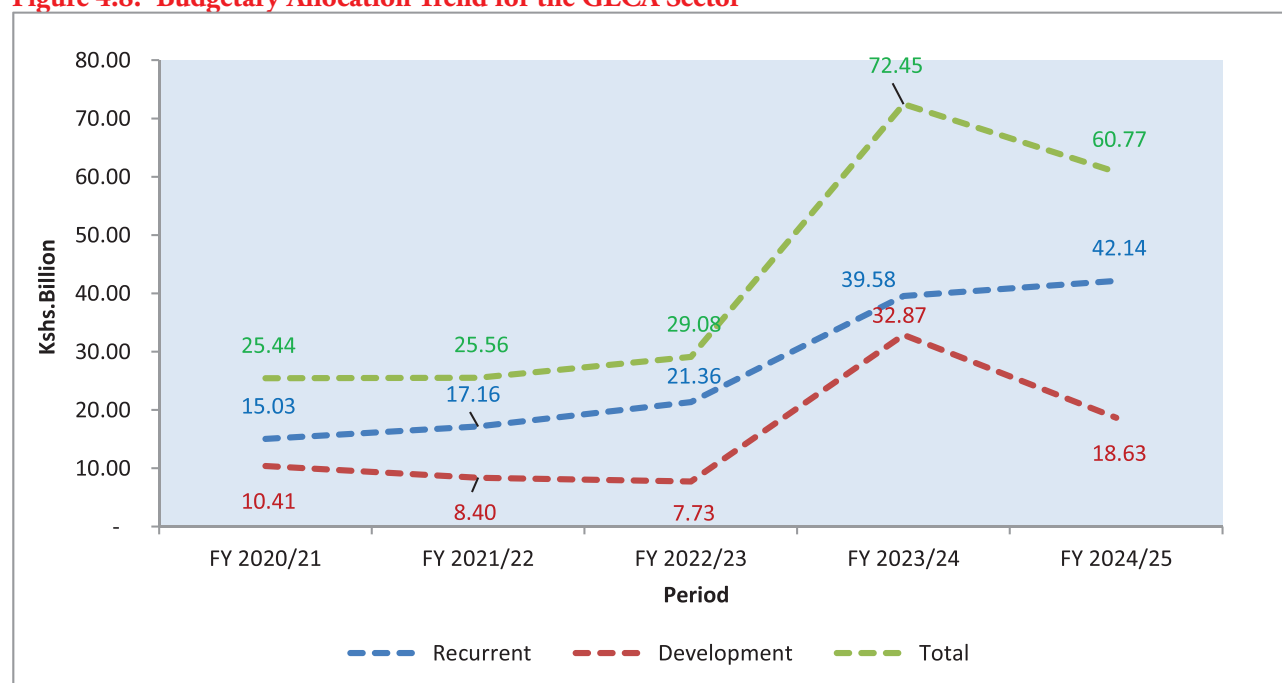

The main objectives of the Sector over the MTEF period are to transform Micro, Small, and Medium Enterprises (MSMEs), promote and sustain tourism, promote industrial development investments, enhance trade and ease of doing business, promote growth and development of cooperatives and the MSMEs Sector, promote regional integration, and promote equitable and sustainable ASAL and regional development.

4.6.2 Budget Performance for GECA Sector

The budgetary allocation to GECA in FY 2024/2025 amounted to Kshs.57.67 billion, which was revised to Kshs.45.63 billion in Supplementary Budget I and Kshs.60.77 billion in Supplementary Budget II, compared to the Kshs.78.67 billion allocated in the Financial Year of 2023/2024. This amount represents 1 per cent of the gross national budget of Kshs.4.64 trillion and 3 per cent of the MDAs' budget of Kshs.2.35 trillion. The allocation included Kshs.18.63 billion (31 per cent) for development activities and Kshs.42.14 billion (69 per cent) for recurrent expenditure. The State Department for Arid and Semi-arid Lands (ASALs) and Regional Development received the highest budgetary allocation of Kshs.15.07 billion (25 per cent of the Sector's budget), while the State Department for East African Community had the lowest budgetary allocation of Kshs.851.71 million (1 per cent of the GECA Sector allocation).

Figure 4.8 shows the budgetary allocation trends of the GECA Sector for the period FY 2020/2021 to FY 2024/2025.

Figure 4.8: Budgetary Allocation Trend for the GECA Sector

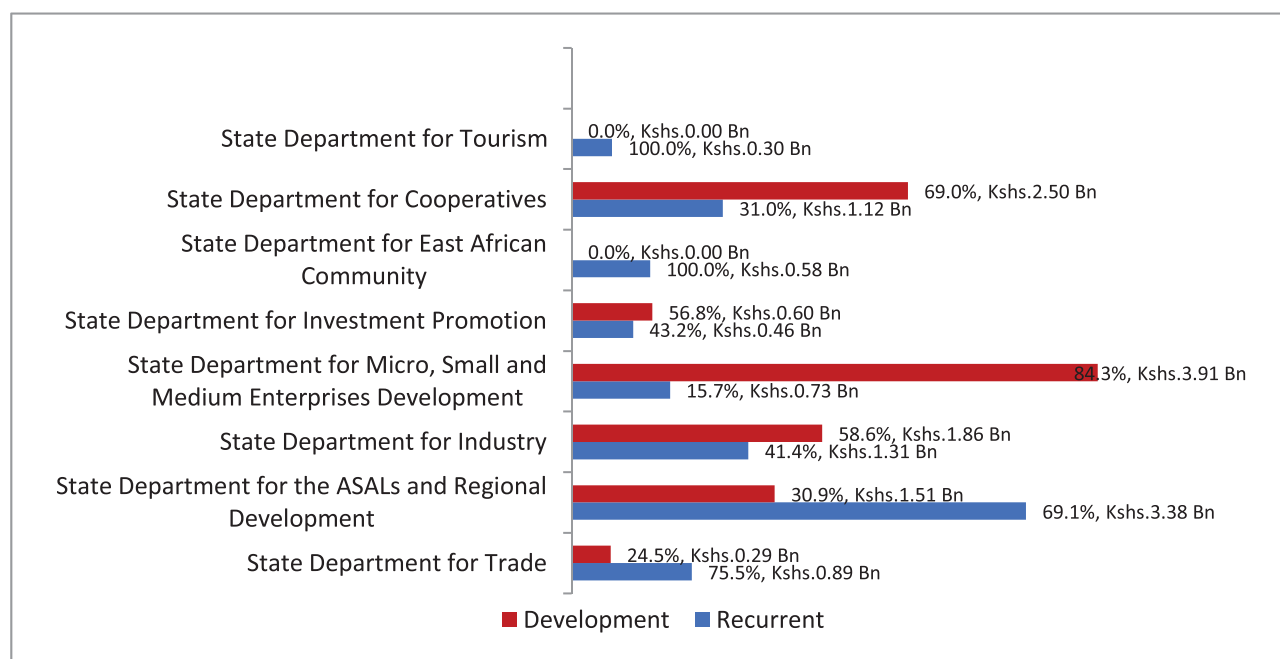

Source: National Treasury

The total exchequer issues to the GECA Sector amounted to Kshs.19.46 billion, representing 49 per cent of the Sector's net estimates. This amount comprised Kshs.10.68 billion for development expenditure, representing 61 per cent of development net estimates, and Kshs.8.78 billion for recurrent activities, representing 39 per cent of recurrent net estimates.

In the first nine months of FY 2024/2025, the State Department for Trade received the highest proportion of development exchequer issues to development net estimates at 100 per cent, while the State Department for the ASALs and Regional Development received the lowest at 32 per cent. The State Department for Tourism recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 90 per cent. The State Department for Trade recorded the lowest ratio of 24 per cent. Figure 4.9 shows the exchequer issues in the GECA Sector in the first nine months of FY 2024/2025.

Figure 4.9: Exchequer Issues to the GECA Sector

Source: National Treasury

The total expenditure for the GECA Sector amounted to Kshs.38.63 billion, representing 64 per cent of the gross estimates, compared to Kshs.40.57 billion (56 per cent) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.12.33 billion for the development budget representing an absorption rate of 66 per cent, compared to 57 per cent recorded in a similar period in FY 2023/2024, and Kshs.26.30 billion for recurrent expenditure representing 62 per cent of the recurrent gross estimates, compared to 56 per cent recorded in a similar period in FY 2023/2024. 4.7. Governance, Justice, Law and Order (GJLO) Sector

4.7.1 Introduction

The Governance, Justice, Law and Order (GJLO) Sector consists of sixteen MDAs, which include the State Department for Correctional Services; the State Department for Immigration and Citizen Services; the National Police Service; the State Department for Internal Security and National Administration; the State Law Office; the Judiciary; the Ethics and Anti-Corruption Commission (EACC); the Office of the Director of Public Prosecutions (ODPP); the Office of the Registrar of Political Parties (ORPP); the Witness Protection Agency (WPA); the Kenya National Commission on Human Rights (KNHCR); the Independent Electoral and Boundaries Commission (IEBC); the Judicial Service Commission (JSC); the National Police Service Commission (NPSC); the National Gender and Equality Commission (NGEC); and the Independent Policing Oversight Authority (IPOA), as well as SAGAs and tribunals each with specific functions and mandates.

The Sector creates a conducive environment for the country's economic, social, and political development necessary for fulfilling the objectives of the Kenya Vision 2030. It comprises institutions with linkages to peace- and security-building, interpretation of the law, correctional services, immigration and population management, legal advisory services to government agencies, representation of the national government in civil proceedings and matters before foreign courts and tribunals, and dispensation of justice. Further, the Sector promotes good governance and integrity and spearheads the fight against corruption, public prosecutions, registration and regulation of political parties, protection of witnesses, protection and promotion of human rights, delimitation of electoral boundaries and management of the electoral process, promotion of gender equality, the inclusion of marginalised groups and communities.

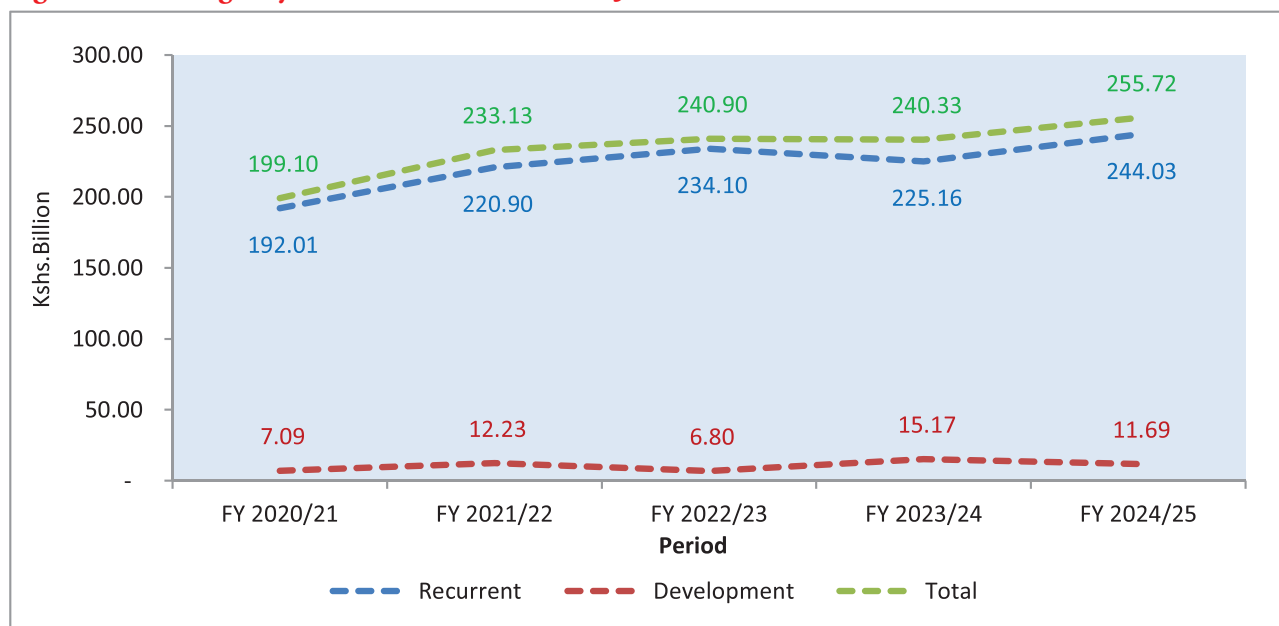

The Sector is also responsible for developing and implementing citizenship and refugee management and immigration services, regulating the gaming industry, providing population management, eradicating drugs and substance abuse, conducting crime research, printing government documents, and overseeing policing.

4.7.2 Budget Performance for GJLO Sector

The budgetary allocation to GJLO in FY 2024/2025 amounted to Kshs.246.42 billion, which was revised to Kshs.231.06 billion in Supplementary Budget I and Kshs. 255.73 billion in Supplementary Budget II, compared to the Kshs.252.49 billion allocated in the financial year of 2023/2024. This amount represents 6 per cent of the gross national budget of Kshs.4.64 trillion and 11 per cent of the MDAs' budget of Kshs.2.35 trillion. The allocation included Kshs.11.69 billion (5 per cent) for development activities and Kshs.244.03 billion (95 per cent) for recurrent expenditure. The State Department for National Police Service received the highest budgetary allocation of Kshs.115.43 billion (45 per cent of the Sector's budget), while the State Department for National Gender and Equality Commission had the lowest budgetary allocation of Kshs.437.70 million (less than 1 per cent of the GJLO Sector allocation).

The high allocation to the State Department for the National Police Service was due to the provision of security to the government's critical infrastructure and other related activities. Figure 4.10 shows the budgetary allocation trends of the GJLO Sector from FY 2020/2021 to FY 2024/25.

Figure 4.10: Budgetary Allocation Trend for the GJLO Sector

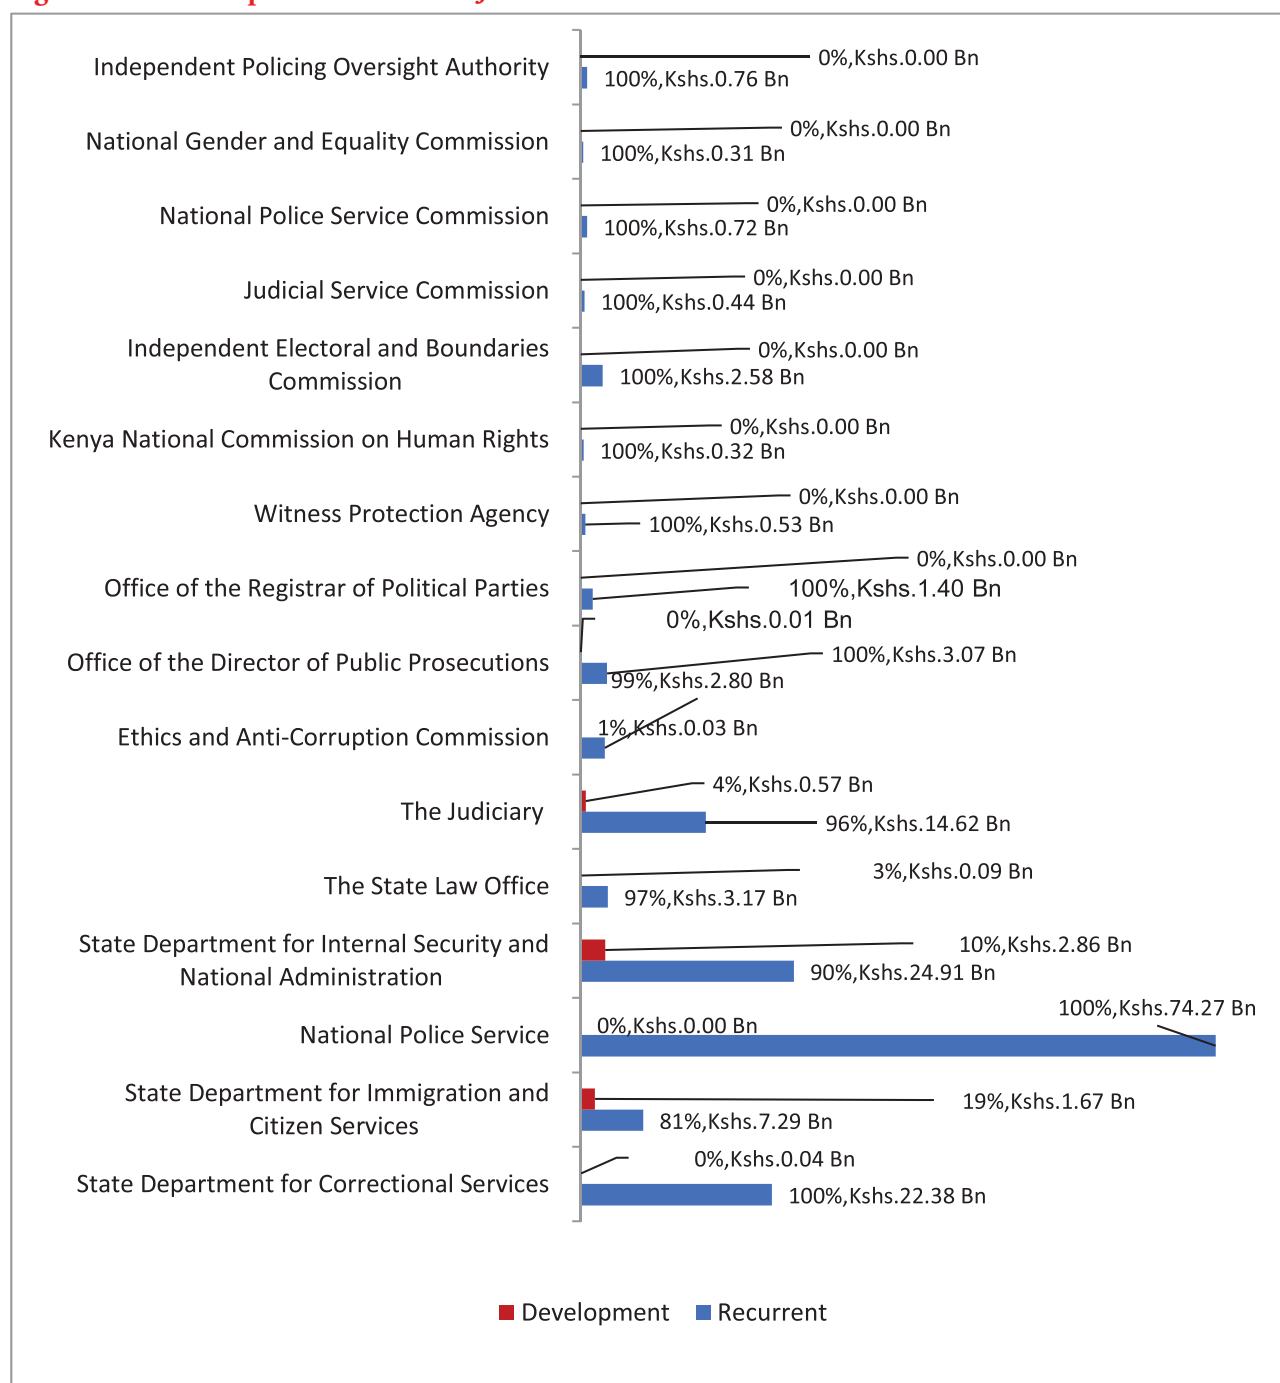

Source: National Treasury

The total exchequer issues to the GJLO Sector amounted to Kshs.164.83 billion, representing 67 per cent of the Sector's net estimates. This amount comprised Kshs. 5.27 billion for development expenditure, representing 91 per cent of development net estimates, and Kshs.159.57 billion for recurrent activities, representing 67 per cent of recurrent net estimates.

In the first nine months of FY 2024/2025, the State Department for Internal Security and National Administration received the highest proportion of development exchequer issues to development net estimates at 100 per cent due to additional funding of Kshs.4.20 billion and Kshs.343.75 million outside the appropriated funds in line with Article 223 of the Constitution. Conversely, the Office of the Director of Public Prosecutions received the lowest exchequer issues at 15 per cent. The Office of the Registrar of Political Party recorded the highest

proportion of recurrent exchequer issues to recurrent net estimates of 82 per cent, while the Judicial Service Commission recorded the lowest ratio at 58 per cent. Figure 4.12 shows the exchequer issues in the GJLO Sector in the first nine months of FY 2024/2025.

Figure 4.11: Exchequer Issues to the GJLO Sector

Source: National Treasury

The total expenditure for the GJLO Sector amounted to Kshs. 194.56 billion, representing 76 per cent of the revised gross estimates, compared to Kshs.182.74 billion (76 per cent) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.11.54 billion for the development budget, representing 99 per cent of the revised gross estimate, compared to 91 per cent recorded in a similar period in FY 2023/2024, and Kshs. 183.01 billion for recurrent expenditure, representing 75 per cent of the revised gross estimates, compared to 75 per cent recorded in a similar period in FY 2023/2024. Analysis of the Programme and sub-programmes shows that the State Department for Immigration and Citizens Services recorded an overall absorption rate of 92 per cent. Expenditure on E-citizens Services sub-programmes under the Migration and Citizen Services Management Programme exceeded the budgetary allocation by 13 per cent.

4.7.11 Non-financial Performance by the State Department for Immigration and Citizen Services

Table 4.103 summarises some Key Performance indicators for the State Department for Immigration and Citizen Services in the first nine months of FY 2024/25.

Table 4.104: Non-Financial Performance by the State Department for Immigration and Citizen Services

PRO-GRAMME	SUB-PRO-GRAMME	Key Output	Key Performance Indicator	Annual Target(s)	Actual As of 31 st March 2025	Variance
General Administration & Support Services	Administration and planning	Nyayo house Refurbished	Per centage Completion of funded refurbishment phases	100	25	(75)
Migration & Citizen Services Management	Immigration services	Work permits processed	Per centage of work permit applications processed	100	100	-

Population Management Services	Civil Registration Services	Civil Registration Services	Per centage of birth certificate applications processed	100	48	(53)

Source: State Department for Immigration and Citizen Services

As of 31st March 2025, most key output targets had dismal performance. The Nyayo House refurbishment was only 25 per cent complete, and only 2,470 out of 11,000 services had been onboarded onto the e-Citizen platform. Civil registration processing stood at 48 per cent. The depressed milestone underscores implementation delays across programmes.

Source: The State Department for Immigration and Citizen Services

Analysis of the project implementation status by the State Department for Immigration and Citizen Services revealed that the IPRS upgrade and roll-out project had the highest completion rate at 54 per cent. The e-citizen had the lowest at 12 per cent most likely due to cash flows constraints.

4.7.13 The National Police Service

The National Police Service promotes protecting life and property and assisting the public when in need. It is also tasked with preserving peace and preventing and detecting crime. The mandate is carried out by the National Police Service and its agencies, the Kenya Police Service, Administration Police, and Criminal Investigation Services.

4.7.14 Budget Performance by the National Police Service

The original budgetary allocation to the National Police Service in FY 2024/25 amounted to Kshs.110.55 billion, revised to Kshs.108.68 billion in Supplementary Estimates I and Kshs. 115.43 billion in Supplementary Estimates II, compared to Kshs.113.29 billion allocated in FY 2023/24.

4.7.15 National Police Service Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.106 shows budget execution by programmes and sub-programmes under the National Police Service in the first nine months of FY 2024/2025.

Table 4.106: The National Police Service Programme and Sub-Programme Performance

Source: The National Treasury & National Police Service

The projects implementation status revealed that three projects implemented by the National Police Service portends possible losses to the Government and faced likely timelines overrun. This is due to lack of land title deeds for the land where the projects were situated. The three projects were Construction of Police Post at Ochoria in Muhoroni/Koru ward, Construction of Police Camp in Obunga and Construction of Police Station Office Block at Kikambuani.

Further, the Completion of the ongoing Sub-County police HQS central ward Kisumu West project was being undertaken by NGCDF.

4.7.18 The State Department for Internal Security and National Administration

The State Department for Internal Security and National Administration promotes Oversight over Internal Security affairs. It is also tasked with coordinating National Government functions and services in Counties and State Functions, Government Chemist Services, Peace Building, National Cohesion and Values.

4.7.19 Budget Performance by the State Department for Internal Security and National Administration

The original budgetary allocation to the State Department for Internal Security and National Administration in FY 2024/25 amounted to Kshs.35.88 billion, revised to Kshs. 28.19 billion in Supplementary Estimates I and Kshs. 37.46 billion in Supplementary Estimates II, compared to Kshs.41.23 billion allocated in FY 2023/24.

4.7.20 State Department for Internal Security and National Administration Programmes and Sub-Programme Performance

The budgetary allocation was to fund two programmes. Table 4.109 shows budget execution by programmes and sub-programmes under the State Department for Internal Security and National Administration in the first nine months of FY 2024/2025.

The completion of Marimanti Law Courts (20 per cent complete) and Mavoko Law Courts (60 per cent complete) appeared to be behind schedule, considering the duration of the target projects.

4.7.33 The Ethics and Anti-Corruption Commission

The Ethics and Anti-Corruption Commission promotes the prevention of corruption and economic crimes and combating unethical conduct through law enforcement.

4.7.34 Budget Performance by the Ethics and Anti-Corruption Commission

The original budgetary allocation to the Ethics and Anti-Corruption Commission in FY 2024/25 amounted to Kshs.4.17 billion, revised to Kshs. 4.14 billion in Supplementary Estimates I and Kshs. 4.20 billion in Supplementary Estimates II, compared to Kshs.3.98 billion allocated in FY 2023/24.

4.7.35 Ethics and Anti-Corruption Commission Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.118 shows budget execution by programmes and sub-programmes under the Ethics and Anti-Corruption Commission in the first nine months of FY 2024/2025.

Table 4.118: The Ethics and Anti-Corruption Commission Programme and Sub-Programme Performance

The project's implementation status shows that the development projects being implemented by the Ethic and Anti-Corruption Commission were facing time overruns, most likely due to inadequate funding.

4.7.38 The Office of the Director of Public Prosecutions

The Office of the Director of Public Prosecutions promotes undertaking criminal proceedings against any person before any court of law other than the court martial and is also tasked with prosecution in respect to any offence alleged to have been committed by any person, take over and continue with any criminal proceedings commenced in any court by any person or authority with the permission of the person or authority. The mandate is carried out by the Office of the Director of Public Prosecutions and its agencies, the Public Prosecution Services.

4.7.39 Budget Performance by the Office of the Director of Public Prosecutions

The original budgetary allocation to the Office of the Director of Public Prosecutions in FY 2024/25 amounted

to Kshs.4.01 billion, revised to Kshs.3.98 billion in Supplementary Estimates I and Kshs. 4.22 billion in Supplementary Estimates II, compared to Kshs.4.16 billion allocated in FY 2023/24.

4.7.40 Office of the Director of Public Prosecutions Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.121 shows budget execution by programmes and sub-programmes under the Office of the Director of Public Prosecutions in the first nine months of FY 2024/2025.

Table 4.121: The Office of the Director of Public Prosecutions' Programme and Sub-Programme Performance

The Office of the Director of Public Prosecutions analysed the project implementation status and revealed very low completion rates for the two projects.

4.7.43 The Office of the Registrar of Political Parties

The Office of the Registrar of Political Parties promotes the registration and regulation of political parties and administers the Political Parties Act of 2011. It is also tasked with monitoring, supervising, and investigating political parties to ensure compliance with the Act. It also oversees the funding of Political Parties and the Political Parties Liaison Committee.

4.7.44 Budget Performance by the Office of the Registrar of Political Parties

The original budgetary allocation to the Office of the Registrar of Political Parties in FY 2024/25 amounted to Kshs.2.04 billion, revised to Kshs. 1.93 billion in Supplementary Estimates I and Kshs. 1.72 billion in Supplementary Estimates II, compared to 1.46 billion allocated in FY 2023/24.

4.7.45 Office of the Registrar of Political Parties Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.123 shows budget execution by programmes and sub-programmes under the Office of the Registrar of Political Parties in the first nine months of FY 2024/25.

Table 4.124: The Office of the Registrar of Political Parties Programme Performance

	Political Parties Liaisons Committee	Tripartite Administrative Services	No. of consultative dialogue forums held at the national level	4	1	(3)
			No. of consultative dialogue forums held at the county level	4	0	(4)

Source: Office of the Registrar of Political Parties

In the period under review, core functions in registration, compliance oversight, and financial sensitisation for political parties were fully actualised. However, consultative engagement fell short, with only one dialogue forum and none held at the national and county-level respectively. This highlights a gap in stakeholder engagement and grassroots political dialogue.

4.7.47 The Witness Protection Agency

The Witness Protection Agency promotes protection, on behalf of the State, to persons possessing important information and facing potential risk or intimidation due to their cooperation with prosecution and other law enforcement agencies.

4.7.48 Budget Performance by the Witness Protection Agency

The original budgetary allocation to the Witness Protection Agency in FY 2024/25 amounted to Kshs.0.74 billion, revised to Kshs.0.70 billion in Supplementary Estimates I and Kshs. 0.72 billion in Supplementary Estimates II, compared to Kshs.0.79 billion allocated in FY 2023/24.

4.7.49 Witness Protection Agency Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.125 shows budget execution by programmes and sub-programmes under the Witness Protection Agency in the first nine months of FY 2024/25.

As of 31st March 2025, the Witness Protection Programme met all its core service delivery targets, including full provision of safety, security, and resettlement for protected persons. The programme also responded to applications within an average of 27.74 days, outperforming the 30-day target. This reflected efficiency and effectiveness in witness protection operations.

4.7.51 The Kenya National Commission on Human Rights

The Kenya National Commission on Human Rights promotes human rights, fundamental freedoms and constitutionalism. It is also tasked with protecting and securing the observance of human rights and fundamental freedoms in all spheres of life.

4.7.52 Budget Performance by the Kenya National Commission on Human Rights

The original budgetary allocation to the Kenya National Commission on Human Rights in FY 2024/25 amounted to Kshs.478.07 million, revised to Kshs.478.04 million in Supplementary Estimates I and Supplementary Estimates II, respectively, compared to Kshs.539.80 million allocated in FY 2023/24.

4.7.53 Kenya National Commission on Human Rights Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.127 shows budget execution by programmes and sub-programmes under the Kenya National Commission on Human Rights in the first nine months of FY 2024/2025.

Table 4.128: The Kenya National Commission on Human Rights Programme and Sub-Programme Performance

			Number of state actors trained on economic and social rights	420	110	(310)
		Human rights standards and principles compliance services provided	Number of institutions audited for compliance with human rights standards	35	8	(27)

Source: Kenya National Commission on Human Rights

In the period under review, the human rights programme fully processed complaints and cases received, indicating strong redress mechanisms. However, state actors' training on economic and social rights was significantly below target, with only 110 out of 420 state actors trained. Additionally, only 8 out of 35 institutions were audited, reflecting major shortfalls in promoting compliance with human rights standards.

4.7.55 The Independent Electoral and Boundaries Commission

The Independent Electoral and Boundaries Commission promotes the conduct or supervision of referenda and elections to anybody or offices established by the Constitution and any other elections as prescribed by an Act of Parliament. It is also tasked with regulating and delimiting constituencies and wards, Voter Registration and electoral operations, Voter Education and Partnership, and electoral information and Communication Technology.

4.7.56 Budget Performance by the Independent Electoral and Boundaries Commission

As of 31st March 2025, the programme exceeded targets in providing technical support and public awareness forums on gender and inclusion. However, only 80 per cent of complaints were processed, falling short of the 100 per cent target. Government agencies did not comply with gender representation and disability inclusion requirements, indicating significant gaps in enforcement.

4.7.71 The Independent Policing Oversight Authority

The Independent Policing Oversight Authority promotes accountability of the Police to the public in performing their functions. It is also tasked with giving effect to the provision of Article 244 of the Constitution that the Police shall strive for professionalism and discipline, promote and practice transparency and accountability, and ensure independent oversight of the handling of complaints by the National Police Service. The mandate is carried out by the Independent Policing Oversight Authority.

4.7.72 Budget Performance by the Independent Policing Oversight Authority

The original budgetary allocation to the Independent Policing Oversight Authority in FY 2024/25 amounted to Kshs.1.11 billion, revised to Kshs. 1.09 billion in Supplementary Estimates I and Kshs. 1.11 billion in Supplementary Estimates II, compared to Kshs.1.05 billion allocated in FY 2023/24.

4.7.73 Independent Policing Oversight Authority Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.138 shows budget execution by programmes and sub-programmes under the Independent Policing Oversight Authority in the first nine months of FY 2024/2025.

In the period under review, Policing Oversight Services fell short in processing complaints and finalizing investigations, completing only 2,236 of 3,000 complaints and 289 of 720 investigations. Despite these gaps, all completed investigation files were submitted to ODPP on time. No dialogue sessions were held with the National Police Service, highlighting lack of collaboration efforts.

4.8. Health Sector

4.8.1 Introduction

Health is largely a devolved function under the Fourth Schedule of the Constitution of Kenya. The health sector is responsible for providing and coordinating health policy formulation, ensuring quality service delivery, and regulating health care at the national level. The sector comprises two MDAs: The State Department for Medical Services and the State Department for Public Health and Professional Standards. The Sector delivers services through several SAGAs and entities, including the Kenyatta National Hospital, Moi Teaching and Referral Hospital, Kenya Medical Research Institute, Kenya Medical Supplies Authority, Kenya Medical Training College, National Syndemic Disease Control Council, Kenyatta University Teaching, Referral and Research Hospital, National Cancer Institute of Kenya and the Kenya Nuclear Regulatory Authority.

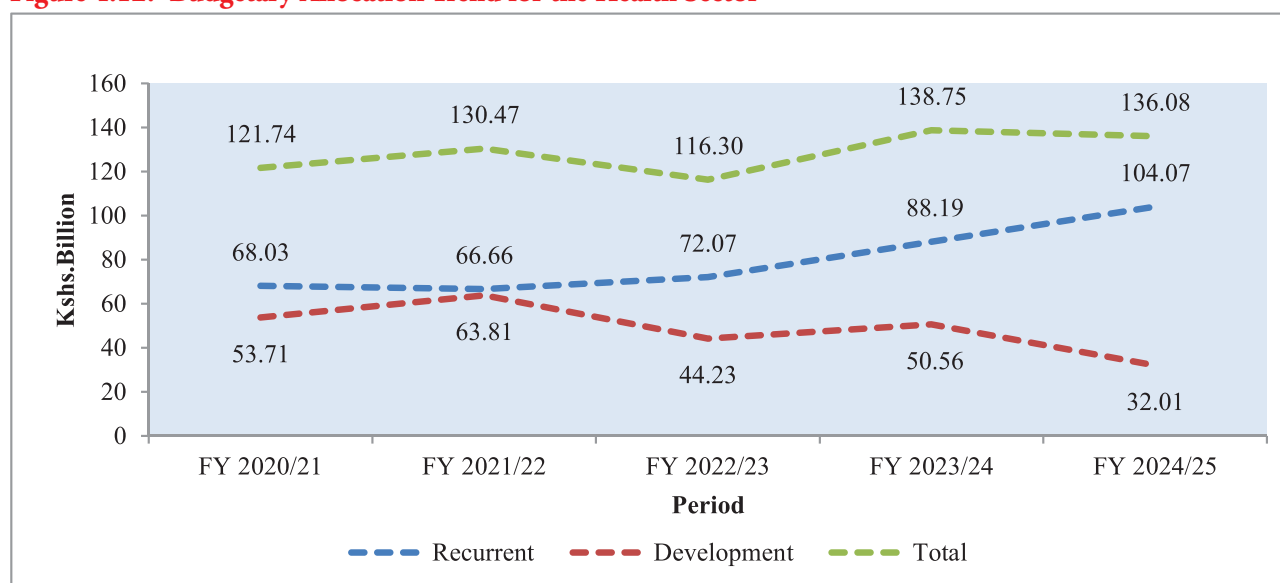

The Sector envisions “a *healthy, productive and globally competitive nation*” achieved through strategic objectives under equity, efficiency, and people-centred principles with a multi-sectoral approach as outlined in the Kenya Health Policy (2014-2030). The Health Sector implements its strategic objectives through eight budgetary programmes, four under the State Department for Medical Services and four under the State Department for Public Health and Professionals.

4.8.2 Budget Performance for Health Sector

The budgetary allocation to Health Sector in FY 2024/2025 amounted to Kshs.127.17 billion, revised to Kshs.118.86 billion in Supplementary Budget I and Kshs.136.08 in Supplementary Budget II, compared to the Kshs.138.85 billion allocated in FY 2023/2024. This amount represents 3 per cent of the gross national budget of Kshs.4.64 trillion and 6 per cent of the MDAs’ budget of Kshs.2.35 trillion. The allocation included Kshs.32.01 billion (24 per cent) for development activities and Kshs.104.07 billion (76 per cent) for recurrent expenditure. The State Department for Medical Services received the highest budgetary allocation of Kshs.103.57 billion (76 per cent of the Sector’s budget), while the State Department for Public Health and Professional Standards was allocated Kshs.32.51 billion (24 per cent of the Health Sector allocation).

The high allocation to the State Department for Medical Services was due to high budget allocation to the National Referral Services sub programme. Figure 4.12 shows the budgetary allocation trends of the Health Sector for the period FY 2020/2021 to FY 2024/2025.

Figure 4.12: Budgetary Allocation Trend for the Health Sector

The total exchequer issues to the Health Sector amounted to Kshs.51.64 billion, representing 55 per cent of the Sector's revised net estimates. This amount comprised Kshs.8.78 billion for development expenditure, representing 27 per cent of development revised net estimates, and Kshs.42.86 billion for recurrent activities, representing 61 per cent of recurrent revised net estimates.

Figure 4.13 shows the exchequer issues in the Health Sector in the first nine months of FY 2024/2025.

The total expenditure for the Health Sector amounted to Kshs.75.53 billion, representing 56 per cent of the revised gross estimates, compared to Kshs.71.92 billion (52 per cent) recorded in a similar period in FY 2023/2024. This amount comprised Kshs.18.85 billion for the development budget representing an absorption rate of 59 per cent, compared to 53 per cent (Kshs.26.87 billion) recorded in a similar period in FY 2023/2024, and Kshs.56.68 billion for recurrent expenditure representing 55 per cent of the revised gross recurrent estimates, compared to 51 per cent (Kshs.45.06 billion) recorded in a similar period in FY 2023/2024.

Table 4.140 shows the Health Sector analysis of exchequer issues and expenditure in the first nine months of FY 2024/25.

4.9. National Security Sector

4.9.1 Introduction

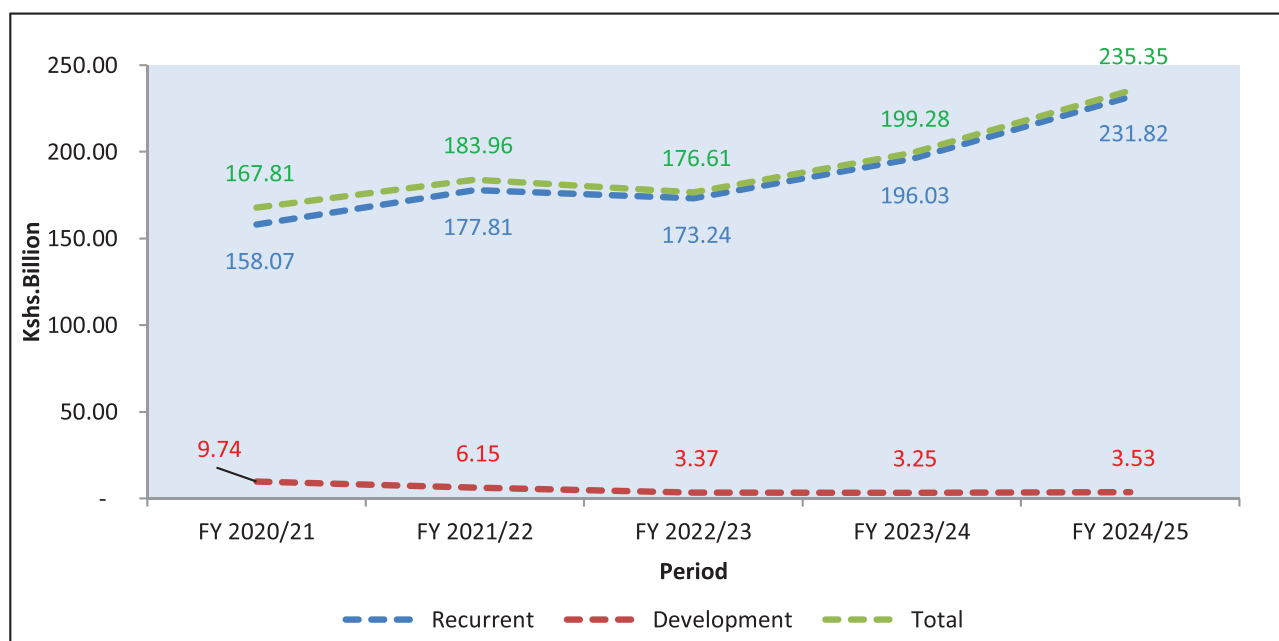

The National Security sector comprise the Ministry of Defence and the National Intelligence Service (NIS). The sector's mandate is to ensure the country's security against any threats emanating from within or outside the Kenyan borders, defend the country, and support the civil powers in maintaining peace and order.

4.9.2 Budget Performance for National Security Sector

The original budget for the National Security sector in FY 2024/2025 was Kshs.219.44 billion, revised to Kshs.219.30 billion in Supplementary I and Kshs.235.36 in Supplementary II, representing 5 per cent of the revised gross national budget, compared to Kshs.199.29 billion allocated in the FY 2023/2024. The allocation comprised Kshs.3.53 billion for development expenditure (2 per cent of the sector's budget) and Kshs.231.82 billion for recurrent expenditure (98 per cent of the sector's allocation). The Ministry of Defence was allocated Kshs.179.71 billion (76 per cent of the sector's allocation), while NIS received Kshs.55.65 billion (24 per cent of the sector's allocation). The growth in the budget allocation for the National Security sector is attributed to increased funding requirements for military modernisation, enhanced territorial defence capabilities, and strengthened intelligence-gathering operations.

Figure 4.14 below shows the budgetary allocation trend for the National Security sector for FY 2020/2021 to FY 2024/2025.

The total expenditure for the National Security sector in the first nine months of FY 2024/2025 amounted to Kshs.174.55 billion, representing 74 per cent of the revised gross estimates, compared to 73 per cent (Kshs.145.35 billion) recorded in a similar period of FY 2023/2024. The Ministry of Defence spent Kshs.130.09 billion on recurrent activities, representing 74 per cent of the revised gross estimates, compared to 74 per cent (Kshs.111.53 billion) recorded in a similar period FY 2023/2024 and Kshs.0.42 million on development activities. NIS spent Kshs.44.04 billion on recurrent activities, recording 79 per cent of its revised gross estimates compared to 68 per cent (Kshs.31.10 billion) recorded in a similar period in FY 2023/2024.

4.9.3 The Ministry of Defence

The Ministry of Defence encompasses the Kenya Army, Kenya Air Force, Kenya Navy, Defence Forces Constabulary and Civilian Staff. It envisions itself as a premier, credible, and mission-capable force grounded in professionalism. Its primary mandate is to defend and protect the sovereignty and territorial integrity of the Republic of Kenya, while its secondary mandate includes assisting and cooperating with other authorities during emergencies or disasters and restoring peace in any part of Kenya affected by unrest or instability as directed. The Ministry is committed to defending and protecting the people and property of the Republic of Kenya against external threats and supporting civil authority as per the law.

4.9.4 Budget Performance by the Ministry of Defence

The original budgetary allocation to the Ministry of Defence in FY 2024/25 amounted to Kshs.173.09 billion,

revised to Kshs.172.95 billion in Supplementary Estimates I and Kshs.179.71 billion in Supplementary Estimates II, compared to Kshs.153.44 billion allocated in FY 2023/24.

4.9.5 Ministry of Defence Programmes and Sub-Programme Performance

The budgetary allocation was to fund four programmes, namely, national defence, civil aid, national space management and general administration, planning, and support services. Table 4.148 shows the budget execution by programmes and sub-programmes in the first nine months of FY 2024/2025

4.10. Public Administration and International Relations Sector

4.10.1 Introduction

The Public Administration and International Relations (PAIR) sector consists of twenty-three MDAs, namely The Executive Office of the President, Office of the Deputy President, Office of the Prime Cabinet Secretary, State Department for Parliamentary Affairs, State Department for Performance and Delivery Management; State Department for Cabinet Affairs; State House; State Department for Devolution; State Department of Economic Planning; State Department for Foreign Affairs; State Department for Diaspora Affairs; The National Treasury; State Department for Public Service; Parliamentary Service Commission; National Assembly; Parliamentary Joint Services; Senate; The Commission on Revenue Allocation (CRA); Public Service Commission; Salaries and Remuneration Commission; The Auditor General; The Controller of Budget and The Commission on Administrative Justice (CAJ) together with affiliated SAGAs and entities.

The Sector provides national leadership, oversight, and policy direction towards realising the country's development agenda. It promotes prudent public finance management and accountability in the Public Sector, coordinates national and sectoral development planning, and oversees an efficient and effective Public Service. It also coordinates Kenya's foreign policy and diaspora affairs, wage bill management, development of a sound legislative and regulatory framework, and enforces administrative justice and the right to information.

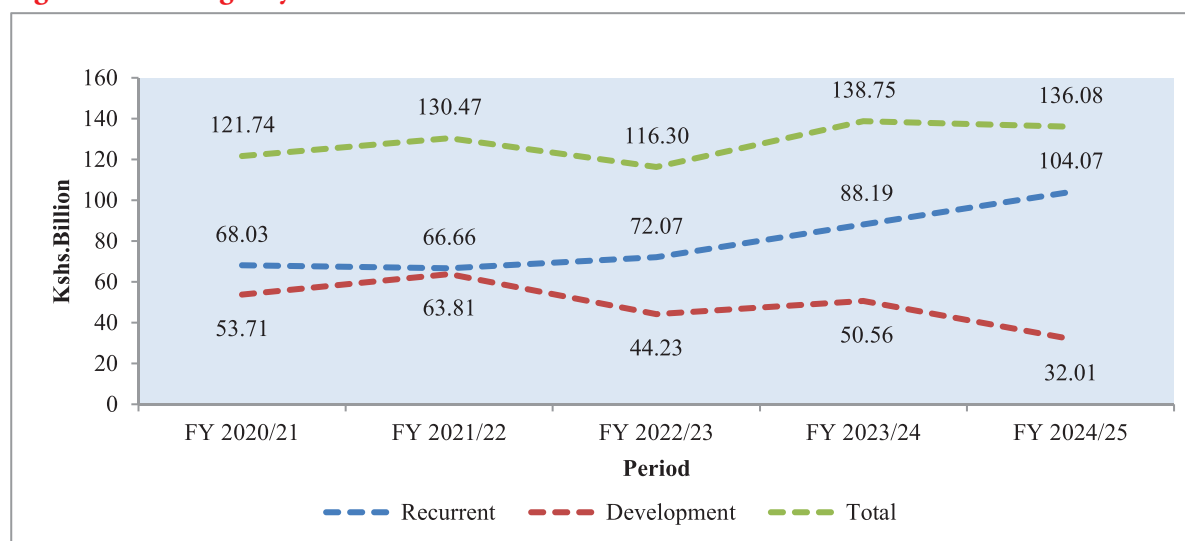

The sector has prioritised programmes and projects aligned with the Post-COVID-19 Economic Recovery Stimulus Programme (PC-ERS), the Bottom-Up Economic Transformation Agenda, and the Fourth Medium Term Plan of Kenya Vision 2030. Priority was also accorded to ongoing interventions supporting the "Big Four" agenda and the newly established institutions.

4.10.2 Budget Performance for the PAIR Sector

The budgetary allocation to PAIR in FY 2024/2025 amounted to Kshs.331.20 billion, which was revised to Kshs.301.78 billion in Supplementary Budget I and Kshs.310.92 in Supplementary Budget II, compared to the Kshs.299.33 billion allocated in the previous financial year of 2023/2024. This amount represents 7 per cent of the gross national budget of Kshs. 4.64 trillion and 13 per cent of the MDAs' budget of Kshs.2.35 trillion. The allocation included Kshs.114.01 billion (37 per cent) for development activities and Kshs.196.90 billion (63 per cent) for recurrent expenditure. The National Treasury received the highest budgetary allocation of Kshs. 117.05 billion (38 per cent of the Sector's budget), while the State Department for Cabinet Affairs had the lowest budgetary allocation of Kshs. 0.22 billion (0.07 per cent of the PAIR Sector allocation).

Figure 4.16 shows the budgetary allocation trends of the PAIR Sector for the period FY 2020/2021 to FY 2024/2025.

Figure 4.16: Budgetary Allocation Trend for the PAIR Sector

The total exchequer issues to the PAIR Sector amounted to 164.58 billion, representing 59 per cent of the Sector's net estimates. This amount comprised Kshs.42.35 billion for development expenditure, representing 41 per cent of development net estimates, and Kshs.122.23 billion for recurrent activities, representing 69 per cent of recurrent net estimates.

In the first nine months of FY 2024/2025, The Parliamentary Joint Service received the highest proportion of development exchequer issues to development net estimates at 75 per cent, while the State Department for Devolution received the lowest at 33 per cent. The Parliamentary Joint Service recorded the highest proportion of recurrent exchequer issues to recurrent net estimates of 79 per cent. The Executive Office of the President recorded the lowest ratio of 46 per cent. Figure 4.18 shows the exchequer issues to the PAIR Sector in the first nine of FY 2024/2025.

Figure 4.17: Exchequer Issues to the PAIR Sector

From the status analysis of project implementation, two projects, the Construction of an alternate Data Recovery Centre and the Kenya Financing Locally Led Climate Action Programme, appeared to be lagging behind their target completion dates. This suggests a possible inadequate budget allocation due to non-adherence to donor conditions and/ or budget cuts.

The analysis of the implementation status of the Refurbishment of Old Commission House shows progress at 59 per cent rate against a timeline spanning from FY 2016/17 to FY 2026/27. In FY 2024/25, the project was initially allocated Kshs.45.3 million and reduced to zero in the Supplementary Estimates II. Delayed funding is likely to derail progress and poses a significant challenge to the timely realization of the project objectives.

4.10.88 The Salaries and Remuneration Commission

The Salaries and Remuneration Commission reviews and sets remuneration and benefits for state officers and advises on remuneration and benefits for all other public.

4.10.89 Budget Performance by the Salaries and Remuneration Commission

4.11. Social Protection, Culture and Recreation Sector

4.11.1 Introduction

The Social Protection, Culture, and Recreation (SPCR) Sector comprises six MDAs: the State Departments for Youth Affairs and the Arts, Sports, Culture and Heritage, Labour and Skills Development, Social Protection and Senior Citizen Affairs, and Gender and Affirmative Action.

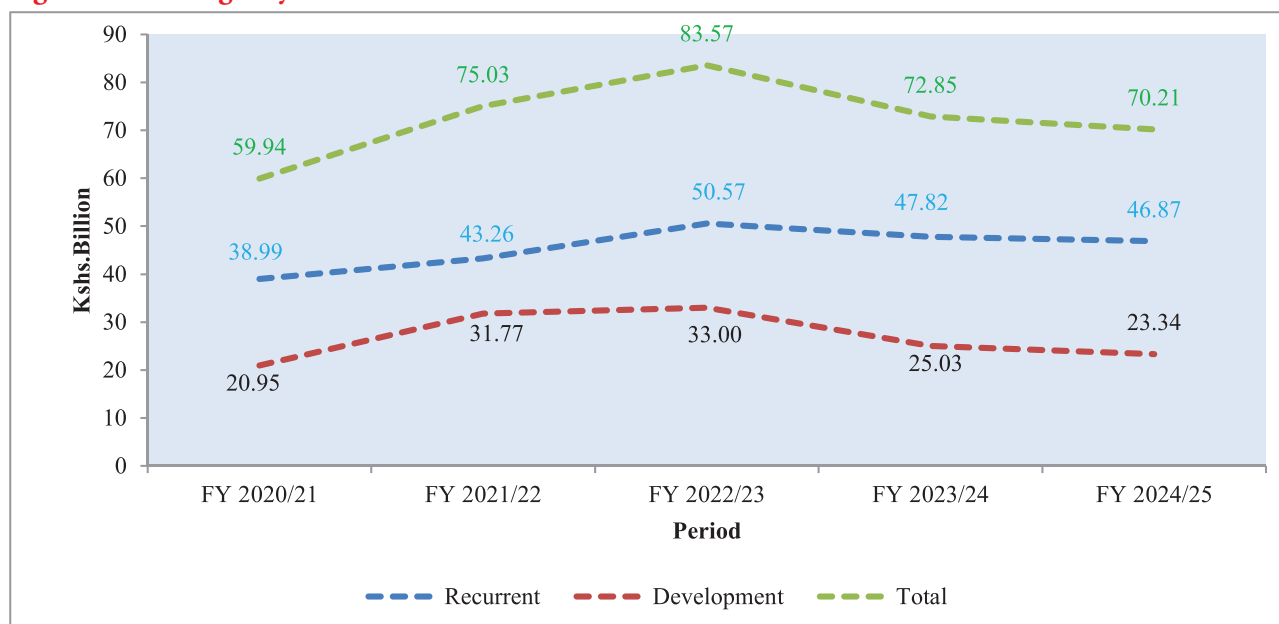

The strategic roles played by the Sector in the country's transformation and socio-economic development include Promoting and supporting youth empowerment and development; strengthening youth mainstreaming in all sectors; spearheading the management of youth policy and legislations; promoting engagement with youth for national development; promotion of sustainable employment, harmonious industrial relations, and productive workforce; promotion of gender equity and equality; empowerment of communities and vulnerable groups, safeguarding children's rights; and advancement of diverse cultures, arts and sports to enhance cohesiveness and Kenya's regional and international competitiveness.

4.11.2 Budget Performance for SPCR Sector

The budgetary allocation to SPCR in FY 2024/2025 amounted to Kshs.72.07 billion, revised to Kshs.68.94 billion in Supplementary Budget I and Kshs.70.21 in Supplementary Estimates II, compared to the Kshs.72.85 billion allocated in the previous financial year of 2023/2024. This amount represents 2 per cent of the revised gross national budget of Kshs. 4.64 trillion and 3 per cent of the MDAs' revised budget of Kshs.2.35 trillion. The allocation comprises Kshs.23.34 billion (33 per cent) for development activities and Kshs.46.87 billion (67 per cent) for recurrent expenditure. The State Department for Social Protection and Senior Citizen Affairs received the highest budgetary allocation of Kshs.35.33 billion (50 per cent of the Sector's budget), while the State Department for Culture and Heritage had the lowest budgetary allocation of Kshs.3.31 billion (5 per cent of the SPCR Sector allocation).

Figure 4.18 shows the budgetary allocation trends of the SPCR Sector for the period FY 2020/2021 to FY 2024/2025.

The total exchequer issues to the SPCR Sector amounted to Kshs.40.85 billion, representing 84 per cent of the Sector's revised net estimates, comprising Kshs.3.66 billion for development expenditure, representing 58 per cent of development revised net estimates, and Kshs.37.19 billion for recurrent activities, representing 88 per cent of recurrent revised net estimates.

In the first nine months of FY 2024/2025, the State Department for Social Protection and Senior Citizen Affairs received the highest proportion for both development and recurrent exchequer issues to revised net estimates at 91 per cent and 95 per cent, respectively. This is attributed to the release of funds towards the Safety Net Programme, which supports the vulnerable population. The State Department for Labour and Skills Development received the lowest proportion of development exchequer issues to revised net estimates at 9 per cent during the period under review.

Figure 4.19 shows the exchequer issues in the SPCR Sector in the first nine months of FY 2024/2025.

The State Department for Social Protection and Senior Citizen Affairs recorded the highest absorption for both development and recurrent budget at a rate of 159 per cent and 94 per cent respectively. The over absorption (59 per cent) by the State Department for Social Protection and Senior Citizen Affairs is attributed to funding to the Kenya Social and Economic Inclusion Project under Article 223 of the Constitution under the National Safety Net programme.

The State Department for Labour and Skills Development recorded the lowest absorption rate at 4 per cent for

development budget while the State Department for Culture and Heritage recorded the lowest rate for recurrent at 49 per cent.

Table 4.209 indicates that project implementation status is at different completion stages. However, OCOB noted that the State Department for Youth Affairs and Arts did not provide data on Kenya Youth Employment and Opportunities Project's (KYEOP's) performance, which is key to ascertaining the project's progress status.

4.11.8 The State Department for Sports

The State Department for Sports promotes Development, management and implementation of the sports policy; Enforcement and implementation of the world anti-doping code and convention against doping; Promotion and co-ordination of sports training and education; Regulation of sports; Expansion of sports industry for sustainable livelihood; Development and management of sports facilities; Establishment and management of sports academies to nurture talent. Budget Performance by the State Department for Sports.

4.11.9 Budget Performance by the State Department for Sports

The original budgetary allocation to the State Department for Sports in FY 2024/25 amounted to Kshs.17.74 billion, revised to Kshs.17.56 billion in Supplementary Estimates I and Kshs.17.81 billion in Supplementary Estimates II, compared to Kshs.17.61 billion allocated in FY 2023/24.

4.11.10 State Department for Sports Programmes and Sub-Programme Performance

The budgetary allocation was to fund one programme. Table 4.211 shows budget execution by programmes and sub-programmes under the State Department for Sports in the first nine of FY 2024/2025.

The non-financial performance analysis indicated that despite significant spending on some projects by the State Department for Labour and Skills Development, there was a considerable lag in completion rates. Key projects such as the Construction of the National Occupational Safety and Health Institute (Phase 1), the Con-

struction of the National Employment Promotion Centre (Kabete), and the Construction of Meru County Labour Offices were at risk of timeline overruns with barely one month left to the expiry of the target completion date of 30th June 2025.

4.11.22 The State Department for Social Protection and Senior Citizen Affairs

The State Department for Social Protection and Senior Citizen Affairs promotes Social Protection Policy, Senior Citizens Policy, Vocational Training and Rehabilitation of Persons with Disabilities, National Volunteerism Policy, Policy and Programmes for Persons with Disabilities, Policy and Programmes for Older Persons, Management of Statutory Children's Institutions, Community Development Policy, Community Mobilization, Registration of Self-Help groups; Protection and Advocacy of Needs of Persons with Disabilities, Social Assistance Programmes, Family Protection Policy, Rehabilitation of Street Families, Policies on Children and Social Development, Counter Trafficking in Persons, Children Welfare and Penal Protection, and Support for Matrimonial and Succession Laws and Policies.

4.11.23 Budget Performance by the State Department for Social Protection and Senior Citizen Affairs

The original budgetary allocation to the State Department for Social Protection and Senior Citizen Affairs in FY 2024/25 amounted to Kshs.35.30 billion, revised to Kshs.35.17 billion in Supplementary Estimates I and Kshs.35.33 billion in Supplementary Estimates II, compared to Kshs.36.83 billion allocated in FY 2023/24.

4.11.24 State Department for Social Protection and Senior Citizen Affairs Programmes and Sub-Programme Performance

The budgetary allocation was to fund three programmes. Table 4.219 shows budget execution by programmes and sub-programmes under the State Department for Social Protection and Senior Citizen Affairs in the first nine months of FY 2024/2025.

The State Department was granted authority to spend under Article 223 of the Constitution of Kenya, 2010 the loan revenue amounting to Kshs. Ksh.1.24 billion which had already been disbursed by the World bank into the designated project account under Kenya Social and Economic Inclusion Project. However, this amount was not factored in the Supplementary Budget II Estimates by the National Treasury, thus resulting into an overexpenditure of 2 per cent.

Analysis of the State Department for Gender and Affirmative Action's project implementation status revealed mixed performance across the various initiatives; some projects demonstrated timely execution while others appeared delayed.

5. KEY ISSUES AND RECOMMENDATIONS

During the reporting period, the Controller of Budget identified critical issues that impeded budget implementation. These included the accumulation of huge pending bills, depressed revenue outturn, reliance on Article 223 of the Constitution to fund existing government programmes, in-year changes in programme output targets, and delayed completion of multi-year projects, as discussed below.

5.1. Accumulation of pending bills

Regulation 56 (1) (b) and (c) of the PFM (National Government Regulations, 2015 requires Accounting Officers to first factor in the budget contracts imposing financial obligations beyond one financial year to secure the resources required in line with the financing requirements set out in the contracts before new projects are budgeted.

Observation: Pending bills for the National Government MDAs amounted to Kshs.511.75 billion as of 31st March 2025, representing 1 per cent decline compared to Kshs.516.27 billion reported as of 30th June 2024. This comprised Kshs.421.63 billion (82 per cent) for State Corporations and Kshs.90.12 billion (18 per cent) for MDAs, compared to Kshs.379.82 billion and Kshs.136.45 billion, respectively, recorded in a similar period of FY 2023/24. The State Corporations' pending bills included unpaid obligations for development projects (62 per cent), consumables and general supplies (9 per cent), pension arrears (8 per cent) and unremitted statutory and other payroll deductions (6 per cent). On the other hand, MDAs' pending bills comprised of Kshs.67.13 billion for recurrent and Kshs.22.99 for development expenditure.

Accumulation of pending bills restrains cash flows to businesses, resulting in liquidity constraints, especially for Small and Medium-sized Enterprises, as they have to endure the long wait for settlement of overdue payments. This forces such businesses to either scale back operations, lay off workers, or even shut down operations. It also leads to high government costs of doing business due to the accumulation of interest charges and penalties on unpaid invoices, and it erodes trust between the government and the private sector.

Recommendation: *The National Treasury should fast-track the verification of all pending bills of the National Government and implement the pending bills verification report, including hastened settlement of all bills assessed and cleared for payment.*

5.2. Depressed revenue outturn

Paragraph 32 (10) of the Public Finance Management (National Government) Regulations 2015 provides that following the approval of the Budget Policy Statement, the national government entities or agencies shall finalize their estimates for years (N+1), (N+2) and (N+3) by 31st March of the Financial year (N) and submit them to the Cabinet Secretary. Further, Paragraph 34 (a) requires the budget ceiling in the Budget Policy Statement to consider the aggregate resource envelope following the forecast of major revenue and expenditure categories.

Observation: The national government targeted to receive Kshs.4.47 trillion into the Consolidated Fund to finance the budget in FY 2024/25 as per the revised revenue projections. The targeted sources comprised Tax Revenue (Kshs.2.40 trillion), Non-Tax Revenue (Kshs.180.20 billion), Domestic borrowing (Kshs.1.17 trillion), External Loans and Grants (Kshs.718.40 billion) and other Domestic financing (Kshs.8.52 billion). In the first nine months of FY 2024/2025, receipts into the Consolidated Fund amounted to Kshs.2.75 trillion, representing 62 per cent of the revised annual target, which was below the 75 per cent target for the period when prorated quarterly. The receipts included opening balances from FY 2023/2024 (Kshs.1.16 billion), Tax Revenue

(Kshs.1.58 trillion), Non-Tax Revenue (Kshs.122.30 billion), Domestic borrowing (Kshs.731.60 billion), External Loans and Grants (Kshs.314.08 billion), and Other Domestic Financing (Kshs.4.44 billion).

The underperformance in revenues led to constrained government cash flows, contributing significantly to the delays in releasing funds to MDAs and County Governments. Consequently, the CFS and MDAs recorded below-average budget performance during the period under review. The Ministerial development was the most affected, receiving 49 per cent of exchequer issues to revised net estimates and recording an absorption rate of 55 per cent. CFS received and recorded the second lowest exchequer issues to revised net estimates and proportion of actual expenditure in revised estimates at 53 and 58 per cent, respectively. County Governments received 61 per cent of the expected Counties' equitable share of revenues raised nationally. On the other hand, Ministerial recurrent expenditure, which received 70 per cent of exchequer issues to net estimates, recorded an absorption rate of 69 per cent.

Recommendation: *The National Treasury should re-examine the government's fiscal planning by ensuring realistic revenue projections, avoiding ambitious budgets that may exacerbate borrowing. The Government should streamline revenue collections by expanding the tax base and sealing revenue leakages. Deliberate initiatives to improve collections from Appropriations-in-Aid by Ministries, Departments and Agencies, and County Governments may also reduce overreliance on funding from the Consolidated Fund.*

5.3. Reliance on Article 223 of the Constitution to fund the Government's existing Programmes

Article 223 of the Constitution stipulates the requirements for a supplementary appropriation. Paragraph 40 (3) of the Public Finance Management (National Government) Regulations, 2015 outlines the purpose for which approval can be sought for a supplementary budget. These include (a) unforeseen and unavoidable circumstances where no budget provision was made or (b) unavoidable circumstances where there is an existing budgetary provision which, however, is inadequate. Further, Paragraph 40 (4) (a) of the said Regulations clarifies that expenditure that, although known when finalizing the original budget estimates, could not be accommodated within allocations shall not be considered an unforeseen and unavoidable expenditure.

Observation: During the first nine months of FY 2024/2025, the Cabinet Secretary (CS) of the National Treasury granted total approvals of Kshs.48.89 billion for additional funding to MDAS under Article 223 of the Constitution. From these approvals, the Controller of Budget authorized withdrawals of Kshs.42.22 billion from the Consolidated Fund. Scrutiny of the approvals revealed several instances where the reason for additional funding was to support existing government programmes and payment of pending bills, which should have been anticipatable during the budget formulation. For example, the State Department for Roads received additional funding of Kshs.8 billion from the Consolidated Fund and Kshs.4 billion from the Roads Annuity Fund under Article 223 in December 2024, mainly to settle outstanding pending bills. State House also benefited from additional funding that amounted to Kshs.1.16 billion under Article 223 of the Constitution to cater for utilities, rent, local visits, hospitality services, fuel expenses and maintenance of motor vehicles. The State Department for Social Protection and Senior Citizen Affairs accessed Kshs.1.24 billion in a separate instance as additional funding under Article 223, which was loan revenue that the World Bank had already disbursed into a designated project account to cater for the Kenya Social and Economic Inclusion Project (KSEIP), an ongoing project.

Reliance on supplementary budgets to implement existing Government programmes or initiatives breaches Paragraph 40 (4) of the Public Finance Management (National Government) Regulations, 2015 and suggests

potential lapses in the budget formulation process and/ or weaknesses in the budgeting cycle.

Recommendation: *The Controller of Budget recommends adopting good planning and budget practices and sound expenditure management by prioritizing all essential services and aligning them to operational realities.*

5.4. In-year changes in targets for programme outputs

Budget execution entails delivering services by undertaking expenditures within regulatory controls of the law by line Ministries, spending Departments, and Agencies. Controls in budget execution include mechanisms for monitoring actual expenditures and service levels by assessing how they align with actual financial outcomes and planned objectives throughout the implementation period.

Observation: Analysis of non-financial performance revealed in-year changes in the MDAs' output targets approved in the original budget of FY 2024/25. For instance, the State Department for Roads targeted the construction of 945 kilometres of roads in the approved original estimates, which was changed to 717 kilometres of roads as of 31st March 2025. Also, review of the higher education support services programme implemented by the State Department of Higher Education and Research showed that targets for number of GOK students sponsored in public universities (260,450 students), number of GOK students sponsored in private universities (35,800 students), placement in universities (7,100 students) and research projects supported (50 researches) in the original budget were revised to 535,450 students, 67,600 students, 10,000 students and 35 research projects respectively, in the period under review. Further, the State Department for Lands and Physical Planning also revised its key output targets for the land policy and planning programme. The affected outputs included the number of title deeds issued (280,000), the number of landless/quarters settled (8,000) and the number of land parcels geo-referenced (50,000) appearing in the printed estimates, which were revised to 405,000 title deeds, 12,120 quarters settled and 75,000 land parcels geo-referenced respectively for the period under review.

Variation of annual targets over a financial year suggests moving targets, which poses a challenge in performance tracking due to the incomparability of performance at different time intervals in a given year.

Recommendation: *MDAs are advised to set specific, realistic, and achievable goals to assess their activities at the commencement of a financial year. This ensures continuous improvement and alignment of efforts towards strategic objectives. These goals should be the basis for stable targets that provide consistent and predictable measurements of progress.*

5.5. Delays in completion of multi-year projects

Observation: Reviews of MDAs projects' performance indicated general delays in project implementation, which affected the projects' completion rates. For example, the implementation of two projects by the state Department for Roads that began in April 2024 and had a target completion date of April 2025, namely; Mlango-Benon-State Lodge-Sach 3 – Riwo Pri – Store – Mto Mbili Road (10 per cent complete) and Chobe - Kambi George- Weru - Matundura & Muti-ini – Thindi road (13 per cent complete), overstretched their planned completion dates. Besides, the construction of junior secondary classrooms and integrated resource centres across the country (21 per cent complete) by the State Department for Basic Education commenced in July 2021 and has a target completion date of 30th June 2026. Further, four (4) development projects implemented by the State Department for Transport overshot their completion dates. The projects included Development of Nairobi Railway City (completion date of 30th June 2023), Construction of 2.8Km new MGR link from Mombasa SGR Terminus - Miritini SGR station and railway bridge across Makupa causeway (completion date of 30th June

2024), Revitalization of Gilgil - Nyahururu MGR Branch line (completion date of 30th June 2024), Construction of Access Road to Suswa SGR Station and to Maai Mahiu SGR Station (completion date of 30th June 2024).

Recommendation: *MDAs should prioritize the implementation of ongoing projects by freezing the commencement of new projects and taking necessary measures to address project challenges, with a view to fast-tracking the completion of all the affected multi-year projects.*

6. CONCLUSION

This National Government Budget Implementation Review Report sought to provide financial and non-financial information on budget performance for the first nine months of FY 2024/25, covering 1 July 2024 to 31st March 2025. It presents revenue outturn, debt financing, expenditure performance, and budget absorption and discusses key issues affecting overall budget execution.

During the period, the national government budget performance remained resilient despite the interruptions at the start of the financial year following the withdrawal of Finance Bill 2024, which affected revenue generation and budget implementation. The overall budget absorption rate was 62 per cent of the revised gross budget, which was below the target of 75 per cent in the first nine months of FY 2024/25.

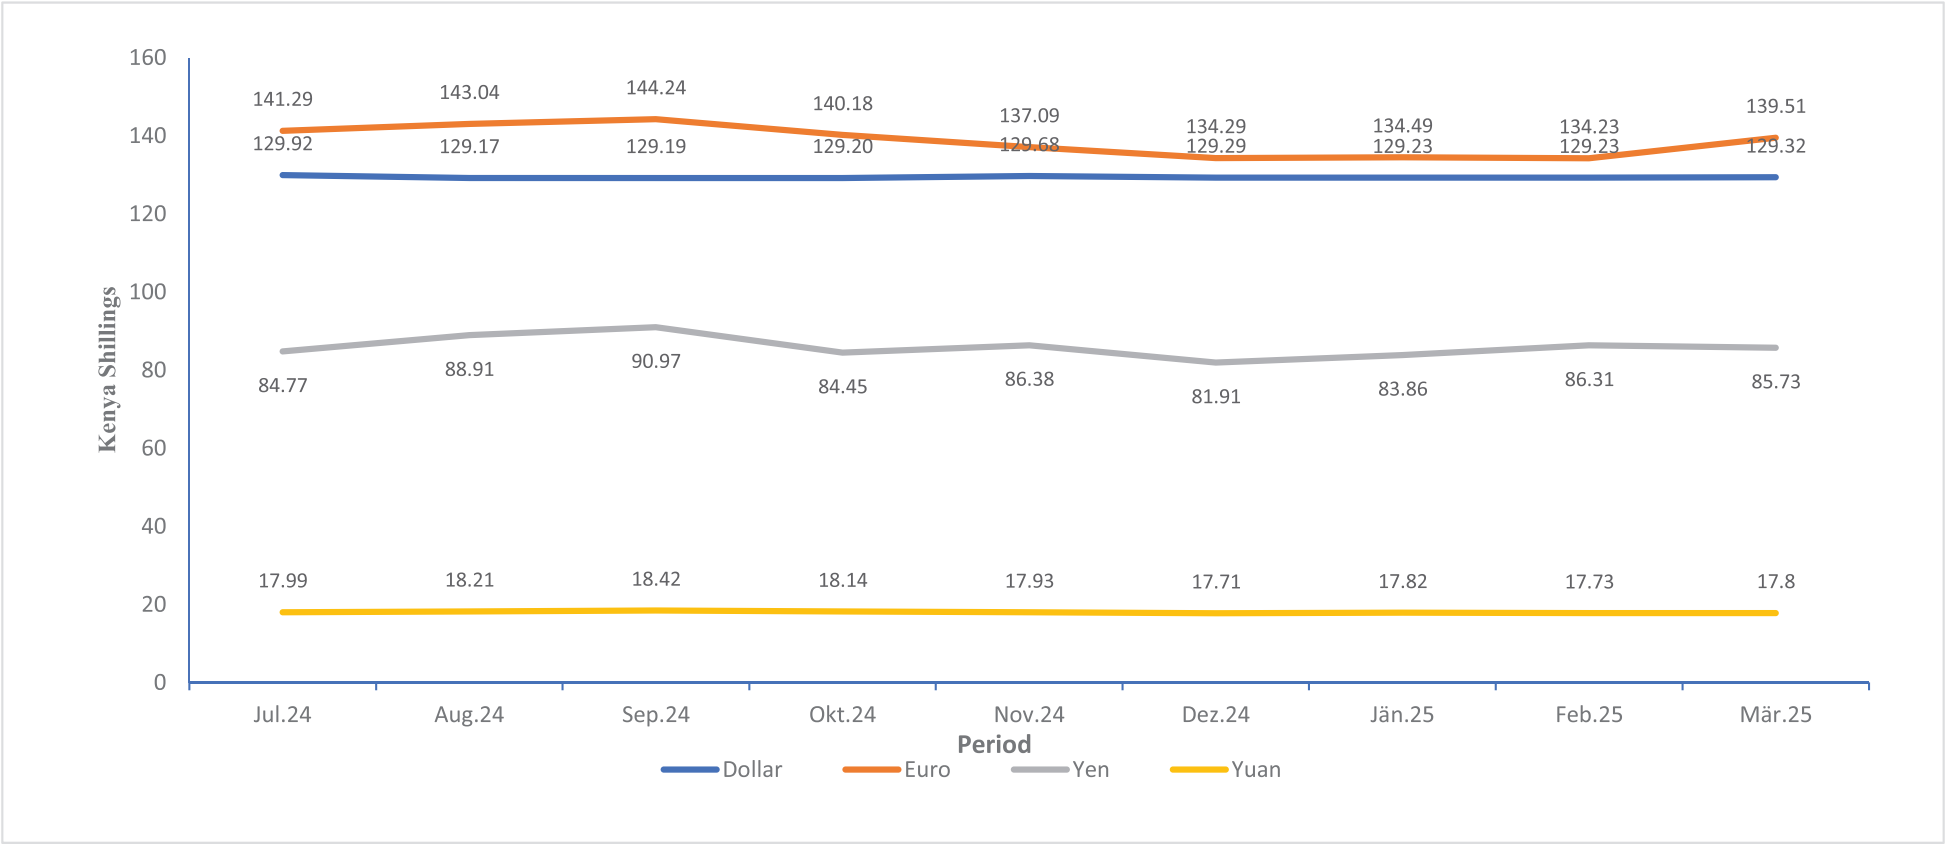

Total receipts into the Consolidated Fund were Kshs.2.75 trillion, representing 62 per cent of the revised annual target. The Controller of Budget approved the withdrawal of Kshs. 2.64 trillion from the Consolidated Fund, representing 59 per cent of the revised net estimates, implying 16 per cent of targeted activities were not funded based on the target of 75 per cent in the first nine months. The exchequer issues comprised Kshs. 170.83 billion for ministerial development expenditure, Kshs. 991.75 billion for ministerial recurrent expenditure, Kshs. 122 trillion for Consolidated Fund Services and Kshs. 255.54 billion as disbursements of equitable share of revenues raised nationally to County Governments.

Gross expenditure for the National Government was Kshs. 2.86 trillion, recording an absorption rate of 62 per cent. This comprised ministerial development expenditure at Kshs.338.18 billion (absorption rate of 55 per cent), ministerial recurrent expenditure at Kshs.1.20 trillion (absorption rate of 70 per cent), and Consolidated Fund Services at Kshs.1.31 trillion (absorption rate of 57 per cent). The development budget recorded the lowest absorption, implying delayed project implementation during the period under review.

The Controller of Budget identified key issues that hampered effective budget implementation and provided recommendations to remedy them in the remaining period of FY 2024/25 and the future. These included the accumulation of huge pending bills, depressed revenue outturn, and irregular reliance on Article 223 of the Constitution to fund existing government programmes and predictable obligations. Other challenges included in-year revisions to programme output targets, which undermined performance tracking and delayed completion of multi-year development projects. The Controller of Budget recommends fast-tracking the verification and settlement of pending bills, adopting more realistic revenue projections to reduce reliance on borrowing, and improving fiscal planning and initiatives to enhance revenue collections from Appropriations-in-Aid. Other remedies include upfront budgeting for known expenditures, setting stable targets at the start of the financial year and prioritizing the completion of ongoing multi-year projects before initiating new projects.
